"On January 13, I left for Trenton on the 2:16 o'clock train. Senator Charles A. Reed was on that train. Among other items of interest to come before the Legislature the next day, discussed, was that of the State treasurership. Mr. Reed did not mention his candidacy or the fact that he had any aspirations for the office. Upon arriving at Trenton I addressed a communication to Mr. Briggs informing him that after careful consideration of his candidacy, and in view of the request of the Plainfield banks and other prominent financial men, I had concluded to support him and he could count on my vote. That same evening I met Mr. Briggs and personally assured him of my support. It was not until the following afternoon that the rumors were heard about the State House that Mr. Briggs' opponent would be Senator Reed.

"That evening, while returning home from Trenton in Mr. Reed's company, I asked him if it was true that he was a candidate for the State treasurership. He told me that he had decided to become an aspirant for the office. I then told Mr. Reed of my position. He knew from the start he could not depend on me for any support. I regretted the situation very much, because my relations with the Senator have always been cordial and pleasant. But I could not see how I could stultify myself by violating a pledge given after mature deliberataion and with the idea of benefitting the local institutions, at a sacrifice to friendship.

"The talk about the local banks suffering by reason of the defeat of Senator Reed is unfounded, as on the following day, January 14, both banks were remembered in the allotment of State funds as State depositories with the prospects of receiving more in

ST. MARY'S NINE WAKING UP

WILL ARRANGE PRELIMINARY ORGANIZATION SUNDAY.

Last Year's Team Will be Retained Almost Entire—Under the Same Management.

The St. Mary Athletic and Literary Association will assemble in T. A. B. Hall, Sunday afternoon, for the purpose of arranging the preliminary plans for the organization's baseball team.

One of the officials declared yesterday that there will be little change from last season's team, with the exception of the outfield. Lawrence Doyle will undoubtedly be signed as leading pitcher, having given entire satisfaction last summer, and he will be caught again by Joseph Barry. There was some rumor of George Keene, the crack third baseman, signing with an out of town club, but he says he will not not leave the St. Mary team.

Others of last summer's players who will be retained are Fred Winn, Captain Thomas Mack, George Taylor and Harry Shannon. Thomas O'Keefe will be one of the reserve pitchers.

The management of the team will be in the same hands. James Monahan will be retained as manager and Thomas Comerford will arrange the schedule.

CAPTURED AFTER HURDLE RACE

PATROLMAN HIGGINS ARRESTED HIS MAN IN SOMEWHAT UNUSUAL WAY.

West End Was Treated to a Highly Sensational Arrest Yesterday Afternoon.

Picket fences and small sheds were no barrier to Patrolman Higgins' progress when he started after a fleeing prisoner yesterday afternoon. He leaped over twelve of the former and three of the latter while pursuing Henry Kelso, colored, who was dodging about Boulevard back yards. The slayer of dogs and the emulator of Carrie Nation stopped for nothing and when Kelso gave up from sheer exhaustion, the popular patrolman was barely ruffled and ready for a 300 yard dash, straight away.

Kelso had been making a nuisance of himself along West Third street, during the afternoon and finally went to sleep on a front porch. Complaint was made to Patrolman Higgins but when he started after his quarry, Kelso showed surprising agility for a man supposed to be drunk. Higgins was a close second and the impromptu hurdle race began, with a score of interested Boulevard residents bringing up the rear. Kelso's familarity with the ground stood him in good stead but his sprinting abilities were far below those of his pursuer. When he saw it was no go he assumed the drunken role and pretended to be in the last stages of intoxication. He was escorted to police headquarters just the same, the start being made with cheers from the crowd for his captor.

In the city court this morning, Kelso pleaded guilty to the charge of attempting to evade arrest and also that of intoxication. His part in the steeplechase cost him $5.

HOUSE TOO COLD.

That Caused the Tenant to Depart and a Suit Over the Rent Followed.

A landlord and tenant case brought by J. P. Emmons, as agent for Augustus J. Brunson, against George DeWitt Herring and Foster Opdyke, practicing ostepathists, as sureties on a lease of the premises at the corner of Ninth street and Crescent avenue, was heard in Justice Nash's court, yesterday afternoon. W. S. Angleman appeared for the plaintiff, while H. C. Runyon represented the defendants.

Composing the jury were: U. B. Crane, John Manley, George R. Rockfellow, Robert Mattis, James Forestell, Henry Mallinson, John Green, William Day, John Conners, Leslie Marsh, J. Garvey and Adam Seader.

The defense was that the lessor had not fulfilled the terms of the agreement in having failed to install a heater, while the plaintiff declared that this breach was due to the fact that the lessee prevented the introduction of the heater. Mrs. Culberson vacated the premises during the term of the lease. The amount of rent claimed, $55, was awarded by the jury.

Miss Ella Fenner, of Raritan, has been visiting relatives at Plainfield.

Mr. and Mrs. Fitch, of Westfield, have been visiting relatives in this city for a short time.

SWEENEY WAS FOUND GUILTY

Testimony of Counsellor McClure Was a Determining Factor in the Case.

TRIAL HELD YESTERDAY

Jury Brought in a Verdict Yesterday Afternoon — Charge Was That of Embezzlement—R. M. Clark Appeared for Sweeney —The Witnesses Called.

(Special to The Daily Press.)

Elizabeth, Feb. 14—After an all-day trial in the Court of Quarter Sessions, yesterday, William Sweeney, the former Plainfield law student, was found guilty of embezzlement of $121.01 from Arthur A. Stryker. In announcing the verdict arrived at by the jury, Judge Vail declared the young man's conviction was brought about through the testimony of Counsellor William K. McClure, in whose office Sweeney studied for four years.

Prosecutor N. C. J. English for the State called the following witnesses: A. A. Stryker, the complainant; William Aspinall, Stryker's tenant who paid the money to Sweeney alleged to have been embezzled; and Counsellor McClure. Counsellor Robert M. Clark for the defense placed but two witnesses on the stand, Sweeney and Clarence B. Vail, a clerk in the First National Bank at Plainfield.

At one period Prosecutor English was about to rest his side when he was advised by Judge Vail to continue and prove his allegations. This led to a twenty minute conference which will result in Counsellor Clark's applying for a writ of error as soon as his client is sentenced.

The testimony offered by Stryker and Sweeney, the principal witnesses, conflicted to such an extent that a dismissal would have resulted. It was then that Counsellor McClure gave evidence which changed the situation. The jury, however, in bringing in a conviction, recommended mercy.

It thought sentence will be pronounced in the case inside of a week.

Under the terms of the law, Sweeney can be sent to either the State prison or the Rahway reformatory, although he is not of age. The recommenadtion for mercy may, however, secure for him only a fine or a suspension of sentence.

MEDAL FOR DRILL.

Will be Given for Best Work in City High School Cadets.

The handsome gold medal, which J. D. Macuab, commandant of the Plainfield High School battalion, has offered in drilling, was exhibited to the cadets today. It is intended to be awarded at the close of the school year to the cadet who has shown the greatest proficiency in tactics. The medal is about an inch and a half in diameter and is in the shape of a maltese cross. Upon it are the letters "P. H. S. C." and around the centre circle "military medal." The figures "02" are in the centre. The colors are those of the school, red and blue. Surrounding the cross is a wreath.

LUNCH-BOX SOCIAL.

Given by Members of a Sunday-School Class at Grace M. E. Church.

A delightful lunch-box social was given at the home of Miss Emma Smalley, of Manning avenue, last evening. The affair was arranged by the members of her Sunday-school class in Grace M. E. church, and was for the purpose of raising part of the sum pledged by the class towards the liquidation of the church debt.

In all there were sixty persons present and an enjoyable time was had. Music and games were the features, although the lunch box refreshments were not neglected. A neat sum was realized by the affair.

More Details Later.

The Gesang and Turn Verein, at its regular monthly meeting last evening, admitted three candidates to membership and received one proposition. A report was made by the masquerade ball committee but a more definite statement regarding the success of the affair will be filed later.

Fish Wagon Broke Down.

A fish wagon belonging to Jacob See, of West Third street, broke down on Grant avenue, yesterday afternoon. The load of deep sea denizens was scattered about the roadway.

WHAT PEOPLE ARE DOING

SOME BRIEF PARAGRAPHS OF A PERSONAL NATURE.

Many Folk of Greater Plainfield Are Entertaining or Being Entertained.

Mrs. Lewis Willett, of West Front street, has been quite ill for the past week.

Mrs. L. W. Randolph, of Washington Park, has recovered from a recent illness.

Miss Pouline Denton, of Washington avenue, is visiting relatives at Dunellen.

Edward Vail, of Elmwood place, has returned from a visit to an uncle who is ill at Rahway.

John Butscher, of West Fourth street, who is confined with diphtheria, seems to be improving slowly.

Mrs. Lindsey Woolley and daughter, Miss Helen Woolley, of Plainfield avenue, are visiting relatives at Manasquan.

Abner Dunn, of the Babcock building, who is at the hospital under treatment, is reported to be slightly improved.

Miss Minnie Wood, of Franklin place, who has been stopping in New York, at the Waldorf-Astoria, has returned home.

Miss Sadie Brown, of New York, who has been visiting the Misses Blimm, of Somerset street, has returned home.

Mrs. Charles Matthews, of Grove street, has entirely recovered from a long and tedious illness, and is able to take short walks.

Mrs. Isabel Milne, of Willow avenue, is detained at home the result of injuries received by a recent fall while walking on the street.

Elliott T. Barrows, of West Eighth street, who fractured his leg recently, is resting more comfortably. He progresses slowly but surely.

Mrs. J. H. McVey, of North avenue, has received word that her brother, who is ill in a hospital in Buffalo, is much better. His wife, who is also ill, is improving.

The young son of Mr. and Mrs. Edward Campbell, of Park avenue, has nearly recovered from an attack of scarlet fever. The other cases of scarlet fever in the vicinity of Oak Tree are also nearing complete recovery.

Winslow Carson, of East Front street, who was called home from Bridgeport, Conn., on account of the illness and death of his three children, has returned to the latter place. His one remaining child is improving from an attack of scarlet fever.

THEATRICAL.

William Collier returned to the Madison Square Theatre Monday night with "On the Quiet," Augustus Thomas' most enjoyable comedy, which for six months last season was the laughing success of the metropolis at this same theatre. The play seems to have been the gainer during its absence in that there have been added a number of new lines which are sparkling and the situations are, if possible, more laughable than when the comedy was originally presented. Collier himself is inimitable. In his own particular line it it is doubtful if he has a superior on the stage. William Winter, the dean of the New York dramatic critics, said in The Tribune Tuesday morning: "The ludicrous complications resultant from a secret marriage between an impatient collegian and a runaway heiress were again found to be interesting and laughable, and Mr. Collier's demure and ingenuous demeanor, dry, involuntary humor were again observed as excellent qualifications of an eccentric comedian. Much of the art of Mr. Collier consists in his faculty for sustaining imperturable gravity under circumstances most ludicrous, and Mr. Thomas provided him with a play in which this faculty can be employed to advantage." The mission of "On the Quiet" is simply to promote healthy laughter and this, in the hands of Mr. Collier, it accomplishes to perfection. There isn't a dull moment from the first curtain until the last one. "On the Quiet" and William Collier will remain at the Madison Square theatre for many weeks to come.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily," You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. L. W. Randolph.

A Few Interesting Items Concerning Greater Plainfield's Merchants

New life and vigor is given to the hair by E. S. F. Randolph's Glyco-Balsam Hair Tonic. It is just the thing for diseased scalps and dandruff.

In a short time W. H. Sebring, the clothier, will be in his new store in Park avenue. Just now he is busily engaged selling his winter stock of men's and boys' clothing at very low prices.

It takes a woman to know the full value of lace and embroidery, and when the women look at the goods to be found at Peck's there is no room for argument. The goods are the finest in the market and allow an extensive selection.

The Rogers Sea Food Company has inaugurated a series of special sales to take place on Saturdays. On these days the firm will offer some decided bargains in every variety of sea food. Call at the store tomorrow and have prices quoted.

There are two direct beneficial results from wearing good shoes, such as the Waldorf make. There's a saving to the pocket book and to the physical condition. You'll never be troubled by wet feet. Waldorf Shoe store, North avenue.

Collier, the Park avenue jeweller and optician, has had years of experience in both lines of work. He charges nothing for examination of eyes and will adjust proper glasses where needed. The proper care of the optics now may save the sight later.

"Equal rights to all and special privileges to none," says Frederick Firstbrook, the Liberty street grocer, "is the motto responsible for my large trade. The retailer gets a discount by paying cash for his goods and the consumer should get a dicsount from the retailer for cash purchases, to be perfectly fair. This I can bring about by giving trading stamps, which draw valuable premiums."

TEA TABLE TALK.

Short Sketches That Are Not Always News, But Just as Interesting.

The passenger trains on the New Jersey Central are making better time these days and some commuters find it difficult to catch them. Heretofore, the commuters have been allowing themselves little time, believing that their train would be late. Now it is necessary to be on time if one would catch his train.

A business man of the city having a reputation for shrewdness stood before a store window the other day closely scrutinizing a large variety of trousers on display. His eyes caught the figure 147 conspicuously exhibited over the goods. After pondering for a few moments he entered the store, and, it is said, ordered two pairs of those trousers. After the bundle was handed to him he counted out $2.94 and handed the money to the clerk. "Is this on account?", said the man behind the counter. "Eh?" responded the customer. Then suddenly turning on his heel, he rushed out of the store and gazed at the sign again. Here is what it said "147 Varieties." After the matter was explained the shrewd business man departed, and it is said that he is wearing his old pair of trousers yet.

No matter what dish he may be sampling, there is a certain boroughite who refuses absolutely to pass his opinion upon the quality of the food. He has learned the lesson by bitter experience. This is the story he tells: "Some years ago, I was paying high prices for butter, and I happened to strike a place where the article was sold at a low figure. I bought a large quantity of it and my wife was much pleased. Frequently I praised up the stuff and congratulated myself on my good fortune. Subsequently the merchant was arrested for selling oleo margerine, and forthwith I requested my wife to feed that truck to the chickens. She didn't eat butter, and when at the next meal I partook of some, unfortunately I remarked that there was a vast difference in the taste. After three weeks had elapsed, the supply was exhausted, and I told my wife to order some more. 'I can't,' said she, 'the merchant has been arrested.' It was only then that I discovered that oleomargerine had been fed to me all that time. No sir, I'll not pass an opinion on butter."

—Mr. and Mrs. Henry VanMiddlesworth, of Plainfield avenue, will change their residence April 1. They have not yet decided where they will live.

WHAT OTHERS SAY.

Clippings From Other Newspapers Which May be of Interest to Plainfield and Its Citizens.

The friends of Senator Reed in this county are greatly disappointed over his defeat in caucus, by a single vote, for State treasurer. On the other hand, Senator Thompson's friends are not noticeably shedding any great volume of tears over the result and have already, in their minds, nominated and elected the next Senator and Surrogate. Senator Reed, it is said, had the unqualified promise of the votes of several of the members who, when the rub came, supported the other fellow. If this is shown to be true it will cause a severe shock to the moral sense of the community, as it was generally presumed that a Republican statesman, like the Father of our Country, was incapable of telling a lie.—Somerset Messenger.

A bill has been introduced in the Legislature by Mr. Holman, of Ocean county, abolishihg spring elections in the townships. This bill, coming from a county in which there are no large cities, shows the sentiment of the rural, south Jersey districts, with reference to spring elections. It will be remembered that last year, after the Meeker bill had been enacted abolishing spring elections in the cities, a movement almost instantly followed looking to their abolition in the towns and townships. Then the question of the constitutionality of the Meeker act arose, and the State waited to see the outcome. The merger was sustained by the Court of Errors and Appeals, and now the townships are coming to the front, asking to be relieved from the burden and expense of two elections every year.—Elizabeth Journal.

LITERARY.

Mr. Marconi has written for the March Century a prefatory note authenticating an article on his work to appear in that number from the pen of P. T. McGrath, editor of the Evening Herald, St. John's, Newfoundland, prepared from frequent interviews with Mr. Marconi during the inventor's three weeks' stay in that city. The same number will contain the first full account by Dr. Albert P. Mathews, of the Chicago University, of his recently announced discoveries in "The Nature of Nerve Force." The Century announces that it will publish during the present year a number of other curious and important articles in the field of popular science.

SENSATION IN PEKING.

Anglo-Japanese Treaty Approved by Chinese Officials.

PEKING, Feb. 14.—The Anglo-Japanese alliance has become generally known here and has created a profound sensation.

Those British and Japanese residents of Peking whose opinions are worthy of consideration believe the alliance insures peace and will effectually check the dismemberment schemes of the other powers.

The chief objection raised by the diplomats of opposing interests is found in the clause of the alliance which contemplates possible intervention in the event of internal disturbances in China or Korea. These diplomats are telling the Chinese officials that the new treaty amounts to an attempt to establish an Anglo-Japanese protectorate which threatens China's independence.

Chinese officials, including Prince Ching, the president of the foreign office, professes hearty approval of the treaty. Prince Ching has announced that he will not further discuss the Russo-Chinese bank agreement with the Russian agents.

The Chinese foreign office gave the customary New Year's luncheon to the diplomats here. Prince Ching presided at the table. Baron Czikann von Wahlborn, the Austrian minister, sat on the right of Prince Ching, while Mr. Conger, the American representative, occupied a seat on his left. The Austrian minister toasted the Chinese emperor, while Mr. Conger toasted the Chinese officials. The toasts were responded to by Prince Ching.

Japan Delighted.

YOKOHAMA, Feb. 14.—The press here gives vent to unmixed pleasure at the conclusion of the agreement with Great Britain which secures for Japan admission to the comity of great nations. The press also recognizes that the agreement imposes heavy responsibilities and that Japan must not fall into the error of supposing that peace will be assured without further effort. Several of the papers comment upon the extraordinary fact that the leading world power abandons its policy of splendid isolation openly to clasp hands with Japan. The Nichinichi Shimbun says that the union of the strongest military power in the east with the greatest naval power in the world constitutes an invincible force.

Methodist Book Concern's Dividend.

CINCINNATI, Feb. 14.—At yesterday's session of the Methodist Book Concern a dividend of $50,000 was declared from the net profits of the publishing houses, to be distributed among the annual conferences. The annual reports showed the following: Eastern publishing house, assets, $2,008,411; liabilities, $262,927; net, $1,745,484; western publishing house, assets, $1,615,710; liabilities, $110,134; net, $1,505,576; profits, eastern, $107,000; western, $127,733; sales, eastern, $924,300; western, $1,146,447. The subcommittees were in session until late last night, and all expect to report to the general committee today.

Jury Acted Quickly.

NEWPORT NEWS, Va., Feb. 14.—The jury in the case of C. Aylett Ashby, the lawyer, charged with the murder of City Engineer Edward A. Marye, brought in a verdict of acquittal. It took the jury only eight minutes to reach this conclusion, just long enough to get from the courtroom to the jury-room and poll the jury and get back to their seats. In spite of the judge's admonition to the contrary, there was an outburst of applause on the part of the spectators.

Revisionists' Work Unfinished.

PHILADELPHIA, Feb. 14.—The Presbyterian revision committee adjourned yesterday after adopting article 5 of the brief statement of faith for popular use and will again meet in Washington on April 9. The article adopted touches on sin, and it was productive of a protracted debate. No time was left for the further consideration of article 3 on eternal purpose, which had been partly reviewed at a previous session.

An Actor Missing.

OMAHA, Neb., Feb. 14.—J. W. Cope, who has been playing with the "Arizona" company, disappeared after the matinee at Sioux City Wednesday and has not been seen since. The company has arrived in this city, and much anxiety is felt for his safety. Mr. Cope had several hundred dollars with him when last seen, and robbery and foul play is suspected. The police have been asked to assist in locating the missing man.

Dady May Yet Be Called.

ALBANY, N. Y., Feb. 14.—Governor Odell states that he has given the attorneys in the Sheriff Guden case until Monday next to file briefs. The attorneys when the hearing closed a week ago stipulated to file them yesterday. The testimony taken was so voluminous that they were unable to do so. The governor has not decided as to whether he will call Michael J. Dady to testify.

A President's Grandson Cremated.

CINCINNATI, Feb. 14.—The body of a grandson of a president of the United States has been reduced to ashes at the crematory in this city. The child was the son of Rutherford Platt Hayes and bore the name of its illustrious grandfather. Mr. Hayes brought the body from Asheville, N. C., but the mother was too ill to be present.

First Train Over New Route.

SANTA FE, N. M., Feb. 14.—The first through trains were run yesterday over the El Paso and Southwestern railroad between Deming, N. M., and Bisbee, Ariz. The road was built to carry fuel and ore to the smelters at Clifton, Bisbee and Nacozari. The road is 125 miles long.

THE DANGER PASSED

Great Improvement In Young Roosevelt's Condition.

PRESIDENT RETURNS TO WASHINGTON

Mrs. Roosevelt Bearing Up Well Under Her Long Vigil—Miss Alice Leaves the Capital Today For Groton.

GROTON, Mass., Feb. 14.—The most eventful day at the Groton school during all the time Theodore Roosevelt, Jr., has been ill closed with the departure of President Roosevelt for Washington late yesterday afternoon. Before that the president in the homely phrase, "Ted has improved with such rapid jumps that I am sure he is out of the woods," had told to the world of the load lifted from his mind.

The day was full of happiness for the president and Mrs. Roosevelt and, in fact, for all who were at the infirmary or near the school grounds. The first report from the bedside of Master Roosevelt showed that he had passed a good night and that after the morning examination by Drs. Lambert and Warren it was announced that the boy's condition was progressing favorably. The report said that the lungs were clearing well, although the patient was still in the second stage of pleuropneumonia, known to medical men as the stage of exudation.

Later in the day Dr. Warren stated in answer to inquiries that the patient's temperature, respiration and pulse were normal, a decided contrast to his condition the past few days. The boy rested well all day, although his pulse was somewhat accelerated for a short period in the afternoon by reason of the departure of his father.

The president passed a very quiet day. After visiting his son he spent most of the time at the Gardner mansion transacting official business. Before lunch he called on the other patients, the Gammell and Potter boys, and cheered them up with his kindly greetings. Then he proceeded to the Powell cottage and held a brief reception with the newspaper men who had made that place their headquarters.

The president feelingly thanked them for a gift of flowers to Mrs. Roosevelt and for their courtesy to him and his family during the trying days that have so happily ended. The remainder of his stay was with Mrs. Roosevelt and his son.

At 4:15 p. m., accompanied by Mr. Cortelyou, Mr. Barnes, the executive clerk; Principal Peabody of the school and two secret service officers, the president left in a carriage for Groton village station. A special train was in readiness there to take the party to Worcester. Many people had gathered at the station, and to their cheers he doffed his hat. He also bade farewell to the newspaper men grouped at his platform. At 4:30 the train left.

Mrs. Roosevelt kept indoors nearly all day, her only taste of the cool, bracing air being during her walk from the Gardner house to the infirmary. She has borne up well under the strain to her nervous system. She will be relieved somewhat during the next few days by Miss Alice Roosevelt, who will leave Washington this afternoon for Groton to be with her mother. Mrs. Roosevelt hopes to remove Theodore junior to the White House within ten days.

Transcontinental Telephone.

SPOKANE, Wash., Feb. 14.—The closing of the last gap between the telephone systems of the eastern and western states is promised by the Rocky Mountain Bell Telephone company for 1903. Superintendent Harry Somers says: "We are planning to build as far east as Miles City, Mon., this year, but I fear we cannot close the gap this season. Next year we expect to build to the Montana-Dakota line and connect there with the Northeastern for St. Paul and eastern points. This will give a through line along the Northern Pacific to the coast."

A Big Trolley Project.

NEW YORK, Feb. 14.—A trolley deal was perfected at a meeting of capitalists in this city, and steps were taken in which the New York, New Haven and Hartford railroad will be paralleled from southern Connecticut to Hartford by a trolley system under a single management. It is understood to be the purpose of this concern to acquire a trolley line, with unbroken connections, from New York to Boston, with branch lines to various points along the route.

Aged Man Murdered.

FALL RIVER, Mass., Feb. 14.—Peleg Cornell, seventy years old, who lived alone in a house near Little Compton, R. I., was found murdered there. His throat had been cut with a butcher knife and his skull crushed with an ax. The supposition is that persons searching for the old man's money, which he was known to have, killed him during a fight.

Dr. Million Dying.

SPRINGFIELD, Ill., Feb. 14.—Dr. John L. Million is dying at his home in this city from a complication of heart disease, kidney disease and pneumonia. He was twice appointed pension commissioner by President Cleveland, reappointed by McKinley and still holds that office. He was surgeon of General John A. Logan's regiment, the Thirty-first Illinois.

Suspended Member Must Apologize.

LONDON, Feb. 14.—The house of commons, under closure, by a vote of 261 to 168 has adopted that one of Mr. Balfour's new rules of procedure to which there had been the most opposition. This rule requires that a suspended member shall apologize to the house.

SCHOOL SITES FOUND

Officials From France Choose Pittsburg and New York.

INSTITUTIONS TO BE AMONG FINEST.

French Government Will Establish a School of Political Science and One For Education of Engineers In This Country.

PITTSBURG, Feb. 14.—"Pittsburg will get the new school for the education of engineers to be established in the United States by the French government. The French school of political science will be located in New York city. I have recommended the latter to my government and will recommend immediately that the school for engineers be established in Pittsburg."

The above statement was made by M. Lazare Weiller, chief councilor of the foreign board of trade of France. M. Weiller and M. Maurice de Lagotellerie, the two French commissioners, arrived in Pittsburg yesterday and spent the morning by appointment in conference with H. C. Frick, who is much interested in the proposed school. Another conference will be held today, and the commissioners will leave for Chicago in the evening. While the commissioners have not announced it officially, it is probable that the site selected for the school is the tract of land recently purchased by Mr. Frick opposite Carnegie institute. M. Weiller said:

"The decision to locate here was reached after the conference with Mr. Frick, who, together with Mr. George Westinghouse, has promised cordial support and patronage for the school. The school of political science in New York will have the patronage of J. Pierpont Morgan and Charles M. Schwab, both of whom have given me this assurance.

"My government will own and control all the schools it establishes in this country. They will be among the finest in America.

"Besides Pittsburg and Philadelphia, Chicago was also suggested by my government for the site of the engineers' school, but the selection of Pittsburg, which I shall recommend to the government, will undoubtedly be the one chosen.

"We are much pleased with Pittsburg. Truly it is the greatest industrial city in the world. There appears on the surface to be more actual business enterprise here than any place I have visited in my life."

To Fight Raines Law Hotels.

NEW YORK, Feb. 14.—A tacit understanding has been reached between official and semiofficial bodies in this city to fight the so called Raines law hotels. This announcement is made by the Rev. Dr. C. H. Parkhurst, who says a plan has been arranged whereby the state excise board, the district attorney's men, the city police, the Society For the Prevention of Crime and the Society For the Suppression of Vice are to work together to this end. Dr. Parkhurst said last night that the concerted movement has nothing to do with Sunday selling at present, but to move against saloon keepers who either flagrantly violate the Raines law or disregard many of its provisions.

Shore Drill at Guantanamo.

SANTIAGO, Cuba, Feb. 14.—The officers and men of the United States battleships Kearsarge, Massachusetts, Alabama and Indiana, under the command of Rear Admiral Francis J. Higginson, commander in chief of the north Atlantic station, are working hard at shore drill at Guantanamo. The squadron is also having target practice day and night with the light and heavy guns. The shore drill includes landing with field guns, dragging these over the mountains and practice at the rapid building of intrenchments.

Sudden Grief Causes Death.

BETHLEHEM, Pa., Feb. 14.—Captain Robert A. Abbott, president of the Jefferson Coal company, died yesterday from shock consequent to the death of two grandchildren within thirty hours of scarlet fever. He was seventy years old and while leading his company at the battle of Antietam had his lower jaw shot away. He was prominently connected before and after the war in anthracite coal mining with his relative, Asa Packer, founder of Lehigh university.

Charged With Arson.

UTICA, N. Y., Feb. 14.—David Thompson of Oswego, aged fifty-five years, custodian of the Columbia Street theater of this city for Wallace & Gilmore of Oswego, proprietors, has been arrested on a charge of arson in the first degree in having set fire to the Maennerchor building in which the theater was and which was destroyed by fire early Wednesday morning, entailing a money loss of $50,000 and the death of one man.

Wrecked by Broken Rail.

TOLEDO, O., Feb. 14.—The Pennsylvania vestibuled train due here at 5:35 a. m. was wrecked at Helena, some twenty-five miles east of Toledo. A rail broke under the engine, derailing the rest of the train, the baggage car turning over. There were no fatalities. Several were seriously bruised and cut.

President Polk's Cousin Dead.

KANSAS CITY, Mo., Feb. 14.—Colonel John A. Polk, aged eighty-two, a cousin of President James K. Polk and doorkeeper of the house during President Cleveland's administration, is dead in this city. Colonel Polk was in the commissary department of the Confederate army during the civil war.

THE WEAVERS' STRIKE.

Providence Hands Have No Grievance, Says President Ayer.

PROVIDENCE, R. I., Feb. 14.—No material change marks the strike of the weavers at the mills of the American Woolen company at Olneyville. All departments save that of weaving in the mills are in operation.

In an interview with Treasurer Wood of the company in Boston he said in answer to a question as to whether there was any likelihood of an early change: "There will be no more pyrotechnics. The mills at Olneyville were built to run, and they will be run. That is all that I care to say."

Frederick Ayer, president of the company, made the following statement:

"The weavers in the company's mills in Providence have no grievance. The mask has dropped. This is not a two loom issue at all. The weavers for eight years have worked that way comfortably and without complaint. The real issue, in my opinion, is whether a body of men without legal organization who call themselves the Textile union shall manage the business of the American Woolen company. This cannot be permitted."

Beyond these statements the officials of the company declared there would be nothing more said on the matter by them.

The Olympia at New York.

NEW YORK, Feb. 14.—The United States protected cruiser Olympia, Captain Henry W. Lyon commanding, has come into the harbor from Boston and rests at anchor at the man-o'-war anchorage off Tompkinsville, Staten Island. The Olympia comes here to participate in the naval reception of Prince Henry of Prussia, after which she will proceed south to become the flagship of Rear Admiral Francis J. Higginson, commanding the north Atlantic squadron, now in West Indian waters. The Olympia, the famous flagship of Admiral Dewey in the Manila Bay fight, has been at the Charlestown navy yard at Boston for two years, in which time she has been completely refitted, overhauled and modernized at a total cost of $400,000.

Indian Appropriations.

WASHINGTON, Feb. 14.—The Indian appropriation bill just completed carries $8,844,500. The item for support of schools is $3,247,920; for fulfilling treaty stipulations, $2,102,157. The Dawes commission is reduced in membership from four to three, as its work will be completed in two years. Among the general provisions is one forbidding the withholding of rations because of attendance at a nongovernment school; also requiring Indian Territory judges to reside at Muskogee. The bill omits the usual appropriation for an Indian school at Grand Junction, Colo., owing to a local controversy.

The Islands Gain Nothing.

ST. THOMAS, Danish West Indies, Feb. 14.—The Tidende comments as follows on the Danish West Indies treaty: "There is nothing advantageous in it for the islands. The general feeling is one of utter disappointment. There is not a solitary line in the document promising better times, and it is perfectly silent on vital points which it is necessary to know in order to allay the fears and anxiety as to the future commercial status of the islands with the world. What adequate compensation is offered for shutting off the islands from their sole resource—a free harbor?"

Investigating Eddyism.

BERLIN, Feb. 14.—Emperor William's recent conversations concerning Christian Science and spiritualism seem about to bear fruit. The police authorities here, on the emperor's orders, will undertake an investigation of "Eddyism" to secure material for issuing a public warning in the matter. Emperor William has also directed that inquiry be made among prominent scholars regarding their views of spiritualism.

Crazy Snake Causing Alarm.

GUTHRIE, Okla., Feb. 14.—A report from Wetumka, in the Creek Nation, says there is great excitement there regarding the movements of Crazy Snake and his band, who are organized in squads of twenty-five and heavily armed. These Indians are expected to make trouble at any time.

Professor Washington Chosen.

LINCOLN, Neb., Feb. 14.—The selection of Booker T. Washington as commencement day orator for the University of Nebraska next June is announced by Chancellor Andrews. The invitation was sent Mr. Washington by the faculty, and his acceptance was received four days ago.

Dock Laborers at Triest Strike.

TRIEST, Feb. 14.—Five thousand laborers on the docks here struck in sympathy with the firemen employed by the Lloyd Austriaco, who are now out. Several collisions with the police have occurred, and numerous arrests followed. Troops are arriving here to maintain order.

American Blast Furnace In Germany

BERLIN, Feb. 14.—The first American blast furnace in Germany, with an automatic charging apparatus, has been started in Silesia.

Italians to Buy Washington Estate.

ROME, Feb. 14.—The government has appropriated £36,000 for the purchase of an Italian embassy at Washington.

CONDENSED DISPATCHES.

The Colombian government fleet put to flight the insurgent warship Padilla.

Woman suffragists at Washington discussed measures for furthering their movement.

At Kimball, S. D., fire destroyed half a block of business houses, involving a loss of $50,000.

SEVEN INDICTED.

New York Grand Jury Reports on Subway Explosion Cases.

NEW YORK, Feb. 14.—Seven men have been indicted by the grand jury for the rapid transit subway explosion which resulted in the deaths of seven persons, the injuring of scores of others and an extensive destruction of property. Those indicted are:

George E. Murray, superintendent of the bureau of combustibles, charged with neglect of duty and misdemeanor; Inspector Smith of the bureau of combustibles, charged with neglect of duty and misdemeanor; Ira A. Shaler, subcontractor, manslaughter in the first degree and misdemeanor; Ernest Matheson, engineer in charge of the magazine, manslaughter in the first degree and misdemeanor; James E. Bracken, foreman of the blasting gang, manslaughter in the first degree, and misdemeanor; Charles G. Frazer, tunnel engineer, misdemeanor; Moses Epps, powder man, manslaughter.

Big Fire In Geneva, N. Y.

GENEVA, N. Y., Feb. 14.—Geneva suffered by a one hundred thousand dollar fire last night. It broke out in the Y. M. C. A. building at 6 o'clock, and in ten minutes the big building was a mass of flames. The fire started in the basement, and in a few minutes it had spread throughout the building, a four story brick structure. Thirty boys who were in the gymnasium on the top floor escaped in their gymnasium suits down the ladders. Two young ladies employed by M. H. Harmon & Co., nurserymen, escaped on the roof to the next building. A brisk northwest wind fanned the flames, and nothing but a fire wall prevented the fire from spreading to the adjacent property.

New York Manufactures.

WASHINGTON, Feb. 14.—The census bureau has issued a preliminary report on manufacturing industries of New York state, showing a total capital of $1,679,966,515 invested in these industries, an increase of 49 per cent. The total value of the products, including custom work and repairing in 1900, was $2,175,766,900, an increase of 27 per cent since 1890. Other figures for the state follow: Number of establishments, 78,659, increase 20 per cent; wage earners, average number 849,033, increase 13 per cent; total wages, $408,864,952, increase 10 per cent; miscellaneous expenses, $221,889,171, increase 82 per cent; cost of materials used, $1,143,803,833, increase 31 per cent.

German Hogs Ousted by American.

BERLIN, Feb. 14.—The Association of German Swine Breeders, which is assembled here, has discussed the scarcity of fat hogs suitable for butchering. The general secretary of the association, Herr Burkhardt, explained that the unrestrained importation of American bacon and lard was completely ruining the German fattening business and making Germany entirely dependent upon the hog markets of the United States. Herr Burkhardt also said that the United States was dictating prices and that the remedy was to make the German hog markets independent of American competition.

Illinois Democrats Do Atlanta.

ATLANTA, Ga., Feb. 14.—The Cook County Democracy, after a day of marching, feasting and oratory, returned to their special train late last night and left here early this morning for Chattanooga. The club arrived in Atlanta at 1:30 p. m. Escorted by a platoon of police, a local marching club and a drum corps, the visitors paraded the principal downtown streets and then boarded special cars for Piedmont park, where a genuine Georgia barbecue was given them. Last night at the capitol speeches were made by Mayor Rose of Milwaukee, Governor Candler of Georgia, Hon. Clark Howell and others.

A Tunnel Company Incorporated.

TRENTON, N. J., Feb. 14.—The Pennsylvania, New Jersey and New York Railroad company, with an authorized capital of $100,000, has been incorporated here to construct a railroad under the Hudson river between Jersey City and New York. All of the incorporators are prominent officials of the Pennsylvania Railroad company, which is the real promoter of the project.

Another Schooner Lost.

CAPE MAY, N. J., Feb. 14.—The schooner Frank Herbert, with a cargo of pine lumber from Opecoke, N. C., for New York, has been abandoned in a sinking condition off here, it being the second vessel to fall a victim this week off this coast to the great icefields flowing out of Delaware bay.

WHAT CONGRESS DID

House Again Favors Popular Senatorial Elections.

TWO IMPORTANT BILLS PASSED.

End of Philippine Tariff Talk In the Senate Thought to Be In Sight. Senator Teller Concludes Three Day Speech.

WASHINGTON, Feb. 14.—The house yesterday unanimously adopted a resolution proposing an amendment to the constitution of the United States for the election of senators by direct popular vote. There was no demand for time to debate the resolution. This is the fourth time the house has adopted a similar resolution.

Two bills of general importance were passed by the house, the remainder of the time being devoted to minor business. One was a senate bill to provide for the payment of the claims of Confederate officers and soldiers whose horses, side arms and baggage were taken from them by Union soldiers contrary to the terms of the surrender of Lee's and Johnson's armies. The amount to be paid under the bill was limited to $50,000. The other bill was to confer on the Spanish claims commission authority to send for persons and papers and to punish for contempt.

Mr. Corliss, who is the author of a bill for a government cable from San Francisco to Manila, delivered a speech in opposition to the laying of such a cable by a private corporation.

While no definite agreement has been reached, a vote on the Philippine tariff bill in the senate seems to be in sight. It appears likely, judging from a discussion of the subject late in the day's session, that the vote may be had next week, although the matter is yet involved in some uncertainty.

Mr. Teller (Colo.) concluded his speech. He urged strongly that the Filipinos be given the fullest possible measure of self government, the United States simply maintaining a protectorate over the islands.

Mr. Mitchell (Or.) delivered a carefully prepared speech in support of his amendment to reduce the tariff duties upon Philippine products coming into this country to 50 per cent of the Dingley rates.

The Philippine bill will not be considered today or on Monday, the senate having made special orders for both of these days.

Eleven Miners Injured.

POTTSVILLE, Pa., Feb. 14.—Eleven men, three of whom may die, were injured at the Boston Run colliery, St. Nicholas, yesterday in being hoisted by mistake up the dumping shoots. The men, on their way to work, got into a gunboat to descend the slope into the mine. They gave the signal to be lowered, but by mistake the engineer started the machinery the wrong way, and the car, with its human freight, started up the trestled slope to the dumping shoot. The men were rapidly hoisted to what seemed like certain death. They clung to the sides of the car as it neared the top of the plane and went over the knuckle, but were unable to hold out when the gunboat was turned on an angle of ninety degrees. They went tumbling down the shoot, being terribly cut and bruised. The engineer, William Bevan, cannot be found.

Governor Durbin's Trip.

INDIANAPOLIS, Ind., Feb. 14.—Governor and Mrs. Durbin and his party of staff officers and their wives left over the Pennsylvania railroad last evening for their trip through the south and to Havana. The governor's staff officers presented a decidedly military appearance, all being dressed in their army uniforms. The party will go direct to Havana, arriving there probably Monday evening. On the return trip a stop of two days will be made at Charleston, S. C., to visit the Interstate and West Indian exposition on Indiana day, Wednesday, Feb. 26.

French Strikers Besiege a Factory.

LIMOGES, France, Feb. 14.—Three hundred strikers have been besieging a leather factory at St. Julien since the night of Feb. 12. A number of nonunionists are intrenched at the factory. The latter defended their position with a hose throwing boiling water until yesterday afternoon, when the besiegers rushed the nonunionists. A number of men were severely injured in the melee. Gendarmes and troops have been summoned to preserve order.

Five Injured by Exploding Boiler.

LONDON, Ky., Feb. 14.—A boiler explosion in which five men were injured, two of whom will probably die, occurred at a sawmill six miles from here. Henry Barnett was blown 200 feet, and he is so badly hurt that the physicians have little hope of his recovery. James Baker was struck by the smokestack and will probably die.

New Site For Johns Hopkins.

BALTIMORE, Feb. 14.—It is learned that 176 acres of land in the northern suburbs of Baltimore have been unconditionally donated as a new site for the Johns Hopkins university. Arrangements practically have been completed for the transfer of the land on Feb. 22, the date of the jubilee celebration of the university.

Two Killed In a Collision.

VALPARAISO, Ind., Feb. 14.—In a rear end collision between Baltimore and Ohio trains at Indian Harbor Conductor Huntley and Brakeman Brice, both of Garrett, were instantly killed. Two other trainmen were injured. The responsibility for the accident has not yet been fixed.

Weather Probabilities.

Snow; fresh north winds, becoming northeast.

REPORT OF BOARD OF EDUCATION.

All interested in the school system of Plainfield will read with keen interest the annual report of the Board of Education for the year ending June 30, 1901. The very complete report of the superintendent, Henry M. Maxson is full of suggestions and interesting comparisons.

The increase in attendance year after year, indicating the need of a new ten-room building every three or four years, tells its story of corresponding increase in the population of the city. Indeed the growth of the city is closely allied to the system of our schools for we are told "parents have come to enter pupils in the school with the remark that they have moved into the city with the special purpose of sending their children to the High School."

In the grades below the High School the change in the course of study tending to broaden and strengthen the course in English by oral and written practice cannot but recommend itself to the mind of the thoughtful who must place in prime importance the ability to speak and write good English.

The attention to physical training, the medical supervision, the beautifying of school rooms and the harmony between parents and teachers engendered by meetings for mutual helpfulness are all suggestive of earnest thought and judicious oversight.

On the question of teachers' salaries we regret to learn that this year nearly one-fifth of the teachers have resigned, many of them to accept better salaries elsewhere. The past history of the school, from which the present prosperity is an outgrowth, shows that the head of the school system received a larger salary twenty-five years ago than is given at the present time, while the grade teachers have received only an increase of eight per cent. in twenty-five years.

The Young Men's Christian Association in this city is providing a particularly fine series of illustrated lectures which are given without cost to those who attend. It is rare, indeed, that the people of Plainfield have the opportunity of listening to such an interesting lecture as was given there a few evenings ago. Another one equally pleasing is to be given Monday night. Like the other, the admission will be free. The association has done much for the people of the city and borough and this is one of the ways in which it has been accomplished.

So far there have been very few bills introduced into the State Legislature which will affect Plainfield, even slightly. There usually manages, however, to be a few measures introduced before adjournment which will intimately affect the city's interests and the progress of which will be carefully watched. As far as North Plainfield is concerned, the bill to consolidate elections in boroughs and townships will be of much importance in that it will do away with the March elections there.

So that the people of Plainfield may be able to judge for themselves, Street Commissioner Gavett has placed samples of the effluent from the city disposal beds on exhibition in the windows of The Daily Press office. The members of the borough sewage commission seem to have different standards in judging the effluent and this little exhibit will give all a chance to settle the question for themselves.

While there is ordinarily nothing very laborous about the position of mail messenger in this city, it requires a very great portion of the incumbent's time. That is evidently what one colored man discovered. After he had bid for the place, he refused to take the contract at the price he named and now the postoffice authorities have got to go through the routine necessary to allot the contract again.

The talk among local politicians in the Republican ranks of selecting a successor to Councilman vanHerwerden has been summarily stopped by Mr. vanHerwerden himself. He declares that he has not the slightest intention of resigning.

If a bill is to be introduced at this session of the Legislature, providing for the annexation of Plainfield to Somerset county with the idea of forming one municipality of city and borough, it is almost time that it was introduced.

It does seem strange that the European nations should be just discovering how friendly they were to the United States during the Spanish war.

This time it was Trenton citizens who had the honor of participating in the Lincoln's Birthday exercises in Drake's town of Lincoln.

Except in the public schools, there was no attempt made in city or borough to publicly honor the memory of Abraham Lincoln.

WHY WM. NEWCORN VOTED FOR BRIGGS

(CONTINUED FROM PAGE 1.)

the near future. Senator Reed, recognizing my position between January 14 until the date of the caucus, February 4, did not personally ask for my vote in his candidacy, knowing that my word once given that I could not conscientiously support him without violating it, unless relieved by Mr. Briggs himself."

Mr. Newcorn remarked afterward that Mr. Briggs had been a personal friend for some time past, besides his candidacy was known ever since the death of Mr. Swain. On the other hand, Mr. Reed publicly announced himself a candidate for the office only a very short time before the caucus.

Will Talk of Several Countries.

Dr. Snodgrass, in his illustrated lecture to be given at the Y. M. C. A. Hall Monday evening, will have something to say about Ireland, Wales, England, Scotland, Holland, Germany, Switzerland and France. Tickets may be obtained free of charge at the Y. M. C. A. and at the drug stores. An offering will be received.

Can Hear Better Now.

The acoustic properties of the Park Avenue Baptist church have been greatly helped of late by a re-arrangement of the large covering that was formerly in the upper part of the edifice. This covering has been placed against the rear wall of the church and has helped very much to rid the church of the echo.

To Divide Profits.

The joint committee of Red Men and Degree of Pocohontas, under whose auspices a fair was held last week in the borough, will meet in a few days to settle all accounts. All the prizes have been distributed and it is believed that the organizations will reap a large benefit as a result of the fair.

Next Star Course Entertainment.

Commander Wadhams, of the U. S. Navy, will give his lecture entitled "Yarns About Jack and Others" in the Y. M. C. A. Star Course, Saturday evening, Feb. 22. Fred F. and Wm. P. VanEps will render banjo and mandolin solos.

Talking of Fire Company.

There is some talk among the citizens of South Bound Brook about forming a fire company. For years there has been no company in that town and for the better protection of property it is considered a wise move.

To Inspect Ice Plant.

Frank T. Ostrom, of the Plainfield Hygeia Ice Company, expects to go to Pennsylvania soon to inspect a plant used for the manufacture of ice. It is one of the latest patents and great things are claimed for it.

Very Few Cases.

Plainfield is just now free from contagious disease, there being only a few cases throughout the city.

GREAT ORIENTAL RUG SALE

A stupendous display of Choice Oriental Rugs gathered from the different countries of the far east. The rugs are from Boyajian Bros., of 257 Fifth avenue, New York City. This firm consists of two brothers, one of whom remains in the old countries, taking advantage of special offerings in the rug line, and is thus enabled to secure many rare bargains. The other brother will personally superintend this sale which is being held in our Carpet Store. The showing is most comprehensive and includes Royal Silks, Kerman Shahs, Tabriz, Saraks, Sennahs, Bokharas, Shirvans, Kazaks, Dagistans, etc. A great variety of sizes is shown, ranging from 2 x 3 to the largest sizes made. A Royal Kerman Shah "Tree of Life" rug, one of the rarest in existence, is among the lot—a thing of rare beauty as well as a great curiosity. Some exceptional values in 11 x 14 rugs at $175 and $185, rugs that carpet houses get easily a hundred dollars each more for. The assortment is too large and too varied to describe in detail. We can simply invite all to visit this most interesting and edifying exhibit of the products of the Orient, assuring all of a most cordial welcome from Mr. Boyajian, who is a rug enthusiast and who considers it a pleasure to display his goods.

SUBURBAN NEWS

A Department Devoted to the Minor Events in Greater Plainfield's Suburbs by Our Own Correspondents.

DUNELLEN.

A large and appreciative audience was present in the Presbyterian chapel last evening, and heard Rev. D. W. Skellenger, the well-known lecturer and a former pastor of the church, give an excellent lecture on "Ben Hur." Dr. Skellenger's lecture was ully appreciated and everyone attending spent an enjoyable evening. The lantern slides in connection with the lecture were very instructive and entertaining. A short programme of music was also presented. The church will clear a considerable sum as the result of the lecture.

Sterlingworth Sanitarium has again been opened for patients. Dr. Enid, of New York, is now in charge and the owners hope to make it more successful than formerly.

Next Thursday afternoon at 1 o'clock a sale of the personal effects of Mrs. S. W. Laing will be held at her home. G. W. Day is auctioneer.

The Ladies Guild, of Holy Innocents church, held a meeting yesterday afternoon in the guild room.

Regular exercises in speaking and singing will be held in Whittier and Lincoln schools this afternoon.

The regular meeting of the Building and Loan Association will be held Monday night.

Miss Marguerite Wotter, of New York, spent Wednesday with Miss Emma Nelson.

Charles Wilson, of Plainfield, has moved into the Handern house on Grove street.

A match game of pool was held in Kretzel's parlors last evening between two experts.

The men in the Atlas Cement Works at Lincoln are working overtime to fill orders.

The mails were greatly enlarged yesterday because of St. Valentine's Day today.

Adam Dealaman remains in about the same condition he has been for several days.

The Dunellen Literary Circle will hold its regular bi-weekly tomorrow evening.

Prayer meeting will be held in the Methodist church this evening as usual.

Miss Martha Kretzel spent yesterday in Plainfield with Mrs. Peter Finger.

James Wotten, of New York, spent yesterday with friends in town.

Mrs. W. H. Terry is improving from her recent illness.

Miss Jeanette Lake has recovered from a slight illness.

NEW MARKET.

Nothing has been heard of the factories which were to be located here, but the townspeople are hoping they are coming, nevertheless.

A raffle will be held at the Hotel Nelson, tomorrow evening. A number of turkeys and chickens will be disposed of.

At the meeting of Friendship Council, Monday evening, several applications for membership were received.

Miss Irene Day entertained the Misses Stothard, of Brooklyn, part of this week.

New Market is to have a zobo concert, next week, in Friendship Hall.

Miss Zella Kelly visited in Plainfield, yesterday.

PLAINS AND FANWOOD.

Those interested in having Scotch Plains represented upon the diamond next season with a ball team that will be a credit to the town are hustling in every way to raise the necessary capital to organize with. Several weeks ago a gold watch was chanced off. The club realized a neat little sum from the investment. Now it is proposed to have a drawing in the near future for a diamond pin.

Twilight Council, Jr. O. U. A. M., held its weekly meeting in the Library rooms last night. Considerable business of a routine nature was transacted. During the good of the order the members enjoyed a number of selections upon the Council phonograph.

The subject of the revival meeting in the Baptist church this evening will be "The Issue of Blood Healing." No meeting will be held Saturday evening.

Mrs. Charles Cottrell, of Bergen Point, has been visiting at the home of Mrs. Charles N. Flanders, of East Front street.

The cake and apron sale of the Epworth League will be held in Excelsior Hall Friday, Feb. 21.

John Rickerson has accepted a position at Seeley's mill and will begin his duties Monday.

Miss Kennedy, of Front street, is able to be out again after an illness of several days.

Dr. F. W. Westcott is out with a new horse to meet the needs of his practice.

SOUTH PLAINFIELD.

The funeral services of Hester A. Blackford were held yesterday afternoon at her late residence in Samptown. The Blackford homestead was crowded to overflowing with friends and relatives from South Plainfield, Plainfield, Piscataway, New Market, Dunellen, Somerville, Mt. Pleasant and New York. Mrs. Blackford was a member of long standing of the Baptist church of this place. She joined the church in 1853, when the meeting-house was at Samptown. The deceased leaves a son, David. The pallbearers were John Dayton, William Coulter, R. B. Manning, William Manning, Mr. Meeker and Mr. Lant. Interment was at Hillside cemetery, South Plainfield.

Philip Smith had quite an adventure while skating on the lake, yesterday. Mr. Smith had a 44-calibre mauser cartridge in his hip pocket. He fell on the ice in such a position as to explode the cartridge, the ball of which luckily went out through his clothing and lodged in the ice underneath him. The explosion set fire to his trousers, however, causing him much alarm, for in his excitement it took quite a while to put the fire out.

The report is abroad that Mrs. Alex. Manning did not die Tuesday, as was supposed. It is said by some that she was only in an unconscious condition and had the appearance of one being dead.

A party of young people from here attended an evening social at Mt. Pleasant, last night. The Misses Grace and Hattie VanNest were the hostesses.

One of the men working on the ice fell in yesterday where there was an open spot. No serious results were experienced, beyond a thorough wetting.

Miss Lillian Bunting, of Piscataway township, has returned home after a visit with her sister, Mrs. Lewis Randolph.

Melville Brown, of Brooklyn, is here on a three days' visit. He is being entertained by Philip Smith.

An addition has been built on the pumping-station.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. L. W. Randolph.

Denies the Charges.

Counsellor Robert M. Clark filed today, in behalf of Mrs. Fanny Hayden Rushton, an answer to the recent petition for divorce brought against her by Robert Rushton. She makes a general denial of the charges alleged in the petition.

Assistant State Secretary Brown Ill.

Assistant State Secretary Charles B. Brown, of the Y. M. C. A., is seriously ill in Camden, where he has been working under the auspices of the association. It is feared that he may suffer an attack of pneumonia.

CHANCES OF A BIG FIRE IN PLAINFIELD

Chief T. O. Doane Talks on the Possibilities of Repeating Paterson's History.

LOCAL CONFLAGRATIONS

THE MOST DISASTROUS FIRES WHICH HAVE OCCURRED IN PLAINFIELD.

Plainfield Has a Number of Large Buildings Which are Not Fire-Proof — What Force Could be Called On.

The awful devastation wrought by fire at Paterson has been the cause of much discussion on the part of many persons in this city, who realize that such a calamity is possible to occur here at any time without a moment's warning. In fact, numerous inquiries have been made of the capability of the local fire department in the event of such a horror overtaking Plainfield.

With this in mind, a Daily Press reporter asked Chief Doane, yesterday "What chance would the local department have to successfully battle against such a conflagation?"

"We wouldn't be 'one, two, six!'" responded the chief in a matter of fact way. "Such a thing is apt to happen to any city, but so far we have fortunately escaped a fire of such proportoins," he added.

Continuing, in this strain, the chief said that the worst place for a fire here would be in the business section on West Front street. He declared that Plainfield has as many and even more high buildings than any other city in the State. This is the worst feature in case of a big fire. The disadvantageous part of it all is, according to the chief, that there is not a single fire proof structure among the many large buildings in the business portion of the city.

Should there be a big blaze in this part, when the alarm is turned in, only two hose wagons, a chemical engine and a truck would be able to arrive on the scene in a few moments. It would take at least six minutes for the third hose wagon, at the West End house, to get on the spot. In that interval of time, he said, there is no telling what damage would be done. Ten lines of hose is all that could be brought into play by the city department. There are twelve regular men and twenty-four call men, but all told not over twenty-four men would respond. This number, however, would be sufficient to handle the apparatus.

The chief explained in detail how the Metropolitan department copes with large fires. The flames are surrounded completely as wherever they spread additional companies surround them there. They do not have to "follow up" a fire, a they did in Paterson, or as the Plainfield department would have to do. They have lots of apparatus and lots of men, but such a thing could not be expected of the smaller cities, for they couldn't afford it.

There has been several conflagrations in this city, but none recently. On West Front street, a whole section from what is now Campbell's store as far as the Compton building was devastated by flames, in 1872 and the volunteer department worked heroically. Two years previously the Schepflin building on the corner of West Front and Grove streets was a conflagation which worried the firemen. The building was completely ruined by fire.

In 1885, the lumber yards of A. D. Cook & Brother, on Park avenue, caught fire and the flames threatened that part of the city. It was a huge blaze, but not as great as the conflagration which occurred at the yards of Boice, Runyon & Co., on the same site, in 1891, which again threatened the city. Another fire of considerable magnitude was that which destroyed the buildings on the site of what are now the stores of Boehm and Lederer, on West Front street. Then the Bard Cycle Company's fire, where the Smalley building now stands, was an exciting one.

The Plainfield deparment is every bit as good and as well equipped in proportion as that of Paterson, in the opinion of Chief Doane. He says that a fireman can never tell how flames should be coped with until a fire occurs, for there are no two cases alike. Another thing which he calls attention to is that high winds are not always detrimental to the work of extinguishing flames. This he explains by showing that the heavy volumes of smoke may be carried away by the winds and thus the firemen are allowed to get right at the heart of the fire. Big fires, says the chief, are an exception. He is not worrying over the risk run of Plainfield being visited as Paterson was recently.

HE TOLD ABOUT PALESTINE

LECTURE GIVEN BY A. V. D. HONEYMAN AT WARREN CHAPEL.

Address Given Under Auspices of Endeavor Society—Some Musical Features.

A talk on "Palestine" was given by A. V. D. Honeyman in Warren chapel, last evening. The address was the feature of a programme rendered under the auspices of the Christian Endeavor Society of the church. Unfortunately the chilly blasts was accountable for a smaller audience than is generally seen at the chapel, but those who were there were well repaid for venturing out.

Mr. Honeyman, who is well informed on the subject of travels in foreign lands, vividly described the geographical and geological features of the Holy Land, bringing out many points of interest not merely to the Biblical pupil but to the public in general. He sketched the condition of the country as it was two centuries ago and as it is today. The sole attraction of the land is its association with Biblical scenes. He recounted the story of a journey through the Holy Land some years ago, and dwelt at some length on the places visited.

Preceding this address, a musical programme was given. Miss Etta Raybert and E. Maxwell Honeyman gave a vocal duet and Miss Carolyn Dewey rendered a couple of piano solos. Two quartette selections were contributed by Henry Baldwin Drake, E. Maxwell Honeyman, Mrs. Charlotte Ross and Miss Raybert. Each number in turn was heartily applauded.

Who Did It.

A key ring and three keys were advertised in The Daily Press as found and it stated that the owner could have them by calling at this office. Mrs. J. S. King, of Passaic, who is visiting relatives in this city, called yesterday and claimed the lost property.

—Mr. and Mrs. T. F. Budlong, of Madison avenue, will change their residence April 1, moving to the house on the same avenue now occupied by James K. Tillotson.

LAY READER HAS RETIRED

WM. WINANS MOORE DISCONTINUES SERVICES AT HEAVENLY REST.

That Parish Has Passed Under Control of Diocese and Missionary Will be in Charge.

After faithfully serving the parish of the Church of the Heavenly Rest as lay reader for over five years, William Winans Moore, of West Seventh street, discontinues his valuable services to be succeeded by a missionary appointed by Rt. Rev. Dr. Scarborough, bishop of the diocese of New Jersey. The entire responsibilities of the work have rested on his shoulders during this period and under his administration the parish has grown rapidly.

Rev. Robert M. Beach, of Trenton, N. J., will take up the work so well conducted by Mr. Moore. Until very recently the parish was an independent mission of the Episcopal church, but now it has been transferred to the jurisdiction of the associate missions of the diocese. At the request of the bishop, Rev. Mr. Beach visited the parish last week and he has informed the head of the diocese of his favorable impressions.

Many changes have taken place in the condition of the parish since Mr. Moore assumed charge as lay reader five years ago. The congregation has increased four-fold and the Sunday-school to a greater degree. There were then eighteen pupils in the school while today there are eighty-two. In the Woman's Friendly Society there were only six members and now there are twenty-five. In the other departments of church work there has been a similar growth.

His duties as superintendent of the Sunday-school in addition to those as lay reader have taken up much of his time. During the entire period he has not missed one Sunday at the church edifice. When hundreds of miles away on business trips, Mr. Moore would carefully arrange to be back in Plainfield on Sundays in order to be in his accustomed place at the church. Mr. Moore will continue as a communicant at the church.

HOLE THROUGH HEAD

Story of a Man Who Survived a Terrible Injury.

Friends and Doctors Expected Him to Die, But He Lived in Spite of Them and Attained an Age of 72 Years.

There lately died in Arizona a man of old age, who has been the cause of the greatest wonderment of not only the medical fraternity, but also of all who had ever seen him, as he was a man who literally had had daylight let through him, and lived—yes, lived longer than the allotted span of life, after an accident that any surgeon in the world would have pronounced immediately fatal.

The history of this case, says the Los Angeles Herald, is most wonderful and interesting. Fifty-one years ago, in 1850, Dr. Henry J. Bigelow, of Boston, Mass., was called up hastily to see a quarryman who had "been killed, but was still breathing," as the messenger described the case.

Dr. Bigelow found that the patient, a young quarryman about 20 years of age, had been tamping the powder in a hole, preparatory to a blast, when a premature explosion had taken place, ejecting the crowbar used for the tamping to a great height. On its descent it struck the patient on the frontal bone, penetrating the skull, passed downward through the brain, and came out of the head at the angle of the lower jaw.

When the doctor saw the man he was lying in the bottom of a rough, springless wagon, such as is usually used for hauling stones from the quarries. He was stretched out on a piece of canvas, under which had been placed some old coats of his fellow-workmen, and in this manner he had been transported over a rough quarry road for nearly 12 miles. On arriving at the man's house it was discovered that, apparently, he was still breathing, so they had called in Dr. Bigelow to decide whether the man was dead or alive. Upon examination the doctor found that he was still alive, but the

brain tissues was issuing from the skull where the crowbar had passed through the head. This tool, all besmeared with clots of brain and blood, was lying by the man. It was an inch and a half in diameter and weighed 13½ pounds.

Under the circumstances the doctor decided that the man's wounds were fatal, and that recovery was an impossibility. So the man was taken into the house and laid out, after receiving a hasty bath by the sympathetic neighbors of the family.

Again the next morning the doctor was requested to come and see the man, as he was still breathing. He did so, and at the request of the family made a superficial dressing of the wounds, expecting that, at most, the man's life was prolonged but a few hours.

On the following day, as he found life still present, he prescribed a liquid food by rectal injection, which course was continued for about two weeks. After 15 days of a semi-comatose condition, the man finally regained consciousness. He rapidly recovered strength, and, with the exception of losing the sight of his left eye, seemed none the worse for his terrible accident. Finally he drifted westward, where he died 51 years afterwards at the ripe age of 72 years.

Ants Protect Their Own.

Lord Avebury declares that ants that maintain their sobriety make a great distinction in their treatment of the intoxicated stranger and the fellow-citizen who has succumbed to his blandishments. He inebriated 50 ants, 25 from one nest and 25 from another, and put them all into the nest from which one lot had been taken. The inhabitants at once took the helpless strangers and threw them into the water; while those who were citizens of the nest were carried tenderly away into remote corners to recover from their festivity at leisure.

HEPBURN & CO.
Dear Sirs—Two years ago I had very bad corns and callouses on my feet, I went to a chiropodist and paid him $5.75 for taking them off. In less than a month they were back again. I then tried your CORN CURE and used only three bottles, costing 45c, and am happy to say it has taken them off completely. They have not troubled me now for over a year. I consider your HEPBURN'S CORN CURE the best I have ever used.—

The Publisher's Claims Sustained.
UNITED STATES COURT OF CLAIMS.
The Publishers of Webster's International Dictionary allege that it "is, in fact, the popular Unabridged thoroughly re-edited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation."
We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world has ever contained.
It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition; and that in the future as in the past it will be the source of constant reference.

A CHILD'S INDIVIDUALITY.

It Should Be Carefully Fostered From the Youngster's Cradle Days.

"My little Bessie is so clever! She can copy anything she sees!" gushed the fond mother.

"Humph!" retorted Aunt Susan, who has her own ideas on the subject of bringing up children. "Can she do anything original herself? That's the point."

And I am inclined to adopt Aunt Susan's point of view. There is too much copying done nowadays. The original people one meets may be counted on the fingers of the right hand. Is not the fault with the parents on account of the way they bring up their children? From the cradle they unconsciously encourage them to imitate instead of strengthening their own individuality. Individuality is a very precious thing in this world. People who have it generally succeed at the expense of their "made by the dozen" fellow beings. It is a mistake to think that originality is a natural gift, such as the eye for color or the ear for music. It isn't anything of the sort. People who have individuality or originality usually owe it to circumstance. If you want your child to have an individuality which will command success, if you want him or her to be an originator instead of merely a follower of other people, it all depends on you.

LET THE CHILD MAKE ITS OWN DESIGNS.

Teach the child from its earliest years to think for itself; curb every tendency it shows to imitate its playmates; encourage it when it creates anything, no matter how small; give it opportunities to create things with wood, clay, colors, paper and pencil. Get the little child colored chalks and a blackboard on which it may draw, but don't give it anything to copy from. Let it make its own designs. Always urge the child to do things better than the ordinary run of people.

In this manner you will train your child to be a leader of men instead of a follower. HELEN CLIFTON.

COMFORT IN CHAIRS.

Club Armchairs and Queen Anne Models—Velveteen Coverings.

One of the newest models in wicker chairs is shown in the illustration. It is designed especially for a library, although it may be used in any reading or lounging room. It is made of dark green wicker and is upholstered in striped green and old rose tapestry. The novel feature consists in the two capacious pockets for periodicals or books. Wicker is very fashionable just now and is carried out in all styles and in red, black, brown and dark and light green.

The chairs of the season are lower. They have wider seats and longer arms. Many of the most comfortable as well as the most expensive are built on the English club chair pattern—that is, they have wide seats beautifully upholstered and arms reaching to the edge of the seat. The Queen Anne back of the chair in the illustration is considered quite smart. It is very comfortable in a room where there are drafts. Cushions of the same

EASY CHAIR OF GREEN WICKER.

material as the upholstery of the chair are a fad of the moment. They are placed in the deep seats of the arm-chairs to enable one to sit upright comfortably.

Velveteen is much used for chair coverings. It comes in most artistic striped and figured designs and has the advantage of cleaning well.

R. DE LA BAUME.

Girls Who Play Hockey.

The girls of Wellesley are going in enthusiastically for field hockey as a college sport. Their teacher, Miss Applebee, a handsome English girl, is certain there is no game equal to hockey as a developer of wind and muscle. At the same time, properly played, it is by no means a rough sport. Everything that tends to get girls outdoors and make them strong and active is good, whatever its name, and ought to be encouraged.

My Strangest Case

BY GUY BOOTHBY.

Author of "DR. NIKOLA," "THE BEAUTIFUL WHITE DEVIL," "PHAROS, THE EGYPTIAN," Etc.

[Copyrighted, 1901, by Ward, Lock & Co.]

"I am not so sure upon that point," said Hayle, lighting a cigarette as he spoke. "If I did not think so I should not have gone to all this trouble and expense. But why make such a fuss about it? You must surely understand, Mr. Fairfax, that your profession necessarily entails risks. This is one of them. You have been paid to become my enemy. I had no personal quarrel with you. You can scarcely blame me, therefore, if I retaliate when I have an opportunity. I don't know what you may think of it, but the mere fact of your dining with me to-night is very likely to go hard with you, so far as your clients are concerned. Would it be a good advertisement for the famous George Fairfax to have it known that, while he was taking his clients' money, he was dining pleasantly in Paris with the man they were paying him to find? I laid my trap for you, but I must confess that I had not very much faith in its success. Your experience should have made you more wary. A student of human character, such as you are, should have known that the leopard cannot change his spots, or the tiger his—"

"If you continue in this strain much longer," I said, "I'll endeavor to stop your tongue, whatever it may cost me. Now, either let me out, or get out of the room yourself. I want to see no more of you while I am in this house."

He blew a cloud of smoke, and then answered nonchalantly:

"You had better occupy yourself thanking your stars that you are let off so easily. At one time I was tempted to have you put out of the way altogether. I am not quite certain it wouldn't be safer, even now. It could be done so easily, and no one would be any the wiser. I know two men now in Paris who would gladly run the risk for the sake of the ill-will they bear you. I must think it over."

"Then think it over on the other side of that door," I said, angrily. "Play the same traitorous trick on me as you did on Kitwater and Codd if you like, but you shall not stay in the same room with me now."

My reference to Kitwater and Codd must have touched him on a raw spot, for he winced, and then tried to bluff it off.

"I rather fancy Messrs. Kitwater and Codd will have just such kindly things to say concerning you in the future as they do about me now," he said, as he moved toward the door. "And now I wish you good-by. As I leave Paris almost immediately, I don't suppose I shall have the pleasure of seeing you again. For your own sake I should advise you to be quiet. I might tell you once for all that you can't get out. The door is a stout one, and the windows are exceptionally well barred. The men to whom I have assigned the duty of looking after you are in their way honest, though a little rough. Moreover, they are aware that their own safety depends to a very great extent upon your not getting out. Believe me, if you do not know already, there is nothing like fear for making a good watch-dog. Farewell, friend Fairfax! You have been instrumental in sending a good many men into durance vile; you can tell me later how you like being there yourself."

With that he went out, shutting the door behind him. I heard the key turn in the lock, and a bolt shot at top and bottom. I thereupon went to the window and examined it, only to discover that it was made secure on the outside by large iron bars. So far as I could see, there was no other way of escape from the room.

Though I laid down on the bed I did not sleep; my thoughts would not permit of that. The face of the woman who had trusted me so profoundly was before me continually, gazing at me with sweet, reproachful eyes. Oh! what a fool I had been to accept that rascal's invitation! The more I thought of it, the angrier I became with myself. Now, goodness only knew how long I should be confined in this wretched place, and what would happen during my absence from the world!

At last the dawn broke, and with it a weird, sickly light penetrated the room. I sprang from my bed and approached the window, only to find that it overlooked a small courtyard, the latter being stone-flagged, and surrounded by high walls. I could see that, even if I were able to squeeze my way out between the bars, I should be powerless to scale the walls. At a rough guess these were at least 12 feet high, and without a foothold of any sort or description. This being so, I was completely at the mercy of the men in the house. Indeed, a rat caught in a trap was never more firmly laid by the heels than I. At about half-past seven o'clock a small trap-door, which I had not noticed near the ground and the main door, was opened, and a grimy hand made its way in and placed upon the floor a cup of coffee and a roll. Then it was closed once more and made secure. I drank the coffee and munched the roll, and, if the truth must be confessed, poor as they were, felt the better for both.

At midday a bowl of miserable soup was handed in; darkness, however, had fallen some considerable time before I could detect any sound in the hall outside that might be taken to mean the coming of my evening meal. At last there was a clatter of feet, the bolts shot back, the key turned in the lock, and the door opened. A man carrying a lantern entered, followed by two others, and as the light fell upon his face I uttered a cry of astonishment, for he was none other than my old friend Leglosse, while behind him was the infallible Lepallard.

"Well, thank goodness we have found you at last," cried Leglosse. "We have had such a hunt for you as man never dreamed of. I called at your apartments late last night, hoping to see you, on important business, but you had not returned from a dinner to which you had been invited. I called again this morning, and was informed by the concierge that they had, up to that moment, seen nothing of you. When the good Lepallard informed me that you had left the restaurant in a cab with M. Hayle, and that the latter had returned to his apartments this morning in a great hurry, only to leave them a short time after with his luggage for the railway station, I began to grow uneasy. You have no idea what a day I have had looking for you, but it has been well spent, since we have the pleasure of seeing you again."

"I shall be grateful to you all my life for the service you have rendered me," I replied. "But how did you manage to gain admittance to this house?"

"It was quite easy; the birds had flown," he answered. "Has the suspicion not struck you that they were going to clear out and leave you there to starve?"

"The brutes," I answered. "But I'll be even with their leader yet. And now let us get away from here as quickly as possible. Have you any idea where our man has gone?"

"To Naples," Lepallard replied. "I disguised myself as a pompous old bourgeois, and I was behind him when he asked for his ticket and distinctly heard what he said."

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning Feb. 16—Comment by Rev. S. H. Doyle.

Topic.—Tempted and tried.—I Cor. x, 13; Heb. ii, 17, 18; iv, 15.

There are two dangers against which Christians must guard themselves in reference to the temptations and trials of life. 1. They may be treated too lightly. We may belittle temptation and magnify our own abilities to resist it and may, as a consequence, be in danger of falling through overconfidence. 2. When the true character and power of sin are realized, we may grow discouraged and give up without an effort. The phase of the subject presented in the topical references is the letter one. Paul, having warned the Corinthians against falling through overconfidence, next warns them against discouragement. To accomplish this he points out the encouraging side of resistance to temptation. The references from Hebrews continue the same phase of the subject by presenting Christ's relation to temptation and trial.

The temptations and the trials of life are not to be underrated. They are serious and endanger our well being for time and eternity. But while so serious they are not impossible of successful resistance. Because of the power of evil we are not to fold our arms in discouragement and drift with the tide to eternal perdition. The greater the power against the greater should be our determination to overcome it. Resistance should inspire resistance rather than acquiescence.

1. Human experience encourages us to resist temptation. "There hath no temptation taken you but such as is common to man," except such as is human or such as man can bear. Our temptations are no fiercer than those which have assailed others and against which they have successfully stood. If others have resisted the temptations common to us, then we also can resist them. If tempted to intemperance, to lust, to anger, to unbelief, to sin in any form, let us remember that other men have resisted these temptations, which assures us that we can if we will.

2. The faithfulness of God encourages us to resist temptation. "God is faithful, who will not suffer you to be tempted above that ye are able, but will with the temptation also make a way to escape that ye may be able to bear it." The power against us is great, but the power for us is still greater. God permits us to be tempted for our good. Certain phases of human character can only be developed or perfected under temptation and trial. "The trial of your faith worketh patience." But if when the temptations come we trust in God and look to Him for strength He will provide a way of escape. He tried the faith of Abraham, but provided a way of escape. He tried the character of Jerome, but provided a way of escape. And if we trust Him He will keep us in temptation and trial if He does not keep us from them.

3. Christ's relation to temptation should encourage us to resist it. Christ was tempted, therefore He understands us in temptation and is able to sympathize with us. Christ was tempted, "yet without sin." He therefore knows how to overcome, and He can and will impart this knowledge and power to us. Let us therefore not be discouraged in temptation, but resist it, and it will flee from us.

BIBLE READINGS.

Matt. iv, 1-11; vi, 13; Mark xiv, 33-38; Luke viii, 9-13; I Tim. vi, 9-12; Heb. xi, 32-40; Jas. i, 1-5, 12-15; iv, 7; II Pet. ii, 9; Rev. ii, 10.

Humility.

There are few graces more beautiful—and shall we say more rare?—than the grace of humility. Often in companies of men the one who has the best thought and keenest judgment is one not seen or heard, while some other member of the group occupies its constant attention with vaporings that are more noisy than profound. The one is humble and must be driven into the public gaze; the other is self assertive and needs to be taught the virtue of silence. The world is not often deceived, and the strong man, though quiet and retiring, wins the highest measure of success.—Peninsula Methodist.

A Lesson to Learn.

If one lesson, and only one, were to be chosen, which each Christian would learn by heart, the one which would mean most for the future of the church as well as for those who had learned it would be that of individual responsibility to God for what is done and what is left undone—the distinctness with which all stand before God as individual men and women and are responsible both for their own lives and for their influence. With that lesson thoroughly learned everything comprised in Christian duty would follow naturally.—Lutheran Observer.

Work That God Appoints.

I am glad to think I am not bound to make the world go right, but only to discover and to do, with a cheerful heart, the work that God appoints.—Jean Ingelow.

Whatever He Wills.

In the shadow of the valleys,
In the sunlight of the hills,
Learn to know thy Father's tallies,
Saying, "Whatso'er He wills."

All of life is in His keeping,
Grief and cheer and gain and loss,
And no reason comes for weeping
When upon thee is a cross.

If thou trusteth, this is certain—
Thou shalt have sufficient grace
To discern that sorrow's curtain
Cannot hide His shining face.

Therefore in the shadowed places
Or the flashing of the hills
Thou canst follow all the traces
Of the love that for thee wills.

—Philadelphia Ledger.

EPWORTH LEAGUE.

Topic For the Week Beginning Feb. 16. "Why Should the Church Evangelize the World?"—Text, Matt. xxviii, 19, 20; Rom. i, 14-16; x, 12-15.

"Go, disciple all nations, baptizing, teaching."

There is the reason. Jesus commands it to His followers. He came to seek and save the lost. He gave His life a ransom for many to be spoken of to them in the proper time. When one hears of the Christ, turns from sin and trusts Him for salvation, he finds himself living a changed life, with new laws and new impulses. Whatever the old life may have been in self indulgence and without special regard for the good of others, he feels an earnest desire to have others share the new light and happiness. His impulses now are more to give than to get. The direction given by Jesus seems most natural and no more burdensome than any merely moral law. He has no intention to steal and feels no inclination to swear, has no temptation to kill. So far as he is concerned the law is not expressed in negatives, "thou shalt not," but finds in his soul a positive "thou shalt," and his response to it is, "I will." The law says, "Love your neighbor." He feels, "I do." Then, when the word comes for him to go and tell that neighbor how great things Christ has done for him and will do for the neighbor also, he needs no driving, no coaxing. He is ready and eager to go and do. He wants to help and not injure. No need of the "thou shalt not" with him. He will not do the evil.

"Why evangelize the world?" Because the world needs to be evangelized. That is the purpose of Christ's coming. That is the present meaning of the ongoing of the earth and the upward push of civilization. God's kingdom is coming. The great thing, the important thing, is not the question whether Boer or Briton prevail in South Africa, whether Spain or the United States rule Philippines and Cuba, whether Russia or Japan be adviser of China, but the great issue is whether God's rulership be recognized and actualized in the affairs of men. History, politics, manufactures, commerce, all the endless and complicated affairs of men have no significance and no permanent worth apart from this one all embracing fact that the kingdom of God is assuming the power in this world. It is coming not in the sense of some future, faroff event, but it is now present and conquering. It is ever in the process of becoming.

For our own sakes we must evangelize the world. We can never maintain and much less can we develop spiritual life if we neglect this plainly commanded service. To withhold the gospel or fail to carry it to the unevangelized dooms us to failure in spiritual life. We can break every command of the Decalogue and at the same time claim to be holy with as much reason as we can disobey this one and call ourselves Christian.

Less important, but strikingly suggestive, is the relation of missions to our commercial and industrial progress. Trade may or may not follow the flag, but trade does and must follow the Bible. Christianize a naked savage, and he immediately asks clothes, tools, houses and every appliance of highest civilization. That means business for Christian factories and wages for workmen. Human industry has no other so efficient helper as Christian missions.

Give According to Ability.

Whence comes my ability? What is the measure of it? What need is there for my gifts? In answer be it said:

First, God supplies the conditions of honest possessions. If you will not consult God's word, your case is hopeless.

What is the measure of my ability? God gave me His son. The gift was measured by His love. He looked also on the measure of my need and filled that. Jesus "loved the church and gave Himself up to it." His gift was measured by love. If rate per cent be asked for, the arguments for 100 per cent are strongest. Jesus gave it in becoming poor. He commended the woman who cast in all. He advised a young man to make one fling of his whole fortune into the treasury of benevolence and gave Himself to God besides. Peter and others "left all and followed" Him. Paul suffered the loss of all things. But talk not of rate per cent. It remains forever true that he who loves little will give little, and he who loves much will give much.—Christian Standard.

Two Kinds of Sorrow.

There are two kinds of sorrow, a sorrow that yields to despair and a sorrow that looks toward hope. The former is like a vessel without compass—it knows not whence it came nor whither it should go. The latter is like a vessel driven and tossed, yet moving steadily and surely toward the harbor. The former is at the mercy of the waves; the latter plunges through them toward the goal. Oh, that all sighing, weeping, burdened souls could say, "Though He slay me, yet I trust in Him!" Such faith, though it look through tears, sees a vision of brightness which sorrow may often dim, but can never destroy.—Lutheran.

No Cause For Discouragement.

If God is really preparing us all to become that which is the very highest and best thing possible, there ought never to be a discouraged or uncheerful being in the world.—Horace Bushnell.

To Make Life Worth Living.

Do good constantly, prudently and wisely, and you will never have cause to say that life was not worth living.—George W. Childs.

SPORTING NEWS

STRIKES AND SPARES.

The bowling team of the Hope Chapel Y. M. A. went down in defeat before the Jolly Bowling Club, last evening. Two games were played and in each the Jolly Club won out with a good margin. WINTER SPORTS.

A hockey game was arranged for Wednesday afternoon between the Newark High School and Leal's teams. At the last moment word was received from the Newark team cancelling the game, as the team could not come to Plainfield.

WRECKED STATION.

Freight Car Jumped Into Waiting Room at Flemington Junction.

(Special to The Daily Press.)

Flemington, Feb. 14—The station at Flemington Junction on the Lehigh Valley Railroad, was almost demolished by a small freight wreck which occurred Wednesday afternoon. An axle on a freight car broke and, leaping the track, the car plunged against the building. The front platform was torn away and the corner of the waiting room was demolished. The tracks were blocked for several hours.

To Erect Residence.

Morris Abrams, of West Front street, has sold his valuable property at the corner of Grove street and Craig place to Charles B. Pope. The latter, who is a contractor, will erect a house on the property to cost $5,500, and it is said that it will be occupied by a physician. The deal for the property was consummated by Assemblyman William Newcorn.

Removed Offending Tree.

A large tree which has stood some distance out on East Front street, near Netherwood avenue, has caused a great deal of annoyance to drivers and numerous complaints have been made to the street department. Yesterday Street Commissioner Gavett placed a number of men at work and removed the obstruction.

Attached Upson's Funds.

As counsel for Charles Bock, of East Second street, Otto Furber, of New York, has issued an attachment against the Colonial Trust Company, of that city. The funds are those of Arthur J. Upson, of North avenue. Mr. Bock claims that Mr. Upson is his debtor to the amount of $300, which represents money loaned.

Missionary Tea.

A missionary tea will be given at the home of Mrs. Reuben Knox, 47 Rockview avenue, Wednesday afternoon, Feb. 19, at 3 o'clock. It will be given jointly by the members of the Woman's Home and Foreign Missionary Societies of the First Baptist church.

The Last Heard Of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure. Very pleasant to take. The little ones like it. L. W. Randolph.

ONLY LIGHT FINE.

Atwood Taylor Sentenced for His Wild Ride Through Middlesex County Last Summer.

(Special to The Daily Press.)

New Brunswick, Feb. 14—Atwood Taylor, a son of wealthy parents, who lives at Bound Brook, was fined $50 by Judge Strong, yesterday.

It will be remembered that one Sunday last summer Taylor rode from Bound Brook to Perth Amboy on top of a stage, shooting right and left from two big revolvers. He terrorized the peaceful farmers of Piscataway township and at Stelton a bullet went through the open door and into the organ of the Baptist church. The elders had Taylor arrested on a charge of malicious mischief.

When arraigned, Taylor pleaded non vult. In pronouncing sentence Judge Strong said that he could not suspend sentence, but that he would make the fine $50, which would be about equivalent to a suspension of sentence.

MADE A REPLY.

Then There Were Dramatic Productions at Reform Club Meeting.

A reply to Superintendent of Schools H. M. Maxson's recent address on "New Century Charity" was made by the California tragedian, Richard Foote, before a very large audience in Reform Hall, last evening. He opposed the plan in many ways, reading the address and pointing out his reasons for so doing.

Assisted by Miss Margaret Hoffman, Mr. Foote rendered the fourth act of the great play, "The Marble Heart," interpreting the part of Raphael Duchattel, the artist. As a closing number he rendered in costume, "The Tramp."

The usual temperance addresses were made and there were several musical numbers.

DIED SUDDENLY.

Death of Colored Servant at Home of Dorsey Hyde, of Belvidere Ave.

Mrs. Mary White, aged thirty-eight years, a colored servant in the home of Dorsey Hyde, on Belvidere avenue, died there this morning. She had been ill of late and her death occurred suddenly while she was in the kitchen. She was a widow and her remains will be taken to Pendleton, Louisa County, Va., for interment. Mrs. White was born at Pendleton and her folks live there now. The funeral will probably be held Sunday at Pendleton.

Sentence Suspended.

James Smith, colored, of this city, charged with stealing a gold ring valued at $4, was arraigned before Judge Vail at Elizabeth yesterday. On account of evidence as to Smith's previous good character, sentence was suspended.

Will Attend County Association.

Superintendent Homer J. Wightman, of the borough schools, will attend the meeting of the Somerset County Teachers' Association, at Raritan, tomorrow. Mr. Wightman is president of the organization.

Trouble at a Hotel.

Frederick Meeker was arrested last night by Constable Pangborn for causing a disturbance in a Somerset street hotel. He was given a hearing by Recorder Doud, this morning, and paid a fine of $5.

Mrs. G. Harry Squires, of Arlington avenue, is visiting friends in Philadelphia.

Miss Ella Coddington, of Grove street, is spending a few days with her sister in Newark.

Col. Mason W. Tyler is improving slowly from his serious illness with good chances for recovery.

Mr. and Mrs. Abram George Hooley have returned from their honeymoon and are now residing on Central avenue.

Henry C. Randolph, of Washington avenue, is greatly improved from a recent severe illness, and is able to leave the house.

William H. Ross, formerly proprietor of a restaurant on Park avenue, is visiting friends in this city. Mr. Ross lives at the Soldiers' Home, at Arlington. He has just recovered from a severe illness.

TRIPLE CRIME.

Orange Police Shot His Wife and Daughter and Then Attempted Suicide.

(Special to The Daily Press.)

Milburn, Feb. 14—While in a frenzy last night, Philemon Crelin, a special policeman of Orange, attacked his daughter, Mrs. Mary Ferguson. His wife grabbed his arm in an endeavor to prevent the shooting, and when she had done so she fell with blood pouring from her mouth. The excitement had killed her. Crelin riddled both his wife and daughter. The former is dead, while the latter is dying. He attempted to kill himself but will recover.

SMALL-POX AT STATION.

Much Excitement Caused by Its Appearance at Elizabeth.

(Special to The Daily Press.)

Elizabeth, Feb. 14—Much excitement was caused at the Pennsylvania Railroad station here yesterday morning by the appearance of John Bader, of Rahway, an employe of the company, who has been suffering with small-pox. The man had gone to Jersey City to get his pay and his appearance led the officials there to telegraph to this place to detain him. All the people in the station were vaccinated on the spot, and Brader was hustled into a hospital van and sent home.

MANY IMPROVEMENTS.

Mrs. Truell is Going to Improve Her Property on Central Ave.

Mrs. John R. Truell, of Central avenue, has received the necessary permits from Building Inspector T. O. Doane for the construction of some improvements on her property at the corner of Fourth street and Central avenue. A large piazza will be built to connect the houses No. 318 and 326 Central avenue. The partitions in the rear part of the dining hall, at 326 Central avenue, will be removed and the necessary supports in the shape of girders and columns will take their place.

Large Crowds at Meetings.

"The Church on Fire" will be the text of Rev. Jacob Turner, of Richmond, Va., who will lead the revival meeting at the Calvary Baptist church, this evening. Standing room has predominated at all the services this week and the success in a spiritual way has exceeded all expectation. The meetings will be continued as long as the interest taken warrants it.

Relief Association Tea.

The Relief Association proposes holding a tea at the rooms, 544 West Front street some time in March for the purpose of interesting strangers in its method of work hoping they may become subscribers. Invitations will be sent out in due season and a large attendance is desired.

Women on Alleys.

Lively contests on the alleys were the features of the meeting of the Ladies' Bowling Club of the Gesang and Turn Verein, yesterday afternoon. Refreshments were served after the games were finished.

Crisis Not Yet Reached.

John Hull, of Grove street, who is very ill with pneumonia, is holding his own. The crisis in the disease has not yet been reached. Dr. E. W. Hedges is the physician in charge.

House Under Quarantine.

The home of Charles Warnock, of Arlington avenue, has been placed under quarantine, his little son, Howard, being ill with scarlet fever. Mrs. Warnock is also quite ill.

Fair Chances for Recovery.

Joseph T. Case, of East Second street, appears to be improving with fair chances for recovery. During the past two days his condition has been more favorable.

FOR GREATER PLAINFIELD

Citizens Will Apply to Legislature for Passage of Bills to Permit Consolidation.

AS A PART OF UNION.

Formal Notice Given That Subject Will be Brought to Attention of the Legislature, Monday, Feb. 24—Two Bills Asked For—Those Supporting the Plan.

A determined attempt will be made this winter to bring about the consolidation of Plainfield and North Plainfield as a part of Union county. Advocates of "Greater Plainfield" will apply to the State Legislature at its session Monday, February 24, for the passage of such bills as will make it possible. This course was foretold in The Daily Press several months ago.

The men, who have taken the initiative in the matter are Former Mayor William L. Saunders, who has long taken an active interest in the "Greater Plainfield" scheme, and Philip V. R. VanWyck, of Stelle avenue, this city. In another column will be found formal notice, signed by these two men to the effect that they will apply to the Legislature on the date mentioned for the passage of two bills, one making the borough of North Plainfield a part of Union county and the other annexing the borough of North Plainfield to the city of Plainfield. The object of these bills is to provide the necessary legislation for the immediate formation of a "Greater Plainfield," located in Union county.

No details have yet been made public concerning the methods by which the bills are to be brought before the Legislature. It has been known for some time that the subject was likely to be brought before the attention of the Legislature at this session in some way. While the advocates of the plan were not sure that there efforts will be successful, this year, it was thought that the plan would gain material strength if it took formal shape in this way and was put up for a vote, even if it met with defeat at this session.

Of course, the bills will meet with opposition. Somerset county is not going to lose its most important borough without a fight. Then all the small counties throughout the State will oppose any plan which will do anything to make a small county smaller still. That will probably be the chief reason for much of the opposition outside of the directly interested counties.

The subject of the consolidation of the two municipalities has long been agitated but this will be the first time that the movement has assumed sufficiently definite shape to be formally brought to the attention of the Legislature. It will, therefore, be watched with great interest by the people on both sides of the line which separates borough from city and which this legislation designs to wipe out.

PAID FOR BONDS.

Borough Clerk Rowley Received Check for Them From Brokers.

Borough Clerk Frank Rowley received a certified check for $3,000, yesterday, from Pose, Parker & Co., Boston brokers, in payment of six Somerset street improvement bonds. The par value of these bonds is $500 and they draw interest at the rate of 4 per cent. According to their terms the bonds mature in five years, but they are payable on demand after the expiration of one year from the date of issue. The check was turned over to Borough Treasurer George F. Brown.

Sale of Fine Horses.

A special meeting of the Y. M. C. A. Literary Society will be held this evening. Action will be taken on the proposed constitution.

LEGISLATORS PLAN DINNER

ASSOCIATION OF THE GENERAL ASSEMBLY OF 1901 WILL HAVE BANQUET.

It Will be Held at the Trenton House After Next Monday's Session.

(Special to The Daily Press.)

Trenton, Feb. 15—There will be little doing in the way of lawmaking Monday night, and the legislators, after a short session, will hold an informal joint session at the Trenton House, where the annual banquet of the Association of the General Assembly of 1901 is scheduled to begin at 9 o'clock, and to continue until the chairman declares the slate clear and all business disposed of.

Speaker W. J. Bradley is president of the association; former Assemblyman Ellis R. Meeker, of Union, is treasurer, and Maurice Marks, who was the minority leader in the house last year, is the secretary.

The association was formed at the close of last year's session, and the first banquet, a clambake at the "Real Widow Brown's," Pleasure Bay, last summer, was so successful that the members couldn't wait until next summer to have another reunion. Clambakes are somewhat out of order just now, so a banquet was decided upon as a compromise.

Nothing has been divulged yet as to the plans or programme for the banquet, but it is understood that an attempt is to be made by the legislators to imitate the annual correspondents' dinner, which, of late years, has been in a class by itself as a distinctively State function.

WAITING FOR UPSON.

John Huff's Hearing Was Adjourned Yesterday Afternoon to Feb. 25, at Chief Kiely's Request.

The hearing of John Huff, the bar tender who assaulted Arthur Upson, originally set down for yesterday afternoon, was postponed at the request of Chief Kiely until Tuesday, February 25, at 2 o'clock. Chief Kiely's purpose in doing so was to await further the result of Upson's injuries.

Dr. Lufburrow, the attending physician, declares he is not yet out of danger and a change for the worse may occur at any time. At present Upson is able to recognize only a few and cannot recall the names of people or places. Otherwise, he seems quite rational.

ICE HARVEST OVER.

Fifty Thousand Tons Stored in Houses at Watchung This Winter.

The Plainfield Ice and Cold Storage Company has just completed the harvesting and storing of 50,000 tons of ice at Watchung, of a quality finer than has been obtained in many years. Several hundred tons average fourteen inches in thickness and none of it is less than ten inches. Last year the average was about eight inches and the quality was only fair. No more will be harvested this season as the houses at Watchung are filled.

Interesting Missionary Meeting.

The Young Ladies' Missionary Society of the First Baptist church departed from its usual course yesterday afternoon, and instead of holding its meeting in the church, met at the home of Miss Edith Cairns, of West Fifth street. The devotional exercises were led by Mrs. Frank Jones, after which a short review of the missionaries studied during the year was given in a very unique way. At the close of the meeting refreshments were served, and before adjournment each member present was given a charming little valentine in token of the day.

First of Series of Socials.

The first of a series of monthly sociables will be held at the First Baptist church Sunday-school room Tuesday evening. The affair will be given under the auspices of the Christian Endeavor Society. A special programme has been arranged.

Will Assist at Lecture.

J. Hervey Doane and H. H. Coward will go to Califon, N. J., Thursday, February 20, as the guests of Dr. M. S. Simpson. In the evening they will assist in an illustrated lecture which Dr. Simpson will give on the Philippines.

New Curate to Speak.

Rev. J. H. Wilson will address the Y. M. C. A. meeting tomorrow afternoon at 4 o'clock. Miss Rosabelle Schroeder will sing with violin obligato by Miss Cornelia Hyatt.

Results of Benefit.

The net sum of $20 was realized by the Plainfield High School Athletic Association from the Wellington Putnam recital at the Casino, Tuesday evening.

HOW MOSQUITO WAR IS TO BE WAGED

State Entomologist Smith Tells to What Use Appropriation Will be Put.

OUTLINES HIS PLANS.

WILL FIRST MAKE CAREFUL INVESTIGATION OF EXISTING CONDITIONS.

Give Local Boards of Health Information Needed to Stamp Out Malaria Transmitted by Mosquitoes—Other Plans.

There is more than the usual interest taken in the bill now before the Legislature appropriating $10,000 to the New Jersey agricultural experiment station, to be expended under the dircetion of Professor John B. Smith in prosecuting his investigations of the New Jersey mosquito. When asked what he proposed to do with the $10,000, Professor Smith, who is the entomologist of the New Jersey agricultural experiment station, said:

"There are two points in view; first, the sanitary; second, what may be called the pestiferous. There are many districts in New Jersey where malaria is troublesome. One of my plans is to send out a competent physician to map out all the malarial districts in the State. Following him, I will send a man who will make a physical examination of all those places thus mapped, with the view of ascertaining the breeding places of the malarial mosquitoes. The facts will be immediately reported to the Board of Health of each locality, and afterward will be used in the general report to the State.

The idea is to give the local Board of Health the information they need to stamp out the disease. In a general way, it will be to apply the same principles that have been applied by the American officers in Havana and the British School of Tropical Medicine in Africa. Epidemic malaria can be stamped out entirely, and to make plain how this can be done is one of the objects of this investigation. The most recent investigations have made it certain that malaria depends for its transmission from one individual to another entirely upon mosquitoes of the genus anopheles.

"This has been demonstrated by the checking of yellow fever in Havana as a consequence of destroying the breeding places of that species of mosquito. In Africa the coast fever has been checked in the same way. In South Orange and some other localities individual communities have spent hundreds of dollars in attempting to abate this nuisance. The success has not been as great as it should have been, because of the lack of the very knowledge this investigation is intended to supply.

"The second object includes the ridding of the shore of the salt marsh mosquitoes. These mosquitoes migrate long distances inland and make many districts in the pines uninhabitable where no mosquitoes breed locally. Besides the collectors, civil engineers will be kept in the field all the summer outlining plans for mosquito drainage. That is not a plan to drain the marshes, but to render them unfit as breeding places for the insects.

"One man will be employed studying the natural enemies of the mosquito, such as fish, frogs, toads and the like. Especial attention will be given to the small fishes, with the object of introducing into ponds throughout the State those creatures that will naturally feed on mosquito larvae. Some species breed locally throughout the State and local conditions will be carefully studied, so that direction may be given that may be carried out by individuals and local authorities."

The professor did not enter at this time into a detailed and concrete explanation of the methods that will probably be adopted for the extermination of the mosquito. These will depend very much upon the result of the investigations that are to be prosecuted. Generally speaking, these methods will comprise the introduction of larva-eating fishes into mosquito-breeding pools, the introduction of the tidal flow into such pools, the use of petroleum, the drainage of mosquito breeding marshes, the grading and levelling of regions that harbor the insect and the removal of the shrubbery and grass that afford them coverts.

The economic effects of suppressing this pest in New Jersey can scarcely be estimated. It would mount into the millions and tens of millions. Some idea of the economic importance of the mosquito may be had from the fact that the taxable value of the few miles between Ocean Grove and Long Branch inclusive, which are practically free from this pest, is larger than the entire hundred miles between Bay Head and Cape May.

If that hundred miles of shore front of unsurpassed natural attractiveness could be freed from the swarms of mosquitoes that make it almost uninhabitable in summer, its value would be increased twenty fold. By reason of its existence and lovely sea front, its good roads, its trolley systems and its situation in the very focus of American civilization, New Jersey is destined to become the playground of the Union, and the only obstacle to the realization of this destiny is the mosquito. For the State to hesitate to expend $10,000 out of a surplus of millions in a promising attempt to remove this obstacle would be idiotic.

WANT NEW SCHOOL IN PARK

MANY BOROUGHITES BELIEVE IT SHOULD BE LOCATED THERE.

Mayor Smalley Has Offered a Site—Several Others Are Also Being Considered.

There is a well defined feeling in the borough that should the proposition to erect another school house be carried out the location of the structure should be in the Park district.

Various sites has been suggested, but no action has as yet been taken. It is generally understood that the Board of Education is favorably considering the idea of purchasing Warren chapel for the purpose. Now, along comes Mayor Smalley with an offer. He has notified the proper authorities that he will donate a tract of land, 100 by 80 feet, at the corner of Green brook road and Rock avenue, and there are no conditions attached to the offer.

Other sites in view are at the corner of Fairview and Westervelt avenues, and Grove street and Prospect place. The building committee of the board is moving slowly in the matter, believing that hasty action is not desirable in such an important matter.

TEACHERS IN SESSION.

Somerset County Teachers' Association Met at Somerville This Morning.

(Special to The Daily Press.)

Raritan, Feb. 15—Homer J. Wightman, superintendent of the North Plainfield public schools, presided at the meeting of the Somerset County Teachers' Association meeting held here today. A large proportion of the North Plainfield teachers were also present at the sessions which proved exceptionally instructive.

Among the features of the morning's programme were the following: "Answers to County Examination Questions on the Theory and Practice of Teaching," Howard Day; "Modes of Punishment," George A. West; and "Some Nonsense in the New Education," Mrs. S. S. Higgins. After a short intermission County Superintendent W. F. Mets spoke on "Drill," and several teachers gave short talks on "A Plan, Device or Exercise that I Have Found Useful." After the question box was emptied a luncheon was served.

STRUCK HIS HEAD.

Walter Dennis, Twelve Years Old, Injured in a Fall on the Ice.

While skating on Tier's pond, Tuesday, Walter Dennis, of Watchung avenue, received painful injuries by falling on his head. He was in an unconscious condition for some time, and when taken home it was necessary to summon medical aid. Since then he has been confined to his bed and complains much from pains in his head. At times he is delirious. The lad is twelve years old and is a son of Harry Dennis.

Fine Stock of Wagons.

The L. A. Bellis Carriage Company, 21 and 23 Doughty avenue, Somerville, has arranged for a grand opening on Saturday, February 22, at which time the company will display fine stock of strictly high grade vehicles, consisting of pleasure and business wagons for spring season of 1902. The stock is considered to be the equal of any in the State and every wagon is fully guaranteed. Persons in search of any kind of wagon will find it to their advantage to inspect this stock.

Calico Ball Planned.

A calico masquerade ball will be given by the Ladies Society of the Gesang and Turn Verein on the evening of March 10. Saengerbund Hall has been selected as the place for holding the affair.

BASEBALL SCHEDULE AT THE HIGH SCHOOL

Manager Nomer Has Announced the Games for the Coming Season.

MUCH INTEREST SHOWN

SOME TALK ABOUT HAVING INDOOR BATTERY PRACTICE.

Some Strong Teams Are Scheduled to Meet the Plainfield High School Nine During the Spring Months.

Already is the management of the baseball nine of the Plainfield High School astir. While it is too early to think of practicing outdoors yet, Manager Harold Nomer has booked a number of games for the coming season. His schedule has been so nearly completed that he was able to announce yesterday afternoon the result of his labors.

While some additional games will undoubtedly be arranged later, the schedule at present is as follows:

April 2—Orange High School, at Plainfield.

April 9—Pingry School, at Elizabeth.

April 16—Newark Academy, at Plainfield.

April 26—Westerleigh Collegiate Institute, at Plainfield.

April 30—Hope chapel, on Hope grounds.

May 3—Hasbrouck Institute, at Plainfield.

May 7—N. P H. S., on P. H. S. field.

May 10—Westerleigh Collegiate Institute, at West New Brighton.

May 14—Rutgers Preparatory School, at New Brunswick.

May 17—N. P. H. S., on N. P. H. S. field.

May 21—Hope chapel, on P. H. S. field.

May 30 — Rutgers Preparatory School, at Plainfield.

June 7 — Port Richmond High School, at Plainfield.

With such a hustling management at work, the players have been greatly encouraged over the prospects for the coming spring. There is a nucleus of four of the old team to start with and plenty of good material from which to pick the remainder of the nine. A number of the boys are members of the Y. M. C. A. gymnasium and are keeping in good physical condition so as to be ready to take the first opportunity at outdoor practice. There has been some talk of securing some place indoors for battery practice but nothing definite has been done in that direction.

MR. OSGOOD TALKED.

Gave Borough Sewage Commission Some Points on the Question Before Them.

An instructive talk on the construction and possibilities of the Plainfield sewer beds was given by Joseph O. Osgood, chief engineer of the New Jersey Central Railroad, before the borough sewer commission, last evening. The meeting was held in the council chamber. All the members were present with the exception of George D. Hallock and Elston M. French.

Mr. Osgood dwelt upon the necessary factors of a successful plant and enumerated the various kinds in use at the present day. At his suggestion the septic tanks and contact beds were installed at the Plainfield plant, replacing the filtration system. The desirability of the system recommended by him was pointed out and keen interest was taken in his remarks.

When Mr. Osgood had concluded his talk, the members of the commission held an informal discussion, in which Mayor Smalley participated. The investigations of the commission will be continued and a thorough report is expected at an early date.

Try to End Controversy.

(Special to The Daily Press.)

Elizabeth, Feb. 15—The Union county Republican executive committee last evening passed a resolution requesting W. C. Carr to resign as a member of the county elections board and also another resolution to the effect that if he does so the committee would endorse his name for reappointment. This step is taken to bring about peace in the ranks and to end the Swift-Carr controversy.

Burned to the Ground.

Philip Meshanic's house, near Berkeley Heights, burned down last night. The loss was total. It was partially insured.

MRS. RUNYON LAID AT REST

SERVICES HELD FROM HOME OF HER DAUGHTER, MRS. ROBERT LOWRY.

Took Place Yesterday Afternoon—Rev. Dr. D. J. Yerkes Officiated—The Bearers Were Nephews.

The funeral services of the late Mrs. Katherine Webster Vail Runyon were held yesterday afternoon from the residence of her daughter, Mrs. Robert Lowry, of 334 Webtser place. There was a large attendance of relatives and friends, who had known the deceased for many years.

Rev. Dr. D. J. Yerkes, pastor of the First Baptist church, officiated. After reading appropriate Scripture selections, he spoke of the life and character of Mrs. Runyon. He referred to her devotion to her home and church and her exemplary Christian life.

A quartette, consisting of Arthur H. Chamberlain, E. E. Runyon, George O. Stevens and William N. Runyon, sang "Through the Valley," and "Abide With Me." The first selection was composed by the late Rev. Dr. Lowry, and was a favorite with Mrs. Runyon. There were a large number of floral tributes from relatives and friends, evidencing the sincere regard and esteem for the departed.

The interment took place in Evergreen cemetery on Plainfield avenue. The pall-bearers, all nephews of the deceased, were William N. Runyon, S. Frank Runyon, Harry C. Runyon and Joseph C. Martin.

JUNIORS' EFFORTS.

Gave a Successful Entertainment at Hope Chapel Last Night to Aid Church Mortgage Fund.

Complete success crowned the efforts of the Junior Endeavor Society, of Hope chapel, last evening, to entertain its friends and at the same time secure a contribution to the church mortgage fund. The members rendered a pleasing programme of songs, recitations and dialogues which delighted everyone.

In detail the programme was as follows: Piano solos, Mrs. L. R. Howard, Miss Jessie Chamberlain and Miss Lillie Chamberlain; recitations by Miss Mamie McInness, Miss Hattie Walls, Miss Elsie Rimmer, Miss Annie Porter, Harris Hunter, Joseph Walls, James Kenney and Frank Rimmer; phonograph selections under the direction of Frank Rimmer. In conclusion a dialogue, entitled "Martha Washington's Tea Party," was given in which characters were taken by the Misses Gertrude Hunter, Mary Radford, Hattie Walls, Mamie McInness, Jessie Chamberlain, Lillie Chamberlain and Christine Thompson.

Following the entertainment, the young people served refreshments.

DEATH OF MRS. MALTBY.

Wife of E. C. Maltby Passed Away After a Long Illness.

Mrs. Sarah E. Maltby, aged fifty-six years, wife of Erastus C. Maltby, died this morning at her home in Plainfield avenue. Mrs. Maltby's death was due to lung trouble, with which she had been afflicted for some time. She was a member and attendant at Grace P. E. church. She leaves a husband, a daughter, Mrs. Harry McIntosh, and a son, Chas. Maltby.

The funeral services will be held from the late home Monday afternoon at 2 o'clock.

No Need for Meeting.

The chances are that the Councilmanic license committee will not hold a special meeting to consider the licenses until prior to the adjourned meeting to be held Monday evening, Feb. 24. The members do not believe that there is any necessity of holding a meeting before that time.

Event of Great Interest.

"A Summer Ramble in Europe," an illustrated lecture to be given by Dr. Snodgrass in the supplementary course of the Y. M. C. A., Monday evening next, promises to be of great interest. Tickets may be obtained free of charge at the drug stores.

Superintendent Heg Has Resigned.

James E. Heg, superintendent of the State Reformatory at Rahway, has tendered his resignation, and it is understood that he will engage in a mercantile business. Just when the resignation is to take effect is not known at present.

Grand Lodge K. of P.

The Grand Lodge of Knights of Pythias will meet in Trenton next week Wednesday and Thursday. A large delegation from the local lodges will attend.

Editorial Association to Meet.

The New Jersey Editorial Association will hold its next annual session at Lakewood, April 12-14.

LAD KILLED BY WAGON WHEEL

Eight-Year-Old Edward P. Thul Met Death in Accident on Park Avenue.

PUSHED INTO WHEEL.

So Said Boy on His Death Bed—Wheel Carried Him Around and Crushed Him Between Brake Rod and Tire—His Parents Reached Him Before Death.

Edward Perter Thul, the eight-year-old son of Mr. and Mrs. Peter Thul, of Rahway road, died last evening at 11 o'clock at Muhlenberg Hospital, the result of injuries received yesterday afternoon, when he became entangled in the wheel of a coal wagon on Park avenue about which he was playing.

The circumstances surrounding the whole affair are of the saddest. Young Thul, who attends St. Mary's Parochial school, was on his way home in company with several boys. They were on Park avenue in the vicinity of Eighth street, when a coal wagon came along. Boy like, the lads ran alongside of the wagon and attempted to catch on.

From the story told by young Thul shortly before he died it is the belief that some of the boys gave young Thul a shove toward the wagon and that his shoulder was caught between the spokes of the rear wheel. The next instant he was revolving with the wheel. His piercing shrieks attracted the attention of the driver, who immediately stopped his wagon. Frank Russell, of New York, who happened to be near, rescued the boy by taking his body from between the brake and wheels where it was pinioned. It was noticed at once that the boy was seriously injured. Blood was flowing from his nose and mouth.

Word was sent to Dr. Endicott's office. The doctor was not home, but Miss Margaret Cramer, the office nurse, gave instructions to have the boy brought to the office. This was done immediately.

When young Thul was brought to the office Miss Cramer did not believe that he would live long. She administered the proper treatment in such cases and soon there was a response to the medicine. The pulse became stronger and the boy was comfortable. In the meantime, Dr. Boone was sent for, he being the physician nearest at hand. He arrived soon afterward and the injured boy was taken to the hospital.

Not once from the time the boy was injured until he died did he lose consciousness. On the way to the hospital he cautioned the physician and the nurse about losing his school books. When told they were all right he was not satisfied and wanted to see them.

At the hospital, an examination disclosed the fact that there was a fractured arm, between the shoulder and elbow, the collar bone was fractured and the body from head to foot was covered with bruises, all more or less serious. It was believeed that the fractured collar bone had punctured the lung thus causing the hemorrhages. About the lad's head and back there were many bruises. Dr. J. H. Probasco was also called and he assisted Dr. Boone in the treatment of the boy.

When the lad did not return home from school at the usual time, his mother became worried and she started out to meet him. When near the top of what is known as Short Hills she met a man on a bicycle, who informed her that her boy had been injured. There happened to be a grocery wagon coming to town and the driver brought her to Dr. Endicott's office. There she learned that her son had been taken to the hospital. Before going to the hospital she went to Scott's Press Works to inform her husband, who is employed there. The parents then went to the hospital and soon learned that their son's injuries were fatal. They remained with him until he died.

The parents questioned the boy as to the accident and he told them that several boys, older than himself, had pushed him into the wagon. He said that he did not know the boys with him. The parents are grief-stricken over the sad affair. The lad was next to the oldest of six children.

Mr. Thul called at The Daily Press office this morning and said that he

COLUMN FOR THE SHOPPERS

SOME OF ATTRACTIONS TO BE FOUND AT LOCAL STORES.

A Few Interesting Items Concerning Greater Plainfield's Merchants

How is it that when people speak of prescription work they think of Armstrong's Plainfield pharmacy? It is simply because that drug store has a well-earned reputation for reliable and quick work in compounding prescriptions.

That it is possible to wear the latest and best in women's cloaks and dresses, is in no small measure due to the Paris Cloak Company, of West Front street. One of the best stocks in the city can be found at the store and satisfaction is guaranteed.

In one particular or other the fashions are constantly changing. In no case is this more true than in millinery. Bonn, the West Front street milliner, makes a personal study of the latest fashions and he can always be depended upon in giving the latest.

The greatest tonic known is the cheapest and that is good fresh air. There's no need of asking the druggist for it. You can get it anywhere, but the best way to enjoy it is to take a drive in one of the handsome rubber-tired vehicles of Andrew Love, Jr., the East Second street liveryman.

One would think it was summer time after seeing the display of fresh vegetables at Neuman Brothers' Watchung avenue grocery store This firm makes a specialty of green groceries even in the dead of winter and the result is it has built up a large trade in this line. This store is also headquarters for the celebrated White Label brand of canned goods.

PERSONAL.

Mrs. Seely, of Woodbridge, is visiting relatives in Plainfield for a few days.

Miss Estelle Apgar, of Woodhull & Martin's, is enjoying a week's vacation.

Miss Violet Beerbower, of Chatham, is visiting relatives in Plainfield for a time.

E. D. Barrett, of East Fifth street, is confined to his home by an attack of pneumonia.

Mrs. James P. Barr, of Centreville, has returned home after a visit with Plainfield relatives.

John O'Brien, of High Bridge, who is employed in this city, is detained at his home by illness.

Miss Anna Garretson, of East Millstone, is visiting her sister, Mrs. T. R. VanZandt, of Madison avenue.

Frank Thornburg and bride, of Reading, Pa., are visiting Mr. Thornburg's sister, Mrs. H. G. Uhler, of Grove street.

James McInerney, of South Second street, who is undergoing treatment at Muhlenberg Hospital, is reported as being improved.

Mr. and Mrs. Henry VanMiddlesworth, of Plainfield avenue, left today for Manasquan where they will attend a wedding anniversary of relatives.

Mr. and Mrs. Howard Vail and family, of Quakertown, who have been visiting Plainfield relatives, left yesterday for Dunellen, where they will visit Fowler Vail. From there they will return home.

FLORIDA.

Two Weeks' Tour via Pennsylvania Railroad.

The second Pennsylvania Railroad tour of the season to Jacksonville, allowing two weeks in Florida, will leave New York, Philadelphia, Baltimore and Washington by special train on February 18.

Excursion tickets, including railway transportation, Pullman accommodations (one berth), and meals en route in both directions while traveling on the special train, will be sold at the following rates: New York, $50; Philadelphia, Harrisburg, Baltimore and Washington, $48; Pittsburg, $53; and at proportionate rates from other points.

For tickets, itineraries and other information apply to ticket agents, or to Geo. W. Boyd, assistant general passenger agent, Broad Street station, Philadelphia. 2-8-2-s

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. L. W. Randolph.

BASKET BALL GROWS IN POPULAR FAVOR

The Sport Has Taken a Strong Hold on the Young Men at Hope Chapel.

HAVE ORGANIZED TEAM.

STRONG MATERIAL HAS DEVELOPED IN COURSE OF PRACTICE.

John Cose, the Captain, Has Two Teams to Line Up Against Each Other — Some of the Candidates.

Since its introduction at Hope chapel, two months ago, basket ball has taken a decided hold on the members of the Young Men's Association who enjoy the privileges of the gymnasium. A team has been organized and steps are being taken to have it registered with the A. A. U., so it can meet other teams of this section in friendly matches.

It was less than a month ago that the basket ball team really settled down to work. Before that time, the members had little or no idea of the rules of the game and played without any regard for them. John H. Cose, who has been chosen captain of the team, picked out two teams and lined them up against each other for practice. A competent referee was secured while the boys had the benefit of the coaching of Arthur Denton, who is acting as physical director for the chapel. Since then, the team has made rapid progress and will be able to make a respectable showing when it lines up for the first match game.

There are a dozen good men who have the promise of making strong players. A few have had some experience in the game but most of them were entirely new at the game when they started. They play a hard, fast game and while they are not yet acquainted with many of the clever tricks which other teams have developed, they will make things lively for some of the minor organizations in this neighborhood

John Cose, the captain, will probably play centre where his height will be of advantage. For the forwards, Walter Foster and George Whitley have been tried and both have been doing excellent work. Their chief fault is inaccuracy in goal throwing which only practice will remedy. William Porter is also a likely candidate on account of his great activity and quickness.

James Montross and Albert Grieb have been tried at guards with some success. Both are aggressive players but need practice. George McComb is a hard fast player who has shown skill at all positions. Jennings, Duckworth and several others are fast developing into good players and may win places on the team.

There are a number of others who, for one cause or another, have been unable to turn out for practice heretofore, but who are anxious to make a try for the team. The game stands high in favor among the young men of Hope chapel and large audiences are promised for the games as soon as they are arranged.

Throat Sore?

There's no telling what a sore throat will do if you give it "right of way." Uncertain remedies often cause dangerous delay. Make a cure sure with Painkiller, known for half a century as a specific for sore throat, croup, coughs, and all kindred troubles. Keep it by you for an emergency. It never fails. Avoid substitutes, there is but one Painkiller, Perry Davis'. 25c. and 50c.

WHAT OTHERS SAY.

Clippings From Other Newspapers Which May be of Interest to Plainfield and Its Citizens.

That knotty problem of the best way to care for tramps is again brought home to the Board of Freeholders by the complaint made by Justice Hoffman against the practice of his fellow justices of trafficking with their commitment to jail. Under the method adopted last year, when the Sheriff was prohibited from taking in the wanderers as they made application to him, the only way of getting shelter for them is to commit them for 30 days for vagrancy. In fact the law requires that they must be committed for that time, if at all. The justices get a fee of 25 cents for the commitment, which seems small enough. If any of these officials are in league to commit all of these tramps they can run in in order to get big bills from the county, the practice ought to be stopped. But who can prove this to be true? The justices say that citizens have appealed to them to take action in certain cases as a matter of mercy. There certainly should be some way to shelter those who are likely to suffer in severe weather. Not even a dog would be turned away under such circumstances. If the county is not saving anything by the present system (and the bills coming in indicate a greater expense) we should think the old plan a better one. It is the testimony of the police officials, however, that fewer tramps come to the town when they are not sure of a lodging place. This tramp problem is a hard one to solve.—Somerville Unionist-Gazette.

In preparation for the first conference of charities and correction to be held at Trenton next week, the executive committee of the State Charities Aid Association has put forth the initial issue of the Review of Charities and Corrections, which contains statistics showing the amount expended annually in New Jersey for the maintenance of the dependent, defective and delinquent classes. According to the figures compiled, during the fiscal year 1899-1900 the sums appropriated for the purpose by the State, counties, cities, townships and boroughs aggregated $2,809,000, exclusive of the amount spent in the courts for the trial of prisoners and the dispensation of justice.

Of this great total, the State expended $1,200,000, or forty-five per cent. of the aggregate appropriation made by the Legislature; the counties spent $1,275,00, and the municipalities, in caring for the poor, made an outlay of $334,000. The expenses of the county governments were divided into $196,000 on almshouses; $474,000 on county hospitals for the insane; $299,000 for board of county patients in State hospitals; $181,000 for board of prisoners in county jails, while three counties spent $125,000 on jails and penitentaries.

These figures will be presented to the coming conference for consideration by the representatives of all the leading charitable and correctionary institutions and organizations in the State, in the hope that some plan may be devised which will result in so systematizing the distribution of the money as to effect a great saving.

That there is need for reform in this direction is not to be doubted. While those who are now charged with dispensing this great fund are performing thier duties to the best of their ability, they are handicapped by a lack of co-operation and an opportunity to compare means and methods for reducing expenses without interfering with the efficiency of the service. It is for the purpose of obviating this difficulty that a central board of control of all charitable and correctionary affairs has been proposed and will be advocated strenuously at Trenton next week. The best thought of those who will attend the conference should be devoted to the consideration of this feature of the work.—Newark News.

THEATRICAL.

Next week's programme at Keith's Theatre, New York, announces some of the most prominent stars of America and Europe, the place of honor being given to the popular sketch artists, Charles E. Grapewin and Anna Chance. This versatile pair of comedians have presented some of the greatest successes of vaudeville, and have firmly established themselves in the good graces of the Keith audience. Their present offering is called "The Awakening of Pipp," and in this petite comedy they have attained one of the most pronounced hits of their career. The great Rudinoff has been retained for another week to offer his European novelties which have delighted the effete tastes of two continents. The same stamp of merit has been accorded Mlle. Marzella's troupe of trained birds. These pretty little creatures have pleased the adults and sent the children into paroxysms of delight. Duke and Harris; the five Nosses; and the jolly minstrel, Carroll Johnson, with a score of other stars, constiute Keith's brilliant programme.

SHOULD CONSULT LIBRARIAN

THAT IS HENRY KETCHAM'S ADVICE TO LIBRARY PATRONS.

Words of Praise for Plainfield's Institution and Those Who Are in Charge There.

To the Editor of The Daily Press:—Happy is the city that possesses a good library, and happy the man who lives within easy reach of such a library. I, Mr. Editor, am that happy man; and, if you will give me the space, I would like through your columns to express my appreciation and thanks to the citizens of Plainfield for extending the hospitality of the Job Male Public Library to non-residents.

I have spent many pleasant hours in your library, and hope to spend many more there. The pleasant and comfortable rooms, the abundance of its books of reference, the intelligence and courtesy of the librarian and her assistants, make it an attractive place. For me it is much easier of access than the library of Newark, or the Astor, Lenox, or Columbia University libraries, and the rooms are pleasanter than those of the Astor. For all ordinary purposes, that is to say nine times out of ten, I can find all I want in your library.

Let me give an instance of recent occurrence. Last fall I desired to look up the historical references to a certain subject and was somewhat pressed for time. So I dropped a line in advance to Miss Adams, saying that I should be at the library on the following day and would be glad to receive any help I could get upon the subject. When I reached the library I found not less than fourteen books and magazines laid aside for me, with the passages noted that related to the subject in question. Thus I was able to accomplish in a few hours what would have taken many days without the skilful help of a trained librarian, and in the latter case the results would have been less satisfactory.

This leads me to ask, Do the people know what a valuable friend they have in a trained librarian? Not only young people, but adults as well, need guidance in the selection of books. Why not ask the librarian? That is what the librarian is for. I assure you that it will give the librarian the greatest pleasure to tell you where to find things, or to help you in your choice of reading.

This reminds me of a little story, as Lincoln used to say. An Irishman who had spent a few months in the country, in the remunerative employment of carrying a hod, wrote home to his brother: "Hurrry up, Pat! Come over to this counthry to once! Yez doon't hav' to worrrk ut all in this counthry. All yez hav' to do is to carry the bricks up four stories, and the man up there doos all the worrrk!" I find the case just reversed; the librarians get the materials ready—that is, carry up the bricks—so that I have only to do the work when I arrive at the reading room.

Possibly it is because the librarian-in-chief is invisible (in her office) much of the time that young people, espceially children, do not think of confiding their perplexities to her. Permit me to assure them that they will do well to make their requests known. In her they will find a judicious guide and a patient and indulgent friend.

I find, Mr. Editor, that my letter has grown apace. If you only knew the many kind things that are in my mind to say, but which I have left out, you would be surprised that this letter is not still longer. I only wish to congratulate you on the efficiency of your library and on the unfailing helpfulness and courtesy of the attendants. Henry Ketcham.

PATRIOTIC EXERCISES.

Wm. H. Cawley, Sr., Urging That They be Held by Somerset Schools.

In pursuance of his duty as special aide in military and patriotic instruction in Somerset county for the Department of New Jersey, G. A. R., William H. Cawley, Sr., will urge the enforcement of the State school laws in relation to the flying of the flag and to the holding of patriotic exercises on days preceding patriotic holidays.

The school law requires Boards of Education to procure flags and to have them displayed at such times as they deem proper. Patriotic exercises are also required on days preceding Lincoln's and Washington's Birthday, Memorial Day, Thanksgiving Day and such other patriotic holidays as shall be established by law. There is also an interesting exercise called "Salute to the Flag," which is recommended for use in the schools. Copies of the form of salute can be secured through Mr. Cawley, of Somerville.

IRISH PARTY CUT OFF

Lord Rosebery Denies It a Place In Liberal Camp.

LEADERS HAVE SHOWN THEIR HAND.

No Sane Person Would Favor Handing Over Irish Destinies to Those Who Would Rejoice at Great Britain's Defeat.

LIVERPOOL, Feb. 15.—Lord Rosebery received a tremendous ovation at the great Liberal demonstration here last evening. His lengthy speech, the principal one of the evening, was attentively received and heartily applauded. He failed to throw any startling fresh light on the war situation, but he strongly emphasized his hostility to the Irish party and his desire to utterly alienate it from the Liberal camp.

During the course of his remarks Lord Rosebery said that the greatest change in heart and head undergone during his five years' absence from public life was in regard to the Irish problem. Mr. Gladstone's bills were dead and buried, though that statement cast no reflection on the great statesman who originated them. The Irish party had now indignantly repudiated any connection with the Liberal party, and he believed they had acted wisely. It was both to their interests and to those of the Liberal party. The Irish leaders had played their full hand. They had demanded an independent parliament in Dublin, and thereupon he had cried "Halt!" This remark was greeted with applause. Continuing, Lord Rosebery said:

"I am not prepared at any time or under any circumstances to grant them an independent parliament. No sane person would ever consent to handing over the destinies of Ireland, situated in the very heart of the empire, to a parliament controlled by those who have expressed the earnest wish that we might be overthrown in battle. The Irish question is too large for any one party. It will need the energy and the patriotism of both great parties to deal therewith. These are my personal sentiments, but I wish to make them perfectly clear on returning to public life."

Regarding the war, Lord Rosebery said he had been ignorantly ridiculed for the suggestion of "casual peace negotiations in some wayside inn," but that he thought the recent mission of Dr. Kuyper, the Dutch premier, bore a fairly close analogy to such a course. The speaker said he thought the reply of Lord Lansdowne, the undersecretary for foreign affairs, to Dr. Kuyper to be fitting and dignified, but he thought the government had acted wrongly in declining to reckon with the Boer delegates in Europe and allow them to send a deputation to South Africa.

"The trouble with the government," said Lord Rosebery, "is that they are always thinking of the present. I try to think of the future, when Boer and Briton will have to live together in South Africa."

New View of Suicide.

PHILADELPHIA, Feb. 15.—Herbert Wright of this city was arraigned before Judge Arnold in quarter sessions court No. 1 on the charge of taking laudanum with suicidal intent, and in discharging the prisoner the judge, who is one of the most eminent in the state, made an observation that is of more than passing interest. Wright pleaded "guilty to attempting suicide, but not with intent to kill myself." He subsequently entered a general plea of guilty and was discharged. In commenting on the case Judge Arnold said he doubted if there was such an offense in this state or country as attempted suicide. The law emanated from courts where there were kings and emperors, who adopted the theory that it was wrong for a man to kill himself and thus reduce the number of king's subjects. The judge added that a man's life belonged to himself and his Creator, and he did not know but that the man had the right to kill himself if he so desired.

A Fight In Samar.

MANILA, Feb. 15.—The Panay scouts under the command of Captain Walker, in an engagement in the island of Samar recently, captured seven rifles and numerous bolos, killed a number of Filipinos and also killed the officer in command. This officer was the notorious renegade named Winfrey, a deserter from the Forty-third regiment, whom the American troops had for months been endeavoring to capture. A man named Long, who deserted with Winfrey, is still operating with the Filipinos.

Striking Teamsters Gain.

BOSTON, Feb. 15.—The striking teamsters made a gain yesterday when an agreement was signed between the concern of J. B. Meads and the union embodying all the terms recently accepted by the Master Teamsters' association. The significance of this is that the Meads concern had trouble with the union Monday, resulting in discharge of certain drivers and engagement of men furnished by the Brine company. The nonunion men will now be replaced by those who have been discharged.

A FATAL CRASH.

Seven Killed and Fourteen Hurt on Arkansas Railroad.

LITTLE ROCK, Ark., Feb. 15.—Seven men were killed and at least fourteen were seriously injured by a huge bowlder weighing fifteen tons which crashed into the caboose of a work train on the Choctaw, Oklahoma and Gulf railroad twenty miles west of Little Rock.

The work train was headed west, the engine pushing six cars and a caboose. As the train was passing under the high bluffs bordering the river two miles west of Little Maumello the crew saw a heavy rock rolling down the steep declivity which had been detached from the hillside by the rains.

The train was going slowly, but was almost upon the rock when it struck the track. Engineer Nazor reversed his engine at once, but the train struck it with almost full force. The caboose was at the head of the train and was shivered into splinters. Most of the men who were killed and injured were in the caboose. There was a crew of fifty-four men, white and colored. Just back of the caboose were three cars of sand, and many of the men were buried underneath the sand, which was thrown forward by the terrible impact.

Six men are known to have been killed outright. Three were left on the scene, and three were brought to Little Rock on the train that was dispatched to the scene as soon as the news could be sent to the city. Fifteen injured were brought to Little Rock. One of the most desperately injured died on the way to the hospital from the depot.

It is believed there are others killed or buried under the sand at the scene of the wreck, as several are missing and as yet unaccounted for.

AIRSHIP WRECKED.

I. Santos-Dumont Fell Into the Sea, but Was Rescued.

MONACO, Feb. 15.—M. Santos-Dumont, the aeronaut, met with a disaster here yesterday, and he himself had a narrow escape from death. His airship is a tattered wreck, while his motor lies at the bottom of the Bay of Monaco.

Several boats, including the Prince of Monaco's launch, were following the balloon, and M. Santos-Dumont was rescued.

The accident was due to the balloon not being fully inflated. Owing to this fact it sailed badly, and the guide rope became entangled in the propeller. M. Santos-Dumont thereupon shifted the balance weight, making the balloon assume a perpendicular position, in the hope of freeing the guide rope, but this caused the oil to flow out of the engine's reservoir, and the aeronaut, fearing an explosion, pulled the emergency cord, which ripped the balloon case, in order to secure a speedy descent of the airship. He was rescued before the balloon was completely submerged. The balloon and M. Santos-Dumont were safely taken ashore.

Young Wakefield Pleads Not Guilty.

CAMBRIDGE, Mass., Feb. 15.—William C. Wakefield, the Framingham young man whose exploits in England and whose arrest upon his arrival, with his valet, in this country caused something of a sensation, appeared before Judge Lawton in the superior court yesterday afternoon to answer to two indictments, one for perjury and the other for larceny. To each of these indictments, when arraigned, he returned in modest voice, "Not guilty, sir." The long weeks in jail had not depressed Wakefield. His manner was jaunty and smiling. The cut of his clothes showed that his fashionable and fastidious taste remained. Mrs. Wakefield, who came from Philadelphia, was present during the proceedings.

Famous House to Be Preserved.

PHILADELPHIA, Feb. 15.—The American Flaghouse and Betsy Ross Memorial association has purchased the historical dwelling on Arch street in which was made the first American flag. The purchase price was $25,150, of which $19,150 was paid, a mortgage of $6,000 remaining. The association was incorporated four years ago, and the money to effect the purchase was raised by individual subscriptions of 10 cents. It is expected that the amount of the mortgage will be secured in a short time by similar methods.

Governor Odell Calls Dady.

ALBANY, N. Y., Feb. 15.—Governor Odell announces that he has notified Michael J. Dady to appear before him on next Tuesday to give testimony regarding the charges brought against Sheriff Guden of Kings county. Mr. Dady was in Cuba at the time of the original hearing and his attorney notified the governor that he would testify if needed.

Big Blaze Follows Lamp Explosion.

ELIZABETH CITY, N. C., Feb. 15.—A lamp explosion in the house of Wiley Taylor, colored, in the early morning caused a fire at South Mills, fourteen miles north of here, which swept the main business and residential portions of the town. The fire raged for four hours before it was got under control. Twenty-five buildings were destroyed.

Gigantic Coal Deal.

PITTSBURG, Feb. 15.—The biggest coal deal in the history of the country, it is believed, is being put through here in the consolidation of the Monongahela and Pittsburg Coal trusts, with a total capital stock of $80,000,000. The common stock advanced nearly a point.

Bloodshed Follows Strike Meeting.

TRIEST, Feb. 15.—A meeting of strikers held yesterday in the Piazza Grande was followed by a street fight, during which the troops fired a volley into the mob, six of whom were killed and twenty severely injured.

OUR GERMAN GUESTS

Commander and Crew of Kaiser's Yacht Kept Busy.

PREPARATIONS FOR COMING PRINCE.

Admiral Count von Baudissin Makes and Receives Several Calls—Mayor Low's Visit Inopportune. Today's Programme.

NEW YORK, Feb. 15.—Ever since the arrival of the kaiser's yacht Hohenzollern the German seamen, as well as their officers, headed by Rear Admiral von Baudissin himself, have manifested the keenest interest in their new surroundings, and those who have not already secured shore leave are impatient to get ashore and take a closer look at America.

Under the ready hands of painters and sailors the big yacht is meanwhile undergoing a very rapid and complete transformation. Paint of dazzling whiteness covered by a coat of varnish that gives polish like French plate covers the ceilings, deck posts and inside of the bulwarks, while a liberal application of gold at every point where a

REAR ADMIRAL VON BAUDISSIN.

stripe can be appropriately applied makes the yacht glitter in the morning sun.

It is all in honor of Prince Henry, whose expected arrival is the chief topic of conversation among the crew of the Hohenzollern, and for whose coming no preparations are too elaborate or difficult to carry out. Another part of the ship's furnishings which require a vast amount of attention and polishing are the door knobs and ornamented latches, which are of real ivory throughout the ship.

Inside the cabins and saloon of the yacht the woodwork and carving are magnificent, but the palatial furnishings about which so much has been said are as yet hidden by the temporary coverings, which will not be removed until just before the prince arrives.

Yesterday was a busy day for Admiral von Baudissin.

At 11 o'clock the admiral, attended by an aid and a marine, resplendent in brilliant uniform and gold lace and covered with decorations, left the yacht to pay a visit to Mayor Lankering of Hoboken. At 2 o'clock in the afternoon the admiral received an official visit from Admiral Barker of the Brooklyn navy yard. After the American admiral took his departure the German admiral left for New York in citizen's attire to make calls on several New York families he met in Kiel, Germany.

Mayor Low visited the imperial yacht Hohenzollern at Hoboken late in the afternoon, but did not meet Admiral Count von Baudissin. The admiral had left the ship earlier in the day for New York. The mayor remained in the cabin only about two minutes and then returned to this city.

THE HOHENZOLLERN.

Admiral Count von Baudissin dined at night at the residence of his brother-in-law, Alfred C. Johnson, on Lexington avenue. About 9 o'clock the admiral, accompanied by his brother-in-law and six members of the family, were driven to the Broadway theater, where they witnessed a performance of "The Beauty and the Beast" from a proscenium box.

The admiral's programme for today includes a visit to Shooter's island, on the Kill von Kull, where Emperor William's yacht, the Meteor, is being built, to look over the vessel, an inspection of the battleship Illinois and the reception of the mayor of Hoboken, who will return the visit made by the admiral.

Weather Probabilities.

Fair; fresh northwest winds, becoming variable.

THE HOUSE EXCITED.

Kentucky Senator Denounces So Called "Flunkyism."

SECRETARY HAY BITTERLY SCORED.

President Criticised For Proposed Sending of His Daughter to Edward's Coronation—Hot Shot For Lord Pauncefote.

WASHINGTON, Feb. 15.—The monotony of a private pension day of the house was enlivened by a very sensational speech from Mr. Wheeler (Ky.) in denunciation of what he denominated "flunkyism" to foreign countries. He took the recent statements emanating from continental cabinets regarding the attitude of Great Britain during the Spanish war as a text for a wholesale attack upon the trend of our recent diplomacy. He severely scored Secretary Hay and declared that if Lord Pauncefote had sought, as was alleged, to circumvent us during the war of 1898 the sooner he was shipped across the seas the better. He also criticised the president for his reported intention to send his daughter to the coronation of King Edward and protested against the official reception of Prince Henry. His speech aroused the house to a high pitch of excitement and elicited from Mr. Boutell (Ill.) a spirited defense of Secretary Hay, whom he eulogized in high terms.

Several other members on the Republican side took a hand, and later in the afternoon Mr. Grosvenor (O.) took Mr. Wheeler to task for his "inopportune protest" and rehearsed the history of the visit of the Prince of Wales to this country in 1860 and his reception by President Buchanan.

During the day 125 private pension bills were passed in thirty-seven minutes.

A little flurry was created in the senate over the employment since the beginning of the session of a score or more of extra clerks and messengers to committees. The charges of extravagance made induced the reference of the whole subject of clerical employment to a committee for investigation and report.

The bill creating a permanent census office was under consideration for a time, but was not disposed of finally. After the passage of a large number of private pension bills the senate eulogized the life and character of the late Representative Brosius of Pennsylvania.

French View of the Treaty.

PARIS, Feb. 15.—The Anglo-Japanese alliance continues to be the topic for considerable discussion in the French press. The consensus of opinion is that it is directed against Russia and that therefore it may lead to tension in the far east. The Temps says: "It accentuates the antagonism between Russia and England and almost converts it into a latent conflict. All those who had conceived a seductive idea of a closer understanding between Russia and Great Britain and the formation of a triple Anglo-Franco-Russian alliance deplore this result and ask if Japan's friendship was worth such a sacrifice of diplomatic system as was evoked by the Anglo-Japanese alliance. It calls for a complement, and that is the entry of the United States into the alliance.

British Naval Estimates.

LONDON, Feb. 15.—The admiralty's naval estimates for 1902 and 1903 show a total of £31,255,000 as compared with £30,875,000 last year. There will be under construction April 1 of this year thirteen new battleships, twenty-two armored cruisers, two second class cruisers, two third class cruisers, ten torpedo boat destroyers, five torpedo boats and eight minor craft. Lord Selborne, first lord of the admiralty, announces that a new type of torpedo boat destroyer is contemplated and that important developments are planned in the executive and work departments.

A Lower Tax Rate.

ALBANY, N. Y., Feb. 15.—There is a possibility that even the low tax rate predicted by Governor Odell in his message, thirteen-one hundredths of a mill, will be still further reduced by the legislature when it fixes the rate just before adjournment. The assessment rolls have been practically completed, with the exception of one or two counties, in which there is never much change and which, being estimated, give a total property valuation in the state of $5,754,429,510. This is more than was estimated when the governor's message was prepared.

Aged Woman Dead.

WORCESTER, Mass., Feb. 15.—Miss Ann Tuite, the oldest woman in Worcester, with one exception, is dead here, aged 102 years. She was born at West Meath, Ireland, Jan. 8, 1800, and came to America in 1855. She was the aunt of Rev. James P. Tuite, pastor of St. Anne's Catholic church, whom she brought here and with whom in her later years she had lived.

Fire at Morristown, N. J.

MORRISTOWN, N. J., Feb. 15.—The Trimmer building, on South street, was destroyed by fire last evening, causing a loss amounting to between $40,000 and $50,000. The building belonged to Dr. Asa Trimmer and was a three storied brick structure. On the ground floor were three stores.

Direct Negotiations Opened.

SOFIA, Bulgaria, Feb. 15.—An official newspaper declares that as the result of an energetic note from the United states government Turkey has permitted the opening of negotiations direct with the brigands for the liberation of Miss Stone on Turkish territory.

REAPPOINT HIM.

Among the many appointments which Governor Franklin Murphy will make at the present session of the State Legislature is that of a State superintendent of schools to succeed Charles J. Baxter, of this city. The Governor cannot do better than to name the present incumbent for another term as the chief officer of the school system of New Jersey.

When Mr. Baxter was first appointed to the office, he was comparatively unknown in the State. He was not chosen at that time because he was the great friend of any particular politician or faction or because he was an eloquent speaker. A hard, practical worker was what was wanted and that is just what Mr. Baxter has been. He has served the State well and without prejudice and has done much to bring the State school system to its present efficiency.

When Mr. Baxter assumed his position as State superintendent of schools, he introduced practical business methods into the workings of that department. The "wire pulling" ceased. The politicians cut no figure in his eyes. He simply went about in a business-like way to build up the school system. He carefully examined the methods in vogue in other States and, where he found them successful, introduced them in his department. He made no attempt to introduce a host of innovations and tried no experiments but looked after the State's affairs as if they were of a well conducted firm.

While Mr. Baxter's regime may not have pleased all the party leaders through the State, his enemies cannot point out any serious mistake that he has made since his connection with the office. He has accomplished a great deal in the cause of education. Men like Mr. Baxter are the kind that New Jersey wants in control of her affairs and Governor Murphy cannot make no better selection for the place than to send in the name of Charles J. Baxter for another term as State superintendent of schools.

There was not one, who makes any pretence at keeping in touch with Jersey political affairs, who was not interested to read the interview with Assemblyman Newcorn, published in yesterday's Daily Press, which told his reasons for not supporting Senator Charles A. Reed in the State treasurership fight. There are lots of politicians who would also be much interested to know why Mr. Newcorn changed his vote from Edward C. Stokes to John F. Dryden in the Senatorial caucus.

While all the series of exhibits at the Public Library have been very interesting, the one, which will be held there this afternoon and evening and tomorrow afternoon, probably will appeal to the public even more than any of the others. Everybody is interested in the home and anything which will tend to beautify it will attract the attention of every householder. There are many who, although they do not expect to build a home at the present time, are ambitious to own a little place of their own some day in the future. They will find much to interest them at the exhibit at the Library.

Thousands of little missives went through the mails to mark the passing of St. Valentine's Day.

The Misses Laura and Lucia Vail, of Elizabeth, were in town yesterday attending the funeral of their aunt, Mrs. E. W. Runyon.

WEDDING ANNIVERSARY.

Mr. and Mrs. T. H. Cuming Celebrated Thirtieth Anniversary.

An event attended with many pleasant features was the celebration of the thirtieth anniversary of the marriage of Mr. and Mrs. Thomas H. Cuming, of 1012 Putnam avenue, Thursday evening. The affair was in the nature of a surprise, arranged by the seven children of the celebrants, all of whom were present.

A number of relatives and intimate friends from Brooklyn and Plainfield met by pre-arrangement at the home of Mr. and Mrs. Thomas A. Cuming, nearby. They then proceeded to the home of the celebrants, where all partook of the bounteous anniversary supper, which had been prepared. Letters of congratulation were also received from friends in distant parts, who could not be present.

HER PROFESSIONAL DEBUT.

Miss Adele T. von Ohl Will Appear in "The Sculptor's Daughter."

On Washington's Birthday Miss Adele T. von Ohl, a Plainfield girl, will make her professional debut on the stage at Reform Hall in Richard Foote's play, "The Sculptor's Daughter." Miss Ohl will appear in the name part. Mr. Foote will play the "sculptor." Other characters will be assumed by B. W. Hand, John Manley, John Goodwin, W. R. Mattox, Will Kenyon, Miss Margaret Hoffman, Miss Suzanne Kranz and others.

Claims Husband Owns Property.

Constable Peter V. Weaver levied on property belonging to Bessie Sachar, of Washington avenue, yesterday, to secure the amount of a judgment obtained against her in Justice Hand's court by John H. Snyder. Mrs. Sachar objected strongly to the execution on the ground that the property belonged to her husband, Unless she is sustained the property will be sold.

Miss Willard's Birthday.

The service at the W. C. T. U. tomorrow afternoon at 4 o'clock will be in commemoration of the anniversary of Miss Willard's birthday, which is remembered every year. Mrs. T. H. Tomlinson, county superintendent, will have charge and there will be a number of papers on the life and work of Miss Willard. A cordial invitation is extended to all to be present.

Funeral of Patrick Gotsell.

The funeral of Patrick Gotsell, the former Plainfielder who died at his home in Brooklyn, Tuesday, was held from the Catholic church at Junction, yesterday. There were a large number of friends in attendance from this city among which were several young men from the Pond shop, where he was employed. Interment was made in the family plot at Junction.

Aged Woman Died.

Mrs. Jane Waldron, formerly of this city, died at the Baptist Home at Newark, this morning. She was ninety years of age, and was a member of the First Baptist church here for a number of years. The funeral services will be held at the Home, in Newark, Tuesday *morning*, and the interment will be made in this city.

Experts' Work Completed.

Two of the British mechanical experts, who have been superintending the construction of the new autoplate machine at the Potter Press Works, returned home Thursday. A third will remain and superintend the work of preparing the machine for shipment to London.

GREAT ORIENTAL RUG SALE

A stupendous display of Choice Oriental Rugs gathered from the different countries of the far east. The rugs are from Boyajian Bros., of 257 Fifth avenue, New York City. This firm consists of two brothers, one of whom remains in the old countries, taking advantage of special offerings in the rug line, and is thus enabled to secure many rare bargains. The other brother will personally superintend this sale which is being held in our Carpet Store. The showing is most comprehensive and includes Royal Silks, Kerman Shahs, Tabriz, Saraks, Sennahs, Bokharas, Shirvans, Kazaks, Dagistans, etc. A great variety of sizes is shown, ranging from 2 x 3 to the largest sizes made. A Royal Kerman Shah "Tree of Life" rug, one of the rarest in existence, is among the lot—a thing of rare beauty as well as a great curiosity. Some exceptional values in 11 x 14 rugs at $175 and $185, rugs that carpet houses get easily a hundred dollars each more for. The assortment is too large and too varied to describe in detail. We can simply invite all to visit this most interesting and edifying exhibit of the products of the Orient, assuring all of a most cordial welcome from Mr. Boyajian, who is a rug enthusiast and who considers it a pleasure to display his goods.

LAD KILLED BY WAGON WHEEL

(CONTINUED FROM PAGE 1.)

had cautioned the boy, as well as his oldest son, Hicholas, aged eleven years, to wait for one another after school and return home together, but they had failed to do so.

It is considered particularly fortunate that Miss Cramer, the nurse, was nearby, for it is believed that through her efforts the boy's life was prolonged, making it possible for his parents to see him before he died.

The remains were taken to the home of the parents last night and the funeral services will be held Tuesday morning next from St. Mary's church.

The police were not informed of the accident until this morning and it was only then that the owner of the wagon and the identity of the driver was learned. The latter was Charles Bicknell, of Lake street, employed L. A. Rheaume.

He was questioned at police headquarters and declared he knew nothing of the accident until he heard some one shout a boy was beneath his wagon. He leaped to the ground and found young Thul pinned between the wagon body and a rear wheel. Wrapping him in a blanket he took him to Dr. Endicott's home and on the advice of the nurse there, saw that he was removed to Muhlenberg hospital. He was informed by Frank Russell, of Crescent avenue, who was a witness, he said, that the boy was riding on the rear of the wagon and in attempting to jump off, slipped between the spokes. He was not on the ground and there was no one near him, according to Mr. Russell's statement.

Bicknell's version of the affair was accepted and he was not held.

An Old Church.

The one hundred and seventy-fifth anniversary of the Presbyterian church of Metuchen will be celebrated tomorrow and Monday with appropriate exercises.

Lenten Service.

Evening prayer will be said at Grace Episcopal church at 4:30 o'clock this afternoon.

Miss Fannie Mills, of East Fifth street, went to Brooklyn today to visit her sister, Mrs. Frank Fulton.

WOMAN SUFFRAGE.

New Orleans Chosen For the Next National Convention.

WASHINGTON, Feb. 15.—New Orleans has been selected as the next place of meeting of the woman's suffrage convention.

When the convention was called to order, Clara Bewick Colby delivered an address on "Industrial Problems," in which she criticised the pending legislation in congress providing for the abolishment of sick leave of government clerks on the ground that women were constantly absenting themselves. This, she said, was a covert attack on woman herself. In the interstate commerce commission, where no women are employed, she said, the percentage of absence for sickness was greatest.

Susan B. Anthony said she believed in carrying the gospel of woman suffrage to every convention of men and women that could be reached. She pleaded for suffrage for the women of Hawaii, Porto Rico and the Philippines. After referring to the 600 schoolteachers who had gone to the Philippine Islands she said:

"Think of them being put under the heel of the barbarians of the Philippines and the barbarians from this country, who are worse than the Filipinos. We have no business to sit silent while women who go as teachers, as commissioners and as benefactors of the islands are under perfect subjection to men."

IMPROVING RAPIDLY.

Sick Boys at Groton Fast Regaining Their Health.

GROTON, Mass., Feb. 15.—Theodore Roosevelt, Jr., has improved very rapidly and for the first time since his illness has partaken of solid food, meat being included in the diet. The Gammell and Potter boys also partook of meat.

The boys rested comfortably last night. Dr. Shattuck of Boston has discontinued his visits, leaving Dr. Warren of Groton in charge. Dr. Jewett of Boston spends his time at the infirmary, carrying out the orders of Dr. Warren. At each taking of the chart the respiration, pulse and temperature of the patients were normal, and from all appearances the convalescence is uninterrupted. It is hoped that the boys will be able to sit up by Monday. Young Roosevelt's lungs are rapidly clearing, with the possibility of resolution being completed in a very few days. All the out of town newspaper correspondents have left Groton.

Arkell Leaves The Judge.

NEW YORK, Feb. 15.—Mr. William J. Arkell, who for the past fifteen years has been president of The Judge company, has resigned that position and also his membership in the executive committee in order that he may devote his time to his increasing outside business interests, which of late have required much of his attention. He still remains a member of the board of directors. Mr. Austin B. Fletcher, the chairman of the executive committee, has been chosen president of the company and has entered upon the discharge of his duties.

Fined For Dishonoring Old Glory.

BOSTON, Feb. 15.—For using an old United States flag as a bag in his business of collecting rags Meyer Ratzman was fined $20 in the municipal court, the charges being "contemptuous use of the United States flag." The flag was stained and weather beaten, yet its original design was not effaced. A policeman made the arrest on his own responsibility and while taking Ratzman to the station was intercepted by two marines, who pleaded for the chance to chastise the prisoner.

Teller Fitcham Indicted.

ALBANY, N. Y., Feb. 15.—The United States grand jury has indicted Charles E. Fitcham of Ballston Spa, teller of the First National bank of that village, on the charge of embezzlement. It is charged that he embezzled funds of the bank amounting to nearly $100,000. His bail was fixed at $20,000. Mr. Gaylord Logan, his attorney, stated that bail would be furnished. Fitcham will be tried at the next session of the court, which will be held at Syracuse in April.

Large Sale of Print Cloths.

FALL RIVER, Mass., Feb. 15.—The total sales of print cloths during the week are estimated at between 400,000 and 500,000 pieces, all makes. This is the largest total in some months. The developments in the market have been very favorable to manufacturers, the rise in the price for print cloths amounting to three-sixteenths of a cent and the sales resulting practically cleaning the market of goods in sight up to July.

Dear Sirs—Two years ago I had very bad corns and callouses on my feet, I went to a chiropodist and paid him $5.75 for taking them off. In less than a month they were back again. I then tried your CORN CURE and used only three bottles, costing 45c, and am happy to say it has taken them off completely. They have not troubled me now for over a year. I consider your HEPBURN'S CORN CURE the best I have ever used.—

The Right Sort of Charity

Mrs. Van Styles sighed wearily as she handed to her secretary a long list of names. "My annual charity list," she commented dryly. "Please inclose to each the amount marked."

The young woman took the list and went on quietly with her work. Mrs. Van Styles, however, happened to be in a talkative mood. She suddenly changed her mind about going out, and, sinking into an easy chair, she watched her poor relation performing the heavy task of answering her morning mail.

"Anna," she suddenly exclaimed, "tell me honestly what do you think of charity? Isn't it all a fraud?"

The secretary raised her serious gray eyes. "Yes, as you do it," she answered. Then, fearing she had offended her employer, she added hastily, "But you know you wanted the honest truth."

"I do," retorted Mrs. Van Styles. "These people prey on me so, are so ungrateful and so lazy that sometimes I feel as if I were doing wrong instead of right in encouraging them."

"Of course they're lazy," answered the girl quietly, "and, being lazy, of course they're ungrateful. And they're both these things because they have neither pride nor ambition. Now, if you gave them pride and ambition instead of money"—

"But how can I?"

"It's possible. You know there are two kinds of charity—the charity that gives money to the poor and the charity that teaches the poor how to get money for themselves. And the last is certainly the greater. The poor, with few exceptions, are not lazy. We make them so. It is easier for the rich to dole out charity than to go down among the poor and help them make the most of what abilities they have—harder still, discover the abilities they don't know they have. The world owes a living to every person in it. Every person can do one thing well. The question is to find out what that one thing is. Nine-tenths of the poverty stricken failures owe their condition to misapplied energy and ignorance of their one strong point, talent or whatever you choose to call it. Teach people to 'find themselves,' as Kipling puts it, and you give them the key to all the rest.

"OVER A SOCIABLE CUP OF TEA SHE GAINED HER CONFIDENCE."

"I used to know a woman," the girl went on softly, "who did this sort of thing continually. She made more lives happy than I can count. She was a rich woman and gave freely of her money, but she always gave it in such a manner that the recipient was fitted by its means for the battle of life, not weakened by it. And her charity did not extend alone to the very poor. Indeed, do you know I think there is a class which needs help more than the poor—those who are neither well off nor in actual need. Nobody pays any attention to them, and they go on fighting, sometimes against tremendous odds. If this woman saw a girl, for instance, alone and struggling, discontented with her present condition and trying in a blind and ineffectual way, she knew not how, to reach something better, she invited her to her home. There, over a sociable cup of tea or under the softening influence of a cheery room, she gained her confidence, and with her superior insight she set the girl on the road to success instead of letting her go on to failure and perhaps—who knows?—to the dangers which arise from the despair of failure. When she died, it was said of her, 'She made lives out of wrecks.'"

As the secretary concluded she noticed that Mrs. Van Styles had reached for her charity list and was rereading it.

MAUD ROBINSON.

For Evening Gowns.

Lace net for evening gowns is one of the best of all the materials for the purpose. These are frequently wrought in one of these embroidery stitches, but in silk floss instead of wool. Chenille is also employed to work dots over an entire dress. A dress of this kind is of white net with canary colored chenille dots. It is made up over a slip of blue taffeta and trimmed with pink roses and long streamers of blue ribbon falling from the shoulders.

My Strangest Case

"Then I shall go after him at once," I replied. "He will in all probability be off his guard. He will imagine me to be still locked up in this room, you see."

"And I shall accompany you, if you will permit me," said Leglosse.

"But why?" I asked in surprise. "What have you got to do with him? You have no case against him, and you cannot spare the time to do it simply out of kindness to me."

"It's not kindness, it's business, my friend," he replied. "You may not believe it, but I have a warrant for your man's arrest."

"On what charge?"

"On a charge of being concerned in a big embezzlement in Cochin China," he answered. "We laid the other two men by the heels at the time, but the Englishman, who was the prime mover in it, we have never been able to lay our hands upon. I felt certain that day when I met him in Amsterdam that I had seen him somewhere before. Ever since then I have been puzzling my brains to discover where it was, and why it was so familiar to me. A photograph was eventually sent us of the Englishman by the colonial authorities, but in that photograph he, the person I suspect, wears a beard and a heavy mustache. It is the same man, however, and the description, even to the mark upon the face, exactly tallies with Hayle. Now I think I can help you to obtain a rather unique revenge upon the man, that is to say, if you want it. From what you have so far told me, I understand that you have no evidence against him strong enough to justify the issue of a warrant. Well, I have that evidence, *and between us you may be sure* we'll bring him back to Paris."

This was delightful hearing after all we had been through lately; at any rate I greeted the prospect of Leglosse's cooperation with acclamation. It would be hard if between us we could not find Hayle and bring him to the justice he so richly deserved.

"Now, let us get out of this," I said. "I must obtain something to eat if I perish in the attempt. I am nigh starving. A basin of soup, a roll and a cup of coffee are all that I have had to-day."

"You shall dine at once," he answered, "and here. There is an excellent little restaurant further down the street, and one of my men shall go there and tell them to bring you up a meal. After that you shall go home and change your costume, and then we will arrange what shall be done about the traveling."

This programme was carried out to the letter. We made a good meal, at least I knew that I did, and when it was eaten, a cab was procured, and in company with Leglosse I said good-by to the house in which I had spent so short a time, yet in which I had been so miserable.

"I shall never know how to repay you for your kindness," I said to my companion as we drove down the street. "Had it not been for you and your men I should now be starving in that wretched place. I'll certainly forgive Hayle if he is ever successful enough to take me in again by one of his rascally tricks."

"You must not let him do that," returned the Frenchman, shaking his head. "Our reputations are at stake."

When I reached my own apartments *the concierge was much relieved to see* me. She had been told that I was dead, perhaps murdered, and Leglosse's visit to find me had not helped to reassure her. A packet of letters and telegrams were handed to me, which I carried up to my room to read them while I was changing my attire. Never before had I been so glad to get out of a dress suit.

I had just finished my toilette and was in the act of commencing the packing of the bag I intended taking with me, when there was a tap at the door. I opened it, to find the concierge there.

"There is a lady in the parlor to see monsieur," she said. "She has a maid with her."

"A lady to see me?" I asked, incredulously. "Who on earth can she be?"

The concierge shook her head. In my own mind I had arrived at the conclusion that it was Mlle. Beaumarais, and that Hayle had sent her to discover, if possible, whether I had escaped from my confinement or not. On finding out that I had, she would telegraph to him, and once more he would be placed on his guard. At first I felt almost inclined not to see her, but on second thought I saw the folly of this proceeding. I accordingly entered the room where the lady was awaiting me. The light was not very good, but it was sufficient for me to see two figures standing by the window.

"To whom am I indebted for the honor of this visit, mademoiselles?" I began.

"Don't you know me, Mr. Fairfax?" the taller of them answered. "You forget your friends very quickly."

"Miss Kitwater?" I cried, "what does this mean?"

"It is a long story," she answered, "but I feel sure that you will have time to hear it now. I am in terrible trouble."

"I am indeed sorry to hear that," I answered, and then glanced at her maid as if to inquire whether it were safe to speak before her. She interpreted the look correctly and nodded her head.

"Yes, Mr. Fairfax," she said, "you can say what you please before Nelly."

"Then am I right in interpreting your trouble as being connected with your uncle?" I asked.

"Yes, that is it," she answered. "You have guessed correctly. Do you know that he and Mr. Codd have disappeared?"

"Disappeared?" I repeated. "Have you any idea where they have disappeared to?"

"No, but I can hazard a very shrewd guess," she replied. "I believe they *have crossed to Paris in search of* Mr. Hayle. Since last Sunday my uncle has been more depressed than ever, while the paroxysms of rage, to which he is so subject, have been even more frequent than ever. If the truth must be told, I fear his troubles have turned his brain, for he talks to himself in such a queer way, and asks *every few minutes if I have received* news from you, so that I cannot help thinking his mind is not what it should be. You must understand that on Saturday last, thinking it might possibly be required for the case, I drew a large sum of money from the bank; more than £100, in fact. I securely locked it up in my writing table, and thought *no one* knew anything about it. Yesterday my uncle and Mr. Codd went for a walk, and did not return, though I watched for them several hours. While I was thus waiting I opened the drawer in the writing table to procure something I wanted, and discovered that the money was missing. Only one construction could be placed upon it, Mr. Fairfax. They had wearied of their inactive life, and had set off in search of Hayle."

"They are aware of his address in Paris, are they not?"

"Yes, my uncle repeated it from morning until night," she answered. "In point of fact he did little else. Oh! it is terrifying me beyond measure to think what may happen should they meet."

"You need not fear that," I replied. "Hayle has tired of Paris and has bolted again. Very probably to a place where they cannot hope to find him."

I believe she said "God be thanked" under her breath, but I am not quite certain upon that point. I did not tell her of the trick Hayle had so lately played upon myself. If the telling were necessary it would be able to come later on.

"May I ask what brought you to Paris, Miss Kitwater?" I inquired, after a pause.

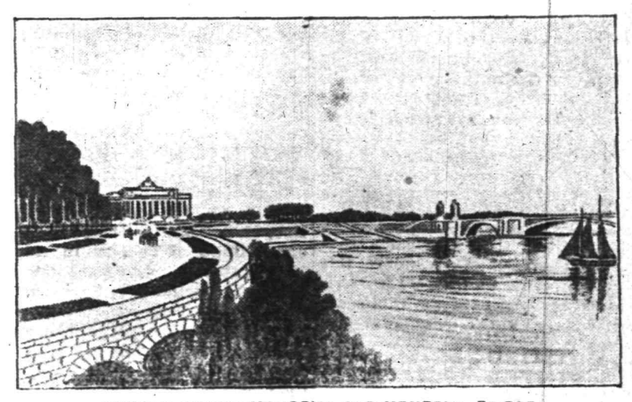
BEAUTIFUL WASHINGTON TO BE MADE MORE BEAUTIFUL

What the Senate Commission Proposes to Do for Our National Capital.

IF WASHINGTON as first planned was a capital worthy of a great nation, and it has grown in splendor until at the present time it is the more beautiful Washington, the plans outlined by the special commission appointed by the senate committee of the District of Columbia, if carried out, will place it in the superlative degree in comparison with the capitals of other nations of the world. The plans are so complete and extensive and elaborate that no one has yet been able to estimate the cost of fully working them out, and years will be required before the still more beautiful Washington can be reared after the plans, models and maps now on exhibition in the Corcoran art gallery. The commission, which has just made its preliminary report to congress is composed of Daniel H. Burnham, of Chicago; Charles F. McKim and Augustus St. Gaudens, of New York, and Frederick Law Olmsted, of Brooklyn, with Charles Moore as secretary.

A threefold purpose has controlled this commission in its work, namely, to combine convenience and comfort with that of beauty, not sacrificing an essential need in one direction that another might be unduly elaborated upon. The true harmony of reciprocal unity has been the end sought after. For instance, when the city of Washington was planned under the direct and minute supervision of both Washington and Jefferson, the relations which should subsist between the capitol and the executive mansion and also the other public buildings was carefully studied and worked out. The commission has no desire to depart from this idea, but seeks as far as possible to follow the original plans as to public buildings and grounds. Thus, with due regard for convenience and utility, the comfort of government officials and employes, statesmen and diplomats, residents and visitors has next been considered in working out the details of beautifying the nation's capital.



LINCOLN AVENUE MEMORIAL AND MEMORIAL BRIDGE.
They Constitute a Prominent Feature in the Plans for Beautifying Washington.

The plans of the commission would make Washington a veritable garden spot, the stately magnificence of the public buildings being accentuated by the parks and drives and avenues of shaded green lying between, the glittering dome of the magnificent capitol building having its beauty and glory enhanced and subdued by the green and color of nature about it, and the white spire of Washington's monument piercing the clouds and silently pointing upward while at its foot nature in all her beauty is spread out in rich profusion. And beyond this the plans contemplate a boulevard to Mount Vernon, a memorial bridge to Arlington, the conversion of Rock creek into a park, a parkway to the end of the Potomac drive, a parkway from the soldiers' home to the Anacostia river, 1,200 small parks in the suburbs, the erection of hundreds of fountains, public baths and skating rinks, the improvement of the mall, as already outlined, and construction of a terrace 1,000 feet wide, a water park on the Anacostia river, a new building for the post office department, a new building for the department of justice, an armory for the District militia, a union railway station, a hall of records, the reclamation of the Anacostia flats and a permanent park commission to remodel the city.

The location of public buildings has been given most careful attention, and in general terms the conclusions of the commission are: (1) Only public buildings should face the grounds of the capitol. (2) New department buildings may well be located so as to face Lafayette square. (3) Buildings of a semipublic character may be located south of the present Corcoran art gallery, fronting on the White Lot and extending to the park limits. (4) The northern side of the mall may properly be used by museum and other buildings containing collections in which the public generally is interested, but not by department buildings. (5) The space between Pennsylvania avenue and the mall should be occupied by the District building, the hall of records, a modern market, an armory for the District militia and structures of like character.

It is a little singular that up to the present time practically no effort has been made to develop the abundant facilities of Washington which nature affords for healthful and pleasant recreation during the heated term, which extends over about four and one-half months of the year, from the middle of May to the first of October. During this period of oppressive heat all public business is conducted at an undue expenditure of physical force. Every second year congress is in session usually until the middle of July, and not infrequently it happens that by prolonged or special sessions during the hottest portions of the summer the city is filled with the already great and increasing numbers of persons whose business makes necessary a more or less prolonged stay in Washington. With the knowledge of these facts before the commission, and realizing that nothing could be done to change weather conditions, it has planned to mitigate as far as possible the effects of the summer's heat and provide shade and retreats and delightful avenues of recreation which make summer resorts so popular.

As has been intimated above, no estimate of the cost of the working out of these elaborate plans has been attempted, and on this point the preliminary report of the commission says in conclusion: "Obviously it is impossible to make any detailed estimate of the cost of carrying out the plans submitted. Nor is such an estimate necessary. From time to time new public buildings must be constructed, public spaces must be secured and improved and those facilities which city life demands must be supplied. So fast as those needs shall be realized let the work be done in accordance with plans that are at once comprehensive, simple, adequate and dignified. In such manner only can there be a development of the District of Columbia worthy of the nation."

If by enactment and indorsement of congress the plans as outlined become the settled purpose of the nation, the generations to come will see the grandest and most beautiful national capital in the world, and will read with amused interest how Washington faced the most bitter opposition when he selected the present site of Washington in 1790 and prevailed upon congress to pass the necessary legislation to fix the nation's capital there. And later on, on two occasions, before the government was moved to Washington in May of 1800, it was by merest luck, once by only two votes, that such legislation was not enacted as would have kept the capital at Philadelphia or removed it to some already settled city.

When Washington had been settled upon as the future capital of the nation, Maj. l'Enfant began immediately the laying out of its streets from his very elaborate plans that so many then pronounced visionary and extravagant, but which have since proved so magnificent and complete, for it is along the lines of Maj. l'Enfant's original plans that the further beautifying of Washington is to be carried out. WILLIS S. EDSON.

Die in Nightmares.

One of the latest beliefs of the medical profession is that many people die each year, while asleep, from heart disease that is brought on by nightmares or bad dreams. A specialist on the heart said recently that in his opinion in nine cases out of ten of deaths in bed heart action was stopped by fear which injurious dreams brought on.

"I have taken part in thousands of autopsies," said this expert, "and in many cases made a study of the habits of those who died. I found that the majority had been sufferers from nightmares or other nocturnal disturbances of dreamland and that frequently they woke up in the middle of the night completely exhausted and gravely alarmed through some particularly vivid dream. If people are frightened to death while awake, when they have their full senses and hope for relief, why is it not doubly likely that they die from fright while asleep, when their courage is dwarfed by faculties temporarily affected?—N. GOLF.

The next championship tournament of the New Jersey State Golf Association will be held earlier in the summer than the one last year. It will be remembered that the New Jersey State championship at Englewood last season took place in July, when the weather was intensely warm. In order to avoid any such inconvenience in the future the plan is to hold the next State championship early in June. Just where the event will be held is one of the matters to be determined at the annual meeting, but it seems almost certain that the tournament will go to Golf Club of Montclair.

VERDICT FOR MRS. LAIRE

SUIT OVER LAUNDRY BUSINESS IN TRENTON DECIDED.

Claimed That Plaintiff Was Deceived in the Purchase of the Business.

The case of Mrs. Anna F. Laire, wife of J. P. Laire, of this city, against Mr. LaRue, of the Morey-LaRue Laundry Company, of Trenton, an action in tort for the recovery of damages on a charge of fraud and deceit in the sale of a business, was concluded in the Mercer County Circuit Court yesterday. The case was called Thursday morning before Judge Relstabb and a jury. The jury was out two hours and a half, when a verdict of $2,620.43 was returned for the pliantiff.

It was shown in the trial that through the intervention of Mr. LaRue, Mrs. Laire purchased the laundry business at Trenton in August, 1900. From that date until the contract was rescinded on December 27, 1900, the business was conducted by Mr. Laire. The plaintiff declared that the business was run at a loss and that the defendant claimed that the profits were $35 a week. The defendant testified on the stand that during the time he had the business he lost $5,000. The plaintiff was represented by Counsellor G. W. V. Moy, while the defendant was represented by Holt & VanDike, of Trenton.

LITTLE BLAZE IN SAWDUST

FIRE DEPARTMENT CALLED TO THE OLD STILLMAN BUILDING TODAY.

Fire, of Unknown Origin, Started in Packing About Steam Pipes—Discovered in Time.

A fire was discovered at 11 o'clock this morning in the second floor of the Stillman building, by James DeGraw, who with his brother, Charles DeGraw, occupies a room on that floor. An hurried investigation showed the fire to be in one of several closets arranged alongside the hallyway.

Mr. DeGraw opened the door of the closet and discovered a fire burning briskly beneath the floor. Realizing that it might prove to be serions, he sent for Chief Doane, who was found in Assemblyman Newcorn's office.

William Townley the chief's driver was dispatched for the chemical engine and hose wagon. While waiting for the apparatus, Callman Albert I. Littell assisted Chief Doane in keeping the fire under control, an extinguisher being used. The flooring was ripped up and there was found a great quantity of sawdust packed in and about the steam and water pipes. This was found smouldering. Close by is the valuable collection of the late Col. Scott and this was threatened with destruction.

In a few minutes Assistant Chief Jennings and other firemen arrived and the fire was soon extinguished. The ceiling in Mr. Weinberger's store was removed for a considerable distance and all the sawdust taken out. The origin of the fire is unknown.

FUNERAL OF THOMAS G. CURREN.

Impressive Servicee Held From St. Mary's Church This Morning.

Before a very large gathering of relatives and friends, funeral services were held in St. Mary's church, this morning, over the remains of Thomas G. Curren, who died at his home on Richmond street, Thursday. They were conducted by Rev. Father Egan. During the service a solo was rendered impressively by E. E. Runyon.

Numerous floral tributes were in evidence, among them being a handsome pillow from the clerks of Callahan & Son, where the young man was employed for years. Interment was made in St. Mary's cemetery. Those who officiated as pall bearers were John Motley, William McCann, James Kane, J. C. Callahan, William Callahan and J. J. Callahan.

MORE SALARY.

Dr. Jocelyn Johnstone Made Private Secretary to President of Borough.

Dr. Joselyn Johnstone, who was formerly rector of the Church of the Redeemer which is now allied with Holy Cross church, has received the appointment of private secretaary to President Swanstrom, of the borough of Brooklyn, at a salary of $2,500 a year. He is a Tammany man and was originally appointed secretary to President Guggenheimer, of the New York City Council, and was retained by President Fornes, of the present Board of Alderman. The new position brings a $500 increase of salary.

OFFICE AT CITY FARM.

Will Be Occupied by Caretaker to Protect Himself and Accounts.

A neat little office, ten by twelve feet in dimensions, has just been completed on the city farm, at Rock avenue, to be used by the caretaker of the disposal works. It will enable him to have protection in stormy weather and can be used for keeping accounts and lists. The need of such a building became apparent some time ago and the Council decided to have the present structure erected.

DEATH OF JOHN A. HULL.

Well-Known Resident of the Borough Died This Morning.

John Augustus Hull, of Mercer avenue, died at his home this morning. The cause of death was pneumonia. He was sixty-four years of age and was well known in the community. For a number of years he has been prominently identified with the First Baptist church.

Three daughters and two sons survive him. The funeral services will be private.

A Farewell Gift.

Rev. H. M. Lowry, who has been pastor of the Baptist church at Rahway, and who has accepted a call to a Baptist church in New York, was given a reception a few evenings ago by his former parishioners at Rahway. During the evening a handsome mahogany library table was presented to him.

No Better Protection.

There is no better protection for valuables than in a safe deposit vault. Such protection can be had at the First National Bank, where ample provision is made for the safe keeping of either money or other things of value.

PLAINFIELD IN THE GRASP OF A HEAVY SNOW STORM

Trolley System Tied Up—Railroad Trains Delayed—Local Traffic Was Much Impeded.

MOST SEVERE STORM OF WINTER.

RAPID PROGRESS MADE BY STREET DEPARTMENT TO OPEN STREETS.

Brief Sessions at City and Borough Public Schools Where Attendance Was Very Light—Commuters' Morning Trains Were Generally on Time in Leaving Plainfield—Over Thirteen Inches of Snow Has Fallen—Horse Ploughs Used to Clear the Sidewalks.

Unheralded and alone, a prosperous young blizzard wandered into Jersey late last night and was well under way when the good folk of Plainfield forsook their beds this morning for the duties of the day. Traffic was impeded and a general blockade was threatened before the day was over. The trolley system early fell a victim to the storm, all the cars being stalled shortly before 7 o'clock. Trains on the Jersey Central were more or less delayed although most of the commuter's trains were quite prompt in leaving Plainfield.

Ever since the ground hog came out to take his observation of the weather, Plainfield has been enjoying real winter weather. Today's storm is the most severe of this winter and promises to be the equal of some of the previous heavy storms. All the requirements of a blizzard, except a low temperature, were on hand. The snow was rather wet and heavy but still managed to drift.

The snow began to fall shortly before midnight. By 7 o'clock this morning, six inches of snow had fallen. In some places, the snow drifted three or four feet deep. At 10 o'clock, the snow fall was estimated at ten inches but it was not falling as heavily as before. All the morning, the mercury remained not many degrees below the freezing point. Most significent of all was the rapid fall of the barometer which went as low as 29.30 inches.

The deep snow was particularly hard on the horses, which had much difficulty outside of the business section of the town in making progress.

All the tradesmen were late in making their rounds and then in deilvering. The army of commuters assembled at the North Avenue station but not in its usual numbers. Many feared that the storm might tie up the railroads and leave them stranded in New York. A great variety of costumes was displayed at the station. Many missed their regular trains owing to their inability to make rapid progress through the snow.

The first east-bound train to be late in arriving was the 8:30, which was ten minutes behind time. After it had gone the 8:34 express from Mauch Chunk rolled into the station at least fifteen minutes late.

The west bound trains appeared to be more handicapped by the storm. It was nearly 8 o'clock when the 7:12 train to Flemington came in sight and it was over an hour later when the 8:19 train to Easton stopped at the station.

Later in the morning no improvement was shown in the running of the trains. Those from Philadelphia and points west were considerably behind time, while the west bound trains were likewise delayed. The 10:44 train to Philadelphia did not arrive here until noon. It was said that the difficulty was principally at Jersey City, where the blizzard at the yards put the train hands to much trouble.

The local street railway company made an attempt at an early hour this morning, to open the road for traffic, but it met with failure after several hours work. Two snow plows patrolled the road for some time but the snow returned to the tracks almost as soon as swept off. Cars, which ventured out, reached various portions of the city and then came to a dead stop. Most of them have remained that way since.

Two cars became stalled on Watchung avenue, near Fifth street, two on the Somerset street line, and several others are buried in drifts somewhere along the Elizabeth line. The employes are working hard to raise the blockade but no definite time can be set as to when they will succeed.

In the North Plainfield public schools there was a session of but an hour's duration held this morning. At both the Somerset street and the Watchung schools there are over 1,000 pupils and scarce 200 attended the short session today.

Bright and early this morning William Emmons took charge of the borough snow plough and all day long he was busily engaged cleaning the side and cross walks.

Almost before the first early risers were proceeding to work, this morning, Street Commissioner Gavett had a large force of his men gathered and had started them cleaning away the largest drifts in the main streets. Shortly after three horse plows were procured and were put to work opening the way on the sidewalks. This method was applied mostly to the outlying districts, but one plow was used on the business streets. This is the first time it has been done in three years.

Late today, the city's large scraper greatly assisted in clearing the streets.

As soon as possible, the snow will be carted away in the business portion. Every available man is being engaged, but not enough have yet been procured.

At 9:30 this morning, the snowfall as reported by Weather Observer Neagle, was 13.7 inches. He says the storm will continue until tonight. Tomorrow will be clear and colder.

Only brief sessions were held in the Plainfield public schools this morning. In the High School there was but a small percentage of the pupils present and after a half hour had lapsed these were dismissed for the day. In the other schools the same conditions existed and no attempt was made to hold a regular session.

Owing to the heavy drifts it was found necessary to make some changes at the fire headquarters temporarily. The truck has been laid off on call and the chemical engine is also laid off. The chemical engine team will be used for the hose wagon.

TOBACCO KING'S FAMOUS FARM AND STABLES

J. B. Duke's New Stables Are Best Equipped and Most Artistic in the State.

HAS MANY FINE HORSES

HISTORY OF THE GROWTH OF MR. DUKE'S FARM NEAR SOMERVILLE.

Interior Decorations of the New Stables are Remarkably Elaborate—Described by the Newark News—Improvements, Etc.

There are many Plainfielders who have seen the famous Duke stock farm, across the Raritan river from Somerville, and have admired the magnificent place which has been built up by James B. Duke, president of the American Tobacco Company. There has just been finished new stables which are probably the finest equipped and most artistic in New Jersey. The Newark News publishes a description of the farm and the new stables which will be read with interest by many Plainfielders.

When he purchased his farm on the south bank of the Raritan river, just below Somerville, ten years ago, says the Newark News, it was an undeveloped place in every respect. Mr. Duke wanted a stable of the fastest horses he could get, and he employed a trainer to select and develop them. He owned some rapid steppers and many of them were entered in the races on the grand circuit. But the results were not satisfactory.

Mr. Duke built a fine stable and constructed a racetrack in front of his handsome residence, with lights all around it, so that he could have the horses trot at night when he was at home. But he found that his trainer was not obtaining satisfactory results, so he sold his horses at a sacrifice, discharged his superintendents and decided to go into the dairy business.

He forthwith stocked his place with the prize winners of the Jersey herds wherever he could pick them up. He had stables that were as clean as a parlor. He provided all the best equipments of a thoroughly up-to-date dairy, and visitors came long distances to see the place.

But Mr. Duke soon tired of his cattle, and he sold the whole valuable herd, pulled down his barns and prepared to build on a larger and grander scale. His new stable is a gem of architecture. The walls are of natural stone; there is a high tower containing a clock with a cathedral chime, and the roof and windows have been planned with an eye to artistic effects. The interior is still more attractive than the exterior.

Entering the main court, the visitor is at once impressed with the scrupulous cleanliness, as well as the beauty and proportions of the buildings. The floor of the court and the stables where the horses stand are covered with carpet. The lofty timbered ceiling and polished wood panels, the clusters of electric lights, the beautiful frieze of mural paintings, the polished hardwood floors and white enamelled tile dado all add to the beauty of the structure.

Then the handsome glass cabinets extending across two sides, filled with an endless variety of gold and silver-plated examples of the harnessmakers' art, the many rich carriage robes in a variety of expensive furs indicate in a modest way the good taste of their owner.

The mural decorations have only recently been completed, and they at once attract the eye of the visitor, because of their excellence. There are four large panels 8x26 feet in size, and each typifies in rich color effects the four continents of the earth.

The first, "America," is represented by a scene of the Western plains.

The second, "Africa," shows two Bedouins crossing the great Sahara, mounted on their Arabian steeds, hotly pursued by French troops, and it possesses all the dash and action incident to the renegade life of the tribesmen.

The third painting, "Asia," has the rich glow of the Orient, and represents two natives with their turbaned heads and loose flowing garments defending themselves against a tiger which they have come upon unawares.

The fourth subject, "Europe," depicts a more peaceful scene. Here go the scarlet-coated huntsmen, vaulting fences with their powerful running horses, trying to keep abreast of the pack of loud baying hounds, while reynard keeps safely in the distance.

RUSHED INTO CHURCH IN SCANTY ATTIRE

Insane Man Caused a Sensation at Roman Catholic Church, Westfield.

HIS SANITY QUESTIONED

DECLARED THAT HE HEARD A VOICE FROM ABOVE CALLING HIM.

Taken to Morris Plains to Await Developments—Had Severe Illness Sometime Ago From Which He Never Fully Recovered.

(Special to The Daily Press.)

Westfield, Feb. 16—Considerable of a sensation was occasioned in this place yesterday morning, when Jeremiah Connors, aged forty-one years, a laborer, living in First street, rushed into the Roman Catholic church, bareheaded, barefooted and with only his night garb to cover himself. He was arrested soon afterward by Officer George Young, assisted by Justice Toucey. A messenger was sent to Connor's home for the latter's clothes. After much trouble they were put on the man and he was taken to police headquarters.

Drs. Sinclair and Kinch were summoned and after an examination the man was declared to be mentally deranged. He was committed to the State Hospital at Morris Plains, being taken to that place yesterday afternoon.

Mr. Connors, who has been a resident of Westfield about two years, has acted strangely for some time. When arrested yesterday he said that every night for a week past the Lord had told him in his sleep that he must go to the church. During the early part of Sunday morning he says that he distinctly heard a voice from above and when he awoke he lost no time in following the instructions. He lives, about two blocks from the church, which is on New York avenue.

Overseer of the Poor Decker's attention was called to the man and it was he who had the examination made by the physicians. It is said that three years ago Connors was very ill and that he never fully recovered. He will be detained at Morris Plains to await developments. Connors came to this country from Ireland four years ago. He has a brother in the latter place and an aunt, Mrs. Keegan, who resides on First street, this place.

WEDDED LAST FALL.

John W. Utzinger and Miss Elizabeth Stark Have Just Publicly Announced Their Marriage.

Announcement was made today of the marriage of John W. Utzinger, of Grandview avenue, to Miss Elizabeth I. Stark, of Elizabeth. The event took place last fall at Elizabeth and was performed by Rev. George Hauser, pastor of the German Reformed church. The couple will take up their residence at the home of the groom's parents, Mr. and Mrs. Valentine Utzinger, on Grandview avenue.

Mr. Utzinger formerly was employed at the Pond Machine Tool Works, and expects to accept a lucrative position in a short time. Both he and his wife have many friends in this city and Elizabeth who will learn with surprise of their marriage.

FOUR SCORE YEARS.

Mrs. Margaret Kelly, East Third Street, Passed Away Yesterday.

At the ripe age of four score years, Mrs. Margaret Kelly, of East Third street, passed away yesterday, death following a stroke of apoplexy. She was the widow of David W. Kelly and was well known in this city.

Surviving her are two sons, Wm. S. Brown and David W. Kelly, both of whom reside at the family home; a stepson, Robert A. Kelly, of Newark; and a daughter, Mrs. Emma Doty, of Newark. Mrs. Havell and Mrs. Wm. Haynes, of Newark, are sisters of the departed woman.

The funeral services will be held from the house Wednesday morning at 11:15 o'clock. Interment will be made at Mt. Pleasant cemetery, Newark.

W. A. Strubel Was the Defendent.

William A. Strubel, of Newton, was the defendant in the action brought by Mrs. J. P. Laire, of this city, in the Mercer County Circuit Court last week, and not Mr. LaRue, of the Morey-LaRue Laundry Company, as published on Saturday. Fraud and deceit were charged by Mrs. Laire in a purchase of a laundry at Trenton.

VETERAN BUSINESS MAN ENDED LONG CAREER

George W. Force, One of Plainfield's Pioneer Merchants, Died Today.

WAS IN SHOE BUSINESS.

WAS EIGHTY-ONE YEARS OF AGE, A NATIVE OF RAHWAY.

Conducted Several Stores in Different Parts of the City at Different Times—Highly Esteemed by All Who Knew Him.

George W. Force, one of Plainfield's oldest merchants died last night at his home on West Second street, following an illness incident to heart trouble. Mr. Force's illness dated back to last July, but during the past two weeks he was confined to his room. The heart trouble was attended with a severe bronchial affection. All day yesterday he failed rapidly and the family was in constant attendance.

Mr. Force was the second son of Mr. and Mrs. Benjamin Force and was born at Rahway April 21, 1821. His boyhood days were spent at that place. His father was one of the oldest shoe merchants, and this business was followed by the son. After Mr. Force was married he moved to Somerville, where he conducted the shoe business for nearly a year. He then came to Plainfield and engaged in the shoe business. This was about 1849.

The first store opened by Mr. Force was where the Dime Savings Bank now stands. He remained there a few years, when he moved to that part of the store now occupied by J. A. Smith & Bro., which adjoins the alley. He remained there a number of years, when he moved next door, adjoining the building now occupied by Lederer, the dry goods merchant. Here he remained until he sold out to his clerk, John Berkaw. The latter continued the business for a few years, when it again reverted to Mr. Force. This time he sold out most of the stock and what was left he sold to Morris Abrams. After this was disposed of the store was opened by William Schloss.

Some time afterward Mr. Force opened a shoe store on Park avenue, where Schleif's bakery is now. This business was conducted by his son, Benjamin Force, for a time, after which it was closed out.

Mr. Force was one of Plainfield's best citizens. While he was not prominent in public movements he always had the best interests of the city at heart. He possessed a sterling character and was highly esteemed by all who knew him. It is doubtful if there is an older business merchant living today. He lived to see a great many changes in Plainfield. He was a member and trustee of the Second Presbyterian church after which he united with the Crescent Avenue church.

Mr. Force was married in 1845 to Miss Hannah Radley, of Westfield. There were twelve children born to them, seven daughters and one son now surviving. The children are Mrs. Augustus VanDeventer, of Washington Park; Mrs. John M. Burnett, Mrs. Charles C. Burnett, Mrs. James Davis, Mrs. S. H. Whitney, Miss Emma Force and Benjamin Force, all of whom reside in this city.

The funeral, which will be private, will be held Thursday afternoon at 3 o'clock from the late home in West Second street.

KEEFE ARRESTED.

Last of Quartette Indicted for the Highway Robbery of Jacob Goodmeyer—Found at Scotch Plains.

Thomas Keefe, the last of the quartette indicted by the Grand Jury for committing highway robbery on Jacob Goodmeyer several months ago, was arrested at Scotch Plains, yesterday. He was found by Roundsman Flynn and Patrolman Overbaugh at the home of his sweetheart.

He was locked up and this morning gave his version of the affair. It differed materially in many respects from those given by his companions. Bail will be procured for him from Judge Vail today and if it can be arranged, he will appear for trial before the present team of court.

Two of the other men implicated in the crime, Patrick Lawlor and Austin Gulick, have pleaded non vult and will shortly be sentenced. The fourth man, John Newman, has not been tried.

HINTS IN THE ART OF BUILDING A HOME

Fifth Exhibit at the Public Library Was Held Saturday and Sunday Afternoons.

EXPERTS IN CHARGE.

MANY VALUABLE WORKS ON THE SUBJECT DISPLAYED AND EXPLAINED.

Interior Decorations Were Illustrated by Pictures and Reproductions—Those Who Assisted in Explaining the Exhibits.

Practical and beneficial hints in the art of building a home and beautifying the interior afterward formed the basis of the Public Library's fifth exhibit, held Saturday afternoon and evening and yesterday afternoon.

The value of the exhibit was greatly enhanced by the attendance of specialists thoroughly conversant with the subjects. These were in reality, "Domestic Architecture and House Decorations and Furnishings." The former was in charge of Architect Edward V. French, of this city, and Evarts Tracy, of New York. They referred the visitors to the best works on various branches of the subject and then by their thorough practical knowledge of the drawings and designs imparted ideas which greatly assisted in comprehending the author's ideas.

Most of the books shown in this department belong to the Babcock Scientific library and are not always accessible to the public, by reason of their great value. Some of the authors are Viollet-le-Duc, the great French architect, H. H. Stratham, William Fergusson, Reginald Bloomfield, Edward S. Prior and Russell Sturgis. Mr. French strongly recommended to the visitors for valuable information, Sturgiss, "Dictionary of Architecture and Building," John Beverly Robinson's "The Principles of Architectural Composition" and Kidder's "Pocket Book of Building."

The interior decorations for homes and tapestries were illustrated mostly by pictures of exhibits at international fairs and reproductions of interiors of some of America's celebrated homes. There were numerous designs of Colonial homes and their fittings in Virginia and New England.

Olaf Saugstad assisted by Mrs. Saugstad, both experienced wood carvers, who were in charge, were enabled to direct attention to the minute detail and intricate work in old style carvings, which would otherwise have escaped notice. Many of the plates were in colors and were facsimiles of those shown at the Paris and Pan-American fairs.

The sixth exhibit will be held next month but the subject has not yet been decided upon.

REMARKABLE INCREASE.

Shown in Annual Statement of the Prudential Insurance Company.

No other life insurance company whose age is the same as The Prudential's has ever made such an increase in its business in any one year as has been shown by The Prudential Insurance Company of America for the year 1901. Over $273,000,000 of life insurance was written and placed, making the total amount of insurance in force over $703,000,000. Big increases are shown in the amount paid to policy-holders; in the assets of the company; in the yearly income; and in the surplus of assets over liabilities.

Altogether, the first year of the new century was a most successful one for The Prudential. It is quite clear that such results have been achieved only by the most vigilant management and the most upright and honorable business methods in carrying out the work of providing life insurance protection for the people. Write to the home office of the company, Newark, N. J., for information concerning its policies, which furnish guaranteed protection to the family, as well as dividends to the policy-holder.

Funeral of John S. Smalley.

The funeral of John S. Smalley, who died Friday, will be held from the residence of his sister, Mrs. David K. Vail, of Plainfield avenue, tomorrow afternoon at 2 o'clock.

WORKING TO UNITE CITY AND BOROUGH

Former Mayor Saunders Talks Concerning the Proposed Consolidation Bills.

REASONS FOR PASSAGE.

MR. SAUNDERS SAYS THAT BOTH CITY AND BOROUGH HAVE MUCH TO GAIN.

Great Mistake Was Made When the County Line Was Originally Laid Out—No One Yet Selected to Introduce the Measure.

"In union there is strength. It is an institution of the times and the tendency in all parts of the world is toward consolidation." These were words spoken earnestly by Former Mayor Willaim L. Saunders, of North Plainfield, to a representative of The Daily Press. Saturday evening, when the latter was questioning Mr. Saunders regarding the proposed movement to annex the city and borough.

As everyone knows, Mr. Saunders has for a long time past been enthusiastic over consolidation and he and Phillip V. R. VanWyck, of this city, have now planned to bring the question before the Legislature at the present session. The representative for The Press was anxious to know something of the movement on foot and he found the genial boroughite willing to talk.

Mr. Saunders said that the idea is to bring the matter together in concrete form and advance it along the line of a community of interests. He felt as though the tradespeople of both city and borough should interest themselves largely in the movement and help to make it a success. Regarding annexation, Mr. Saunders said that the question of sewage for the borough is a serious problem that could be easily solved in case of annexation. He believed that consolidation would make more simple many difficult problems. The only visible separation is the geographical line, for the people of borough and city attend the same churches, schools and in many ways their interests are identical.

Continuing, Mr. Saunders said, "The borough needs more school facilities and this will have to be provided for by the taxpayers. If the two municipalities should be consolidated more room could be secured at a less expense. Then the fact that Somerset county is one of the largest counties in the State it would be a small matter to take off the borough end and unite it with the city. As a matter of fact a mistake was made in establishing the dividing line. Instead of it being where it is now it should have been established at Stony brook. This would have brought North Plainfied into the territory where she rightfully belongs."

"What do you think of the borough's representation in the Common Council if the two places are annexed?" was asked.

"Well, the borough would fare equally as well as any part of the greater Plainfield. It would be to the best interest of the governing body not to neglect any single part of it. The representation would be by wards. We have a population of nearly 5,000 as against Plainfield's population of 20,000 and it would mean that we would have to send the best men available to represent us in the Council. There is no doubt but that under consolidation the interests of the whole community would be better served.

"As to representation we find that in the United States Senate the smallest States and territories have as much representation as the largest and their interests do not suffer. It is simply a case of where the smallest territory receives as much consideration as the largest and the benefits are just as much in proportion to the needs."

Mr. Saunders said that as yet it had not been decided who would present the proposed measure in the Legislature. No one had yet been selected to do that part of the work. He talked very enthusiastically on the subject and gave one the impression that a determined effort will be made to unite the two communities.

WORLD ALMANAC.

The Edition for 1902 is More Complete Than Previous Issues.

The World Almanac should occupy a prominent place in every progressive American household. The 1902 edition is more complete than any of the former ones. It contains facts on many subjects that have recently been brought to the public notice and which every up-to-date person should have at his fingers' ends.

Among the features of the 1902 Almanac are:

The millionaires of the United States—a list giving the names of nearly 4,000 Americans who possess over $1,000,000. The great American trusts; full particulars of 163 leading industrial organizations. Organized labor; enlarged statistics of the strength of labor unions and the present condition of the labor movement. The Nicaragua canal and the Hay-Pauncefote treaties with Great Britian. Progress of aerial navigation in 1901. Complete United States census. Anarchist statistics of the United States and Europe, etc., etc., to the extent of over 1,000 topics.

The 1902 World Almanac and Encyclopedia is on sale by all newsdealers throughout the country for 25 cents. When ordered by mail 10c. extra for postage must be inclosed to The World, New York.

—There will be initiation at the meeting of Martha Washington Council, Daughters of America, tomorrow evening.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. L. W. Randolph.

COLUMN FOR THE SHOPPERS

SOME OF ATTRACTIONS TO BE FOUND AT LOCAL STORES.

A Few Interesting Items Concerning Greater Plainfield's Merchants

Don't wait for Easter to come around before you purchase cut flowers. They're just as beautiful now, especially those at C. L. Stanley's on North avenue, near the station.

Superiority makes demand. That's why Wilson's sausage, made from Jersey pork, is sold so rapidly. It's all in the knowing how to make it, not in the selling. W. W. Wilson, the West Third street grocer.

Candy, pure, good and sweet and always fresh at Fowler's candy kitchen. Everything in the confection line and at prices that place them within the reach of all. Visit the working department and see the goods made.

A remnant is often a handy thing to have about the house and when you can buy these remnants at half-price it pays to grasp the opportunity. Crosby & Hill are now offering remnants in all kinds of goods at just half the regular price.

Powlison & Jones have just arranged for display a large new shipment of furniture. It combines everything needed for beautifying a home. Special prices are being offered in a number of articles and will be quoted on visiting the store.

The Sorosis shoe is considered by many women to be the acme of perfection in shoes. John H. Doane sells this make in many styles and sizes, also the best brand of rubbers. If you object to rubbers he can sell you water-tight leather shoes.

Harry Werner, the West Front street clothier, has inaugurated his mid-winter sale of overcoats. This is an annual event at his store and in the past has always been taken advantage of by the Plainfield public. Never were better opportunities for coats offered than this year.

THEATRICAL.

The advancing theatrical season brings a continuation of remarkable prosperity to the Proctor theatres in New York city, Newark, Albany and Montreal.

Proctor's Newark, which opened with a boom, has continued to play to tremendous business. The best attractions known to vaudeville are presented, with a complete change of bill weekly. The daily matinees are patronized by women and children almost exclusively, and the night houses are invariably limited only by the capacity of the house. Popular prices for the best grade of entertainment is making Proctor's the most prosperous theatre in Newark.

Proctor's four theatres in New York City are enjoying a remarkably successful season. The continuous vaudeville presented at the Twenty-third Street is of the best available, and large business rules at all times. The Proctor Stock Company is the chief attraction at the Fifth Avenue, Fifty-eighth and One Hundred and Twenty-fifth Street, presentations of the best comedies being the rule. Vaudeville is interlarded between acts, and the combination of the drama with variety is still a decidedly popular form of amusement.

The Proctor Stock Company is presenting many celebrated plays, along with revivals of old comedies. The plays of the late Charles H. Hoyt are now in hand and the full repertoire will be presented. Clay M. Greene has been secured to write travesties on current dramatic successes, and will devote himself exclusively to the service of Manager Proctor for the remainder of the season. A special branch of the Proctor Stock will present these travesties and the innovation will be made a feature in the Proctor entertainments.

CITY JOTTINGS.

—A. E. Giddis and family, of Bound Brook, will shortly remove to No. 40 Grandview avenue.

—The Rasores Club will meet tomorrow morning with Mrs. Edward Gilbert, 126 Crescent avenue.

—Harry Silverstein, formerly of the Union Furniture Company, will soon take up his residence in New Brunswick.

—It is expected that one candidate will be initiated at the meeting of Franklin Council, No. 41, Jr. O. U. A. M., Thursday evening.

—Attention is called to the Y. M. C. A. advertisement in which particulars are given about the entertainment to be given in the Star Course, Saturday evening, Feb. 22.

KILLED HIS MOTHER.

Fearful Rites Inaugurated by a Sect of Religious Cranks.

Young Man from America Beats Woman Who Gave Him Life to Death—Crazy Mystics in Germany and Bosnia.

The Berlin correspondent of the New York World writes that about a year ago a young man named Kaschke hastened to his home in the village of Datten, an hour's journey from Berlin, from the United States to inform his family of the approaching end of the world. His father, a well-to-do farmer, had always been a religious man, with leanings toward the mystical in religion. He was a member of the rational church until the return of his son.

The young man while in America had associated himself with a number of semi-mystical bodies, the chief tenet of which is that the end of the world is at hand. Being persuaded of the approach of the second advent, he believes it to be his duty to assist his relatives in preparing for the coming of Christ.

The young man found his relatives in perfect readiness to accept his peculiar views. Recently they assembled at the Kaschke home, divested themselves of nearly all their clothing and began to chant litanies and psalms. The neighbors saw them dancing about and careering like maniacs across the farmyard.

They had resolved to take no food until Christ came, and young Kaschke said that those who felt the pangs of hunger first were those whom God had not elected. Besides the farmer, his wife and son, there were two other grown children, a maid servant and four peasants.

Frau Kaschke sank from want of food after four days, and her husband and son began to exorcise the evil spirit they said possessed her. They danced about her and struck her madly with their fists until the wretched woman fell dead on the floor, covered with blood. The blood gave unmixed satisfaction to the eight maniacs in the room with her. When they saw it

HEAD OF THE MONASTERY.

flow they sank on the floor beside her, murmuring feebly their litanies and giving thanks that the poor woman had at last been accepted, "for without shedding of blood there can be no remission of sins."

In this state of religious ecstacy they were found by the village authorities, who broke open the doors and carried them off, shrieking and wailing, to the village lockup. Here they were handcuffed and chained and marched by six armed gendarmes to the lunatic asylum.

In the village of Sinan-Tekiya, in Bosnia, a singular oriental sect, an offshoot of the Greek church, has a monastery. For years the greatest secrecy was observed by the 20 monks who lived there with regard to their ritual and religious observances, but the government has at last insisted upon knowing all, with the result that the monks at Sinan-Tekiya have been revealed as a fanatical sect of madmen closely resembling the Mahometan dancing dervishes.

Twice every week they have a solemn service. The monks sit on the floor in the half light of the evening under the dome of the great hall of the monastery. The abbot, in a long black "caftan," stands in the midst and recites prayers. One after the other the monks rise from their places and begin to sway their heads backward and forward like a pendulum, emitting with every motion forward a deep groan.

In unison they then begin to sing the creed, at first slowly, but gradually increasing the time until it is a wild gabble, accompanied by furious bendings backward and forward, forward until the tips of the fingers touch the ground. Drops of sweat begin to appear on their foreheads, and as the intensity of their emotion increases, they begin to turn round, at first slowly, but rapidly increasing in quickness until giddiness sets in, and, pale and sick, they fall to the ground one after the other.

More Wealth Than Sense.

A coy maiden of 73, with more wealth than sense, a resident of Johnsville, N. Y., advertised for a matrimonial partner, and began a correspondence with a man of 45 in Omaha. They agreed to be married, and she went to his home with the expectation of wedding him there. He insisted that before the ceremony she should transfer most of her property to him. She refused, and returned to her home a disappointed old lady.

NEW UPRISINGS.

Venezuelan Government Threatened From the Interior.

WILLEMSTAD, Curacao, Feb. 17.—Bad news for the Venezuelan government has been received here from the interior of the country. There have been new and numerous uprisings in the state of Carabobo, whither the government has sent a number of soldiers.

There were two engagements Saturday near Vela de Coro between the government forces and the revolutionists under the command of General Riera. The government forces were completely routed in these engagements, and a detachment of them passed over to the side of the revolutionists.

General Riera has issued a revolutionary proclamation from Sauca, dated Feb. 14. Sauca is a village situated to the east of and not far from Vela de Coro. There are quite a number of government soldiers in the neighborhood of Vela de Coro, but these are principally composed of boys from fourteen to fifteen years of age.

President Castro's government at Caracas has just issued a decree ordering the expulsion from Venezuela of Mrs. Matos, wife of General Matos, the leader of the present revolution against Castro.

RHODE ISLAND COAL.

Discovery of Extensive Deposits Near Providence.

PROVIDENCE, R. I., Feb. 17.—This city may yet become the center of great coalfields if the statements of the "prospectors" who have announced the presence of an extensive coal bed on a farm in Auburn is true.

Machinery will be installed and active work on the beds commenced in the spring. A company proposes by the aid of chemicals to form the coal into brick shaped masses of fuel such as is said to be in use in Virginia and in England.

The coal land extends from Reservoir avenue to the Sockanosset School For Boys.

Will Try to Free Brodie.

BAYONNE, N. J., Feb. 17.—Mayor Egbert Seymour of this city has been elected president of the Edward M. Brodie Relief association. Over a hundred prominent residents of Bayonne were present at a meeting, and a committee was appointed to consult Congressman McDermott of New Jersey as to the best means of obtaining the release of Brodie, who is confined for life in the penitentiary at Fort Leavenworth, Kan. Brodie, after serving through the war with Spain, enlisted in Troop C, Third United States cavalry, for service in the Philippines. He was mentioned for meritorious conduct in both Cuba and the Philippines. One night he and a man named Coffey, who is also serving a life sentence at Fort Leavenworth, were just outside the camp near Manila when a Filipino girl was shot and killed. They were accused of the crime and convicted. Brodie claims that his trial was unfair, that his witnesses were not heard and that he had nothing to do with the killing.

Evangelist Needham Dead.

PHILADELPHIA, Feb. 17.—Rev. George Carter Needham, the noted evangelist, died suddenly of neuralgia of the heart yesterday at his home at Narberth, a suburb of this city. He returned last week from a three weeks' evangelistic campaign through Tennessee and expected shortly to go to Chicago to preach. Mr. Needham was born in Ireland about sixty years ago. At twenty years of age he gave up a promising business career in Dublin to become an evangelist. He toured England and Ireland until 1868, with fruitful results, and then came to Boston. He did pastoral work in Chicago and Canada several years, but the greater part of his life was spent in constant movement from one part of the country to another.

Andrews Stays In Jail.

DETROIT, Mich., Feb. 17.—Frank C. Andrews, who was arrested for the second time Saturday on a warrant charging him with misappropriating the funds of the City Savings bank, which is now in the hands of the state bank examiner, spent Sunday in a cell in the county jail. No one was allowed to see him but his attorneys, although several of his friends called. The announcement that the one time reputed millionaire and former political boss was actually behind the bars brought many curious ones to the vicinity of the jail. They did not get a glimpse of the prisoner, and they were obliged to be satisfied with a look at the gray walls of the building. At present there is no indication that bail will be secured.

Mexican Town In Terror.

CHILPANCINGO, Mexico, Feb. 17.—Great alarm still prevails here over the discovery of seven small openings in the mountain between this city and Chilapa, from which smoke is pouring, it being feared that the city is in danger of a greater peril than that recently experienced. The terror of the inhabitants was added to by an earthquake that occurred between 1 and 2 o'clock yesterday morning which was severe enough to awake the entire city from slumber.

EATEN BY CANNIBALS

Terrible Experience of French Scientists In New Guinea.

TWENTY-FIVE WERE MASSACRED.

Survivor of the Party Tells of the Midnight Attack—Tied to a Tree He Saw One of His Companions Roasted.

PARIS, Feb. 17.—La Patrie publishes a letter received from its correspondent, M. Rouyer, a survivor of the massacre of a French scientific mission by cannibals at Sileraka, New Guinea, Jan. 1. M. Rouyer relates that the yacht Salvatti, with the mission on board, had anchored off the coast of New Guinea and that a number of the explorers landed. After an apparently friendly reception from the natives the latter treacherously attacked them during the night, murdering twenty-five of the party, including Baron Villars, Count de St. Remy and MM. Hagenbock and Vries, and wounding thirty-three, including the writer of the letter, M. Rouyer, the chief of the mission, and another Frenchman named Reimer. M. Rouyer writes:

"We were all sleeping peacefully when there was a great uproar, and we were attacked by hundreds of natives carrying torches. Several of us were felled to the ground with clubs, hatchets and spears. Others were overpowered, carried away and bound to trees. I was among this number. I received a blow on the head from a club and fainted. When I recovered consciousness at 5 o'clock in the morning, I found myself tied hand and foot and surrounded by savages, who, believing me to be dead, were keeping me for themselves. I saw the body of Baron Villars near me bound to a tree. His body was naked, his head had been split open, his eyes had been gouged out, and his groin was horribly mutilated.

"The Count de St. Remy had been decapitated and his head stuck on the end of a spear as a trophy. M. Hagenbock was spitted on a bamboo and being roasted over a fire. The savages were about to cut him up. I waited my fate. I was afraid to move. My head hurt me dreadfully. All around me the ground was strewn with corpses.

"Suddenly a great clamor arose, followed by a fusillade. I opened my eyes and saw Dr. Foriter and the remainder of the mission from the yacht firing on the cannibals. I shouted, and the rescuers ran to me and cut the bonds which bound me to the tree. The cannibals fled, leaving thirty-two dead. The clothes of M. Vries were found, but his body was missing. He had evidently been devoured by the savages during the night."

Railway Accident at Rochester.

ROCHESTER, N. Y., Feb. 17.—A freight train crossing from the Buffalo, Rochester and Pittsburg tracks to No. 3 track on the New York Central at Lincoln Park was struck and cut in two by the eastbound Continental limited on the West Shore. Both the engineer and fireman on the limited jumped before the collision. Engineer Nichol of this city escaped injury, but his fireman, F. Eitzel of Buffalo, sustained a dislocated shoulder. Fireman Charles Twist of Rochester had an arm broken. These were the only persons injured. Three freight cars were reduced to kindling wood, and the engines of the limited and the freight were completely wrecked. The limited was four hours late and was running at top speed in an endeavor to make up some of the lost time.

Four Perish In Snowslides.

LEWISTON, Ida., Feb. 17.—A miner just arrived from Warrens brings news of the death of three men who were caught Saturday in a snowslide near the head of Smith gulch, on the route to Thunder mountain. The victims were Bert Tules, J. S. Campbell and B. M. Skyles of Weiser, Ida. Arid Williams of Wetson and A. Meyers of Boise were the other members of the party, but they escaped death. From Buffalo Hump comes the news that Ben Hamilton lost his life in a snowslide last Wednesday. Hamilton was caught in an avalanche of snow about a mile wide.

Ohioans Visit Fort Sumter.

CHARLESTON, S. C., Feb. 17.—Mayor Fleischman and the Cincinnati party had a harbor excursion yesterday. They landed at Fort Sumter, and the band played the "Star Spangled Banner" on the ramparts; thence the steamer carried them to the site of the naval station on Cooper river and to the exposition, on Ashley river. A feature of the excursion was an address by a battle scarred ex-Confederate, Colonel James Armstrong, harbor master of Charleston. At night the party left here for Cincinnati via Atlanta and Chattanooga.

Two Killed at a Crossing.

CHESTER, Pa., Feb. 17.—A. D. Blair, aged fifty-eight, and his son, Charles R. Blair, aged thirty-six, of Fairview, Delaware county, were killed near this place by an express train of the Baltimore and Ohio railroad, the train striking the carriage in which they were driving. The train did not stop until it reached this city, a mile from the scene of the accident, and both bodies, with fragments of the carriage, were then taken from the pilot of the engine.

Tennessee Town Burned.

NASHVILLE, Tenn., Feb. 17.—About two-thirds of the business portion of Woodbury, Cannon county, was burned last night, the loss being estimated at from $50,000 to $75,000. The fire forced the long distance telephone operators to move out, and details are meager. The origin of the fire is unknown.

FOR A PACIFIC CABLE

Measure Reported Favoring Government Ownership.

RECOMMENDED BY GENERAL GREELY.

Annexation of Hawaii and Acquisition of Philippine and Other Islands Requires Rapid Means of Communication.

WASHINGTON, Feb. 17.—The report filed today by the house committee on interstate and foreign commerce recommending the passage of the bill introduced by Representative Corliss providing for government ownership of a Pacific cable says that the United States by the annexation of Hawaii and the acquisition of the Philippines and other islands through the ratification of the Paris treaty assumed the responsibility of maintaining peace in the Pacific ocean. This obligation, the report, which was prepared by Representative Corliss, the author of the bill, says, was deliberately undertaken by this country and approved by the united voice of the people. It adds:

"The future peace and prosperity of these islands will largely depend upon the facilities extended by our government for the advancement and enlightenment of the people there. If we are to continue in control of these islands, the people must be made to understand the character and purpose of our government and to feel the benefits of enlightened civilization and American liberty. This can be accomplished through the medium of cable communications. The advancement of our own people and the benefit of rapid communication through the telephone, telegraph and railway lines illustrate the advantages and the progress that may be achieved through cable messages."

Regarding government ownership of cables, Mr. Corliss says that England for fifty years has been constantly acquiring, by purchase and construction, cable communication with her vast possessions until she has expended upward of $100,000,000 for this purpose and operates her own cables connecting her colonies. England is now constructing a Pacific cable from Vancouver, B. C., to Australia at a cost of nearly $9,000,000 and, in order to give her tradesmen and manufacturers the benefit of this communication at the least possible expense, has fixed a rate of 2 shillings, or 50 cents, per word for cable messages from Vancouver to New Zealand.

"France, Germany and other nations are not sleeping upon their rights, as the people of the United States have been," comments Mr. Corliss, "but are establishing government telegraphic communication with their respective possessions."

"I therefore contend that the Pacific cable should be owned, controlled and operated by the government of the United States. It should be made by an American manufacturer, laid by an American ship under the American flag and operated at actual cost for the dissemination of knowledge, the proper direction of our army and navy and the advancement of our trade and commerce in the Pacific."

GENERAL GREELY'S OPINION.

General Greely, chief of the signal service of the war department, who has charge of the telegraphic lines owned by the government and who has given the subject careful consideration and constructed several hundred miles of cable under the control of the war department, the report says, estimates the entire cost of a Pacific cable, including ships and all possible contingencies, at $10,000,000 and places the annual expenses at $525,000. His judgment is confirmed by the opinion of Rear Admiral R. B. Bradford, chief of the bureau of equipment of the navy. A complete survey has been made by our navy at the expense of at least half a million dollars to our people and a route established extending from California to Hawaii, Guam, Wake or Midway and the Philippine Islands. There is no longer any doubt as to the practicability of this project from a technical and engineering point of view.

In conclusion the report says: "Every part of the world has been enlightened by cable lines except the Pacific ocean. This vast body of water, under the control of our own government, seems to be the one dark spot upon the face of the earth, and for the want of a cable the gem of the Pacific, the Hawaiian Islands, a part of our own country, are left in darkness seven days behind the rest of the world."

The vote authorizing a favorable report on the bill stood eight for and seven against. Two members, Mann and Davis, favorable to the bill, were absent, and since then two of the members, Lovering and Wanger, who voted against the bill in the committee, have signed the report in favor of the passage of the bill.

A Bridegroom Stricken.

CHICAGO, Feb. 17.—Edward McFarland, a leading resident of Hawaii and proprietor of the Royal Hawaiian hotel at Honolulu, is dead at the Auditorium hotel from acute pneumonia. Mr. McFarland was married but two weeks ago to Miss Florence Ballinger of San Francisco. The couple were on their way to New York on their wedding tour when Mr. McFarland contracted a severe cold, which developed into pneumonia. The body will be taken to San Francisco for burial.

Friendly Treaty Signed at Madrid.

MADRID, Feb. 17.—The queen regent signed the treaty of friendship with the United States today. General Weyler, the minister of war, will submit to the cortes a proposal to reduce the Spanish army by four army corps.

BRITISH TRAPPED.

Twelve Killed and Half a Hundred Wounded by Cunning Boers.

PRETORIA, Feb. 17.—One hundred and fifty mounted infantry men while patrolling the Klip river south of Johannesburg Feb. 12 surrounded a farmhouse where they suspected Boers were in hiding. A single Boer broke away from the house, and the British started to pursue him. The Boer climbed a kopje, the British following.

Immediately a heavy fire was opened upon them from three sides. The British found themselves in a trap and in a position where they were unable to make any defense. Eight of the British officers made a gallant effort and defended the ridge with carbines and revolvers until they were overpowered.

The British had two officers and ten men killed and several officers and forty men wounded before the force was able to fall back under cover of a blockhouse.

Another Reverse.

LONDON, Feb. 17.—Lord Kitchener, in addition to reporting the Klip river affair, says, "A party from the South African constabulary line, on the Waterval river, encountered Feb. 10 a superior force of the enemy near Vantondersbek and was driven back, with loss." In a dispatch from Amsterdam the correspondent of The Daily Mail says Mr. Kruger expects favorable results from the tour in the United States of Messrs. Wessels and Wolmarans and that they intend to exploit the diplomatic disclosures in the matter of the Spanish-American war dispute.

Sailed Feb. 14.

THE HAGUE, Feb. 17.—Messrs Wolmarans and Wessels sailed for New York on board the Holland-American line steamer Rotterdam from Boulogne Feb. 14. Their trip to the United States was decided upon at a conference held in the house of Mr. Kruger Feb. 12. Messrs. Wolmarans and Wessels intend to tour the United States in the interests of the Boers.

Shipwrecked Crew Saved.

GALVESTON, Tex., Feb. 17.—The Head line steamer Torrhead has arrived in port, with a shipwrecked crew of eighteen men of the ship Helene, which went to pieces in a hurricane on Feb. 3 in latitude 37.13 north and longitude 40.43. Captain H. Kohlsadt, master of the vessel, is included in the rescued crew. The Helene left New York for Liverpool on Jan. 19, with a cargo of naphtha valued at $30,000. On the morning of Jan. 31 the ship encountered the hurricane, and for three days the crew struggled to keep the ship afloat. Five of the crew succumbed to exhaustion before the end of the second day. For thirty-eight hours the eighteen men aboard worked without food, pumping the water from the hold. The food that escaped the water was saturated with naphtha. The Torrhead, having steered 120 miles out of its course to avoid the hurricane, came across the Helene, which was sinking rapidly.

New York's Legislature.

ALBANY, N.Y., Feb. 17.—This week's legislative calendar includes the Stranahan mortgage tax bill, the corporation tax bill, the Brackett justices' bill, the Cox automobile bill and the Trainor bill legislating against child insurance. A conference of legislative leaders will be held on the Stranahan mortgage tax bill, and it is probable that some agreement will be reached on it in time for action tomorrow. The tax bill is at present on the list of general orders, and its reading will certainly provoke a lengthy debate in the senate.

One of the Twins Dead.

PARIS, Feb. 17.—The Hindoo twin named Dordica, who was separated from Radica by an operation Feb. 9, died suddenly yesterday in convulsions due to the advanced stage of the tuberculosis from which she suffered. The twins appeared to improve during last week and passed their time playing happily with toys. The death of Dordica has been concealed from Radica, who is making excellent progress.

Suicide at Michigan University.

ANN ARBOR, Mich., Feb. 17.—Albert C. Klein of Chicago, a student in the University of Michigan, committed suicide by taking prussic acid. This is the second suicide among the university students within the last two weeks. No reason is known for Klein's act. He left a note saying his life was a failure, but giving no reason why.

Emery Wheel Plant Burned.

SPRINGFIELD, Mass., Feb. 17.—The factory of the Hampden Corundum Wheel company has been destroyed by fire, causing a loss of about $50,000. The blaze was caused by a overheated brick kiln used for baking the emery wheels.

Eight Killed In Naples Collapse.

NAPLES, Italy, Feb. 17.—It is reported that eight persons were killed by the collapse of two mansions in the Via Calderari. Several of the bodies have been extricated from the ruins.

CONDENSED DISPATCHES.

A storm in Georgia furnished snow, rain, sleet and thunder. In Atlanta there was sleighing in the principal streets.

There was a renewal of the rioting in Triest, and the troops again fired on the mobs, killing three persons and wounding others.

The British army estimates showed a decrease of 30,000 soldiers on the pay rolls in South Africa and a decrease of £23,300,000 in the expenses.

Three hundred bodies have been recovered from the ruins of Shamaka, the transcaucasian town which was destroyed by an earthquake, and there are believed to be hundreds more under the wreckage.

EXPLOSION VICTIM DEAD.

Thousands View Wreck of Gould Home In West Brookfield, Mass.

WEST BROOKFIELD, Mass., Feb. 17.—The wreck of the Gould house has attracted thousands of curious people. The medical examiner has made his report that the explosion was due to illuminating gas generated on the premises. He holds no one responsible and says there is no necessity for an inquest. He found that Mrs. Fanny Gould and Mrs. Tomblen were killed outright, although their bodies were badly burned afterward.

Miss Margaret Leahy, the domestic in the employ of the Goulds, who was badly injured in the acetylene gas explosion at Mr. Gould's home Saturday night, has died in St. Vincent's hospital in Worcester. Miss Leahy suffered intense pain from burns on her lower limbs and body and was not moved immediately after the accident for fear of death.

A Springfield dispatch says that T. Elmer Gould of West Brookfield, who is at the Springfield hospital, suffering from serious injuries as a result of the explosion of illuminating gas, which killed his wife and a neighbor and wrecked his home, will recover.

The residence wrecked by the terrific explosion was one of the handsomest in the town and valued at over $6,000, being furnished to the value of fully $3,000 more. The house and furniture were insured.

Ireland on Anarchism.

CHICAGO, Feb. 17.—In the name of liberty itself Archbishop Ireland of St. Paul demanded the passage of federal laws for the suppression of anarchism, the enemy of liberty. Speaking at the monthly dinner of the Merchants' club, the archbishop specified three kinds of legislation to this end, each of which he regarded as essential to the welfare of the country. By the first anarchist immigrants must be excluded; by the second the life of the chief executive must be effectually protected; by the third the formation of plots on American soil against the lives of foreign rulers must be prohibited. And since congress has no authority for such legislation the archbishop said unhesitatingly, "Let the constitution be so amended that this authority be allowed it beyond a doubt."

Daughters of American Revolution.

WASHINGTON, Feb. 17.—The eleventh continental congress of the Daughters of the American Revolution opened today and will continue throughout the week. The attendance is very large, there being over 800 accredited delegates. A number of important matters are to come up for consideration. One of the important questions is how the large representation in the congress may be advantageously reduced. Fifteen amendments to the constitution and three to the bylaws are to be discussed, and an editor and business manager for the magazine are to be elected. The total membership of the order is about 40,000.

To Reopen B. and O. Shops.

CINCINNATI, Feb. 17.—The shops of the Baltimore and Ohio Southwestern Railway company at Washington, Ind., which have been closed for three weeks on account of a strike inaugurated because the railroad company discharged about thirty laborers for whom it was claimed there was no longer any work, will be reopened this week. About 600 men were employed in these shops, most of them skilled workmen, but it seems doubtful if the entire force will be reinstated at once. No explanations are given out, but it is understood that not the slightest concession was made to the men.

Count de Lucenay's Conviction.

DALLAS, Tex., Feb. 17.—Count de Lucenay, who has just been convicted of bigamy in El Paso, was arrested here two weeks ago in company with Miss Ruby Luckhart of Los Angeles, Cal., whom he had married at El Paso Jan. 2 of this year. De Lucenay, it was alleged, already had a wife in California, but his arrest was made on the charge that he had given false testimony as to Miss Luckhart's age. De Lucenay claims to be an Indian count, with large possessions near Calcutta. Miss Luckhart is said to own considerable property in Mexico and California.

The Prince Leaves Cherbourg.

CHERBOURG, France, Feb. 17.—The Kronprinz Wilhelm arrived in the roadstead at 8:40 last evening after a pleasant voyage from Southampton. The weather was splendid, and there was no wind. The steamer stayed here but a short time, during which the band played selections from various works. The Kronprinz Wilhelm resumed her journey for New York at 9 o'clock.

Fatal Rear End Collision.

LITCHFIELD, Ill., Feb. 17.—Two persons met death and five were injured in a rear end collision between the Diamond special of the Illinois Central railroad and a freight train at a point five miles north of Litchfield. The collision was remarkable in that the fast passenger was ahead of the freight and that both trains were moving.

Deep Snow In North Carolina.

CHARLOTTE, N. C., Feb. 17.—Another snowfall has begun in this city and still continues. The weather bureau says the snow of Friday was sixteen inches, the deepest on record. Railroad schedules are badly out of order.

BATANGAS CLEARED.

General Bell Reports Effective Work In That Province.

MALVAR IS BECOMING UNPOPULAR.

It Is Thought That When the Native Filipinos Cease to Fear His Vengeance He May Be Betrayed.

MANILA, Feb. 17. — General J. Franklin Bell has practically cleaned up the insurrection in Batangas province, the troops, under his command having made a clean sweep of the district. It is not believed that all the insurgent arms have been captured or surrendered, but that a number of them have been taken by the insurgents to other provinces or safely hidden. The increase of robber bands in the provinces of Tayabas and Cavite show the effects of the drastic measures adopted in Batangas and Laguna provinces. General Bell says the people of these latter provinces never realized the terrors of war until they personally experienced its hardships, owing to the closing of the ports and the concentration of the natives in the towns. General Bell believes that the insurgent leader Malvar is becoming exceedingly unpopular with the Filipinos and that when the natives cease to fear his vengeance many will be found who are willing to betray him.

What has been said of Batangas province applies almost equally to Laguna.

The United States transport Wright, which sank in fifteen feet of water Nov. 28 last by striking an uncharted rock at the entrance of San Jacinto harbor and which was successfully raised this month, has arrived at Cavite in tow of the gunboat Wompatuck. The Wright has six holes in her bottom, which have been temporarily patched. She will be drydocked immediately.

Four Killed In Railway Collision.

MARSHALLTOWN, Ia., Feb. 17.—Four lives were lost in a head on collision on the Iowa Central railroad one mile north of Gifford yesterday, when a light engine northbound crashed into a passenger train. The dead are Wallace Frew of Keithsburg, Ill., engineer of the light engine; John White of Oskaloosa, engineer of the passenger train; Frank Patton of Marshalltown, fireman of the light engine, and Elmer Ogle of Marshalltown, fireman of the passenger engine. The wreck evidently was caused by Engineer Frew being mistaken as to the time or failing to remember the existence of the passenger train, which he should have passed at Gifford.

The Sick Boys' Sunday.

GROTON, Mass., Feb. 17.—The three sick boys in the Groton school infirmary had a very quiet Sunday and from a medical point of view a satisfactory one, although in the morning there was some uneasiness about Howard Porter. Dr. L. C. Shattuck of Boston was recalled by Dr. Warren for consultation in his case, and later it was stated that Potter had not had a setback, but simply a spell of restlessness. Theodore Roosevelt, Jr., and William Gammell, Jr., continued to show much improvement.

Employers of Negroes Warned.

VINCENNES, Ind., Feb. 17.—At Wheatland, this county, there is a negro settlement. The negroes work for white farmers. All are quiet and inoffensive, but there is a prejudice against them. The following notice, signed "Firebugs," has been found and has produced a sensation: "Notice is hereby given that any man who employs negro labor after the 1st day of March or harbors, leases or rents lands to any negro their houses will be burned after the 1st day of April."

Twice Whipped by Castro.

PANAMA, Colombia, Feb. 17.—A government soldier who was a prisoner in the camp of the Liberal general Herrera made his escape and arrived here yesterday. He reports that last week an Indian chief named Lorenzo attacked the government forces under the command of General Castro at Agua Dulce and was defeated. Reenforced with 800 men sent by General Herrera, Lorenzo made another attack on Castro's forces and was again repulsed.

Convicted of Murder.

WEST CHESTER, Pa., Feb. 17.—William H. Pratt, who was on trial all of last week on the charge of murdering his wife, Emma, was convicted of murder in the first degree. Mrs. Pratt was found dead at her home on July 24 of last year. There were many stabs on her body, and her husband was arrested and charged with the crime. Pratt in his defense claimed that his wife committed suicide.

Let Out of Prison to Die.

SOMERVILLE, Mass., Feb. 17.—After serving seven years of a life sentence in the state prison at Charlestown Patrick Foley was pardoned from there by Governor Crane only to die a few hours after at the home of friends in this city from consumption. Foley was sentenced for the murder of Duroy Foster, a constable of Burlington, Mass., in September, 1894.

Dean Farrar Had a Fall.

LONDON, Feb. 17.—During a service in Canterbury cathedral Dean Farrar fell from a stall and sustained a bad scalp wound. He is, however, progressing favorably.

COMING EVENTS.

February 17—Illustrated lecture by Rev. W. C. Snodgrass, D. D., in Y. M. C. A. course.

GREATER PLAINFIELD.

With steady persistency, which bears telling evidence of the deep-seated feeling in its favor, the much discussed question of Greater Plainfield again comes to the fore. This time an important step forward is to be taken. The question is to be brought before the members of the State Legislature in an endeavor to secure from them the necessary authority to make the city of Plainfield and the borough of North Plainfield one municipality.

It is proposed to ask for the passage of two bills. One provides for the changing of the county line so that the borough of North Plainfield shall become part of Union county. The other makes the two municipalities one under the title of the city of Plainfield. There is nothing new in this idea. It has been discussed many times and the arguments pro and con carefully enumerated. It has never been brought before the Legislature however, and this will serve to see just how strong a support it can develop.

Even the most enthusiastic of the supporters of the measure admit that it may not be possible to get it through the Senate and Assembly this winter. They are going to make the attempt, however, and believe that they will have the support of a majority of the people of both city and borough.

The day is coming sometime when there will be but one municipal government in control of that which is now divided into city and borough. Such is sure to be the natural sequence of events. Every day the movement is gathering strength. It is the only reasonable and rational thing to do. The only question is how to do it. The present plans seems feasible.

After five years of faithful service, William Winans Moore has retired as lay reader of the Church of the Heavenly Rest and that parish, once an independent mission of the Episcopal church, is now under the control of the diocese. It is a step in advance for that parish but its ends a period which has been both enjoyable and profitable for the little band of workers who have labored there. Mr. Moore has served the mission as no one else has and its present prosperity is directly the results of his never ceasing efforts. In his work he has won the respect and love, not only of the other members of the parish, but of all those with whom he came in contact. The news of the conclusion of his work there will be received by all with great feelings of regret.

An eight-year-old boy was fatally injured on the street, Friday afternoon, and was taken to Muhlenberg Hospital to die. Although there was some question as to how the accident occurred and who was to blame, no one took the trouble to notify the police so that the affair might be properly investigated. Chief Kiely first learned of the case Saturday morning from a reporter in search of information. In a case of that nature, where there was the slightest question as to the responsibility for the death, the hospital authorities should certainly have notified the police without delay.

The Daily Press Bowling League's season for 1901-2 is over. It happens, however, that the teams from the Roselle Casino and the Westfield Club have both won the same number of games so that an extra series of three games will be required to decide just which club is to be entitled to the championship. The result of the extra games will be awaited with much interest.

It is welcome news to the lovers of good amateur sport that the local baseball teams are already beginning to talk of the coming season. It shows that the interest which was of such a healthy growth last season is still there and that Plainfield may look forward to a more successful season for the national game than it has seen for many a year.

During a period when a well-known patent medicine company did not advertise, owing to a reconstruction of its business, the sales decreased from 2,000 gross to 550 gross a year, relates the Philadelphia Record. In 1889 its advertising was renewed. Last year its expenditure for newspaper space was $800,000, and its business was enormous.

With the mosquitoes gone, New Jersey will certainly be the garden spot of the east. Let there be no delay in furnishing the funds to continue the campaign against that annoying little insect.

It would only seem fair to build the next school for North Plainfield on the Park side of the borough. The other side has its building now.

IN HIS PLACE.

Rev. C. E. Herring Preached on Need of Putting One's Self in Another's Place.

"Put Yourself in His Place" was the subject of the discourse given last evening at the First Presbyterian church by the pastor, Rev. Charles E. Herring, pastor. The text from which the pastor spoke was "Let not a man consider his own things, but also the things of others." The trend of the discourse was that Jesus Christ came to earth and put himself in the place of others, thus making redemption possible.

The speaker thought that it was the duty of a person to help his or her neighbor and to put himself in their place. He believed that during the coming century Christianity would mean more to everyone and it would even be a greater power unto salvation. He deplored a selfish spirit, one which would allow a neighbor or friend to suffer while there was plenty.

Mr. Herring spoke of sacrifice in its different forms, and said that in these times it was not necessary for one to cut off their arm to atone for a wrong act, yet the brave soldier who goes to war and loses an arm is sacrificing a great deal for his country. In conclusion the speaker urged all to have more charity for others and this he considered only possible by putting one's self in the place of another and not judging too harshly.

GREAT ORIENTAL RUG SALE

A stupendous display of Choice Oriental Rugs gathered from the different countries of the far east. The rugs are from Boyajian Bros., of 257 Fifth avenue, New York City. This firm consists of two brothers, one of whom remains in the old countries, taking advantage of special offerings in the rug line, and is thus enabled to secure many rare bargains. The other brother will personally superintend this sale which is being held in our Carpet Store. The showing is most comprehensive and includes Royal Silks, Kerman Shahs, Tabriz, Saraks, Sennahs, Bokharas, Shirvans, Kazaks, Dagistans, etc. A great variety of sizes is shown, ranging from 2 x 3 to the largest sizes made. A Royal Kerman Shah "Tree of Life" rug, one of the rarest in existence, is among the lot—a thing of rare beauty as well as a great curiosity. Some exceptional values in 11 x 14 rugs at $175 and $185, rugs that carpet houses get easily a hundred dollars each more for. The assortment is too large and too varied to describe in detail. We can simply invite all to visit this most interesting and edifying exhibit of the products of the Orient, assuring all of a most cordial welcome from Mr. Boyajian, who is a rug enthusiast and who considers it a pleasure to display his goods.

SUBURBAN NEWS

A Department Devoted to the Minor Events in Greater Plainfield's Suburbs by Our Own Correspondents.

DUNELLEN.

The Dunellen Literary Circle held its regular bi-weekly meeting, Saturday evening, at the home of the Misses Marlow. The time was taken up with papers on English topics and on prominent English men of letters. A number of interesting and instructive papers were read, showing the result of much careful study and preparation. Dainty refreshments formed a substantial part of the evening's entertainment.

The Home Wonder Amusement Company, an organization consisting of one performer, met with an unusually small and unruly audience in attempting to give a performance in Aparg's Hall, Saturday evening, and was obliged to omit all of the programme except the selling of tickets at the door.

A meeting of the members of the Young Men's Club was to have been held in the clubrooms Saturday evening for the purpose of electing officers. But a sufficent number was not present, the meeting had to be postponed and will be held this evening, if weather permits.

The death of Mrs. Henry TenEyck, the mother of Elmer TenEyck, occurred suddenly at the home of her daughter, Mrs. Owens, where she was visiting. Funeral services were held in Newark Saturday and the remains were brought home and interred at once in Samptown cemetery.

The Dunellen Card Club has finally decided to discontinue meetings this season as a sufficient interest has not been shown to warrant continuing.

Dr. P. W. Brakeley attended a meeting of the Middlesex Republican executive committee in New Brunswick Saturday.

Good congregations were in attendance at both services in the Presbyterian church yesterday. The pastor was in charge.

Adam Dealaman is still improving from his recent illness and his ultimate recovery is looked for.

The Bound Brook trolleys are not running this morning on account of the storm.

Joseph Martin, of Plainfield, spent Sunday with his mother, Mr. James Martin.

Mr. and Mrs. Lewis Mattox are rejoicing over the arrival of a young son.

Edward Book and family spent Sunday with out of town relatives.

William Beekman spent Sunday with his cousin, Charles Sutphen.

John Beekman is ill with a severe attack of grip and cold.

Charses V. Dunham is confined to his home by illness.

Mrs. James Martin is severely ill at her home.

NEW MARKET.

A large crowd was skating on the pond Saturday and an exciting game of hockey was played between teams representing Dunellen and New Market.

A baptism was held in the First Baptist church Sunday morning after services. Communion was also administered.

Charles Day attended a meeting of the Middlesex county Republican executive committee in New Brunswick Saturday.

The local council Jr. O. U. A. M. will hold its regular meeting this evening if the weather permits.

Miss Florence Nelson entertained friends from Plainfield Saturday.

PLAINS AND FANWOOD.

Seeley's paper mill will begin working night and day, starting with tonight. Two gangs of men will be employed, working alternately one week nights and one week days, the night gang making only five and a half days a week, but receiving pay for their full week's work. This will do away with beginning work at 12 o'clock Sunday night, as was customary when the factory was running night and day several years ago.

"Tempted and Tried" was the subject of an interesting meeting of the Baptist Young Peoples Union held in the Baptist church last night. The revival meetings, which have been held during the past five weeks in the church, have seemed to put new life in the young people's society. The meetings are better attended and a better spiritual interest is shown in the meetings by the members.

Lynus Marsh, one of the oldest residents of the village, is seriously ill at the home of Mrs. Frank Hosinger, where he has been boarding for some years. Mr. Marsh caught a severe cold several days ago and pneumonia is now threatened.

The subject of the meeting in the Baptist church this evening will be: "The Sword of the Spirit." The meetings will continue every evening but Saturday this week.

Miss Edith Hancock, vice-principal in one of the Newark schools and a musician of some note, was the guest Saturday and Sunday of her friend, Miss Sadie Reger.

Miss Lulu Robison, a teacher in one of the New York city schools, spent Saturday and Sunday with her parents, Freeholder and Mrs. John Robison.

Miss Lulu Hollingsworth led an interesting weekly meeting of the Epworth League, held in the Methodist church, last evening.

Mr. and Mrs. Wm. S. Terry, of Plainfield, visited at the home of Mrs. Terry's mother, Mrs. James Buckley, yesterday.

The corps of teachers in the public school attended the Teachers' Institute meeting held at Elizabeth Saturday.

Excelsior Hook and Ladder Company will hold its regular monthly meeting in its rooms tonight.

The township report is in the hands of the printer and will be ready for distribution in a few days.

Congratulated the School.

George W. Krausse, the well known and enthusiastic Sunday-school worker from Cranford, was present at the Sunday-school session in Trinity Reformed church yesterday afternoon. He was asked by the acting superintendent, F. E. Smith, to say a few words to the school, which he did. He congratulated the school on the fine work being done.

Exchanged Pulpits.

Rev. J. O. McKelvey, pastor of Warren chapel, preached yesterday morning in exchange with the pastor, Rev. Dr. Cornelius Schenck. He delivered a helpful and interesting discourse from the text "To every man his work," Mark xiii:34. There was a large and appreciative congregation present to enjoy the discourse.

Sent to Old Home.

The remains of Mrs. Mary White, the colored servant who died last Friday at the home of Dorsey Hyde, of Belvidere avenue, were sent to Pendleton, Va., on Saturday. The funeral services were held yesterday. While the body was at the rooms of A. M. Runyon & Son, undertakers, many friends called and viewed them.

Lecture Postponed.

On account of the storm, the bird lecture by A. Radclyffe Dugmore, of East Orange, before the Audubon Society, of New Jersey, has been postponed. It was to have been given this evening in the parlor of the Crescent Avenue church.

—The Lenten service in St. Mary's church tomorrow evening will be in charge of Rev. Father Fallon, of Newark.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." SUPT. BAXTER REFERS TO THE KINDERGARTEN

Its Important Bearing Upon the Whole Public School System.

COVERED IN HIS REPORT

TELLS WHAT IS THE TRUE MISSION OF THE KINDERGARTEN.

First Official Record of Kindergarten Enrollment in New Jersey—Abundant Room for Growth in the Future.

The important bearing upon the entire system of public school education of the kindergarten is argued at some length in the annual report of State Superintendent of Schools Charles J. Baxter, which is soon to be made public. This subject is of much interest to Plainfield because the kindergartens of this city are recognized throughout the State as being of a particularly high standard.

On this subject the report contains the following presentment:

"The extension of our high school facilities has long been urged, both because such school is rightfully regarded as an essential part of an up-to-date public school system and its well-known corrective and stimulating influence through all the lower grades. The belief that a reciprocal influence for even greater good could and should be exerted over the higher grades having become a demonstrated truth, the general establishment of the kindergarten has been advocated during recent years with equal zeal and far more gratifying success.

"The history of the New Jersey high schools covers a period of many years, and their increase in number and attendance has been constant. The enrollment for the school year ending June 30, 1901, was 14,853, an increase of 456 over the preceding school year.

"Legislation making the kindergarten an integral part of our public school system was not secured until March, 1900. It is therefore with excusable pride that we give in this report 15,066 as the first official record of the kindergarten enrollment in the New Jersey schools. Said enrollment has, in addition to offsetting the usual increase in the number enrolled in primary grades, also reduced it 5,513 below that of the preceding year, thus showing that many pupils rightfully belonging in the kindergarten had been attending school in the primary grades.

"But comparatively few of our municipalities have provided adequate kindergarten faciliites, so there is abundant room for growth. When generally established the total enrollment would be at least 100,000 greater than the excellent beginning it is our pleasure to report.

"Though our experience with the kindergarten has been brief, it has been sufficiently long for us to see many of its opponents become its able advocates and exponents and its rapid extension is confidently anticipated.

"The kindergarten is based upon correct psychological principles, and is the outgrowth of a larger knowledge of child life and a keener insight into child nature. It has therefore never been an experiment and needs but the opportunity to prove its value. Each feature of kindergarten work is an essential part of a well-conceived plan, and has development for its motive. Each directs the child's natural and spontaneous activities along educational lines and each drives pegs upon which to hang future ideas. Other things being equal, pupils who have had the advantages of the kindergarten invariably outstrip their classmates in the higher grades who have not had such training.

"In the true kindergarten the spontaneity and joy of play is gradually and skillfully brought to bear upon work, and the child thus early and unconsciously is made aware that 'enthusiasm enlightens labor.' This is a most important and delightful discovery which many children of larger growth and maturer years have failed to make. He also gains a purer, deeper and more abiding pleasure from work than that expressed in play, because added thereto is the supreme satisfaction of achievement.

"When the kindergarten and the high school shall become conveniently available to every child in the State, and the kindergarten spirit shall pervade all school work, our school system will then make a much closer approach to present ideals. Still higher ideals then will rise, and the struggle toward the genuinely ideal will ever continue."

Slightly Improved.

Assistant State Secretary Charles B. Brown, of the Y. M. C. A., who is quite ill at Camden, is reported as being slightly improved. As soon as possible he will be brought to this city, where he will remain with his sister, Mrs. Pray, of East Fifth street, until he recovers.

SPAIN'S YOUNG KING.

Will Assume the Responsibilities of Office Next May.

Statements as to the Youngster's Health Are Reassuring — Will Have Plenty of Hard Official Work to Perform.

A series of visits to the chief European courts and countries is shortly to be paid by the young king of Spain. It will form at once his debut to the world and the finishing touch, so to speak, to his royal education.

The boy king has now entered his sixteenth year, for it was the 17th of May, 1886, when Senor Sagasta announced to the anxious nation that the widow of their dead king had borne a son. Maria Christiana, now no longer called the Austrian, has accomplished the greater part of her task. In May next she will lay down the regency, and her only son will assume the dignities and responsibilities of kingship.

Alfonso XIII. is at first sight a delicate lad—thin, pale and of nervous appearance. Some say he has inherited the constitutional infirmity of his father; others that his appearance is something he shares in common with all the men of the house of Hapsburg. During the maneuvers held at Carabanebel the young king remained seven hours in the saddle without exhibiting any symptom of fatigue, and his personal staff noticed that even a prolonged canter did nothing to weaken his voice. When the day's work was over he was as animated as he was at the beginning. This is excellent news from Spain as far as it goes, but it does not go far enough. He is already handicapped by his responsibilities. An English lad at 15 years, whatever his position, would not be carrying half the load of knowledge borne by Alfonso XIII. He speaks English, French and German as well as Spanish; has a careful mathematical training, is a student of history and is devoted to military matters. For a boy his knowledge of the elements of military science is quite uncommon.

A strong, healthy king can give the land the period of repose that will

KING ALFONSO XIII.
(He Will Ascend the Throne of Spain on the 17th of May.)

enable it to develop its internal resources, find occupation for its growing population outside the corrupt world of officialdom, amend its educational defects, outgrow Carlism and become once more a power to be reckoned with. The reverse of the picture is not pleasing. An invalid director of state whose various functions are like an unruly horse that must be ridden on the curb cannot fulfill his duties, and if anything happened to him the princess of the Asturias would become queen of Spain, and her husband, Carlos de Bourbon, prince of Asturias, would become king consort. Against such a development the old unquiet elements in Spain would rise up again. The possibility of it is said to have brought Senor Sagasta into temporary opposition with the queen regent when the question of the marriage was first mooted.

When Alfonso XIII. comes to his own he will be entirely dependent, for some time at least, upon the advice and guidance of the people who have the power in their hands to-day. With statesmen who desire no more than the progress of Spain, and a mother whose life has been marked by most rigid devotion to duty, the young king will start upon his work well equipped. It will be well for the country if his advisers succeed in impressing upon him the necessity of refraining from experiments of every sort.

If the young king becomes a reactionary he will arouse the radicals and strengthen the republicans; if he shows too much zeal for reform he will weaken the allegiance of the conservatives and strengthen the Carlists. They say in Madrid that his best policy lies in a continuance of the existing order of things and a devotion to such works as the improvement of the financial situation the substitution of some less direct method of taxation from the octroi duties, and the maintenance of army efficiency, the creation of a small navy on the most modern lines and the granting of such concessions to democracy as the Spanish official mind can accept without offense. It is not a very heroic programme, nor is it one that can appeal very strongly to a young, enthusiastic, ambitious ruler; but Spain is a very tired country just now; she has passed through several years of internal convulsion.

AMERICAN "LADY" HELPS.

A Region In Which Some of Them Still Survive.

Presidents, senators, politicians, statesmen even and famous financiers have been born and bred in middle northern Ohio almost more than in any other one section of the Union.

One understands the reason for it when he visits northern Ohio and notes the men and especially the women who live there. More than a century ago, while Ohio was yet a part of the great Northwest territory, pioneers journeyed thither from the most enlighten-

AS EQUAL TO EQUAL.

ed of the older states and struck axe into the forest primeval. There they made homes and reared great families of sons and daughters; there in turn these sons and daughters lived and thrived, establishing public schools and colleges and newspapers. Of their children the boys worked on the farm in summer and thus helped pay their way at college in winter; the girls got certificates to teach a country school, over which they presided in summer, and they, too, went to college in winter. The first college open to women in this Union, Oberlin, is in central northern Ohio. The first woman suffrage convention was held in the same region.

So pleasant and prosperous did this part of the state become and continue that the descendants of the pioneers did not leave it, but many of them remain, pure native American stock, thriving, intelligent farm people. To this day the Declaration of Independence is read among them on the Fourth of July; yes, and the people believe it, too, teaching their sons and daughters after them that all mankind is created free and endowed by nature with certain inalienable rights, among which are life, liberty and the pursuit of happiness for both women and men. Women there have had a Fourth of July celebration all to themselves.

The women and girls believe that it is the worker who honors the work, not the work the worker. They milk cows, dig in the garden, do millinery and dressmaking or even go out to domestic service, and they have yet to learn that they are not ladies because of it. The spirit of '76 lives and breathes in them still. Well educated daughters of well to do farmers—girls who would be schoolmistresses onl, there are so many well educated young women there that the schools will not go around—take service in the cities and remain as before, self respecting ladies.

In Cleveland many of these well educated American girls, some of them bearing names that were signed to the Declaration of Independence, are found in the hotels as chambermaids and housemaids. It gives the oddest impression to a traveler accustomed to the hotels of Europe and our own eastern states to stop at one of the Cleveland hotels where the native American young women are employed. The sight of them would warm the hearts of those patronizing people who write and preach of "lady helps," and one fears it would set them off galloping their hobby harder than ever.

These American hotel girls seem rather like the best class of schoolmistress. In person they are immaculate, particularly nice as to their heads, though they wear caps scarcely at all. A cap does not suit their ideas. Their grammar is oftentimes perfect, their manners are unexceptionable.

They meet strangers as equal to equal. Quite unconsciously to themselves they give you the impression that they are as good as you are, not obtrusively or offensively, however. They simply know they are as good as you are, and they know you must know it also, and that ends it.

Some of them play the piano and play it well. The consciousness that they are equal to the people on whom they wait gives them a friendly, obliging spirit, and with their Yankee quickness they render admirable service, and, what is more than all, they do not lie in wait to extort from you the everlasting tip of the foreign person in such position. They have too much self respect. In manners and appearance they are often far more the lady than many a rich woman who occupies the best rooms in the hotel and does not know how to eat soup properly.

So long as there thus survives among us the brave old American spirit there is hope for our republic still.

JANE STORY.

My Strangest Case

BY GUY BOOTHBY.

Author of "DR. NIKOLA," "THE BEAUTIFUL WHITE DEVIL," "PHAROS, THE EGYPTIAN," Etc.

[Copyrighted, 1901, by Ward, Lock & Co.]

"My great fear," she answered. "I wired to you from Charing Cross to say that I was coming. Did you not receive my message?"

I remember the fact that, not having time to open them all before I was called away, I had put some of the telegrams on one side. As ill luck would have it Miss Kitwater's must have been amongst these. I explained that I had been away from the house all day, and only that moment returned.

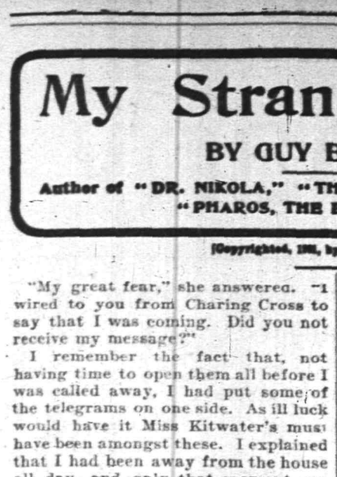
"I felt," she said, ignoring my excuses, "that I must come to you and tell you all that has transpired. Also that I might implore you to keep the men apart at any cost."

"We can easily find out whether they have arrived in Paris, and also whether they have been to Hayle's apartments," I said. "That would certainly be one of the places which they would try first."

While I was speaking there was the sound of a step in the corridor outside, and the next moment Leglosse entered the room. He was in the highest spirits, as he always was when he was about to undertake a new piece of work. Seeing that I had visitors he came to a sudden standstill.

"A thousand pardons," he said in French. "I had no idea that you were engaged. I will wait outside."

"Don't do anything of the kind," I returned in the same language. "Come



"WE'VE BEEN DONE AGAIN," I CRIED, BRINGING MY FIST DOWN WITH A THUMP UPON THE TABLE.

in, and let me introduce you to Miss Kitwater, who has just arrived from England."

"Miss Kitwater?" he repeated, in some surprise. "Surely I understood you to say that your client, the gentleman who had lost his sight through Hayle's treachery, was M. Kitwater?"

"That is quite right, and this lady is his niece," I returned. "She has brought me extraordinary intelligence. Her uncle and his companion have suddenly disappeared from the little village of Surrey, where they have been staying some time with her. It is her belief that they have come to Paris in search of Hayle. There would have been trouble had they met, but, fortunately for them, and for Hayle, he has given them the slip once more. It would be possible for you to find out whether they arrived by the morning train, and also whether they have made inquiries at Hayle's apartments, would it not?"

"Quite possible," he answered. "It shall be done at once. I will let you know in less than an hour what I have discovered."

I thanked him, whereupon he bowed to Miss Kitwater, and then disappeared.

"M. Leglosse is also in pursuit of Hayle," I explained. "He holds a warrant for his arrest on a charge of embezzlement in Cochin China. For that reason we are following him to Naples to-morrow morning."

"To Naples. Has the wretched man gone there?"

"So we have been led to believe," I answered.

"Then do you think my uncle will find it out and follow him?" she asked, wringing her hands. "Oh it is all too terrible. What shall I do?"

"Well, if I might be allowed to be like David Copperfield's Mr. Dick, I should be practical, and say, 'dine.' I suppose you have had nothing to eat since you left England?"

She gave a little wan smile.

"We have not had very much, certainly," she answered. "Poor Nelly, you must be nearly starving."

The maid, however, protested that she was not; but was not to be denied. Bidding them remain where they were, I went downstairs and interviewed my faithful friend, the concierge. With her I arranged that Miss Kitwater and her maid should be provided with rooms in the house for that night, and having done so went on to the nearest restaurant. In something less than ten minutes all was settled, and in under 20 they were seated at their meal. At first the girl would not sit down with her mistress, but, with her usual thoughtfulness, Miss Kitwater ordered her to do so.

"And now, Mr. Fairfax," she said, when she had finished, "we must discover the hotel where we can stay the night. At present we know of no place in which to lay our heads."

"You need not trouble about that," I said, "I have already arranged that you shall have rooms in this house if you care to occupy them. The old lady to whom it belongs is a particular friend of mine, and will certainly do her best to make you comfortable. I presume that it was your bag I saw in the concierge's office, when I was there just now?"

"We left it there," she answered, and then gave me my reward by adding: "It is very kind of you, Mr. Fairfax, to have taken so much trouble. I cannot thank you sufficiently."

"You must not thank me at all," I replied. "In helping you I am only doing my duty to my client."

I had scarcely said the words before I regretted them. It was a foolish speech, and a churlish one as well. She pretended not to notice it, however, but bade her maid go down to the concierge's office, and take the bag to the room that had been allotted to her. The girl disappeared, and when she had gone Miss Kitwater turned to me.

"Mr. Fairfax," she said, "I have another favor to ask you. I assure you it concerns me vitally. I want to know if you will let me go with you to Naples. In order that I might not be in your way, we might travel in different compartments; but go I must. I am so frightened about my uncle. If I follow him to Naples, it is just possible I might be able to dissuade him from pursuing Hayle. If he were to kill me for preventing them, I would not let them meet. Believe me when I say that I am terribly anxious about him. Besides—"

Here she paused for a moment, as if she did not quite know how to continue what she had to say to me.

"As I have said, you and M.—I mean the French gentleman—could travel in your own way. All that I want to be assured of is that I may be in Naples and at hand should anything happen."

"If you really wish it, I do not see why you should not go?" I replied meditatively. "But if you desire my candid opinion, I must say that I think you would be far better off at home. Still, if you desire to come, it's not for me to gainsay your wishes. We will arrange therefore that, unless you decide to the contrary in the meantime, you accompany us by the 8:50 train to-morrow morning."

"I thank you," she said.

A few moments later Leglosse returned with the information that it was as we suspected. Kitwater and Codd had arrived in Paris that morning, and had visited Hayle's lodgings only to find him gone.

"What is more important still," he continued, "they have managed to learn that Hayle had gone to Naples, and they will probably leave by the 2:50 train to-morrow morning for that city. It is as well, perhaps, that we arrange to travel by the next."

"Courage, courage, Miss Kitwater," I said, seeing that she was trembling. "Try not to be frightened. There is nothing to fear." Then turning to Leglosse, I added: "Miss Kitwater has decided to accompany us to Naples. As a matter of fact, my position in the case has undergone a change since I last saw you."

He looked from one to the other of us as if in astonishment.

"What do you mean?" he asked.

"Hitherto," I replied, "I have been acting against Hayle, with the intention of securing him, in order that my clients might have a most important meeting with him. For the future, however, my endeavors will be used in the contrary direction. They must never meet!"

"Then the best way to bring about what you desire is to assist me," returned Leglosse. "Let me once get my hands upon him in the name of France, and they will never meet."

"But we have to catch him before we do that," I said.

"Never fear, we will do it," he answered, confidently, and that seemed to settle it.

Next morning at 8:50 we left Paris for Naples.

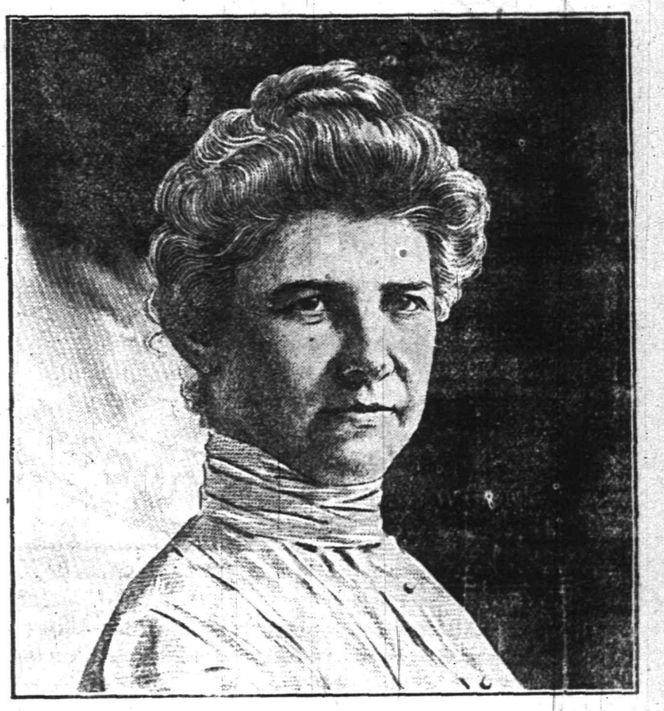
Franchise Corporations and the Tax Reform

Miss Margaret A. Haley Writes of the School Teachers' Fight in Illinois.

SHOULD corporations pay taxes on all of their property? The law of Illinois says they should, and the members of the Chicago Federation of Teachers believe that they should. We have fought the matter in the courts with some little success.

The history of our activity to this point is briefly this: We have secured from the supreme court of Illinois a mandamus to compel the state board of equalization to assess the franchises of five corporations—one gas, one electric lighting, one telephone and two street railway companies. These franchise values were entirely omitted in 1899. A committee of teachers appeared before the state board of equalization at its session of 1900 and called attention to the fact that that body had overlooked the franchises of these corporations, which were not only assessable, but assessable upon a cash valuation of upwards of $200,000,000. The board took no action; then we instituted court proceedings to compel them to make the assessment.

Perceiving that the Teachers' Federation was in earnest the board then



MISS MARGARET A. HALEY,
Secretary of the Teachers' Federation.

assessed the franchises at $12,500,000, and adjourned. Even this low assessment was a point in our favor, for by this action the board acknowledged that franchises were assessable. We pursued the matter in the courts to compel the full assessment, with the result that on November 22, 1901, in obedience to the order of the supreme court, the state board of equalization reassessed the franchises of these five corporations at a full value of $172,000,000 for the year 1900. For the year 1901 the board fixed the same franchise values at about half that figure. While important results in the matter of established precedent have been achieved, the schools have not as yet benefited by the cash results which should have followed. The corporations have appealed to the United States court for an injunction against the collection of the taxes ordered by the state supreme court. That injunction, if granted, will tie up the $2,000,000 of back taxes secured as the result of the supreme court decision. So much for the skeleton outline of our work to date.

Now we have accomplished something which does not appear from these figures. Heretofore the state board of equalization has worked like a mole in the ground. We have turned up the sod and let in the light of public scrutiny. A healthy public sentiment has followed this action. Municipal officers of high standing, including Mayor Harrison, have seen the justice of our plea and have personally argued in its behalf before the state board.

Why did the school teachers take up this matter? Through the instinct of self-protection. They found that without sufficient revenue the schools could not be maintained. They saw wherein the school funds were being withheld by corporations which did not pay their rightful share of taxes.

Let me present another bit of history: The present Illinois franchise law went into effect in 1873. That year the railroads of Illinois had to pay $6,000,000 of taxes on their franchises alone, in addition to the $6,000,000 on their tangible property. They appealed to the courts, but were beaten in both the state and United States tribunals. Then, in 1876, they secured such a tremendous hold on the state legislature that a bill to remit that portion of the tax in dispute passed the senate and lacked only five votes of passing the house.

One time, at the close of a speech which I delivered in Rockford, I learned the exact history of this interesting bit of legislature from an old man who had been a member of that legislature. There was in the legislature, he said, a goodly sprinkling of members belonging to the organization of grangers which had secured this franchise law, and these members, naturally enough, stood out against the corporations. Nevertheless, the activity of the corporation lobbyists finally resulted in winning five of the grangers over, and it seemed certain that the bill would pass. However, on the night before the vote was to be taken (this being the last day before adjournment), the remaining grangers induced the five backsliders to board home-bound trains, and gave them pretty strong hints about the folly of arraying themselves in favor of such an infamous bit of legislation. The bill was defeated.

The victory was not complete, however, for in this same year a new board of equalization was elected, only two of the old members being retained. Since that time no railroad in Illinois has had its franchise taxed, and the taxes on their tangible property have decreased each year. In 1899 the railroads in Cook county paid $640,000 less in taxes than in 1898, and they will pay less this year than last.

The Chicago Federation of Teachers has fought these legal battles with very little outside aid in the way of contributions; the expense has been borne by the members themselves. Membership in the federation is confined to classroom teachers, superintendents, principals and special teachers not being eligible to membership. And there are over 4,000 teachers in the federation. We are fighting a battle that has attracted wide attention and, as a result, similar federations of grade teachers have been organized in other cities. It seems inevitable that this movement shall result in a strong national organization along parallel lines.

MARGARET A. HALEY.

ANIMALS AS PROPHETS.

Strange Belief of the People of Eastern Prussia and a Tale That Is Told.

The written and spoken folklore of Tyrol assumes that on holy night, between the hours of 11:30, or 11:45, and midnight, animals not only speak, but also possess the gift of prophecy. The same belief prevails in Eastern Prussia, that part of the empire which was last to be converted to Christianity on the continent of Europe. During my travels in the governments of Konigsberg and Gumbinmen, writes a correspondent of a London paper, I gathered the following stories on the subject:

Some 20 years ago at Zielounam, a village near the Polish frontier, a man named Blau, horse-trader, farmer and usurer by profession, decided to test the legend saying that it meant death to watch the animals during night. So he hid in a fodder chest, and at 11:45 the horses really began to talk among themselves. An old stallion was the first to speak.

"Wonder who will be our new master?" he said, and each of the animals suggested a different man, commenting at the same time on the character and personality of his candidate.

Blau went to his bed more dead than alive, and from that hour on sickened. He died during January, "a victim of his prying spirit and curiosity," as the people thereabouts assert.

SPORTING NEWS

WINTER SPORTS.

The Alis A. A. hockey team had arranged a hockey game with Cranford for Saturday afternoon, but through some misunderstanding on the part of the latter team the game was postponed. The local team put in appearance but found that the Cranford players had also scheduled a game with Rahway which was played.

FELL FROM SCAFFOLD

Charles Thompson Fractured His Ankle in Fall at Otterson's New House.

Charles Thompson, of East Third street, is detained at home with a fractured ankle the result of a fall from a scaffold Saturday afternoon.

Mr. Thompson, who is employed by Contractor Charles M. Wilson, was working on Mr. Otterson's house on Evergreen avenue. At the time he was shingling on a scaffold thirty feet from the ground. In trying to reach a higher point, he made use of a box. The box slipped and precipitated him to the ground.

A telephone call was given for the ambulance and Mr. Thompson was removed to his home where medical aid was summoned. The injured man will be kept at home some time.

DEFENCE OF ORGANIZED AID

SERMON PREACHED BY REV. JOHN MACMURRAY LAST EVENING.

Refuted Statements Made by Richard Foote in Address at Reform Hall.

Continuing his series of sermons on twentieth century Christianity, Rev. John MacMurray, of the Monroe Avenue church, preached an eloquent discourse, last evening. His subject dealt with the relation of Christianity to the charity problem which, of late, as received some prominence in this city.

In the main Mr. MacMurray's address was the refutation of certain ideas on the subject expressed by Richard Foote, in Reform Hall, a few evenings ago. These he said, were unwarranted. In his talk, Mr. Foote had announced his disdain for organized charity and in a certain sense ridiculed it.

The question of "how not to give" is one, the speaker said, which has always confronted charitably disposed persons. A little assistance given at an opportune moment is often the means of starting a person in the paths of self support, but reckless expenditure of alms tends to pauperize and lower the moral tone of the recipient. This is what organized aid tries to prevent by properly investigating needy cases and applying the proper remedy.

In emphatic tones Mr. MacMurray said he was opposed to the church becoming a charity dispensary. Its mission, he said, is to impart goodness and knowledge of God. The spiritual aid of man, he said, is of more importance than material help. The church is frequently used, unconsciously, as a charity medium, many unscrupulous persons attending only for the purpose of getting aid.

Death of Mrs. Philpott.

Mrs. Margaret Philpott died at the home of her daughter, Mrs. David Conover, of Duer street, yesterday. She was ninety-two years old and death was due to her advanced age. The funeral services will be held at the house tomorrow evening and the interment will be made in Brooklyn Wednesday.

TOBACCO KING'S FAMOUS FARM AND STABLES

(CONTINUED FROM PAGE 1.)

The gray English landscape, with its old castleated ruins, is tinged with autumn lines, the golden russets warming up the greens of the foreground. And, withal, making a charming contrast to the other subjects portrayed.

The carriage-room in the rear of the entrance hall contains hansom, victorias, landaus, broughams and coaches. At one end of the building are the offices of the manager of the place, and Mr. Duke's private office.

In the stables are some valuable horses. One is the offspring of the noted stallion Pilgrim and another is a mare which steps a 2:10 gait Recently Mr. Duke has been adding to his stables two or three teams from Kentucky. These horses would get little driving if they waited for Mr. Duke to go out behind them, but they are all exercised daily under the supervision of Manager Eyreck, who takes great pride in the animals.

Mr. Duke's place promises in time to surpass all others in New Jersey in regard to its landscape effect. This is the aim of the tobacco king. It is said that he has been visiting country places in Europe, where he is this winter, and that he will return in the spring with the purpose of carrying into effect any ideas which he may get while abroad.

Wm. Koyer, of Newark, spent Sunday with his parents on East Third street.

Mrs. Frank Mandeville, of New York, who has been visiting Plainfield relatives, has returned home.

The Last Heard Of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure Very pleasant to take. The little ones like it. L. W. Randolph.

PREACHED ON PESSIMISM

PHILOSOPHICAL SERMON BY REV. A. C. NICKERSON.

Traced Pessimism to Its Very Beginnings—Condemned Many Sorts of Pessimism.

A philosophical sermon, the subject being "Pessimism," was delivered by Rev. A. C. Nickerson, pastor of All Souls' Unitarian church, yesterday morning. The clergyman took his theme from Psalms iv, 6: "Who will show us any good?" In condemning many sorts of pessimism, he took occasion to point out a pessimism that is honest.

In tracing pessimism to its very beginnings, he referred to the ancient theology that called all personal suspicion, horror of one's self and fear of eternal consequences, meritorious. The old Puritans, said he, exploited fears and deepened shadows, and although all know the blackness of sin and the depth of sorrow, one cannot see that that sort of pessimism helped the world. Schobenhauer, a modern pessimist, taught that this is the worst possible world and to get out of it as soon as may be is man's purest blessing. This doctrine, said he, may be traced back to Buddism, which teaches that no desire is of any essential worth.

Nitzsche, the German philosopher, teaches the supreme right of force and genius, and the youth of that country are said to be embracing this theory.

Bismarck is the man they applaud in this connection. Continuing, he said, "Honest pessimism, possibly justifiable, not despondency, not disinclination to effort, not cynicism of the selfish philosophy, not the outcome of a dark philosophy, or the wail of a blase soul, is honest fear of suffering, when men are discouraged about life."

Father McGlynn said of poverty that it is a curse. Permissible pessimism is justifiable fear; a social rather than a selfish instinct which wills and works for the better day. Its accentuation by Christianity could hardly be better illustrated than it is on many a white stone throughout Christendom by the words: "I shall arise again!"

Miss Anna Gaston, of Somerville, has been visiting Plainfield friends.

WENT OUT INTO THE WORLD

TWO YOUNG PEOPLE FOUND TWELVE HOURS ENOUGH.

Eva Gibson, of Princeton, and John Gray, of Plainfield, Were the Youthful Runaways.

Not liking her home surroundings, Eva Gibson, a fourteen-year-old girl, left her home in Princeton, Saturday, and came to this city. She hunted up a former playmate, John Gray, the sixteen-year-old son of William G. Gray, of West Third street, and both resolved to go out in the wide, wide world together.

They only got as far as Elizabeth, where they spent Saturday night and part of yesterday. Being their own guardians wasn't what they thought it would be and they decided to return home.

They were met at the Gray domicile by Patrolman McCarthy who journeyed thither at the request of Chief Kiely, who had been asked by the Princeton police to look for Eva. On finding her gone, her parents had searched her room and found letters from young Gray. The girl readily consented to go home with Chief Gilfoil.

DEATH OF MRS. WITTEMAN.

Never Recovered From the Shock of Her Husband's Death.

Mrs. Catherine Witteman, widow of John Witteman, died at her home on West Sixth street, Saturday evening. She had been ill for many months, having never recovered fully from the shock caused by her husband's death last May.

She is survived by one son, William Witteman, and one daughter, Miss Mary Witteman, both of this city. The funeral will be held from her late residence, tomorrow morning at 9:30 and from St. Mary's church at 10 o'clock.

Coming Home Soon.

Mr. and Mrs. Edward T. Wilson, after stopping at several points of interest on their way south, are registered at St. Augustine, Florida. They are planning to return the latter part of this week to their home, corner of Sycamore and Willow avenues, Mr. Wilson having leased the house from Miss Rafferty.

TOLD OF MEMORABLE SIEGE

REV. COURTNEY FENN RELATED STORY OF THE FIGHT AT PEKIN.

At First Presbyterian Church Yesterday Morning—Made Plea for Support of Missions.

There was a large congregation present at the First Presbyterian church yesterday morning when Rev. Courtney Fenn, a returned missionary from China, gave his experience during the memorable siege at Pekin. Mr. Fenn is no stranger in this city, having on two other occasions given a graphic account of the history of the troubles among the Chinese.

Mr. Fenn related practically the same story, as given before, with a few additions. He told of the experience of the missionaries and native Christians during the seige, how they withstood their ground and fought against the Boxers when death seemed to be the only natural result. The speaker told of how in God's Providence they were all helped in their fight and how the missionaries found plenty of supplies, as well as an inexhaustable supply of pure water.

In conclusion Mr. Fenn urged his hearers to give more moral and financial support to the mission work among the Chinese. He made an impressive plea for help and showed how such support would mean the saving of thousands of souls for Christ. The remarks of the speaker throughout were listened to attentively. During the service a pleasing tenor solo was rendered by Elmer D. Cutting of the male quartette choir.

Private Trolley Party.

The handsome trolley car "Annie R," owned by Edward Radell, of the Middlesex and Somerset Traction Company, passed through Plainfield yesterday carrying a number of trolley officials and their wives and friends. They were out for a pleasure trip.

CITY IS FAST RECOVERING FROM EFFECTS OF STORM

Trolley Line Partially Opened—Trains Running Almost on Time—Men Busy Digging Out City.

OVER A FOOT OF SNOW FELL.

TROLLEY COMPANY ABANDONED ITS ENTIRE SYSTEM FOR EIGHT HOURS.

Jersey Central's Chief Trouble Was in Jersey City Yards—Trains Were Very Late for a Time—High Winds, But a Moderate Temperature—City Employes Hustled to Open Streets and Clean Crosswalks—Carted the Snow Away—There is Fine Sleighing in the City.

After enjoying two months of winter singularly free from snow, Plainfield is today trying to adapt itself to the new conditions attendant on an exceptionally heavy fall of snow. There was over twelve inches of it, badly drifted in places, that fell in the snow storm which ended last night. For the day, all central Jersey staggered under the unexpected burden but, today, general activity has been resumed and the snow blockade is being generally opened up.

After abandoning all its system for eight hours, the Elizabeth, Plainfield and Central Jersey Street Railway Company dug out its stalled cars late yesterday afternoon and today has a portion of its system in operation. While delays were the rule on the Jersey Central, neither passenger nor freight traffic was interrupted. The city street department continued its active campaign and materially assisted in opening up the city for business.

The bulk of the snow fell during the morning hours of yesterday. While the white flakes kept falling steadily until night fall, the storm greatly decreased in violence in the afternoon. The snow was wet enough to pack and make excellent sleighing. Scores of sleighs were out and found the going fine while navigtion in wheeled vehicles was decidedly tedious. The city streets were in good condition but the heavy driftts blocked many of the country roads.

A brisk wind, which at times became a decided gale, blew out of the north-east all through the storm and heaped up the snow in some places to the depth of three and four feet. At sunset, the wind shifted into the north-west and continued to blow as hard as ever. Today, the gale continues. At no time, has the mercury fallen many degrees below freezing so that very essential requisite of the blizazrd has been missing.

Many sidewalks were cleared yesterday even before the storm was over and the work has been continued with energy today. Snow shovels are almost at a premium and men and boys have been doing a thriving business in wielding them. In the business section of the city the gutters are being cleaned out but elsewhere little or no attention has yet been paid to them.

Since early yesterday morning, Street Commissioner Gavett and his men have been waging war on the compact masses of snow in the streets, while the result that traffice is gradually being brought to its usual proportions. There are now eight teams and twenty men working in various parts of the city, cleaning crosswalks and the larger drifts from sidewalks while, in the business section, the snow is being carted away.

Front street, east and west of Park avenue, is being attended to first, owing to the high banks thrown on either side by the trolley snow plow. Where the tracks are laid, half the cost of removal is borne by the street railway company. Other streets to be levelled off are Park avenue and North avenue and, if possible, parts of Second street.

When this work is completed, the men will be placed on sidewalks, clearing away the snow which has been left by property owners. The cost will be met in the usual way, that is by charging it in the taxes of the forgetful parties.

All the trains on the New Jersey Central were late in arriving here yesterday afternoon and the service did not improve until long after night fall. Towards evening it was found necessary to abandon a number of the west bound locals to Somerville, but this trouble was only temporary. The "hog," a freight passing here, west bound, about 3 o'clock in the morning, became stalled at Lincoln this morning.

The evening trains yesterday were rather late and this applied to both the east and west bound service. It was found that the Fanwood cut gave no trouble, but the chief difficulty was at the Jersey City yards where the men were delayed in getting the trains in and out. The trains were anywhere from twenty minutes to one hour late, but now all this is removed.

The street railway company's spasmodic and puerile efforts to get cars over the road were abandoned shortly after 8 o'clock, yesterday morning, and from then on until this morning nothing was done to furnish Plainfielders any kind of service. The real work of cleaning began late yestreday afternoon.

A number of cars and an electric sweeper, which were first put out, became stalled in drifts and were abandoned while the passengers were forced to walk. Late in the evening, cars were placed in motion and ran over the road for the purpose of keeping the tracks clear. They continued all last night as did a four horse scraper and the electric sweeper.

The sweeper broke down of West Front street shortly after it started work yesterday morning and was not repaired until the day was waning. It was then sent out again and did such effective work that this morning a few cars were carrying passengers, but there was no semblance of a schedule. Nor is there yet as the working force is entirely inadequate.

At noon today the only lines on which cars were being operated were those of Somerset and Fourth streets, Netherwood and the Dunellen line as far as Grant avenue. The Arlington avenue and through lines to Elizabeth have practically been abandoned, not a wheel turning on them since yesterday morning. A second electric sweeper owned by the company is breaking drifts on the Elizabeth end but has been making very slow progress.

The Somerset street line was opened mainly through the efforts of Mayor Smalley, who first informed the officials that two stalled cars remaining on the thoroughfare would have to be removed. No attention was paid to his notice. Then he ordered out the borough scraper and a gang of men. They cleared the tracks with the aid of the sweeper and released the cars. The cost of doing the same will be charged to the borough's account with the trolley company.

No promise is held out by the railway officials as to when the system's regular schedule will be restored. In consequence the regular patrons of the road will have to get to and fro as best they may.

While nearly all of the United States mails were more or less late all day yesterday, the regular schedule was returned today. The letter-carriers experienced considerable difficulty yesterday chiefly in the outlying districts. The conditions today

EMPLOYES OWN STOCK.

Lyman Cronk & Son is Converted into Stock Company Known as Cronk Manufacturing Co.

The firm of Lyman Cronk & Son, box manufacturers, of New Brunswick, who have a branch in this city, has been converted into a stock company, with a great deal of the stock held by the employes of the company. This is in line with the views of the firm that the relation between capital and labor should be close.

The new concern will be known as the Cronk Manufacturing Company. It begins business with a capital stock of $34,000, of which the senior member holds $24,000; Hubert Cronk, a former member of the firm, $8,000, and the balance is held by employes, among whom is John Lloyd, of this city, who holds $200 worth of stock. The co-operative idea will be developed as far as possible.

DOUBLE CELEBRATION.

Anniversary of Both Pastor and the Church Observed by Presbyterians of Metuchen.

(Special to The Daily Press.)

Metuchen, Feb. 18—Exercises commemorative of the twenty-fifth anniversary of the pastorate of Rev. Dr. J. G. Mason, and the 175th anniversay of the establishment of the Presbyterian church, of this place, were held Sunday and yesterday.

Sunday Prof. T. W. Hunt, of Princeton, was the principal speaker. The pastors of the local churches also took part. Yesterday a dinner was tendered to Dr. Mason by the people of his church. The first permanent settlers came to Metuchen in 1685, although it was nearly a half century later before the Presbyterians asserted themselves. From 1767 to 1793, Rev. Azel Roe gave part of his time to the pastorate of the church at Metuchen. After that the church had many pastors until Dr. Mason took charge twenty-five years ago. The church is one of the oldest and most influential in the State and has made an enviable record.

MAY INCLOSE FIELD.

Bleachers Will Surely be Built at Hope Chapel Baseball Field.

The members of the Y. M. A. of Hope chapel, have resolved that the association base ball team will be equipped with a splendid field, this season and that more conveniences will be afforded spectators. For the latter it is intended to build bleachers, protected from the sun, and if the patronage is encouraging, a grand stand will be erected next year. There has also been talk of having enclosed grounds in the near future, but this improvement will also depend upon the season's receipts.

SPEAKER FROM ENGLAND.

Occupied Pulpit at Hope Chapel Sunday Morning.

At the morning service in Hope chapel, Sunday, the pulpit was occupied by Rev. George P Merritt, of London, Eng. Mr. Merritt is at present a student in Union Theological Seminary. His sermon was greatly liked.

In the evening, Rev. L. R. Howard, pastor of the chapel, delivered a sermon on "Abraham Lincoln." He selected his text from Micah vi: 6, "He hath showed thee, O man, what is good."

Entertainment at Mt. Olive.

An entertainment under the auspices of the Plainfield Mutual Beneficial Society will be held in Mt. Olive Baptist church, Thursday evening, February 27. The Rockland orchestra and the Christian Endeavor Society choir will take part in the affair.

Funeral of Young Thul.

Funeral services over the remains of Edward P. Thul, the boy who died from injuries received by getting entangled in a wagon wheel, will be held today. Interment will be made in St. Mary's cemetery.

New Amusements.

Pool and billiard tables have been placed in the Camera Club rooms, making an excellent form of amusement for the members who enjoy the game. The club now has a membership of nearly fifty.

Missionary Tea.

Mrs. Reuben Knox, of Washington avenue, will give a tea at her home tomorrow afternoon for the Woman's Foreign and Home Missionary Societies of the First Baptist church.

Temple for Plainfield.

Miss Lizzie R. Taylor, grand guardian of the records of the Ladies' Temple, auxiliary of the K. G. E., is preparing to organize a temple in this city.

To Consider Licenses.

The Common Council will hold an adjourned meeting Monday evening, February 24, when the liquor license applications will be considered.

ARE IMPROVING COURSE OF PARK GOLF CLUB

Next Season Will See a Number of Changes Made on Those Popular Links.

WORK STARTED IN FALL.

OPENING UP OF HYDE TRACT MADE SOME CHANGES NECESSARY.

No Truth in Rumor, However, That it Will Compell Club to Leave the Locality—New and "Sporty" Holes Are Planned.

When the annual meeting of the Park Golf Club is held early next month, the members will learn the full details of the improvements to the course of that club which were started last fall and which will be completed by the time that the playing season opens in May. When finished the Park links will be second to no nine hole course in this part of the country for beauty of appearance and variety of play.

When it became known that the Hyde estate intended opening up a tract of land on the side of the mountain in the neighborhood of the golf course, it was currently rumored that it meant the death kneil for the Park Club's present course. Such is, however, very far from being the case. The heirs of the late Charles Hyde realize that a golf club is a very attractive feature for residences of the kind they desire to see erected on their property. A section of the woodland has been cleared and it will be converted into a handsome park which will border on the eastern end of the golf course. Several handsome residences are to be erected there.

The road, which has been built from Mountain avenue across the land used by the golf club to this park, has made several changes necessary to the course. The occasion has been used, however, to make a number of improvements to the course which have been under consideration for some time and have already been mentioned in these columns.

First of the changes will be to entirely alter the character of the second hole. Instead of a long stretch of 366 yards, free from hazards of any kind beyond the first hundred yards, it is to be a short but "sporty" hole. There is now a water-course nearly a hundred yards from the tee. Right beyond it a "punch bowl" has been made. This is a circular bunker which completely surrounds the putting green. The hole will be 120 yards long. Properly played, an iron shot from the tee will make the green. A sliced or pulled ball will have to be lofted over the bunker.

For the start of the third hole, the player will recross the water-course and drive back over it to the eastward over the ground hitherto occupied by the old second hole. The new road to the Hyde property will serve as a hazard. Then care will be required to pass through the opening in the row of trees which was formerly encountered on the drive from the third tee. The green for the third hole will not be changed and the approach will be made over another water-course, one of the most difficult on the links. The hole will be over six hundred yards long and by no means a monotonous one. It will require good golf to make it in six strokes.

"Desperation," the sixth hole, will now be bounded on the right by the new road instead of the scrubby growth of evergreens. Beyond the road, however, a sliced ball will find plenty of opportunity to hide in the woods.

The next change will be in the seventh hole where the road will serve as a new hazard on approaching the green. The direction of the eighth has been slightly changed so as to run parallel with the woods. The green will be moved a short distance to the west. The road, which turns to the eastward close by the beginning of the eighth, will run parallel to it on the left descending the hill.

Of course, the most important changes are to the second and third. They will give a variety which has heretofore been lacking and will make the course one of the best and most interesting in this neighborhood.

Left For the West.

Mrs. Ransom, of Park avenue, in company with an invalid woman, left today for Denver, Col., where they will remain for a time. If the climate is not agreeable in Colorado, they may possibly go to Europe in the spring.

SPRING ELECTIONS.

County Republicans Appoint Committee to Canvass Union County as to Their Abolishment.

The Union County Republican committee met last week at Elizabeth and, in view of the fact that the county was short one representative on the Congressional committee of the Fifth Congressional district, it was unanimously decided to appoint Charles J. Fisk to membership of that committee.

A discussion was had as to the feeling among the voters in the boroughs and townships in reference to abolishing spring elections. A committee of three, consisting of Ellis A. Meeker, of Elizabeth, W. T. Kirk, of Plainfield, and Dr. Westcott, of Fanwood, was appointed to canvass the county and report the result to the representatives of Union county in the State Legislature.

NEWARK CONFERENCE.

Will Meet at Elizabeth, Beginning Wednesday, April 2, and Will Last Six Days.

(Special to The Daily Press.)

Elizabeth, Feb. 18—The forty-fifth yearly session of the Newark annual conference of the Methodist Episcopal church will be convened in this city, Wednesday, April 2. It will last six days and many matters of importance will be considered during that period.

Bishop Isaac W. Joyce, of Minneapolis, Minn., will be the presiding officer. Among the speakers will be: Rev. Dr. Frank Bristol, pastor of the Metropolitan M. E. church, Washington, D. C., which the late President attended; Dr. James R. Day, chancellor of the Syracuse University; Dr. James M. Buckley, editor of the Christian Advocate; Dr. Joseph F. Berry, editor of the Epworth Herald; Dr. Frank Gamewell, who had charge of the defence in the seige of Peking, and Rev. Dr. G. E. Reed, president of Dickinson College, Carlisle, Pa.

HOLIDAY ATTRACTION.

Refined Vaudeville at the Casino Matnee and Evening.

A great holiday bill of refined and high class vaudeville will be presented at the Casino Saturday afternoon and night, Washington's Birthday, under direction of Jos. F. Vion, the sole booking agent of the Webber and Field's shows in New York and other cities. The previous presentations of Mr. Vion at this cosey house of resort have been highly commended, and the coming entertainment will be in keeping with the high standard of excellence which has marked former offerings. A number of well known artists will appear, all "head liners" on the Keith and Proctor circuits. A special feature will be the appearance of the well known comedian, Sam Edwards, brother of Manager Maze Edwards, in his monologue, "The Modern Philosopher." Special attention is called to the announcement in advertisement of popular prices and reserved seat sale.

HOME INCORPORATED.

Under the Name of the Sisters of Mercy of St. Joseph's Home.

(Special to The Daily Press.)

Somerville, Feb. 18—The Sisters of Mercy of St. Joseph's Home, North Plainfield, have filed articles of incorporation with County Clerk Somers. The agent in charge is Margaret O'Donahue, at 35 Manning avenue, and the object of the organization is the care and education of children; the protection, instruction and training of young women.

The trustees are: Anna Redican, known as Sister M. Gabriel; Mary Scully, known as Sister M. Cecelia; Mary McEnery, known as Sister M. Philamena; Blanche Lavenstein, known as Sister M. Immaculate; Isabella Tingley, known as Sister M. Mariella.

Instructed in Guard Duty.

Captain John Wherley, of Somerville, was present at the regular meeting of Company K, last evening, and instructed the members in guard mounting and guard duty. Notwithstanding the storm there was a good attendance and Captain Browning, of the local company, was well pleased with the showing made.

Initiation and Smoker.

Freedom Castle, K. G. E., will initiate three candidates to the Crusader's degree, at the regular meeting this evening. Following the business session a smoker will be held. The charter list for the military branch, which is the degree of Chivalry, will be ready at this meeting.

Freedom Castle's Anniversary.

The first anniversary of Freedom Castle, K. G. E., will be celebrated at a supper and entertainment to be given in Washington Hall, Tuesday evening, February 25. Admission will be by card of invitation.

LITTLE TALK ABOUT THE BOROUGH ELECTION

Although Only a Few Weeks Away There Are No Names Yet Mentioned for Office.

TO ELECT COUNCILMEN.

MR. CLARK ABSOLUTELY REFUSES A RENOMINATION BY REPUBLICANS.

More Interest is Shown in Probable Appointments by Mayor—May Act as Recorder Himself Instead of Naming One.

Time is drawing close for the borough election and yet there is no sign of any wild scamper for the two councilmanic nominations which will be made by the rival political parties. The terms of Robert Clark, Jr., Republican, and S. S. Swackhamer, Democrat, expire, and their seats will have to be filled next month.

As far as Mr. Clark is concerned, at the present time he declares that he will not take a renomination. His business interests at Newark, combined with certain responsibilities he shoulders here, he says, take up all his time and he is anxious to retire from the Borough Council. The Mayor, his fellow councilmen and the public in general, who are acquainted with the good work he has done, are desirious that he retain his place. A strenuous effort will be made to induce him to change his opinion and it may be successful. Mr. Swackhamer does not seek re-election and he has publicably expressed a desire to quit the office at the expiration of his present term.

This is not an off year with the Republicans and consequently with the large majority they have in the borough there is little chance for the Democrats to elect a candidate. If the majority party makes a clean sweep the complexion of the body will be entirely Republican, something that many conservative members of the dominant political body are adverse to. The politicians will have to resort to the old game to get one out for nomination. They'll have to go gunning.

When seen at his home last night by a Daily Press reporter, Mayor Smalley could not suggest a single man who would be likely to come out for office. "You see," said he, "we've hundreds of good men, but its a thankless job and few will take it. A lot of our people are commuters and while they would make first rate councilmen, they don't like to spend their evenings on municipal matters, after being away all day." His Honor declares that there should be a representation of "home" men in the body. "Home" men it should be explained are those whose business interests are in the city or borough and are not away all day. At the present time only Harrison Coddington and S. S. Swackhamer represent this class, and the Mayor believes that it would not be a bad idea to increase this representation. This is because they would be in a position to give personal attention to the needs of the borough. There's much work to come before the body during the ensuing year and His Honor is anxious that only those will be elected who will devote a share of their time to the borough business.

Unquestionably there is more interest taken in the prospective appointements of the Mayor, on the reorganization of the Council, then there is in the election of new members of that body. A sort of tip comes from the chief executive that few changes will be made in the present appointees. It is an unwritten rule in the borough that under ordinary circumstances a man is entitled to two terms in any office of appointment. The agitation in favor of a lawyer for recorder does not meet with the hearty approval of the administration, which wishes to make that office as unimportant as possible. Mayor Smalley says that this has been his aim.

Prior to his first term there were generally good sized bills incurred in sending borough court defendants to Somerville, but by His Honor's "course of treatment" these have become almost an absent quantity. Mayor Smalley says that his "cure" consists in giving a lecture to any one brought into court and then having them confined in the borough lockup for several days. This added to what he says they are fed on, bread and water, generally proves an effective remedy. "I can turn over the pages of the court record and show you

FOR UNION WITHOUT MOVING COUNTY LINES

James E. Martine Writes an Open Letter to Former Mayor W. L. Saunders.

FAVORS CONSOLIDATION

BUT THINKS THERE IS NO NEED TO MAKE CHANGE IN COUNTY LINES.

The Proposition to Unite City and Borough as One Municipality Finds General Favor With the People.

As the people of the city and borough learn more about the proposed plan to consolidate the two places, the enthusiasm for the proposition steadily increases. As a matter of fact comparatively few persons can be found who are pronounced in their opposition to the plan. All agree that it would be a great thing and that the benefits to be derived would be many.

Many favorable comments have been heard on all sides since the announcement of the proposed action. Not the least of the enthusiastic persons in this city is James E. Martine, who as sent the following open letter to William L. Saunders, who with Philip V. R. VanWyck, will appear before the Legislature next Monday for the purpose of presenting a measure for the consolidation.

Plainfield,
Cedar Brook.

Hon. Wm. L. Saunders.

My dear friend: I was much gratified to read in The Daily Press of your steps anticipating the consolidating of the city of Plainfield and North Plainfield under one municipal head and government. There is everything to recommend such action.

The interests of both are identical, under one government expenses would be saved and the interests of both advanced, particularly is this so in the matter of sewers and the health department. It has always seemed to me absurd to maintain two municipal governments for a people whose interests were so interwoven.

But my dear friend don't let us insist upon changing the county boundaries, it is not necessary for our consolidation, and will only arouse unnecessary opposition with no corresponding advantage.

The municipal government of greater New York laps over into the counties of Kings and Queens. What has been possible there may be accomplished here.

I most heartily approve your move and hope for its accomplishment, but I deem it wise not to press the question of changing county lines.

J. E. Martine.

ANOTHER PUMP.

Will Be Placed at Pump House of Plainfield Water Supply Co.

A new pump with a capacity of five millions per day has been ordered by the Plainfield Water Supply Company. It will be put in position within the next three months. A pit to be twenty feet deep is now being excavated and a very heavy foundation of stone and iron will be erected upon which to place the pump. In the course of another year or so it will be necessary to secure another pump similar to the one just ordered to take the place of smaller pumps now being used.

Fair Netted $400.

As a result of the fair held recently under the auspices of Miantonomo and Wetumpkah Tribes, Improved Order Red Men, and Iona Council, Degree of Pocohontas, each organization will receive as profit the proportionate share of $400, which was the net profit. It is proposed by the committee to give a reception soon to those who assisted at the fair.

Will Open Question Box.

Wednesday evening at the regular mid-week prayer-meeting in Trinity Reformed church, the pastor, Rev. Cornelius Schenck, will open the question box. These questions have been collecting during the past two or three weeks.

New Choir to Meet.

The new Sunday-school choir now forming at the First Baptist church will meet tomorrow afternoon at the church for the first time. Howard Case, the organist of the church, will be in charge.

Endeavor Social.

The Christian Endeavor Society of Trinity Reformed church will hold a social this evening in the lecture room of the church.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. L. W. Randolph.

Flemington sausage is preferred by all good housekeepers. R. W. Barnes, the Park avenue delicatessen dealer, always has a fresh stock of sausage.

Slushy weather gives one wet feet and wet feet give colds. Hepburn & Co., of Park avenue and Second street, have the favorite prescription for a quick cold contracted in this or any other way.

If you would thoroughly enjoy life you must have good pure milk, the kind that can be depended upon as coming from healthy cows. William Lindsay & Son, of Mountain avenue, can serve you with this kind.

M. J. Cashin, the Park avenue tailor, has about completed his men's furnishing department. New goods for spring wear are arriving every day. He has bought carefully and intends to carry a complete line.

You don't have to be an experienced meat buyer to get what is good at VanSickle's North avenue market. Everything there is the best and the purchaser's standing makes no difference. Everything sold at low prices but for cash only.

There's no trouble in getting the choicest flowers, if you send your order to William H. Brower's Sons, of No. 946 Broadway, N. Y. John L Brower, of 127 East Fifth street, will take your order and see that the flowers are delivered with dispatch.

If anybody will take the trouble to look in Campbell's candy window, they will see one of the finest displays of candies ever made in this city. This is a tea special window, and contains candies imitating corn, peas, pears, apples, cherries, etc. Never before have such goods been made in the city.

Short Sketches That Are Not Always News, But Just as Interesting.

The New Jersey Review of Charities and Corrections is the name of a new periodical, the first issue of which appears this month. It is devoted to setting forth the objects and aims of the New Jersey State Charities Aid Association and is filled with many articles that are both helpful and interesting to charity workers. It will be issued monthly by the executive committee of the New Jersey State Charities Aid Associatioon. The first issue is brimful of news on charity subjects and also contains the provisional programme for the coming State conference to be held at Trenton, February 20-21. The paper also contains a brief report of the Plainfield work from the pen of Mrs. Elizabeth Tiffany.

The pension department of the Pennsylvania Railroad Company has prepared some very interesting data, showing the results of the operation thereof during the two years of its existence. The statistics of the department to Dec. 31, 1901, indicate that there were authorized to be paid retired employes during the year 1901 allowances aggregating $292,290.20, and this, added to the allowances paid during 1900, shows a grand total of $536,310.17 for the two years, which expenditure was borne entirely by the companies associated in the administration of the department, being provided for by an annual appropriation of $300,000, and does not include the amounts incurred in the operation of the department.

Since the inception of the department 1,574 employes have been retired and granted pension allowances, of which number 217 have died. Of the total number retired 248 were of the sixty-five to seventy year class, 143 in 1900 and 105 in 1901. Of those so relieved from active duty the requests originating with the employes were four to every one emanating from the employing officer. This is a strong indication that the efforts of the company in allowing its disabled employes to retire at the age of sixty-five years with a substantial allowance for the remainder of their lives, are much appreciated.

Miss Nettie Ammons, of Duer street, has returned from a stay with relatives in Newark.

Joseph T. Case is now improving from his critical illness and his physician anticipates an early recovery.

Benjamin Schenck, of this city, is spending a few days with Somerville relatives. From there he will go to Philadelphia, where he will remain for some time.

SNAKES ARE BOLD.

In the East Indies They Take Many Liberties with Men.

Terrible Situation of a Traveler in the Borongos — How the Deadly Cobra on Mr. Dunlop's Shoulder Was Dispatched.

The Borongo islands lie about half way between Calcutta and Rangoon. When the snakes die they go to the Borongos. That is their paradise; there they hold high carnival. I spent three years among them, and know of these things, writes D. A. Fraser, in the Canadian Magazine. From the giant python down to the deadly karait they are all there, all the cobridians. Even the salt water snakes, that are all poisonous—they, too, are there. Two Europeans had preceded me on the Borongos, so there was considerable natural history on tap when I arrived, and we rapidly acquired more. One can't live among snakes without studying them; they insist upon it.

Each evening I killed an hour or so of the monotony by walking up and down the path in front of the bungalow. A big cat was my usual companion. His method of introducing himself to my notice was generally abrupt. He would lie in wait, and, as I came along, spring out upon me, alighting against one of my legs. At other times he would lie on his back in the path and claw at my feet as I passed. One evening, just after turning into the path from the bungalow, I felt something soft and yielding against my foot. Thinking it was "Billy," I gave the mass a gentle push. As I shifted the something I saw a twisting gleam of white, not at all like the soft gray of Billy's fur. Of course, I knew what that meant. Jumping back I brought my walking-stick down on the twisting thing, and yelled for a light. The servants came running from the cookhouse with a lantern, and I saw that I had laid out a most villainous daboia. One touch from the catlike fangs on my cotton-hosed instep, and within an hour I would have been dead.

One of our party had occasion to visit a Mr. Savage, a half-caste land

EMIR ADLY HAD NERVE.

owner on the other side of the island. He went in a boat, and while the coolies were bringing up his traps went up to the bungalow. He was sitting in a big chair on the veranda, talking to Savage, when he felt something drop from the leaf roof onto his shoulder. Leisurely he started to rise to see what had fallen, when the other man cried out: "For God's sake, don't move—keep perfectly still!" Dunlop knew what that meant. Stealthily the old man took a Burmese dah (sword) from the wall, and, cat-like, crept toward the white man with the thing on his shoulder. Within striking distance, he paused, and raised the dah high in the air to cut the thing in two with one swift, downward stroke. Then his nerve, rattled and tugged at for 60 years until it was weak, failed him, and the sword clattered from his numbed fingers to the floor. "My God! I can't do it," he whined, in a broken voice, and reeled back against the wall, where he stood staring with weak eyes at the sahib and his burden.

Dunlop neither moved nor spoke; his only safety lay in keeping perfectly still—motionless. It might be minutes, or a thousand years; they would have to wait till the boatmen came. What would happen then he could not say. He could feel the clinging, pulling thing on his right shoulder. There was an undulating pressure that told him the head of the snake was swaying back and forth just above his neck. Then the song of the Madrassi boatmen as they came swinging along with his luggage broke upon his ear. Those gin-thickened voices, carolling the coarse refrain to the time of the measured trot, were angel voices. What would the muddle-brained coolie do, he wondered. If Emir Ally, his trusted servant, saw the thing, it might be well; he had nerve and judgment, even close to that of a sahib. Emir Ally was in the lead. When he came to the steps Savage jerked out an expression that called his attention to the tableau. Gathering his loongy tight about his loins, he slipped along the veranda like a shadow, grasped the fallen dah, and poising his black, lithe body for a swift, strong stroke, brought the sword through the air with a swinging cut that laid a full-grown cobra in two neat pieces almost at the feet of the man who had waited.

MINISTER YANG YU DEAD.

Chinese Representative at St. Petersburg, Formerly at Washington.

ST. PETERSBURG, Feb. 18.—Yang Yu, the Chinese minister to Russia, died here yesterday after a short illness.

Yang Yu was formerly Chinese minister at Washington. He was transferred to St. Petersburg in November, 1896. In March, 1901, Yang Yu was reported to be seriously ill—this was at the time when it was said the Russo-Chinese Manchurian treaty was to be signed—and on March 28, 1901, the Russian foreign office was informed that the Chinese minister had fallen and had been seriously injured. Early in April, 1901, it was announced that Yang Yu's illness was caused by an attack of vertigo following the receipt of news by him that the Chinese bank in which he had deposited his entire fortune had been plundered and that he had lost everything except his house. The next report circulated concerning Yang Yu was that he had requested the emperor's permission to resign his post at St. Petersburg.

Not long afterward, April 10, 1901, it was announced in a dispatch from Paris that Yang Yu had gravely insulted Count Lamsdorf, the Russian minister of foreign affairs, during a discussion of the Manchurian question and that the count had ordered his lackeys to put the Chinese minister out of the room and that Yang Yu was thrown down stairs and very seriously injured about the head.

In May, 1901, Yang Yu started for China with his family, thereby interrupting the Russo-Chinese negotiations regarding Manchuria. He returned to St. Petersburg Aug. 13, 1901.

Yang Yu was over sixty years of age. He was a Manchurian, and it was said that he was bitterly opposed to signing over Manchuria to Russia.

To Retire Hobson.

WASHINGTON, Feb. 18.—The president sent to the senate a message recommending the retirement of Naval Constructor Richmond P. Hobson, and, in accordance with this recommendation, Senator Gallinger immediately introduced a bill providing for Mr. Hobson's transfer to the retired list. In his message the president gives as his reason the trouble that Mr. Hobson has had since 1900 with his eyes and recites the history of that trouble. It appears that in June, 1900, he was admitted to the naval hospital at Yokohama, when, according to the records, he suffered from weakness of the eyes and retinitis, which infirmities, it was stated, had been contracted while on duty in repairing ships at Hongkong. In January, 1902, he was examined by a retiring board, which decided that his incapacity was not such as to justify retirement.

To Investigate Rutgers' Claim.

TRENTON, N. J., Feb. 18.—Governor Murphy has sent to the two houses of the legislature a special message calling attention to a claim for $131,000 filed with him by Dr. Austin Scott of Rutgers college. Dr. Scott contends that this money is due the college for state scholarships and board by a law of 1890. The governor states in his message that the constitutionality of the law was questioned and therefore no money was repaid by the state. He advises that a commission of three be appointed to make investigation and report what money, if any, is due Rutgers college and as to whether the law of 1890 should be continued, repealed or modified. The special message was referred to committee.

An American Number.

BERLIN, Feb. 18.—Ueberall, an illustrated army and navy periodical, has brought out an exclusively American issue, in which portraits of Emperor William and President Roosevelt are published side by side on the front page. The issue contains articles describing the recent naval development of the United States. These are followed by sketches of President Roosevelt and the principal officers of the United States army and navy and the achievements of Admiral Dewey and Rear Admiral Evans and Generals Miles, Corbin and Merritt.

Cleveland Killed Many Ducks.

NORFOLK, Va., Feb. 18.—Charles Keidel of Washington, secretary of the Back Bay Gunning club, of which ex-President Cleveland is a guest, has returned to Norfolk from the marshes. He stated that the Cleveland party killed 200 ducks and thirty geese on Friday and that Mr. Cleveland did more than his share of the slaughter. The weather is very rough at the club, but ideal for duck shooting, and the game is plentiful. Mr. Cleveland's health has improved since he arrived there.

UNITED FOR REPEAL.

House Vote on the War Tax Bill a Surprise.

SENATE DISPOSES OF DANISH TREATY

Democratic Members Do Not Oppose Purchase of Islands — Permanent Census Office Measure Also Passed by the Senate.

WASHINGTON, Feb. 18.—The unexpected happened in the house yesterday when the bill to repeal the war revenue taxes was passed unanimously without a word of debate. This action was the outcome of a challenge thrown down by Mr. Richardson of Tennessee, the minority leader, after the adoption by a strict party vote of a special order for the consideration of the bill which permitted debate upon it until 4 o'clock this afternoon, but cut off all opportunity to offer amendments except such as had been agreed upon by the ways and means committee.

The adoption of the rule had been preceded by a stormy debate, in the course of which the Democrats protested against the application of the "gag," which Mr. Hay (Va.) charged was meant to prevent a free expression not only by the Democrats, but by some of the Republicans, attention being especially directed toward Mr. Babcock (Wis.), the father of the bill to amend the steel schedule of the present tariff law. They also charged that such a method of procedure was minimizing the influence of the house and making it simply a machine to register the decrees of the few men in control.

When the rule was adopted by a vote of 158 to 120, Mr. Richardson, to emphasize the fact that debate on the bill could accomplish nothing and that deliberation upon it would be fruitless, asked unanimous consent that the bill be placed upon its passage. Not an objection was voiced, and the vote was taken forthwith. Every vote—278 in number—was cast in the affirmative, and thus quietly and unanimously came the end of what at one time had promised to be one of the most exciting contests of the session.

Representative H. C. Smith (Mich.) introduced a bill amending the act of July 24, 1897, by authorizing the president to negotiate a reciprocity treaty between the United States and Cuba for a period of ten years by which the United States shall refund the Cuban government quarterly 40 per cent of duties on condition that Cuba shall grant a concession of all duties on articles imported by Cuba from the United States and on condition that no duties shall be refunded on any articles for the introduction of which any bounty has been offered, provided for or paid.

After an extended debate the senate passed the bill establishing a permanent census office. The discussion related principally to the collection and publication by the director of the census of statistics respecting the production of cotton.

In a little more than an hour's time the senate disposed of the treaty with Denmark ceding to the United States for a consideration of $5,000,000 the islands of St. Thomas, St. John and St. Croix, composing the group of the Antilles known as the Danish West Indies and lying just east of Porto Rico, and thus, so far as this country is concerned, consummated a transaction which has been under consideration intermittently since the administration of President Lincoln.

Several other bills of importance on the calendar were passed, among them one extending the charters of national banks.

Big Sale of Hereford Cattle.

KANSAS CITY, Mo., Feb. 18.—A deal has been consummated in Kansas City by which the Riverside Hereford Cattle company sold its ranch and herd of pure blood Hereford cattle at Ashland, Neb., to George A. Ricker of Quincy, Ill., for $481,000. The cattle sold compose the largest herd of pure blood Herefords in the world and are estimated in the deal as being worth $300,000. The herd is headed by the famous bulls Admiral and Thickset, for the latter of which $5,050 was paid at a sale in this city. The ranch consists of 3,500 acres of land.

New Jersey's New Comptroller.

TRENTON, N. J., Feb. 18.—The Republican members of the two houses held a caucus last night and agreed upon J. Willard Morgan of Camden for state comptroller to succeed William S. Hancock, resigned. Mr. Morgan had no opposition in the caucus, and his election at a joint meeting of the legislature today is assured.

ALL BURIED IN SNOW

Worst Storm In Years Sweeps Atlantic Seaboard.

NEW YORK CITY IS HARD HIT.

Fall of Snow From One to Two Feet In Many Places—Country Roads Blocked and Railways Badly Hampered.

NEW YORK, Feb. 18.—New York city has borne the brunt of the fiercest snowstorm that has struck this section of the country since the great blizzard of 1888. Beginning soon after midnight, the storm increased rapidly in intensity until by daybreak the whole city was completely snowed under, the rising force of the gale piling up the snow in great drifts that for a time almost suspended traffic except in the main thoroughfares, where the car tracks were only kept open by the constant use of snowplows and sweepers.

Suburban traffic and communication between Manhattan and Brooklyn were subject to long delays, the ferryboats with difficulty made trips across the ice choked rivers, and the work of tugboats, lighters and, in fact, of shipping generally was almost at a standstill. So heavy was the snowfall that the loading of vessels was stopped, it being impossible to keep the hatches open.

There was considerable delay in the arrival of the mails. The Chicago mail, due at 1:45, did not get in until 7:35 a. m., and the Washington mail was an hour and a quarter late. The local deliveries of mail were hampered by the difficulty of driving the wagons through the snow encumbered streets. All outgoing mails were closed from thirty minutes to an hour before the usual time.

The congestion of traffic on the Manhattan street car lines was severe during the morning, when many of the avenues were blocked with long lines of stalled cars.

In the shopping district along Sixth avenue the blockade was so complete that several of the great department stores decided to close their doors at 4 o'clock.

Four thousand men were set to work to clear the streets of Manhattan early in the afternoon. Of these half were engaged in opening cross walks, while 2,000 men and 300 trucks were engaged to work all night clearing the main streets.

Throughout Brooklyn the blockade was even more general than in Manhattan, and but little progress was made by the street cleaning department beyond opening cross walks on the principal streets. Coney Island, Fort Hamilton and Canarsie were completely cut off from all communication.

Staten Islanders suffered more than the residents of any of the boroughs of Greater New York. The boats were all badly behind time, and no effort was made to keep schedule time, the main trouble being due to the great masses of ice packed in the slips at St. George. The island itself was completely snowed under, and the movements of trolleys and trains were brought to a halt.

Long Island from Montauk Point to Long Island City is snowbound. The storm kept children from school, and those institutions were closed at noon, and teachers and pupils were sent to their homes. All lines of trolley cars were blocked by drifts, and efforts to open them were of no avail. Many thousands of people employed in New York and Brooklyn had to turn back, unable to breast the blinding snow squalls.

Advices received from points in New Jersey show that the great blizzard has been felt from Bergen county to Cape May and from Atlantic City to Camden. As was natural, the brunt of the gale, which approached the dimensions of a hurricane, was felt by the seacoast towns, but the interior cities and ownships did not escape.

The eastern part of New York state, from this city to the Canadian border, was swept by a blizzard such as had not been experienced for fourteen years. Up to midnight reports were received showing that sixteen counties had received in full force the effects of the gale and the accompanying fall of snow. These counties were Dutchess, Orange, Ulster, Albany, Schoharie, Schenectady, Montgomery, Saratoga, Essex, Columbia, Rensselaer, Washington, Clinton, Oneida, Onondaga, and Chemung. Thus it will be seen that all the eastern tier of counties caught the storm and that it did not extend to the western portion of the state.

Philadelphia In Storm's Grasp.

PHILADELPHIA, Feb. 18.—The heavy snowstorm which began in this section at 10 o'clock at night ceased at 5 o'clock in the afternoon, the fall of snow being the heaviest in three years. A high wind accompanied the snow. In this city eleven inches of snow were recorded at the weather bureau, and in the interior of Pennsylvania snow fell in depths varying from one to six inches. Street car traffic became demoralized early in the day, and no attempt was made to keep schedule time. Some lines were blocked for hours. The steam railways centered in this city were considerably hampered. Trains were greatly delayed and in some instances annulled. The greatest difficulty was experienced within the city limits and on the lines leading to New York and the seashore. Trains to the west and the south from here had comparatively little trouble.

Eastern New York Hard Hit.

HOOSICK FALLS, N. Y., Feb. 18.—A heavy snowstorm, accompanied by lusty gales, set in early yesterday in eastern New York. Appearances indicate more severe weather than that of two weeks ago. Trolley service was early demoralized by drifts, and the running of cars was abandoned later. Western passenger trains on the Boston and Maine railroad were very late. Many roads in the country districts not having been broken for travel since the previous storm, this fall increased to a large degree the depth of the drifts already formed, making roads impassable.

Enormous Snowbanks.

FORT PLAIN, N. Y., Feb. 18.—A fierce storm, the worst in years, has raged here all day, and the fall of snow is remarkable. In the main streets snowbanks as high as an ordinary man's head are numerous, and the end is not yet. Farmers are literally prisoners at their homes and will be for days. The highways are absolutely impassable, and it is no exaggeration to say that in the rural districts snowbanks twenty-five feet high and more are common. Yesterday's storm added to the continuous performance in central New York that commenced Feb. 2.

Storm In New England.

BOSTON, Feb. 18.—After an unprecedented stretch of clear weather dating back to Candlemas day New England was blanketed with a foot of wet snow and swept by a northeast gale. This onslaught of the elements impeded traffic and carried down the telegraph and telephone wires, so that many important points were cut off from communication with the outside world. Fortunately there was not a large amount of shipping off the coast, and nothing in the way of a marine disaster had been reported last night.

Deep Snow at Atlantic City.

ATLANTIC CITY, N. J., Feb. 18.—One of the most severe snowstorms since 1888, the year of the great blizzard, struck this coast early yesterday morning, and by nightfall, when the snowfall ceased, nearly twenty inches of snow had fallen. There was no great damage done, nor have any wrecks been reported. The trolley railroad in this city was tied up, and it is feared it may take two or three days before the snowplows now at work can clear the tracks as far as Longport.

Deep Snow In Central New York.

ONEONTA, N. Y., Feb. 18.—Twelve inches of snow fell here, blocking the local trolley road completely. The electric road between Oneonta and Cooperstown is also snowbound. The Delaware and Hudson and the Ulster and Delaware trains are delayed. Eighteen inches of snow has fallen at Worcester and other nearby places.

The Storm In Connecticut.

NEW HAVEN, Conn., Feb. 18.—Eight inches of snow had fallen in this city up to 3 o'clock last evening, according to the measurement of the weather observer. It is the heaviest snowfall of the winter and, piled into drifts by wind of a velocity of thirty-six miles an hour, has greatly delayed traffic all over the state.

Northern New York Also Suffers.

WHITEHALL, N. Y., Feb. 18.—The worst storm of the season has been raging throughout northern New York. At Plattsburg, Port Henry and Rouse Point the wind blew a gale. The snow is drifting badly, and the roads throughout the country districts are almost impassable.

The Ransom Paid Feb. 6.

LONDON, Feb. 18.—A dispatch to The Daily Graphic from Seres, European Turkey, dated Feb. 17, says that M. Gargiulo, dragoman of the American legation at Constantinople, and W. W. Peet, treasurer of the American mission at Constantinople, met the brigands on the road to the Podrome monastery and paid them the ransom money Feb. 6. M. Gargiulo is waiting here, continues the correspondent, and is ignorant as to where Miss Stone, the captive American missionary, and her companion, Mme. Tsilka, are concealed.

M. Santos-Dumont Ill.

MONTE CARLO, Feb. 18.—M. Santos-Dumont experienced a slight chill as a result of remaining in wet clothes for two hours after the disaster to his airship in the bay of Monaco last Friday, during which the aeronaut had a narrow escape from death. He stayed in bed Saturday, but was able to get up Sunday, when he lunched with the governor of Monaco. He again kept his bed yesterday, with a slight fever. He also has some stomach trouble, due to the excitement incident to the accident. His condition is not considered serious.

Dewey Obliged to Decline.

PALM BEACH, Fla., Feb. 18.—Admiral Dewey received the following dispatch from Washington, signed by Holleben, the German embassador: "Will you dine with me on Feb. 28 at 7:30 p. m. to have the honor to meet his royal highness Prince Henry of Prussia?" Admiral Dewey replied as follows: "I regret exceedingly not to accept your invitation to dine and have the honor of again meeting his royal highness Prince Henry of Prussia. Mrs. Dewey is too ill for me to leave her."

Bank Robbers Indicted.

ST. LOUIS, Feb. 18.—The St. Clair county grand jury has returned indictments at Belleville, Ill., against three of the suspects in the East St. Louis bank robbery case. The bills, which charge burglary and larceny, are against Charles Meyers, Sylvester Savignac and John Harrington. Meyers and Savignac are in jail at Belleville, and it is believed that the Furlong Detective agency has Harrington under surveillance here.

Korean Ministerial Changes.

YOKOHAMA, Feb. 18.—There have been changes in the ministry at Seoul, Korea, as the result of the Anglo-Japanese alliance. New ministers of war and finance of neutral politics have been appointed.

RIOTOUS STRIKERS.

Barcelona Labor Troubles Assume Alarming Proportions.

BARCELONA, Feb. 18.—The strike situation here is becoming more grave. A state of siege has been proclaimed. The printers have tied up all the papers, and none of them is appearing.

It is estimated that 40,000 men have struck at Barcelona, and serious rioting is reported there.

The mob attempted to sack the market buildings and stopped all street traffic. The factories and shops in the city have been closed. Groups of women bearing banners are taking a prominent part in the disturbances. Several battalions of troops are clearing the streets.

In the chamber yesterday afternoon General Castellanos taxed the government with lack of energy in dealing with the Barcelona rioters. Replying, Senor Gonzalez, minister of the interior, said that the prefect of Barcelona was not able to send a police commissary to each of the seventy-two simultaneous strikers' meetings in that city. After further explanations Senor Gonzalez introduced a bill asking the chamber to authorize the suspension of constitutional guarantees in the province of Barcelona.

Reforms at Chicago Postoffice.

WASHINGTON, Feb. 18.—Radical changes in the Chicago postal service have been arranged by General Superintendent George W. Beavers of the salary and allowance division of the postoffice department and J. H. Masten, chief clerk of the first assistant postmaster general, who have just returned to Washington from Chicago, where they spent most of last week. They arranged that on and after Feb. 20 the entire service of the Chicago postoffice shall be put on an eight hour basis. The postmaster general has directed, in accordance with their recommendations, that on Feb. 20 fifty additional clerks shall be employed in the mailing division of the postoffice, ten additional clerks at the Union depot postal station, two additional clerks at Monadnock station and two additional clerks at the board of trade station.

Annual Steel Meeting.

HOBOKEN, N. J., Feb. 18.—The annual meeting of the stockholders of the United States Steel corporation was held in Hoboken yesterday. More than 75 per cent of the stock was represented and voted in favor of approving all acts and contracts of the board of directors since the organization of the corporation on Feb. 25, 1901. The agreements made with J. P. Morgan & Co., syndicate managers, including a final settlement and mutual release, were approved. The election of directors as heretofore announced was ratified.

On Monday Mr. Bryan will go to New York, where he is to have a similar conference with Democratic leaders of that state.

Labor Disturbances In Rome.

LONDON, Feb. 18.—A dispatch to the Central News from Rome says that at a great meeting of laborers held there it was decided to submit the question of a general strike to the vote of the various labor unions. After the adjournment of the meeting the laborers paraded the streets. There were several clashes with the troops, continues the correspondent, and the cavalry finally charged, clearing the streets. The city was on the verge of a panic.

Mass Meeting In Behalf of Cuba.

NEW YORK, Feb. 18.—The plans for the mass meeting in behalf of Cuba have been completed. The programme promises an elaborate and complete discussion of the Cuban industrial situation in all its aspects. General Stewart L. TAFT UNFOLDS PLAN

Gradual Growth of Popular Rule For Philippines.

GOVERNOR ANTICIPATES HARD TASK.

But Believes In the Ultimate Success of the Undertaking to Educate and Uplift the People In the Islands.

WASHINGTON, Feb. 18.—Governor Taft in his testimony during the day before the senate committee on the Philippines stated more succinctly than he has heretofore done his theory—which is, he said, also the theory of the Philippine commission—as to what congress should do in the way of supplying the Philippine people with a form of government.

His plan is, first, to give the people a qualified suffrage, with a gradual growth in popular government, which should be enlarged through education in the English language and in American institutions.

Second, to institute within a reasonably short time a local legislature to consist of two bodies, one to be chosen by vote and the other to be appointive.

Third, to permit the islands to send two or three representatives to Washington.

Replying to Senator Rawlins, Governor Taft advanced the idea that on account of the fact that the Filipinos have for 300 years been under the influence of the Christian religion they would prove to be different from other Malay races and that in time under the influence of American education the people might become capable of self government. He did not consider the case as parallel with that presented in India. He thought all the difficulties of race and climate might be overcome, but held that it would take time and require much patience in the matter of training on our part. He anticipated some trouble on account of undue or illegal exploitation of the islands and corruption in case of continued American occupation, but he would not on account of this danger turn the islands back to the fate of an oligarchy so long as there is a probability of success, as there is in this case.

"I did not originally favor the acquisition of the Philippines, and I was sorry at the time that we got them, but now that we are there I see no other way than to go on and carry out the plan that I have suggested. I may be a Mark Tapley in this matter," he continued, "but if I didn't believe that we could bring these people out regardless of the fact that the feat we propose is to an extent unprecedented—if I did not believe we should succeed in doing what we are undertaking to do—I should resign immediately and come home."

Proceeding, he said that his idea was to unite example and actual practice in the American control of the islands, and he believed that the result must be the uplifting and the education of the people to a point which would put them on a plane far above that which is at present occupied. He believed that then they would find the association with the United States so profitable and agreeable that they would not want to sever the relationship and that possibly the relationship might continue perpetually.

The committee then adjourned for the day.

Assembly Messenger Dies Suddenly.

ALBANY, N. Y., Feb. 18.—A tragic incident in connection with the session of the legislature last night was the death of Seymour Taft of Killowag, Broome county, who was stricken with apoplexy in the assembly postoffice and died a few minutes later. Mr. Taft had hurried to the capitol through the heavy snowstorm, and it is believed that his exertions brought on the fatal seizure. Mr. Taft had been a messenger in the assembly since 1890 and was about fifty-five years of age. The session of the senate was very brief. Senator Horace White announced to the senate the death of its former clerk, John S. Kenyon, and moved that the temporary president appoint a committee to draft suitable resolutions on his death. The senate then adjourned out of respect to the memory of John S. Kenyon.

Two Thousand Perished.

BAKU, Transcaucasia, Feb. 18.—Details which are slowly reaching Baku from Shamaka, about seventy miles from here, show that 2,000 persons, mostly women and children, perished as a result of the earthquake there last week and that 4,000 houses were destroyed. Thirty-four villages of the country surrounding Shamaka also suffered.

Report on Cleveland Bank.

CLEVELAND, O., Feb. 18.—The appraiser's report covering the financial condition of the Euclid Avenue Trust and Savings company, which failed some time ago, has been filed in the insolvency court. The report shows that the bank's liabilities are $1,414,368; assets, $1,505,894.

Two Safes Robbed.

NORTHAMPTON, Mass., Feb. 18.—Five men blew open two safes in the street railway company's office here after overpowering the watchman and secured about $750 in cash. In their haste they overlooked $500 in one of the safes.

Funds to Fight Merger.

ST. PAUL, Minn., Feb. 18.—With only one negative vote the state senate passed the bill appropriating $25,000 to pay the expenses of the legal contest against the so called merger of the Northern Pacific and Great Northern railways.

THE SNOW STORM.

The opening months of the year 1902 will long be remembered on account of the series of severe snow storms which have swept through the eastern States delaying travel on the railroads and, in many cases, compelling a complete cessation of business. Plainfield and the rest of central Jersey has not been exempt. A storm of unusual severity, possessing nearly all the requirements of a first class blizzard, has just swept over this section.

Since the first flakes began to fall just before midnight Sunday night, considerably more than a foot of snow has fallen. Where the wind has had full sweep, it is heaped into formidable drifts. The trolley system suffered the most from the storm, being completely paralyzed. The railroads had their troubles while local business was seriously affected. Today, the city is gradually recovering from the unexpected visit and preparing to enjoy the first big snow storm of the season.

Despite the fact that storms of the nature of this one are the exception rather than the rule, the city street department handled it with great promptitude. Not a minute was lost and the work done under the supervision of Street Commissioner Gavett had much to do with keeping the snow blockade from being general throughout the city. A lack of men to assist in the work handicapped Mr. Gavett's efforts to some extent but did not prevent his department from accomplishing much.

It will require some time for the city to complete its work. There are many vacant properties, the sidewalks to which will have to be cleaned off. As the snowfall is heavy, that cannot be done in a moment. Then gutters must be cleaned out. When all this snow begins to melt there must be a free path for it. Considering the circumstances, excellent progress has been made but people will have to wade through the snow for several days yet.

While The Daily Press went to press early yesterday afternoon in order to allow the carriers more time in which to cover their routes, it was not until late that some of the subscribers received their copies of The Daily Press. The boys did their best, but they found it hard work to make anything but very slow progress through the deep snow and against the driving storm. There may be some delay today on the outskirts of the city for the same reason. We ask your indulgence for these delays which are only among the inevitable results of a visit from a blizzard.

The storm did what the officials of the Jersey Central Railroad will not do, it gave the fence between the tracks at the North Avenue station a coat of white. Sorrowful to say, however, it was only a temporary one.

LIBRARY TO AID READERS

SPECIAL HOURS ARE TO BE DEVOTED TO THAT WORK.

Arrangement Made So Business Men Can Also Secure Any Desired Information.

Owing to the greatly increased work of the Public Library in giving assistance to readers and students, it has been decided to devote the afternoon hours to this work, that is from 2 until 5:30 daily, Saturdays excepted. This work will be in charge of the librarian who may be found during the above mentioned hours at the information desk in the reading room. All questions relating to the library or its catalogues, as well as those involving research should be brought to this desk.

No efforts will be spared in making available the resources of the library and assisting inquirers in finding the information of which they are in search. So far as possible users of this department are asked to make their inquiries during the hours mentioned.

Probably not many are aware of the extent of this branch of the library's work. It is consulted to a very considerable extent by business and professional men for matters pertaining to their work, by a number of authors, by teachers and pupils of the public and parochial schools, by ministers, by debaters and essay writers, as well as by the general reader.

Persons who visit the library only in the evening may use this department by leaving memorandum of the desired information with the evening attendant, and if the library contains any information in the subject, it will be ready for him in on the following evening.

LOST VALUABLE BIRDS.

Thief Has Been at Work at Pigeon Cote of Bertram Glaentzer.

Two nocturnal visits by an unknown depredator to the pigeon cote of Bertram Glaentzer, of New street, have depleted it of a lot of fine birds. Fourteen in all have been taken, all of which were valuable specimens. A number of them had become very tame and their loss is greatly felt by the young owner. The matter has been reported to the police and an investigation has been commenced.

Only Small Loss.

It is estimated that the loss as a result of the fire in the Stillman building last Saturday will not be over $150. Another paper reported one individual loss as $6,000, which is wide of the mark.

School of Methods.

The Union County W. C. T. U. will hold a school of methods at Rahway Tuesday, May 6. Several Plainfielders will take part in the programme.

Severe Reprimand.

Recorder Doud released Charles Lewis with a severe reprimand. He was arrested Saturday evening on the charge of drunkenness.

GREAT ORIENTAL RUG SALE

A stupendous display of Choice Oriental Rugs gathered from the different countries of the far east. The rugs are from Boyajian Bros., of 257 Fifth avenue, New York City. This firm consists of two brothers, one of whom remains in the old countries, taking advantage of special offerings in the rug line, and is thus enabled to secure many rare bargains. The other brother will personally superintend this sale which is being held in our Carpet Store. The showing is most comprehensive and includes Royal Silks, Kerman Shahs, Tabriz, Saraks, Sennahs, Bokharas, Shirvans, Kazaks, Dagistans, etc. A great variety of sizes is shown, ranging from 2 x 3 to the largest sizes made. A Royal Kerman Shah "Tree of Life" rug, one of the rarest in existence, is among the lot—a thing of rare beauty as well as a great curiosity. Some exceptional values in 11 x 14 rugs at $175 and $185, rugs that carpet houses get easily a hundred dollars each more for. The assortment is too large and too varied to describe in detail. We can simply invite all to visit this most interesting and edifying exhibit of the products of the Orient, assuring all of a most cordial welcome from Mr. Boyajian, who is a rug enthusiast and who considers it a pleasure to display his goods.

SUBURBAN NEWS

A Department Devoted to the Minor Events in Greater Plainfield's Suburbs by Our Own Correspondents.

DUNELLEN.

Mr. and Mrs. W. L. Larrabee were preparing to spend Saturday evening, which was the twenty-second anniversary of their marriage, in a quiet manner, when a large crowd of friends trooped in taking them completely by surprise. They soon recovered themselves, however, and made the evening pass very pleasantly with games, music, etc. Refreshments also formed a pleasant part of the evening's enjoyment. The guests, who numbered over fifty, came from here, New Market and Plainfield. Mr. and Mrs. Larrabee received the heartiest congratulations of all.

The Bound Brook trolley line, between here and Bound Brook, made an enviable record for itself during the storm yesterday, keeping the tracks, which run mostly through open land, clear enough to permit the running of cars at intervals during the day. A snow plough car, with a 120 horse power motor, was kept busy during the day and did excellent work.

This town was practically blockaded by the storm yesterday and many of the sidewalks are still drifted over. The drifts were unusually high in places covering the piazzas on several houses. The walks are being shoveled out fairly well but the snow is too deep to admit the using of the snow plough.

The travelling saw mill, which Garretson & Gray have been expecting all the winter to saw lumber for the improvements which they contemplate in their stone business on the mountain, arrived yesterday and will start work as soon as the weather is permissable.

John Caes, a well known resident of this place, has purchased a controlling interest in Cain's butcher shop and has already taken possession. He has retained the present employes and hopes for a good share of public patronage.

A meeting of the Young Mens' Club was scheduled for last night but only a few members attended and the meeting will be held this evening instead if possible.

The public schools were closed yesterday as too small a number was present to warrent keeping open for the day.

A number of business men stayed home from the city yesterday because of the storm.

All trains left here late yesterday and the east bound ones were especially so.

Fred Vail was detained home yesterday by illness resulting from vaccination.

Edward Limepeter has returned from a week's visit in New York city.

Barney Siriski spent Sunday with friends in Raritan.

NEW MARKET.

Sixteen were baptized in the First Baptist church Sunday. Eight were for the Seventh-Day Baptist and the rest for the First Baptist church. The eight candidates for the Seventh-Day Baptist church were examined Saturday and they all passed satisfactorily.

People here are busily engaged in digging themselves out of the drifts today. The town was deserted yesterday and traffic in the country roads was impossible.

C. T. Rogers has recovered the use of his foot, which was hurt in an accident some time ago.

Miss Susie Bannon, of New York, spent Sunday with her uncle, John Dougherty.

PLAINS AND FANWOOD.

The blizzard of yesterday was in full evidence at the 'Plains. An effort was made to keep the sidewalks open with the snow plow, but the wind soon filled the paths again and made walking just as bad as before. The attendance at the public school was very small, as it was impossible for the little ones to face the storm.

Those who work out of town and depend upon the trolley to ride back and forth from work, had the pleasure of either walking or staying at home yesterday morning, as the blizzard had tied the trolley service entirely up.

Excelsior Hook and Ladder Company held its regular monthly meeting in its rooms last night. Routine business only was transacted.

Mr. and Mrs. William A. Gere and son, of Brooklyn, have been visiting at the home of Mr. Gere's sister, Mrs. Thomas M. Paff, Jr.

Miss Mattie Hull, of Plainfield, has been visiting her parents, Mr. and Mrs. William H. Hull, of Front street.

"God and the Scripture" will be the topic of the revival meeting in the Baptist church tonight.

Harry Messler, of Rahway, spent Sunday with his father, Alexander Messler.

SOUTH PLAINFIELD.

Church members have subscribed $55 more toward the fund to pay for the new furnace which was recently put up in the church. In all, $130 has been secured in this way.

A party of skaters enjoyed the ice by moonlight, Saturday night, probably in anticipation of the snow storm which has put a stop to that sport, for some time, at least.

Local commuters are experiencing difficulty in getting to and from New York, on account of the blockade caused by the snow.

The regular weekly prayer meeting will be held in the lecture room of the church, this evening, at 7:30 o'clock.

In spite of the drifts and bare spots in the roads, considerable sleighing has already been done in this place.

Mr. Anderson and family have moved into the house which belongs to the mill property.

A baby daughter was born to Mr. and Mrs. A. Young last Friday evening.

John Breen, of Metuchen, is spending two weeks with Robt. Horn.

Mr. and Mrs. Harry Tappen, of Newark, spent Sunday in town.

Rev. William Jones is entertaining out of town relatives.

DEATH OF H. S. BROWN.

He Was the Father of Mrs. Peter A. Emmons, of Jackson Avenue.

Henry S. Brown, aged sixty-nine years, the father of Mrs. Peter A. Emmons, of Jackson avenue, died Sunday night at his home, 67 East One Hundred and Thirtieth street, New York, following a long illness. Mr. Brown had suffered two paraltyic strokes and they were the cause of death.

During the past five weeks of his illness, Mrs. Emmons was with her father doing all she possibly could for his comfort. The funeral services will be held this evening from the late home in New York and the interment will take place tomorrow morning in Hillside cemetery. Besides a daughter, Mr. Brown leaves a wife and one son.

Booth-Tucker Coming.

The great Booth Tucker, of the Salvation Army, will give a lecture in Y. M. C. A. Hall, Monday evening. He will speak on a subject of interest to everyone. The proceeds will be devoted to the local corps.

Cottage Prayer Meeting.

The regular weekly cottage prayer meeting of the East Third Street chapel will be held this evening at the home of Mrs. Perrine, of East Fourth street.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." CITY IS FAST RECOVERING

(CONTINUED FROM PAGE 1.)

in these districts are not greatly improved and the carriers are unable to make their best time. No trouble is experienced in the main part of the city.

To be ready for any emergency in the borough four horses were kept hitched to the hose wagon of Warren Engine Company from 10 o'clock yesterday morning until late last night. The heavy drifts caused some alarm and the firemen deemed it best to be prepared for heavy work. All yesterday afternoon and evening a number of the firemen were at the house and the time was passed listening to instrumental musical selections rendered by local talent.

Chief Marshal Campbell started out bright and early this morning to notify boroughites to clean their sidewalks. In the majority of cases only a warning was necessary and the snow was quickly removed.

In comparison with severe storms of recent years, yesterday's was not a record breaker. The snowfall was 17.02 inches with a wind velocity of forty-five miles. In the '88 blizzard the fall was twenty-one inches with the wind blowing fifty miles an hour. The severe storm of February, 1899, deposited 15.5 inches of snow on the level while the drifts were whipped about by a sixty-one mile an hour zephyr. The '88 storm lasted sixty-two hours, that of 1899, seventy-four hours while yesterday's continued twenty-four hours. In the former two the thermometer hovered about the zero mark while yesterday it was twenty-eight above on an average.

Chief Doane has announced that the doubling up system in the fire apparatus will be maintanied until the streets become more conducive to travel. The chemical engine has been temporarily placed out of service while its team has been placed on No. 2 hose wagon. The single horses of Nos. 1 and 2 hose wagons, have been teamed and will haul No. 2 wagon. The truck company will answer first alarms only in the heart of the city and then will have one of Captain Hand's best teams assisting the regular horses, arrangements having been made to drive them as a four-in-hand.

Superintendent Sears, of the construction department of the Western Union Telegraph Company, with a gang of men, was in Plainfiled yesterday looking after the wires of the company. The storm wrought some damage which needed immediate attention.

There were two women clerks, Miss Apgar and Miss Thompson, that reported for duty at Woodhull & Martin's store yesterday morning. Miss Thompson looked after the cashier's duties, while Miss Apgar attended to the customers. Strange enough, there were a number of customers during the day, including several women.

Sessions were resumed in the city and borough schools this morning. There was the usual attendance, there being few absent pupils.

NO QUORUM.

So the Board of Trade Members Spent the Evening in Discussion.

The few reliable members of the Board of Trade appeared at the regular meeting, last evening. As usual there was not enough material on hand to do anything definite and the time was spent in discussing various matters which the board always has ready.

Principal among them was the revival of the Madison avenue widening project. Nothing new developed, the talk in the main being a general overhauling of old topics. It served a purpose, however, as it showed that the members still have the idea in mind and when a favorable opportunity offers it will be properly presented to the public.

Lecture on Holy Land.

An illustrated lecture on "The Holy Land" will be given in Hope chapel this evening by Dr. M. A. Carman, of Franklin place. A large number of fine views will be shown which were secured by Dr. Carman himself while on a recent trip. There will be no admission fee charged.

Extensive Alterations.

Woodhull & Martin are making extensive alterations in their big basement. The section that was formerly used for the shipping department will be torn down and added to the main room. This will give them quite some additional room which they have needed for a long time.

Patriotic Social.

A patriotic social will be held at the First Baptist church this evening under the auspices of the Christian Endeavor Society.

In Interest of Hampton.

The service Sunday evening at the Crescent Avenue church will be in the interest of Hampton Institute.

—The Boys' Mission Band, of the Crescent Avenue church, will meet this afternoon at 4 o'clock in the chapel of the church. The subject will be "China."

End Men Chosen.

City Judge William N. Runyon, who is coaching the members of the Hope chapel Y. M. A. minstrel troupe, for the performance on March 11, has announced that the end men will be Matthew Sweeney, Fred Dixon, George Cose and Thomas Muir. They will be backed in the first part by a chorus of thirty sweet-voiced singers. There will also be an olio of five numbers and a rollicking sketch.

Oriental Tea Parlor Opened.

An Oriental tea parlor has been opened by P. G. DuBois at No. 326 West Front street. The most delicious flavors in tea will be served at any hour during the day. Mr. DuBois was formerly with A. A. Vantine & Co., and all the goods handled by that celebrated firm will be on sale at the Oriental parlors.

Souvenir Book.

The Atlantic Trust Company, of New York, of which L. V. F. Randolph, of East Front street, is the president, has issued a handsome memorandum book containing several blank pages and considerable useful information.

Contract Filed.

The following contract has been recorded at the office of the county clerk at Elizabeth: M. Weinberger with William H. Brokaw, of Plainfield, alterations and additions, 202-204 West Front street, Plainfield, $600.

Fined Him $3.

John Granger, of Duer street, was fined $3 in the borough police court last evening by Recorder Doud. He was arrested by Marshal Winn Saturday evening for making a disturbance on Somerset street.

Date is Later.

The marriage of Miss Lillian Mirex, of Steiner place, and Harry Winn, of this city, will be celebrated Wednesday evening, Feb. 26, at the home of the bride's parents, and not tomorrow evening as reported.

Another Clothing Store.

Albert E. Giddis and A. E. Giddis, of Bound Brook, will shortly open a wholesale clothing store on Front street. They have been in the retail business in Bound Brook for some time.

LITTLE TALK ABOUT THE BOROUGH ELECTION

(CONTINUED FROM PAGE 1.)

dozens of cases where this method has been effectual and the men have never given the police any trouble since their first arrest and confinement.

If Mayor Smalley does not reappoint Recorder Doud it will be for the reason that he will reassume the duties of the office himself. During his first term he conducted the office himself and now there is a rumor that he will again have charge of the office after the March election.

NO CHANGE.

Man Prominent in Educational Affairs Says Baxter Will be Named.

A person who is prominently identified with State educational affairs has given assurances that State Superintendent of Schools C. J. Baxter is not likely to be removed at the end of his present term. He says that Mr. Baxter is too valuable a man for the position to lose, and that there is every indication that Gov. Murphy will reappoint him when his term expires. There have been rumors about the State that a south Jersey man is to be the appointe.

TO RAISE FUNDS.

St. Mary's A. and L. A. Will Give Fair for Benefit of Baseball Team.

The members of the St. Mary Athletic and Literary Association, met in T. A. B. hall Sunday for the purpose of discussing baseball matters for the coming season. No definite action in regard to the forming of the team was taken, but something will be done at another meeting to be held Saturday evening. Arrangements were made for holding a fair to take place in T. A. B. Hall, the week commencing Easter Monday. The proceeds will be used for fitting out the baseball team.

What New Orleans Thinks.

The New Orleans Times-Democrat says in speaking of the entertainment to be given in the Y. M. C. A. Star Course, Saturday evening, Feb. 22: "Those who are familiar with the naval officer's felicitous and forceful platform style pronounced 'Yarns About Jack and Others' one of his finest talks. It dashed along from the pathetic to the humorous and thence to the thrilling episode, pausing now and then fur the most graphical descriptive in such a manner as to put the listener in close touch with the American jack tar." Fred F. and William P. VanEps will render banjo and mandolin solos at the entertainment to be provided by Commander Wadhams.

More Equipment.

A very fine pair of scales have just been purchased for use in the Board of Health offices. Health Officer Leon Thurlow will use them in his tests of milk, an inspection of which he expects to make within the next week or so. Gradually the laboratory in the board's offices is being furnished with modern appliances and a full equipment.

Intend Removing From Plainfield.

E. E. Anthony, of West Front street, has received positive orders from his physician to take a year's rest from his business, and Mr. Anthony and his family will leave Plainfield early this spring and probably go on a farm in New York State, in the vicinity of Fishkill, if possible.

Injured at Fire.

While engaged at the fire in the Stillman building last week, Albert I. Littell, a callman in the fire department, cut his hand severely, putting that member out of business for a time.

Proceedings of the Union County Board of Chosen Freeholders.

[OFFICIAL]

Regular meeting of the Board of Chosen Freeholders of the County of Union, N. J., held on Thursday, February 6, 1902, at 2:30 p. m.

Roll call showed all members present—18.

The minutes of the previous meeting (reading of bills being omitted) were, on motion, approved as read.

COMMUNICATIONS, PETITIONS, ETC.

From Eliza L. Norris, Kate C. Halsey and 14 others, taxpayers and land owners in the city of Elizabeth, protesting againts this Board constructing any kind of a bridge across the Elizabeth river at Crane Street which will render necessary a change of grade of Crane and Harrison Streets. Such a matter belonged to the city, and the petitioners felt that they should not be molested or damaged in the uses of their property. It was claimed that a change of grade of Crane and Harrison Streets would practically ruin the property of the petitioners.

Received and placed on file.

From John Cummins, Mayor of Borough of Roselle Park:

Roselle, N. J., Feb. 3, 1902.

To the Honorable Board of Freeholders of Union County:

Gentlemen: At the meeting of the Borough of Roselle Park, held February 1, 1902, reports were made of the very bad condition of Westfield Avenue, in this Borough, or that part of it which now includes so much of Chestnut Street as was taken in widening said Avenue opposite the depot in this borough.

In making that improvement it became necessary to take 40 feet of Chestnut Street at its junction with said Avenue, and in doing so the grade of that part of Chestnut Street taken was raised about two feet, which was done by filling at this point with clay to that depth. This in times of raining and thawing is a mud hole in which teams have been stalled, and its condition is so bad generally at such times that it is almost impassable for heavily loaded teams, and is a great and serious detriment to travel, of which there is a great deal at this point. This part of Chestnut Street thus taken was thoroughly and well telforized and in excellent condition, but all this is covered, as already stated, with about two feet of clay.

Therefore the council of this borough, most respectfully and earnestly pray that you will as promptly as can be done, remedy this condition of the avenue by putting on a few tons of broken stone thus restoring the street at this point to at least as good a condition as it was when the work of widening was begun. I make this appeal in pursuance of the resolution of the council of this borough adopted at the meeting above referred to.

Very respectfully submitted,

John Cummins, Mayor.

Freeholder Farrell moved that the communication be referred to the County Road Committee with power, which was so ordered on roll-call by an unanimous vote.

NEW BUSINESS

By Freeholder Krouse:

Resolved, That $100.00 be paid James G. Moore on account of contract of Wood avenue bridge in Linden Township.

Freeholder Farrell moved the adoption of the resolution, and, on roll call, it was unanimously adopted.

By Freeholder Miller:

Resolved, That the County Collector be authorized to pay bill of the New Jersey State Hospital for the quarter ending February 15, 1902, when properly audited.

Freeholder King moved the adoption of the resolution, and, on roll call, it was unanimously adopted.

Dining Customs.

A student of social customs has called attention recently to the fact that man eats to-day practically the same viands he did in ancient times. However far back we push our researches, the foundations of all dishes are the same—the same birds, the same meats, the same fish—though, perhaps, the list of the ancients' fish is somewhat more extensive. Modern man has forgotten the flavor of the porpoise or dogfish, and in the north, at all events, has learned to shudder at the suggestion of a dish of octopus. The meats, the courses, the principals, and in some cases even the names remain the same. In spite of Alexandre Dumas' assertion that napkins were first used in the thirteenth and fourteenth centuries, they must have been of much more ancient origin, since the Roman cuisine necessitated their use much earlier; Giles Rose, master cook to Charles II., gave methods for folding them in a variety of ways, but the general adoption of forks among the middle classes did away with the serviette to a great extent. At dessert, when the cloth was removed, a bowl of water was presented to each guest, and this stood on a plate covered with a square cloth, our present doyly.—Chicago News.

Getting It Down Fine.

"I only wish my wife had more philosophy about these things," said the man as the subject was under discussion.

"I believe that she wakes me up a hundred nights in the year to tell me that a burglar is trying to get into the house. It's always a false alarm, of course."

"But where do you want the philosophy to come in?" was asked.

"Can't you see? If the cupidity of one burglar is aroused by the looks of the exterior of our house, why not a second? Why shouldn't they both plan to rob it on the same night? Why shouldn't No. 2 arrive just as No. 1 is getting in?"

"And what?"

"Why, professional jealousy would lead to a row, and it's not too much to hope that both would be killed and that their cadavers would be snapped up during the night by a medical college. I shall have to keep talking to my wife till she sees things in a different light."—Boston Globe.

Dog Dug His Own Clams.

A resident in the western part of Eastport, who owns a common-looking white dog, had been somewhat surprised at the latter bringing home some time during the morning a number of clams, which the dog would eat at leisure. Thinking that the dog might have been calling on some of the neighbors and "hooked" the clams, he followed up his canine one morning recently, and was surprised as well as delighted to see the dog walk to a sandbar in the western part of the city and proceed to dig his mess of clams, which were carried home in his mouth.—Lewiston (Me.) Journal.

Creeds and Trades.

Certain creeds seem to monopolize certain industries. Practically all British manufacturers of cocoa, for example, are Quakers. Then, in London at any rate, a very large percentage of cigar merchants and all the best-known manufacturers of Christmas cards are Jews. Whenever a Welshman comes to London to seek his fortune it is long odds on his making a pile either in the draper's or drug store business. Irishmen, probably owing to the fact that they lack the money-making instinct, flock to journalism.—London Tatler.

Never Idle.

"You're always intimating that woman has too much idle curiosity," she complained.

"Idle curiosity!" he repeated "Idle! Nonsense! It's the most active thing about her."—Chicago Post.

A Test of Friendship.

If a man has a boil, his true friends call it an abscess, and those whose friendship can't be relied upon call it a pimple.—Atchison Globe.

A Hopeless Case.

When a boy gets fine clothes on the brain his case is hopeless.—Washington (Ia.) Democrat.

Inconvenient.

Truth is mighty—mighty inconvenient in a horse trade.—Chicago Daily News.

HEPBURN & CO.

Dear Sirs—Two years ago I had very bad corns and callouses on my feet, I went to a chiropodist and paid him $5.75 for taking them off. In less than a month they were back again. I then tried your CORN CURE and used only three bottles, costing 45c, and am happy to say it has taken them off completely. They have not troubled me now for over a year. I consider your HEPBURN'S CORN CURE the best I have ever used.—Yours truly, R. O. RUNYON, 629 LaGrande Ave.

UNITED STATES COURT OF CLAIMS.

The Publishers of Webster's International Dictionary allege that it "is, in fact, the popular Unabridged thoroughly re-edited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation."

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition; and that in the future as in the past it will be the source of constant reference.

THE LATEST STYLES.

What Is Being Worn In the Way of Sleeves and Skirts.

The latest sleeve is close fitting to the elbow, where it is confined by a band of embroidery. From this flare two narrow ruffles, under which there is a puff of lace confined in a tight band of embroidery.

All the new skirts flare a great deal at the bottom. This flaring effect is

OF DOTTED MOUSSELINE

gained by a single gored flounce or several narrow gored ruffles edged with bias folds. Ruffles all tucked appear on many of the spring costumes. These flaring effects are to go with the ever increasing size of the sleeves.

Rounded revers and fronts are the order of the day. Nearly all the dressy jackets are made open front and the space filled in with a soft front of lace, chiffon and brocade.

One of the latest skirts is box plaited all the way around. Each box plait is trimmed with five strappings, which are apparently buttoned to the skirt. There is a stitched yoke around the hips.

A simple and at the same time stylish gown is shown in the sketch. It is of black veiling dotted in white, and it is made up over a lining of white silk. The waist is bloused both back and front and is trimmed with three wide bands of black chantilly. The sleeves are tight fitting to the elbow, where they develop into puffs. The skirt has a full flounce headed by a band of the lace.

NET AND POINT D'ESPRIT.

They Make Useful Gowns and Separate Skirts.

A point d'esprit net gown is by far the most useful evening dress for a young girl. This fabric is a decided improvement on the tulles and veilings, for, in spite of the somewhat ethereal appearance of point d'esprit, it is very durable. A very handsome

OF BLACK NET.

effect can be given by the addition of many frills bound with narrow satin or velvet ribbon.

At some of the shops separate skirts of point d'esprit and net can be bought ready made. These are especially useful in black, white or cream and may be worn with chiffon or lace waists for dinner or informal occasions.

The all lace frock has by no means departed. There has been a revival of it this winter. Some of these dresses are very magnificent. The underskirt consists of endless flounces of accordion plaited chiffon. The overdrapery of lace is often mingled with bands of mink or sable. Jet and beading of every sort are to be worn on the summer lace gowns.

The smart gown in the illustration is of black veiling over white silk. The waist is decollete, but has long, tight fitting sleeves. There are three tiny velvet straps over the shoulders. Both waist and skirt are profusely ornamented with black chiffon appliques in a decided flower pattern.

CHAPTER XI.

It was in the early afternoon following our leaving Paris that we reached Naples. But this time, in spite of our endeavors to prevent it, Miss Kitwater was quite tired out. She certainly pretended not to be, but it was difficult, if not impossible, for her to conceal the fact. Immediately on arrival we conveyed her to the best hotel, of the proprietor of which Leglosse had already made inquiries, in order to find out whether or not Hayle had taken up his abode there.

It was with relief that we discovered that no person answering at all to his description was located there. That done, we commenced our search for the man we wanted. We decided to first try the offices of the various steamers plying across the Mediterranean to Port Said. Considerably to our amazement, however, we happened to be successful at the first cast. A man signing himself as Henry Gifford had applied for a first-class passage to Colombo, with the intention of changing at that port into another steamer for Hong-Kong.

"What was he like?" I inquired of the clerk; "and did anything strike you as peculiar about him or his appearance?"

"Well, there was one thing," he said. "And at the time I must say I thought it funny. When I asked him his name he began 'Gideon,' and then suddenly corrected himself and said: 'Henry Gifford.' I remember wondering whether he was using a false name or not. He booked his passage at the last moment, and seemed in a great hurry to get aboard—being afraid he would miss the boat."

I questioned him as to the man's general appearance, and when I had learned all he had to tell us, I was perfectly satisfied in my own mind that Hayle was the man who had gone aboard.

"He didn't lose much time," said Leglosse. "Mark my words, he'll leave the steamer at Port Said, and will either come back on his own tracks, or go up the Palestine coast to Jaffa, and thence back to Europe. What do you think is the best thing to be done?"

"See the agent of the company here and get him to telegraph to Port Said," I answered. "Both to their agent there and the captain of the steamer. If the captain telegraphs back that Gifford is our man, we must wire to the police authorities authorizing them to detain him pending our arrival. There is a bit of risk attached to it, but if we want to catch him we must not think of that."

We accordingly interviewed the agent and placed the case before him. We told him who we were, and Leglosse explained to him that he held a warrant for the arrest of one Gideon Hayle, an individual whom he had every reason to believe was endeavoring to escape under the assumed name of Henry Gifford. The clerk was next called in, and gave his evidence, and these matters having been settled, the telegrams were dispatched to both the captain and the agent.

Some four days we knew must certainly elapse before we could receive a reply, and that time was devoted to searching the city for Kitwater and Codd. That they had not booked passages in the same boat in which Hayle had sailed, we soon settled to our satisfaction. In that case we knew that they must be domiciled in Naples somewhere. In the intervals between our search Leglosse and I used our best endeavors to make Miss Kitwater enjoy her stay. We took her to Pompeii, climbed Vesuvius together, visited Capri, Ischia, the great museum, the king's palace, and dined together every evening. I had not been acquainted with the girl much more than a fortnight, and yet felt as if I had known her all my life, and the greater my experience of her was, the better I liked her. As for Leglosse, he outdid himself in his devotion. He made the most extraordinary toilets in her honor, and on one occasion went even so far as to inform me that, if all Englishwomen were like this particular specimen, he would say good-by to his beloved Paris, and cross the channel never to return again.

At last the eventful day arrived, and from nine till twelve we called repeatedly at the office for the telegram that was to mean so much to us. It was not, however, until the afternoon was well advanced that a message was received. I could have taken my stick to the agent for the slowness with which he opened the envelope. The clerk was called in, the code translated, and the message presently transcribed.

"This, gentlemen," he said at last, pointing to the telegram, "is from our agent in Port Said, and is as follows:

"'Gifford, small man, gray hair, and wears spectacles. No scar on face, cannot find first-class passenger with one. Fear you have been deceived.'

"Confound the fellow," I cried, "he's done us again. What's worse, we've wasted four precious days waiting for this message. What shall we do now?"

"Look for him elsewhere," said Leglosse. "If he didn't go by that boat, he might have left by another."

We thanked the agent for his courtesy, and were about to leave the office when another telegram was handed in. We waited to see whether it was from the captain, and presently found that we were not destined to be disappointed. Once more the agent consulted his code, transcribed the message, and read it to us.

"Have interviewed Gifford, threatened him with the police for using passage booked by another person. He confesses having been induced by stranger such as you describe to accept passage Colombo. How shall I act?"

"We've been done again," I cried, bringing my fist down with a thump upon the table. "It's only another proof of Hayle's cleverness. The ingenious rascal books his passage here, knowing very well that it will be one of the first places at which we shall make inquiries, lets fall a 'Gideon,' and then transfers his ticket to somebody else. I suppose he didn't bargain for my getting out of that house in time to follow him, and to telegraph to Port Said. Now that we are certain that he did not go that way, we must try and find out in what direction he did proceed."

"And also what has become of the blind man and his companion," said Leglosse. "They may be hot upon his trail, and if we can only discover them, and keep an eye on them, we may find out all we want to know. But it is likely to prove a difficult task."

Mrs. R. A. Martin, of Jackson street, says: "I had pain in my back and loins for about a year or more, no doubt caused by my kidneys being out of order. I felt it more in the morning, just after getting up or if I did any stooping or lifting. Notwithstanding the fact that I took all kinds of medicines I never found anything which helped me until I got Doan's Kidney Pills at L. W. Randolph's drug store. They not only removed the pain, but they strengthened me in other ways."

Tricks of Jockeys.

"Riding backwards," or "cross motion," of all the jockey's tricks is the most effective, and at the same time the most difficult of detection. It is a simple trick, consisting simply of throwing the motion of the body out of time with that of the horse, and by the sway of his body helping to lift him at every bound. Another trick practiced by jockeys is called the "leg lock," and when cautiously applied has more to do with the result of the race than the uninitiated may think. In effect, it is one jockey holding another back, and this done by the "leg lock." Two horses are leading the field, one perhaps only a neck ahead of the other. As they come into the straight they are running close together. The leading jockey sees his chance and draws closer to his opponent until the horses almost touch. He lets the second gain on him until the leg of his opponent touches his leg from behind. This is just what the little rascal wants. Let his opponent win if he can. Every lunge of the second horse pushes the first one ahead, tiring itself and easing the flight of the other, until the final spurt, when the horse thus aided easily comes in the winner.—Chicago Journal.

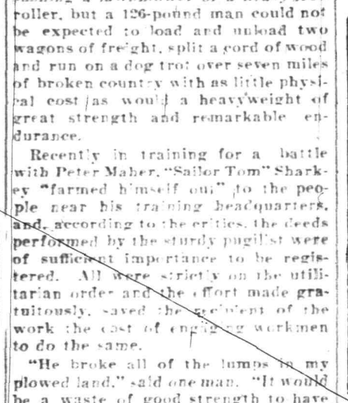
The Sports and Athletes

THERE may come a time when the up-to-date prize fighter will have such a sense of the utilitarian that he will come around to your yard and saw the wood, bale your hay, roll your lawn, plow a ten-acre lot or furnish power for a threshing machine. Time was when these disciples of the strenuous confined their efforts at conditioning and training to gymnasium work, punching the bag, swinging Indian clubs and exercising with dumb bells and the weights. Now the system of training includes outdoor work. Plenty of cross-country runs, wielding an ax, pushing heavy rollers, climbing fences and barns, and wrestling with sturdy young steers, chasing sheep, trimming trees, carrying in coal, shoveling snow—anything that will tax the physical strength of the pugilist and assist in building up his system to stand the test of the terrific exercise of the ring.

No trainer of a muscular pugilist would presume to dictate too closely to his charge the quality of work to be done, although he would insist upon his prerogative to name the amount of work to be done. What would be an easy task for the "boiler-maker" champion, Jim Jeffries, who weighs 225 pounds when "hard as iron and drawn fine for a battle," would be too much for feather-weight champion "Young Corbett." Both might spend hours pushing a lawnmower or a heavy iron roller, but a 126-pound man could not be expected to load and unload two wagons of freight, split a cord of wood and run on a dog trot over seven miles of broken country with as little physical cost as would a heavyweight of great strength and remarkable endurance.

Recently in training for a battle with Peter Maher, "Sailor Tom" Sharkey "farmed himself out" to the people near his training headquarters, and, according to the critics, the deeds performed by the sturdy pugilist were of sufficient importance to be registered. All were strictly on the utilitarian order and the effort made gratuitously, saved the employment of the work the cost of engaging workmen to do the same.

"He broke all of the lumps in my plowed land," said one man. "It would be a waste of good strength to have a man able to become a human harrow spend his time punching a leather bag." And so they talked. Altruists may figure upon the whole tribe of pugilists in training being confined in one inclosure, some day, where the combined energy of the hard-working athletes may be conserved and put to some useful purpose. But it will be a difficult problem to solve. The minute the pugilist suspects that he is working he will abandon that style of training and take up some indifferent gymnasium work.



THE first wrestling champion of the year is John Pienning, familiarly known to followers of the sport as the "Butcher Boy." By defeating the latest aspirant for American gold and the title of champion of the western hemisphere, Nachad, the "Awful Turk," Pienning enters upon a field that, like the soil tilled by the farmer, will be responsive in proportion to the amount of work put upon it. Ernest Roeber, champion wrestler, did not care to persevere in the world of the matted stage, and relinquished his hold upon the title to the winner of the Pienning-Nachad bout. "I have retired," says Roeber. "Wrestling has brought me many honors, little money and not a little notoriety. It is experiencing a boom in some parts of the United States, while in other places you would be about as successful as a money-maker in wrestling as a polar bear would be hunting fish in the Nile river."

It cannot be denied that there was great interest in the "Butcher Boy"-Nachad bout. Both men were very strong—each has a sufficient amount of skill and science to make every exhibition participated in of intense interest to patrons of the sport. No one in the big list of critics of Champion Pienning has accused him of hippodroming, and hippodroming is the microbe that penetrated to the vital parts of the sport of wrestling and killed it in America.

Turkey clings to wrestling as a grand sport. It must be because of this that there has been such an invasion of the United States in the last few years by the Mussulmans, all seeking wrestling honors. Yousouf, the original "Terrible Turk," departed with few new honors and loaded down with gold. His corpse and his money lie on the floor of the Atlantic. Nourallah, another Turk, essayed to startle Americans, but his career as a champion was soon ended. Nachad gave it out when he came to the United States that he was unmindful of the financial side of the sport. He cared little whether or not he gathered in any American gold, as his family in Constantinople had sufficient riches to occasionally loan a few bags of gold to the sultan. All he wanted was the championship, so that he could return to his country with the burden of new honors. Perhaps when Nachad returns to Constantinople the very dogs in the streets will shun him as a defeated wrestler. But that might be called sentiment. Unless all signs fail, the "Butcher Boy" may retain his title for the year, for the very good reason that unless he cares to relinquish it, as did Roeber, he will have no opportunity to lose it in contest. The supply of "Terrible Turks" seems to have failed.

E. G. WESTLAKE.

ENOUGH correspondence has been given to the public since the National league controversy over the election of A. G. Spalding as president of the league was precipitated to keep an expert typewriter operator busy day and night for a month. But of all the letters that have been added to the "gayety of nations" in this winter baseball tangle, none possesses the peculiar interest that attaches to a communication laboriously spelled out by Mr. Spalding himself.

The millionaire doubtless has dictated thousands and thousands of business and personal letters. He has kept many stenographers from San Francisco to Chicago and New York rattling away on the keyboards of their typewriting machines attending to his correspondence, but never before in his experience has he been aroused from a sound sleep at three a. m., notified of the pressing importance of getting a letter to a former official of the league, and, finding no one handy to write the letter, been compelled to hunt up an old machine that had been stored in his hotel room, puzzle over the keyboard and by diligently punching the letters, succeeding after 40 minutes of perspiring work in producing an excuse for a letter.

"It was by all means the most lucrous incident that ever came up in a National league meeting," said one of the magnates, who was there. "The papers could have made an interesting cartoon of A. G. Spalding sitting on the edge of his bed, but partially dressed, his hair dishevled, and working like a good fellow with his index fingers whenever he found the letter that he wished to transcribe to the paper. How he puffed and grunted as he worked to get the sheet of letter paper into the machine. The capital letter shift was mastered only after he had begun "my deAr sIR." It was worth the salary of a typewriter for a month to see the newly-elected head of a big baseball organization trying to write the order on Nick Young requesting the transfer of the league's archives stored in the famous iron-bound trunk, to Mr. Young's son Robert, who would act as custodian of the same pending further orders from President Spalding. If that letter could be reproduced by the Freedman-Brush-Robinson faction of the National league—all the "firing line, where the verbal and written shot and shell," as Spalding says, are flying thick and fast—it would be as cataclysmal in its effect as "an explosion of dynamite in a stone quarry."

And after all, that letter written in the dusk of a hotel room — there was just enough light to see the paper—and at such an uncanny time in the night, did not get very far. Mr. Spalding changed his mind about the son of the deposed president of the National league maintaining the custodianship of the archives and, calling a friendly strong-armed Celtic porter, he ordered the trunk stored where he could keep an eye on it. Subsequently, when the supreme court of New York ordered the return of the trunk and contents to Nick Young, "Typewriter" Spalding wore a smile which seemed, to the spectators to mean "Better machine operators than I am may have copied the contents of those papers." As George Ade might say, the moral is "Not every man who can sign his name to a check for $100,000 is a good typewriter operator."

WINTER SPORTS.

The Yale A. A. defeated the Union F. C., in a hockey game on Hudson's pond, Saturday, by a score of 29 to 0.

The Leal's School team has arranged a hockey game with the Alis A. A. team for Saturday afternoon if the ice can be cleared in time.

PERSONAL.

Miss Euphemia Demarest, of Frankfort, spent Sunday with her parents in Park avenue.

Miss Lena Bass, one of the teachers in the Plainfield High School, is confined to her home by illness.

Mr. and Mrs. Dorsey Hyde and Miss Hyde, of Belvidere avenue, have gone to Bermuda for an indefinite stay.

Theodore Gray, of West Front street, is detained at his home with a severe illness, bordering on pneumonia.

Miss Kilbourn, of East Orange, is visiting at the home of her aunt, Mrs. Amy E. Lorton, 203 Watchung avenue.

Mrs. Isabel Milne, of Willow avenue, who fell recently and injured her foot, is improving slowly. She is now able to sit up.

Col. Mason W. Tyler, of West Seventh street, is now improving rapidly from his severe illness, and an early recovery is predicted.

The Carson child on East Front street, who has been very ill with scarlet fever, is improving rapidly and is about out of danger.

The Misses Sarah and Harriet Manning, of this city, were the guests and vocal soloists at the tea given by Mrs. Shannett, Friday afternoon, in New York city.

Mr. Samuels, of New York, is taking Orra Munger's place as salesman at Werner's clothing store, while the latter is spending two weeks with friends in Indiana.

Arthur J. Upson, who has been detained at Hotel McVey as a result of injuries received recently, has returned to his home in West Fifth street. His condition is much improved.

Started Blaze in Show Window.

A slight fire was occasioned in Druggist George W. V. Moy's store, last evening, by the head of a lighted match flying in a show window. It landed in some inflammable material which blazed up but was put out before it reached dangerous proportions.

LESSER HAPPENINGS OF THE DAY TOLD IN PARAGRAPHS.

Then There Is Mention of Some of the Things That Are Yet to Come.

—The Lord's Supper will be celebrated at the First Presbyterian church Sunday morning, March 2.

—The Bible class, taught by William D. Murray, will meet at the Y. M. C. A. this evening as usual.

—Have you tried a can of small stringless green beans, White Label brand, sold by Neuman Brothers. They are delicious.

—Attention is called to the additional information in the advertisement of the entertainment to be given in the Y. M. C. A. Star Course Saturday evening.

Assistant State Secretary Charles B. Brown, of the Y. M. C. A., who is now ill in Camden, will be brought to the home of his sister, Mrs. James S. Pray, 235 East Sixth street, as soon as he is able to be moved.

FEARS THE JOB.

Another Man Refused Place of Mail Messenger at a Price He Has Fixed Himself.

Another applicant for the lucrative job of carrying Uncle Sam's mail pouches between the North Avenue station and the postoffice, has decided he doesn't want it at his own price. He is Craig Polhemus, the second lowest bidder for the position.

When Henry Halloway backed out from his proposition to do the work for $300, Polhemus' bid, $350, was accepted. He was requested to appear and be sworn in, but yesterday he also informed the local authorities that he had reconsidered and didn't want the place at that salary. The third lowest bidder will now be called upon.

Gone to Teach in New York.

Miss Alice Miller, one of the teachers in the Lincoln public school, of this city, has resigned her position. She has accepted a similar position in the public schools of New York, and has entered upon her duties. The vacancy here has been temporarily filled by the selection of Mrs. Miller, who will discharge the duties until a regular teacher is named.

Trip to the Orient.

The Plainfield Camera Club is arranging for a series of three lectures on "A Trip to the Orient." These will be given by Miss Julia Carman, of Franklin place. The first lecture will probably be given Thursday evening, February 27, in the Camera Club rooms.

COLLECTED CASH AND LEFT

THE SOUVENIR BOOKS WERE LEFT ON THE HANDS OF PRINTER.

Now the Firemen's Relief Association Will Sell Them—Sharpers Used Association's Name.

The Firemen's Relief Association of this city has been imposed upon by two slick men, whose business it is to issue souvenir books. A number of local merchants have also been cheated by the sharpers. In order that no loss may befall the merchants the association has decided to distribute copies of the "History of the Plainfield Fire Department," compiled by the strangers.

In December, two men, Eugene Peltier and G. B. Elmhurst, came here and succeeded in interesting the association in a proposition to issue the work, promising to give twenty-five per cent. of the gross receipts and 1,000 copies of the work in return for the use of the name of the association in selling the books. The books were printed by E. N. Messler, of Somerville. After the two men had collected a large amount for advertising space, they disappeared. This was during the fore part of January. Since then the books have been on the hands of Mr. Messler, who failed to get any return for his work.

Now the association has arranged with the publishers to sell 900 copies of the work, at a small charge each, and an endeavor will be made in this manner to repay the publisher and also to give the advertisers some consideration for their money.

MORGAN NAMED.

Chosen for State Comptroller by Joint Caucus Without Any Opposition.

(Special to The Daily Press.)

Trenton, Feb. 18—A joint caucus of the Republican members of the Legislature was held here, last evening, for the purpose of naming a candidate for State comptroller, and J. Willard Morgan, of Camden, was selected without opposition.

Senate Leader Thomas N. McCarter presided and the nominating speech was made by Senator Johnson, of Camden. Assemblyman Horner, of Burlington county, seconded the nomination. The members were much elated over the harmonious aspect of the meeting.

SNOW CAUSED IT.

Timber Used to Brace Awning Fell Through the Window.

A number of clerks employed by Neuman Brothers, of Watchung avenue, were clearing snow off the store roof this morning and in doing so deposited the greater part of it on a wooden awning on the Watchung avenue side. The extra strain caused one of the roof supports to snap. The men attempted to shore it up with a piece of timber and accidentally knocked the piece through a large front window. The damage will amount to a considerable figure.

Holiday Shoot Postponed.

A meeting of the Independent Gun Club was held at the Arlington Hotel last evening, and five candidates were admitted to membership in the organization. Four propositions were received. It was decided to postpone the shoot scheduled for Washington's Birthday until Easter Monday. There was a large attendance at the meeting and much interest was taken in the proceedings.

Mayor Smalley's Offer.

The tract of land which Mayor Smalley offers for a school site measures 200 by 300 feet. It is situated on Greenbrook road at the corner of Rockview avenue. No action has yet been taken by the Borough Board of Education, but it is probable that the matter will receive consideration at the meeting to be held Monday evening.

Substitute in Choir.

Mrs. MacBride, the alto of the Crescent Avenue church quartette, did not sing at the church Sunday evening, being engaged in the rendition of an oratorio in New York. A substitute from New York took her place.

Will Sell Produce.

Young & Powell, of Scotch Plains, have leased Charles Hand's store at the corner of Watchung avenue and Second street, and on March 1 will open a store for the sale of eggs, butter and produce.

The Last Heard Of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure Very pleasant to take. The little ones like it. L. W. Randolph.

SETTLED WITH POLICEMAN

I. P. BROWN, JR., AND H. L. OVERBAUGH HAVE REACHED AN AGREEMENT.

Damage Suit Started by Patrolman Overbaugh Discontinued—Paid $400 and Expenses.

Settlement out of court has been made in the suit for damages brought by Patrolman Herbert L. Overbaugh against Isaac P. Brown, Jr., for injuries received at the hands of the latter, Christmas morning. Brown agreed to pay the plaintiff $400 and expenses of the suit, amounting in all to about $600. The suit was for $5,000.

Overbaugh was shot by Brown as he was entering the latter's yard to learn the cause of a commotion in a hennery. The police had been previously asked by Brown to keep a close watch on his place as he had been troubled by chicken thieves. Without any investigation he discharged a load of buckshot at the policeman from an upper window. His face and the upper part of his body was punctured in many places.

It was the desire of the police board and Mayor Jenkins from the start of the suit that the matter come to an amicable settlement out of court.

SMALLEY IS ON THE FENCE

North Plainfield's Mayor is Interviewed on the Subject of Consolidation.

HE WAS FREE TO TALK.

He Enumerated Reasons For and Against the Project, But Did Not Take a Definite Stand Either Way—Says He is For What the People Want—Few Facts.

Time has softened the opposition of Mayor Newton B. Smalley on the proposition of annexation of the city and borough. In his official capacity as chief executive of the borough he believes in voicing the opinion of his constituents, and consequently he is not prepared to take an advanced stand for or against the idea just at the present time.

When the matter was laid before the boroughites at an election two years ago, it was voted down and since then His Honor, accepting the judgment of the citizens, which coincided with his own at the time, has not felt it incumbent upon himself to advocate consolidation. Should the borough public generally favor the change geographically there appears to be little doubt but the Mayor will fall in line. He admits that North Plainfield has more interests in Union county thn it has in Somerset county, where it is a sort of a tail, wagging the dog, in many respects.

"They need us a big sight more than we need them," said the Mayor to a Daily Press reporter, in response to a question as to the benefits of annexation. His Honor was rather evasive on the subject and when directly asked to declare himself for or against the proposition, he remarked "I am both." This he finally explained by saying that there are many reasons why annexation would benefit North Plainfield and some reasons why it would prove detrimental. While others have been talking about the subject the Mayor has been thinking and has pursued a policy of drawing out the opinions of the borough citizens.

He thinks that Greater Plainfield would be a city with which the State would have to reckon. It would be one of the large cities and would take its place along side of the leading municipalities in the State, according to North Plainfield's energetic Mayor. There are two objections running through his head in opposition to the theory. One is that such a course would increase the tax rate, something he has always been adverse to, and another is some phases of the practical political situation in the city at present. On the latter objection he will not dwell to any extent, but on the former he is inclined to talk freely.

As far as the taxation is concerned he admits that a good return is given for money collected from the people, but he declares that there is much more room for corruption in a larger city. One thing he brings out is the question of good sized salaries given to officials. He admits that they earn them, but at the same time points out that much is saved the taxpayers in the borough by the small amounts given the officials for their work.

The Mayor believes that some of his favorite municipal ideas would be advanced by annexation. For instance the much mooted question of sewage would relegated for then the borough would have an opportunity of using the Plainfield sewer beds. Only half of the capaicty of these beds are being used at the present time and the North Plainfield streets could be dug up and in a short space of time the boroughites would share in the benefits of the system.

At the present time the great obstacle to an independent system is the great cost of the establishment of beds, although the situation of such a plant is important. The Mayor says that to the east and to the west of the built up portions of the borough there is valuable lands which might be used as home sites, but that no one is willing to build on account of the absence of a proper sewage system. The Park residents, he says, are quite desirious of having such a plant. Pipes could be connected with the present bed in this city and the question would be solved.

Another point which he brings out is municipal ownership of a water

FRACTURED ANKLE.

Mrs. Wm. McIntosh Kept at Home by Result of Fall on Ice.

Mrs. William McIntosh, wife of the superintendent of motive power for the New Jersey Central, is detained at her home with a fractured ankle bone. Last Wednesday, while walking on Park avenue in front of the Park Avenue Hotel, she slipped on a small piece of snow-covered ice, throwing her to the walk with much force. She was taken to the hotel and later to her home at 811 College place. She also suffered greatly from nervous shock and will be kept to her bed for some time.

TAKEN THROUGH HOLY LAND

DR. M. A. CARMAN GAVE FIRST OF A SERIES OF LECTURES.

At Hope Chapel, Last Evening—Illustrated With Fine Collection of Photographs.

The first of a series of lectures on the "Holy Land," to be given by Dr. M. A. Carman, was delivered before an appreciative audience at Hope chapel, last evening. It was illustrated by a large number of views, greatly varied, which left a clear picture of the course taken by the speaker.

Dr. Carman but recently returned from the far east and the scenes in Asia and Africa along the Mediterranean are those he told of. He described in detail his trip as far as Cairo, Egypt, which is the last stopping place before Joppa, the port of Jerusalem, is reached. Cairo is a quaint city and it has people who are more peculiar. Their manners, customs and mode of dress were pictured and told of in an interesting fashion. The lecture was not only very entertaining but instructive.

The continuation of the trip will be described in another lecture which is to be given in the chapel, Tuesday, March 4.

URGE REAPPOINTMENT.

Union County Teachers Passed Resolutions Concerning Superintendent Baxter—Sent to Governor.

At a recent meeting of the Union County Teachers' Association, at Elizabeth, resolutions were adopted, urging Governor Murphy to reappoint State Superintendent of Schools Chas. J. Baxter, of this city, for another term. Mr. Baxter's term will soon expire, and it has been rumored that it is the intention of the Governor to appoint a man from south Jersey to the position.

The resolutions adopted show strongly that the various superintendents and teachers in the county believe Mr. Baxter to be the right man for the place. There was some opposition to the resolutions, but not enough to count, for they were adopted by a large vote.

It was the general opinion of all that it would be unwise to make a change in the State office at present, as State school affairs are conceded to be in such a flourishing condition.

NAGLE WILL REMAIN.

Has Leased His Present Quarters on West Front Street for Five Years.

C. M. Nagle, the West Front and Grove street druggist, has decided to remain in business in Plainfield owing to difficulties encountered in Perth Amboy, the tenants refusing to vacate through an error on the part of the landlord in serving notices properly. Mr. Nagle will re-lease the store for a term of five years, and intends to remodel the interior making it more attractive to his customers, and will push business more than ever.

SEEING THE WORLD.

Veteran Traveler Pays His Way as He Goes Mending Hats.

One of the most novel ways of seeing the world and paying expenses en route, is that adopted by George Crocker, of Binghamton, N. Y., who arrived in this city today. He started out thirty years ago and has since been travelling about, making his living by remodelling hats, being an expert hat maker. He is sixty-six years old and is an interesting man. He is now on a tour of the State and will shortly go west.

Appeal for Salvation Army.

Adjutant T. H. McLeod, of the Salvation Army, has issued a circular letter, in which he makes the annual appeal in behalf of the army for funds for the coming year's work in Plainfield. The sum of $500 is needed for the year. Any sum from the smallest amount up will be appreciated by the army workers.

ENDEAVORERS PLAYED SOME NOVEL GAMES

Original Features at Social Given at Trinity Reformed Church Last Evening.

BY ENDEAVOR SOCIETY.

CONCLUDED WITH A WAR ROMANCE PICTURED IN SONG.

Guests Were Labelled as Animals and Had to Guess Their Identity From Actions of Others—Music on Human Melodian.

The young people of Trinity Reformed church enjoyed a sociable given under the auspices of the Christian Endeavor Society in the Sunday-school room last evening. A number of interesting games formed the feature of the affair.

The first of these was the "animal" game. On the back of each person was pinned the name of an animal, and the others in the room made signs and sounds which would give one an inkling of the name.

"My Ladies' Work Basket" was another game. On a card were printed the names of silks and textiles, although the letters were mixed purposely. As a rule the young women easily deciphered these jumbled words, but the young men were not so fortunate. The human melodian caused much laughter. Four young women and an equal number of young men represented a scale of music and each furnished a note.

A romance of the Civil War was represented by various popular songs rendered on the piano by Will Pope, while E. F. Sheppard told the story. Each song represented some incident. Refreshments were served at the conclusion of the games.

In charge of the affair were the social and reception committees. The social committee consists of Miss Kreitling, chairman, the Misses Bessie Martin, Nettie Young, Emma Lindsay, Jessie Hockridge and Kate Bodine and Fred Dunavan, while the reception committee is composed of Charles M. Dolliver, chairman, E. F. Sheppard, Clarence Rittenhouse, Charles Zimmer, William LaTourette and H. B. Dennis. Albert Utzinger assisted in preparing the refreshments. The milk was contributed by Charles Debele and the whipped cream by William Debele.

NEW CLUB.

Patrick Hanrahan Association Was Organized Last Evening and Officers Were Chosen.

The Patrick Hanrahan Association is the name of a new social and fraternal organization which has been formed by West End young men. A meeting of those interested was held last evening at Patrick Hanrahan's place of business on Liberty street.

The following officers were elected: President, Patrick Hanrahan; first vice president, Clarence Waldron; second vice president, Joseph Galbraith; recording secretary, William Barry; financial secretary, Patrick Motly; treasurer, Thomas Mack; sergeant-at-arms, Robert Scott.

It was decided to conduct a ball in T. A. B. Hall within the near future. A committee to make arrangements was appointed as follows: George Taylor, Harry Shannon, William Lawlor and George Summers. By laws will be prepared and offered for approval at the next meeting by the following members, James Shannon, William Owens, Joseph Barry and Michael Lawlor.

FOUR HORSES.

Kept Hitched to Warren's Hose Wagon Ready for Emergency.

In compliance with the orders of Chief J. J. Stahl, of the borough fire department, four horses have been kept hitched to the hose wagon in the Warren Engine Company house since Monday morning. This is done to be in readiness to cope with any emergency that may arise by reason of the heavy drifts in some parts of the borough. Should a fire break out in some remote part of the borough, the chief is anxious that no time be lost in getting to the scene, and he has therefore adopted this means of preparation.

A PLAINFIELD BRIDE AND BOROUGH GROOM

Wedding of Miss Jessie MacKillop and Freeman J. Shotwell Last Evening.

PRETTY HOME WEDDING.

TOOK PLACE AT RESIDENCE OF A. E. HOAGLAND, OF WEST FRONT STREET.

Those Who Composed the Bridal Party—Rev. C. E. Herring Performed the Ceremony—Couple Will Reside in Borough.

Miss Jemima Jessie MacKillop, daughter of Mr. and Mrs. Campbell MacKillop, of Lafayette place, and Freeman Judson Shotwell, only son of Mr. and Mrs. William H. Shotwell, of Fairview avenue, were married last evening at the home of Mr. and Mrs. Alvin E. Hoagland, 664 West Front street. There was a large assemblage of relatives and friends present.

The home was attractively decorated throughout. In the parlor there were palms and American Beauty roses, while in the dining room the prevailing colors were green and white. The table was prettily garnished with flowers, presenting an attractive scene.

The ceremony was performed at 8 o'clock by Rev. Charles E. Herring, pastor of the First Presbyterian church, which the bride and groom attend. Those attending the bridal couple were Mrs. Alvin E. Hoagland, sister of the bride, matron of honor; Miss Iris Ferrie, flower girl; Elston Hoagland, page. The ushers were William MacKillop, brother of the bride, and Harry Cumiskey, of Flatbush, L. I.

The bride was gowned in grey silk, trimmed with white chiffon and white silk applique. She wore orange blossoms in the coiffure and carried a bouquet of orange blossoms and bride roses. The matron of honor wore a gown of green crepon and she carried pink carnations. The flower girl and page were dressed in white.

In one corner of the parlor there was an arrangement of stately palms, and it was in front of this that the bridal party stood, while the impressive ceremony of the Episcopal church was performed. Following the ceremony, congratulations were showered on the popular couple, after which refreshments were served. Later in the evening Mr. and Mrs. Shotwell left for the south on their honeymoon trip. Upon their return they will reside in North Plainfield.

The bride was well remembered with presents of a substantial nature, among them being checks and a deed for a house and lot, gifts from the parents of the groom. There were also presents of cut glass, silver, Haviland china, clocks, pictures, furniture, etc., in profusion. The groom's gift to the bride was a gold watch and chain and to his ushers stick pins were given. The bride's gift to the matron of honor was a bracelet.

The groom is a valued employe at the City National Bank, where he has held the position of bookkeeper for some time past. The bride was formerly engaged by J. A. Smith & Co., and both were remembered by both employers.

There were guests present at the wedding from Brooklyn, Flatbush, Elizabeth, Somerville, Griggstown, New York, Albany and Plainfield and all entered heartily into the festivities fo the occasion.

Words of Praise.

William J. Tucker, president of Dartmouth College, says in speaking of one of Commander Wadhams' lectures, "I had the very great pleasure of listening to a lecture from Mr. Wadhams on 'Life on board a Man-of-war.' If any one wants to see and feel life on board a man-of-war, let him hear Commander Wadhams." Commander Wadhams will appear in the Y. M. C. A. Star Course on Saturday evening. Fred F. and William P. VanEps will render banjo and mandolin solos.

Freedom Castle's Anniversary.

The first anniversary of Freedom Castle, No. 42, Knights of the Golden Eagle, will be appropriately celebrated Tuesday evening, Feb. 25, at 8 o'clock, in Washington Hall. Admission will be by invitation.

At County Teachers' Meeting.

Principal I. W. Travell, of this city, was among those present at the one hundred and first meeting of the Union County Teachers' Association, held at Elizabeth, Saturday.

GAVE HER LIFE TO CAUSE OF MISSIONS

Word Received in Plainfield Yesterday of Death of Miss Rachel Mair.

AT WISSICKA, LIBERIA.

FELL A VICTIM TO A FEVER WHICH FINALLY PROVED FATAL.

Was a Native of Plainfield—Spent Best Years of Life in African Field—Left Here for Last Time in September.

The life of Miss Rachel G. Mair, of this city, has been sacrificed in the missionary field in Africa. She died, while clinging to her life's work, spreading the Gospel among the heathen in that far off land, sometime during the middle part of January, and she will be buried there where she spent the best years of her existence.

The sad news of her end came in a brief letter received by her mother, Mrs. Elizabeth Mair, of Leland avenue, yesterday afternoon. It was sent by Miss Foote, a co-laborer in the missionary cause. A fever, against which she had battled heroically for some time, was responsible for her death.

It takes a month for a letter to come from Africa to Plainfield. The more recent communications received by her family and friends here gave evidence of her suffering, although in all of them she declared her faith that her life would be spared, and repeatedly asked for prayers to that end.

On February 6, John Mair, of Richmond street, a brother, received two short notes from her. The first was dated January 4 and it told of the great pain she was enduring from the awful fever, and implored her relatives and friends to pray for her. The other was dated January 6 and the handwriting bore out the inference that she was growing weaker. It was decipherable, but the hand that wrote the note was certainly unsteady. In this last letter, she said that sometimes she thought that her friends had ceased their prayers and she implored that they ask God to bring relief to her.

At the last missionary meeting in Warren chapel, a communication was read from Miss Mair, telling of the agonizing fever and asking the prayers of the congregation, which were given with fervor. When this letter was received the faithful missionary had passed away. The fulfillment of the ambition of life had brought her to an untimely end.

For several years Miss Rachel G. Mair was a teacher in the North Plainfield public schools, but all during that period she was impatient to abandon the position and take up missionary work. In 1894, she resigned and in the following year she enlisted as a missionary of the Methodist Foreign Missionary Board and was at once assigned to the African field. She repaired to Wissicka, Liberia, a station then recently established, and set about her work with a full heart.

After spending five years there she returned to America for a brief visit, her intention being to kindle more interest among the Christian people here in the work being done. In September 1901, Miss Mair returned to her post, and since then has worked persistently. When she went back to Africa the Misses Foote and Arms accompanied her, and it was from the former that the first tidings of her death came.

Miss Mair was an active worker in Warren chapel. When she took up missionary work, her Sunday-school class there formed itself into the King's Foreign Missionary Circle, and has always taken an active interest in her work. Contributions were constantly sent by the circle and it has aided her in numerous other ways. She was a regular member of the Crescent Avenue church, and it was through her work there that she became interested in the chapel.

Miss Mair was forty-five years of age at the time of her death. She was born in Plainfield. Surviving her are her mother, Mrs. Elizabeth Mair, two sisters, the Misses Mary and Agnes Mair, and three brothers, John, Alexander and Thomas Mair.

Sentences Deferred a Week.

(Special to The Daily Press.)

Elizabeth, Feb. 19—Wm. Sweeney, the young law student of Plainfield, was not sentenced on the conviction of embezzlement today. All sentences were deferred by the court for one week.

STORM IN SOMERSET.

That County Was Snow Bound After Monday's Young Blizzard.

(Special to The Daily Press.)

Somerville, Feb. 19—This town is just recovering from the effects of the snowstorm. Late yesterday afternoon the trolley resumed operations and the trains on the Central and South Branch roads approached somewhat their usual regularity.

The country roads in this vicinity are badly drifted, which necessitates driving through fields. The different townships will have some pretty substantial bills to pay for shoveling the snow.

FOUND ANSWERS ON TAGS

NOVEL KIND OF ENTERTAINMENT AT ENDEAVOR SOCIAL.

Besides Finding the Answers, the Guests Heard a Musical Programme.

A "tag" social was held under the auspices of the Christian Endeavor Society of the First Baptist church, last evening. There was a good attendance. The rooms were decorated with large American flags.

The first part of the evening was devoted to carrying out the "tag" part of the social. Questions of a Biblical, scientific, humorous and historical character were written on half of the tags, while the answers were written on the other half, the idea being for those having the questions to find those having the answers.

In addition there were piano solos by Clifford M. Braider, piano and mandolin duets by Mr. Braider and R. Wilson Derby, baritone solos by Mr. Derby, while there were recitations by Miss Mae Batchelor and Lawrence French. After the entertainment ice cream and cake was served.

The social committee having the affair in charge consisted of Hubert J. DuBois, chairman; Miss Ella Serrell, Miss Mae Batchelor, Miss Grace TenEyck, Mrs. Hannah Flanders and Kerro Knox.

REMOVING SNOW.

Men of Street Department Are Kept Busy Clearing Streets and Sidewalks of Snow.

The street department has continued the work of snow removal from streets and sidewalks and today traffic, except on the extreme outskirts, is practically clear.

Two gangs, comprising eight men each, have been in opposite portions of the city clearing walks while another gang with carts is removing snow from the main thoroughfares. The latter work is almost completed.

A gang was sent out this morning to break the drifts on Bellevue avenue, leading to Hillside cemetery, as it has been almost impossible for funeral corteges to reach the burial ground. It is thought the road will be entirely cleared by nightfall.

PROF. GRIGGS COMING.

Will Deliver Series of Lectures at Crescent Ave. Church Chapel.

The lectures of Prof. Edward Howard Griggs last winter on "Dante" gave such unqualified delight to his Plainfield audiences, that the simple announcement of his course of lectures on Robert Browning to be given Feb. 20, March 6 and 20 in the chapel of the Crescent Avenue Presbyterian church, will be sufficient to interest a large number of people. These lectures are given under the auspices of the Monday Afternoon Club, the time of the lecture 3:30.

Prof. Griggs is a speaker whose clear thought finds eloquent expression and rivets the attention of his listeners throughout his addresses. He is delivering two courses of lectures this season in Boston, where crowded houses attest to his popularity.

Picture of Late Superintendent.

The management of the Potter Press Works has recently presented to each one of the several hundred employes a cabinet likeness of the factory's late superintendent, George B. Titsworth. Most of the machinists in the shop are old employes who worked with Mr. Titsworth for years, and the memento is treasured highly by every one of them.

To Give Birthday Party.

The Ladies' Bowling Club will give a birthday party to Mrs. Andrew Schlick, one of the members, tomorrow afternoon. The affair will be held in Saengerbund Hall.

The Misses Wilcox, of Woodhull & Martin's, are taking a vacation.

Mrs. David E. Crowell, of Craig place, is confined to her bed by illness.

VALUABLE GIFTS FROM J. ACKERMAN COLES

Has Had Two Costly Bronzes Cast Expressly for Scotch Plains Public School.

ARE OF GREAT VALUE.

LIFE-SIZE BUSTS OF GEORGE WASHINGTON AND BENJAMIN FRANKLIN.

Made in France From Models of Jean Antoine Houdon—Presented in Memory of His Father and Grandfather.

Dr. J. Ackerman Coles is shortly to add two more costly and beautiful gifts to the large number he has already donated the Scotch Plains school. They exceed in historic value anything yet presented by him and are explained in the following letter which he has wirtten to the trustees of the school:

To the Trustees of the Scotch Plains Public School:—

Gentlemen:—Quite a long while ago I ordered Tiffany & Company, of New York, to have cast at the celebrated foundry of Barbedienno in Paris, France, for the public school of Scotch Plains, New Jersey, a life size bronze bust of George Washington and a life size bronze bust of Benjamin Franklin from the models of Jean Antoine Houdon made by him from casts and measurements taken by himself, those of Washington being made while the artist was a guest at Mt. Vernon, Virginia, in 1785; and those of Franklin in 1778 during his residence in Paris as our minister plenipotentiary at the Court of France.

These busts have arrived from Europe with appropriate marble pedestals and are now at the store of Tiffany & Company on Union Square mounted and ready for delivery.

Washington I take pleasure in donating to the school in memory of my father, Abraham Coles, A. M., M. D., Ph. D., LL. D.; and Franklin in memory of my grandfather, Dennis Coles (1778-1844), well known in his day as a printer, publisher, philanthropist and statesman, both being natives of Scotch Plains and ever active in promoting the educational interests of the county. Many noted educators, including Martha Lamb, the historian, were frequent guests at my grandparent's home here at Scotch Plains.

In making the gifts I note with state pride the high grade of excellence that for nearly a century has characterized the Scotch Plains school, its praiseworthy exhibit at the World's Columbia Exposition in 1892 being now permanently preserved in the State House at Trenton.

The unique large and well appointed Scotch Plains school building of brick construction, of Colonial design, the work of Messrs. McKim, Meade and White, is a lasting memorial of good taste and progressive intelligence.

It is doubtful if any other school in America has had bronzes of equal fame cast especially for it. Presuming that the same will be acceptable to you for deposit on the platform of your assembly room, or elsewhere in the school building, I have ordered them to be sent to you on or before the 22 inst., Washington's birthday, all charges prepaid.

With best wishes, I am,
Yours very truly,
J. Ackerman Coles.

LOVE AND SORROW.

Subject of Lecture by Commander Booth-Tucker, of Salvation Army.

Commander Booth Tucker, of the Salvation Army, who will lecture in this city at the Y. M. C. A., Monday evening, has announced his subject to be "Love and Sorrow." It is said to be one of his favorite topics and one that he has delivered hundreds of times. He will be accompanied by his official party. The proceeds of the affair will be devoted to the use of the local corps, of which Ensign McLeod is in charge.

Putting In Elevator.

The estate of J. S. Cutter is putting in a large elevator at the rear of the building on West Front street, corner of Exchange alley, for the use of a clothing manufacturer who has leased the third floor.

Lenten Services.

Wednesday evenings during the Lenten season special services will be held in St. Peter's German Lutheran church, corner of Grove street and Mercer avenue.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. L. W. Randolph.

CHARITY WORKERS TO GATHER AT TRENTON

Conference of Charities and Corrections to be Held This Week.

SOME OF THE SPEAKERS.

THE PROVISIONAL PROGRAMME HAS BEEN ISSUED.

H. M. Maxson is Among the Speakers — Governor Murphy Expects to be Present — Very Interesting Features.

The provisional programme of the first New Jersey Conference of Charities and Corrections, to be held in the Assembly room of the State House at Trenton, February 20 and 21, has been issued and shows that it will probably be one of the most important gatherings of the kind ever held in New Jersey.

The sessions will be held Thursday afternoon and evening, February 20, and Friday morning, February 21. The programme for the first session is designed to introduce the work, workers, aims and methods of the various institutions and organizations represented at the conference. The evening session will be devoted to the defective, dependent and delinquent classes with especial reference to New Jersey conditions. At the third session attention will be concentrated upon immediate needs and problems.

The first session will be called to order by F. B. Lee, chairman of the Trenton committee, and editor-in-chief of "New Jersey as a Colony and State." Mayor Fagan, of Jersey City, will respond to the address of welcome. There will follow a symposium of addresses limited to five minutes, conducted by Prof. J. H. Finley, professor of practical politics, on the following topics:

"How the Poor May be Helped to Help Themselves," "Caring for the Poor in Almshouses," "Caring for Dependent Children," "Caring for the Feebleminded, Epileptic and Insane," "Correctional Work," "Probation Work," "State Association. Under these different topics there will be addresses by all of the prominent charity workers in New Jersey.

In the evening, Rev. Amory H. Bradford, of Montclair, will preside and he will summarize the sketches of the afternon in an address. Then will follow an address by Governor Murphy on "State Philanthropy and State Protection." Mrs. E. E. Williamson will follow with an address on "Twenty-five Years of Progress in New Jersey Charities and Corrections." "Penal Reform and the Probation System," will be treated by Judge J. Franklin Fort, while Charlton T. Lewis, L. L. D., will tell of "The Advantages and the Dangers of Charity Organization."

The final session will be devoted to the consideration of "next steps." Rev. Edward L. Stoddard, of Jersey City, will open the programme with an address on "The Relation of the Church to Organized Charity." There will be a number of other addresses on important subjects, including one by Superintendent H. M. Maxson, of this city, on "Truancy Legislation: Is it needed in New Jersey?"

In the afternoon of Friday arrangements will be made to escort all who wish to the State Prison, State Hospital for the Insane, State Normal and Model Schools, State Home for Girls, county jail, Newark city almshouse. It is believed that a number of charity workers from this city will attend the conference.

TEA TABLE TALK.

Short Sketches That Are Not Always News, But Just as Interesting.

The play of a child's imagination in the unexpected connection of a trifling act with a mighty force always produces a feeling of astonishment. This was the experience of the mother who was watching her little boy take the cup of milk allotted for his evening meal. Swallowing the whole allowance without removing the cup from his lips, he set the cup down hard on the table exclaiming, "Limited Express! It don't stop anywhere at all."

—The Christian Endeavor Society of the First Baptist church will hold a consecration service Friday night.

—A number of local charity workers will go to Trenton tomorrow to attend the first State Conference of Charities and Correction which will continue until Friday.

SOME OF ATTRACTIONS TO BE FOUND AT LOCAL STORES.

A Few Interesting Items Concerning Greater Plainfield's Merchants

Although the head may be severed from the body the trouble may be rectified in the case of a doll at Harper's Bazaar, on Park avenue, near Fourth street, where dolls are repaired while you wait.

Colored goods ill become some women, but where is there one who does not look well in a black gown? I. H. Boehm, of West Front street, is having a special sale of black goods and there's plenty of bargains to be had.

There is no excuse these days for a person to be without the latest household articles especially when the Gayle Hardware Company is offering such bargains in every department. All goods are first-class and guaranteed.

Orders left at Fred Endress's Front street market are sure to be filled properly and delivered promptly. Orders forgotten while on the shopping trip may be telephoned and will receive the same careful consideration as if given in person.

You might travel thousands of miles to the Kimberley diamond mines and then not see more beautiful diamonds than those sold by J. Hervey Doane, of Park avenue. He also sells jewelry in every conceivable form, all at prices to suit most any pocketbook.

The mid-winter sale of men's suitings, inaugurated by Harry Werner, some time ago, is meeting with great success. He is offering stylish suits at suitable prices and they are going fast. There are still some fine bargains to be had but they will not last long.

The recent storm has proved conclusively that winter is not over. This leads to the suggestion that you can do no better than purchase seasonable clothing at M. Weinberger's store on West Front street. He is always prepared for the weather no matter what kind comes along.

Riding habits and bicycle suits are specialties with John G. Bantle, the Watchung avenue tailor, who knows how to cut goods to make them fit. The patrons that wear VanArsdale's shoes always wear smiles. That's because there's no pinching and no discomfort. He is now having his mid-winter clearing sale of shoes and there are some excellent bargains to be found in the list.

THEATRICAL.

On Washington's Birthday Mr. Keith will introduce a novelty in the line of amusement, and this managerial innovation is especially tendered to the out-of-town patrons of his New York theatre who desire to enjoy the entire programme and be home in time for an early supper. A special performance will be given commencing at 10:30 o'clock, and every artist will positively appear, and thus plenty of time is allowed for the homeward trip.

For next week at Keith's Theatre a galaxy of attractive vaudeville stars are announced. To say that it will be a strong show but feebly expresses it, for the stellar position will be upheld by Eugene Sandow, the famous "strong man," one of the world's most wonderful athletes. His present feats are proclaimed more sensational than any before attempted. The comedy and novelty elements of the programme will be sustained by Eva Williams and Jack Tucker in their classic, "Driftwood"; also Tom Nawn & Company, in "Pat and the Genii"; the European Rossean Brothers; Elwood, the magician, and a score of other stars.

CITY JOTTINGS.

—Wm. Smalley, Jr., has purchased a fine new sleigh.

—Jacob Higgins, of Depew street, is making some alterations to his house.

—William Newman, of Spooner avenue, has accepted a position with Peter Zimmerman, of West Front street.

—Augustus Force, of East Front street, has secured a lucrative position at the local factory of the Price-Bond-Woolston Company.

—There will be a meeting of the Councilmanic street committee tomorrow evening, when several matters of importance will be considered.

—There will probably be initiation at the meeting of Benevolent Council, Jr. O. U. A. M., Friday night. All the members are urged to attend.

VALET JONES TESTIFIES.

Renewed Interest In Patrick Trial Because of This Witness.

NEW YORK, Feb. 19.—Valet Jones was called to the witness stand in the Patrick murder trial at 4:40 yesterday afternoon.

When the name of Charles F. Jones was called, there was a hum of expectancy, a shuffling of feet and craning of necks.

Jones told of his early work on a farm and in a flour mill, his going to Houston, where he met Rice and got a position in Rice's Capitol hotel.

On May 10, 1897, he came to New York and lived with Mr. Rice from that time until his death at 500 Madison avenue.

He told of his clerical work for Mr. Rice, such as his typewriting.

He told of meeting Patrick in October, 1899. Patrick called at the house one evening under the name of Smith, a cotton man. Patrick wanted to see Rice, who had retired.

Patrick told Jones he was from Texas, and they talked an hour about Texas news. He went away, saying that he would return in a week. He did return about 8 o'clock in the evening. Mr. Rice had gone to bed.

Patrick disclosed his identity on the second visit, saying that he was counsel for Holt and that Holt would surely win. He said that Holt needed only one thing to make it certain and that was a letter from Rice to Baker saying that he was a citizen of Texas and that the suit must be settled or Rice would lose it.

He told the witness that if he (Jones) would write such a letter on the typewriter he (Patrick) would see that it was signed. Patrick showed Jones an extract of a letter written on yellow paper.

On the second visit Patrick stayed two hours. He called almost every week up to June 1. He usually called on Thursday nights.

Mr. Rice saw Patrick one night when he opened the door and looked into the room, but did not recognize him.

Famous Boer Scout Dead.

PHILADELPHIA, Feb. 19.—Mr. George May Powell of this city has received a cablegram announcing the death at Charing Cross hotel, London, of Colonel Francis J. Turner, a noted Boer scout and a native of Brooklyn. For the first eighteen months of the South African war Turner was a leading scout in the Boer army. He was a civil, mining and mechanical engineer and had large interests in South Africa. John O. Knight of the Chicago Record went as his only associate in the daring feat of blowing up the railway bridges between the British front and the Boer rear when the British captured Bloemfontein. This halted the British over two months and gave the Boers a chance to reform their lines and plans. Turner also led some of the most daring raids of the war and was severely wounded in the battle of Colenso.

Republicans Defeated at Pittsburg.

PITTSBURG, Feb. 19. After one of the fiercest and most stubbornly contested campaigns the heaviest vote ever cast in a municipal election in Pittsburg was polled yesterday, and at 10 o'clock last night, though returns were coming in slowly, enough had been received to make it almost certain that the present Republican administration has been defeated by the Republican-Democratic or Citizens' ticket by a good sized majority.

Postmaster Kills Himself.

HASTINGS, Neb., Feb. 19.—Louis B. Partridge, postmaster at Kenesaw, this county, committed suicide by shooting himself in the head. Yesterday morning a postoffice inspector began an investigation of Partridge's books and confronted the postmaster with what he asserted was a defalcation of $1,500. Partridge made no explanation or defense, but went directly to his home and shot himself.

Twenty-six Families Burned Out.

CHICAGO, Feb. 19. — Twenty-six families were burned out last night in a fire that destroyed the four story apartment building located at Fifty-sixth street and Madison avenue. Many women and children were compelled to leave the building by way of the fire escapes, aided by firemen, but all the occupants of the structure have been accounted for. The loss is $100,000.

MISS STONE SET FREE

Missionary Released From Captors In Good Health.

MME. TSILKA'S HUSBAND ARRESTED.

That Reverend Gentleman Accused of Being an Accomplice of the Kidnapers Who Held His Wife and Miss Stone.

PARIS, Feb. 19.—The Temps publishes a dispatch from Constantinople which announces that Miss Ellen M. Stone has been released by the brigands who have held her since Sept. 3 last and has been handed over in good health to the dragoman of the American legation.

The dispatch adds that the "Rev. Tsilka" has been arrested on the charge of complicity in the kidnaping of Miss Stone.

The companion in captivity of Miss Stone was Mme. K. S. Tsilka, a Bulgarian woman, wife of Mr. Tsilka, a Macedonian teacher of Samakov. Miss Stone while traveling with Mme. Tsilka and a party of about fifteen friends was captured by brigands in the district of Salonika Sept. 3. Since that time vigorous efforts have been made by the United States government and by missionaries to obtain the release of the captives. The brigands demanded a ransom of £25,000 (Turkish), but only $72,500 was collected for the ransom, and this sum was paid over to the brigands Feb. 6 by M. Gargiulo, chief dragoman of the American legation at Constantinople, and W. W. Peet, treasurer of the American mission at Constantinople, who met the brigands on the road to the Podrome monastery.

Mme. Tsilka was educated at the Northfield seminary, where she was a schoolmate of the daughter of the

MISS ELLEN M. STONE.

Rev. W. W. Cox of Hoosick Falls, N. Y., who is now the wife of Dr. Bulkley of Brooklyn. Mme. Tsilka at the time of receiving her American training and education was Miss Stephanora, a Bulgarian. Having been converted in childhood to the Christian belief, she came to America after having refused to marry the man of her parents' choosing.

Dr. Dwight L. Moody, becoming interested in her welfare, found a place for her in his noted school. Having finished her training at that institution, she became a trained nurse. While engaged in her professional duties in the Adirondacks she became acquainted with Mr. Tsilka, a Macedonian, who had also been educated in the United States. At that period he was preparing for work as a medical missionary. Soon after the completion of their training the couple were married and went to Bulgaria, where they at once entered upon missionary work.

Miss Stone is one of the missionaries of the American Board of foreign missions. She has been attached to the Salonika mission since 1878. She was born at Roxbury, Mass., and her home is in Chelsea, Mass., where her mother resides. Four of Miss Stone's brothers are in business in Boston.

Rev. Tsilka Had Been Suspected.

LONDON, Feb. 19.—The Rev. Tsilka, who, according to the Constantinople correspondent of the Paris Temps in a dispatch announcing the release of Miss Stone, had been arrested on the charge of complicity in the kidnaping of the missionary, is the husband of Mme. Tsilka, Miss Stone's companion. It was announced recently that the Turkish authorities suspected the Rev. Tsilka of complicity in the abduction of the missionaries.

Fatal Gunning Accident.

ATLANTIC CITY, N. J., Feb. 19.—John Tucker of this city, while gunning with two friends on the meadows, was fatally shot by one of the party whom he was trying to rescue from drowning. Ice had covered the meadows for several days, and the gunners reached the thoroughfare waterway before they realized where they were, and one of the party, named Ludlum, broke through. He held fast to his gun and reached this to Tucker to pull him out. Tucker seized the barrel, the imperiled man holding the butt. The gun went off, and the full charge entered Tucker's breast.

Keene Gives Twenty Thousand.

NEW YORK, Feb. 19.—James R. Keene, the noted financier, is accustomed every winter to give handsomely to deserving charities. In accordance with his habit Mr. Keene has sent a check for $10,000 to the Charity Organization society and another check of $10,000 to the United Hebrew Charities. Mr. Keene also gave $2,500 to the charity fund of a local newspaper.

WOULD NOT RETRACT

Congressman Wheeler Stands by Fiery Utterances.

HE IS DENOUNCED AND RENOUNCED.

Several Democrats Disclaim All Sympathy With Kentuckian's "Anti-flunkyism" Speech—Senate to Vote on Philippine Tariff.

WASHINGTON, Feb. 19. — The speech of Mr. Wheeler (Ky.) in the house last Friday, when he bitterly assailed Secretary Hay and Lord Pauncefote and criticised the official preparations for the reception of Prince Henry, had a sequel in the house yesterday during the debate on the Indian appropriation bill. Mr. Gillett (Mass.) in a half hour's speech declared that the intemperance of Mr. Wheeler's language carried its own condemnation. Nevertheless he (Gillett) grievously deplored such an affront to a foreign country. During the course of the speech two Democrats—Robinson (Ind.) and Thayer (Mass.)—disclaimed any sympathy with Mr. Wheeler's utterances.

These disclaimers drew from Mr. Talbert (S. C.) the statement that he desired to share in the responsibility of the speech, every word of which, he said, he indorsed. Mr. Wheeler himself subsequently replied to Mr. Gillett, reaffirming what he had said and declaring that he would stand by his words whether they were discreet or not. He read a number of letters, telegrams and one cablegram from London commending his utterances. The incident was the feature of the day.

Earlier in the session Mr. Hill (Conn.) and Mr. Shafroth (Col.) discussed the former's bid to redeem silver in gold. Mr. Burleson (Tex.) criticised the president for changing his position on trusts. Other speakers were Messrs. Reid (Dem., Ark.), Sutherland (Rep., Utah), Padgett (Dem., Tenn.), Pou (Dem., N. C.) and Robinson (Dem., Ind.).

The Indian bill itself was not touched in the speechmaking.

The Chinese exclusion bill has not yet been considered by the senate or house committees having it in charge except to hear interested parties. The friends of the measure have, however, suggested numerous minor changes in the bill, in no way affecting the general principle of exclusion, but designed to overcome any difficulties in the technical execution of the exclusion laws. The changes are entirely tentative, however, and have not been considered by the committees now in charge of the subject.

It was agreed by the senate that a final vote on the Philippine tariff bill and the pending amendments should be taken next Monday afternoon at 4 o'clock. The only stipulation made by the minority was that the last day's debate should be devoted to speeches not exceeding fifteen minutes in duration. Senator Wellington (Md.) spoke in opposition to the pending bill and Senator Stewart (Nev.) in support of the measure.

Philadelphia Elections.

PHILADELPHIA, Feb. 19.—In the municipal election here the Republican administration forces won practically a sweeping victory. The election was for a city solicitor, six city magistrates, city councilmen and school directors. The electors also voted on a proposition to increase the city's debt $5,000,000. For city solicitor John L. Kinsey, the Republican and Union party candidate and the present incumbent, was elected by a large majority over Charles C. Binney, the Democratic and Municipal league fusion candidate. Each elector was allowed by law to vote for four of the six magistrates to be elected, thus giving minority representation. The proposition to increase the city debt was carried by a substantial majority.

A Twelve-year-old Terror.

NEW YORK, Feb. 19.—John O'Mara, twelve years old, sentenced until he becomes of age to a protectory because of incorrigibility, twice tried to kill himself in the Yonkers police station. First he turned on the gas in the boys' department, he being the only prisoner. Found almost unconscious, he was removed to another room. Here he tore the lining of his overcoat into strips and hanged himself to the door. He was black in the face when discovered. Strict watch was kept on him till officers came to remove him to the protectory. He fought his guards until they were compelled to place him in irons.

Bishop Praises Refuge Camps.

LONDON, Feb. 19.—The Daily Chronicle in its Cape Town letter gives the opinions of Dr. Joseph C. Hartzell of Cincinnati, missionary bishop of the Methodist Episcopal church in Africa, concerning the refuge camps. Bishop Hartzell thinks the formation of these camps was a wise military move and that they are likely to prove a more providential factor in future settlement than was ever dreamed of through their powerful educational influence on the education of the Boers in hygienic laws and truer views of social life.

Boston Negroes Protest.

BOSTON, Feb. 19.—The colored citizens of Boston, in mass meeting to consider the question of negro disenfranchisement, adopted a resolution condemning the "open violation of the fourteenth amendment by Alabama, Arkansas, Louisiana, Mississippi and North and South Carolina" and declaring that "we are in favor of an educational or property qualification if it be enforced on all alike."

Weather Probabilities.

Partly cloudy; brisk to high northwest winds.

MINERS' NARROW ESCAPE.

Flames at Mouth of an Alaska Mine Did Much Damage.

SEATTLE, Wash., Feb. 19. — The great Treadwell mines on Douglass island were assailed by fire on Tuesday, Feb. 11. The Alaska-American compressor building was entirely destroyed.

Thirty-eight thousand dollars' worth of stamps and mill plates and a 120 stamp mill, with the engine room, were saved. More than 100 miners were in the lower workings and in imminent danger of death. H. G. Hall, superintendent of the American compressor, discovered flames issuing from one corner of the huge structure. The flames gained headway rapidly, and before even the hose in the compressor room could be brought into service the entire interior of the building was a mass of flames. From the compressor the fire spread to the hoist and tramway, and before warning could be sent to the men in the mines the shafthouse was on fire, and the lower end of the 120 stamp mill was burning fiercely.

The firemen confined their efforts to the mill adjacent to the compressor building, and, though their clothing frequently caught fire and their hands and faces were badly blistered, they finally got the fire under control, after several buildings had been destroyed. In the meantime the flames in the shaft had been burning rapidly, and Swans Barquist, one of the men working on the 300 foot level, was the first to gain knowledge of the fire above. He shouted a warning to the miners on the 400 foot level.

After some delay an old gallery communicating between the new and old workings was discovered, and after a hard struggle in the smoky, gas laden levels the men reached the bottom of the pit in safety.

In the meantime, with the help of additional fire apparatus from Douglass, the fire had been confined to the compressor building shaft, shafthouse and a nearby mill building. These were destroyed.

A BOER VIEW.

British Avarice Caused the War—An Appeal For Intervention.

WASHINGTON, Feb. 19.—Representative Cochran of Missouri two weeks ago introduced a resolution inviting Paul Kruger to visit the United States as the guest of this country. On Monday Mr. Cochran received a letter signed by three members of the Boer delegation quartered at Brussels thanking him and all who are supporting his efforts for the noble interest they are taking in the two Boer republics.

The letter reviews from the Boer standpoint the causes which led up to the war and declares that Great Britain invented pretext after pretext to bring on the conflict and that her whole purpose was to secure the extensive gold mines of the Transvaal in pursuance of a settled national policy to control all gold mines wherever possible either by purchase or seizure in order that Great Britain may command the world's industries. The letter in closing appeals to "heroic and generous America" to intervene in behalf of the Boers and says:

"Since England will not permit friendly intervention, invite her to a congress of the nations and see whether such a congress called in the interest of peace will be ignored. England would not dare to refuse to attend such a congress if called by the United States and participated in by four or five of the great republics."

Chicago Banks Consolidate.

CHICAGO, Feb. 19.—The Post says that the Corn Exchange bank announces officially the absorption of the Merchants' National bank. The report came as a great surprise to financiers in the city, who had no idea that the general progress of bank amalgamation would affect these prominent institutions. The transaction has been kept very quiet, and officers of the institutions were loath to talk about it. The Corn Exchange bank is capitalized at $2,000,000, with a surplus of $1,000,000 and $500,000 undivided profits. The Merchants' National bank has a capital of $1,000,000.

To Extinguish Liberty's Torch.

WASHINGTON, Feb. 19.—By direction of the president the care and control of the statue of Liberty on Bedloe island, New York, has been transferred from the lighthouse board, under the jurisdiction of the treasury department, to the war department. The transfer will take effect March 1, when the beacon light will be discontinued, and the secretary of war has sent instructions to General Brooke, commanding the department of the east, to designate an officer of his command to whom the treasury department could turn over the statue and adjacent land.

Miss Morton Married.

NEW YORK, Feb. 19.—The ceremony uniting in marriage Miss Alice Morton, the daughter of Mr. and Mrs. Levi P. Morton, and Winthrop Rutherford in Grace church was performed by Bishop Potter, assisted by the Rev. Dr. W. R. Huntington, rector of the church. Following the ceremony at the church there was a wedding breakfast at Mr. Morton's house. Mr. Rutherford and his bride left in the afternoon for a bridal tour through the south. They will sail for England in a short time and after the coronation make a tour of the continent.

Austria to Abolish Sugar Bounties.

LONDON, Feb. 19.—A dispatch to the Central News from Brussels says that Austria has decided, in compliance with the demand made by Great Britain, to abolish sugar bounties and to reduce the import duty on sugar to 5 francs. The correspondent declares the adherence of Hungary to this decision to be assured.

LUNACY BILL A LAW.

Governor Odell Signs Rogers Measure—A Conference Held.

ALBANY, N. Y., Feb. 19.—Governor Odell has signed the Rogers bill abolishing boards of managers of the state insane hospitals, which became chapter 26 of the laws of 1902. The governor filed with the bill a memorandum.

A conference was held last night in the executive chamber between Governor Odell, nearly all of the members of the senate and all of the chairmen of the various assembly committees. It had been intended that all of the bills pending would be discussed and some action taken on them. However, the two and three-quarter hours devoted to it were spent in discussing the proposed charities bill. The sentiment in favor of such a measure was very marked, only half a dozen speaking against it. Finally, on motion of Senator Green, a committee consisting of Senators Ellsworth and Higgins and Assemblymen Nixon, Allds and Kelsey were named to draft a bill and introduce it in both houses. The committee is to use its own judgment as to what the provisions of the bill are to be, no suggestions having been made by the conference.

All of those composing the committee accompanied Governor Odell on his tour of inspection of the state institutions last summer.

It is probable that the canal bill, with several amendments, will be reported at today's session of the senate. A hearing was held before the canal committee of the senate, and a dozen representatives of the state and local granges appeared in opposition to the bill. Only one speaker appeared in favor of the bill, Mr. George Raymond of Buffalo, who replied to the arguments of the anticanal men.

German Admiral in Philadelphia.

PHILADELPHIA, Feb. 19.—Count von Baudissin, rear admiral of the German navy and commander of the imperial yacht Hohenzollern, who is in this city as the guest of Lawrence Johnson, brother of the admiral's brother-in-law, Alfred Johnson, was tendered an informal luncheon at the University club. Last evening a reception was given in his honor by Mr. and Mrs. Lawrence Johnson at their home. About 200 invitations were sent out to prominent members of Philadelphia's society to meet the distinguished foreigner. During the forenoon Admiral von Baudissin availed himself of the opportunity to see something of Philadelphia in a sleigh, and when he returned from his drive he was entertained at the University club, after which he paid several social calls.

British Gunnery Experiments.

LONDON, Feb. 19.—Gunnery experiments against the target ship Belle Isle have been conducted off Portsmouth. One side of the Belle Isle was armored to represent vessels of the Drake class, while the other side of the target ship was armored as are vessels of the Kent class. The gunboats Hincher and Comet directed the fire of their six and nine inch guns, with lyddite shells, at 1,200 yards against the target. The six inch armor of the Belle Isle withstood the lyddite and the armor piercing shells from the gunboats, but the four inch armor belt was shattered. The Belle Isle was hastily towed into Portsmouth to prevent her sinking.

British View of Subsidy Bill.

LONDON, Feb. 19.—The Daily Mail in its issue of yesterday discusses the effect upon British shipping of the American ship subsidy bill. The paper contends that the bounty suggested by Senator Frye will completely counterbalance the advantage now held by British shipping, but that the only remedy hitherto proposed—that American ships entering British ports should be fined to the extent of their subsidy—is impracticable and even if it should be carried out would not meet the situation.

Funston Out of the Hospital.

KANSAS CITY, Mo., Feb. 19.—General Frederick Funston was discharged from the hospital yesterday and at night at Convention hall reviewed the Third regiment, Missouri national guard. He appeared to be in perfect health and took great interest in the affair. He was given a rousing reception.

May Cause Milk Famine.

MIDDLETOWN, N. Y., Feb. 19.—The blockaded condition of the country highways in Orange, Sullivan, Ulster and Delaware counties is seriously interfering with the transportation of the milk supply of the farming sections. The farmers are finding it almost impossible to get their product to the stations.

SPAIN'S BIG STRIKE.

Idle Thousands Become Riotous and Dangerous.

GOVERNMENT TROOPS FIRE ON MOB.

Labor Trouble Spreads Through Several Towns and Threatens to Involve Entire Province of Catalonia.

BARCELONA, Feb. 19.—Rioting was renewed here last evening, and crowds of strikers paraded the streets, doing extensive damage. The troops charged them repeatedly, but as they only succeeded in dispersing them the soldiers opened fire. The strikers then assembled in large numbers in the outskirts of the city. It is feared they meditate an attack upon the factories. Troops have proceeded to the factories to be in readiness for an emergency.

A serious collision between the troops and the strikers occurred at San Martin, a village in the suburbs. Here the troops fired on the mob, killing three and wounding six. At Badalena the mob attacked the gendarmes and the cavalry who were protecting the street car service, and a serious melee followed, in which one person was killed and three were wounded. At Sabadell, also in the suburbs, the strikers burned the octroi tax offices and a convent.

Troops have been sent to Sabadell and to other places to suppress the disorders.

The strike movement threatens to involve the whole of the province of Catalonia. The strict censorship maintained makes it difficult to get accurate news of the occurrences. One of the chief aims of the strikers at Barcelona seems to be to prevent the sale of food. The slaughter houses are filled with meat, which the strikers prevent from being delivered to the shops. Similar conditions exist in the other food markets, with the result that prices are rising and a famine is feared. It is believed the strikers have secreted stores of provisions.

The strikers have in many instances attacked servants who were returning from market and robbed them of their purchases.

The newspapers are unable to publish their regular editions.

The number of the strikers has increased to 80,000, and the strike movement is spreading throughout the vicinity of the city.

Three persons were killed and thirty-five wounded in a collision between the strikers and troops.

Newspaper Men Meet.

NEW YORK, Feb. 19.—The American Newspaper Publishers' association held the first day's session of their sixteenth annual meeting at the Waldorf-Astoria yesterday. About 160 publishers, representing newspapers from coast to coast, were present. The day's business was entirely confined to a discussion of topics relative to the advertising departments of newspapers. S. H. Kauffmann, the president of the association, presided. The meeting adopted this resolution, which emanated from the board of directors: "Resolved, That the American Newspaper Publishers' association indorse the action of the postmaster general of the United States in his efforts to confine second class mail privileges to the publications legitimately entitled to such privileges."

Dr. Crafts Gets the Pen.

WASHINGTON, Feb. 19.—President Roosevelt has presented to Dr. W. F. Crafts the pen with which he on Saturday signed the Gillett-Lodge bill to forbid the sale of intoxicants, opium and firearms by American citizens in the islands of the Pacific not under any civilized power, of which the New Hebrides is the chief group. In order to make this protection permanent and extend it to all aboriginal races Secretary Hay has asked the British government to join ours in submitting to other commercial powers a universal treaty to prohibit the selling of intoxicants and opium to such races everywhere.

Accident to the Machias.

PENSACOLA, Fla., Feb. 19.—The United States gunboat Machias sailed yesterday afternoon for Havana to join the north Atlantic squadron. In approaching the coal docks at the navy yard the Machias was caught by a swell and driven with such violence against the docks that one of her plates was loosened, and she sprung a leak, but this proved not as serious as at first thought, and the damage was quickly repaired, enabling her to sail as soon as she filled her bunkers with coal.

Fell Fourteen Stories to Death.

CLEVELAND, O., Feb. 19.—Harry J. Wilson and Fred Duell, structural iron workers on the Scofield building at the corner of Erie street and Euclid avenue, were killed by falling fourteen stories to the ground. The men were descending an elevator. A large timber projecting from the elevator caught in a passing floor and tore the floor of the elevator, allowing the men to drop the awful distance. Both were dead when picked up.

Nebraskans Have Money.

LINCOLN, Neb., Feb. 19.—In his annual report Secretary Royse of the state banking board said Nebraska never had so much money in her banks as now. Deposited in the state and national banks there is the sum of $87,072,436, an average of $78.16 for each man, woman and child in the state.

Church and Hospital Remembered.

NEWBURG, N. Y., Feb. 19.—By the will of Mrs. Eleanor Clara Lockwood, probated here, the sum of $5,000 goes to St. Luke's hospital and the same amount to the First Baptist church of Newburg.

MAYOR SMALLEY'S STAND.

Since Newton B. Smalley has become a power in borough affairs, he has shown remarkable foresight in his support and opposition of the various plans which have assumed prominence in the eyes of the people of North Plainfield. While in some cases his course has met with vigorous opposition at the time, the ultimate results have demonstrated the wisdom of Mayor Smalley.

Another problem has come before the people of North Plainfield. It is no new thing, the people have heard of it for many years but this time it has assumed a more aggressive form than ever before. On previous occasions, Mr. Smalley has been outspoken in his opposition to the plan. Now, however, he has not committed himself either way. His ideas on the subject will be found at length in an interview published in this issue.

If Mr. Smalley desires to keep the record he has already made of serving the best interests of the people of North Plainfield, he will lose no time in getting into line and supporting the measure. Plainfield and North [illegible] would have too much in common [illegible] separated any longer. The borough is confronted by several vexing municipal problems which will soon have to be settled. Consolidation would prove an easy solution. It would also provide advantages for the borough which it could not hope to obtain for many years except at vast expense.

What is the use of maintaining two distinct fire departments, two police departments, two street departments, two collectors, and two of the many other offices which go to make up the municipal machinery? The saving to both sides could mean less money to be collected from the tax-payers. North Plainfield would gain every bit as much as would Plainfield by such a concentration of authority with fewer officials and better service.

Chief Doane, of the fire department, makes a very wise suggestion which should be carefully followed by every householder and property owner in the city. The Chief makes the request that, in cleaning off the sidewalks, the snow be cleaned away from around the hydrants, instead of being piled up on them. In case of fire, there might be a loss of some very valuable time in locating and then uncovering hydrants. Time is precious at the start of a fire and the delay thus occasioned might mean the destruction of much valuable property. Too great care cannot be taken in this direction.

Assemblyman Whitford, of New Market, has managed to secure a reputation although he has only been a member of that body a little over five weeks. While all the things that have been said about Mr. Whitford are not exactly complimentary, he is still very earnest in his belief that his plan for a State university is an excellent thing. Judging from what has been said regarding the scheme, however, it is not likely that the Middlesex county Assemblyman will get much support from his colleagues.

Even though big snow storms are not frequent occurences in this section, it would seem as if the local trolley system ought to be able to meet an occasional one without being put out of business for two days. Nothing should have been left undone to keep the cars going at a time when they are so needed. Instead, the local officials took their time and made hardly an extra effort to open the lines even after they were once tied up. It was better than this under the old management.

While it is generally known that railroad and trolley companies are required to pay over a considerable amount every year for injuries more or less real, the annual report of the Brooklyn Rapid Transit Company shows some really remarkable figures on that subject. Almost ten per cent. of the company's gross receipts during the year was paid out for that object. Most people do not appreciate to what an extent the public mulcts a quasi-public corporation of that kind.

The old trouble, between the owners of fast horses and a few residents on the streets where the former have desired to take advantage of the good sleighing for speeding, will probably come to the surface again this year if the sleighing lasts long enough. For a time it looked as if Plainfield was to be provided with a speedway but that project has unfortunately gone the way of a great many other equally good ones.

The improvement of the slope of Watchung Mountain, in the neighborhood of the Park Golf Club links, will be of decided benefit to this community. The building of some fine residences there will open up a section heretofore neglected. The location is a charming one and it seems strange that the movement was not started long ago.

The wisdom of building substantial but simple structures for the wards of hospitals is made evident by what has happened in Jersey City. The president of the Jersey City Board of Health has declared that the Jersey City Hospital is so infected with disease germs that it will have to be burned.

Every hackman in the city should be glad to see all the members of his calling treated the same. Every one of them should, therefore, be in favor of having the present hack ordinance enforced or a new one passed which can be enforced.

To Change Date of Dance.

It has been found necessary to change the date for the Easter dance at the Park Club, as the date selected happens to be the same night of the play to be given at the Casino by students at Leal's School. That date is April 4. The changed time for holding the dance will be announced in March.

To Continue Exhibit.

Owing to the interest shown in the Public Library's recent exhibit on architecture and interior house decoration, the plates illustrating colonial furniture, interiors, fireplaces, doorways, etc., will be left upon the bulletin board during the remainder of the month of February.

After Delinquents Again.

City Collector Frank Smith is busily engaged preparing the delinquent tax bills for 1901. A number of these bills for poll and personal taxes have been placed in the hands of Constable Mattox and warrants have been issued.

Hearing Continued.

The hearing of the contract case instituted by David C. Tubb against Ziba B. Osmun in Justice Warden's court, at Dunellen, was continued Monday for two weeks. John H. VanWinkle & Son represent the plaintiff.

Fell Fifteen Feet.

William Sanderson severely sprained his back yesterday by a fall from a high piazza. While shovelling snow at the home of Mrs. James Burke, of Plainfield avenue, he missed his footing and fell a distance of fifteen feet.

DUNELLEN.

The death of Mrs. Thomas Woodhull, of this place, occurred at the residence of her father in Newark, Thursday. Mrs. Woodhull went to spend the holidays with her father and became so ill with lung trouble, from which she had long suffered, that it was thought best she should not attempt to return home. She grew steadily worse in spite of all that was done and passed away last Thursday. She was a woman of beautiful character and her loss is mourned by a large number. She leaves a son and a daughter.

A meeting of the Y. M. C. was held in their club rooms, last evening, and the following officers elected for the ensuing year: President, Lewis Churchill; vice president, Abner Coriell; secretary, Maxwell Brakeley; treasurer, Fred Wilcox. The following committees were also appointed: House, Ed. Herlich, William Dealaman, Fred Wilcox; social, George Doty, Herbert Wyckoff, Lewis Churchill.

A water main in front of Silas Drake's office in Lincoln, burst Monday night, and Lincoln was treated to a miniature flood. The damage could not be repaired until yesterday morning.

The Central Railroad derived considerable benefit from the inability of the Plainfield trolley company to run cars as many Dunellen people used the railroad yesterday and Monday.

A shed in the Kretzel building, over the front of Sirisik's barber shop, was not strong enough to stand the weight of the snow Tuesday and broke down.

A Bound Brook trolley car became stalled near W. H. Sisty's yesterday morning and as it could not be dug out the line was blockaded all day yesterday.

Frederick Giddis, Albert Giddis, Jacob Snell and Edward Herlich spent Sunday in New York with Mr. and Mrs. Gilbert Herlich.

Father McGarison lectured in St. John's Catholic church, last evening, before a good sized audience.

John Peters and Fred Vail took a trip to Paterson Sunday to see the remains of the big fire.

Thomas Woodhull, of Newark, visited in town yesterday.

A letter is advertised at the postoffice for Wliiam Dowe.

Adam TenEyck is confined to his home by illness.

NEW MARKET.

Friendship Council will initiate several new members at the meeting Monday night. A collation will also be served after the business is concluded.

Skating has been entirely spoiled by the snow. A space for skating will be cleared off.

Dr. M. J. Whitford attended a session of the Legislature in Trenton yesterday.

School was held here Monday until noon, although only about twenty attended.

The dancing class will meet tonight if the weather permits.

PLAINS AND FANWOOD.

The weather of the past few days has interfered somewhat with the attendance at the revival meetings being held in the Baptist church. The pastor, Rev. G. M. Shott, feels so well satisfied with the spiritual interest shown by both members of the church and those outside of the church that it is probable that the meetings will be continued another week, at least.

Rev. G. M. Shott was re-elected secretary of the ministers weekly conference meeting, at the election of officers held recently. This makes Mr. Shott's sixth term as secretary of the conference.

The trolley service was still crippled yesterday on account of the blizzard, making it very inconvenient for those who depend upon the trolley to get back and forth to work.

Mr. and Mrs. Fales, of Bayonne, have been visiting at the home of Mrs. Fales' parents, Mr. and Mrs. A. L. Frentz, of Westfield avenue.

Miss Irene Marsh, who has been spending a week with Miss Louisa Barr, has returned to her home in Staten Island.

George R. Nicholl is recovering very nicely from his recent severe illness, and will soon be able to be around again.

The weekly reading and study of the Young Peoples' Literary Society will be held in the Methodist church this evening.

The Epworth League will hold a cake sale at the home of Mrs. Henry C. Meyers Friday afternoon from 3 to 6 o'clock.

The S. P. A. Club will hold its first annual ball at Anderson's Pavillion, Washington's Birthday night

SOUTH PLAINFIELD.

Regular traffic on the Lehigh Valley Railroad has been resumed so that now trains are running on schedule time. Some difficulty was experienced at first in getting the trains through the high drifts at Potter's Crossing, but that has been done away with. The snow around the depot and on the tracks is all cleared away.

Two coaches became stalled on Plainfield avenue, below Barnabyy's yesterday afternoon. They were shovelled out.

The regular Tuesday evening prayer-meeting was not held last night, on account of a very small attendance.

The coaches of Mr. Smalley's funeral had trouble in getting to Hillside cemetery through the deep drifts.

The country roads hereabouts are almost impassable. In some places the drifts are higher than the fences.

The regular stage did not run yesterday. Instead, a one-horse cutter was used.

Each County is Acting.

Prominent citizens of each county in New Jersey have taken concerted action in issuing a call for a meeting of the officers of public and private institutions, both charitable and correctional, and of people interested in charity work to attend the first New Jersey Conference of Charities and Corrections to be held at Trenton tomorrow and Friday.

LAST CHANCE TO AID THE M'KINLEY MEMORIAL

Saturday Will be the Last Day on Which Subscriptions Will be Received.

MUCH MORE IS NEEDED.

UNION AND SOMERSAT COUNTIES HAVE BEEN SLOW IN SUBSCRIBING.

Money Can be Sent to Alex. Gilbert, Senator Chas. A. Reed or to The Daily Press—This is the Final Chance.

The last day for receiving contributions for the McKinley Memorial Fund will be Saturday of this week. Thus far the citizens of this city and the borough have been slow in subscribing to this laudable cause, and it is hoped by the respective committees of Union and Somerset counties that more pride will be awakened in the matter.

In this city, Former Mayor Alex. Gilbert, of West Eighth street, is authorized to receive subscriptions, while in the borough, Senator Chas. A. Reed has been duly empowered to receive donations. Neither has received anything like the amount one would naturally expect. For some unaccountable reason the citizens of Greater Plainfield have not taken the interest in the proposed memorial that would naturally be expected.

The McKinley Memorial Association was formed two months ago and United States Senator John F. Dryden was named as its president. Frank Bergen, of Elizabeth, was selected as a vice president. On the executive committee are Former Mayor Gilbert and Senator Reed.

A meeting of the National McKinley Memorial Association will be held Wednesday, February 26, and before that time arrives the New Jersey association is anxious to collect as much as possible in order to make a good showing. The object of the National association is to erect a suitable monument as a tribute to the worth of the lamented head of the Nation, who was struck down by a foul anarchist.

In order to assist in the promotion of the cause, contributions will be received at the office of The Daily Press during the present week.

KEEFE ON BAIL.

Sentence of His Companions Delayed by Court to Give Him a Chance to Plead.

Thomas Keefe, the last of Jacob Goodmeyer's assailants to be arrested, was taken to Elizabeth by Chief Kiely yesterday. Application was made at once for bail and it was fixed at $200. The amount was furnished by his father who was ready with the bond.

John Newman and Austin Gulick, two of Keefe's accomplices in the assault and robbery, were to have been sentenced today but the last arrest has resulted in a postponement. The court will now pass on their cases next Wednesday.

TWO NIGHTS.

Hope Chapel Minstrel Show Will be Repeated Following Night.

A continued demand for tickets for the Hope chapel Y. M. A. minstrels has made it necessary for the management to announce that the show will be given two nights, Tuesday and Wednesday, March 11 and 12. There are only a few more seats left for the first evening's performance and these are going fast. From the showing made at rehearsals, it is declared by those in charge that the show will be the finest amateur affair of its kind ever given in the city.

Back to the Hospital.

John H. Tier, Jr., of Bank place, who has been undergoing treatment in St. Barnabas' Hospital, Newark, for some time past, spent yesterday with his family. He returned last night and will remain at the institution three weeks longer. At the expiration of that time it is thought the trouble with his right foot will be entirely eradicated.

Lenten Services.

Lenten services were held in Grace Episcopal and the Church of the Holy Cross this morning. At 5 o'clock this afternoon a service will be held at St. Stephen's, Netherwood.

WHAT THE TROLLEY MUST DO

RAHWAY'S DEMANDS OF A NEW STREET RAILWAY COMPANY.

Must Grant Many Concessions Before the Franchise Will be Granted.

The Common Council, of Rahway, is seriously considering the trolley ordinance being applied for by Elizabeth capitalists. Recently, a private session was held to examine into the reasons for and against granting the franchise applied for by the newly organized East Jersey Traction Company to construct its electric railway connecting Rahway with Elizabeth, and with Carteret and Metuchen as well as surrounding localities.

It is understood that the Rahway Council will require the company to macadamize from curb to curb all streets through which the road is to run, curb and gutter those not already so improved and reset the same where now existing; to have double tracks through such streets; take care of all street monuments; keep the streets sprinkled during the season requiring it; cars to run on fifteen minutes headway to Elizabeth and Carteret, from 6 a. m. to 10 p. m., then thirty minutes to midnight; thirty minutes to Hazlewood cemetery from 6 a. m. to midnight; all cars to go through and be of the latest pattern, heated by electricity; fare to Elizabeth and Carteret five cents, and only one fare to any part of the city; rate of speed to be limited, etc.

As yet the trolley company has not signified its intention of agreeing to such conditions, but as the company is very anxious to secure the franchise it is believed that the requirements will be accepted.

Worthy of Patronage.

The bills of vaudeville to be presented at the Casino, Saturday afternoon and night, Washington's Birthday, will be interesting and highly pleasing. There is no kind of theatrical amusement so popular now as high-class and refined vaudeville and, judging from the former presentations of Manager Maze Edwards, the forthcoming offerings for holiday enjoyments will be found worthy of patronage. Popular prices for both performances should attract a large attendance.

Supper and Smoker.

The members of Company K will have a supper and smoker at the Hotel Plainfield, Thursday night. Officers and members of the Second Regiment have been invited to attend and also prominent city officials. The affair promises to be one of the most successful given under the auspices of the popular company.

Business Transfer.

Alex. Kane, of Richmond street, who has been engaged in various enterprises in the East End for many years, has sold his coal and wood business to Joseph Harrigan, of New York. Mr. Kane will shortly reengage in flagging and general contracting, with headquarters in this city.

Will Speak at Men's Meeting.

Commander Albion V. Wadhams, who with Mrs. Wadhams will be the guest while in Plainfield of Frederic H. Andrews, of Central avenue, has consented to address the men's meeting Sunday afternoon at 4 o'clock at Y. M. C. A. Hall.

NEW BRUNSWICK TO TRENTON

WORK STARTED ON THE THIRD RAIL TROLLEY SYSTEM.

A Stone Road Bed is to be Built Not Touching a Single Town En Route.

(Special to The Daily Press.)

New Brunswick, Feb. 19—The first steps towards the introduction of the third-rail system of electric road transportation between this city and Trenton have been taken. Work has been commenced at this end of the line and rapid headway is being made. Not a single town is touched between the Capitol city and here. The route after leaving Trenton is near Hamilton Square, Edinburgh, Dutch Neck, north of Cranbury, near Dayton, thence to Millstown.

The third-rail system will be used. It is proposed to introduce the third-rail just outside one of the regular rails. A metal shoe will slide along it and take up the current for the motors. The line will be laid with 80-pound rails and will be rock ballasted. The wires for the current will be carried in a conduit alongside the track. At frequent intervals a connecting wire will be run up to the third rail and this will carry the current. Only one section, about one hundred feet, of the rail will be alive at one time, and there will be no danger to the public from electricity unless they get under the car when it is in motion.

It is the intention of the promoters of the new line to use standard passenger coaches of 60 or 66 feet in length and weighing upward of 100,000 pounds each. The cars will have four huge motors and will be run at a speed of as high as seventy-five to eighty miles an hour.

BOTH ARE DEAD.

But Now Administrators Are Quarrelling Over Money Left Behind.

(Special to The Daily Press.)

Somerville, Feb. 19—Andrew M. Baird and his second wife, Catharine T. Baird, are both dead, but the administrators of their estates are quarrelling over the property they left.

Because the former erected a headstone in his plot before he died and because he did not claim while he lived the money his wife left in her will for his support and maintenance, according to a recent decision, his administrator will lose the $100 willed him for erecting a headstone and the $100 to be devoted to his support. The case is that of Henry W. Baird, administrator of the husband's estate, against John A. Bergen, administrator of the wife's, and the decision was handed down by Judge Schenck in the Somerset courts here.

The case was an unusually interesting one and involved many interesting legal points. John F. Reger and Geo. V. VanderVeer were counsel for Baird and F. Weigel, of New Brunswick, appeared for Bergen. The Bairds were from Hillsborough township.

Not to be Abolished.

According to the Passaic Valley News rumors have been in circulation to the effect that the postoffice at West Summit is to be abolished by the postal authorities. The News pronounces the rumor false for the reason that no office doing an increasing business would be closed up. The temporary postmistress at that place is now seeking a permanent appointment and has forwarded a petition, signed by many people, to Washington.

FANCIES OF FASHION.

Kate Gardner Chats About Teagowns and Lounging Robes.

Chinese and Japanese Tendency Distinguishes the House Garments of the Season—No Change in Skirts.

[Special Chicago Letter.]

IT HAS been a long time since I have wandered into the realm of the fascinating teagown, the comfortable lounging robe, and its near relation, the dainty matinee jacket, and as this happens to be the season of the year when garments of this description are supposed to appeal most strongly to womankind, a few hints as to the present and coming fashion in this direction will not prove uninteresting reading, particularly as there are many delightful things to say concerning all of them.

For some mysterious reason or other Dame Fashion has decreed this season that there shall be a distinctly Chinese or Japanese tendency in all the newest lounging robes, teagowns and house jackets. Everything is more or less a la Geisha, with kamona-like fronts and long, loose-hanging sleeves. Of course the materials of which these charming gowns are fashioned, carries out this idea to the fullest degree. For instance, many of the teagowns of the moment are made of the new pointed velveteen, which shows a wonderfully mixed-up Chinese pattern on its smooth surface, while the lounging robes and house jackets—at least the major part of them—look as though they first saw the light of day in far-away Japan. For those who do not like the rather severe Japanese style—and I must confess to many it will prove vastly unbecoming—fashion has provided beautiful models made of crepe de chine and soft Oriental satin, which cannot but prove captivating to every woman with a true sense of the beautiful.

It has always seemed to me that crepe de chine is particularly appropriate for teagown purposes. A truly successful teagown must "hang" to perfection, an end, by the way, not always obtainable where velveteen is em-

PALE BLUE CASHMERE TEAGOWN.

ployed and then a teagown, to be seen at its best, requires a vast amount of airy-fairy daintiness in the matter of trimming; and in the use of velveteen, unless one is very careful, the result is apt to be anything but beautiful. While no garment of the wardrobe of to-day admits of so many possibilities as the teagown, to be an artistic success it must be draped by the master hand. Altogether it can be made an exquisite picture of crepe de chine, velvet, soft lace, chiffon, and, indeed, everything that the luxury-loving nature of the lady of fashion suggests, or it may be contrived in such an unfortunate manner as to present the reverse side of the picture.

Within the week I have seen some truly charming teagowns made of fine French cashmere, in both cream white and delicately-tinted tones, prettily trimmed with much lace and hanging stoles of the cashmere, and simply finished at the waist by a pointed girdle of Oriental embroidery. The pretty model given in the first illustration is fashioned of cashmere in a delicate shade of blue. The skirt is ornamented by ruffles of the material, the square yoke is of black panne velvet, the stoles of white spotted lace edged with Chantilly, while the embroidery, which is all done by hand, of course, in the most exquisite manner possible, is carried out in the soft Oriental colorings that are so very popular at the present moment. The other sketch represents a somewhat more elaborate and fanciful teagown, made in this instance of crepe de chine. Draped round the shoulders is a handsome fichu of soft white mousseline de soie, which is held in place by a large chou of white chiffon, with long sash ends reaching almost to the hem of the skirt.

The most desirable lounging robes seen thus far are made of printed velveteen in dark colorings, lined throughout with soft Chinese silk, finished at the neck by a smartly-rolled collar and held at the waist by means of a finely wrought metal girdle. Other pretty models are made of cashmere with linings of silk, while others again are fashioned of pretty cotton crepe cloth, in both light and dark colors, with cuffs and collar in a contrasting color or else in somber black. The "Geisha" dressing jacket still remains the idol of fashion, although it has reigned quite two seasons. The most sought after models are made of cream-tinted silk and wool material and simply finished with wide hems and facings of washing silk in some delicate shade of color. Cashmere is also ideal for this purpose and, when carried out in a soft shade of rose pink with facings of dainty white, makes a perfectly charming jacket and one that any woman might be proud to call her own.

The "matinee" is, of course, much more elaborate and fanciful than the dressing jacket, and it is proper that it should be, considering the mission of each is so vastly different. Frenchy to a degree are the matinee jackets that come to us this season in pastel shades of mousseline de soie, arranged in fine tucks and long lines of insertion. The sleeves are tucked and trimmed with lace insertion, and finished with double frills of accordion-plaited chiffon, edged with narrow satin ribbon. Nun's veiling in pretty shades of lavender and gray makes

WHITE CREPE DE CHINE TEAGOWN.

lovely matinee jackets, and when given a plentiful trimming of lace and chiffon are quite as desirable as those fashioned of mousseline de soie, and not nearly so expensive.

Dame Fashion is after all not such a fickle jade as she is represented to be. Only a short time ago some of the leading authorities loudly proclaimed that the requiem of the Russian blouse and the jaunty little bolero would soon be sung, and that the coming skirt would be short and most elaborately trimmed. How none of these undesirable things have come to pass and, judging from present signs, are not likely to. All the models that are daily being sent over from Paris show in a most marked degree that the reign of the bolero is not over by any manner of means, while the sweetest-looking skirts intended for early spring wear are long and trailing, as of yore, and show not the slightest tendency toward an increase in trimming. I think Chicago women in particular should be thankful that the long skirt still prevails, for while possessing many points of beauty and grace, and with a charm all their own, their feet do not always show to perfect advantage. Whether this is the fault of nature or the bootmaker, I do not pretend to say; but it is a fact, nevertheless, that the majority of women one sees nowadays have, to put it mildly, extremely shabby-looking feet.

In the matter of sleeves there is much that could be written. The tendency at the present moment is to have them rather tight-fitting from the shoulder to the elbow, and then to show a great deal of fulness from the elbow to the wrist. In the smart-looking, up-to-date model in the picture this pretty

AN AFTERNOON FROCK.

new fashion shows to great advantage.

The tailor-gowns of the moment are certainly delightful to look upon. Made of the new zibeline cloth, with long trailing skirts and smartly-cut jackets, they are more charming than ever before. Some have handsomely embroidered waistcoats, and this mode is likely to remain in favor throughout the season.

Lace continues to play an important part in the world of fashion. Embroideries, too, of all kinds and descriptions, are much in demand, to brighten up winter frocks, and those who have anything of this kind in their possession should try to utilize it, for now is the time and hour.

Dear Sirs—Two years ago I had very bad corns and callouses on my feet, I went to a chiropodist and paid him $5.75 for taking them off. In less than a month they were back again. I then tried your CORN CURE and used only three bottles, costing 45c, and am happy to say it has taken them off completely. They have not troubled me now for over a year. I consider your HEPBURN'S CORN CURE the best I have ever used.—Yours truly, R. O. RUNYON, 629 LaGrande Ave.

THE SUMMER HATS.

They Will Have Irregular Brims and Be Worn Off the Face.

The indications are that the fashionable hats next summer will be worn off the face. The edges will be very irregular, and the hat will be tilted a little to one side by means of a band of velvet bearing a big bow. Floral trimmings are to be much used, and the inevitable bow of lace or velvet will droop over the hair in the back.

The large plateau toques, when kept flat and slightly tilted to one side, are charming in front, but hideous in the back. The prettiest toques of this

CHIFFON HAT.

style are of chiffon, draped with lace and relieved here and there by touches of fur or velvet.

Wreaths of autumn leaves are combined with roses with very good effect. Large bows of wired lace are very smart on tucked black chiffon hats.

The proper thing for summer will be to have the hat match the gown, or at least repeat in some particular the leading color of the gown.

A smart hat of chiffon is shown in the cut. It is laid in soft folds both as regards the brim and the crown, which is low and flat. The hat is tilted to one side with a wide velvet band, which is hidden by a cluster of flowers. The hat is simply trimmed with a cluster of flowers and a drooping black velvet bow. JUDIC CHOLLET.

WRINKLES OF FASHION.

Loose Fronts, Fluffy Vests and Much Trimmed Skirts.

Everything is worn loose in front. The blouse is extensively pouched, and the new belts still pull down far below the waist line in front, giving a correspondingly short effect in the back. The coats are fashionable worn open and filled in with much lace and a pouched or cascaded vest. Even the short boleros have tabbed ends falling far below the waist or revers so arranged that the ends flare out beyond the natural lines of the body.

Wide bands of velvet are used to trim the latest tailor mades. These bands of velvet are frequently outlined by narrow braid.

Tunic skirts showing a double or triple effect are the latest cry from Paris; so is the five flounce skirt. As its name implies, this is composed of five ruffles gored and graduated from nar-

THE LATEST BOLERO.

row to wide as they draw nearer the bottom of the skirt. The edges of these ruffles are heavily stitched.

Panels are once more to be seen, and in lace they form a very rich decoration for the front of a ball or dinner gown.

The smart bolero in the illustration may be made by any clever woman. It is the latest Paris model. There are tucks on each shoulder, which, farther down, are held into two clusters. The top of the sleeves is laid in tucks and the fullness disposed into a tight fitting cuff. The fronts are cut long and fall over the stitched belt. This is of white cloth or taffeta to match the white appliques, which lend an air of chic to the garment. Under the open front are worn a vest and high collar of white taffeta or cloth stitched, and the fronts of the jacket are held in place over this by lacings of narrow black velvet.

A pretty model for a skirt to be worn with this should have a wide flounce headed by five folds stitched flat, the flounce being appliqued with the embroidery. JUDIC CHOLLET.

My Strangest Case

BY GUY BOOTHBY.

Author of "DR. NIKOLA," "THE BEAUTIFUL WHITE DEVIL," "PHAROS, THE EGYPTIAN," Etc.

[Copyrighted, 1901, by Ward, Lock & Co.]

We tried the various shipping offices, without success. We called at every hotel, important or otherwise, questioned the city police, who assured us they had seen nothing of the men we described, and finally were compelled to own ourselves thoroughly well beaten. Leglosse's face was the picture of despair, and I fear mine was not much better. We inserted advertisements in the papers, but with no more luck than before. From the moment the trio had entered Naples, they seemed to have vanished entirely. Then one evening a ragged urchin called at the hotel and asked to see us. In reply to our questions, he informed us that he had seen two Englishmen only the day before, such as the police were inquiring for; one of them was blind, the other dumb. Indeed, he was sure of this, for the reason that he had carried their bag for them down to the harbor whence the Palermo boat sailed. We pricked up our ears on hearing this. If his story was correct, and Kitwater and Codd had visited Sicily, then without a doubt Hayle must have gone there too. But we had no desire to allow ourselves to be taken in again. It might be another of Hayle's tricks, and for this reason we questioned the boy more closely. He adhered, however, to his story without a variation. His description of the men was perfect in every respect, and he assured us most emphatically that he knew nothing of any individual with such a scar upon his face as Hayle possessed. At last we became convinced that his story was genuine, and we rewarded the boy accordingly. After he had disappeared we informed Miss Kitwater of the discovery we had made.

"You will follow them to Palermo?"

"Assuredly, mademoiselle," Leglosse replied. "I have my duty to perform."

"Then I must go with you," she answered. "If he is on the island the chase must be drawing to a close, and I must be present to protect him, if possible, against himself."

Accordingly next morning, for the steamer for that day had long since sailed, we set out for the kingdom of Sicily, that gem among islands as Goethe terms it. It was the first time Miss Kitwater had seen the southern coast, and for this reason I made her promise that she would rise early next morning in order that she might witness our approach to the far-famed island. This she did, and side by side we watched the vessel draw closer to the land. Away to the west lay the island of Ustica, its outline sharply defined in the clear morning air.

"How beautiful it all is!" she said, "and to think that we are sailing such lovely seas upon such an errand."

"You must try not to think about it," I said. "'Sufficient unto the day is the evil thereof.' Let us hope that it will all come right in the end. If only Leglosse can get hold of Hayle first, your uncle cannot possibly do him any harm, however much disposed he may be that way. Between us we ought to be able to manage that."

Shortly after breakfast we obtained our first glimpse of Sicily. It was a scene never to be forgotten. The blue seas, the towering mountains rising apparently out of it, made up a picture that was lovely beyond compare. Presently we steamed into the harbor, and made our way to the Dogana, where our luggage was examined. Here we commenced our inquiries concerning Kitwater and Codd, and had the satisfaction of learning, on undoubted authority, that the story the boy had told us was correct. Such terrible infirmities as theirs could scarcely fail to attract notice, and more than one of the officials remembered seeing and commiserating them. On leaving the Dogana, they had traveled to the city by cab, so we were informed.

"The man who drove them is outside now," said one of them. "Perhaps the senor would care to question him."

I replied that I should like very much to do so, and we accordingly went out into the street together. It appeared that the cabman remembered his fares perfectly, the more so by reason of the fact that the blind man had sworn at him for not using greater speed in reaching the city. He had driven them to some furnished lodgings kept by his cousin, he said, and was proceeding to recommend them to us, when I cut him short by informing him that we had already decided upon a hotel. We thereupon entered the vehicle, he mounted the box, and we set off. From the moment that we had set foot ashore Miss Kitwater had been growing more and more nervous. When it was taken into consideration that before nightfall some very unpleasant things might happen, I do not think this fact is to be wondered at. I pitied her from the bottom of my heart, and was prepared to do all that lay in my power to help her. It was a strange change for her, from the quiet little village of Bishopstowe, to the pursuit of a criminal across Europe to an island in the Mediterranean.

"And when it is over?" was the question I asked myself on numerous occasions. "What is going to happen then? I suppose I shall bid her goodby, she will thank me for the trouble I have taken, and then our acquaintance will be at an end."

After that it had become my habit to heave a prodigious sigh, and to wonder whether she could be induced to—

But somehow I never got much further with my speculations. Was it likely she would ever think twice of me? She was invariably kindly and thoughtful; she deferred to me on everything, and seemed to think my opinions and actions must of necessity be right. Apart from that I felt certain I had made no other impression upon her.

"Now, mon ami," said Leglosse, when we had installed ourselves at our hotel, "I think it would be better that you should efface yourself for a time. None of the men we are after know me, but Hayle and Codd would both recognize you at once. Let me go into the town and make a few inquiries, and if they are satisfactory we shall know how to act. Do your best to amuse mademoiselle, and I will hasten back to you as soon as I have anything to tell."

Upon my consenting to this arrangement he set off, leaving me free to devote myself to the amusement of Miss Kitwater. As soon as she joined me we made our way into the garden of the hotel, and seating ourselves on a comfortable bench spent the remainder of the morning basking in the sunshine, and watching the exquisite panorama that was spread out before us.

"I wonder what they are doing in Bishopstowe now?" I said, and a moment later wished I had held my tongue.

"Poor little Bishopstowe," my companion answered. "How thankful I shall be to get safely back to it! I don't think I shall ever want to travel again."

"Ah! you cannot tell," I replied. "You are seeing the world just now under very unfavorable auspices. Some day, perhaps, you will follow the same route under conditions as happy as these are the reverse."

I think she must have guessed to what I referred, for her face flushed a little, and she hastily diverted the conversation into another channel, by drawing my attention to a picturesque sailing-boat which at that moment was entering the harbor. I tried to entice her back to the subject later, but she would plainly have none of it. Only once did she refer to it, and that was when we were making our way back to the hotel to lunch. I stated my fear lest she should find all this running about from place to place tiring for her.

"You need not be afraid of that," she answered. "I am very strong, and am not easily tired. Besides, you have been so good and kind, Mr. Fairfax, and have done so much to insure my comfort, that, if only out of gratitude to you, I could not very well be fatigued. I think you know how grateful I am to you, do you not?"

As she said this she looked up at me with her beautiful, trusting eyes, and so overwhelmed me that it was as much as I could do to keep back the words that rose to the tip of my tongue. I answered her to the effect that I had only done my best to promote her comfort, and was about to say something further, when Leglosse made his appearance before us. There was a look of great satisfaction upon his face.

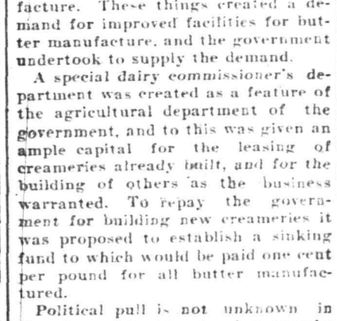
The Canadian Government as a Butter Maker

A Dairy Business Conducted Under Governmental Auspices With Great Success.

MORE than 1,000,000 pounds of golden yellow butter is being turned out of the Canadian government creameries, located in the territories of Assiniboia, Saskatchewan and Alberta, each year.

Back of this statemtnt there is an interesting history of the development of an industry of great importance to the farmers of the territories. Both state and county governments have attempted much the same thing in this country, but have failed to win that measure of success



THE GOVERNMENT CREAMERY AT CALGARY.

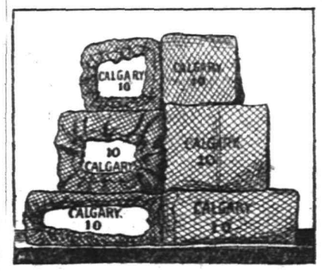
which seems to have been met with in Canada, though the success that is now seen there did not come until the experiment had very nearly failed because of a lack of experience, not in butter making, but in financeering the project.

It was in 1897 that the agricultural department of the Canadian government first took hold of the dairy interests of the western territories. Previous to that time several private creameries had been constructed, and an attempt made to operate them, but in nearly every case they had proven failures. Settlement had not at that time advanced far enough to afford a sufficient production of cream to keep a creamery running if it had to depend upon any one locality. If, on the other hand, it could not turn out a considerable amount of butter each year, and so be able to do a large business, the margin of profit on a small business was not sufficient to live.

Out of these private creameries the farmers were getting but little. Many of them, in fact, were getting nothing, as the creameries were too far away for them to reach them without paying excessive freight charges on their cream, in addition to the risk they had to take of its souring before reaching the point of manufacture. These things created a demand for improved facilities for butter manufacture, and the government undertook to supply the demand.

A special dairy commissioner's department was created as a feature of the agricultural department of the government, and to this was given an ample capital for the leasing of creameries already built, and for the building of others as the business warranted. To repay the government for building new creameries it was proposed to establish a sinking fund to which would be paid one cent per pound for all butter manufactured.

Political pull is not unknown in Canada, and inside of a few months



BUTTER READY FOR SHIPMENT.

the department was flooded with petitions for the establishment of creameries at every little hamlet in the territories, and with each petition there was brought to bear a certain amount of political pull that it was hard to withstand. It was no more possible for the department to have built and equipped all the creameries that were demanded than it would have been possible for them to have operated them successfully and profitably if they had been built, and the attempt to meet the demand came near proving disastrous to the whole enterprise. But a solution for the dilemma in which the department found itself was finally found, a solution so simple, and yet so practical, that it turned a seeming failure into immediate success.

The government ceased to build creameries, but instead attempted the operation of such as were built either by stock companies, individuals or municipalities, thus throwing the burden of construction upon those who insisted that their erection was necessary, and that their operation would prove profitable. At the same time the charges for manufacture and marketing were somewhat changed.

To-day there are in operation throughout these territories 18 creameries located at Churchbridge, Salterates, Yorkton, Moosomin, Whiteford, Greenfell, In'Apelle, Regina, Moose Jaw Maple Creek, Saskatoon, Prince Albert, Calgary, Olds, Innisfail, Red Deer, Tindastoll, Wetaskiwin, Stratheona and Fort Saskatchewan. Of the dairy department of the government Calgary is the headquarters, and to this point is shipped all the product of the other creameries. Enormous cold-storage houses are provided there, and in these the butter is kept until the state of market warrants its sale.

To make these 18 creameries meet the demands of such a great expanse of territory as is included within the boundaries of Assinaboia, Saskatchewan and Alberta a system of cream transportation has been arranged. At stated times a refrigerator car from each creamery makes the rounds of the railroad stations in the territory served by the creamery in which the farmer's cream is conveyed to the point of manufacture. The government arranges for and pays the expense of this service, and assumes all liability for the cream when it has been delivered at the station platform.

From each lot of cream received a sample is taken and churned in a test churn. From this the value in butter is judged of the entire lot when it is manufactured into butter in the great churns. For this transportation of cream, the manufacture and marketing of butter the farmer is charged four cents per pound. If this fails to meet the expense of operation the government makes up the deficiency, but when it more than pays the expense a dividend is paid the stockholders, individual or municipality owning the creamery plant and buildings.

During the summer season an advance price of ten cents per pound is paid the farmer monthly, and in winter an advance price of 15 cents per pound is paid monthly. Up to the present time the price realized by the farmer for all butter manufactured by the government has ranged between 17 and 18 cents per pound, and the difference is paid twice annually, the first of November and the first of May. A small portion of this comes from the sale of by-products with which the farmer is credited, and which is sold usually to inidvidnals in the neighborhood of each creamery.

Dominion of Canada

Government Dairy Station.

THE GOVERNMENT LABEL.

A market for the butter manufactured in these government creameries is found in British Columbia, in the Kootenay mining district, in the Klondike, in the far eastern countries and to the northwest mounted police, and is shipped in sealed tins of one, two and five pounds and in Australian butter boxes of 14, 28 and 56 pounds. Around each pound roll is a waxed paper bearing the government label.

Within the past year the department has attempted to find a market for western Canada eggs, and have met with considerable success, though on a small scale. An advance price of ten cents per dozen is paid the farmers monthly, but an average price of about 17 cents per dozen is being secured. The eggs are shipped to Calgary and held there in cold storage warehouses until the current price warrants their sale.

WRIGHT A. PATTERSON.

It Didn't Work.

"I would give a good deal if I wasn't absent-minded," said a well-known business man with a sigh. "I have tried all the so-called cures without success, and I suppose I must make the best of the situation, although it is awfully aggravating to have such a poor memory. The other day I read of a man, who from his account, often was placed in the same embarrassing position that I find myself so many times, through a poor memory. In his case he solved the difficulty by writing himself a postal card, thus jogging his memory.

"It struck me as being a mighty good idea, and I resolved to try it myself. It so happened that I had an important engagement to keep the day following, so I wrote a postal card: 'Don't forget engagement with Blank.' Then I addressed it to myself and thought no more of it.

"The next day passed and I failed to keep the appointment. I had forgotten to mail the postal."—Detroit Free Press.

SPORTING NEWS

CHESS.

The annual tournament of the New Jersey Chess Association will be held at the Jersey City Club, Jersey City, Saturday. Considerable interest is already manifested in the coming event. Newark has revived a strong club of fifty players, and they propose to enter the contest to hold the next tournament in Newark, February, 1903. All the chess players in Hudson county are expected to take part in this year's event. Gold medals will be awarded to the State champion and first section of the open tournament. Other suitable prizes will be offered to players in other sections. This tournament was held in Plainfield a decade ago and excited much interest. Lawyer Clarence L. Murphy is one of the best local players, besides having won many honors in the realm of chess. Any information about the next tournament can be secured from William Jones, 270 Pacific avenue, Jersey City.

WHIST.

After winning six consecutive matches for the Metropolitan trophy, the Brooklyn Whist Club lost possession of it last week to the Newark Bay Boat Club. The match was the first of the kind that the team from the latter club had ever played. The score was fourteen tricks to nine.

The fifth round in the intercity tournament took place in the rooms of the Brooklyn Whist Club last Saturday evening. The Cosmopolitan team still continues in first place, although they made a net loss of one match. The best score for the evening was made by the Jersey City Club's team, winning nine matches and making eleven tricks plus.

STRIKES AND SPARES.

Interest in bowling, which has been on the wane among the members of the Hope chapel Y. M. A., has taken a decided change for the better recently. A series of friendly games has just been concluded and more are now being arranged with other teams. Pressure of other matters has been responsible for the laxity but it is expected the alleys will shortly be kept in constant use.

CLEANING WALKS.

Borough Has Gang at Work Removing Snow Where it Has Been Neglected.

William Emmons, acting for the street department of the borough, is superintending the cleaning of all sidewalks which have not been cleaned by the residents. The cost of removing the snow will be charged up against the property owners, who will find that their tax bills have been increased by their neglect of duty.

The pavements in front of a number of vacant lots, such as that at the corner of Grove street and Prospect place, have not been cleaned and much trouble has been caused to pedestrians. In the Park a number of citizens have failed to remove the snow from the front of their homes and the authorities are desirious that they lose no time in doing so.

Surprise to Pastor.

A surprise party was tendered by the officers and members of the Fillmore Baptist church, Saturday evening, to the pastor, Rev. E. J. Crudup, at his home. The visitors brought with them many gifts in token of their esteem for the pastor. Mrs. Crudup made a few remarks thanking the callers for their remembrance.

Funeral of Mrs. Philpott.

Funeral services over the remains of Mrs. Margaret Philpot were held at the home of her daughter, Mrs. David Conover, of Duer street, last evening. Rev. W. Montgomery Downey officiated. This morning the relatives accompanied the body to Brooklyn, where interment was made.

TROLLEY SYSTEM CRIPPLED

MAIN LINE AND ARLINGTON AVENUE BRANCH STILL SNOW BOUND.

Trolley Company Has Not Yet Recovered From Monday's Snow Storm.

The local trolley system has not yet recovered from the effects of the storm, two lines still being completely shut off from traffic. At 1 o'clock yesterday afternoon, the Fourth street line was opened through to Dunellen, but no cars have been running on the Scotch Plains or Arlington avenue lines since Sunday night. Not the slightest effort has been made to raise the blockade on the latter and the tracks still remain buried beneath the original drifts piled upon them Monday morning.

Two gangs of men and two electric sweepers are working to open the through line but so far cars are only running from Elizabeth to Westfield. It is thought that this city will be reached by tomorrow morning. On the lines which have been opened the cars are running on a fairly good schedule, but at times it becomes very poor.

CITY JOTTINGS.

—Officers for the ensuing year will be nominated at the regular March meeting of Warren Engine Company.

—Full value is always secured by the buyer when one of those solid packed three pound cans of White Label brand tomatoes is purchased at Neuman Brothers.

—Mr. and Mrs. Theodore Kurzhals, Jr., will take up their residence in West Second street about March 1. They will occupy the E. H. Holmes house between Madison and Central avenues.

MISS OHL'S DEBUT.

The Members of the Cast Which Will Support Her.

Saturday night, at Reform Hall, Miss Adele T. von Ohl will appear in the title role of "The Sculptor's Daughter," a play by Richard Foote. The cast is an exceptionally fine one and has been carefully rehearsed under the direction of the author. B. W. Hand will appear as "Father Ilian," a Catholic priest; John Manley as "Duke di Custellore," John Goodwin as "Phillipo;" Will Kenyon as "Count Wordiskoff," and Miss Margaret Hoffman as "Biance," the betrayed wife.

The comedy element will be taken care of by Miss Suzanne Kranz and Bob Mattox who appear respectively as "Elena" and "Beto." A great interest is being taken in Miss Von Ohl's debut as she is a descendant of one of the oldest if not the oldest families in Plainfield.

CAME LATE.

Big Sleighing Party From Westfield Arrived After the Time.

A sleighing party from Westfield made arrangements to come to Plainfield last evening and have supper at the Plainfield Hotel. The members of the party were to arrive at a reasonable hour, but at 10:30 o'clock they had put in an appearance. Manager McConnell closed his dining room believing that his guests would not show up. Shortly after 11 o'clock the guests arrived. Mr. McConnell had the team taken care of and in his hospitable manner provided refreshments, after which the party continued on their way rejoicing.

BURIED AT NEWARK.

Funeral Services Were First Held Here and Then in That City.

Mrs. Margaret Kelly, the widow of David W. Kelly, who died Sunday, was buried this morning in Newark. Services were held at the home here on East Third street, Rev. Dr. Cornelius Schenck, pastor of Trinity Reformed church, officiating. The body was borne to Newark. Services were held subsequently in the Eighth Avenue church, of that city. Interment was made in Mt. Pleasant cemetery.

Thirteen Had Good Time.

A party of thirteen young folks enjoyed a sleigh ride to Westfield, last night, and at the latter place all had supper at one of the hotels. The affair was arranged by William Abbott, of West Front street. The fact that there were thirteen in the party does not worry anyone who went along, for they are not the superstitious kind.

Dug His Way Out.

Thomas H. Taylor, one of the committeeman of North Plainfield township was able to get to this city, this morning, for the first time since Sunday. Together with one or two neighbors he succeeded in digging his way through the snow which is badly drifted in the township.

L. B. Schenck Made Receiver.

(Special to The Daily Press.)

Trenton, Feb. 19—Louis B. Schenck, of Somerville, was yesterday appointed receiver of the Washington Co-operative Bank of Newark by Chancellor Magie. The receiver was asked for by the Banking and Insurance Commission.

SMALLEY IS ON THE FENCE

(CONTINUED FROM PAGE 1.)

plant. At the foot of the mountain wells could be dug which would furnish an almost inexhaustable supply of water. The water company's supply is obtained from wells fed by a different body of water altogether. That concern would do a big business even if Plainfield and North Plainfield were cut off as customers. An independent municipal plant could be established, he thinks, at a reasonbale figure, and in the end it would be a great saving to the citizens, who he thinks are charged too high a rate for water. Co-operation in such municipal improvements, the Mayor believes, would prove equally beneficial to the citizens of the borough and those of the city.

The close proximity of the city to the borough, said the Mayor, has proven detrimental to the interests of the latter in some respects. The law that postoffices must be at least a mile apart has deprived the borough of an independent office in a central locality. One could be placed at a remote part of the borough, but such a move would be more inconvenient than the present condition of affairs. There's no bank in the borough and this he says is due to the fact that the interest of the city and borough are so identical that none would be established.

Again he referred to the train service, and said that the lack of transportation facilities has been a hindrance to the borough's growth. No factory will locate there for the New Jersey Central line is too far distant. On the other hand he claimed that the want of a railroad service within the borough limits has been beneficial in one respect at least. A bad element has been eliminated from consideration since there is no railroad for them to be brought into the borough. Under the proposed system of joining interests the banks and the like would be still more identified with borough interests since they would be in Greater Plainfield.

The claim is made by the Mayor that in the event of annexation Plainfield would be beenfitted by the addition of a desirable class of citizens. The lower element of foreigners is almost an unknown quantity in the borough. A large proportion of the citizens are business men, many of whom are commuters. As tor the colored population, he says there are less than fifty in the limits of the borough, while Plainfield he declares has an exceptionally large percentage.

The matter of licenses has not been overlooked by the Mayor. Under the persent conditions it is necessary to obtain liquor licenses from the county court at Somerville. Were annexation accomplished the privileges would be obtained from the councilmanic body of Greatre Plainfield.

FUNERAL OF JOHN SMALLEY.

Was Held From Home of His Sister, Mrs. David K. Vail.

The funeral of John Smalley, who died Friday, was held yesterday afternoon. Services were conducted at the home of his sister, Mrs. David K. Vail, of Plainfield avenue.

Rev. Dr. Cornelius Schenck, pastor of Trinity Reformed church, officiated. A large number of relatives and friends attended the services, and the floral tributes were especially numerous. The pallbearers were his nephews, Compton Vail, David Vail, Jr., Harry Vail and John Vail. Interment was made in Samptown cemetery.

Entertained Card Club.

Mr. and Mrs. Frank H. Smith, of Madison avenue, entertained the Fortnightly Whist Club at their home last evening. There was present the entire membership and the usual pleasant features were enjoyed. Those who won the honors for the evening were Miss May McLaughlin and John G. McLaughlin. Following the play refreshments were served.

Randolph Marsh, Sr., of Plainfield avenue, is confined to his home by a severe cold.

Andrew McCardle, of West Front street, has returned from a business trip to Schenectady, N. Y.

The Last Heard Of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure Very pleasant to take. The little ones like it. L. W. Randolph.

PYTHIAN KNIGHTS GATHER

ANNUAL SESSION OF GRAND LODGE BEGAN AT TRENTON THIS MORNING.

One of the Most Important Matters Will be the Question of Establishing a National Sanitarium.

(Special to The Daily Press.)

Trenton, Feb. 19—The thirty-fifth annual session of the Grand Lodge of New Jersey, Knights of Pythias, is now in session in Masonic Temple, and will be continued tomorrow. The opening session was held this morning.

One of the most important matters to be decided at this session will be the question of establishing at Hot Springs, Ark., a national Pythian sanitarium. Thirty-two the of grand lodges have voted in favor of it, which seems to insure its acceptance. The tax will be paid at the rate of twenty cents per year for a period of five years. If the plan is adopted a special per capita tax of $1 will be levied on each member to establish the building and equip it. Congress has given to the supreme lodge a ninety-nine year lease on a tract of five acres of land adjoining the United States Army and Navy Hospital at Hot Springs, and if the institution is erected there it will be under the direct control of the supreme lodge.

The present grand vice chancellor, P. Hall Parker, of Seabright, will doubtless be advanced to the position of grand chancellor. Mr. Hall served for six years as Mayor of Seabright and is considered a capable and efficient person for the new position.

SUIT AGAINST UPSON.

Charles Bock Claims That He Advanced $100 to Upson to Cover a Wager.

Troubles are now beginning to pour in upon Arthur Upson, the victim of John Huff's assault in the Cafe Rosell, nearly two weeks ago. He is just recovering from the effects of the blow on the head. Yesterday summons in tort were issued against him from Justice Hand's court. Charles Bock, one of the men engaged in the quarrel on the night the fracas took place, demands $200 from him. $100 of the amount, Bock says he gave Upson that night to cover Walter L. Hetfield's check placed on the hotel bar as a guarantee that he could whip him (Upson) in a fist fight. When the men were separated Upson put the borrowed $100 in his pocket, so Bock says, and he never got it back.

DUNELLEN'S FREEHOLDER TO HOLD HIS SEAT

Luther Tappen's Suit to Dispossess Peter Staats Has Been Discontinued.

STORY OF THE TROUBLE

STAATS WAS SEATED IN BOARD WHILE TAPPEN WAS TURNED DOWN.

Democrats Were Divided on the Question and Republican Minority Settled It—Case Submitted to Court Settled Abruptly.

(Special to The Daily Press.)

New Brunswick, Feb. 20—Luther Tappen's long attempt to either dispossess Peter Staats, of Dunellen, of his seat in the Board of Freeholders came to an abrupt close Tuesday, when his counsel, George S. Silzer, who had carried the case before the Supreme Court, voluntarily discontinued the proceedings and set at rest one of the most complicated controversies that ever vexed local political circles.

In the spring election last year Mr. Staats was re-elected to represent Dunellen borough in the board, and Metuchen elected Mr. Tappen to the same office. The last borough act, which was intended to simplify their government, provided that only boroughs of upwards of 3,000 population should be so represented. Dunellen's population is 1,239 and Metuchen's is 1,786. When the board organized last year the right of both Messrs. Tappen and Staats to hold their seats was questioned. The Democratic majority was divided and the Republicans held the balance of power. The minority first voted to seat Mr. Staats and then voted to exclude Mr. Tappen, and in so doing stired up quite a row in the Democratic family.

Mr. Tappen began proceedings to dispossess the Dunellen man of his seat, acting as a citizen. Just what his motive was no one could fathom, although it was pretty shrewdly conjectured that the controlling faction in the Board of Freeholders, to which Mr. Staats belongs, was out of favor with the powers that be. Moreover, if Dunellen's member had been excluded, Samuel Watts, of South River, a member of the same cilque, would have had to go, since South River's population in 1900 was only 2,792.

George S. Silzer, Democratic county chairman, conducted Mr. Tappen's case, while H. B. Willis looked after Mr. Staats' interests, as counsel for the borough of Dunellen. Testimony was taken before John S. Voorhees, and was Tuesday submitted to the Supreme Court for argument. Mr. Silzer's action in discontinuing the case set the matter at rest without argument.

The victory is a pronunced one for Mr. Staats, and also for Mr. Watts, both of whom now hold indisputed possession of their seats.

YEAR'S WORK.

Summed Up at Quarterly Conference at Grace M. E. Church.

The fourth quarterly conference of the official board of Grace M. E. church was held last evening. The chief feature of the session was the annual report of the pastor, Rev. G. W. Gardner, which was particularly gratifying.

On behalf of the Epworth League, Andrew Wilson, its president, outlined the work which had been accomplished by that active organization. John Valiant, superintendent of the Sunday-school, told at some length of the present excellent condition of the work of which he has charge.

A resolution was offered by Rev. Henry K. Caroll thanking Presiding Elder Smith, who occupied the chair, for his service in this district of the church. This was passed unanimously and after it is properly engrossed by Charles Hardin it will be presented to the presiding elder, whose term in office will soon epire.

TWELVE YEARS OLD.

Wilson Memorial Chapel Will Celebrate Its Aniversary.

The twelfth anniversary of Wilson Memorial chapel's congregation will be celebrated at Watchung Sunday afternoon. Special services will be held in the church, Rev. Dr. Cornelius Schenck, pastor of Trinity Reformed church, and Rev. C. E. Herring, pastor of the First Presbyterian church, and other ministers, will make addresses. Instrumental and vocal music will be feaures of the occasion.

TOLD OF FLOWERY KINGDOM

MISSIONARY ADDRESS GIVEN TO JUNIOR ENDEAVOR SOCIETY.

Mrs. J. W. Schenck Spoke at Trinity Reformed Church Yesterday Afternoon.

An instructive talk concerning the Christian missionary work in Japan was given before the Junior Endeavor Society of Trinity Reformed church yesterday afternoon by Mrs. J. W. Schenck, who has spent sometime laboring among the heathen in the Flowery Kingdom. This indefagitable missionary is a sister-in-law of Rev. Dr. Cornelius Schenck, pastor of the church, and she is well-known in the community.

Fifty little Endeavorers were present and they listened most attentively while the missionary told, in a plain way, of the customs and peculiarities of the people among whom she has worked. Mrs. Schenck makes a special effort to convert the women and children and it was about these that she spoke for nearly an hour. During her talk she exhibited tiny idols, such as are worshipped by the Japanese, and also showed pictures of monster idols and temples of that country. At some length she dwelt upon the methods pursued by the missionaries in their work and told of the almost insurmountable difficulties with which they met.

Occasionally she catechised the children in order to bring out what facts they knew about the people and institutions of Japan and the knowledge displayed by the little ones was quite remarkable. Mrs. Schenck referred to the methods of living in that country and to the habits of its people.

WHAT IT COSTS TO FORGET

PROPERTY OWNERS WILL HAVE TO PAY CITY FOR CLEANING SIDEWALKS.

City Gangs Busy at the Work All Day—Costs Property Owners Cent a Running Foot.

The police department is taking the names of the property owners who forget the ordinance requiring sidewalks to be cleaned of snow and these are being turned over to the street department.

Under the law the neglectful persons can be summoned to the police court and fined but Street Commissioner Gavett has adopted a less severe method and has the work done at the owner's expense. This amounts to about one cent per running foot. It is included in the tax bill.

Despite the fact that a large number were caught napping after the last snow storm, the number was in no way decreased this time. Two gangs of men have been busy since Monday and there is still a large number of names on the delinquent list to be attended to.

FORMED A CLUB.

Guests of Mrs. R. M. Clark Organized to Play Progressive Euchre.

Mrs. Robert M. Clark, of Richmond street, entertained a number of friends at her home Tuesday afternoon. Progressive euchre was the source of entertainment. Mrs. Clark won first prize, Mrs. Harry Coddington the second, while Miss Addie Weaver won the booby prize.

During the afternoon a regular club was formed by those present, which includes the following: Mrs. William N. Tier, Mrs. George H. Fairchild, Mrs. Arthur A. Cannon, Mrs. J. M. Smalley, Mrs. Harry Coddington, Mrs. William Morrison, Miss Addie Weaver, Miss May McLaughlin and Mrs. Dundon. The club will probably meet every two weeks.

Thrown Into Snow Bank.

A too sudden turn caused a sleigh, owned by Fred H. Firstbrook, the Liberty street grocer, and driven by George Muir, to overturn on West Third street, near Plainfield avenue, yesterday afternoon. The driver was pitched into a snow bank and escaped unharmed. Thomas Flynn witnessed the accident and, grasping the frightened horse, prevented a runaway.

At Greenbrook's Meeting.

Spedon, artist and entertainer, will interest the members of Greenbrook Council, No. 1725, R. A., and visiting Arcanumites in G. A. R. Hall tonight. No one should fail to hear him.

On Duty Three Days.

After remaining in harness since Monday morning the horses attached to the hose wagon of Warren Engine Company were unhitched yesterday afternoon.

THOSE TO TAKE PART.

List of Artists for Washington's Birthday Vaudeville at Casino.

The following is a list of people engaged in the great bills of vaudeville to be presented at the Casino, Saturday afternoon and night: The Ford sisters, terpsichorean marvels and vocalists; Bobby Fields, acrobatic singer and dancer; Edwin Ford, original comedian; Gavin and Plat, vocal duettists; Mr. and Mrs. Sid Dudey, English serio-comic sketch artists; the Ford brothers, comedians and champion all round wooden shoe dancers of the world; Sam Edwards, comedian and monologist; and others. Two good sketches, including the services of the Ford brothers and sisters, entitled "The Wrong Man" and "His Busy Day," both said to be very funny and entertaining, will be features in the programme offered. Reserved seats for the two performances are on sale at Armstrong's and Rowley's Pharmacies.

YOUNG FOLKS ON STRAW RIDE

MRS. L. H. BIGLOW CHAPERONED PARTY ON A SLEIGHRIDE.

Took a Spin About the City Yesterday Afternoon, Stopping at Randolph's for Refreshments.

A jolly crowd of young folks, chaperoned by Mrs. L. H. Biglow, of Central avenue, joined in a sleighride about the city yesterday afternoon. The affair was given by Erle Biglow and he invited a number of his boy and girl friends. One of William Hand & Son's big sleighs and a fine team of horses were engaged and everyone entered heartily into the spirit of the occasion.

After riding about the city for a time a stop was made at L. W. Randolph's pharmacy on West Front street, where everybody was served with hot chocolate. Several homemade cakes were sent in advance and these added not a little to satisfying the appetites of the hungry folks. The ride lasted three hours, at the end of which the young folks were returned to their homes.

Those in the party included Mrs. L. H. Biglow, Erle Biglow, Kenneth Biglow, Mrytle Dorman, Hazel Dorman, Louise Andrews, Carolyn Slauson, Sayre Slauson, Victor Tillotson, Arthur Tillotson, Kenneth Phillips, Kathleen and Peter Phillips, Kenneth Brown, Jack Martin, Priscilla Van-Wyck, Helen Joy, Elizabeth McGee, John Valiant, Roy Milne, Leslie Brokaw, Odgen Rogers, Henry Richards, George Yerkes, William Flanders, William Douglass, Arthur Dyer, Newell Kirkner, Kenneth Runyon, Bertram and Margaret Leggett.

BOUGHT ROOME PROPERTY.

William Griscom is Improving the Residence for Occupancy.

William Griscom, of 34 Sycamore avenue, has purchased of the heirs, the Miss Eleanor Roome property on the corner of Sycamore and Mercer avenues, Washington Park, and has added a large brick addition to the dwelling. The most approved plumbing is now being done and a new system of heating installed, making the residence one of the most complete and attractive in the borough. Mr. Griscom and family will take up their residence in the new house as soon as the place is ready for them, which will be within a short time.

DRAGGED DRIVER.

But Fred Nelson Hung On—Horse Was Caught After Short Run.

The sudden overturning of a cutter at Front and Somerset streets, yesterday, in which Fred Nelson, of Watchung, was seated, caused a thrill to pass over a hundred persons who saw it. The horse, a spirited animal, bolted with Nelson dragging in the rear as he still retained his hold on the reins. He was pulled through the slush and snow as far as U. B. Crane's store, where the runaway was caught. Nelson's hands were cut and his clothing torn, otherwise he was uninjured.

F. L. C. Martin Engineered It.

Among the many enjoyable sleighing parties that were out last evening was one in charge of F. L. C. Martin. There were nearly thirty-five young people in the party and everyone had a good time. Conover's big sleigh and a team of horses were used to take the young folks about the city and vicinity.

Caught in the Drifts.

While driving home from Rahway Tuesday evening, George Pope, of Manning avenue, experienced much difficulty in getting by the heavy drifts at Picton. The sleigh was blocked at one point and it took over an hour to get it out.

HUGE DRIFTS BLOCK THE COUNTRY ROADS

Rural Population of Somerset County Just Opening Up a Way to Town.

EXCITING EXPERIENCES.

HAVE TO TAKE DOWN FENCES AND TAKE TO THE FIELDS.

Some Drifts are Over Ten Feet High—Sleighing is Good in Town, But Too Much Snow on the Country Roads.

While the last two days have seen excellent sleighing in town, massive drifts have occupied all the country roads making travel difficult and, in some cases, well nigh impossible. In the mountainous portions of Somerset county, there has been a genuine snow blockade which was not broken until yesterday when the farmers of that section began to appear in town after some exciting encounters with huge drifts. From the rural districts, the big storm is reported as being the most severe that has visited there since the famous blizzard of '88.

The road through Washington valley from Watchung to Warrenville and thence over to Martinville and Mt. Bethel was not opened until yesterday and then only slight vehicles managed to get through by going out into the fields.

One of the very few who managed to get through before was William Ruttman, who carries the mail to Warrenville and Gallia and also acts rural mail carrier. He pressed on through the storm with a team and light sleigh but he had to obtain assistance from the farmers along the line before he could make the trip. With their aid barb wire fences were cut and sections of rail fences removed so that he could avoid the deeper drifts which were over ten feet high in some places.

A perilous ride over the snow laden fields from Liberty Corners to North Plainfield was undertaken by Edward H. Sebring, of Craig place, Tuesday, and after an all day trip he arrived safely at his destination.

Late Sunday afternoon Mr. Sebring drove on in a carriage to be on hand Monday morning to complete the sale of a monument to a resident of that neighborhood. The heavy snow storm penned him in all day Monday, and Tuesday he got up bright and early to make a start for home. It was necessary to abandon the carriage and make the trip on horse. The roads were so covered with the drifts that they were absolutely impassable.

Mr. Sebring traveled over the fields, cutting the barbed wire fences and removing other obstructions as he progressed. At times the snow was almost up to the horse's neck and delays were numerous. The start was made at 9 o'clock in the morning but it was after 4 o'clock in the afternoon when he arrived in the borough fagged out by the tiresome trip.

Although some of the farmers joined together yesterday and dug their way through many drifts, the high winds carried the snow back into the roads and the travel was made vrey difficult. It is expected that the road will be broken sufficiently today to allow the Somerset county farmers to reach Plainfield when they desire.

To the east, south and west of Plainfield, there are many drifts and while the principal roads are not impassible, the sleighing is yet very poor on account of the deep drifts and bare spots where the wind has got in its work. Local liverymen say that another day or two will greatly improve them and then Plainfielders may enjoy some fine sleighing. The sleighing in town is fine and many cutters and two-seated sleighs are out but they make little attempt to leave the city and borough limits.

According to the weather bureau men, another snow storm is almost here. It is expected to start this evening. It will be accompanied by high north-east winds and slightly lower temperature.

Evening of Pleasure.

The Cameron Pleasure Club entertained thirty of its friends at the organization's rooms on West Third street, last evening. Vocal and instrumental music were the features of the occasion, though buck and wing dancing was a popular pastime. During the evening a collation was served. The committee in charge consisted of Ira C. Bowers, Tony Lusardi, Jr. and Bertram Collins Firstbrook.

WEDDED AT HOME.

Marriage of Miss Bowles and Arthur Brinkley Took Place Last Night.

In the presence of one hundred relatives and friends from this city, Newark, Paterson, Jersey City and Hoboken, Miss Alice Lee Bowles and Arthur Lee Brinkley, both of this city, were united in marriage, last evening. The ceremony was performed at the home of the bride's sister, Mrs. Joseph Brinkley, of East Third street. Rev. Scott Wallace officiated.

Miss Bowles was attended by Miss Lucy Farrell, of this city, while William Burton acted as best man. The bride's gown was of white satin and she carried a large bouquet of bridal roses.

Immediately after the ceremony the guests were invited to take part in a reception and at its conclusion, Mr. and Mrs. Brinkley were taken by coach to their new home on West Third street.

PRINCETON MEN ARRESTED

FRESHMEN WERE TO FREE WITH THE ORANGE PAINT IN TRENTON.

Frank O. Reinhart, of This City, Was Among Those Captured for Doing "Stunts."

The freshmen at Princeton University have been up to their usual "stunts" this year, only, on this occasion, they were unfortunate enough to get caught.

Twelve of them were arrested at Trenton, yesterday, charged with malicious mischief in painting the battle monument and a number of houses in that city with the figures "'05" in yellow paint. The students painted a lot of farm buildings between Lawrenceville and Trenton with those figures, and also about twenty houses in Princeton avenue, Trenton.

Among the twelve students arrested was Frank O. Reinhart, of Belvidere avenue. He as well as the other eleven students, waived examination and each was held in $100 for the Grand Jury.

Passing along Watchung avenue in the vicinity of the railroad bridge, there is evidence that some of the freshmen from Princeton have been about. On the old Rheume property the orange paint has been used lavishly.

MARVELOUS NARRATIVE.

Thus is Characterized a Talk by Commander Wadhams, of U. S. N.

Commander Wadhams, of the United States Navy, will address the men's meeting at Y. M. C. A. Hall Sunday afternoon at 4 o'clock. The address that he will give "Foreign Missionaries as Seen by a Naval Officer" has been delivered in many of the leading churches throughout the country, and invariably to large audiences. After this address was delivered before the Southern General Assembly of the Presbyterian church, the New Orleans Picayune said:

"Commander Wadham's talk was perhaps one of the most remarkable ever heard from a pulpit. Commander Wadhams is a born lecturer. No man ever possessed in more bountiful measure the gift of being able to portray to the mind, pictures by word of mouth. His talk about matters of his personal observation in connection with the missionary workers of the Orient. He brought his hearers to Corea, to the court of the Mikado, to China on a thrilling night when one of the American battleships had gone to rescue a number of American missionaries from a plotted massacre, to the bombardment of Alexandria by the English. A description as terrible in the fancy as must of been the actuality to the physical eye, and throughout the discourse he held all his hearers spellbound. It was a marvelous narrative."

Clever Stories.

The Boston Journal in speaking of one of Commander Wadham's lectures said: "Capt. A. V. Wadhams, U. S. N., spoke with characteristic wit, and his stories were followed by roars of laughter." The lecture, "Yarns About Jack and Others," will be given in the Y. M. C. A. Star Course Saturday evening. Fred F. and Wm. P. VanEps will also render banjo and mandolin solos.

Rafters Blown Down.

High winds early Monday morning did much damage to one of the large houses being erected by James Manning for A. D. Thompson on Belvidere avenue. All the roof rafters were blown down.

FAST HORSES ON THE SNOW

THEY ARE BEGINNING TO GATHER ON EAST FRONT STREET.

A Number Were Out to Enjoy the Sport Yesterday Afternoon—More Today.

Plainfield's only speedway, East Front street, presented a lively scene yesterday afternoon, when for the first this season some of the lovers of good trotting made their appearance and enjoyed a "brush." Up to yesterday afternoon the street was not in good condition for trotting on account of the drifts of snow. This difficulty was overcome, however, by having a man take a horse and several boards, fastened together, go up and down the street. This levelled off the high places and gave plenty of room for trotting.

Not long afterward Mayor Newton B. Smalley, Senator Charles A. Reed, Lewis M. French and a number of others with their fast horses put in appearance. It was not long before the roadway was in fine condition. For nearly an hour a crowd of people watched the trotting. Nearly every time, as the trotters came down the pike, Mayor Smalley lead the field. At times the horses showed that they were evenly matched and for several blocks they would be neck and neck. A little later, Recorder Doud put in an appearance with "Ned Davis," after that the other horsse had to look well for their honors. "Ned" was up to his old-time form and he gave the other horses a lively time of it.

As the sleighing will now improve each day while it remains cold, it is likely that there will be plenty of trotting on the speedway every afternoon.

GAVE A MISSIONARY TEA

AT RESIDENCE OF MRS. REUBEN KNOX, OF WASHINGTON AVENUE.

Arranged by Women's Foreign Missionary Society of First Baptist Church, Yesterday.

The Woman's Foreign Missionary Society, of the First Baptist church, was delightfully entertained yesterday afternoon at the home of the president, Mrs. Reuben Knox, of Washington avenue. An interesting programme had been prepared by Mrs. Knox.

A short paper, "Why I Believe in Foreign Missions" was read by Miss Florence Marsh. Brief histories of the pioneer missionaries, Dr. Judson, Ann H. Judson, Sarah B. Judson and Emily C. Judson, were read by Miss Cairns, Mrs. Robbins and Mrs. Shreve, with shorter sketches by Miss Whitney and Mrs. S. T. Wilson. An interesting paper on "Japan" was read by Miss Rafferty with side lights on some customs of the country by Mrs. Charles E. Smith and Miss Shreve.

The readings were interpersed with charming solos by Mrs. George A. Chapman and Mrs. Giddis, of Dunellen, accompanied by Miss Edith Cairns. Mrs. Pettit, of Elizabeth, made some forceful remars, after which refreshments were served.

Miss Minnie Carpenter, of Dunellen, who has been a missionary in Japan for a number of years, was among the guests and exhibited some interesting curios brought from the foreign country.

The rooms were artistically decorated with flags and, in the dining room, Japanese decorations were used. At the tea table, Miss Ida Yerkes and Miss Annie Boice presided, relieved by Mrs. I. DeWitt Brokaw. Their assistants were Mrs. Frank Jones, the Misses Shreve, Mae Batchelor and Pauline Denton.

PETITION GRANTED.

Proposed Rural Free Delivery From Millstone to be Established.

(Special to The Daily Press.)

Washington, Feb. 20—At the request of Representative Howell, a special agent of the Postoffice Department was recently sent to investigate the proposod rural free delivery route from Millstone, Somerset county. The report, which has just been received, recommends the establishment of the ronte as contemplated, and the discontinuance of the postoffice at Hillsboro. Mr. Howell has indorsed the recommendation, and the department officials have approved it, so the route will be established at once.

BITTER FIGHT MADE FOR LIQUOR LICENSE

A. B. Rosell and J. H. McVey Are Trying to Secure License For North Ave. Place.

CONCERNS POLITICIANS.

FIGHT MAY RESULT IN REFUSAL TO GRANT EITHER LICENSE.

McVey Has Rumored Support From Fourth Ward Politicians—First Ward Councilmen Said to be Against Him.

It is a battle to the death which is now being waged on North avenue between two rival applicants for saloon licenses. A. B. Rosell and J. H. McVey have applications before the Common Council. Their establishments are located side by side. The Hotel McVey is at 121-3 North avenue and the Cafe Rosell at 125-7, the same thoroughfare. Local politicans are interested in the fight which promises to be the most exciting contest made over a license since the Mortimer license came up.

There are sixteen applications for licenses this year, as against fifteen granted last year. It is generally understood that a majority of the Councilmen are in favor of keeping that number the same. That means that somebody is going to get left. Strenuous efforts are now being made by the friends of Messrs. Rosell and McVey to see that the other meets with that undesirable end. The fight may result in the refusal of both applications.

When Mr. McVey previously kept a hotel on North avenue, he had a license for his bar. Then he went into bankruptcy and the Hotel Imperial was started by Hibbard & Jones. Subsequently Fred Jones assumed the business, to finally make an assignment to George O. Stevens. The license was transferred from one to the other. Meanwhile Mr. McVey had returned and taken part of the old hotel, conducting the restaurant and the annex. Then Mr. Rosell bought out the cafe and continued business, the license being again transferred.

When the time came to make application to the Common Council for licenses, a few weeks ago, both Rosell and McVey presented their petitions. It was well known that there was little or no likelihood of the Common Council granting both applications and it settled down to a struggle to the finish. While so far, the contest has not taken any public form, there has been some active canvassing done

Two well-known politicians and property owners, both prominent in the Republican affairs of the First ward, have been free to say that they think the license should not go to McVey, who was unable to successfully carry on the business once before. Other neighbors of Mr. Rosell have sided with him saying that since he has been in charge the law has been strictly observed and there has been little trouble until lately. Mr. Rosell claims that the recent troubles in his place were started with an intent to injure its reputation and hurt him in the fight for the license.

McVey has strong backing among certain of the politicians of the Fourth ward and it is generally rumored that the councilmen from that ward will support him when the fight comes before the Common Council. He will probably be opposed by the First ward councilmen who may favor continuing the license in Mr. Rosell's hands.

While the First ward councilmen have not declared what course they intend to pursue, it is pretty well understood that they will refuse to listen to their Fourth ward friends and will oppose McVey's license. The bitterness, which the fight has engendered, may result in a refusal to grant either place a license.

FORMALLY DECLINES.

Robert Clark, Jr., Will Not Take Renomination for Councilman.

It will devolve upon the borough Republicans to select two new candidates for Council. Councilman Robert Clark, Jr., has communiciated with Mayor Smalley, by letter, absolutely declining to permit his name to go before the party primary as a candidate for re-election. Mr. Clark states that the pressure of business is too great for him to undertake the cares of office again and he is firmly opposed to renomination.

WHAT PEOPLE ARE DOING

SOME BRIEF PARAGRAPHS OF A PERSONAL NATURE.

Many Folk of Greater Plainfield Are Entertaining or Being Entertained.

Lewis Mattox, of West Third street, is seriously ill with heart trouble.

Miss Evalina D. Benton, of Central avenue, has recovered from a recent illness.

Miss Fanny Hayes, of Dunellen, has been visiting Plainfield friends for a short time.

Mrs. M. L. Greer, of Grove street, has been spending a few days with Elizabeth friends.

Frank McIntyre, of Seton Hall College, has returned after a visit with his parents in North avenue.

W. H. B. Drake, of Orchard place, who has been ill for several months, is able to be about the house.

Miss Eva Lance and Miss Miriam Wilcox, of Woodhull & Martin's store, are enjoying a week's vacation.

Manager Charles H. Schermerhorn, of the Western Union Telegraph office, has recovered from his recent illness.

Allan Wilson, of Easton, Pa., has returned after a visit with his father, Col. J. F. Wilson, of "Tunlaw."

Mrs. E. D. Moffett is improving from a recent severe illness which came on while she was visiting Westfield friends.

Mrs. Elmer E. Winckler, of Westervelt avenue, is much improved from a serious illness. She is now able to sit up each day.

Mr. and Mrs. Walter Kettenring, of Race street, are the proud parents of a baby daughter who arrived at their home a few days ago.

W. H. B. Drake, of Orchard place, who has been detained at his home by a serious illness for several weeks, improves slowly. He is able to be about the house at times.

Mrs. Lindsey Woolley and daughter, Helen, and Miss Ella Fenner, who have been spending a week with relatives at Manasquan, returned to their home in Plainfield avenue, yesterday.

LITERARY.

There is a pretty story in connection with the series of articles which Helen Keller, the wonderful blind girl, has written for the Ladies' Home Journal, telling about her own life from infancy to the present day. She always has shrunk from the publicity which follows successful literary work, and it was with great difficulty that she was persuaded to take up the task of preparing her autobiography. She had, however, set her heart on owning an island in Halifax for a summer home, and in a spirit of fun the editor of the Journal offered to buy it for her, or to provide the means to buy it. When the work of writing appeared especially irksome Miss Keller was reminded of her desire to become a land-holder, and it spurred her on. Just before Christmas she completed the first chapter of her marvelous story; and on Christmas morning she received from her publishers a check for a good round sum. Her delight may be imagined, for this was the first money of any account which she had ever earned. "It is a fairy tale come true," she said. Whether she will really carry out her plan to buy the island remains to be seen.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. L. W. Randolph.

NON-RESIDENT GUNNERS MAY NEED LICENSE

Important Change to Fish and Game Laws Now Before the Legislature.

ACT OF RETALIATION.

NUMBER OF OTHER CHANGES TO LAWS HAVE BEEN PROPOSED.

Chief Change Makes a Charge of $10 for License to Hunt in New Jersey—Bill Considered at Conference of Committees.

Every sportman in Plainfield and vicinity is much interested in the various changes which are proposed to the State fish and game laws. There are a number of bills relating to these subjects now before the Legislature and the members of the State Fish and Game Commissioners have already held several conferences with the proper committees from the two houses relative to the proposed legislation.

The most important of the bills in which sportsmen of New Jersey are interested is the one introduced by the Republican leader, Mr. Horner, which, if enacted, will require a license to be taken out by non-resident sportsmen. The bill, as drawn, starts off with a rather interesting "Whereas," which states "sister States have, by legislation, required all non-residents (including residents of the State of New Jersey) to take out licenses before hunting or gunning in such States, respectively, and impose license fee therefore and provided for the punishment for such as should violate the provisions of such act."

Then the bill recites the retaliation of New Jersey, which enacts that $10 shall be the license fee for New Jersey. The bill is particularly a thrust at Pennsylvania, which has a license law that keeps out Jerseymen, and as matters now stand Jersey sportsmen are crowded in their own domain by the evasion of Pennsylvania sportsmen who do as they please on Jersey soil. The State Fish and Game Commission held out for some time on the proposition to put a Chinese wall around the State, because they did not want to discriminate against New York, but they now lean favorably to the proposition. It is understood that they will make some changes in the bill that is now pending so as to make it possible for the owner of game preserves and farmers to extend courtesies to friends gunning on their immediate premises. The features of the Horner bill, behind which are many of the gunning and sporting clubs of the State, are as follows:

From and after the passage of this act every non-resident of this State shall be required to take out a license before he shall begin hunting or gunning in this State, which license the several clerks of this State are authorized to issue upon the payment of $10, and an issuance fee of fifty cents to the county clerk; such license shall be a certificate of permission to hunt and gun within the State of New Jersey and shall include the name, age and place of residence and business of the applicant, with his description, as nearly as may be, upon such form as shall be furnished in blank to the several county clerks by the Board of Fish and Game Commissioners. Such certificate shall authorize the owner thereof to hunt and kill in any part of this State during the open seasons of the year, under the restrictions and for the purposes allowed by law.

The certificate shall not be transferable and shall be exposed for examination upon demand by any game protector or game warden of this State; said license fee shall immediately be forwarded by the county clerk receiving the same to the treasurer of the Board of Fish and Game Commissions, to be applied by them to such expense as shall be incurred by them for the purpose of protection and propagation of game.

Another game bill of importance is that which reopens annually the deer season in south Jersey. There was a controversy as to the deer shooting season because of confusion about the law. A bill pending opens the saeson annually between November 1 and 10. Assemblyman Gill, of Camden, is responsible for this bill, as well as a bill to make rural communities pay $3 a tail for captured foxes. The points foxes are doing their work of devastation are in the localities bordering on the pines, while from the lakes of Sussex come a plea for the protection of beavers. Senator Martin has introduced a bill making it unlawful to trap or kill beavers under the penalty of $100. "Suckers" will get considerable attention, for there are four bills of various characters to protect them.

—Unity Lodge, No. 102, K. of P., met last evening and transacted routine business. There were several members present from Perseverance Lodge, No. 74, K. of P.

COLUMN FOR THE SHOPPERS

SOME OF ATTRACTIONS TO BE FOUND AT LOCAL STORES.

A Few Interesting Items Concerning Greater Plainfield's Merchants

The method pursued by Callahan & Son, the Richmond street grocers, always invites customers back. Fair dealing, pure goods and the lowest market prices are what brings the trade to their store.

The annual demonstration of premium Java coffee and baby brand self-rising buckwheat is now on at Scheuer & Company, on West Front street. Everyone is invited to try a cup of coffee and a plate of cakes at the store.

It pleases Joseph W. Gavett to please his customers. That is why he has marked down a long list of pretty decorative pieces, numbering masks, busts, fancy and odd brackets, placques and pipe racks in many shapes.

Among the latest in men's ties is the made-up four-in-hand. There is a complete assortment at Putnam & DeGraw's store from which to select. This firm also sells all kinds of men's furnishings, as well as dry goods for the women.

Warnock, the West Front street baker and confectioner, doesn't promise the earth for a nickel, but he does promise full value for every one of is delicious caramel charlotte russe. Nothing in the confectionery line is more palatable.

Although Washington Park was snow bound during the fore part of this week, the residents suffered no inconveniences. It was quite handy for them to 'phone their orders for provisions and vegetables to W. W. Dunn, the Park grocer, corner of Duer street and Lincoln place.

When one is sick the purest and best drugs obtainable are necessary to effect a cure. If you trade at L. W. Randolph's pharmacy on West Front street, you are sure to get the best. All prescriptions are accurately compounded. A fresh supply of chocolate chips has just been received.

Quite a change in the weather during the past few days. Just the kind that requires warm and substantial shoes to cover the feet. You can find just the right kind at A. Willet & Son's store around the corner. A complete assortment of shoes and rubbers for men, women and children.

Since his removal to the new quarters in the Marsh building, corner of Park avenue and Second street, J. R. Blair, proprietor of the up-to-date men's furnishing store, has stocked his place with the latest winter and spring fashions. It will pay you to call and examine the goods before going elsewhere.

WHAT OTHERS SAY.

Clippings From Other Newspapers Which May be of Interest to Plainfield and Its Citizens.

The people of New Jersey hardly had time to become acquainetd with Colonel James E. Heg before that former resident of Wisconsin resigned his recently acquired job as superintendent of the Rahway Reformatory. In selecting his successor, it is to be hoped that there will be no brother-in-law entanglements. — Newark News.

If Prof. John B. Smith gets that $10,000 for exterminating mosquitoes, and it is probable that he will, New Jersey will be a bloody ground next summer. One thing is certain, and that is that the professor will have the hearty co-operation of everybody in the State when he goes mosquito killing. — New Brunswick Home News.

The scheme for restoring harmony in the Republican ranks of Union county is a novel one. The county executive committee passed a resolution calling upon William C. Carr to resign from the Elections Board, and he did so, after having been promised an indorsement by the committee for a reappointment. A breach that could be healed by such a course cannot have been a wide one, or else such a method of patching it up is not expected to ho'd long.—Newark News.

For some time past there have been reports to the effect that there would be an effort at this session of the Legislature to repeal the Meeker bill, abolishing spring elections in cities. In place of this, however, Assemblyman Holman, of Ocean county, introduces a bill calculated to extend the provisions of the Meeker act to all municipalities of the State without regard to size or class.

The operation of the Meeker act has met with wide favor and it is thought that a similar act, extending the same legislation to town, townships, boroughs and villages, will prove equally successful. The condensing of political disturbance into one period instead of twice a year is of vast benefit to all concerned, to business men and to taxpayers. It is to be hoped that the Holman bill will become a law.—Perth Amboy Republican.

The McKinley Memorial Monument Fund has thus far languished in Union county, but it has at last been started. But one week remains in which to raise the amout apportioned to be raised in Union county. Do not send subscriptions to Newark, as some few have already done, but send them to the Journal office that they may be acknowledged and Union county may receive the full credit. This is not asked because this paper desires any unusual publicity in this matter, but because the executive committee for Union county has appointed Chas. C. McBride the treasurer, and because it is proper to have all the funds contributed by Union county go through one representative. The citizens of Union county now have an opportunity to contribute to a permanent, national memorial, to be erected in Canton, to the memory of William McKinley. All are invited to contribute little or much, as they feel inclined, and now is the time.—Elizabeth Journal.

Assemblyman Whitford, of Middlesex, is a new member with large ideas about education. He wants to spend $1,300,000 on a State University. He seems to have been dissatisfied with his experience in Trenton, for he provides in his bill that the university shall not be located within twenty miles of Trenton. He seems to have got a definite idea of the area affected by the Capital City. There is one clause in his bill, and only one, that is really good. This clause provides that "any graduate holding a diploma of graduation from a classical, scientific or Normal course of the university, shall, by virtue of the possession of such diploma, have a life right, unless revoked for cause, to legally teach in any school in the State of New Jersey receiving public moneys." He uses a good many words to say that diplomas shall not be discounted at the whim of a local Board or Superintendent. Such a law is needed. It would wipe out some superfluous rules of the Board of Education.—Jersey City Journal.

Supt. James E. Heg, of the Rahway reformatory, has resigned, and a new superintendent will have to be appointed. Just why Supt. Heg resigned is not yet formally stated, but the current report is that Congressman Fowler has bought out the interests of Geo. A. Squire in the heating apparatus which the latter owned, and that Mr. Heg, who is the congressman's brother-in-law, is to take charge of this new business. Be all this as it may, the State Reformatory must now have a new head. Supt. Heg was selected from another State and brought here for the reason that he was an expert in reformatory methods, and he took hold of the business in a manner which gave promise of success. Hardly does he get the new institution in running order, however, ere he resigns. The question is, who will be appointed to fill this new opening? Will he be a resident of this State, or has New Jersey no one capable of filling the position acceptably? The question of where the man comes from is not so important as that of his fitness. This is a reformatory. Its object and purpose and end are to reform juvenile offenders, and to give them a new start in life. A man capable of doing such work is not to be picked up just anywhere. He must have special natural qualifications for the work. A good jail keeper is not enough. A good disciplinarian is not sufficient. Both these qualifications are necessary, but in addition there must be that quality and skill which will exert reformatory influences on the juveniles. We believe that such a man can be found in New Jersey, and that such a man will be found.—Elizabeth Journal.

THEATRICAL.

Each week brings added proof of the popularity of Proctor's, Newark, in the increased throng in attendance upon the bills of high-class vaudeville. The engagement of Peter F. Dailey as the feature of next week's bill is an evidence of this enterprise. In "A Dress Rehearsal," the skit which he will present, Dailey is seen to excellent advantage. The four Luken Brothers, sensational bar performers, offer a decided novelty in their line. Caron and Herbert have a decidedly clever acrobatic act, in which excrutiatingly funny clowning is a leading factor. "The Little Mother" will be presented by the Smedley Sketch Club, and Bonnie Thornton will have a new repertoire of topical songs. The Fifty-eighth Street will have one of the few novelties of the week in the first New York presentation of "Mistakes Will Happen," a play in which Charles Dickson successfully starred last season. The curtain-raiser will be "His Little Error," and there will be the customary amount of vaudeville to fill the interim between acts. The Proctor Stock Company will present "The Royal Box" at the One Hundred and Twenty-fifth Street, Clay M. Greene's travesty, "The Gentle Mr. Bellew, of France," preceding it as a curtain-raiser. The Twenty-third Street's bill of continuous vaudeville will show another excellent list of bookings and will maintain the season's record at that house for the best vaudeville obtainable. Flo Irwin will be the topping feature presenting, with the assistance of Walter Hawley, a new comedy sketch, "3:33 in the Morn." One of Roland Reed's best starring pieces, "His Father's Boy," will be presented by the Proctor Stock Company at the Fifth Avenue, preceded by "A Woman's Won't," a curtain-raiser which was always popular with patrons of Augustin Daly's Stock Company. The Ten-Ichi Troupe are retained for the second week as the topping feature of the vaudeville.

Thomas Lyness, of West Second street, who has been detained at home by illness for some time past, is slowly recovering.

HETFIELD NOT IN IT.

Does Not Figure at All in Details of Suit Against Upson.

In regard to the suit in tort which Charles Bock has brought against Arthur J. Upson in Justice Bland's court, it is but fair to Walter S. Hetfield to explain that he had nothing at all to do with the case. Bock's allegation, to the effect that Upson put a $100 bill belonging to Bock in his pocket and walked off with it, is said to have occurred several nights before the one when Upson and Huff figured in their trouble. Mr. Hetfield was not present at that occasion and had no knowledge of the $100 bill or what became of it.

Mr. Hetfield states that not at that time or any other did he put up any check for a guarantee or wager. The check, which is said to have figured in the trouble on the night of the assault, was one given by Upson to Bock some days previous.

Enlarging Establishment.

Marcus Silbert, of Somerset street, is enlarging and improving his store property. The part of the building formerly occupied by George Richter, the barber, has been added, and new windows have been placed in the store. Mr. Richter has removed to the Heidloff building on the same thoroughfare.

Consecration Service.

A consecration service will be held under the auspices of the C. E. Society of the First Baptist church, Friday evening. Christian Duty, Titus ii, 11-15 will be the topic.

PRESIDENT'S REPLY.

Decision on Admiral Schley's Appeal.

THE COURT'S VERDICT IS SUSTAINED

Also the Action of President McKinley, From Which the Appeal Was In Effect Taken—The Matter Should Be Dropped.

WASHINGTON, Feb. 20.—President Roosevelt's memorandum on the appeal of Admiral Schley has just been made public. President Roosevelt says:

"I have received the appeal of Admiral Schley and the answer thereto from the navy department. I have examined both with the utmost care, as well as the preceding appeal to the secretary of the navy. I have read through all the testimony taken before the court and the statements of the counsel for Admirals Sampson and Schley; have examined all the official reports of every kind in reference to the Santiago naval campaign, copies of the logbooks and signal books and the testimony before the court of claims and have also personally had before me the four surviving captains of the five ships, aside from those of the two admirals which were actively engaged at Santiago.

"It appears that the court of inquiry was unanimous in its findings of fact and unanimous in its expressions of opinion on most of its findings of fact. No appeal is made to me from the verdict of the court on these points where it was unanimous. I have, however, gone carefully over the evidence on these points also. I am satisfied that on the whole the court did substantial justice. It should have specifically condemned the failure to enforce an efficient night blockade at Santiago while Admiral Schley was in command. On the other hand, I feel that there is a reasonable doubt whether he did not move his squadron with sufficient expedition from port to port.

"The court is a unit in condemning Admiral Schley's action on the point where it seems to me he most gravely erred—his 'retrograde movement' when he abandoned the blockade and his disobedience of orders and misstatement of facts in relation thereto. It should be remembered, however, that the majority of these actions which the court censures occurred five weeks or more before the fight itself, and it certainly seems that if Admiral Schey's actions were censurable he should not have been left as second in command under Admiral Sampson. His offenses were in effect condoned when he was not called to account for them. Admiral Sampson, after the fight, in an official letter to the department alluded for the first time to Admiral Schley's 'reprehensible conduct' six weeks previously. If Admiral Schley was guilty of reprehensible conduct of a kind which called for such notice from Admiral Sampson, then Admiral Sampson ought not to have left him as senior officer of the blockading squadron on the 3d of July when he (Sampson) steamed away on his proper errand of communication with General Shafter.

"We can therefore for our present purposes dismiss consideration of so much of the appeal as relates to anything except the battle. As regards this the point raised in the appeal is between Admiral Sampson and Admiral Schley as to which was in command and as to which was entitled to the credit if either of them was really entitled to any unusual and pre-eminent credit by any special exhibition of genius, skill and courage. The court could have considered both of these questions, but as a matter of fact it unanimously excluded evidence offered upon them and through its president announced its refusal to hear Admiral Sampson's side at all, and in view of such exclusion the majority of the court acted with entire propriety in not expressing any opinion on these points. The matter has, however, been raised by the president of the court. Moreover, it is the point upon which Admiral Schley in his appeal lays most stress and which he especially asks me to consider. I have therefore carefully investigated this matter also and have informed myself upon it from the best sources of information at my command.

"The appeal of Admiral Schley to me is not, as to this, the chief point he raises, really an appeal from the decision of the court of inquiry. Five-sixths of the appeal is devoted to this question of command and credit—that is, to matter which the court of inquiry did not consider. It is in effect an appeal from the action of President McKinley three years ago when he sent in the recommendations for promotion for the various officers connected with the Santiago squadron, basing these recommendations upon his estimate of the credit to which the officers were respectively entitled. What I have to decide, therefore, is whether or not President McKinley did injustice in the matter. This necessarily involves a comparison of the actions of the different commanders engaged. The exhaustive official reports of the action leave little to be brought out anew; but as the question of Admiral Sampson's right to be considered in chief command, which was determined in his favor by President McKinley and later by the court of claims, has never hitherto been officially raised I deemed it best to secure statements of the commanders of the five ships (other than the Brooklyn and New York, the flagships of the two admirals) which were actively engaged in the fight."

The president here gives an outline of the battle as gathered from official reports and continues as follows:

"In short, the question as to which of the two men, Admiral Sampson or Admiral Schley, was at the time in command is of merely nominal character. Technically Sampson commanded the fleet and Schley, as usual, the western division. The actual fact, the important fact, is that after the battle was joined not a helm was shifted, not a gun was fired, not a pound of steam was put on in the engine room aboard any ship actively engaged, in obedience to the order of either Sampson or Schley save on their own two vessels. It was a captains' fight.

"Therefore the credit to which each of the two is entitled rests on matters apart from the claim of nominal command over the squadron, for so far as the actual fight was concerned neither one nor the other in fact exercised any command. Sampson was hardly more than technically in the fight. His real claim for credit rests upon his work as commander in chief, upon the excellence of the blockade, upon the preparedness of the squadron, upon the arrangement of the ships head on in a semicircle around the harbor and the standing orders in accordance with which they instantly moved to the attack of the Spaniards when the latter appeared. For all these things the credit is his.

"Admiral Schley is rightly entitled, as is Captain Cook, to the credit of what the Brooklyn did in the fight. On the whole she did well, but I agree with the unanimous finding of the three admirals who composed the court of inquiry as to the 'loop.' It seriously marred the Brooklyn's otherwise excellent record, being, in fact, the one grave mistake made by any American ship that day. Had the Brooklyn turned to the westward—that is, in the same direction that the Spanish ships were going—instead of in the contrary direction she would undoubtedly have been in more 'dangerous proximity' to them. But it would have been more dangerous for them as well as for her! This kind of danger must not be too nicely weighed by those whose trade it is to dare greatly for the honor of the flag. Moreover, the danger was certainly not as great as that which, in the selfsame moment, menaced Wainwright's fragile craft as he drove forward against the foe. It was not, in my judgment, as great as the danger to which the Texas was exposed by the turn as actually made. It certainly caused both the Brooklyn and the Texas materially to lose position compared to the fleeing Spanish vessels.

"But after the loop had once been taken Admiral Schley handled the Brooklyn manfully and well. She and the Oregon were thenceforth the headmost of the American vessels, though the Iowa certainly, and seemingly the Texas also, did as much in hammering to a standstill the Viscaya, Oquendo and Teresa, while the Indiana did all her eastward position and crippled machinery permitted. In the chase of the Colon the Brooklyn and Oregon share the credit between them.

"Under such circumstances it seems to me that the recommendations of President McKinley were eminently proper and that so far as Admirals Sampson and Schley were concerned it would have been unjust for him to have made other recommendations. Personally I feel that in view of Captain Clark's long voyage in the Oregon and the condition in which he brought her to the scene of service, as well as the way in which he actually managed her before and during the fight, it would have been well to have given him the same advancement that was given Wainwright. But, waiving this, it is evident that Wainwright was entitled to receive more than any of the other commanders and that it was just to Admiral Sampson that he should receive greater advance in numbers than Admiral Schley. There was nothing done in the battle that warranted any unusual reward for either. In short, as regards Admirals Sampson and Schley, I find that President McKinley did substantial justice and that there would be no warrant for reversing his action.

"Both Admiral Sampson and Admiral Schley are now on the retired list. In concluding their report the members of the court of inquiry, Admirals Dewey, Benham and Ramsay, unite in stating that they recommend that no further action be had in the matter. With this recommendation I most heartily concur. There is no excuse whatever from either side for any further agitation of this unhappy controversy. To keep it alive would merely do damage to the navy and to the country."

President at a Banquet.

WASHINGTON, Feb. 20.—The annual banquet of the Department of the Potomac commandery of the Grand Army of the Republic was given at the New Willard hotel last night. President Roosevelt, Secretary Wilson and General Torrence, the commander in chief of the Grand Army, were among the guests. The president reached the banquet hall shortly before 10 o'clock and was given a hearty reception. Later in the evening he made an address. The principal address of the evening was made by General Ell Torrence.

TAX BILL OPPOSED.

Measure to Levy on Mortgages Discussed at Albany.

A NEW CORPORATION TAX BILL.

Substitute For Krum's Scheme Differs Considerably From the Original—Dividends Made Basis For Taxation.

ALBANY, N. Y., Feb. 20.—Nearly all of the senate and the chairmen of the various assembly committees conferred with Governor Odell yesterday afternoon. As on Tuesday, only one bill was considered. The Stranahan mortgage tax bill was discussed, and strong opposition to its passage developed. The claim was set up by assembly leaders that the bill would work great harm to the rural districts. It was argued that at present mortgages for the most part were taxed as personal property and that if the proposed measure were enacted into law they would only pay the state tax and would be exempted from local taxation. Speaker of the Assembly S. Fred Nixon presided at the conference, which was of a decidedly informal nature, and when the question of pushing the bill to a speedy passage was put it was found that the conference was equally divided, 25 votes being cast for and 25 against the bill. The conference adjourned without reaching any definite conclusion on the bill.

The committee on taxation of the senate has decided to report a substitute bill for the present measure known as the Krum corporation tax bill. The measure differs radically from the present bill now on order of third reading and contains a number of suggestions that were made by Mr. Frank White, formerly with the corporations department in the secretary of state's office, and Lawyer Thomas Thacher, law partner of Thomas B. Reed of New York.

The measure which has been abandoned proposed to tax corporations, both foreign and domestic, a mill on each dollar of the authorized capital stock. During the argument it was conclusively shown that this method would result in a reduction of the tax imposed on prosperous corporations and an additional burden of taxation upon the nondividend paying corporations. The new bill which is to be substituted is based upon dividends. It provides that so much of the capital stock of corporations shall be taxed as the assets employed within the state bear ratio to the assets employed elsewhere and that in ascertaining the amount of capital stock to be thus taxed the stock issued for good will, patents and copyrights shall be excluded from the computation. This exemption is in accordance with recent decisions of the court of appeals.

Strike Riots Continue.

BARCELONA, Spain, Feb. 20.—The situation here does not improve, and none of the strikers has resumed work. The authorities, finding it necessary to adopt drastic measures, have armed all the policemen with Remington rifles. Throughout the day there have been conflicts in almost every quarter of the city, in which many were wounded on both sides and in which the rioters often almost overpowered the police. Two batteries of artillery that are stationed here have been ordered to hold themselves in readiness to occupy the principal streets of the city with their fieldpieces. The street car service has not yet been resumed.

Coal Mine Shut Down.

WILKESBARRE, Pa., Feb. 20.—A notice has been posted at the Nottingham colliery of the Lehigh and Wilkesbarre Coal company at Plymouth that work will be suspended at the mine until some necessary repairs were made. The 900 employees of the colliery held a meeting and agreed not to return to work until the company reinstated two men who were discharged ten days ago. The executive committee of District No. 1, United Mine Workers, have been trying to settle the trouble, but they claim they are unable to get an interview with General Superintendent Richards.

National Council of Women.

WASHINGTON, Feb. 20.—The fourth triennial of the National Council of Women of the United States has opened here. Many women well known throughout the country for their interest in the improvement of the conditions of the sex attended. Mrs. Fanny H. Gaffney of New York city, president of the council, called the council to order. The reports of Mrs. Anna Garlin Spencer of Providence, R. I., the first recording secretary, and of Mrs. Hannah G. Solomon of Chicago, the treasurer, were presented.

Gift to Rebuild Burned Library.

NEW YORK, Feb. 20.—Mrs. Mary Ryle of Paterson, N. J., has just given $100,000 to be used without condition by the city for the purposes of a public library. The library building, with its contents, was burned in the great fire, and Mrs. Ryle's gift, together with the library's insurance money, will enable the trustees to build and equip a larger library than the one destroyed.

THE LEGISLATURE'S WORK.

According to the customs of the usual State Legislatures, it is now about time that the members of that august body settled down to work. An encouraging sign is that the first chapter of the New Jersey laws of 1902 has been entered upon the statute books. It provides for the expenses of the inauguration of Governor Murphy. These amounted to $10,977.74.

There is a host of bills before the two houses, many of which will undoubtedly disappear in committees never to be heard from again. Hundreds of bills are introduced every session without the slightest expectation of having them passed, introduced simply to please the constituents of some legislator. It is for the various committees to weed out such bills.

It so happens, however, that there are several quite important bills before the Legislature and every prospect that a number of others equally or even more important will be introduced before the session is over. There are several important things which the present Legislature should consider and these subjects will be dealt with in bills.

The most prominent event of the week at Trenton has been the selection of J. Willard Morgan, of Camden, as State comptroller. The selection was the unanimous choice of the Republican legislators at the caucus and the subsequent election, Tuesday, was merely a matter of form. While Mr. Morgan is not generally known throughout the State, he apparently is quite well-known in Camden county. It is generally conceded, even by the conservative New York Tribune, that he is of that type commonly known as a "practical politician." He has sufficient wealth, however, not to require the aid of the $6,000 salary of the position for his own support.

Had last Monday's big snow storm come at the time of the spring elections in the townships throughout New Jersey, it is probable that a remarkably light vote would have been cast. Not half of the citizens would have been able to reach the polls while others would not have taken the chances of facing the deep drifts for the privilege of casting their ballot. It is very uncommon that snow falls by election day in November and it is not on record in this section that a big snow storm blockaded the country previous to that time. Here is another very excellent reason why the time for the township and borough elections should be changed.

Even the Middlesex and Somerset Traction Company made a better record in fighting the big snow storm than did the Elizabeth, Plainfield and Central Jersey Street Railway Company. A beautiful spectacle has the management of this system made of itself.

The friends of Assemblyman Fred Miller are waxing enthusiastic over the fine showing he has made in the lower house. Think of it, he has managed to introduce a bill. Even his most enthusiastic supporters were surprised at the news.

NOT SAME MAN.

Important Testimony Given by a Plainfielder in New York.

In a peculiar case involving the identity of a former London convict, which is puzzling the police department of New York at present, the testimony of George P. Armstrong, of this city, has been sought. The man concerned is G. F. Bursalem, a Boston broker, who will go to jail if the police prove that marks on his body correspond with those observed on the body of a man by the same name convicted on a similar charge, grand larceny, in London some years ago. Mr. Armstrong declares that he has seen Bursalem in England and when the prisoner in New York was pointed out to him, he swore that he was not the same man.

GONE TO TESTIFY.

Boulevard Habitues Went to Elizabeth in the Roach Case.

The Boulevard assumed a deserted appearance, this morning, through the departure of half its habitues to Elizabeth as witnesses in the trial of the State against James Roach.

The trial is the revival of action in the case against James Roach, of New Bronnswick, who over a year ago, shot John or "Sue" Newman in the knee during a quarrel in a West Third street saloon. Nearly a score of Boulevarders witnessed the shooting and most of them have been subpoenaed. When Roach was first arraigned he was apprehended on an old charge which obtained precedent over the present case.

MADE TWO MEMBERS.

Mustered in at Meeting of Antietam Command, Union Veterans Union.

Antietam Command, U. V. U., mustered in two members last evening. One was Richard Foote, the actor, who was made an honorary member and the other was Charles Westphal who was admitted to active membership in the organization.

During the evening Mr. Foote made an address and the old soldiers were also favored by vocal selections rendered by Miss Suzanne Kranz. A resolution was passed making eligible to honorary membership all sons of veterans and veterans of the Spanish-American War.

MR. MAXSON'S PAPER.

Will be Read at Charities Conference at Trenton Tomorrow.

Superintendent H. M. Maxson, of this city, will attend the dinner given in Trenton, this evening, given by the committees in charge of the annual conference of the State charitable and prison associations. At the session of the conference tomorrow, a paper written by Mr. Maxson on "Improvement of the Truant Law and Compulsory School Attendance," will be read by one of the delegates. School duties will prevent Mr. Maxson from attending.

Lenten Services.

Rev. J. F. Fenton, Jr., will make an address at the Lenten service at Grace Episcopal church this evening. The service commences at 8 o'clock. At the Church of the Holy Cross, Rev. Mr. Mulford, of Fanwood, will make an address at the service which begins at 7:45 o'clock. Holy Communion will be celebrated in the Church of the Holy Cross at 10 o'clock tomorrow morning. Out at St. Stephen's, Netherwood, a service will be held at 5 o'clock tomorrow afternoon.

Miss Tier Was Hostess.

Miss Gertrude Tier, of Bank place, entertained seven of her girl friends at her home, yesterday afternoon, at a Kaffe-Klatsch and thimble party. The young women brought thimbles and material with them and spent several hours in making fancy work. After each had completed a number of pretty articles, refreshments were served.

Annual Reception.

The annual reception and meeting of the Washington Camp Ground Association will be held in the assembly room of the Bound Brook Public School, Saturday afternoon at 3 o'clock.

H. H. Coward Was Best Man.

Through an oversight the name of H. H. Coward, as best man, was omitted in the account of the marriage of Miss MacKillop and Freeman Shotwell, Tuesday night.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. L. W. Randolph.

SUBURBAN NEWS

A Department Devoted to the Minor Events in Greater Plainfield's Suburbs by Our Own Correspondents.

DUNELLEN.

A concert by the Zobo quartette, of Plainfield, proved an unusually successful form of entertainment in the Methodist church Tuesday night. On account of the weather the audience was not as large as expected, but a considerable number braved the snow and were well repaid by the excellent programme presented. Arthur E. White, a profesisonal reciter, assisted the club, and showed that his reputation for excellence was in no way exaggerated by the pleasing way in which he gave several selections.

A party of young people from here enjoyed an old fashioned straw ride last evening. They were taken by John Doty and went to Westfield, where they had supper and then danced for some time. The party consisted of the following: The Misses Ethel Garretson, Julia Dodwell, Nellie Dodwell, Stella Larkin, Cora Doty and Edna Vail, Fred Wilcox, Abner Coriell, William Giles, Charles Lake, George Doty and Frank Fletcher.

Now that officers have been elected and a constitution adopted, work in the reorganization of the Young Men's Class will go rapidly forward. The club will be known in the future as the Y. M. C., of Dunellen, and not as the Y. M. C., of the Presbyterian church. The members are planning to give a sleigh ride next week if the snow holds out and are also planning to hold a social.

A number of young boys have been causing a good deal of trouble lately at the postoffice, by continually running in and out. The boys catch on passing sleighs and then run into the postoffice to get warm. They have been warned and if the practice is not stopped will be severly dealt with.

A cow, belonging to Paul Kretzel, became caught in the manger yesterday and came very near injuring itself severely in its struggles to get loose before some one heard the noise and released the animal from its dangerous position.

Charles Vliet, an employe at the railroad station, while handling freight at the freight house yesterday, had the misfortune to mash one of his fingers badly. The finger was dressed by Dr. Brakeley.

The saw mill, which Garreston & Gray received Tuesday, is being taken up and set together on the mountain. A four horse team is employed as the work is hard because of the poor condition of the roads.

The cornet band met for practice last evening in Apgar's Hall. The members are becoming very expert and the playing is enjoyed every practice night by a number of outsiders.

The dance, to be held tomorrow evening by the dancing class, is not likely to be the last of the season as before thought. It is likely that one more dance will be held before Easter.

Special Lenten services are being held in St. John's Catholic church during this week. Services are also being held in Holy Innocents church.

Wm. G. Holton Council held its regular weekly meeting Monday evening but no important business was done except the regular routine.

James McMahon has taken a position in a machine shop at Elizabeth where he expects to learn the machinist's trade.

A number of popular young men from here attended a surprise party in Plainfield, last evening.

The Bound Brook trolley line had not yet started running cars this morning.

A hot turkey supper will be held tomorrow evening in the Presbyterian church.

Regular weekly prayer meeting was held in both churches last evening.

NEW MARKET.

An entertainment was held last evening in Friendship Hall under the auspices of Friendship Council, Jr. O. U. A. M. The entertainment was in charge of A. E. White, a professional entertainer, and consisted of zobo selections and recitations.

A. S. Coriell remains in about the same condition he has been for some time past. He is able to converse with his family and to take a little nourishment.

The snow is badly drifted in the country roads and some of the farmers are snowbound and unable to get away from home.

The band will meet for the usual weekly practice in Recreation Hall this evening.

Wm. Coriell visited in Dunellen yesterday.

PLAINS AND FANWOOD.

The attendance at the public school is still affected on account of the blizzard of Monday. The sidewalks are all open through the village, but it is almost impossible for the children in the outlying districts to attend the sessions yet.

The subject studied and discussed at the Young People's Literary Society held in the Methodist church last night was "Dr. North and his studies." Owing to the bad walking the meeting was poorly attended.

The Epworth League cake sale will be held Friday afternoon from 3 to 6 at the home of Mrs. Henry C. Meyers. The proceeds are for the benefit of the Methodist church.

Tickets are out for a drawing for a diamond pin, valued at $50, in the near future. Proceeds are for the benefit of the baseball team during the coming season.

Lovers of sleighing are getting all the pleasure they can out of the blizzard. Everyone with anything like a sleigh is out every day enjoying the favorite sport.

Residents of the 'Plains were beginning to wonder yesterday if the trolley company would ever get to running cars again.

Twilight Council, Jr. O. U. A. M., will hold a regular meeting in the Library rooms tonight.

Abram Wade, who has been quite ill for a week, is reported as being somewhat improved.

"All Prayer" is the topic of the prayer-meeting in the Baptist church tonight.

SOUTH PLAINFIELD.

John Tingley resumed his work this morning as baggagemaster at the depot after an absence of several days which was caused by sickness. During Mr. Tingley's absence his position was filled by LeRoy Randolph.

A cutter containing two women upset on Plainfield avenue yesterday afternoon. Luckily, the horse was a gentle one, and the occupants of the sleigh suffered no harm.

The immense drift just beyond Chamberlain's Corner, on Plainfield avenue, has been dug out so that vehicles can get through without difficulty.

The regular business meeting of the Ladies' Aid Society of the Baptist church was held at 3 o'clock, this afternoon at the home of Mrs. David Bigley.

Washington Camp, No. 41, P. O. S. of A., meets this evening in Washington Hall.

BACKED OVER BOY.

Max Garfinkle Had Leg Injured by One of Hetfield's Coal Wagons.

The sudden backing of one of Hetfield's coal wagons, on West Third street, yesterday afternoon, surprised six-year-old Max Garfinkle who had his sled hitched to the rear and one wheel of the vehicle passed over his leg. The wagon being heavily loaded, it was thought at first the limb was broken and the boy was taken to Muhlenberg hospital by Patrolman Higgins. An examination showed the only injury to be a very bad bruise which will keep Garfinkle at home until the snow departs.

Funeral of Bessie Waller.

The funeral of Bessie Waller, the three-year-old daughter of William Waller, was held at 1 o'clock this afternoon Services were held at the home on Race street and the interment was made in the Samptown cemetery.

NOVEL SALE.

Is Being Arranged by Asa Collier, the Park Avenue Jeweler.

Asa Collier, Plainfield's pioneer jewelry merchant, has arranged a novel sale which will begin Thursday afternoon, February 27, at 2 o'clock, and continue for a week. He proposes to sell a large number of packages at fifty cents each. Each package will contain jewelry worth no less than the price asked, while in many instances articles of greater value will be found in each package. According to this arrangement the buyer cannot lose, while he runs a chance of securing something of much value for a small price. There will be articles ranging in value from fifty cents to $15.

Mr. Collier has one of the most complete line of jewelry to be found in the State and all goods are guaranteed to be as represented. Mr. Collier's reputation for fair dealing is well established and in this novel sale about to be introduced he will give everyone a chance to get something of value for a moderate sum.

PUBLIC EXERCISES.

Will be Held at Borough Public School Tomorrow Noon.

In recognition of the natal day of George Washington special public exercises will be held in the Somerset street school building tomorrow noon. The affair will be given by members of the High and grammar departments of the schools.

The programme will be as follows:

Chorus selection—Washington.
Oration—Washington and the Nation, by Wm. McKinley . . . . . Grover Kipsey
Recitation—Washington's Birthday, Tracy Howard
Music—The Star Spangled Banner . . . . School
Dialogue—Why We Love the Flag . . . 7 boys
Recitation . . . . . Randolph Chandler
Chorus selection—Our Washington's Birthday, School.
Clippings—Birthday of Washington, by Grover Cleveland.
Oration—George Washington and the Twentieth Century, by Chauncey Depew. Arthur Bimble
Chorus singing—America . . . . . School

PERFECTLY SAFE.

No Truth to Rumor About Camera Club Rooms Being Unsafe.

A persistent rumor about the streets has it that dancing has been forbidden in the rooms of the Camera Club, in the Babcock building, owing to the floor becoming unsafe. The attendants at the building when questioned about the matter declare it to be absurd. There is nothing at all the matter with the floor, they said, and they could assign no source for the origin of the story.

Left Town at Once.

Two wayfarers, Thomas Biddolph and Thomas Wilson, from no where in particular, were caught begging on Park avenue, yesterday afternoon, by Patrolman McCarthy. They spent the night in cells at police headquarters. When arraigned before City Judge Runyon, this morning, both told hard luck stories. Sentence was suspended on condition that they would depart from Plainfield instanter.

Bridal Couple's Plans.

Mr. and Mrs. Freeman Judson Shotwell, who are now enjoying a honeymoon trip in the south, will return home Monday, when they will take up their residence with the groom's parents. The house and lot given to the bride and groom by the latter's parents is located at 78 Duer street, and they may go to housekeeping there later on.

Company K's Supper Postponed.

Owing to the inability of a number of prominent invited guests to be present, the supper which Company K was to have given at the Hotel Plainfield, this evening, has been postponed for two weeks. Notice to that effect has been given out by Robert M. Clark, chairman of the committee.

Brought Music for Dancing.

Forty young friends of Joseph Robinson, of West Third street, tendered him a surprise party, last evening, in honor of his birthday. The young people brought musicians with them and dancing became the feature, continuing until midnight. The affair was arranged by Robert Laramour.

Ready for the Supper.

The Ladies Aid Society of Hope chapel held a special meeting, yesterdry afternoon, and completed arrangements for the Martha Washington supper to be given Saturday. In addition to the serving of viands, a musical and literary programme will be rendered.

Mr. and Mrs. H. J. Martin, Jr., of Central avenue, left today for a visit at Tioga, Philadelphia.

Harry Campbell, of the firm of Clifton & Campbell, has returned from a pleasant trip to Florida.

OPENED TO WESTFIELD.

Main Line of Trolley System is Gradually Being Dug Out of Its Snow Blockade.

Last night, shovellers and sweepers, in the employ of the Elizabeth, Plainfield and Central Jersey Street Railway Company, opened one track of the through line from this city to Westfield. Cars began running this morning on a half hour schedule and will continue to do so until the remaining track is cleared. East of Westfield, one track is cleared but there is a space intervening which prevents cars going through.

Traffice on the local lines is gradually being restored to its normal schedule, with the exception of the Arlington avenue line which has seemingly been abandoned. As the patronage on it is the lightest of any, it is the intention of the company to let it remain as it is until the second track on Front street and the second to Westfield is opened. On Fourth and Somerset streets, the cars are running under the usual fifteen minute headway.

Had Their Troubles.

A large sleighing party from Perth Amboy passed through this city last evening, enroute to Scotch Plains. On account of the huge drifts between this city and Metuchen, it took three hours to get from Perth Amboy to Plainfield.

RANGE EXPLODED.

Home of Wm. Lang, of Union Village Was Partly Wrecked by a Mysterious Explosion.

The mysterious explosion of a kitchen range at the home of William Lang, of Union Village, Monday morning, wrecked the rear part of the residence, entailing much loss to the owner of the property. The kitchen was badly torn up and great holes were made through the partition to the dining room by huge fragments hurled by the force of the explosion.

Mr. Lang had rebuilt the fire in the range that morning, and had gone to the barn to feed the cattle. The loud report of the explosion caused him to believe that dynamite had exploded in the vicinity. Rushing into the house as speedily as possible, he was horror-stricken at the sight which met his eyes. The pipes of the range had burst and also the large boiler.

Little of the heating apparatus remained intact, the most of it being scattered about in sections all over the room. Great dents were made in the ceiling and side walls. All the furniture in the room was more or less damaged.

Addressed by Alex. Gilbert.

Former Mayor Alex. Gilbert gave an interesting talk this morning at the Plainfield High School on the subject: "How Young People Might Prepare Themselves for Success in Life."

BOY BURIED ALIVE.

Chilkoot Indians Held Him Responsible For Consumption.

SEATTLE, Wash., Feb. 20.—Passengers on the steamship Dirigo, which has just arrived from Alaska, report that Chilkoot Indians near Hinsmission, Alaska, on Feb. 5 buried alive one of their tribe, a boy fifteen years of age. The boy had been converted to Christianity by Milo A. Sellon, a Methodist missionary, and in burst of religious zeal denounced the mummeries of the tribal icht, or medicine man. This act aroused the anger of the superstitious old men of the tribe.

Recently fourteen native residents of the village of Kluckwan died of consumption, and the icht spread the belief that the boy, in league with the evil one, through his knowledge of the white man's religion, caused the deaths. The disappearance of the boy from school aroused the suspicions of Mr. Sellon, and he started in search of him.

At the outskirts of the village he found tracks leading to a fresh grave. Digging down, he found the boy, still alive. His finger nails had been torn off in his efforts to escape from his horrible prison. The boy was lifted from the grave and carried to the village, where he finally died from the effects of suffering and fright.

TO TEST THE MERGER.

Action to Be Begun Against Railroads by the Government.

WASHINGTON, Feb. 20.—Within a very short time a bill will be filed by the United States to test the legality of the merger of the Northern Pacific and Great Northern railway systems through the instrumentality of the Northern Securities company. In speaking of the matter Attorney General Knox said:

"Some time ago the president requested an opinion as to the legality of this merger, and I have recently given him one to the effect that, in my judgment, it violates the provisions of the Sherman act of 1890, whereupon he directed that suitable action should be taken to have the question judicially determined.

"A bill in equity is now in course of preparation, which will be filed within a very short time, which will ask that the merger effected through the exchange of shares of the Northern Securities company for shares of the two railroad companies be dissolved and such shares ordered re-exchanged to restore the stocks of the two railroad companies to their original holders.

France and Venezuela Making Up.

PARIS, Feb. 20.—The minister of foreign affairs, M. Delcasse, and the Venezuelan plenipotentiary, Senor Maubourguet, have signed an arrangement forming a basis for the resumption of diplomatic relations between France and Venezuela and a commercial convention providing for mutual most favored nation treatment. The arrangement must be ratified before May 1. Diplomatic relations between France and Venezuela were severed in the early part of 1895, when Venezuela dismissed the French minister at Caracas, the Marquis de Ripert-Montclar, as well as the Belgian consul general.

Ducks For Mrs. Cleveland.

NORFOLK, Va., Feb. 20.—Ex-President Cleveland, who is at the Back Bay Gunning club, on Currituck sound, as the guest of Mr. Joseph Seelinger of Norfolk, president of the club, has shipped to Mrs. Cleveland, at Princeton, N. J., a hamper containing 250 birds, mainly canvasbacks. Superintendent C. F. Moore of the club came to Norfolk and denied emphatically that the ex-president had met with any accident. Mr. Moore said: "Mr. Cleveland had been suffering with a cold, and Dr. Hartman of Baltimore, one of the party, prescribed for him. He is better."

Exposition Manager Dead.

CINCINNATI, O., Feb. 20.—A. T. Goshern is dead at his home in Clifton, this city, aged sixty-nine. His success in the management of the famous industrial expositions given in Cincinnati thirty or more years ago led to his appointment as director general of the Centennial exposition at Philadelphia in 1876. There he won additional honors and was the recipient of distinguished recognition by almost all the foreign governments represented in that great fair.

Insurgents Surrender.

MANILA, Feb. 20.—What is believed to have been the largest existing band of insurgents in Batangas province has surrendered to Lieutenant Charles D. Rhodes of the Sixth cavalry at Banan. Major Amorento, 2 captains, 6 lieutenants and 98 Filipino soldiers gave themselves up and also surrendered 5 revolvers, 66 rifles and 2,000 rounds of ammunition.

The Cramps Reaching Out.

LONDON, Feb. 20.—Wiring from Hamburg, the correspondent of The Daily Mail asserts positively that the Cramps are seeking permission to construct an enormous shipbuilding yard at Bremerhaven and later others at Kiel and Stettin.

LACE ACESSORIES.

Guipure Lace Is Used For Waists, Jackets and Evening Wraps.

Many pretty lace boleros are easily converted into dinner waists by tacking them deftly over a white satin slip with a suggestion of chiffon and a pointed waistband. Some of the odd remnants of lace now on sale make

LOUIS XV. GOWN.

smart little sack coats lined with silk or satin and even edged with fur. A confection of this sort makes a charming wrap for evening wear.

Louis Quinze jackets of lace are among the smart winter thin things which will be also much worn next summer. Heavy guipure lace is best for this purpose, and the jacket can be made separately to be worn with different gowns. Some of these jackets are trimmed with embroideries, others with appliqued flowers and still again others with medallions of tucked and painted chiffon.

Evening wraps of lace are cut after the fashion of very loose Chinese coats.

The Louis XV. gown in the illustration is made of pink crepe de chine and lace. There are a fichu of pink chiffon and deep elbow frills of the same. The rest of the waist is in the form of a lace jacket made of all over guipure lace. The skirt has a full flounce headed by a wide band of the lace. The belt is of panne and is passed through slits in the front of the jacket.

JUDIC CHOLLET.

BLACK GOWNS.

A Smart Dress of This Color Should Be In Every Woman's Wardrobe.

A dress of black lace edged with a thick ruching of net, gauze or chiffon is charming over white satin. The neck can be cut decollete for evening wear, and for day occasions a guimpe can be made to wear with it. These black gowns are the most useful a woman can have.

Pretty and serviceable black gowns are being made of black crepe de chine much tucked and combined with black velvet chiffon and jet.

Many of the new French models for skirts show box plaited backs and not

BLACK CREPE DE CHINE GOWN.

only single and double plaits, but quite a cluster of plaits with a box plait in the center. Some of the skirts even have slight gathers. The newest slips to wear under semitransparent skirts are made with deep flounces and are put on full at the back. They are finished with a plaited frill laid on quite at the edge of the flounce.

The black crepe de chine gown in the sketch is made in semiprincess fashion. The continuous tucked effect gives it the princess look. It is cut decollete but the bare effect of the neck is partly hidden by perpendicular applications of jet held in place by means of a transparent jet collar. The sleeves pouch into a considerable fullness and are held into a cuff of jet. The skirt has a gored flounce headed by the jetted application.

JUDIC CHOLLET.

My Strangest Case

BY GUY BOOTHBY.

Author of "DR. NIKOLA," "THE BEAUTIFUL WHITE DEVIL," "PHAROS, THE EGYPTIAN," Etc.

[Copyrighted, 1901, by Ward, Lock & Co.]

"I think I know now all that there is to know," he said. "If mademoiselle will excuse me, I will tell it. M. Hayle arrived here some five days ago, and has taken possession of a charming villa some ten miles from the city. It is situated on the coast and the agent declares it to be unique. How long he intends to occupy it, he, the agent, could not say, but he has paid a high rent for it in advance, which appears to have given unlimited satisfaction. The other two men are still prowling about the city in search of him, but so far they have not been successful in their endeavors."

"Could I not go to my uncle?" Miss Kitwater inquired. "It might be possible for me to persuade him to leave the island without seeing this wretched man."

"I fear it would be useless," I answered. "And you would only cause yourself unnecessary pain. No! what we must do is to communicate with the Palermo police; Leglosse can show them his warrant, and then we must endeavor to get Hayle under lock and key, and then out of the island, without waste of time. That is the best course, believe me."

"If all goes well, I shall make the arrest to-night," said Leglosse, and then added: "I must get back to Paris as soon as possible."

That afternoon he went out once more, this time to interview the police authorities. At five o'clock he returned in a state of great excitement.

"The other two have discovered Hayle's whereabouts," he said, when we were alone together. "And they have set off in pursuit. They have been gone more than an hour, and, unless we start at once, we shall be too late to take him before they run him to earth."

"Good heavens! Are you quite sure of this?"

"As sure as I can be of anything," he answered. "I have been to their house."

"Do not say anything about this to Miss Kitwater," I said hurriedly. "We must make the best excuse we can to account for our absence."

I tried to do this, but she saw through my endeavor.

"You are going to arrest him, I can see," she said. "Poor unhappy man! But there, I would rather that should happen than that he and my uncle should meet. Go, Mr. Fairfax, and I pray God you may be successful."

Leglosse had already engaged a cab, and when I joined him I discovered that he had also brought a Sicilian police official with him. This individual gave the driver his instructions, and away we went. As we had informed the cabman, previous to setting out, that there was no time to be lost, we covered the distance in fine style, and just as the sun was sinking behind the mountains entered the little village on the outskirts of which the villa was situated. It was a delightful spot, a mere cluster of human habitations, clinging to the mountain-side. The Angelus was sounding from the campanile of the white monastery, further up the hill-side, as we drove along the main street. Leaving the village behind us we passed on until we came to the gates of the park in which the villa was situated. We had already formed our plans, and it was arranged that the island official should send his name in to Hayle, Leglosse and I keeping in the background as much as possible. We descended from the carriage and Leglosse rang the bell which we discovered on the wall; presently the door was opened, and a wizened-up little man made his appearance before us. An animated conversation ensued, from which it transpired that the new occupant of the villa was now in the pavilion at the foot of the grounds.

"In that case conduct us to him," said the officer, "but remember this, we desire to approach without being seen. Lead on!"

The old man obeyed and led us by a winding path through the orangery for upwards of a quarter of a mile. At the end of that walk we saw ahead of us a handsome white edifice, built of stucco, and of the summer-house order. It stood on a small plateau on the first slope of the cliff and commanded an exquisite view of the bay, the blue waters of which lay some 200 feet or so below it.

"His excellency is in there," said the old man, in his Sicilian patois.

"Very good, in that case you can leave us," said the officer, "we can find our way to him ourselves."

The old man turned and left us, without another word, very well pleased, I fancy, to get out of the way of that functionary. Goodness only knows what memories of stolen vegetables and fruit had risen in his mind.

"Before we go in," I said, "would it not be as well to be prepared for any emergencies? Remember he is not a man who would stick at much."

We accordingly arranged our plan of attack in case it should be necessary, and then approached the building. As we drew nearer the sound of voices reached our ears. At first I was not able to recognize them, but as we ascended the steps to the pavilion, I was able to grasp the real facts of the case.

"Good heavens!" I muttered to myself, "that's Kitwater's voice." Then, turning to Leglosse, I whispered: "We're too late, they're here before us."

It certainly was Kitwater's voice I had heard, but so hoarse with rage that at any other time I should scarcely have recognized it.

"Cover him, Codd," he was shouting, "and if he dares to move shoot him down like the dog he is. You robbed us of our treasure, did you? And you sneaked away at night into the cover of the jungle, and left us to die or to be mutilated by those brutes of Chinese. But we've run you down at last, and now when I get hold of you, by God, I'll tear your eyes and your tongue out, and you shall be like the two men you robbed and betrayed. Keep your barrel fixed on him, Codd, I tell you! Remember if he moves you are to fire. Oh! Gideon Hayle, I've prayed on my bended knees for this moment, and now it's come and—"

At this moment we entered the room to find Hayle standing with his back to the window that opened into the balcony, which in its turn overlooked the somewhat steep slope that led to the cliff and the sea. Codd was on the left of the center table, a revolver in his hand, and a look upon his face that I had never seen before. On the other side of

THE WOODWORK SNAPPED AND THE TWO MEN FELL OVER THE EDGE ONTO THE SLOPING BANK BELOW.

the table was Kitwater, with a long knife in his hand. He was leaning forward in a crouching position, as if he were preparing for a spring. On hearing our steps, however, he turned his sightless face towards us. It was Hayle, however, who seemed the most surprised. He stared at me as if I were a man returned from the dead.

"Put up that revolver, Codd," I cried. "And you, Kitwater, drop that knife. Hayle, my man, it's all up. The game is over, so you may as well give in."

The Evidence of Our Senses—What Plainfield People Say is Pretty Good Proof for Plainfield People.

When we see it ourselves.
When our own ears hear it.
When our neighbors tell it.
Our friends endorse it.
No better evidence can be had.
It's not what people say in Maine,
Or distant mutterings in California.
No deceiving echoes here.

Mrs. R. A. Martin, of Jackson street, says: "I had pain in my back and loins for about a year or more, no doubt caused by my kidneys being out of order. I felt it more in the morning, just after getting up or if I did any stooping or lifting. Notwithstanding the fact that I took all kinds of medicines I never found anything which helped me until I got Doan's Kidney Pills at L. W. Randolph's drug store. They not only removed the pain, but they strengthened me in other ways."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

THE DAY IN CONGRESS

Philippine Tariff Debate Resumed In the Senate.

BURROWS FOR AND MONEY AGAINST.

House Continues Discussion of Indian Appropriation, but Talks More About Something Else. Some Sparkles of Wit.

WASHINGTON, Feb. 20.—The senate continued the consideration of the Philippine tariff bill yesterday, the main speeches being made by Mr. Burrows (Mich.) for the bill and Mr. Money (Miss.) against it, although Mr. Mitchell (Or.), Mr. Foraker (O.), Mr. Mallory (Fla.) and Mr. Tillman (S. C.) all took more or less part in the general debate on the subject. Mr. Burrows maintained that congress was dealing with the question as it was today and not with any reference as to what took place in the past or might take place in the future. He maintained that the United States occupancy of the islands was with due regard to international obligations.

Mr. Mallory spoke particularly in favor of his amendment to that portion of the bill relating to the navigation laws and said that it was necessary in the interest of American shipping. Mr. Money maintained that it was not so much a question of what could be done with the Filipinos as it was to legislate in the interests of our own people. There were several rather lively exchanges between Mr. Foraker and the opposition senators during the debate.

In the house the debate on the Indian appropriation bill was devoted almost entirely to extraneous topics. As on Tuesday, the issue raised by Mr. Wheeler (Ky.) a few days ago came in for considerable attention and was the feature of the session. Mr. Bromwell, an Ohio Republican; Mr. Kern, an Illinois Democrat, and Mr. Fleming, a Georgia Democrat, added their views to the literature on the subject, but it was Mr. Boutell, an Illinois Republican, who entertained the house most. He was well fortified with material and with exceedingly good temper and a trenchant display of wit he traced the history of what Mr. Wheeler had called "truculent sycophancy," as he said, from the day when the first Democratic president purchased a bogus coat of arms to the entertainment of Queen Liliuokalani by the last Democratic president. He finally dismissed the whole subject by saying it should be accepted abroad as one of the "erratic and sporadic phases of American humor."

Mr. Hamilton, a Michigan Republican, enlivened the proceedings with an entertaining speech on trusts.

Delegates From Washington.

WASHINGTON, Feb. 20.—The president's delegates charged with the arrangements of the reception and entertainment of Prince Henry of Prussia held a final meeting at the state department and disposed of several details that were not included in the official programme issued a few days ago. Most of the delegates and other officials who will take part in the ceremonies of welcome at New York will go to New York Friday morning. This party will include Dr. Hill, assistant secretary of state, and General Corbin, adjutant general of the army, the president's delegates; Colonel T. A. Bingham, U. S. A., and Commander W. S. Cowles, U. S. N., aids to the delegates; Baron von Holleben and the members of the German embassy.

President's Son Gaining.

GROTON, Mass., Feb. 20.—Young Theodore Roosevelt continues to improve, and it is hoped that he may be able to sit up soon. Owing to the blustering weather Mrs. Roosevelt and her daughter Alice have kept indoors and have been in close attendance upon the sick boy. Mrs. Robinson, the president's sister, made a flying visit to Groton yesterday, returning to her home on the evening train. Dr. Rixey is expected here from Washington today and will remain until such time as Teddy is well enough to return to Washington. The condition of young Gammell continues to improve, but that of the Potter lad has caused considerable anxiety.

Newfoundland Lawmakers Meet.

ST. JOHN'S, N. F., Feb. 20.—The colonial legislature assembled today. The French shore modus vivendi bill will be first introduced and will probably pass all its stages immediately. Opposition to the measure is unlikely, as the leaders of both parties are pledged to its support. The legislative session will probably be brief, owing to Premier Bond having to attend the coronation ceremonies in London.

Cannon For Kriegerbund.

BERLIN, Feb. 20.—The cannon which Emperor William has presented to the German Kriegerbund of Philadelphia is on board the steamer Kronprinz Wilhelm, on which Admiral Prince Henry of Prussia and his suit, with other passengers, are being conveyed to the United States. Prince Henry will make the formal presentation when he visits Philadelphia.

Well Known Horse Dealer Dead.

BREWSTER, N. Y., Feb. 20.—William B. Fasig, the well known horse dealer, one of the firm of the Fasig-Tipton company, died last evening at his country place, about a mile from this place.

Aid to German Working People.

BERLIN, Feb. 20.—The donations of companies and individuals in Germany for working people during the year 1901 reached 80,000,000 marks, an increase of 20,000,000 marks over the year 1900.

SPORTING NEWS

ON THE DIAMOND.

The chances are that there will be no nine to represent the Leal's School on the diamond this spring. There is plenty of material, but there are few good players. Only three or four of last year's team are in the school at present. Last season the Leal's boys had a first class nine and they had a very successful season.

FOOTBALL.

James Smith, the promoter of association football in this city, has returned from Bridgeport, Conn., and will resume his old position in this city. It is expected that as soon as the weather moderates he will again inaugurate a schedule.

PLEADED NON VULT.

Thos. Keefe and John Roach Were Brought Before Union County Court This Morning.

(Special to The Daily Press.)

Elizabeth, Feb. 20—A plea of non-vult was entered in court this morning by counsel for Thomas Keefe and James Roach, both cases from Plainfield. The defendants will be sentenced next Wednesday.

Roach was charged with atrocious assault on John Newman, of Plainfield, who he shot during a quarrel in a saloon, last summer.

This disposes of all the Plainfield cases presented during the present term. In every case a conviction or its equivalent has been secured mainly through the efforts of Chief of Police Kiely.

PERSONAL.

Mrs. W. S. Lowry, of Sherman avenue, who has been detained at home by illness, is able to be out again.

Mrs. C. H. Rugg, of West Fourth street, who has been visiting her sister, Mrs. J. D. Smith, of Somerville, has returned home.

Mrr. J. D. Smith, of Somerville, who has been very ill, is now improving. She has many friends in this city, who will be gratified to learn of her recovery.

CITY JOTTINGS.

—William McCready, of Duer street, has accepted a position in Sharkey's blacksmith shop on Lincoln place.

—After the regular meeting of Franklin Council, Jr. O. U. A. M., this evening, six candidates will be given the Arabian Klan.

FATAL BLOW.

Chas. Dietz Died From Injuries Received in an Accident.

Funeral services were held, Sunday, at Union Course, L. I., over the remains of Charles Dietz, formerly of this city, who died from the effects of concussion of the brain, the result of a blow on the head received last week. He was removed to a private hospital but an operation proved unsuccessful. He leaves a widow and one child. Dietz was a son-in-law of Mr. and Mrs. Charles Willis, of Johnson's Drive.

Notices Tomorrow.

Notices for the regular church column of The Daily Press must be brought in tomorrow morning before 10 o clock, as The Daily Press will not be published Saturday

Taken Ill.

Michael Armstrong, of Watchung avenue, was attacked with an epileptic fit yesterday afternoon in front of the Hotel Rosell. He was taken home in a carriage.

Will Warm New House.

The handsome new house which John Carl, of Manson place, is having built on Lee place, will shortly be completed. He will take possession March 1, and will celebrate the event by giving a housewarming to his friends.

PARK CLUB PLANNING LARGER CLUBHOUSE

Present Membership of Club Has Outgrown the Existing Accommodations.

RAISING THE FUNDS.

COMMITTEE IS ASKING FOR LOANS FROM THE MEMBERS.

Not by Subscriptions, But Loans, Properly Secured—Present Prosperity of the Club Has Never Been Equalled.

As exclusively published in The Daily Press a few weeks ago, it is proposed by the members of the Park Club to enlarge the club building. The improvement is gradually assuming definite form and in a circular letter just issued to the members by a committee, consisting of George D. Hallock, S. St. John McCutchen and Samuel Townsend, the object and purpose is set forth.

This letter cites the fact that the recent remarkable growth in membership, the increased general interest and attendance, resulting in larger resources, has brought the Park Club to a condition of prosperity never before enjoyed. Early this winter the membership was raised from one hundred to one hundred and twenty, and immediately reached by the election of new members. With the present accommodations it is difficult to provide for the present membership. A larger hall for dancing is needed and for the other entertainments that have become so pleasant a feature of club life. More room is needed in the lower part of the clubhouse for billiard tables, extension of bowling alleys, etc.

The committee in charge has been authorized to solicit subscriptions. The members are asked to provide sufficient funds to carry out the work, not as donations, but by making, individually, loans to the club of such amounts as the members can spare. It is the purpose of the club to give suitable obligations for such loans.

The club has been in existence ten years. It has always been more or less prosperous and is especially so at present, and it is believed that with increased accommodations the club will become more attractive and popular than ever.

LAST APPEARANCE.

Richard Foote at This Evening's Meeting of the Reform Club.

Richard Foote, the California tragedian, will appear for the last time at the Thursday night meetings of the Reform Club, this evening. His concluding bow will be made with "The Actor's Holiday" in which he will be supported by Miss Suzanne Kranz and W. R. Mattox. Miss Kranz will also contribute several musical numbers. The usual temperance speeches will be rendered by competent speakers.

Sleighing Party.

A number of pupils of the Leal's School arranged a sleighing party for last evening. The young men and women made a trip to Westfield, where they were entertained. One of the large sleighs of William Hand & Son was the conveyance used and all had a merry time.

The Misses Dietrich, of Grove street, have gone to Washington, D. C., for an indefinite period.

The Last Heard Of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure Very pleasant to take. The little ones like it. L. W. Randolph.

BUILDING BOOM SOON; WAGES MAY GO UP

Concerted Movement Among the Building Trades' Unions to Increase the Wages.

BOSSES WILL CONFER.

MEETING OF BUILDING TRADES' COUNCIL TO BE HELD FOR THE PURPOSE.

Bricklayers, Masons and Hod Carriers Have Made Formal Demands to Take Effect June 1 —Bosses Not Yet Agreed.

With the opening of spring there promises to be considerable building in Plainfield and the borough. At the same time there is being made a concerted effort on the part of many of the local building trades unions to increase the rate of wages.

Recently, the Bricklayers and Masons' Union, No. 14, decided by a resolution to demand after June 1, 1902, fifty cents per hour. There was some opposition to the increase, but the resolution was adopted. Another meeting of the union was held Wednesday evening, when an effort was made to rescind the resolution. This effort failed and the various bosses in the city and borough have just received notice from the union that after June 1, 1902, fifty cents per hour will be asked.

At present the bosses receive $4 a day and the bricklayers and masons $3.50 per day, eight hours. By the proposed change the men will get $4 a day and the bosses will of necessity feel obliged to ask $4.50, for they say that they cannot pay $4 and work for the same wages. The men work from 8 to 4:30 o'clock, with a half hour for dinner.

Recently, the hod-carriers decided to demand more money. They now receive $2.25 and they asked $2.50, to take effect June 1, 1902. It is said that in every other trade there will be a demand for more money. In view of this it is said that in the near future there will be a meeting of the Building Trades' Council for the purpose of considering and discussing these requests for more money.

There seems to be a general impression about that if the rate of wages is increased it may have a tendency to hinder somewhat the building boom which now appears to be coming toward Plainfield. Some of the bosses favor the increase, while others are opposed to it, and it is believed that the questions can only be settled at a meeting of all trades.

EVANGELISTIC MEETINGS.

Speakers Secured for Meetings at Park Avenue Baptist Church.

The first and second weeks of March, evangelistic meetings are to be held in the Park Avenue Baptist church. These meetings will be undenominational in character, and all who wish to attend will be welcome. Rev. J. Madison Ware, of Parmly Memorial church, Jersey City, will preach March 4 and 5. This is the eloquent pastor and loyal citizen who resigned a large and successful pastorate at the beginning of the Spanish War that he might go to the front as chaplain to "his volunteer boys." Dr. Peters, who preaches the second week, is known throughout the world as one of the most original, eloquent speakers of the modern pulpit. A speaker is to be engaged for March 6 and 7.

Special Bargains.

Hear Them.

The Lowell Mail says: "Commander Wadhams punctuated his remarks with a natural and healthy wit that kept his audience in an almost continual state of merriment." Hear him and also Fred F. and William P. VanEps, at Y. M. C. A. Hall, Saturday evening.

No Books Tomorrow.

The circulating department of the Public Library will be closed tomorrow, this being a legal holiday. The reading room will be open from 2 until 6 p. m.

Will Close Tomorrow.

Woodhull & Martin's store will be closed all day tomorrow. The store will be open until 8:30 o'clock this evening.

TROLLEY LINE FINALLY OPEN

THE ONLY EXCEPTION IS THE ARLINGTON AVENUE BRANCH.

That is Now Being Cleared—Main Line Traffic Regularly Resumed Last Night.

At 8 o'clock last evening the lines of the Plainfield Street Railway Company and the Elizabeth, Plainfield and Central Jersey Railway Company, with one exception, were opened to regular traffic for the first time since Monday's storm.

It was not until then that the double track to Westfield and the remaining track to Grant avenue on West Front street were cleared. The single exception is the Arlington avenue line which has been only opened only as far as Park avenue. A gang of men is working to clear the drifts to the terminus which, it is expected, will be reached today.

The Front street line was completely cleared last night by an emergency shoveling crowd of motormen and conductors, aided by a number of citizens and a trolley car. The cars are now running on schedule time to Dunellen.

On the Scotch Plains line the cars are now running on regular headway to Elizabeth.

MUST ACCOUNT FOR HORSE

FRANK JAROSKI ARRESTED IN THIS CITY FOR HORSE STEALING.

Was Indicted by Grand Jury, But Westfield Officers Couldn't Find Him Until Yesterday.

(Special to The Daily Press.)

Westfield, Feb. 21—Frank Jaroski, alias Frank Johnson, alias Frank Smith, was arrested at his residence, 17 Cottage place, Plainfield, yesterday, by Constable J. M. C. Marsh and Eugene Chamberlin, of this place. He was brought to Westfield and later lodged in the county jail at Elizabeth, where he will have to stand trial on an indictment found by the January Grand Jury.

On October 2, 1901, Jaroski called at W. H. Bartin's livery stable on North avenue and after telling a plausible story succeeded in hiring a horse and buggy. He drove to Dog Corners, where it is alleged he sold the rig and skipped out. Mr. Barton had a warrant issued for his arrest, after which the case was presented to the Grand Jury. An indictment was found, although Jaroski could not be located.

Last December the Westfield police heard that Jaroski was living at Elizabethport. They went there, but the man evidently heard of their coming and he again skipped. This time he located in Staten Island, where he remained until Tuesday, when he went to Plainfield and stopped at 17 Cottage place.

Yesterday Constable Chamberlin was in Plainfield and he heard that Jaroski was in that city. He telephoned to Constable Marsh and the two officers went to his new home and arrested him. When Jaroski was searched a large knife, with open blade, was found on his person.

BIRTHDAY SOCIAL.

Annual Affair at Monroe Avenue M. E. Church Last Evening Was Largely Attended.

Almost impassble roads did not detract any from the interest taken in the annual birthday social given in the Monroe Avenue M. E. church, last evening under the auspices of the Ladies' Aid Society.

The deft hands of the women in charge had decorated the main room in a most tasty manner, red being the prevailing color. A pretty table whereon dainty bits of confectionery and birthday candies were sold was surounded by palms and plants making a charming effect. The table was in charge of the Misses Lulu Randolph, Daisy Brouard and Mae Brower.

During the evening the following delightful programme was rendered: Piano solos, Miss Charlotte Aldrich and Miss Florence Morrison; recitations, Miss Laura Adkins and Miss Lulu Randolph. Light refreshments were served by Mrs. Mansfield Smith, Mrs. William Stein and Miss Annie Stafford. The affair was in charge of the social committee of the society of which Mrs. Stephen Higham is chairman.

In Interest of Hampton Institute.

A service in the interest of the Hampton Institute will be held at the Crescent Avenue church, Sunday evening.

NEW OFFICES.

Plainfield Water Supply Company Will Have New Quarters.

On Arpil 1, the office of the Plainfield Water Supply Company will be moved from its present location at 107 North avenue to 175 North avenue, in the quarters formerly occupied by S. D. Drake. The new office will be much larger and commodious and much more conspicuous. The growing business of the company has demanded a change for some time and the new office was decided upon after much careful consideration.

WEDDED IN BRIDE'S HOME

MARRIAGE OF MRS. M'KEE AND HARVEY APGAR LAST NIGHT.

Ceremony Was Performed by Rev. George Bowers in Presence of Relatives and Friends.

Mrs. Louise McKee, of Watchung avenue, and Harvey Apgar, of De Kalb avenue, were married last evening at the home of the bride. The ceremony took place at 8 o'clock, Rev. George Bowers, of Warrenville, officiated.

The parlor, which was the scene of the nuptial event, was tastefully adorned with cut flowers, ferns, palms and potted plants. In all about fifty persons, intimate friends and relatives of the couple, were present. An effective gown of white organdie trimmed with insertion was worn by the bride.

After the wedding ceremony was concluded a reception was held by Mr. and Mrs. Agar and dainty refreshments were served to the assembled guests. At a late hour they left on their honeymoon trip. On their return they will reside on Watchung avenue. The presents received by the bride were especially numerous. Among the collection were designs in Haviland and Dresden china, silverware and cut glass.

HORSE DROPPED DEAD.

After Owner Had Attempted to Drive Through Big Drifts From Plainfield to Stirling.

Despite the protests of friends and farmers along the road, Adolph Bohren, of the borough, attempted to deliver some orders over the mountains Wednesday. He intended going through Stirling and around to Berkley Heights but at the former place he abandoned his intention only after one of his fine horses had dropped dead from exhaustion.

Nearly every foot of the way from this city to Stirling the team had to fight its way through huge drifts, some of which reached a height of ten feet. At intervals Mr. Bohren and his driver were warned to desist in their attempt to get through the mountain roads but in spite of all they continued.

The horses did not appear to be in bad shape until they had nearly reached Stirling when one of them expired. The wagon was abandoned and Mr. Bohren returned to this city with the remaining horse.

REMOVED SNOW BANK.

Results of Trolley Track Clearing Away by City Employes.

Complaints from residents in the vicinity resulted in a gang of the street commissioner's men visiting West Front street near Mariners avenue, yesterday. The sweepings from the street car track had been piled high on either side of the street and it was impossible for wagons to get through. A long ridge extended from Grant avenue to Clinton avenue and, in the event of its freezing, it would have been a serious barrier to traffic. The mound was levelled off and the work will be charged up to the street railway company.

Reception to Justice Depue.

The Bar of the State of New Jersey will tender a reception to Hon. David A. Depue at the State House, tomorrow afternoon, from 12 noon until 3 o'clock, in honor of his retirement from the Bench. It is expected that a life-size portrait of Justice Depue will be presented to the State to be hung in the rotunda of the capital. Frank Bergen, of Elizabeth, is the representative on the committee from Union county.

Putting in New Switchboard.

Manager Charles W. Runyon, of the New York and New Jersey Telephone Company, is very busily engaged in supervising the work of installing a new switchboard in the local office, also that of seeing that new subscribers get their telephones. Outside help has been sent to him and he hopes to have a majority of the new 'phones installed within a short time.

POLICE STOP BENEFIT BALL

Raided Dance at Washington Hall Claiming Beer Was Being Sold There.

SENT DANCERS HOME.

Called it "Ginger Ale With a Stick in It"—Committee Had Been Warned Not to Sell—Bottles Taken by Police as Evidence —Arrests May Follow.

An unlooked for happening brought the Robert Wood benefit ball in Washington Hall, last evening, to an abrupt termination. A crowd of several hundred people were enjoying themselves at midnight dancing to the accompaniment of an orchestra when the music ceased suddenly. In the lull which followed, Sergeant Frederickson, of the local police force, stepped forward and informed the astonished crowd that the festivities were over and that all were to file out of the hall and go home. Some were inclined to rebel but on second consideration they acquiesced.

When all had left but the committee in charge of the affair, the sergeant made known his reason for marring the programme. From a side room he and Patrolman McCarthy brought out a number of small bottles, such as are generally used for holding soda water, and which contained a brown liquid closely resembling ginger ale. Several were opened but, instead of the supposed harmless ale, the police say the liquid found was of the kind brewed from hops and generally sold over a saloon bar. As the hall has no privileges to sell beer it was for this violation of the law that the ball was broken up.

A short time ago, two members of the committee, George Babcock and Charles Beekman, held a short conversation with Chief Kiely concerning the affair in the course of which he warned them against selling beer at the hall. They promised none would be allowed in the building.

Early last evening, the chief was informed that the soft drink bar was in full swing at the ball but that everybody was calling for ginger ale, "with a stick in it." A policeman was despatched to find out what it was but on his arrival business in the ginger ale department was transferred to a side room. He secured enough evidence, however, to call the sergeant.

A number of the bottles were taken to headquarters and will be used as evidence against the promoters of the ball. It is expected warrants will be made out for the committee as they were told they would be held responsible for any infraction of the liquor ordinance.

The other names of the committee as announced on the programme are John Dixon, Harry McLean, Theodore Larew, Eugene O'Reilly, Harry Dilts, James Wagner, Michael Burke, Chas. Strumbach, Daniel Guinee and Tenny Overbaugh.

FOR THE BLACK AND RED

MEETING IN INTEREST OF HAMPTON INSTITUTE SUNDAY NIGHT.

Will be Held at Crescent Avenue Church—Special Singing by Quartette.

What is being done for the industrial education of the Indians and negroes of the country at the great school at Hampton, Va., will be told of by Chaplain Turner at the Crescent Avenue Presbyterian church, on Sunday evening at 7:45.

This school, a pioneer in all matter of industrial work for these races, has now over 1,100 students under its care, has a magnificent plant of over sixty buildings with departments of normal, agricultural, domestic science and trade school work. During the past thirty years it has sent out over 6,000 students into the shops, farms and school rooms of the south and west. Mr. Turner in his address will describe somewhat the workings of the Institute, and tell of the work it is able to do through the graduates it is sending out.

Music will be furnished by the Hampton male quartette who sing the plaintive old-time plantation melodies. The public is invited.

LANDED ON HIS HEAD.

James B. Clarkson Injured by Falling Piece of Ice.

James B. Clarkson, of East Second street, received a gash on the top of his head, Tuesday afternoon, from a falling cake of ice. He was dazed by the blow and has suffered considerably from the effects of it. Mr. Clarkson was attempting to remove some ice from the roof of his house and in doing so he used a long pole from a second story window. A big chunk fell suddenly and before he could get out of the way it struck his head.

CHANGES IN SCHOOL CADETS

PROMOTIONS, TRANSFERS AND APPOINTMENTS ARE ANNOUNCED.

Result of Recent Examinations in City High School Battalion— Commissions Out Next Week.

As a result of the recent examinations conducted by Commandant Macnab, of the Plainfield High School battalion, a number of promotions, transfers and appointments have been announced. The orders were made known at the regular weekly drill at noon today.

A summary of the changes is as follows: Lieutenant Kenneth Buckley, of Company B, to be captain of the same company, vice Claude Cubberley, retired; Lieutenant E. D. Murphy, Company D., to be captain by brevet of the same company; Lieutenant A. D. Denton, Company D, is transferred to Company A.; Lieutenant A. E. Moore, Company A, is transferred to Company D.; First Sergeant H. L. Dyer, of Company B. to be lieutenant by brevet of same company, vice Bulkley, promoted; First Sergeant R. S. Lane, Company A., is transferred to Company B., vice Dyer, brevetted; Sergeant F. T. VanAuken, Company B., to be first sergeant Company A., vice Lane, transferred; Sergeant A. F. Conant, Company D., is transferred to Company B.; Corporal M. H. Long, Company D., to be sergeant of same company, vice Conant, transferred; Cadet C. F. Neagle, Company A., to be corporal of same company, Cadet P. M. Brown, Company C., to be corporal of same company; Cadet A. V. Scott, Company C., to be drummer. All lance corporals in the battalion were returned to the ranks February 15. An examination, open to all cadets in the first year class in good standing, to fill five vacant positions as corporals, will be held Wednesday afternoon in the commandant's room. The warrants and commissions for the officers enumerated above will be issued next week.

FUNERAL OF G. W. FORCE.

Private Services Were Held From the House Yesterday Afternoon.

The funeral services of the late George W. Force were held yesterday afternoon at 3 o'clock from the house in West Second street. On account of the services being private there was no one present outside of the relatives and a few very intimate friends.

Rev. Dr. W. R. Richards, of the Crescent Avenue church, assisted by Rev. C. L. Goodrich, of the Congregational church, officiated, the former making a few remarks and the latter offering prayer. There were a few very beautiful flowers expressing the high esteem in which the departed was held.

The interment took place in Hillside cemetery. The pall-bearers were Augustus VanDeventer, Charles C. Burnett, John M. Burnett, S. H. Whitney, J. W. Davis and B. R. Force. The last named one is a son and the others sons-in-law of the deceased.

BIG CROWD EXPECTED.

At Miss von Ohl's Debut at Reform Hall Tomorrow Night.

From the advance sale of tickets, there is no doubt but what Reform Hall will be crowded tomorrow evening, when Miss Gladys Adele von Ohl will make her debut in the production of the "Sculptor's Daughter." Miss vonOhl will be supported by Richard Foote, the California tragedian, and a company of local talent. The piece will be well costumed. There will be excellent music and good stage settings. Doors will open at 7:30 and the performance will begin promptly at 8 o'clock.

Returned to Japan.

Miss Minnie Carpenter, of Dunellen, who has been a missionary in Japan for several years, started yesterday on her return trip to Mito, Japan, after a short stay in this country. She is under the care of the Woman's Baptist Foreign Missionary Board at Boston, auxiliary to the Baptist Missionary Union.

FORMATION OF NEW REGIMENT

ARRANGEMENTS PRACTICALLY COMPLETED FOR THE NEW FIFTH.

Companies Which Will Compose It—Organizing the Necessary New Companies.

(Special to The Daily Press.)

Trenton, Feb. 21—Arrangements have been practically completed by the military authorities for the organization of the new Fifth Regiment of the State National Guard. According to the programme as now understood, the regiment will be made up of the four Paterson and Passaic companies recently transferred from the First Regiment, two companies to be recruited in Orange, one in Montclair, one in Dover, one in Rutherford, and three companies from Englewood and Hackensack to be transferred from the Fourth Regiment.

Orders transferring the Bergen county companies and providing for filling the vacancies in the Fourth Regiment by the recruiting of new companies in Jersey City have just been issued. It is understood that there is some friction over the organization of the Montclair company, and that two petitions are in circulation there.

Governor Murphy has approved orders for the muster in of the Orange companies, and it is understood that the plan is for a battalion with headquarters at Orange and a local major, as there is a battalion armory in that city, and the Paterson armory was built for only two battalions.

Men who stand high in National Guard circles assert that no orders for an election for a new brigadier-general for the First Brigade would be issued until the Fifth Reigment is fully organized, so that the field officers of that regiment may have a vote in choosing the new brigadier.

TWO NEW BILLS.

Introduced by Assemblyman William Newcorn at Trenton During the Week.

Assemblyman William Newcorn, of this city, is beginning to get in his good work at Trenton. This week he introduced two bills, one of which is a revision of laws. The first bill provides that when a Board of Freeholders shall declare a court house and buildings inadequate a committee consisting of the director of the board and two members thereof shall have charge of the erection of new buildings.

The second bill makes the chattel mortgage act of 1885 null and void against the creditors of the mortgagor after five years from the recording of the mortgage, unless the mortgage be re-recorded.

Not Official Streets.

Inquiries have been made by residents of West Fifth and West Sixth streets, between Grant and Monroe avenues, why those sections of the thoroughfares were not cleared of sidewalk snow by the street department. Investigation proves that those streets between the points named have not been accepted by the city, and the street department is in doubt whether the cost could be collected as taxes, provided the work should be done.

VOTERS TO SETTLE MUNICIPAL OWNERSHIP

A Well-Founded Rumor That Borough Council Will Put Question to the People.

AT SPRING ELECTION.

ANNUAL TAX BUDGET WILL ALSO BE FIXED AT THE MEETING.

Several Important Subjects Which Will be Considered at Meeting of the Borough Council to be Held This Evening.

In all probability decisive action will be taken at the special meeting of the Borough Council, this evening, relative to the ultimate disposal of the important question of municipal ownership of a water plant. There's a well founded rumor that, on the recommendation of the committee having the subject in charge, the councilmanic body will have the matter laid before the voters at the coming borough election in March. With them then will rest the final disposition of the proposition of establishing and maintaining a public water plant.

Mayor Smalley and one or two of the councilmen who have been approached to ascertain the truth of this story decline to state positively whether this is the intention, but notwithstanding their attitude there is reason to believe that some action of this sort will be taken tonight. Should the Legislature, however, take favorable action on the measure proposed by Messrs. Saunders and Van Wyck regarding the consolidation of the city and borough, naturally the question of municipal ownership will not be brought before the voters.

Another important matter to come before the body will be the consideration of the annual budget. The estimates will have to be agreed upon this evening, so that it may be definitely known just how much will be needed for the running expenses of the administration during the coming year. The reports of the various standing committees will also be presented this evening. These reports will cover the work accomplished during the past year, and naturally that from the street committee will be the most interesting. The meeting this evening is going to be an important one.

CASINO OFFERING.

Excellent Bill Will be Presented Tomorrow Afternoon and Night.

One of the best of the several vaudeville entertainments, that has been seen here in this city, is the offering at the Casino tomorrow afternoon and evening. A splendid bill has been prepared, in which Sam Edwards, the famous comedian late of the Frohman and Belasco companies, and the Ford brothers, champion dancers, assisted by a number of other talented people, will be seen to splendid advantage. It will be a performance worthy of attention and liberal patronage. Popular prices will prevail at both the afternoon and evening entertainments. A special price of admission has been arranged for children at the matinee preformance. Reserved seats can be secured in advance on application at Armstrong's and Rowley's pharmacies.

IN CHARGE TEMPORARILY.

W. W. Moore Will Remain as Lay Reader at the Bishop's Request.

Until the newly-appointed missionary is able to take charge of the work at the Church of the Heavenly Rest, William Winans Moore will continue his services as lay reader by special request of Bishop Scarborough. Rev. Mr. Beach, who has been assigned to the parish by the head of the diocese, will not be able to assume his duties for several weeks. Either the missionary or some other clergyman will be here Sunday to officiate at the celebration of Holy Communion.

Camp-Fire.

The Woman's Association of the Congregational church will hold a "Home Missionary Camp-Fire" this evening, to which the whole congregation and friends are invited. John M. Whiton will give an illustrated talk on "Our Flag." There will be violin and quartette music of a patriotic character. A social hour with refreshments will follow.

—The list of fresh vegetables at Neuman Brothers tomorrow will embrace tomatoes, string beans, fancy head lettuce, celery, cauliflower, brussel sprouts, egg plant and new potatoes.

CHARITY WORKERS MET IN STATE CONFERENCE

First New Jersey Conference of Charities and Corrections Convened at Trenton.

FINAL SESSIONS TODAY.

MANY IMPORTANT SPEAKERS WERE PRESENT TO GIVE THEIR IDEAS.

Representatives in Attendance From Every Municipality in the State —Discussed Methods of Charitable and Correctional Work.

(Special to The Daily Press.)

Trenton, Feb. 21—The first New Jersey Conference of Charities and Corrections convened in the Assembly chamber at the State House, yesterday afternoon, and continued its session this morning. Representatives are in attendance from every township, city and county in the State.

Yesterday the gathering discussed and listened to the reading of papers relative to all departments and methods of charitable and correctional systems and had the benefit of the experience of the foremost workers in this line of activity. The first session opened with an address of welcome by Francis B. Lee, of this city, which was responded to by Major Z. K. Pangborn, of Jersey City. The session was conducted by Prof. John H. Finley, of Princeton University.

There were five minute addresses by prominent charity workers on the following topics: "How the Poor May be Helped to Help Themselves," "Caring for the Poor in Almshouses," "Caring for Dependent Children," "Caring for the Feeble-minded, Epileptic, Insane," "Correctional Work" "Probation Work," and "State Associations."

Last evening Mayor Frank S. Katzenbach presided, and papers were read by Rev. Amory H. Bradford, of Montclair; Governor Murphy, Mrs. Williams, of the State Charities Aid; Judge J. Franklin Fort, who drew the present probation act, and the Hon. Charles T. Lewis, of New York.

The final session was held this morinng and was devoted to the consideration of "next steps." Rev. Dr. Edward L. Scudder, of Jersey City, opened the session with a discussion on the topic "The Relation of the church to Organized Charity." Secretary Mitchell, of the State Board of Health, and Dr. Mary J. Dunlap, of the State Institution for Feeble-minded Women and Girls, read a paper on the necessity and practicability of a State hospital for consumptives. Superintendent Dill, of the Essex County Hospital for the Insane, spoke on the importance of trained nursing in almshouses and insane hospitals.

Statistician Hoffman, of the Prudential Insurance Company, explained the need of gathering social statistics and having these statistics uniform throughout the State in almshouses, hospitals for the insane, jails, etc. Superintendent H. M. Weeks, of the State Village for Epileptics, explained why and how epileptics should be separated.

BELATED CONGRATULATIONS.

Extended to Mr. and Mrs. John Utzinger at Reception Given Them.

Mr. and Mrs. John Utzinger, of Grandview avenue, who announced their marriage the fore part of the week, were tendered a reception by a large number of friends, Wednesday evening. The belated congrafulations were then extended with a heartiness that repaid for the wait. It is the intention of Mr. and Mrs. Utzinger to leave Monday for a trip to Boston and other points in New England.

Sunday Y. M. C. A. Meeting.

Commander Albion V. Wadhams, of the United States Navy, will speak and W. Paulding DeNike will render 'cello solos at the Y. M. C. A. meeting Sunday afternoon at 4 o'clock. Admission by ticket until 3:55 o'clock.

Engagement Announced.

Announcement is made of the engagement of Msss Florence Morrison and George W. VanVechten, of New Brunswick. Miss Morrison is a sister of William Morrison, of the borough.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. L. W. Randolph.

WHAT PEOPLE ARE DOING

SOME BRIEF PARAGRAPHS OF A PERSONAL NATURE.

Many Folk of Greater Plainfield Are Entertaining or Being Entertained.

Mrs. John Ulrich, of this city, has been visiting friends at Raritan.

Lawyer Isaac P. Runyon, of the borough, is detained at home by illness.

Miss Sadie Holmes, of the borough, has been visiting relatives at North Branch.

Mrs. John Schaub, of Raritan, has been visiting Mrs. Frank Keller, of this city.

Mr. and Mrs. Campbell MacKillop, of Lafayette place, contemplate moving to Summit.

Dr. Sarah D. Keeney, of West Fourth street, is steadily improving from a serious illness.

Justice and Mrs. Sutphen, of Somerville, have been spending a short time with Plainfield friends.

Miss Minnie Force, of Carlton avenue, has returned from a visit with friends in Hunterdon county.

The young daughter of Mr. and Mrs. Drew, of West Front street, is improved from a serious illness.

Doorman Thomas McCue, of police headquarters, is confined to his home on West Fourth street by illness.

Howard Warnock, of Arlington avenue, who has been ill with scarlet fever, is rapidly gaining in strength.

Mr. and Mrs. George Dufford, of Somerset place, have been entertaining relatives from Hunterdon county.

The family of Col. Mason W. Tyler, as well as his many friends, are much pleased with his steady improvement from a serious illness.

Charles Westerfield, a former resident of this city, but now of St. Joseph, Mo., returned home yesterday after a visit with relatives in town.

Harry Lunger, night chief operator at the local telephone exchange, returned to duty last evening, after being detained at home for the past week by illness.

Joseph T. Case, of East Second street, continues to improve from his critical illness. When he gains a sufficient amount of strength he may go to Arizona for an indefinite time.

A young son, who arrived Tuesday evening, is now the centre of attraction at the home of Mr. and Mrs. Charles Ward, of West Front street. Mrs. Ward was formerly Miss Edith Hulbert.

Month After Month

A cold clings to you. The cough seems to tear holes in the delicate tissues of the throat and lungs. You lose weight and you wonder if you are threatened with a disease you scarcely dare to name. COLUMN FOR THE SHOPPERS

SOME OF ATTRACTIONS TO BE FOUND AT LOCAL STORES.

A Few Interesting Items Concerning Greater Plainfield's Merchants

The best of everything in the bakery and confectionery line, always fresh, is the offering at John Wirth's West Front street confectionery. Orders may be 'phoned and will be delivered promptly.

If you have any pictures at home that need framing an opportunity is now offered by the Plainfield Art Store in the Y. M. C. A. building to have it done economically. At present the firm will make a twenty-five per cent. reduction in all frame work.

The sweetest flowers of June are not one whit prettier than those to be found at Mrs. L. J. Denton's conservatory on West Front street. She has an unusually fine assortment of flowers, as well as plants of all kinds. Orders for all kinds of decorations are promptly attended to.

A soul without music shows a lack of training to a marked degree. If one would cultivate the best music they must have the best piano. You can find the best pianos with the sweetest tones at G. H. Kenyon's store on West Front street. The McPhail piano is one of his leaders.

R. J. Shaw is making preparations to remove to his new store on West Front street shortly. When all the furnishings are in place it will be one of Plainfield's model pharmacies. Everything in the drug and toilet line will be carried and Mr. Shaw will make a specialty of low prices.

City Suing For Taxes.

Constable W. R. Mattox levied, Wednesday afternoon, on a number of bar fixtures stored in the McIntyre building on North avenue from the defunct Imperial Cafe. They are the property of Hibbard & Jones, the former proprietors, and will be sold Monday to secure the amount due the city from the owners for unpaid personal taxes.

Tossed Out of Sleigh.

While driving on West Front street, yesterday afternoon, Dwight Fisher, of Mt. Bethel, was thrown from his sleigh opposite Flynn Brothers store. He escaped with slight bruises and a shaking up. The horse was stopped some distance farther up the thoroughfare.

—John Gray, of West Third street, has resigned his position with A. M. Griffen.

—Mr. and Mrs. Horsley Barker, of Grove street, will take up their residence in Brooklyn, March 1.

FORTY-SEVEN YEARS SERVICE

BUSINESS RECORD OF DEPARTMENT COMMANDER OF THE G. A. R.

Has Spent That Time in Employ of Janeway & Company, of New Brunswick.

The fifth annual meeting of the executive board of the Woman's Exchange, of Plainfield, was held Tuesday, Feb. 11, in the guild room of Grace P. E. church. The election of officers for the year resulted as follows: President, Mrs. O. T. Waring; first vice president, Mrs. D. N. VanBuren; second vice president, Miss Elizabeth R. Cock; recording secretary, Mrs. Hyatt; corresponding secretary, Mrs. L. W. Serrell; treasurer, Mrs. Carl Pfeiffer; auditors, Mrs. Craig A. Marsh, Mrs. Wm. Stillman.

The treasurer's report for the year beginning February, 1901, and ending February, 1902 was as follows:

RECEIPTS.

Balance on hand Feb. 1, 1901	$ 46.63
Received from sales, etc	7,216.06
Subscribers' dues	370.00
Donations from three charitable entertainments	359.90
Donation (Miss E. Morris)	25.00
From publisher of exchange book	10.00
Total receipts	$8,027.59

EXPENDITURES.

Paid to consignors from sale of their work	$6,596.74
Salaries of superintendent, assistant and errand boy	798.50
Rent	260.00
Water rate, heating, telephone, cleaning and other necessary expenses	368.86
Total expenditures	$8,024.10

We thus have a small balance on hand of $3.49. The receipts for the past year's work show an increase of over $2,500.

In presenting this fourth annual report of the condition of the Woman's Exchange, the members of the executive board feel gratified and encouraged. The number of consigners has increased to one hundred and fifteen, and their work has reached a standard of great excellence. The work has steadily increased, and we have found it absolutely necessary to give our superintendent an assistant.

The fact must be borne in mind that our expenses, in our working corps, are augmented in exactly the same proportion as our receipts. We need more annual subscribers to help us. Indeed any addition from a legitimate source to our income, is most gratefully received.

We receive from our sales only 10 per cent. commission to carry on our work. This is not sufficient. We can never make the Woman's Exchange self-supporting. Such has never been the case anywhere. One of these admirable organizations (in a neighboring city) is now entering upon its forty-sixth year of good work, and even there the problem of making a Woman's Exchange self-supporting, has not yet been solved. We can never overtake our expenses by any income from sales. For this reason, we appeal to our generous public to help us in carrying on our work, by their patronage, their personal interest and their subscriptions. Otherwise, our exchange, so fraught with good to many refined families in our midst, must go down in its struggle for existence.

Annie F. Hyatt,
Recording Secretary.

TEAM TO ORGANIZE.

St. Mary's Will Choose Manager and Captain at Tomorow's Meeting.

The St. Mary Athletic and Literary Association will hold an adjourned meeting in T. A. B. Hall, tomorrow evening, to consider baseball matters for the coming season. A manager and captain will be elected and a committee will be appointed to select available material from the applicants for places on the nine. Committees will also be appointed to make arrangements for the fair which the organization is to hold in T. A. B. hall to procure baseball funds for equipping the team.

Gets His Money's Worth.

The unique sale to be conducted by Asa Collier, the Park avenue jeweler, commencing Thursday afternoon, Feb 27, at 2 o'clock, promises to be one of great interest and profit. Mr. Collier will hold a package sale, charging fifty cents for each package. Not until the package is opened will the purchaser know what he has, but he can rest assured that it will be fully worth the price paid, and possibly a great deal more.

First Dress Rehearsal.

The members of the Y. M. A. minstrel troupe will have their first dress rehearsal tomorrow night, when all will appear in the uniforms to be worn on the night of the performance. A photographer will be in attendance and secure a picture for publication.

Residence for D. F. Ginna.

Daniel F. Ginna, of Watchung avenue, has plans out for a very fine dwelling for his own occupancy. It is proposed to erect it on the corner of the property now occupied by his father, S. A. Ginna. Evarts Tracy is the architect.

Wm. Monfort, of West Fifth street, is detained at home by illness.

MANY OUT ON THE SPEEDWAY

LOCAL HORSEMEN ENJOYED SLEIGHING ON EAST FRONT STREET.

Sundry Exciting Brushes in Which the Honors Were Well Divided.

The scene on East Front street, between Richmond and Berckman streets, yesterday afternoon, reminded one of winter days down east. The speedway was in excellent shape and the numerous sleighs bounding over the well packed snow furnished a pleasing winter sight.

Mayor Newton B. Smalley was conspicuous among the drivers, and he and L. M. French were the participants in several impromptu races. First one and then the other would win a heat, if such it could be called, while the crowd urged them on. Harry Potter glided along, but he could not be induced to let his horse "go," but Herbert S. Taylor occasionally showed what his trotter amounted to as far as speed is concerned.

Senator Reed, who had taken part in the sport Wednesday afternoon did not appear, but his law partner, Judge W. A. Coddington, was on hand and he lost no time in trying his horse's speed. Among the others on the speedway during the afternoon were Edson C. Martin, who was travelling at a rapid clip and David W. King.

One Candidate to Muster In.

The Women's Union Relief Union, an auxiliary of the Union Veterans' Union, will hold a meeting in G. A. R. Hall this evening. One candidate will be mustered in as a member and there will be some important business transacted at the session.

Saw the Mardi Gras.

Elston M. French, of Somerset street, is sojourning at the St. Charles', New Orleans. He witnessed the Mardi Gras festival, and leaves Louisiana Saturday for Florida, where he will make a short stay.

—Every member of the Christian Endeavor Society of the First Baptist church is earnestly requested to attend the consecration service this evening.

HOLIDAY PLANS IN CITY AND BOROUGH

What is Booked to Happen Here Tomorrow During Washington's Birthday.

SOME BUSINESS DONE.

MOST OF THE STORES WILL BE OPEN ALL DAY.

Entertainments Arranged for Afternoon or Evening at Casino, Y. M. C. A. Hall and Reform Hall—Other Attractions.

It was 179 years ago that George Washington, destined to become the father of a great nation, was born and tomorrow will witness the annual observance in his honor. His memory hallowed by 80,000,000 citizens of these United States and respected throughout the world, the tribute tomorrow will be general. Here in Plainfield there will be the customary recognition of the day, but the fact that the occasion this year falls on a Saturday will alter the fulness of the observance to some degree.

Generally the stores will be open most all of the holiday. The postoffice will be closed at 10 o'clock and the city offices will be shut up all day as will also the First National and the City National banks and the Dime Savings Institution. No paper will be issued by The Daily Press.

There will be some attractions during the day and evening. Vaudeville bills will be presented at the Casino in the afternoon and evening. The performances begin at 2:30 and 8:15. Among the artists who will appear will be vocalists, acrobats, terpsichorean marvels, comedians, sketch actors, wooden shoe dancers and monologists. Commander Albion V. Wadhams, U. S. N., promises to draw a big house at the Y. M. C. A. in the evening. His lecture will be one of the chief events of the Star Course. "Yarns About Jack and Others" is the topic and the stories he will reel off will be replete with wit, humor and patriotism. For one who wants to enjoy some roars of laughter the Y. M. C. A. will be the place for him tomorrow evening. The talk is scheduled for 8 o'clock.

Richard Foote, the California tragedian, will appear at Reform Hall in the evening in his four-act tragedy "The Sculptor's Daughter." Miss Adele T. von Ohl, a Plainfield girl, will make her professional debut on this occasion. Others in the caste include Bob Mattox, B. W. Hand, John Manley, John Goodwin, Will Kenyon, Miss Margaret Hoffman and Miss Suzanne Kranz. The costumes will be especially fine.

A Martha Washington supper will be held in Hope chapel. The hours are from 5:30 until 8:30 o'clock in the evening. A musical and literary programme will be a feature of the affair.

There will be few outdoor sports, except sleighing and it will not be of the best.

TO CELEBRATE DAY.

Washington Camp Ground Association Will Hold Exercises.

(Special to The Daily Press.)

Bound Brook, Feb. 21—The annual reception and meeting of the Washington Camp Ground Association will be held in the assembly room of the Bound Brook public school, tomorrow afternoon at 3 o'clock. W. H. Whiting, as president of the association, will preside, and it is expected that there will be a large gathering of people from this section of the State. The programme will be as follows:

Singing—"America."
Invocation . . . . . Rev. A. S. Phelps
Singing—"The March of the Guards," Halcyon Male Quartette.
Secretary's Report . . . . . W H Dunham
Treasurer's Report . . . . . Frederic Coriell
Election of new members.
Election of officers.
Miscellaneous business.
Presentation to public school of picture of Wm. McKinley . . . . . J B. Cleaver
Acceptance of picture on behalf of school, Gaius Hoffman
Singing—"The Sousa Girl," Halcyon Male Quartette.
Address—"The Standard of Washington," Dr Willis Fletcher Johnson
Singing—"Red, White and Blue."

The officers of the association are: President, W. H. Whiting; vice presidents, C. H. Perry, W. H. Ayres, J. B. Cleaver; secretary, W. H. Dunham; treasurer, Frederic Coriell; historian, Rev. T. E. Davis; trustees, A. J. Bailey, W. B. R. Mason, P. J. Staats, C. H. Perry and George LaMonte.

Residence Near Golf Club.

Frank Hyde, of Rahway road, has plans out for a handsome dwelling to be erected near the Park Golf Club course, close to a new roadway recently opened. It is expected that work will be started in the spring.

—The regular monthly consecration meeting will be held by the Christian Endeavor Society of the East Third Street chapel this evening. "Obedience" will be the topic.

IMPROVEMENT WANTED.

When the Common Council meets Monday evening, the members will be prefectly justified if they officially chronicle their wonder as to what has become of the improvements to the service of the Elizabeth, Plainfield and Central Jersey Street Railway. Sometime ago, the members of the Common Council formally called the atttention of the officials of that company to the very unsatisfactory conditions existing at the present time. Attention was called to the indebtedness of the company to the city. The money was paid but there hasn't been any improvement in the service.

The feeble way in which the trolley company struggled against the heavy snow storm of Monday evoked words of condemnation on all sides. While it was not expected that the cars would be running regularly during such a storm, some effort on the part of the company to meet the emergency was looked for. It was all in vain, however, and the Plainfield system was the slowest in recovering from the effects of the storm that it has been since the first street railway was started in Plainfield.

Only a comparatively short time ago, a prominent Plainfielder met Senator McCarter, of Newark, who has an interest in this company, and called his attention to the wretched service which Plainfield is getting. Mr. McCarter said that it was only a short time ago that the officials of the company had discovered that the service here was anything but satisfactory. They only learned it when the Common Council called their attention to the fact. The Plainfielder's reply was that the trolley officials ought to pay just one visit to Plainfield and see for themselves.

In the eyes of such men as Mr. Mc Carter, the Plainfield lines are only a small and comparatively unimportant part of a big system. To Plainfield, however, it is the local system which occupies the all important position. It would, therefore, be a wise ccurse for the Common Council to pursue to again call to the attention of the officials of the company that there must be some prospect of improvement or else the Council will proceed to more strenuous measures.

It was welcome news to the borough of Dunellen that its representative in the Middlesex county Board of Freeholders will remain there. Under the new law regarding boroughs, it was a question as to whether Dunellen and Metuchen were entitled to membership in the board. While the circumstances in the case did appear, from the surface, to be against Dunellen, the case has now been quashed without waiting for a final settlement by the courts.

The Daily Press will not be issued tomorrow as it will be Washington's Birthday, a legal holiday in New Jersey.

To Raise Funds for Baseball.

A meeting of the board of directors of the Plainfield High School Athletic Association was held this afternoon. The object of the meeting was to devise some plan to raise funds for the base ball team.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. L. W. Randolph.

DUNELLEN.

A sale of the household goods belonging to Mrs. Smith W. Laing was held yesterday afternoon at her residence on Front srteet. The sale was largely attended but all the goods sold brought only low prices. The bidding was slow and a large number of goods remain unsold. Another sale will be held Saturday to dispose of the remainder. George Day was the auctioneer.

The Bound Brook trolley company has again gotten its road between here and Bound Brook in operation after a delay of about two days caused by one of their cars getting stuck in a large drift over the track in Dewey Park. The large snow plow owned by the company had been in use on other parts of the road and the car could not be gotten out by ordinary means.

A reception will be held in Apgar Hall this evening by the Dunellen dancing class. A large number of out of town guests will be present and it is expected that the affair will be the event of the season.

Charles Lake was so unfortunate as to lose a silver watch while on a sleigh ride Wednesday night. He has no hope of recovering it as he does not know where he lost the article.

Despite reports to the contrary, Barney Siriski, the local barber, is not to move his business or residence to any other town or location. He says Dunellen is good enough for him.

Before today's storm began the sidewalks on North avenue were cleared all the way to the trolley station by men employed by the borough.

Mrs. Abram Welson visited in Plainfield yesterday.

PLAINS AND FANWOOD.

Washington Birthday exercises were held by the public school this afternoon at 1:30. An interesting programme of recitations and orations by the children was rendered and enjoyed by the pupils and a number of the friends of the school. During the exercises, Dr. J. Ackerman Coles presented to the school two life-size busts of George Washington and Benjamin Franklin, the former in memory of his father, and the latter in memory of his grandfather.

The Baptist Sunday-school is making an effort to push the home department of the school. A committee has been appointed to canvass for members and its work is meeting with encouraging success. The school has been identified with a home department for several years, but no special work has been done toward increasing the membership since the department started.

Township Committeeman Bruchman has succeeded in opening the sidewalks and roads through the township which have been almost impassable in some places since the blizzard of Monday. A large gang of men were put to work as soon as the storm abated and the work was rushed by Mr. Bruchman with all possible haste, but it was not until yesterday that the work was completed.

The Elizabeth, Plainfield and Central Jersey Railway Company began running cars again yesterday. The schedule was very uncertain but was much better than no service. The road has been tied up by the blizzard since Sunday night.

The subject of the prayer meeting in the Baptist church tonight will be the eighth of Rev. Mr. Shott's series of topics on "Miracles," the subject tonight being "Opening the Eyes of the Blind." No meeting will be held Saturday evening.

IN HONOR OF GUEST.

Mrs. Frederick V. Greene Entertained at Her Home Last Night.

Mrs. Frederick V. Greene, of 29 Willow avenue, entertained a few friends at her home last evening in honor of her cousin, Miss Marguerite Marx, of New York, who has been her guest. During the evening there were piano solos by Miss Mae Brower and Mrs. Greene, piano duets by Miss Marguerite Marx and Frederick V. Greene and recitations by Miss Lulu Randolph.

Following the informal programme of music and recitations, the guests enjoyed dancing, after which refreshments were served. Among those present were Mrs. Frederick V. Green, the Misses Mae Brower, Sadie Randolph, Lulu Randolph and William Moore, William Abbott, Richard Randolph, Clifford Manning and Harry Joseph.

PROF. GRIGGS' TALK.

First of a Series on Browning Before Monday Afternoon Club.

Professor Edward Howard Griggs, the scholar of literature who favored Plainfield audiences last spring with lectures on Dante's Divine Comedy, commenced a series of talks on Browning, before the Monday Afternoon Club, yesterday afternoon. The address was made in the Sunday-school room of the Crescent Avenue church and there was a large attendance.

The attitude of the great English poet formed the basis for his remarks. At some length he dwelt upon the grandeur of Browning's character, declaring that he was the only great genius whose life was entirely without stain. Some time was devoted to the poet's shorter works, particularly Rabbi Ben Ezra, and he handled his subject in his usual masterly way.

Fumigated House.

Health Inspector Pangborn fumigated the house of John Caladama at Piscataway yesterday. A young son had just recovered from the scarlet fever.

SCHOOLS HELD EXERCISES.

Washington's Birthday Was Observed in City Schools Today.

Washington's Birthday was observed at the city public schools this morning. In the Irving School the various classes participated in the exercises held in the chapel. The Battle of Trenton was described by one of the teachers. Here as in the Bryant School the affair was more elaborate than in former years. In the later school recitations were given by Philip Mosher, and the Misses Mary McMahon and Elsie Organ and a selection read by Miss Edna Cronce. Recitations were also given by a number of boys in the second year B. class and girls in the third year B. class. Patriotic songs were sung.

In the Washington School sketches of Washington's life were given by pupils of the fifth grade. Robert Green recited and the school saluted the flag. Sousa's "Stars and Stripes" were among the songs.

Police Stopped It.

A practice of throwing ice and snow shovelled from the trolley tracks opposite the postoffice into the street, near Madison avenue, was stopped yesterday afternoon. Patrolman Saffron ordered the trolley company's force of men to stop the practice and his order was reluctantly complied with.

Pleasant Sleighing Party.

One of the pleasant sleighing parties of last evening was the one given by the Misses Cahoone, of Watchung avenue. There were fifteen guests and all had a delightful time. On returning home the party stopped at L. W. Randolph's pharmacy, where hot chocolate was served.

SPEDON WAS THERE.

Entertained Members of Greenbrook Council, R. A., Last Evening.

After the regular meeting of Greenbrook Council, No. 1725, Royal Arcanum, last evening, the members were entertained by Spedon, a lightning sketch artist. He is an Arcanumite and his work was of a high order. He also gave several recitations that were fully enjoyed.

There were members from Plainfield Council, No. 711, Royal Arcanum, and Orator O'Keefe, of that Council, favored the members with several vocal solos. There was fully eighty-five per cent. of the membership of Greenbrook Council present. Another entertainment for the members will be given Thursday evening, March 6.

Sleigh Load From Westfield.

A party of seventeen young folks from Westfield came to Plainfield last evening on a strawride. It was a jolly crowd and they made lots of fun for themselves. While in this city they stopped at L. W. Randolph's pharmacy, on West Front street, and regaled themselves with hot chocolate and other good drinks served at the fountain.

Set Date For Reception.

The Red Men's fair committee met last evening and collected additional money and decided to give a reception in Red Men's Hall March 5, which will be open to all Red Men and members of Iona Council, Degree of Pocohontas, of this city.

Another Ned.

It was "Ned Norton," and not "Ned Davis," that was on the speedway Wednesday afternoon. "Ned Davis" is not being used just at present.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning Feb. 23—Comment by Rev. S. H. Doyle.

Topic.—Obedience.—I Sam. xv, 22, 23; I Kings iii, 14; Rev. xxii, 14.

The obedience of the topic is obedience to God. It is the duty of every man born into this life to obey God "Fear God and keep His commandments. This is the whole duty of man." But we should not only obey God, but our obedience should be prompt and cheerful. Our obedience should be characterized by the spirit of the psalmist when he said, "I will run in the way of Thy commandments" and "I will delight to do Thy will." God not only loves cheerful giving, but cheerful obedience.

But if obedience is doing God's will and is of such great importance, what does God want us to do? God's will is revealed within us, and in his revelation the Bible, conscience, the voice of God within us, tells us what is right and what is wrong and urges to shun evil and to do good. The Bible also teaches us "what man is to believe concerning God and what duty God requires of man." How important that we hear and heed the voice of conscience! How important that we know and understand the word of God! There God tells us that He wants us to accept Jesus Christ as our Saviour and that He wants us to obey His laws and do His will in Christ.

The topical references present two important facts, both of which should inspire us to obedience to the will of God.

1. The consequences of disobedience should inspire us to obedience. Disobedience means rejection by God and the ruination of life. How awfully is this illustrated in the case of Saul! No young man ever faced life under more promising circumstances than Saul, the first king of Israel. In physical appearance, in intellectual attainments, in political powers, in spiritual equipment, Saul stood pre-eminent among the men of his day. Yet all his hopes and prospects for life were blasted in an hour. One act of disobedience led to his rejection of God, and he fell to the lowest depths and died by his own hand! What a wrecked life, and all because of disobedience! And how many modern Sauls are wrecking their lives by disobeying the laws of God. Talents, opportunities, positions, count for naught if we are trampling under foot the will and laws of God.

2. The blessings of obedience should inspire us to it. Precious promises are attached to God's commands to obedience. God promises to bless us in this life if we will obey him. "If thou wilt walk in My ways to keep My statutes and My commandments, * * * then I will lengthen thy days." God promises to bless us in the future if we obey him. "Blessed are they that do His commandments, that they may have right to the tree of life and may enter in through the gates to the city." Such precious promises should inspire us to obey God promptly, cheerfully, fully.

Christ's Sympathy.

Christ shows Himself especially sympathetic with questions of domesticity, as when at the wedding in Cana He alleviated a housekeeper's predicament, as when tears rushed forth at the broken home of Mary and Martha and Lazarus. Men are sometimes ashamed to weep. There are men who, if the tears start, will conceal them. They think it is unmanly to cry. They do not seem to understand it is manliness and evidence of a great heart. I am afraid of a man who does not know how to cry. The Christ of the text was not ashamed to cry over human misfortune. Look at that deep lake of tears opened by the two words of the evangelist, "Jesus wept!" Behold Christ on the only day of His early triumph marching on Jerusalem, the glittering domes obliterated by the blinding rain of tears in His eyes and on His cheek, for when He beheld the city He wept over it. O man of the many trials, O woman of the heartbreak, why do you not touch Him?—Talmage.

Nothing but His Own Will.

Nothing but the setting up of his own will separates man from his true life in God. And in the strong language of an old writer, "Nothing burneth in hell but self will." The human will must be harmonized with the Divine will, the human spirit must be reunited to the Divine spirit, or hopeless disaster overtakes the soul. To accomplish this restoration is the work of the invisible Christ within us. His Spirit broods always over the chaotic waste of our restless lives—restless and shapeless until recreated into the image of His Father and reinspired with the breath of His own eternal being. We find ourselves, we know ourselves, we are ourselves, only in Him.—Lucy Larcom.

The Song of the Angels.

No sweeter song, no richer benediction, ever thrilled the air of earth than that of the angels of Bethlehem! "Peace on earth" is surely a gift of heaven. This is the world of sin, and so peace, like its Prince, finds "no room in the inn." Enmity, hatred, murder, redhanded war, are the natural fruits of sin. Peace, like its Prince, is a stranger and a protest and struggles for a place and a home and a kingdom on earth. How strong and happy are we in our confidence that one day "peace shall flow as a river and righteousness as the waves of the sea!"—Central Presbyterian.

EPWORTH LEAGUE

Topic For the Week Beginning Feb. 23, "Obedience"—Text, I Sam. xv, 22, 23; I Kings iii, 14; Rev. xxii, 14.

"To obey is better than sacrifice."

"Blessed are they that do His commandments."

This does not always appear the easiest or most attractive way. Indeed, it is often much easier to pay a heavy forfeit or incur severe penalty than to do the straightforward, plain and simple duty. It takes more manhood to obey than to give a costly sacrifice. Many a person will give $10 in a cause rather than speak a word or be bothered to think of the subject. Sacrifice is worship by proxy. Obedience is personal service. Sacrifice kills something else. Obedience kills one's own self will and pride. The one presents things, while the other presents self to God.

To obey is not to go through outward motions merely. It is from depths of the heart to recognize another's dues and one's own duty to pay those dues, and more than such assent of mind is the consent of feeling that it is good to do it, and we prefer such course to any other one possible. The glad response of heart is the most valuable part of all obedience. Lack of understanding, even misunderstanding, can be overlooked, and mistakes of mind also, but where the intention is not right, where love is lacking and will is rebellious and service is performed grudgingly, it is impossible to pass it by. There must be correction until there is complete change of attitude.

"Right to the tree of life."

Great stress has been put in times past on the personal element of the judge in the adjustment of rewards and penalties under the divine law until it is to be feared not a few have conceived of it as rather matter of caprice or favoritism than of justice mercifully and lovingly administered. It is well sometimes to look at the whole subject on its natural side as the orderly working of forces which must inevitably result in certain ends. We are made in a certain way and are surrounded by a world in which the interworking of powers is fixed to move according to definite laws. Violation of these laws brings disaster, obedience to them brings prosperity. No special pleading will alter results. No favoritism need be expected. No caprice or prejudice can be discovered. The merit system prevails here. Obedience to spiritual law gives right to the tree of life—that is, it opens the path, it is the means by which the eternal life is appropriated. It is the method by which one enters through the gates into the city. God loves the world with infinite compassion, but not with lawless disregard of moral distinctions. He gives His only begotten Son that men may be saved. But the provision of salvation is restricted to those who will accept Him. Those who perish not are the "whosoever believeth on Him." They have eternal life because spiritual processes in them produce that result as naturally as vital processes in the body produce physical life and health.

We must keep God's directions for soul life and strength if we will have eternal blessedness. Neglect is as fatal as rebellion. No one becomes good by mere wishing. Jesus learned obedience—learned it through the things which He suffered. God leads us the same road.

Having Peace.

We cannot have peace if we are living our own life, striving for our own will, seeking to walk in our own way. But if in very truth we have faith in God, if we believe that He is companioning us, redeeming us, that all material things are simply the instruments preparing us for another world, that our failures here are the secret and the starting point of a grander success hereafter, if we are willing to leave the past in His hands because we cannot alter it and the future because we cannot control it and live simply in the present moment, we may walk as He walked in the midst of the tempest and go over the sea, and the sea shall not engulf us and the tempest shall not destroy us.—Lyman Abbott.

Loving With the Mind.

It seems very easy for many people to forget that we are commanded to love God not only with all the heart, but with all the mind. They imagine that they will have become altogether Christlike if their heart—that is, their intention—is pure, if their will to do right is good, if their affections are supremely centered on God. It is a mistake which has wrought great harm, brought disrepute on an important doctrine, led people to make professions which their behavior has belied and produced discouragement, failure and loss.—Zion's Herald.

The Answers to Our Prayers.

How deeply rooted must unbelief be in our hearts when we are surprised to find our prayers answered, instead of feeling sure they will be so, if they are only offered up in faith and are in accord with the will of God!—Lutheran Observer.

Contentment.

We shall be made truly wise if we be made content; content, too, not only with what we can understand, but content with what we do not understand—the habit of minds which theologians call, and rightly, faith in God.—Charles Kingsley.

Thy Will Be Done.

Thy will that works from clod to star,
That stretches the bright rainbow bar,
That rules the land, restrains the sea,
That perfect will be done in me.
So shall I rest from pain and care,
Be safe and peaceful everywhere.
—Christian Endeavor World.

My Strangest Case

BY GUY BOOTHBY.

Author of "Dr. Nikola," "The Beautiful White Devil," "Pharos, The Egyptian," Etc.

[Copyrighted, 1901, by Ward, Lock & Co.]

"Legiosse was about to advance upon him, warrant in one hand and manacles in the other.

"What does this mean?" cried Hayle.

His voice located him, and before we could either of us stop him, Kitwater had sprung forward and clutched him in his arms. Of what followed next I scarcely like to think, even now. In cannoning with Hayle he had dropped his knife, and now the two stood while a man could have counted three, locked together in deadly embrace. Then ensued such a struggle as I hope I shall never see again, while we others stood looking on as if we were bound hand and foot. The whole affair could not have lasted more than a few moments, and yet it seemed like an eternity. Kitwater, with the strength of a madman, had seized Hayle round the waist with one arm, while his right hand was clutching at the other's throat. I saw that the veins were standing out upon Hayle's forehead like black cords. Do what he could, he could not shake off the man he had so cruelly wronged. They swayed to and fro, and in one of their lurches struck the window, which flew open and threw them into the balcony outside. Codd and the Sicilian police official gave loud cries, but as for me I could not have uttered a sound had my life depended on it. Hayle must have realized his terrible position, for there was a look of abject, hopeless terror upon his face. The blind man, of course, could see nothing of his danger. His one desire was to be revenged upon his enemy. Closer and closer they came to the frail railing. Once they missed it, and staggered a foot away from it. Then they came back to it again, and lurched against it. The woodwork snapped, and the two men fell over the edge on to the sloping bank below. Still locked together, they rolled over and over, down the declivity towards the edge of the cliff. A great cry from Hayle reached our ears. A moment later they had disappeared into the abyss, while we stood staring straight before us, too terrified to speak or move.

Legiosse was the first to find his voice.

"My God!" he said, "how terrible! how terrible!"

Then little Codd sank down, and, placing his head upon his hands on the table, sobbed like a little child.

"What is to be done?" I asked, in a horrified whisper.

"Go down to the rocks and search for them," said the Sicilian officer, "but I doubt if we shall be able to find them; the sea is very deep off this point."

We went. Kitwater's body was discovered, terribly mutilated, upon the rocks. Hayle's remains were never found. Whether he fell into the deep water and was washed out to sea, or whether his body was jammed between the rocks under the water, no one would ever be able to say. It was gone, and with it all that were left of the stones that had occasioned their misery.

Codd did not accompany us in the search, and when we returned to the villa above he was not to be found. Never since the moment when we left him sobbing at the table have I set eyes on him, and now, I suppose, in all human probability I never shall.

Later on we returned to Palermo to break the news to Miss Kitwater. Shocked though she was, she received the tidings with greater calmness than I had expected she would do. Perhaps, after all, she felt that it was better that it should have ended so.

Three years have elapsed since we paid that terrible visit to Palermo. It may surprise you, or it may not, when I say that I am now a married man, Margaret Kitwater having consented to become my wife two years ago next month. The only stipulation she made when she gave her decision was that upon my marriage I should retire from the profession in which I had so long been engaged. As I had done sufficiently well at it to warrant such a step, I consented to do so, and now I lead the life of a country gentleman. It may interest some people to know that a certain day-dream, once thought improbable, has come true, inasmuch as a considerable portion of my time is spent in the little conservatory which, as I have said elsewhere, leads out of the drawing-room. I usually wear a soft felt hat upon my head, and as often as not I have a pipe in my mouth. Every now and then Margaret, my wife, looks in upon me, and occasionally she can be persuaded to bring a young Fairfax with her, who, some people say, resembles his father. For my own part I prefer that he should be like his mother—whom, very naturally, I consider the best and sweetest woman in the world.

AN ATTACK ON TAFT

Mr. Patterson Accuses Governor of Misrepresentation.

RECENT STATEMENTS IN QUESTION.

The Subject of Sectarianism Brought Up—House Disposes of Portion of Indian Appropriation Bill.

WASHINGTON, Feb. 21.—With the exception of a few minutes given to routine business the senate yesterday devoted its entire session to the Philippine question. Mr. Patterson (Col.), one of the minority members of the Philippine committee, delivered his first extended speech in the senate and was given a most attentive and careful hearing. He discussed principally the sedition laws enacted by the Philippine commission, vigorously attacking the authority of the commission to enact and enforce such laws. He maintained that congress alone had the power to put in force enactments of that character. He compared information furnished by the executive departments of the government with some of the statements of Governor Taft in his testimony before the Philippine commission with respect to the capabilities of the Philippine people and declared, with some heat, his belief that Governor Taft misrepresented the true situation in the islands for motives unknown. He asserted that if the 6,000,000 of Christians in the Philippines were Protestant Christians the cruelties practiced on them by the American authorities would have to stop, as no member of congress would be able to withstand the wrath of the Methodists, Baptists and Presbyterians of this country.

Mr. Nelson (Minn.) presented a legal and constitutional argument in support of this government's action in the Philippine archipelago and sharply criticised Mr. Patterson for injecting into the controversy the question of sectarianism.

Mr. McCumber (N. D.) urged that congress should not bind the future now by a declaration of a definite policy regarding the Philippines, as it was desirable that all possible information should be in hand before a permanent policy was determined upon.

The house spent the day working on the Indian appropriation bill. Forty-two of the sixty-two pages were disposed of. Several amendments were adopted, but none of much importance.

A Cuban Reciprocity Plan.

WASHINGTON, Feb. 21.—The Republican members of the ways and means committee were in private conference for three hours yesterday afternoon on the subject of Cuban reciprocity, and, although the conference went over without action until today, the members found themselves for the first time in possession of a proposition commanding considerable strength and understood to represent the attitude of the administration. This proposition was brought forward by Representative Long of Kansas and authorized the president, when Cuba was prepared to grant 40 per cent reduction in duties on United States exports to the island, to grant to Cuba a similar reduction of 40 per cent on all the products of the island coming to the United States.

General Funston Coming East.

KANSAS CITY, Mo., Feb. 21.—General Frederick Funston was the guest of honor at the monthly meeting of the Knife and Fork club, which was attended by a large number of prominent business and professional men of Kansas City and vicinity. General Funston has accepted the invitation to address the Marquette club of Chicago on March 11. He is scheduled to address the Lotus club in New York on March 8 and will leave for the east within a few days.

South Wants a Subtreasury.

WASHINGTON, Feb. 21.—The need of a subtreasury in the south has been presented to the ways and means committee by Mayor Myers and a delegation of business men from Savannah, who asked for the establishment of such a treasury branch at that city. It was stated that such a branch would be of material aid in financial dealings in the south, particularly at the time when the cotton crop and other staples are being moved.

Detectives For Steel Plant.

YOUNGSTOWN, O., Feb. 21.—The United States Steel corporation has sworn in a detective force at the National Steel company plant here to protect its property and keep in close touch with the men. No one will be admitted to the works except on a pass from the office, and no employee will be allowed to leave during working hours except on orders from a superior.

Good Day For Harvard.

BOSTON, Feb. 21.—The publication of the statement that Harvard needed $294,000 to complete its medical school fund and get the $1,000,000 offered by John D. Rockefeller resulted yesterday in the receipt of contributions amounting to $88,000. This sum reduces the amount to be raised to complete the fund to $206,000.

A Gale In Alabama.

MOBILE, Ala., Feb. 21.—The windstorm which visited Mobile at one time reached the velocity of forty-five miles an hour, blowing down trees and fences and prostrating telegraph wires. A number of boats broke from their moorings and were swept out into the river, but were only slightly damaged.

Wireless Stations on German Coast.

BERLIN, Feb. 21.—The navy department has decided to establish a chain of wireless telegraph stations along the entire German coast.

TO CURB RAILROADS

Hearing at Albany on the Elsberg-Bedell Bill.

DISCRIMINATING RATES CHARGED.

Buffalo Traffic Diverted From New York to Other Eastern Ports. State Railroad Commission's Protests Unheeded.

ALBANY, N. Y., Feb. 21.—The senate and assembly committees on railroads gave a joint hearing yesterday afternoon on the Elsberg-Bedell bill, introduced in accordance with the suggestion in Governor Odell's message that the board of railroad commissioners be given power to hear complaints and to reduce or fix rates because of the claim that there is discrimination on the part of the railroads in making Buffalo a point where traffic is diverted to Boston, Philadelphia and other ports instead of it being directed to New York from Buffalo.

The bill prohibits any differential or greater rate for any property at the port of New York than is charged for the same service under like conditions by the same carrier under agreement with other carriers to any Atlantic port outside of the state. It also provides for a hearing before the railroad tax commissioners and confers on the board power to fix the rate for the future. The rate shall prevail unless set aside by the supreme court on application of the carrier.

There appeared in favor of the bill Mr. David Bingham, president of the New York Produce Exchange; Mr. Francis Kernan of Utica and Messrs. John C. Seager and John Valiant of New York city. Mr. Bingham presented the principal arguments.

In concluding Mr. Bingham said: "We have shown conclusively a serious diversion of the commerce of New York state and city and the consequent damage to the steamship trade and collateral interests in the port of New York. We attribute this largely to railroad discrimination and believe the Elsberg-Bedell bill if enacted into law will afford effective means for the protection of the commerce of the state. The New York railroads having refused to comply with the recommendations of the railroad commission to modify the excessive terminal charges in the port of New York and the New York Produce Exchange having appealed in vain to these roads for protection from the discrimination practiced, we now appeal direct to the members of the legislature to pass the pending bill."

Secretary Long's Retirement.

WASHINGTON, Feb. 21.—Now that the Schley matter has been settled officially it is understood that Secretary Long feels that he is at liberty to carry out the project cherished by him in the last year of President McKinley's administration to retire to private life. However, this is not expected to ensue at once, for there is no certain knowledge of what may follow in congress, notwithstanding a strong belief by the administration that the case is settled beyond revival. Therefore it is understood that the change in the cabinet circle will not take place before the adjournment of the present session of congress and perhaps not until next autumn.

A Record Breaking Trip.

LANCASTER, Pa., Feb. 21.—The second section of the Buffalo express on the Pennsylvania railroad made a record breaking run on the trip from Harrisburg to Philadelphia. The train left Harrisburg at 7:36 p. m., arriving here at 8:12 and stopping three minutes. Philadelphia was reached at 9:21, the train thus making the run of 105 miles in 105 minutes, including the stop here, or an actual running time of 102 minutes. The train consisted of five Pullman coaches.

Fighting In Colombia.

PANAMA, Colombia, Feb. 21.—It is positively known here that the forces under the government general Castro and the revolutionary general Herrera are fighting. Varied and numerous reports have reached here of this engagement, but they all lack confirmation. The forces of the above mentioned commanders are in the vicinity of Agua Dulce, Yeguala and San Carlos, between thirty and forty miles southwest of Panama.

Five Thousand Earthquake Victims.

LONDON, Feb. 21.—Wiring from St. Petersburg, the correspondent of The Daily Mail says the seismic disturbances at Shamaka have recommenced and that a fresh volcano began vigorously to erupt last Wednesday. The correspondent adds that the number of killed in the Shamaka district is now estimated at 5,000. A Baku dispatch says that during the search for bodies of victims of the recent earthquake at Shamaka thirty-two persons were disentombed alive.

Big Fire In Richmond.

RICHMOND, Va., Feb. 21.—The large and fashionable dry goods store of Cordes & Mosby, on Broad street, was burned out last night. The building and stock are a complete loss. The fire is supposed to have started at the foot of the elevator shaft, but how is not known. The loss is estimated at about $120,000, fully covered by insurance.

Heavy Snow In Missouri.

JOPLIN, Mo., Feb. 21.—This vicinity has in the past twenty-four hours experienced the heaviest snowstorm in years. More than six inches of snow fell in twelve hours, retarding mining operations all through the zinc and lead district and bringing traffic on the interurban trolley lines to a standstill.

TEA TABLE TALK.

Short Sketches That Are Not Always News, But Just as Interesting.

The advance sheets of the Hope Chapel Minstrel troupe joke crop contains the following that is expected to throw the audience into convulsions: End Man Sweeney, "Say Bones, I have a dog named Locksmith." Bones, Dixon: "Why that's a peculiar cognomen to give a dog, what induced you to do it?" "Why, you see, every time I kick him he makes a bolt for the door." (Entire troupe howls with glee.)

The practical politician generally comes in for a share of condemnation Many persons fail to understand the reason for his existence. Without him, frequently municipalities would be without a method of getting candidates to run for office, especially where there is no pay attached. Take for instance the situation in the borough at present. There will be two vacancies in the councilmanic body in March, and as yet no one has announced himself as a candidate. This is where the work of a politician comes in. He hunts up men and induces them to seek the office, or in many cases for the office to seek them. Without him, the municipalities would often be in sad plights.

Trolley To Blame.

West Fourth street, from Liberty street to some distance westward, is in a deplorable condition by reason of the cleaning done by the trolley company. The snow and ice from the tracks have been thrown in the street and icy mounds have been formed.

The Last Heard Of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure Very pleasant to take. The little ones like it. L. W. Randolph.

ICE AND WATER COMBINED TO SPREAD DESTRUCTION

All Wires Down, Trees Stripped and the Streets Flooded by a Disastrous Combination of the Elements.

DAMAGE IN CITY AND BOROUGH.

PLAINFIELD WAS CUT OFF FROM COMMUNICATION WITH OTHER PLACES.

City Shrouded in Darkness for Two Nights—Telephone Service Badly Crippled—The Fire Alarm Wires Were Out of Service—Irreparable Damage to Beautiful Shade Trees—City's Men Hard at Work—Storm Began Friday—Other Details.

With a coat of ice that dragged down wires and stripped the branches from the trees and a flood of water that turned half the city streets into energetic canals, the sequel to last week's blizzard completely overshadowed the original storm. The storm of sleet and rain, which began Friday, wrought damage to the amount of many thousands of dollars and threatened to tie up the city completely. For two days, the telephone and telegraph systems were almost useless while all the city, except the business portion, was in darkness for two nights. Trolley cars ran spasmotically. Ponds of slush and water and fallen trees seriously interrupted other traffic. Today, the city is gradually recovering from the effects of the storm but it promises to be days before the damage can be repaired and the obstructions to traffic fully removed.

This time there was warning of the approaching storm but no one anticipated the course of events which it pursued. It swept over all New Jersey carrying destruction in its wake. From every side come lengthy reports of the damage done bearing evidence that the trouble was not confined to Plainfield alone. Coming as it did on the eve of a holiday, it enforced the observation of the day with wondrous effectiveness. While many of the stores opened Saturday morning, the dealers in rubber boots and boats were the only ones that did any business. As the day progressed and it became evident that the vast majority of people preferred their own hearth stones to sundry adventures in slush and water, many of the merchants closed up their establishments and sent their clerks home.

When the huge flakes began to fall Friday morning and the snow became sleet, it was recognized that there was likely to be trouble as soon as the rain began to fall. With much steadiness the rain came during the late afternoon and the evening, converting the foot of snow into soft, slippery slush. The mercury hovered about the freezing point. As fast as the rain struck the trees, wires and buildings, it froze. It didn't take long to coat everything with ice which continued to grow in thickness as the evning progressed.

By 7 o'clock Friday evening, ominous sounds began to be heard on every side. The weight of the ice on the trees dragged down the limbs. As its weight increased, the branches snapped with reports like pistol shots. Huge limbs fell across telephone and electric light wires and carried them down. One after another, the electric light circuits, except in the business section where the wires are underground, were extinguished and the city was shrouded in darkness.

To add to the destruction, gusts swept out of the northeast and brought down hosts of other branches which had defied the ice alone. Gutters were blocked with slush and the great quantities of water flooded the streets and sidewalks. In many places, the flood extended from curb to curb and the sidewalks became canals with banks of snow on either side. Those who were called to go out had to wade through many inches of water and slush and dodge the falling trees and wires. The weight of the wet snow played havoc with roofs as well.

When Saturday morning dawned, it found a strange sight. The flood was everywhere while the debris blocked many of the thoroughfares. The rain had stopped but the clouds still threatened while the thermometer showed no change. Towards noon, a mist began to fall which changed to snow early in the afternoon. An inch of snow was added to the slush and water and then the clouds broke away late in the evening and the moon came out. The mercury went down. Sunday morning found a glare of ice which softened as the warm sun began to get in its good work and, when the little army of church goers started for their homes, they found the old conditions of slush and water on hand again. Unless a heavy rain storm comes to carry it all away with a rush, the slush and ice promise to be in evidence for some time to come.

UNTOLD DAMAGE TO TREES

Ice and Wind Combined to Work Destruction to the City's Shade Trees.

While the wires can be replaced and the streets eventually cleared of slush and debris, the damage done to the shade trees of the city and borough is irreparable. A few were snapped in two or uprooted, others were split, but hardly one escaped without the loss of some branches. In many cases the topmost branches were stripped off, spoiling the beauty of the tree. The soft maples suffered the worst. In many cases, it will require years to replace them.

Of course, the older residential portions were the chief sufferers. East Front street looked as if a cyclone had visited it and was blocked to traffic for some time. West Front street also felt the effects of the storm. One of the largest trees in front of the old Harberger place was blown down and blocked the trolley tracks until it was moved late Saturday afternoon. Passengers on the trolley were transferred around the obstacle.

LaGrande avenue and the streets in the immediate neighborhood of the square faced by the Crescent Avenue church were scenes of devastation. LaGrande and Watchung avenues were both blocked by falling trees. Several iron electric light poles on LaGrande avenue, Franklin place and East Ninth street were snapped. First, Second and Third places were blockaded. West Seventh and Eighth streets and Central avenue saw strange sights.

The older parts of North Plainfield suffered particularly while broken trees and limbs were the rule throughout the borough. Rockview and Washington avenues and Grove street were almost impassible for a time.

WIRES DOWN ALL OVER CITY

Telephone and Telegraph Systems Badly Crippled—Fire Alarm Wires Were Down.

While the Plainfield people were making themselves comfortable at home, Friday night, the high wind, accompanied by rain, snow and hail, was doing untold damage to wires in all parts of the city and borough. In every section electric light, telephone and fire alarm wires were down forming a tangled mass that in some instances blocked street traffic.

Between 9:30 o'clock Friday night and 2 o'clock Saturday afternoon not a telegraphic message was sent or received at the Western Union office in the North Avenue station. Between those hours trains were operated by the auto-board. At 2 o'clock the first railroad wire was put in operation and two hours later another wire between Plainfield and New York was established. There was such a rush of messages that it was almost impossible to send a message until late Saturday night. The incoming messages delayed this work. Many messages were brought from New York and intervening points by trains. Superintendent Charles Adams, of the Western Union Company, was on duty continuously from Friday night until last night, and he made special trips over the New Jersey Central.

Another serious condition was that of the fire-alarm wires. Early Friday night these wires went down and up to 2 o'clock Saturday afternoon the entire system was out. The breaks in the wires during Friday night kept the tapper going at the various fire houses and the firemen were in constant dread of a conflagration with no alarm.

Linemen were kept busy and by Saturday afternoon the system in the business section was all right. The other parts of the city are gradually being looked after and the fire-alarm system is being slowly righted. Fortunately there were no fires in the city during the storm.

One after another, the street light circuits of the Plainfield Electric Light Company went out Friday night until only the lights in the business portion of the city, where the wires are under ground, were left. Many of the wires were down and a number of poles were broken. The current was shut off at midnight and remained so until last night when most of the circuits in the western end of the city were working again. It is expected that nearly all the lights will be burning tonight. No catastrophes from encounters with live wires were reported.

Among the heavy losers is the New York and New Jersey Telephone Company. There was not more than thirty telephones in the city that were in working order from Friday night until Saturday afternoon, while the only outside communication was with Westfield. Every trunk line in all directions was down and for the first time in years New York could not be reached. A large gang of men were put on the trouble and work was proscuted vigorously with excellent results.

MORE TROUBLE FOR TROLLEY

Water and Slush Combined to Delay Cars Once More—Falling Branches Blocked Streets.

Coming on the heels of last week's snow storm, Friday night's storm again placed the local trolley system in a badly crippled condition. Damage to the amount of hundreds of dollars was caused to cars, poles and wires beside making service practically impossible.

The cars first encountered trouble Friday noon when the rain and sleet made it impossible for them to proceed beyond a snail's pace. At frequent intervals fuses burned out. An attempt was made to run them through by doubling up but even this failed. When the limbs of trees began falling the tracks were blocked and where the cars could run the crew would have to alight every few feet and remove dead wood.

On West Fourth street two hours were consumed in getting through one block, owing to the large number of limbs in the way. Friday night the cars were effectually blocked on this street and could not get to the barns. Fourteen of them with crews were forced to remain standing all night between Plainfield avenue and Liberty street.

Emergency gangs of repair men worked all Friday night re-stringing wires and by Saturday noon, all were in fair shape. The icy tracks, however, still prevented a schedule being adhered to and the service was ragged until yesterday. Cars are now running on regular time.

CITY MEN HARD AT WORK

Removing Debris From the Streets and Opening Culverts to Prevent Flood.

Street Commissioner Gavett had two forces of men in action, early Saturday morning, one in the west and the other in the east side of the city. They were accompanied by carts and first devoted their attention to re-

POLICE AFTER SPEAK EASIES

Mrs. Burns Was First to Fall in Police Drag Net—Pleaded Non Vult—Fined $25.

EVIDENCE WAS SECURED

Enough, It is Said, to Secure a Number of Indictments by the Grand Jury—Police Watched Places Yesterday — Raided Mrs. Burns, of S. Second Street.

Preliminary steps toward the abolition of the nest of "speak-easies" which infest the city, were taken by the police yesterday. Acting under orders from Chief Kiely, who is determined to break up the practice of illegal liquor selling, a patrolman was stationed before every suspected place. One arrest was made and enough evidence was secured to warrant indictments by the Grand Jury against a number of others.

The one arrested was Mrs. Catherine Burns, of South Second street, who the police declare has been a persistent violator for a long period. She is the proprietress of a small grocery store near Muhlenberg place where West End youths are wont to congregate on Sundays, the police say, and be served with most anything in the liquor line. It was this place which Patrolman Higgins summarily dealt with some time ago, smashing bottles of beer and emptying the contents in the street. It earned for him the sobriquet of "Carrie Nation," which he has held since.

Yesterday Roundsman Flynn and Patrolman McCarthy secured enough evidence to arrest Mrs. Burns and at 9 o'clock last night, she was taken into custody. She remained in a cell at police headquarters until noon when she pleaded non vult and was fined $25 by City Judge Runyon.

When the police made the raid on the place, the following men were found seated in the store: Michael Kiely, James Moran, Foster Sprague, Patrick Breen, Andrew Ryan and Harry Gulick. Most of them were detained at headquarters until the case was settled.

While seemingly dormant in regard to the matter, Chief Kiely has in reality been quietly arranging plans for a crusade against the joints for some time. The evidence required by the corporation counsel makes it almost impossible for a policeman to cause an arrest and he has had to devise new plans for his men. He now has a way which he thinks will put an effectual stop to it and he declares he will not halt until every violator has been driven out of business.

NO SPEAKER NOR MUSIC.

The Anniversary Exercises at Wilson Memorial Chapel Not Held.

The twelfth anniversary exercises, which were to have been observed at the Mary E. Wilson Memorial chapel, yesterday, were not held, owing to the non-appearance of Rev. C. E. Herring and M. A. Korff's orchestra. It was arranged to have a stage leave the Y. M. C. A. building at 2 o'clock. The stage was there, but Robert Love and two or three others were the only ones present. When the chapel was reached it was learned that forty-three people had assembled.

The chapel was elaborately decorated for the occasion, but on account of the absence of the speaker and music it was decided to abandon the service. The regular Sunday-school session was then held.

Councilmanic Suggestions.

The names of two boroughites have been suggested by their friends for Republican councilmanic nominations. They were Charles Bloom, of Mountain avenue, and Francis J. Blatz, of Somerset street. Mr. Blatz has also been suggested as a candidate for recorder.

Death of Samuel Kline.

Samuel Kline, of West Third street, died at his home Saturday afternoon The cause of death was erysipelis. No arrangements have been made for the funeral.

Preached at First M. E.

Rev. Dr. Hoyt, one of the editors of a Methodist publication in the west, occupied the pulpit at the First M. E. church, yesterday morning.

—Pure olive oil, direct from the makers in France, is the special offering at Neuman Brothers this week. In all size bottles from half pints to gallons.

WORK AT HAMPTON.

Described by the Chaplain to a Congregation at Crescent Avenue Church Last Evening.

A service in the interest of Hampton Normal and Agricultural Institute was held in the Crescent Avenue church last evening and a large congregation listened attentively to an address pertaining to the school and its needs. The talk was given by Rev. H. B. Turner, the chaplain of the institution.

Old plantation melodies were sung during the service by a trio, composed of Hampton pupils, and the rich voices of the young colored men proved a pleasing feature of the meeting.

Rev. Mr. Turner, in commencing his address, gave some interesting statistics relating to the negro and followed this up with a sketch of the life of General S. C. Armstrong, who founded the school. Before closing he dwelt upon the condition of the institution and the great work it is doing in improving the moral and intellectual life of the southern negro.

MARTHA WASHINGTON SUPPER

GIVEN IN HOPE CHAPEL DESPITE THE UNPLEASANT CONDITIONS.

It Was Decided, However, to Repeat the Affair Again This Evening.

Saturday's inclement weather and disagreeable things in general would have been sufficient excuse to postpone any ordinary event but not so with the Ladies' Aid Society of Hope chapel. Despite the almost impassable condition of the streets and in semi-darkness, having no electric lights in the chapel, they held their annual Martha Washington supper and with some success. The attendance was very good under the circumstances and the original programme was carried out. In order to give an opportunity to those unable to brave the storm, the supper will be continued this evening from 6 until 9 o'clock.

Those who partook of the excellent meal Saturday were served by the various members of the society all of whom were attired in Colonial costume. With the profuse decorations of American flags and bunting the effect was very pretty.

The committee in charge Saturday night and which will officiate in the same capacity this evening consists of Mrs. Robert Gow, Mrs. George Radford, Mrs. William Gray, Mrs. David Bowden, Mrs. John Rittenhouse Mrs. Joseph Brown and Mrs. J. B. Higgins.

ONLY TWO THERE.

So the Borough Council Adjourned Its Meeting Until to This Evening.

Inasmuch as Mayor Newton B. Smalley and Councilman Charles A. Lee do not constitute a quorum in the North Plainfield Councilmanic body, no session of the borough fathers was held Friday evening. They were the only members present, and hence it was decided to abandon any attempt to hold a session until this evening.

Chief J. J. Stahl, of the fire department, Recorder Thomas Doud, John McLaughlin, of the board of health, Tax Collector Brown and Overseer of the Poor William G. Debele were present anticipating that the special session scheduled would be an important one but they went away disappointed.

New Operator.

Miss Margaret Harding, of John street, has resigned her position at the local telephone exchange, and her place may be taken by Miss Mabel Dolbier, of Bayonne, who has been engaged at the telephone exchange in that city.

Post-Lenten Dance.

At the meeting of Miantonomo Tribe, No. 118, Improved Order Red Men, Friday evening, the chief's degree was worked on two candidates and arrangements made for a post-lenten entertainment and dance for friends of the tribe. After the meeting a short collation was served the members.

Lots of Building.

The prospects for considerable building this spring are very bright. It is reported that there will be a number of fine dwellings erected by Plainfielders for their own occupancy. The merchants in the various trades are much pleased with the outlook and all are hoping for an early spring.

Meeting This Week.

The newly-organized Sunday-school choir at the First Baptist church did not meet for rehearsal last week on account of the inclement weather. The choir will probably meet Wednesday afternoon.

ALL IS HARMONY.

No Prospects of a Fight at Coming Spring Election in North Plainfield Township.

The political sages in the Republican ranks of North Plainfield township have bade the clamor cease and the clash of contending forces will not be heard at the coming election, according to reliable prophets.

Benjamin Clark, as a township committeeman, will be renominated for there is practically no opposition to him. The term of William Demler, the township clerk, will expire and he has already signified his intention of retiring from office. In his place it is likely that Henry Kliner will be nominated as he is considered a strong man. Mr. Demler has served two terms with satisfaction.

As for the assessorship, William Morris has every chance of being named again. The township people speak words of praise regarding the way he has conducted his office, and his unusual qualifications will no doubt bring to him another nomination.

FOUND HIS HOME IN FLAMES

BLAZE AT RESIDENCE OF B. R. CAIN, OF GRANDVIEW AVENUE.

Discovered Shortly After 1 o'Clock Saturday Morning—Supposed to Have Caught From Range.

The crackling sound, made by the flames eating their way through the woodwork in the kitchen of his residence, caused Bryant R. Cain, of Grandview avenue, to awaken shortly after 1 o'clock Saturday morning. Rushing down stairs he found the rooms filled with smoke and fire destroying the rear part of his house. The attic was also afire.

After dashing some water on the flames in the kitchen he aroused the neighbors, his own family having been alarmed previously. Warren Townley, who lives next door, hurried to Saengerbund Hall, where the Warren Engine Company was holding a ball, and notified Chief J. J. Stahl. He selected six men and they lost no time in getting to the fire.

Two streams were turned on the building and the fire was gotten under control after the attic had been destroyed. Alonzo Brokaw, Joseph Newman and Winn Conover, who were in the vicinity, were the first firemen on the spot. The members of the family had no time to get their clothes but hurried out in night attire. One daughter was wrapped in a blanket and carried out by Mr. Brokaw.

Besides the loss by fire, the house was considerably damaged by water, the kitchen and many other walls being much injured by the soaking they received. The house is a two story and a half structure. The loss, which will amount to over $1,500, is partially covered by insurance. An adjoining house was scorched by the flames.

The origin of the fire is unknown but it is supposed to be due to the woodwork catching from a red hot range in the kitchen.

BANJO MUSIC.

Entertained Those Who Came Out to Star Course Entertainment.

Nearly one hundred people gathered at the Y. M. C. A. Hall, Saturday evening, to enjoy the regular Star Course entertainment. Owing to the severe storm, Commander Wadhams, who was to have entertained with "Yarns About Jack and Others," was detained. It will, no doubt, be arranged to have him appear at some future date.

Inasmuch as the audience was present, as were also Fred F. and William P. VanEps, instrumentalists, and W. E. MacClymont, accompanist, who were to take part in the programme, it was decided that those who had braved the storm should not be disappointed. Several banjo and mandolin selections were given and enjoyed. The work of the VanEps, as well as that of Mr. MacClymont, was fully up to the standard.

Moved His Store.

Michael Weber, of West Third street, has taken possession of his new shop adjoining his old place on that street. M. Mirowitz, will move into Mr. Weber's former place of business.

Farewell Reception.

Arrangements are being made by the third year class in the Plainfield High School to tender a farewell reception to Miss Whitney, who will shortly terminate her duties as a teacher.

Borough's Good Health.

The condition of the public health in the borough at the present time is excellent. There is but one case of scarlet fever and only half a dozen cases of measles.

PLANS FOR MUSIC HALL

W. S. Butterfield, the New Owner, Announces the Details for Remodelling It.

HIGH-CLASS COMPANIES.

Special Effort Will be Made With Opening—Interior of House Will be Entirely Changed—Something About Career of Man Who Is to Reopen It—Much Experience.

Details of the plans for remodelling of Music Hall have been announced by W. S. Butterfield, the purchaser of the building. When the changes in the present arrangement of the theatre are perfected and the house opens in September, to all appearances it will look like a new structure so far as the interior is concerned.

Plainfielders will, no doubt, rejoice to learn that only high class performances will be presented at frequent intervals. Klaw and Erlanger, the New York syndicate, will control the booking of the house, and popular prices will prevail. The better grade of repertoire companies will appear and the admission will be ten, twenty and thirty cents. Matinees on Saturday will become a fad for the women and children. Polite vaudeville will be announced from time to time and the public will have the opportunity of witnessing the class of productions seen usually at Keith's and at Proctor's. These attractions will be introduced at intervals between the shows to be given by travelling companies.

The opening attraction will be a special effort on the part of the proprietor of the house. It is announced for the early part of September and a promise is made that a Broadway company will favor Plainfield on that occasion. This production will be such as to establish a reputation for the house and the attractions will be continued on the same level.

As for the theatre it will be up-to-date in every respect. A new gallery will replace the one now in the house and modern boxes will be installed. Down stairs there will be entire new flooring. The present seats will be cleared out and more comfortable ones introduced.

This is not all. Mr. Butterfield states that the dimensions of the stage will be changed considerably. It will be brought out from three to six feet, and seats will be placed closer to the stage making the house a neat, compact and attractive theatre. According to the arrangements one will be able to see and hear well from any part of the house. New scenery and stage settings and effects will be features which will constitute a much needed improvement. Much attention will be paid to the gas and electric light arrangements.

Leading from Compton's alley will be a gallery entrance. For the comfort of the patrons a women's retiring room will be furnished and a special attendant will be engaged. Another convenience will be a men's smoking apartment.

As has already been announced a section of what is now Rowley's drug store will be used as a lobby. In order to obtain the desirable effect it will be entirely remodelled with tile flooring and sheet steel ceiling. It will be well lighted and a large iron door will grace the front. The theatre and the lobby as well will be handsomely decorated.

The name of the theatre will be changed, but as yet no new title has been selected. Societies, lodges and churches will be able to obtain the use of the theatre at a reasonable rental. For any charitable cause, Mr. Butterfield will stand ready to donate its use very willingly.

The new proprietor has been a theatrical manager for the past fifteen years and is well informed on all phases of the business. He was born in Columbus, Ohio, in 1867, and drifted into the theatrical business when a mere boy. At first he was an usher and then treasurer in an opera house of his native city. Later he became identified with the Ohio State Journal, the leading morning paper in Columbus, and subsequently he became treasurer of the Grand Opera House at that place.

After remaining in that position for four years he became treasurer of the Alhambra Theatre, Chicago, and for the past ten years he has been connected with traveling attractions. For

COLUMN FOR THE SHOPPERS

SOME OF ATTRACTIONS TO BE FOUND AT LOCAL STORES.

A Few Interesting Items Concerning Greater Plainfield's Merchants

There is no stronger shoe on the market than the Waldorf and the design is quite fetching. Stop in at 132 North avenue and examine this make of footwear.

As a special inducement to trade Fred Firstbrook, the reliable Liberty street grocer, gives double trading stamps Saturdays. The stamps draw handsome and valuable prizes and there's no cost to the customer.

If you would be happy and contented it is necessary that you wear seasonable clothing. This you can do if you trade with W. H. Sebring, of West Front street. His stock of men's and boys' clothing is well worth inspection.

Fish that bake well, fry well and taste well are those bought at the store of the Rogers Sea Food Company. Everything in the sea food line and always fresh, is to be found at the store. Early morning deliveries a specialty.

The interior of E. S. F. Randolph's handsome drug store appears in a new dress. It has been repapered in an attractive design and the elaborate woodwork has been reoiled. Each month witnesses an increasing trade at this popular pharmacy.

A trifle early to think of spring goods, but Peck, of West Front street, is fully prepared for the pleasant warm days that are coming in the near future. He always carries a complete stock of lace, embroideries, handkerchiefs, gloves, in fact everything to be found in a well-appointed store.

Collier, the Park avenue jeweller, has inaugurated a unique system of giving his patrons the benefit of a large purchase of fine jewelry. See his ad in another column and be sure not to lose sight of its import. It will save you many dollars if you contemplate buying articles of this nature.

Between Philadelphia and New York you will not find a more complete and up-to-date dry goods store than Woodhull & Martin's. Everything that should be in such a store is to be found at the above store and in large variety. You will find no seconds, but everything first quality at prices that compare with either New York or Philadelphia prices.

PERSONAL.

Lindsey Woolley, of Plainfield avenue, is in New York State, on business.

Mrs. Lizzie Cullen, of High Bridge, is visiting friends in this city for a time.

D. S. Pound, of West Front street, is confined to his home with illness bordering on pneumonia.

Miss Hetzel, of the Somerville schools, was a visitor at the North Plainfield public schools Friday morning.

John O'Brien, of this city, who has been ill at the home of his parents at High Bridge, has returned to Plainfield.

Mr. and Mrs. Freeman Shotwell returned today from Philadelphia and will take up their residence in the borough.

Mrs. A. I. Smalley and Mrs. W. L. Smalley, Jr., of Somerset street, witnessed the dog show in New York Thursday.

Miss Lucia S. Barbour, of New York, was the guest of Miss Marion Porter, of West Third street, yesterday and Saturday.

Miss Marguerite Marx, of New York, who has been visiting her cousin, Mrs. Frederick V. Greene, of Willow avenue, has returned home.

Dr. B. VanD. Hedges, of Watchung avenue, has been called to Whitehouse in consultation with Dr. W. W. Purcell, of that place, at the bedside of John Crotsley, who is dangerously ill.

Miss Nettie Leichtentritt and her brother, Philip Leichtentritt, of Central avenue, spent Saturday and Sunday in New York. Saturday evening they attended the wedding of their uncle, Louis Hymes to Miss Annie Lichenstien, both of New York.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. L. W. Randolph.

ACTIVE CAMPAIGN TO COLLECT CITY TAXES

City Collector Smith is Sending Out Bills to Delinquent Ones on City Books.

THEN THE LEGAL STEPS.

RUNNING CITY'S AFFAIRS ON STRICT BUSINESS PRINCIPLES.

Will be Given a Chance to Pay Up and Then Warrants Will be Issued—Levy on Property or Send Delinquent to Jail.

Unpaid taxes for 1901 were delinquent just three months Thursday and City Collector Frank H. Smith is now busily engaged preparing bills, which will precede the issuing of warrants. The levy was made as usual on May 1, and the taxes were not due until November 20.

It's a big business to collect taxes for the city and the present incumbent has introduced some practical methods in the conduct of his office. He doesn't

COLLECTOR F. H. SMITH.

send out a tax bill and then follow it up with a warrant as soon as possible. On the day they were due he sent a bill to every person taxed. The first of the present year he sent another notice to those who failed to respond to the first, and now, after the lapse of three months from the date they were due, he is engaged in repeating the action.

Nearly one half of the poll taxes were paid soon after the first notice was given in November. In this city there are approximately 3,900 persons subject to such a tax, and about 2,000 of these were delinquent. In answer to the notices sent out the first of the year about 20 per cent. of the delinquents paid the amount due, and now Mr. Smith is using every endeavor to collect the remaining sum.

A reasonable time will be given those who have neglected to settle, and then warrants will be issued. Constable Robert Mattox will serve these and he will tell those whom he visits to pay up immediately. After a short time further legal methods to compel the payment will be taken.

The amount of a poll tax is $1, but there's five cents interest to be added to this. If the delinquent citizen waits for Constable Mattox to call, he'll find that the visit costs him fifty cents, which goes to the constable for his work. Subsequent to the officer's service of the warrant, if the amount remains unpaid, Constable Mattox will levy on the personal property of the dilatory citizen, providing he has any, and advertisement and sale will follow. Should the delinquent taxpayer be without personal property the constable is empowered to arrest him. Confinement in the county jail until the tax is paid is the punishment meted out by law.

Some persons seem to think that a delinquent can work out his poll tax by serving time in the county jail, but such is not the case. The neglectful citizen must stay at Elizabeth until he or some one else pays the bill. It is impossible to tell exactly how the collections of poll tax thus far compare with those of last year, but the collector believes that a comparison would result favorable to the work done during the current year.

There's a mistaken idea, says Mr. Smith, regarding the liability of Civil War veterans and exempt firemen for dog tax. They are not exempt from this class of tax, which is collected in the same manner as other taxes. The idea that a delinquent can not be arrested for a dog tax is an erroneous one, and the corporation counsel has instructed the collector to proceed the same as with other taxes. Warrants can be issued for the non-payment and the delinquent can be placed in jail.

The collector can collect real estate tax under the same law as that applicable to poll taxes, but he must find personal property to sell. Because of this he proceeds under the Martin Act, which declares that all real estate taxes unpaid for two years permits the sale of the land. Consequently all unpaid real estate taxes for 1899 warrants the collector in selling the real estate now. Of course the collector could go ahead and sell, but he awaits the action of Common Council. That body is likely to pass a resolution at the March session instructing the collector to proceed under the Martin Act.

There's a special law under which the macadamizing has been done. The assessment in this case cannot be collected forcibly until the expiration of three years from the time the lien is filed; then the collector may proceed under the Martin Act.

As a rule the property owners have been very prompt in paying bills of this class. Of all the residents benefitted by the macadamizing of West Third street, West Fourth street, Franklin place and East Sixth street there are less than thirty who have failed to meet the bills, up to the present time, as presented, although the work was only completed in May 1900. Flagging and curbing bills become a lien when filed. Notices are sent out to property owners requesting them to lay the pavements, and in the event of their not complying the city does the work and the cost is charged up against the property owners. The street commissioner files the liens with the collector.

Collector Smith says he believes in dealing with the taxpayers in the same manner that a merchant would deal with his customers. He does not send a bill and then immediately follow it up with legal proceedings. On the contrary he keeps on sending bills, until he is convinced that the delinquent party has no intention of paying. Then he proceeds in a legal manner. Every day he reads the personals in the papers to ascertain who are leaving the city, and in case any names appear of persons about to absent themselves from the municipality, who are delinquent taxpayers, he immediately follows them up. A warrant is issued at once in order to protect the interests of the city, but in few cases is it necessary to effect service

Planning a Dance.

The I. T. C. Club, the new social organization recently organized, will conduct a dance in the Camera Club rooms Thursday evening, March 6. The following committee is completing arrangements for the affair: Irving Mills, Howard B. Drake, George L. Apgar, V. W. Nash, Jr., and Joseph Bowlby.

FORTY-SEVEN YEARS SERVICE

BUSINESS RECORD OF DEPARTMENT COMMANDER OF THE G. A. R.

Has Spent That Time in Employ of Janeway & Company, of New Brunswick.

John Lawrence, department commander of the Grand Army of the Republic, of New Jersey, not only has a good war record, but he possesses another record just as good. Recently, he observed the forty-seventh anniversary of his employment by the wallpaper firm of Janeway & Company, of New Brunswick, by whom he has been continuously employed since 1855.

Mr. Lawrence entered the employ of that firm January 10, 1855, as an apprentice in the blockcutting department. He completed his term of apprenticeship and continued with the company as a blockcutter. When the war broke out he was permitted to enlist and still remain an employe of the firm. On his return from the war, with shoulder straps and an honorable discharge, he resumed his place at the blockcutting bench in the factory, holding this position until 1875, when he became a bookkeeper in the office of the firm. He has filled that position ever since.

Mr. Lawrence is in vigorous health, and confidently hopes to round out the half of the twentieth century, and then tack a good many years on to that. He is an ardent wheelman, and attributes much of his superb heatlh to his love of outdoor exercise.

WHAT OTHERS SAY.

Clippings From Other Newspapers Which May be of Interest to Plainfield and Its Citizens.

"Plainfield had a $10,000 loss by a fire and water on Saturday. The fire occurred in the Stillman block. Most of the damage was done by water."—Hunterdon County Gazette.

Partisanship is running high in New Jersey at present. The most casual observer about the State House cannot fail to be aware of this fact. Whether it is overreaching itself to the detriment of continued party supremacy only the future can determine. But that the fear exists that partisanship is being too strenuously urged to promote the welfare of the Republican party in the State, and that the conservative public opinion for which New Jersey is noted may take exception to the prominence which is given to the distribution of patronage by those who are ambitious to obtain larger party control, there can be no doubt. The selection of candidates for office more particularly on the basis of geographical lines than on peculiar fitness has appeared to several of the strong members of the Republican party to be a dangerous step to take, and a warning note of the fear which exists may make itself more earnestly and vigorously heard within a very short time. This, it would appear, is worthy of the serious consideration of those Republican leaders and would-be leaders who are to be held or who would like to be held responsible for future party management in the State.—New York Tribune.

Senator Gebhardt, of Hunterdon, has introduced a bill in the Legislature providing for the reform of the primary election laws in conformity with the recommendations made in the inaugural address of Governor Murphy. It is strange that the Republicans should have been so dilatory in complying with the desires of the Governor as to allow a Democrat to step in before them. The Hunterdon Senator's action, however, is proof that primary election reform is not a partisan issue, but is a movement which all decent members of both parties indorse. It is, perhaps, too much to expect that the Republicans will accept the Gebhardt measure as the proper solution of the problem, but it is to be hoped that his introduction of the bill will not endanger its passage.

Senator Gebhardt's measure largely follows the plan now in vogue in Hudson county by the Democratic organization. The workings of the plan there, however, are unsatisfactory, for it is notorious that under it Robert Davis has been able to absolutely control the nominations made and that the rank and file of the party have been deprived of all voice in selecting candidates. The Gebhardt bill, however, goes farther than the Hudson plan, and places additional restrictions about the conduct of the primaries which, it is claimed, will preserve to the people their rights and prevent frauds. The bill should be carefully considered, compared with statutes existing in other States where the plan has proved a success, and made to fully cover all the points desired by Governor Murphy before receiving favorable action.—Newark News.

YEAR AT WOMEN'S EXCHANGE

REPORT OF THE SECRETARY ON WHAT HAS BEEN DONE THERE.

Also a Statement of the Needs During Coming Year and Plea for Support.

The fifth annual meeting of the executive board of the Woman's Exchange, of Plainfield, was held Tuesday, Feb. 11, in the guild room of Grace P. E. church. The election of officers for the year resulted as follows: President, Mrs. O. T. Waring; first vice president, Mrs. D. N. VanBuren; second vice president, Miss Elizabeth R. Cock; recording secretary, Mrs. Hyatt; corresponding secretary, Mrs. L. W. Serrell; treasurer, Mrs. Carl Pfeiffer; auditors, Mrs. Craig A. Marsh, Mrs. Wm. Stillman.

The treasurer's report for the year beginning February, 1901, and ending February, 1902 was as follows:

RECEIPTS.

Balance on hand Feb. 1, 1901	$ 46.63
Received from sales, etc	7,216.06
Subscribers' dues	370.00
Donations from three charitable entertainments	359.90
Donation (Miss E. Morris)	25.00
From publisher of exchange book	10.00
Total receipts	$8,027.59

EXPENDITURES.

Paid to consignors from sale of their work	$6,596.74
Salaries of superintendent, assistant and errand boy	798.50
Rent	260.00
Water rate, heating, telephone, cleaning and other necessary expenses	368.86
Total expenditures	$8,024.10

We thus have a small balance on hand of $3.49. The receipts for the past year's work show an increase of over $2,500.

In presenting this fourth annual report of the condition of the Woman's Exchange, the members of the executive board feel gratified and encouraged. The number of consigners has increased to one hundred and fifteen, and their work has reached a standard of great excellence. The work has steadily increased, and we have found it absolutely necessary to give our superintendent an assistant.

The fact must be borne in mind that our expenses, in our working corps, are augmented in exactly the same proportion as our receipts. We need more annual subscribers to help us. Indeed any addition from a legitimate source to our income, is most gratefully received.

We receive from our sales only 10 per cent. commission to carry on our work. This is not sufficient. We can never make the Woman's Exchange self-supporting. Such has never been the case anywhere. One of these admirable organizations (in a neighboring city) is now entering upon its forty-sixth year of good work, and even there the problem of making a Woman's Exchange self-supporting, has not yet been solved. We can never overtake our expenses by any income from sales. For this reason, we appeal to our generous public to help us in carrying on our work, by their patronage, their personal interest and their subscriptions. Otherwise, our exchange, so fraught with good to many refined families in our midst, must go down in its struggle for existence.

Annie F. Hyatt,
Recording Secretary.

CONSIDERING SCHOOL SITE

SUBJECT WILL BE TAKEN UP AT THE SCHOOL BOARD MEETING TONIGHT.

Several Plans to Relieve the Overcrowded Conditions, But None Have Been Yet Chosen.

A lot of business will be done at the regular monthly meeting of the North Plainfield Board of Education, this evening, which session, in all probability, will largely be devoted to a consideration of a school site. Many reports are expected from standing committees but they will attract little attention compared to the all important matter of additional school accommodations. It is generally understood that the building and grounds committee has been diligently searching for suitable quarters for the pupils who can not be properly accommodated at present. The cost of adding a section to the Watchung School has been definitely ascertained and it is rumored that the committee has received some bids for doing the work. There's a well defined opposition to enlarge the present building since such a course would only bring temporary relief and in the end it is believed that the expense would not warrant such a solution of the matter.

As far as the Warren chapel site is concerned the committee is in possession of facts concerning the purchase price as well as the cost of altering and improving the building for school purposes. In its present condition it is entirely unsuited for the accommodation of pupils and it would take some time for the needed changes to be made.

Action will probably be taken on the offer of Mayor Smalley. He has signified his willingness to donate a large tract of land on Greenbrook road near Rockview avenue for a school site. The chief objection to the acceptance of this offer is the location of the land, it being considered to remote from the central portion of the borough.

BOOTH-TUCKER TONIGHT.

Lectures on "Dramatic Scenes of Love and Sorrow," Y.M.C.A. Hall.

Booth-Tucker, commander of the Salvation Army in this country, accompanied by his staff of twenty-one officers, will conduct a meeting in the Y. M. C. A. Auditorium, this evening at 8 o'clock.

MORE TENNIS AT PARK CLUB

PREPARATIONS BEING MADE TO MEET REVIVAL OF THAT GAME.

Old Courts Will be Put in Fine Condition and One New One Has Been Added.

Never has a winter seen the Park Club in better condition than now. Although Lent has put a stop to the formal functions at the club, the members and their families have found the club house a delightful place to gather evenings and spend the time bowling, playing pool and billiards or enjoying a social chat.

While naturally the social features will become of secondary importance during the summer months, there is every promise that the club will continue to be as popular as ever when the warm weather comes. The revival of tennis all over the country has been so marked that the trustees of the club are planning to pay special attention to that sport.

At the present time, the Park Club possesses the best tennis courts in either city or borough. They have been in existence ever since the club erected its pretty little club house on Washington avenue. Last year, there was much demand for them. In order to meet the anticipated renewal of interest this year, another court will be made along side of the other two and the three will be kept in the best of condition throughout the season.

There are a number of the young people in the club who are anxious to play as soon as the season opens and it is expected that others will take up the game as it returns into popular favor. Tennis is to be made an important feature of the summer life at the club and will undoubtedly prove a very important factor in making the club house the centre of attraction even after the warm weather is here.

THEATRICAL.

"The Bostonians" have made a great hit at the Garden Theatre, New York, in Reginald deKoven and Harry B. Smith's new romantic comedy opera, "Maid Marian," a sequel to their former triumph, "Robin Hood." Nothing but praise is heard of this tuneful composition and its interpretation. Under the direction of Klaw & Erlanger this company has again been lifted into prominence, and "Maid Marian" promises to vie with its protagonist, "Robin Hood" in popularity. Grace VanStuddiford, the prima donna soprano, in the title role, has scored a triumph unequalled in years. Adele Rafter, a new contralto, has an admirable song, "Tell Me Again, Sweetheart," and Belle Harper, the talented young vocalist, also shares in the constant applause. Among the many tuneful numbers which will readily find a place on the music racks of amateurs and be played by orchestras, are the ballad, "The Snake Charmer's Song," rendered by Miss VanStuddiford; "The Dew is on the Heather," and "Away to the Forest," rendered by Mr. MacDonald; and the topical verses allotted to Mr. Barnabee. All the old favorites are in admirable form, and Barnabee, MacDonald, Josephine Bartlett, W. H. Fitzgerald, Frank Rushworth, Allen Hinckley, G. H. Head, MacDonald Dorrington, J. J. Martin and others are excellently suited with congenial roles.

THE STORM'S HAVOC

Atlantic Coast Suffered Widespread Destruction.

TELEGRAPH LINES ARE PARALYZED.

Lives Lost, Horses Killed, Trolley Lines Tied Up and Fruit and Shade Trees Ruined by Worst Sleetstorm in Recent Times.

NEW YORK, Feb. 24.—Four persons dead in Philadelphia, one dead in Jersey City, hundreds of horses killed by contact with live wires, thousands of telegraph poles borne down by their burden of ice coated wires, fruit trees leveled in three states, prostration of traffic within a radius of 100 miles of New York and damage to property aggregating $5,000,000.

This, in brief, is the story of destruction wrought by the great sleetstorm. New York is still partly isolated because of the interruption of telegraphic communication with the south, and only meager reports were received yesterday of the storm damage. These show, however, that every town between this city and Philadelphia and some beyond suffered and that the destruction was much more widespread than was at first supposed.

Twelve hundred telegraph poles, carrying a thousand miles of wire, are down between New York and Norfolk.

In New York the sleet played havoc with trolleys and trees and completely paralyzed traffic in several of the boroughs. Brooklyn was without an adequate street car service for many hours, and before the repairs to the trolley wires were made twenty-five horses were killed by electricity.

Two thousand persons who went to Coney Island to attend a meeting of the Elks were stormbound for twenty-four hours.

Never in its history has Brooklyn seen a storm more farreaching in its effect.

New Jersey towns were isolated as a result of the storm. Cellars were flooded in Newark, Passaic and Elizabeth, and in Jersey City one man and thirty horses were killed by electricity.

Fortunately for the business community a national holiday followed the visitation of snow and sleet. Otherwise much inconvenience would have been caused by the delay in the receipt and distribution of the mails. Western trains arrived eight hours behind the schedule, having been delayed by obstructions on the tracks.

PHILADELPHIA ISOLATED.

No Telegraphic Communication For Over Two Days.

PHILADELPHIA, Feb. 24.—The Philadelphia newspapers late last night got in direct telegraphic touch with the country at large for the first time since 4:10 p. m. Friday. This was accomplished through herculean efforts of the mechanical force of the Western Union Telegraph company in restoring to working condition a number of wires between Philadelphia and Wilmington, Del., which had been prostrated by the fierce sleetstorm of Friday. The telegraph officials concentrated their efforts in closing this gap, which covers a distance of twenty-seven miles, as they realized that this would most quickly establish communication with New York. This opened connection to Washington, which city is in telegraphic connection with New York via the circuitous route of Pittsburg, Chicago and Buffalo. One object in getting the wires in working order to Baltimore was the facilitating of the handling of the train on which Prince Henry journeyed to Washington.

Never in the history of the telegraph was the prostration of the wires in this locality so complete. Within a radius of sixty miles hundreds of poles were broken off. Where the poles were not carried down by the weight of the ice on the wires one or more wires in nearly every span were broken, and in some localities it will be necessary to practically rebuild mile after mile of line. It is no exaggeration to say that the telegraph and telephone companies will not fully recover from the effects of the storm for months to come.

Within the city limits the eye was met in whichever direction it turned by a network of tangled wires. Slowly but surely this tangle is being straightened out.

It is not possible to estimate the money loss occasioned by the storm in this section, but it will run into hundreds of thousands of dollars.

Husband and Wife Drowned.

SISTERSVILLE, W. Va., Feb. 24.—Mr. and Mrs. Daniel Kennedy of Cochransville, O., have been drowned in the Ohio river opposite this city. They came here in the morning to visit relatives and about 3 o'clock started for their home across the river. When close to the Ohio side, the ice broke, and Mrs. Kennedy, who was in advance of her husband, was precipitated into the river. Mr. Kennedy made a brave attempt to rescue her and had almost succeeded when the ice broke under him. Both bodies were recovered within twenty minutes after the accident. A family of six children are left.

Aged Lawyer Dead.

CATSKILL, N. Y., Feb. 24.—John A. Griswold, long a leading member of the Greene county bar and member of congress in 1869 and 1870 for the Greene and Ulster districts and a member of the last constitutional convention, is dead here of old age.

Woman Burned to Death.

NEWBURG, N. Y., Feb. 24.—Mrs. Anna B. Hawkins was burned to death in a night fire at the home of Mrs. Lewis Curtis on Liberty street. Carrie Curtis, a young girl, who was sick with scarlet fever, was rescued by the firemen.

RELEASED AT LAST.

Miss Stone and Companion Free and Well.

REACH STRUMITZA, IN MACEDONIA.

The American Consul at Constantinople Is Apprised of the Fact From Salonika — Details Have Have Not Yet Been Given.

CONSTANTINOPLE, Feb. 24.—Miss Ellen M. Stone, the American missionary, who, with Mme. Tsilka, was captured by brigands in the district of Salonika Sept. 3 last, has been released and has arrived at Strumitza, Macedonia.

Nobody was at Strumitza to meet Miss Stone, as the brigands had given no indication where they proposed to release the prisoner. Mme. Tsilka and her baby were also released at the same time. They are all well. Miss Stone immediately made herself known to the authorities at Strumitza.

The first news of Miss Stone's release was contained in a telegram received by Mr. Dickinson, the American consul general at Constantinople, from the American vice consul at Salonika. The telegram gives no details of the release.

As Strumitza is near the Salonika-Uskub railroad Miss Stone will proceed to Salonika without delay.

REASON FOR CAPTURE.

Secretary Eddy Throws Light on Brigands Dark Deed.

NEW YORK, Feb. 24.—Spencer Eddy, first secretary of the United States legation at Constantinople, who had charge of the negotiations for the release of Miss Ellen M. Stone and Mrs. Tsilka, arrived here on the Kronprinz Wilhelm. In an interview he said the brigands captured an American rather than any other missionary because they believed the Americans had the most money and would be likely to pay the ransom.

"Did the brigands want the money for themselves?" Mr. Eddy was asked.

"No; they did not, and that is where the people in America do not understand this case. It is entirely a political matter, and all the people in Macedonia are in sympathy with the kidnaping, for they believe it is a step toward freeing Macedonia from Turkish rule, the same as Bulgaria has been, and the money they demanded, $100,000, was intended for the Macedonian cause.

"If we had been dealing with the professional brigands who wanted money pure and simple instead of the political ones, Miss Stone would have been released long ago. It is very likely that this capture was deliberated upon for a long time, and the victims selected were considered best to serve the cause when compared with those of other nationalities."

"Do the Macedonians have any feeling of enmity toward the missionaries?"

"No; they are rather friendly to them than otherwise. They desired to attract the attention of the world to their cause and incidentally to get some much needed money. I have every reason to believe they have given Miss Stone and her companion in captivity the very best of treatment. When Mrs. Tsilka's baby was born, she received the kindest of treatment, from all we can learn.

"I have had five letters from Miss Stone written in Bulgarian so her captors could read them, and they were masterpieces in cleverness and diplomacy. Miss Stone is a very courageous woman.

"Ninety-seven thousand five hundred dollars is the total sum on deposit to the credit of the brigands."

"Won't Turkey attempt to punish the ringleaders?"

"Turkey will have a problem on her hands if she does, for the Macedonians have risen up as one man in their determination to be freed from Turkey, and this kidnaping of the two American missionaries may be called the first chapter in their plan for liberty."

Mr. Eddy will visit Washington on official business and then proceed to his former home, Chicago, for a visit.

News Reaches Boston.

BOSTON, Feb. 24.—Secretary Barton of the American board has received the following cablegram confirmatory of the dispatch announcing the release of Miss Stone. It was dated Salonika and is unsigned: "Both Miss Stone and Mme. Tsilka and child released from confinement in good physical condition and good spirits."

New York Vital Statistics.

ALBANY, N. Y., Feb. 24.—The records of births, mariages and deaths received during the year by the state board of health were as follows: Births, 139,389; marriages, 64,680; deaths, 131,788. The death rate was 18 per 1,000 of population. The mortality was 7,500 in excess of the average of the past five years, but the rate was the same as that of 1900. The infant mortality is unusually low, being 3,500 less than in 1900 and 2,500 less than the average of the past five years.

Fatal Railway Accident.

FRANKLIN, N. H., Feb. 24.—A milk train on the Boston and Maine railroad struck a team containing three female attendants of the New Hampshire Orphans' home at the crossing near the home. Miss Maria Owens of Auburndale, Mass., a nurse, was killed, Miss Annie L. Salter of Boston, head of the kindergarten, was fatally injured, and Miss Flora J. McNapp was seriously injured.

Weather Probabilities.

Warmer; increasing cloudiness; light variable winds.

SOMERSET'S OPPOSITION.

If the plans of Former Mayor William L. Saunders and P. V. R. VanWyck are carried out, the subject of the consolidation of Plainfield and North Plainfield will make its first appearance before the State Legislature when the two houses convene this evening. While the subject has been discussed for many years, this will be the first time that the movement has taken definite form. One method of securing the desired Greater Plainfield is presented in order to get some accurate idea of its strength and the oppositon.

The plan, which is advocated by Messrs. Saunders and VanWyck, looks to the incorporation of the borough of North Plainfield as a part of Union county and the subsequent union of the two municipalities. During the course of the public discussion of the subject, three other plans have been suggested. One provides for the annexation of Plainfield to Somerset county, another for the formation of a new county from parts of the two counties.

The measure, which is expected to go before the Legislature today, will naturally be opposed by the remainder of Somerset county. Senator Charles A. Reed has long been against that scheme of consolidation and now says that he sees no reason to change his opinion. The trend of opinion in the western end of Somerset county is probably best expressed in an editorial which appeared in the last issue of the Somerville Unionist-Gazette. While it does not tally with the ideas of Plainfielders, it outlines the campaign which will be made against the propose measures.

The editorial is as follows:

"There is no reason why Union county should lay claim to the borough of North Plainfield, and there is still less reason why the borough should want to become a part of that county. There may be some reasons for the city of Plainfield wishing to get such an acquisition, but they are not sufficient to warrant such a transfer.

"The taxable property of the borough is nearly two and a half millions. It has grown to that proportion while a part of Somerset county, and these valuations belong to Somerset. If the people of the borough wanted to become a part of the city, that would be a different matter. When they voted on the question three years ago without any special effort on the part of those who were opposed to the move, the vote was very large in opposition to the change.

"And why should they desire the change? They have a beautiful town with streets superior to Plainfield, with locations to building much more desirable, and with a much more economical government. Why should they want to help shoulder the bonded indebtedness of the city for sewers and roads and school houses?

"Somerset county does not want to lose North Plainfield, and so far as we can learn, Senator Reed and Assemblyman Hoagland are both opposed to such a change, and in this they represent the views of the county. Somerset cannot afford to have a prosperous section of the county lopped off and given to Union county, which is already much more populous. She cannot afford to lose two and a half million of ratables."

There is no better way to settle definitely the question of municipal ownership of water works in the borough than to put it to vote at the spring election. While the borough councilmen may have their own ideas on the subject, they must remember that this is something in which every citizen is intimately interested and which it is very proper that all should have a voice in deciding. A formal vote on the question would decide exactly what course the Borough Council should pursue.

The only consolation that Plainfield can get out of the visit of the German prince to this country is that the yacht, which is being built for his father, is in process of construction within a mile of the bounds of Union county. But that's rather slim consolation.

Business and patriotism sadly conflicted in Plainfield Saturday. It is unfortunate that the local business men felt compelled to keep open on a holiday which has heretofore been very generally observed.

OFF FOR AFRICA.

Sunday-School of Warren Chapel Bade Farewell to Missionary.

Farewell was said to Rev. Robert Dalzell Schoonmaker by the pupils of the Warren chapel Sunday-school yesterday afternoon. The young missionary departs for Africa Saturday morning, and the occasion marked the last time he would meet many of those with whom he had labored in the work of the church. Felicitous addresses were made by several prominent members of the church and Sunday school, to which Rev. Mr. Schoonmaker responded in a happy vein.

Each member of the primary department Sunday-school received a photograph of Rev. R. D. Schoonmaker. The missionary is the superintendent of the department and takes much interest in the little ones.

Sent Them Back.

In consequence of the condition of the streets, Saturday, it was deemed advisable, to discontinue the vaudeville performances announced for the day at the Casino. The members of the company, on arriving in the city at 11 o'clock, concluded there would be very limited, if any patronage, so Manager Maze Edwards paid them their several transportation expenses and they returned to New York by the noon train.

Substitute at Organ.

Owing to illness, Arthur L. Titsworth could not preside at the organ in Trinity Reformed church, last evening. His place was taken by William H. Pope. Two members of the choir were also absent, H. J. Martin, Jr., and Miss Derby, who were both out of the city. Their places were taken by Mrs. Charlotte Ross and H. J. Martin, Sr.

Two Dozen Gave Surprise.

A surprise party was given Clarence Snell, of Jackson avenue, Friday evening, in honor of his eleventh birthday. His parents, Mr. and Mrs. William Snell, arranged the affair. Two dozen little folks had a merry time, the time being passed with parlor games. Refreshments were served. Master Snell received a large number of handsome presents.

Church Officers Installed.

The annual installation and ordination sermon was delivered by Rev. G. Hauser, pastor of the German Reformed church, yesterday. The officers inducted were: Elders, Philip Bach, John Schorb and August Wolff; deacons, Fred Endress, Christian Debele and Joseph Angerbauer.

Memorial Service.

A memorial service for Miss Rachel Mair was held by the Sunday-school of Warren chapel yesterday afternoon. F. H. Andrews and others made appropriate remarks and special music was sung in a sympathetic way by the young people.

SUBURBAN NEWS

A Department Devoted to the Minor Events in Greater Plainfield's Suburbs by Our Own Correspondents.

DUNELLEN.

The hard storm of Friday did considerable damage throughout the borough. Electric light wires were broken down by falling trees, and all trees and shrubbery suffered. The railroad park was filled with limbs broken from trees as were all the sidewalks about town. The borough will be put to some expense to have everything cleaned up. Street Commissioner Staats and a force of men were at work Saturday, but much remains to be done. In many places the culverts became stopped up with snow and the sidewalks were flooded. The road at the corner of Jackson avenue and Front street was flooded in this way to the depth of a foot, and the same conditions prevailed at other places. Most of the walking was done in the middle of the streets. A number of window glassess were broken by falling branches.

An exciting runaway was witnessed on Front street, Friday afternoon, when a horse, belonging to Daly Brothers, the Plainfield grocerymen, became trightened and started off at a reckless gait. The animal was stopped before it had gone far, however, and no damage was done was done outside of the snapping off of the shafts of the sleigh to which the animal was attached.

The death of Mrs. John Cronin occurred at her late residence, on Front street, Friday afternoon. Mrs. Cronin had long suffered with lung trouble and her death was not unexpected. Funeral services were held yesterday afternoon. Rev. Father Kerr, of St. John's R. C. church, officiated. Interment was at St. Mary's cemetery, Plainfield.

In spite of the stormy weather all the members of the Dunellen dancing class, who attended the reception in Apgar's Hall Friday evening, enjoyed an exceedingly pleasant time. A number of guests from out of town were present. Another dance will be held March 1.

The turkey supper given by the members of the Presbyterian church in the chapel Friday evening was not a success because of the storm but everyone who desires will be given a chance to partake of the supper as it will be held again tonight.

It is said that no independent ticket will be put in the field for election this spring but that a fusion ticket will be formed and the best men for the vacant offices selected.

An adjourned sale of the household goods of Mrs. L. W. Laing was held at her residence, Saturday afternoon, and everything was disposed of at fair prices.

Miss Mary Ward, of Newark, and Miss Edna Smalley, of East Orange, visited Mrs. L. B. Nelson, of Prospect avenue, Friday and Saturday.

The Session of the Presbyterian church will meet Friday evening to examine all who may wish to enter the church.

Augustus Runyon, of Plainfield, spent Sunday with his father, Eugene Runyon.

Elmer Giddes entertained - W. S. VanAlstyne, of New York, Saturday.

Court Dunellen, I. O. F., will hold its regular weekly meeting tonight.

Mrs. Fred Vail is spending a week with her parents in Dover, N. J.

NEW MARKET.

A review is already being made of the political situation in New Market. Several offices are open but so far no very active candidates have developed. It is probable that affairs will liven up a good deal this week however.

New Market did not suffer very severely from the storm, the principal damage being done to trees and shrubbery. The pond was unusually high Saturday.

The Friendship Social Circle will meet this week with Mrs. Herbert Pierce at her home on Somerset street, Plainfield.

Peter Bennard is again able to be out after being confined to the house for some time by illness.

Friendship Dancing class will meet as usual tomorrow evening.

Mrs. Alexander Manning is recovering from a severe illness.

PLAINS AND FANWOOD.

Washington's Birthday was observed very quietly in town Saturday. About the only ones who enjoyed a full holiday were the commuters. Owing to the day falling on a Saturday it was necessary for the several stores in town to remain open.

The residents of Scotch Plains had the pleasure, yesterday, of seeing several of the trolley cars pass through town during the day but the service was so uncertain that the cars were not patronized unless absolutely necessary.

The revival meetings being held in the Baptist church, which were interrupted by the blizzard of last week, will be resumed again. Meetings will be held every evening this week at 8 o'clock in the parlors of the church.

"Obedience," was the topic of an interesting meeting of the Baptist Young People's Society, held in the parlors of the church last night.

The storm of Friday night played sad havoc with the limbs of the beautiful shade trees along the streets of the village.

The services at all the churches in town yesterday were slimly attended owing to the bad walking.

The weekly meeting of the Epworth League was held in the Methodist church Sunday night.

SOUTH PLAINFIELD.

Much damage was done here by Friday's storm. The heavy weight of ice on the trees severely damaged them, many of the trees being entirely stripped of their limbs. Telegraph and telephone serivce was at a standstill for some time, Saturday morning, so that trains had to be run by the block system until the wires could be connected and strung up again. Considerable difficulty also is experienced in getting aboht on account of the bad condition of the roads.

Mr. and Mrs. Samuel Dayton, of Piscataway, and their daughter, Sadie, spent Saturday and Sunday with Mrs. Dayton's sister, Mrs. Lucy Avrey, of Brooklyn.

Mrs. William Clawson has returned home after a two weeks' stay in Plainfield.

Mr. and Mrs. Harry Tappen, of Newark, spent Sunday with local friends.

George Ryno and wife visited friends in Plainfield, yesterday.

Mrs. R. B. Manning is confined to the bed by illness.

REV. MR. GARDNER RESIGNS.

Has Accepted a Call to Hedden M. E. Church, Jersey City.

Before a special meeting of the church conference, Rev. G. W. Gardner, pastor of Grace M. E. church, tendered his resignation, which was announced Friday evening. He has accepted a call to the Heddon M. E. church, Jersey City, and will relinquish his duties here April 1. During his incumbency of the North Plainfield charge, Rev. Mr. Gardner has been successful in building up the church and many regrets have been expressed by his congregation over his resignation.

Three Feet of Frost.

It is not generally known, but there is at present three feet of frost in the ground. This is the deepest known in years, according to Superintendent Amos Andrews, of the Plainfield Water Supply Company. It was believed that the water pipes were well below the frost line, but it is now learned that many of the service pipes are frozen.

Boots In Demand.

Rubber boots have been in great demand during the past few days and Saturday none were to be had in Plainfield. A. K. Willett, of the firm of A. Willett & Son, of Park avenue, went to New York on the first train this morning and he had a supply of boots in this city at 11 o'clock this morning.

Mrs. Shaffer, of this city, has been visiting relatives at South Branch for a time.

Miss Jennie Jacobson, of Central avenue, has recovered from an attack of the grip.

Voorhees Huff, of this city, has returned from a visit with relatives at Somerville.

Miss Ethel VanWinkle, of Central avenue, has returned from a visit in Perth Amboy.

F. E. Kinsman, of Sherman avenue, has returned from a business trip to Albany, N. Y.

Mr. and Mrs. Robert York, of 688 West Front street, spent Sunday at Three Bridges.

Mrs. Samuel Daggitt, of Whitehouse, is visiting friends in Plainfield for a time.

John H. Carney, of Lincoln place, spent Saturday and Sunday with relatives at Bayonne.

Miss Jeanne Dunham, of West Front street, has been visiting Miss Leila Howard, of Brooklyn.

Miss Minnie Ammerman, of Frankfort, has returned home after a visit with Plainfield friends.

George Randolph, of the Postal Telegraph Company, spent a portion of Saturday in Plainfield.

Miss Florence R. Ohl, of Newark, returned bome yesterday after a pleasant visit with W. G. Debele.

Miss Estelle Belle Brooks, of Duer street, has returned from a visit with Bessie Ross, of Bound Brook.

Miss Mabel Cardner, of Orange place, has recovered from a recent illness which detained her at home.

Miss Williams, of Brooklyn, spent Saturday and Sunday with Mr. and Mrs. John Skellenger, of Elmwood place.

Miss Betty Steiner, of New York, has taken up her residence with Mr. and Mrs. Morris Abrams, of Grove street.

Miss Holmes, of the borough, has been spending several days with her aunt, Mrs. J. V. D. TenEyck, of North Branch.

Miss Mary Brown, of Washington avenue, spent Saturday and Sunday in Brooklyn with her sister, Mrs. J. T. Armstrong.

Mr. and Mrs. James Chamberlain, of West Third street, are the parents of a baby daughter who arrived at their home Thursday.

Mrs. W. W. Warnock, of West Front street, and Mrs. Margaret Wilson, of Grove street, have returned from a visit with Paterson friends.

TO BUILD ONE.

Then Chas. P. Sebring Will Move Another House on the Property.

Town Committeeman Charles P Sebring, of North Plainfield township, who recently purchased the property at the corner of Grove street and Prospect place, intends to erect a fine dwelling on the corner. He also expects to move his house, 22x44, now located between the Neal and Manning properties on West Front street, on the borough property and make extensive improvements in it. Mr. Sebring recently secured permission to move his city house into the borough.

MORE TROUBLE.

Ridell Wants Money Back for Horse He Bought of Frank Johnsen.

Another complaint has been made through Justice Hand's court against Frank Johnson, the Polak, who was arrested last Thursday for horse stealing. He sold the horse and wagon to Joseph Ridell, of Alton. The latter lost $30 through the deal. He has preferred a complaint against the prisoner, alleging obtaining money under false pretenses. The papers in the case have been sent to Prosecutor English as Johnson is confined in the county jail.

A Change in Speakers.

Commander Wadhams, of the United States Navy, had been announced as the speaker for the men's meeting at the Y. M. C. A., yesterday afternoon, but he was unable to be present. In his place, Rev. Dr. W. R. Richards, pastor of the Crescent Avenue church, consented to make an address. A feature of the meeting was the 'cello solos rendered by W. Paulding DeNike.

House Party.

An old-fashioned house party was given by Mr. and Mrs. R. V. Saums, of South Somerville, Thursday evening. There were seventy-five guests present, including friends from this city. Dancing was the feature of the evening.

FAMILY REUNION.

Pleasant Gathering at Home of H. C. VanEmburgh Saturday Night.

A pleasant social gathering in the nature of a family reunion took place Saturday evening at the home of Mr. and Mrs. H. C. VanEmburgh, on East Second street, when several relatives and friends were present to partake of a delightful dinner. Among those present were Mrs. VanEmburgh's father and mother, Mr. and Mrs. George H. Kline, her brother and sister, Mr. and Mrs. E. Baker, of Elizabeth; Miss Justin, of Buffalo; Miss Ella Buell, of Bayonne; Mrs. Ida Pryor, of Newark, and Mr. VanEmburgh's parents, Mr. and Mrs. G. L. VanEmburgh.

FIRST "AT HOME."

Given by Mr. and Mrs. Archibald H. Derby, Recently Wedded.

Mr. and Mrs. Archibald H. Derby, of East Fifth street, who have recently returned from their bridal trip, gave their first "at home" Saturday afternoon and evening. Notwithstanding the inclemency of the weather a large number of friends called during the afternoon and evening.

Assisting in receiving were Miss Burdette, of Elizabeth, who was the maid of honor at the wedding, and also Wilson H. Derby, who had acted as best man. The occasion was a pleasant one indeed.

Elliott T. Barrows, of West Eighth street, who is detained at home as the result of a fractured leg, continues to improve. The break is mending under most satisfactory conditions.

DEBUT OF MISS VON OHL

SHE APPEARED IN "THE SCULPTOR'S DAUGHTER" AT REFORM HALL.

Young Woman Made a Good Showing Before a Small Audience—Others of the Cast.

A four act drama entitled "The Sculptor's Daughter," given at Reform Hall, Saturday evening, furnished the occasion for the debut of Miss Adele T. von Ohl, a young Plainfielder scarcely sixteen years of age. As might be expected on such a night the audience was not very large, but those who had braved the weather, saw a good play.

Miss von Ohl appeared in the title role and displayed some ability in the histronic art. She had been carefully coached by Richard Foote, the California tragedian, and from the manner in which she portrayed her lines much may be expected from her in future years. Mr. Foote, himself, assumed the role of Hugo, the foster father of the heroine, and he gave unusual force and character to the part as might be expected.

As Berto, Bob Mattox was capital. He furnished considerable humor to the situations in a way that was creditable to himself and enjoyable to the audience. Others in the caste were Miss Suzanne Kranz, Miss Margaret Hoffman, John Manley, W. A. Kenyon, B. W. Hand and John Goodwin.

SLIM ATTENDANCE.

But Ball Was Financial Success as Tickets Had Been Sold in Advance.

It was not surprising to find a rather slim attendance at the Warren Engine Company's first annual ball, in Saengerbound Hall, Friday evening. There was not more than 100 persons present, but inasmuch as the sale of tickets had largely been advanced, from a financial standpoint it mattered little how many put in an appearance.

Eugene O'Reilly's orchestra furnished the music for the dances. The committee in charge consisted of L. Bodine, chairman, John Schenck, treasurer, F. Kesselring, secretary, L. Rosenstiehl, C. Stahl, L. Feiring, W. Conover and William Doud. L. Feiring was floor manager and his assistants were F. Kesselring and L. Rosenstiehl.

CAMP-FIRE.

Affair at Congregational Church Will be Repeated Friday Night.

A "home missionary camp-fire" was held Friday evening at the Congregational church, under the auspices of the Woman's Association. Owing to the severe storm the attendance was small, but those present were not disappointed for an informal programme consisting of violin and piano selections by the Misses Hyatt, and vocal selections by a quartette comprising Stacy Rrynolds, Morris VanArsdale, Dr. Frank Hallock and John D. Bailey. After the programme refreshments were served.

In view of the small attendance it was decided by those in charge of the affair to repeat it Friday evening when the complete programme, as arranged, will be rendered.

Locked Up for Drunkenness.

J. Newton Honeyman was arrested Saturday evening for drunkenness and lodged in the borough lockup. He was released Sunday morning.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. L. W. Randolph.

PRINCE HENRY HERE

Cordially Greeted by Officials of City and Nation.

GREAT LINER DELAYED BY STORM.

At Noon Sunday, a Day Behind Schedule Time, Prussian Admiral Hoists German Flag Over the Imperial Yacht at New York.

NEW YORK, Feb. 24.—Prince Henry of Prussia, representative of his brother, the emperor of Germany, at the launching of the latter's American built yacht, reached New York yesterday and was cordially welcomed as a guest of the nation. The land batteries that guard the outer harbor sounded the first greeting in a ponderous salute of twenty-one guns, the rifles of a special naval squadron assembled in his honor re-echoed the sentiment, there were verbal greetings from the representatives of President Roosevelt, the army, the navy and the city of New York, and a great crowd lined the way into the city to see and cheer the sailor prince of Germany.

The great storm against which the Kronprinz Wilhelm had struggled for days and which had glazed the Atlantic coast in an armor of ice had lost its force and resigned its sway to warm sunshine and cheery blue skies, so there were no regrets that the royal guest was a full day late for the entertainment provided for him. The genius of Marconi, reaching out from the

PRINCE HENRY.

storm swept coast, had definitely located the belated liner and made certain the hour that she would reach Sandy Hook.

Rear Admiral Robley D. Evans, commander of the special squadron and honorary aid to the prince, left the flagship Illinois at 9:40 o'clock in the naval tug Nina. With him were Captain G. A. Converse, his chief of staff; Flag Lieutenant Frederick Chapin, Ensign Frank T. Evans, aid, and Captain von Rebeur-Paschwitz, naval attache at the Washington embassy of the German government. They were all in full dress uniform. The Nina met the Kronprinz beyond Fort Wadsworth and, swinging around on the starboard side of the liner, steamed up the bay. Prince Henry, attired in the uniform of an admiral of the German navy and surrounded by his naval and military staff, in brilliant uniform, stood on the bridge of the liner. As the naval tug drew nearer to the side of the steamship Prince Henry and Admiral Evans caught sight of each other and exchanged informal salutes. The distance from the steamer to the tug was too great for conversation, however.

As the two vessels, with a flotilla of tugs and official craft, moved in past Fort Wadsworth the first of the salutes of twenty-one guns was fired. As the first gun sounded the prince advanced to the end of the bridge of the Kronprinz and stood at attention. As he passed the big American flag floating over the fortifications he touched his cap in salute, and the members of his suit did likewise. The flag at the jackstaff of the Kronprinz was dipped, and the German naval band accompanying the prince played "The Star Spangled Banner."

The guns of Fort Wadsworth were not silent before those across the Narrows at Fort Hamilton boomed out their salutes. When that ceremony was over, the Kronprinz was stopped, and the Nina hauled around to her port side, and Admiral Evans and his staff boarded her. The passengers were gathered on the main deck, and there was a hearty cheer as the admiral came up the gangway.

Admiral Evans was escorted forward at once, and in the quarters of Captain A. Richter, master of the Kronprinz, he and Prince Henry met. The prince came forward, and, taking the hand of the naval officer, shook it warmly.

"I am very glad to see you, sir," said the admiral. "Everybody in the United States is waiting to welcome you. It is my pleasure, sir, to formally greet you in their behalf."

"I thank you, sir, and through you the people of your country," responded the prince. "I am very glad to be here and on this splendid day. The emperor directed me to convey his compliments to you, admiral, and I do so with very great pleasure."

Admiral Evans expressed gratification at the thoughtfulness of the emperor. He presented the members of his staff, and the prince gave each a hearty handshake and a cordial word. The newspaper correspondents who are to accompany the prince on his tour through the country also were introduced by the admiral. The prince, who was in excellent spirits, smiled when he faced the newspaper writers and after the formal part of the presentation said that he was quite sure that their relations would be very happy.

After a brief halt the liner moved ahead and at 10:50 was abreast of the special squadron off Tompkinsville. The German standard was run to the foretop of the Kronprinz, and its appearance gave signal to the American fleet to salute. The San Francisco, Cincinnati, Olympia and Illinois lay in perfect alignment in the order named and made an attractive picture, with their crews manning sides, turrets and tops.

All the way up the bay and river the noisy greeting continued. The Kronprinz Wilhelm tried to acknowledge them all.

The shores of New York and Jersey City were alive with persons as the big steamship passed the Battery at 11.20 o'clock. Ten minutes before noon the big ship was off the pier at West Thirty-fourth street and in sight of the imperial yacht Hohenzollern, that was lying there awaiting her distinguished master.

In ten minutes the first formal greetings had been exchanged, the emperor's brother was aboard his imperial yacht, and the royal standard of Germany was raised. As the silken banner was sheeted home on the halyards an electric spark flashed out aboard the American flagship Illinois, and again the royal salute was given down the bay.

For several squares in the vicinity of the prince's landing place the walks, roadways and all possible points of vantage were black with human beings.

As the royal stranger walked down the Kronprinz Wilhelm's gangplank the naval band on the Hohenzollern struck up a martial welcome, and the assembled crowd cheered lustily. Hats on all sides were lifted, and the prince, at the head of his suit, bowed to the right and to the left.

To the first inquiries the prince stated that he was in excellent health and that he had not been in the least disconcerted by the tempests through which the ship had just passed. He was grateful, he said, for America's evidences of good feeling and kindness.

Most of the day was devoted by the prince to rest and religious exercises. After luncheon he was visited by General Brooke, commander of the department of the east. He also returned the calls of Admiral Evans and General Brooke during the afternoon. In the evening he dined aboard the Hohenzollern, after which, with a troop of cavalry and mounted police as escort, he visited the Deutscher verein in East Fifty-ninth street, where there was held a private reception from 8 until 10 o'clock. At this Embassador von Holleben acted as master of ceremonies.

From the Deutscher verein the prince returned to the Hohenzollern, where he remained until 1 one o'clock this morning, when he went by special boat to Jersey City and thence to Washington. Today he will call upon and dine with President Roosevelt.

The four ships of Admiral Evans' squadron were prettily illuminated at night. The battleship Illinois, at the head of the fleet, had her name in electric lights across the bridge in letters two feet high. Along either side of the ship at a height equal to the top of the pilot house she displayed in lights the words "Welcome Prince Henry." Along the rail, from stem to stern, and up the stays to the tops of her military masts and up and around the tops of her funnels were strings of high power incandescent lamps.

The programme for tomorrow is as follows:

Arrival by train from Washington via Pennsylvania railroad at about 8 o'clock at the Jersey City station.

From that point the prince and his party will go by boat directly to Shooter's island to take part in the ceremonies attending the launching of the Meteor at half past 10 o'clock.

Returning to the Hohenzollern, accompanied by President Roosevelt, the prince will entertain the president at luncheon on board the royal yacht.

By boat the prince and his staff after luncheon will be taken to the Battery and, disembarking there, will be escorted in carriages to the city hall, arriving in time to be presented by Mayor Low with the freedom of the city in the chamber of the board of aldermen at about half past 3 o'clock.

Returning to the Hohenzollern, the prince will make his preparations to attend the dinner given by Mayor Low at the Metropolitan club at half past 6 o'clock.

From the Metropolitan club the party will be escorted to the Metropolitan Opera House, there to attend the gala performance of grand opera.

Cuba's Geology.

WASHINGTON, Feb. 24.—The United States geological survey is about to issue a "gazetteer of Cuba" compiled under the direction of Henry Gannett geographer. The publication contains comprehensive data regarding the geographic resources, climate, people, occupations, civil divisions, etc., of the island and is illustrated by maps and plates showing distribution of population and products.

Brewery Engineers Strike.

CINCINNATI, Feb. 24.—All the engineers at the breweries in Cincinnati, Covington and Newport have quit work, throwing 2,500 men out of work and stopping over $50,000 per week in wages. It is not a contest between employees and employers, but between the unions of the engineers and of the firemen and the organization known as the United Brewerymen.

A Russo-Korean Treaty.

YOKOHAMA, Feb. 24.—It is reported here from Seoul that a convention has been concluded between Russia and Korea under the terms of which Korea agrees not to grant to any state or individual the island of Koje, the shore opposite or any part of the coast from that point to Chemulpo.

DRESS TRIFLES.

Parasols, Tea Jackets and Embroidered Waistcoats.

Parasols can be bought almost for nothing at this time of the year. White sunshades are always fashionable, and Persian patterns promise to be all the style.

Tea jackets are very fashionable in the marquis style with embroidered waistcoats, and embroidering these constitutes a dainty bit of fancy work. These embroidered waistcoats are also much used with tailor mades which have open front jackets.

Several well known society women have the pretty fad of always wearing a certain kind of flower no matter what time of the year it is. This idea can be carried out by the girl in moderate circumstances if she uses artificial flowers on her evening dresses. It is a chic French notion to loop in ribbons or silver cord with the flowers, and a

WORN IN "FROCKS AND FRILLS."

dainty bunch of artificial blossoms so arranged goes far toward renovating an old evening dress.

The creation in the sketch is worn in "Frocks and Frills." It is an empire robe of black point d'esprit over silver gauze, with an applique of ivy leaves in cut out velvet. The gown is finished at the bottom with masses of pink chiffon frills and chiffon roses. The little simulated bolero is of drawn and wired silk, a couple of pink tulle rosettes being placed immediately in front, from which depend little tassels.

JUDIC CHOLLET.

EVENING GOWNS.

Floral Trimmings Combined With Lace and Ribbon.

The evening sleeve of the moment is a matter of taste. It is made with one single puff to the elbow or tight fitting a la Marie Antoinette with a frill. Some sleeves are composed of seven or eight accordion plaited frills. On many gowns there are no sleeves at all, only shoulder straps composed of jeweled chains or ropes of flowers. If a woman has good arms, she should display them; if not, there are transparencies of chiffon and sheer effects.

FOR A YOUNG GIRL

Frocks of gray chiffon are worn by those who are in half mourning and by many who are not. There seems to be a craze just now for these soft pale gray frocks. They are relieved with violets or pale blue flowers.

Floral trimmings are much the style and with dainty touches of lace and ribbon form admirable trimmings for evening frocks. Roses, tuberoses and orchids are made so natural that they almost defy detection.

The French dress in the illustration is of pale yellow mousseline. The skirt has a double tunic effect, the edge of each tunic being embellished with a hand painted design. The decollete waist is held in place by narrow straps of velvet, and the half sleeves are of lace and mousseline. There is an odd tunic overdress effect of cream guipure lace. The corsage is daintily finished with a cluster of tinted yellow blossoms.

JUDIC CHOLLET.

Japanese as Walkers.

A great walking competition in Tokyo, in which most of the competitors were jinrikisha men, resulted in a fiasco, none of the men completing the minimum of seventy miles. This excited some surprise, as the jinrikisha men have immensely developed legs. The result is attributed to their want of staying power.

LOVE ACROSS THE LINES

CHAPTER I.

Doctor Francis Brodnar rapidly paced the richly carpeted floor of his spacious parlor office, his brow clouded and his massive jaw clenched. His countenance, usually serene and trust-inspiring, had for the moment lost its kindliness, and was forbidding almost to repulsiveness. A patient viewing him from the operating table would, it is likely, unless possessed of superior nerve, have succumbed to heart failure; at best he would have demanded another appointment; for by some atavic reversion the good doctor had apparently returned to savagery of a virulent type. When he paused abruptly before the clock and suffered his jaws to relax, the spectacular results were even worse. He glared vindictively at the placid timepiece and gnawed fiercely his heavy mustache.

"Four o'clock! four o'clock!" he exclaimed, "and this is her last day!" The sentence ended in something like a groan.

"Well," replied a voice near at hand, "there must be last days for everybody and everything." The voice was full and musical, with a shading of melancholy. The speaker stood in the doorway, hat and cane in hand. "If this were my last day of bachelorhood, I don't think I could have stated it so woefully, nor have I put as much despair into the sentence. How are you, Frank? Why, what is the matter?" he continued, entering the room slowly as the other remained motionless, gazing silently towards him. "Don't know me? Sorry to see me? You are glaring!"

"Dick Somers!" The name burst from the doctor's lips, and he rushed on his visitor, seizing and wringing the proffered hand. Again he stopped, his whole soul in his face and eyes.

"Well," said Somers, cheerfully, "what is on your mind, old man? Five years is a long time and Paris was a gay place; but five years and Richmond are not enough, surely, to effect such a change as this! And I shall have use again for that hand, perhaps, bones and all, so—"

"The last days of your bachelorhood—you said the last days of your bachelorhood, did you not? Then you are still a bachelor, Dick?"

"Well, yes," and Somers smiled wistfully into his friend's face. "The same old Brodnar," he continued, "headlong, enthusiastic, impetuous! What new scheme is afoot now? Do you want to offer me up on the altar of matrimony? If so, I draw the line there. Why, confound it, man, what is the matter with you?" he added; for the other, still retaining his hand, continued to regard him in deep thought.

"Sit down," said the doctor, drawing him towards a chair—"sit down." And Somers perforce accepted the seat. "Dick"—and the professional man stood over him—"I will welcome you formally to-morrow, but to-day you are the most welcome man on earth. I suppose I am headlong, enthusiastic and impulsive, but I am true, am I not?—true to my friends?"

"True? As truth itself, old fellow." And Somers, who had taken a cigar from a box on the table by his side, suspended the lighted match over the weed as he looked up. "Anybody been casting a doubt on that point?"

"And honorable?"

"As honor!"

"You would take my word unsupported for any amount, would you not?"

Somers looked affectionately into the flushed, eager face above him and grew serious. "I would take your word, Frank, against the world, except in one event—"

"And that?"

"Well, if you speak disparagingly of yourself, Frank." Their hands met impulsively.

"Dick, don't laugh at me or think me out of my senses, but tell me seriously—is there any reason why you may not be married to-night?" Somers started to rise, a queer look upon his face.

"Sit down," said the doctor, with both hands on his shoulders. "Answer me frankly."

"Heavens! man, are you in your right senses?—but yes, this is only the same old Brodnar."

"You do not answer, Dick. You are treating me lightly, and I am desperately in earnest."

"Well, then, old fellow, I will answer you seriously. There is no reason on God's earth why I may not marry to-night. No heart will break, no trust be shattered, no one will care. Yes, one—my mother." He lifted his fine face towards his friend. It wore again the characteristic half-wistful, half-mocking smile.

"You would not care, either, Dick? Not if by marrying you obliged a friend who loves you? Not if by marrying you enabled him to defeat a piece of villainy planned against the life and welfare of one of his dear friends? Not if it defeated a cowardly enemy? Oh, don't you see my whole soul is in this matter?" The doctor resumed his agitated pacing.

"Wouldn't it be best for me to kill him—in some genteel way—say—"

"No; killing is still a crime, but matrimony isn't—though often more immoral. And killing would settle with but one, while matrimony wipes out the whole crowd."

"Which, unfortunately, includes me, if I guess well—but there you go again, Frank! Sit down, and I will be serious. Only—you will let me inquire into the details of this marriage which you have evidently planned for me—a man may inquire about his own marriage, may he not?" Somers' voice was now plaintive. The doctor did not answer on the moment, but walked to the window and gazed gloomily into the blue spring skies towards which the budding trees of the old capitol were lifting their arms in welcome.

"Of course, it is absurd, Dick," he said, coming back, "and is obliged to strike you so; but, do you know, I believe that friendship is the one undying bond of our race. All others have their limitations—even love of man and woman burns itself out. I believe that somewhere between men such a friendship as this exists: to love where another loves instantly and forever; to hate where he hates blindly and implacably; to hold his honor higher and sweeter than life, his happiness above one's own; to feel this holy affection so strong that it permeates every quality of mind and body, and makes us in truth that which we believe our friend to be. In such a friendship, Dick, self perishes. We look into the eyes of our friend and say 'Command!' We do not question; we trust implicitly, blindly; and if we err—"

"Life is black forever!" Somers had arisen, and, taking his friend's hand, was regarding with affection his flushed face. "That is Frank Brodnar indeed," he continued. "You mean it, my dear fellow; and I am satisfied that if after five years of separation I should enter this room and say: 'My boy, if you have no previous engagement and the way is clear, you will do me a great kindness by stepping down the street and letting me marry you out of hand to a friend who is being or has been victimized'—wait, I am in earnest—you would take up your hat, smooth your hair, and join me before I reached the street or you had remembered the madam and babies at home. But, my dear fellow, I haven't the ability to throw myself headlong into a plot. It is constitutional that I do not excite easily. I must find my way up to par by stages; while you, you were born above par. You may guess from my metaphor what I have been doing of late, but it doesn't follow that I never reach the point of high tension. Nor does it follow that I am a cold blooded friend. A little sluggish blood sometimes saves a friendship. Sit down and tell me all about it."

"And that is just what I may not do." Somers studied the gloomy face a moment in silence.

"You may at least tell me what you would have me do, Frank."

"I would have you come here to-night, let me blindfold you, take you to a certain room in this city have performed over you a ceremony which will unite you to a perfectly honorable woman, leave you there with her until dawn, when I shall bring you away. I would have you ask me no question

SOMERS WAS LOOKING WITH DEEP INTEREST INTO THE SPEAKER'S FACE.

now or hereafter touching this matter; have you regard this woman to-night as a holy charge and treat her with the reverence and respect you should yield to your dead sister; and never from this moment until the day comes when I may release you—and that may be near or far—would I have you seek to discover her name or place of living. By your marriage contract you obtain no rights whatever over the woman or her property—I assure you she will claim nothing of you—and when the time comes for her to ask an honorable divorce at your hands—a mere matter of a few years, I think—you are to grant it openly and freely. More than this I may not tell you."

Somers had leaned forward upon the table and was looking with deep interest into the speaker's face.

"It sounds like an Elizabethan romance, or a chapter from 'Don Caesar de Bazan.' I am approaching par." And then he added gravely: "You have not forgotten that my mother and yours were somehow cousins, and—"

"I have not. Nor have I forgotten that a friend's name and honor are sacred whether he is or is not of kindred blood. And I have not forgotten that the woman herself—this woman of whom I speak—confers an honor with her blind trust. There has been my chief difficulty, Dick. In these days it is hard to find a man into whose hands you may place a young woman and say to her: 'Trust him implicitly!'" Somers smiled slightly.

"My dear fellow, don't you see that it is you whom the woman will trust in this instance, not me? I am only to vindicate you."

"Then you consent?"

"Why, of course! I have no ties to hinder me; and I shall never marry with any serious intentions. As you know, my life chance passed from me when I laid down my commission in the army to become a wanderer. I am here to-day to sign for a small share in some property of my grandmother's, and to-morrow I shall be off again. I do not think I will be inconvenienced much by the fact that I shall leave a bride in Richmond whom I have never seen nor am apt to see; and since it helps you and your friend, why, I am positively happy over the affair. Fact is, Frank, I am about up to par in this matter now."

"You make me happy, Dick. True as steel always, but always—always—I wish, old fellow, I might find the missing note in your life."

"Satisfy my ambition, Frank, and you have found it. My people were of the army and navy. You remember Somers in Tripoli, and—but this is idle. When that damnable villain Iiolbin tempted me to embroil myself with the authorities in an act of insubordination the world was rosate—"

"Holbin—Raymond Holbin?"

"Why, yes. Had you forgotten the circumstances? I used to rage over it enough in Paris, God knows. Pass the matches, please." Brodnar passed them and moved quickly to the rear of the speaker, lifting his right hand in excitement, his features working convulsively. "It did not help matters that they cashiered him for rascality and pusillanimity, for they had let me resign, and my application for reinstatement lies unacted upon still. Frank, there is the open grave in my life, and the missing note is silent within it." He wheeled his chair about and looked up into his friend's face. "You would help it if you could, I know; and bless you, my boy, for your sympathy. What was it you wanted me to do? Oh, yes, the marriage. Let us get back to that. Am I to make a toilet? But of course—"

"You will do as you are. It will be in the dark. But, Dick, at this moment, for the first time, the full extent of your friendship dawns upon me and I see the generous heart beating away so faithfully in my behalf. Dick, there was a woman in the affair between you and Holbin; you have never told me of her and I don't ask you now, but if there is a sacrifice in this for you it is not too late—"

"Sacrifice? Lead on! I am in the hands of my friends. I am not the first to leap blindfolded into the sea of matrimony, nor shall I be the last. Life is a cycle and fools beget fools. Besides, I have in my religion some of the fatalism of the east: That which comes to us without our seeking and seemeth right to do, is generally the right thing to do. The falling cocoanut that breaks the sleeping robber's head feeds the starving pilgrim."

"Well said. And in this adventure, my friend, I take it that you are the cocoanut. I am old-fashioned enough to believe in God, and with His help you may break a villain's head indeed."

"But I shall be satisfied if my own isn't broken. By the way, my wife should understand that if this ugly rupture between the south and north involves blows, she may hear of her husband bearing arms against her."

"Fiddlesticks! There has been more blood shed in my back office than you will see spilled between the north and south. The people on the streets and up yonder in the capitol are temporarily insane. It will end in wind—my name for oratory." Cheers in the street below, followed by the discharge of a cannon, shook the windows. A boy rushed past, crying an extra.

"What does he say?" asked Somers, as Brodnar, who stood near the window, lifted his face.

"Fort Sumter has surrendered!"

SENATORS IN CONTEMPT.

Official Washington Still Excited Over Saturday's Sparring Match.

WASHINGTON, Feb. 24.—The topic of chief interest in senatorial circles and, in fact, everywhere in official Washington is the fight in the senate between Senators Tillman and McLaurin of South Carolina. There has been a number of conferences among senators as to what should be done to preserve the dignity of the senate and to manifest its sentiment with reference to the two senators who violated its traditions. While no plan of procedure has been agreed upon, it is learned that there will be very deliberate action, and it is said to be more than likely that it will be not less than thirty days before the South Carolina senators will be restored to their full powers as senators.

The trouble started during a speech by Mr. Tillman on the Philippine tariff bill, in the course of which a lively tilt occurred between him and Mr. Spooner over the part that W. J. Bryan had in the ratification of the Paris treaty.

Mr. McLaurin in response to a statement made by his colleague, Senator Tillman, in words which cut the senate chamber like a knife, said, "The statement is a willful, malicious and deliberate lie."

Mr. McLaurin got no further with his statement. Mr. Tillman, who was occupying his regular seat on the main aisle, sprang with tigerlike ferocity at his colleague. Without the slightest hesitation Mr. McLaurin sprang to meet the attack half way. Mr. Tillman aimed a wild blow at his colleague with his right fist. It landed upon Mr. McLaurin's forehead just above the left eye.

Instantly McLaurin's right arm shot out, the blow landing upon Tillman's face, apparently upon the nose. Again Tillman struck out frantically, this time with his left hand. The blow did not land upon McLaurin. Then followed a wild scrimmage, both senators clutching at each other madly. An instant later the angry senators were pinioned in the arms of Senators Scott and Warren. They were dragged farther apart, although they still made ineffectual efforts to get at each other. Finally they were forced into their seats.

After the excitement subsided and some semblance of order was restored in the historic old hall the senate adopted a resolution declaring both Tillman and McLaurin in contempt.

In accordance with the agreement heretofore reached the senate will begin voting at 4 o'clock today on the Philippine tariff bill. Prince Henry will be a witness of a part of the ceremony of taking the vote on the Philippine bill, and he will be allowed to observe it either from the floor of the senate or from the gallery, as he may prefer.

The McKinley memorial exercises in the hall of representatives on Thursday overshadow the programme in the house this week.

AGAINST JUDGE NOYES.

Alaskan Official, on Attorney General's Findings, to Be Dismissed.

WASHINGTON, Feb. 24.—Attorney General Knox has delivered to the president his findings in the matter of the charges filed against Arthur H. Noyes, judge of the second division of the United States district court for Alaska. The charges allege incompetency and corruption, although the attorney general says the charge of dishonesty was not pressed.

After reviewing the case at length the attorney general concludes his report, as follows:

"Such was the end of this Nome litigation, out of which has sprung so much complaint, bitterness and public scandal. After review it remains that the actual consequences of these proceedings in the Alaska district court were to bring that court into disrespect and to impair public confidence in its wise and impartial administration of justice. In view of the foregoing the attorney general recommends that Judge Noyes should forthwith be removed from office.

The president will approve of these findings and promptly dismiss Judge Noyes from office.

Archbishop Corrigan Injured.

NEW YORK, Feb. 24.—Archbishop Corrigan is confined to his room with painful injuries which he received in St. Patrick's cathedral. Workingmen have been erecting a wooden partition in the rear of the building prior to tearing out the permanent wall and to joining the cathedral with the Kelly memorial, which is being erected. It is the archbishop's custom to enter the cathedral for private devotions about 8 o'clock in the evening. On the day when he received his injuries workmen had left unguarded a big hole in the floor. The archbishop stumbled into this. He caught himself when he had slipped through the floor up to his arms. Very few persons were in the cathedral at the time. The archbishop managed to get back to his residence. He was badly bruised and shaken up.

Watching For Crazy Snake's Band.

GUTHRIE, Okla., Feb. 24.—Squads of minutemen have been ordered at Wetumka to protect the town from the Crazy Snake Indians. The squads are on guard alternately after nightfall, and runners are sent in all directions from the town on the lookout for the hostile Indians. The stores have supplied all ablebodied citizens with rifles and shotguns.

Table Factory Burned.

FINDLAY, O., Feb. 24.—Fire originating from an unknown cause has destroyed the entire plant of the Findlay Table Manufacturing company, causing a loss of $97,000, with insurance of $50,000. As a result of the fire 100 men are thrown out of employment.

FELL DEAD AT THE STATION

SUDDEN DEATH OF HENRY C. VAIL, A PROMINENT DUNELLENITE.

Heart Trouble and Exhaustion After Being Out in Storm Caused His Death.

(Special to The Daily Press.)

Dunellen, Feb. 25—Henry C. Vail, a well-known and highly respected citizen of this place, dropped dead in the railroad station Saturday morning, while on his way to his work as an inspector on the New Jersey Central. During the past week the severe storm had been unusually trying to Mr Vail. This, together with an affection of the heart which he had had for a long time, resulted in his death.

When he left home early Saturday morning and bade his family good-bye he seemed to be in good health. When he reached the station he complained a little of feeling exhausted. Suddenly, as he attempted to leave the station, he fell on the floor. Dr. Brakeley was summoned. He died without regaining consciousness.

The deceased leaves a wife and three daughters. The latter are Mrs. George Richardson, Mrs. Albert Apgar and Miss Bessie Vail, all of this place. The funeral services will be held tomorrow afternoon from the late residence, Rev. A. K. Doolittle, of the M. E. church, officiating. Mr. Vail was also a member of Court Dunellen, I. O. F., and the members will hold a service at the house this evening.

TALKED BASEBALL.

Informal Election of Officers for St. Mary's Team at Meeting Held Yesterday.

The St. Mary Athletic and Literary Association met in T. A. B. hall, yesterday afternoon, for the purpose of discussing baseball matters for the coming year. As the attendance was not as large as desired nothing was decided upon definitely. The following were elected informally as officers of the season's team, and may be made permanent later: Manager, James Monahan; treasurer, Thomas Comerford; captain, Fred Winn.

All of last season's players were in attendance and with one exception were assured their places would be assigned to them as before. The exception is John Madden, who played second last year, but on account of his health he will be unable to play baseball this summer. He was one of the season's best players and his loss is greatly regretted by the management.

Nelson Betts Is Dead.

Nelson Betts, of East Sixth street, died at his home this morning. For a number of years he was employed by John Rafferty and is well known in this city. The funeral will probably be Wednesday, but no definite arrangements have been made.

Verdict for Martine.

A verdict of no cause of action was rendered in Justice Hand's court, Friday afternoon, for the defendant in the contract case of Baker against Martine. Baker was represented by L. A. Clement while Mr. Martine defended his own interests.

The Last Heard Of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure. Very pleasant to take. The little ones like it. L. W. Randolph.

ICE AND WATER DESTRUCTIVE

(CONTINUED FROM PAGE 1.)

moving tree limbs and clearing the streets of debris. Where they could not remove trees and limbs, they were cut up and piled to one side. This work is being continued today and will probably be finished by tonight.

Another gang of men worked all day yesterday clearing gutters by opening culverts and keeping the flow of water clear. They also distributed planks at the flooded corners which greatly assisted pedestrians in getting along. It was a noticeable fact that where ever there was a storm sewer the street were practically clear of water despite the icy condition of the gutters.

BOROUGH HAS ITS TROUBLES

Mayor and Other Officials Personally Assisted in Opening Up Streets —Fire Alarm Damaged.

A lesson in good government was furnished by borough officials Saturday. Mayor Smalley was anxious that no time be lost in clearing out the gutters so he, together with Marshal Campbell, Street Commissioner Emmons, and one or two of the marshals, worked from Saturday morning until 2 o'clock Sunday morning removing the snow and water from the gutters. The snow plow and other implements were used and when the work was finished the condition was considerably improved.

Residents along Somerset street, from Jackson avenue to the brook, were fortunate. The storm sewer worked excellently. Early Saturday morning, Borough Engineer VanEmburgh made a tour of the borough and did what he could to prevent ice becoming clogged in the gutters.

The fire alarm service was thrown out of order completely. Alonzo Brokaw and several other firemen started to work early Friday night to rectify the condition. Only six of the alarms were in their normal condition.

It was while engaged in this work that they found the house of Bryant R. Cain afire. The alarm was useless and word had to be sent by messenger to the chief of the fire department. It was because of this condition of affairs that the West End Hose Company failed to respond in a body, although some of the members were on the ground and rendered good service. Mr. Brokaw and his assistants finally succeeded in mending the breaks and last night the alarm system was in working order again.

TRACKS BLOCKED BY WIRES

Delayed Central Trrins Friday Night—All Now Running on Schedule Time.

The breaking of scores of high telephone poles east of Elizabeth blocked the trains on the Jersey Central Railroad Friday night. The 11:30 and other night trains from New York did not reach Plainfield until 5 o'clock Saturday morning when the mass of wreckage had been removed from the tracks. After that, the railroad had little or no trouble and the trains have been running very close to schedule time.

STORMY SESSION.

Pythian Knights Had Damp Time of It Friday Night.

During the storm, Friday evening, the rooms of Perseverance Lodge, K. of P., in Washington Hall, became very much dampened through sundry leaks which appeared in the ceilings. A meeting was in progress at the time and the members were soon calling for umbrellas. The patter of drops soon gave way to rivulets which used no discretion in landing. The session was quickly adjourned and the members hastily departed before the plaster could get a chance to fall on them.

The New Manager.

Manager Roberts, of Crosby & Hill's store at Morristown, is to take charge of the Plainfield store March 1, and Manager Carson, of the local store is to go to Morristown. Mr. Roberts was in Plainfield today casually looking after the store in this city, preparatory to his taking charge.

Letter-Carriers Convention.

The fourth annual convention of the New Jersey State Letter-Carriers' Association was held in Hoboken, Saturday. Phillip Geise, D. J. Shea and Wm. Thorn were the Plainfield representatives. N. Flynn, of Elizabeth, was elected president.

Son Represented Father.

Craig A. Marsh, W. R. Coddington and W. S. Angleman attended a reception given in Trenton Saturday in honor of Hon. David A. Depue. The latter was detained by illness and his son, Sherrad Depue represented him.

CARVED IN DARK HALLWAY

KNIFING AFFRAY COMPLETED THE SETTLEMENT OF OLD GRUDGE.

John Peterson and Edward Little Had to Answer for It in the City Court This Morning.

John Peterson and Edward or "Zip" Little, two of the city's most widely known colored residents, engaged in a little carving game in the rear of French's mill Friday night. The greater part of it was done in the hall way of John Cuff's home and in the dark neither was particular as to where he struck.

When Peterson finally cried quits he was a fit subject for a ride in the ambulance. One wrist had been badly hacked and on the left side of his head there was a series of cuts resembling a gridiron. "Zip" escaped with a few body blows. He was captured by Sergeant Frederickson on West Front street. Peterson was attended by Dr. Dundon, who found it necessary to take a dozen stitches in the cuts, after which he was also lockep up.

This morning in the city court, both claimed the fight was the outcome of a grudge and each was as much to blame as the other. Peterson was fined $5 or fifteen days and "Zip" was given $50 and fifty days. He will probably spend the 100 days in jail as he was not supplied with an over abundance of cash.

KNOCKED HIM DOWN.

Rev. R. D. Schoonmaker Used Decisive Measures With Man Who Insulted Him at Station.

The New York newspapers of Sunday contained accounts of a fistic encounter which took place early Thursday evening at the North Avenue station. The story was considerably exaggerated.

The facts of the case were that Rev. R. D. Schoonmaker attempted to save a seat on the 5:45 train from New York for an old college friend that he had not seen for a long time. One Plainfielder, whose identity is unknown, took exception to his action and, it is said, addressed insulting epithets to Mr. Schoonmaker. After leaving the train, the unknown young man slapped Mr. Schoonmaker's face where upon the latter promptly knocked him down. The young man got to his feet and, it is said, repeated the insulting term. He was then knocked down again. That ended the incident.

PERSONAL.

C. E. Hepburn, the druggist, has returned from a trip to Prescott, Canada.

Jeremiah VanWinkle, of West Fourth street, who has been quite ill with the grip, has recovered.

Miss Grace Pierson, of Duer street, has returned from a few days visit at her former home, Woodbury, N. J.

Miss Marion Egan, of Sandford avenue, who is taking a course of studies at the State Normal School, spent Washington's Birthday home.

Richard Cole, of Baltimore, has returned home after a visit of three weeks with his brother, W. H. Cole, of Washington avenue. Mr. Cole is a well known stock broker of New York and Baltimore.

CITY JOTTINGS.

—Miss Josie Murphy has accepted a position with I. H. Boehm.

—The regular consecration service will be held this evening by the Christian Endeavor Society of Trinity Reformed church. A cordial invitation is extended to all.

Landed in the Water.

While turning into Fairview avenue from Somerset street, George W. Bird, of Grove street, was thrown from his sleigh, Saturday morning, and landed in over a foot of water. His legs became entangled in a lap robe, but fortunately he held on to the reins and succeeded in stopping his trotter "Duke" after being dragged some distance along the thoroughfare.

Chance to Escape.

There are a great many people who do not like the present kind of weather. There is a remedy to escape it, and that is take one of those delightful trips by land or sea to the Charleston Exposition. Wm. D Thickstun, of 197 North avenue, can send you from the ice-clad north to all points in the south and west. Tickets and all information can be obtained from Mr. Thickstun.

Sweeper Frightened Horse.

The whirring of the street railway sweeper, as it passed Park avenue and Fourth street, frightened a horse belonging to Foss & Jeter, driven by a clerk, Friday afternoon. The animal galloped down Park avenue at terrific speed but was stopped under the railroad bridge at a great risk by Charles Hunt. There was no damage.

BUSY DAY AT COUNTY COURT

MANY CASES CAME BEFORE JUDGE SCHENCK AT SOMERVILLE.

Decision Reserved in Suit Over a Burned Hayfield—Plainfielders in Court.

(Special to The Daily Press.)

Somerville, Feb. 24—Judge Schenck presided at the Somerset county courts Friday and various matters occupied his attention all day.

The appeal case of the New Jersey Central Railroad ads. George V. Disborough was tried. Suit was for damages for the burning over of a hayfield, belonging to Disborough, who claims it was caused by a spark from a locomotive. Wm. H. Long was his counsel and James Garvin, of New York appeared for the company. The case was originally tried before Justice Kitchen here. Decision was reserved.

A non-suit was granted in the case of Wm. E. Crane ads. Robert Hoffman, the latter not appearing. Crane's counsel were Dungan & Reger.

In the Orphan's Court the will of Isabella Hoagland was admitted to probate. Wm. A. Coddington, of Plainfield, executor of a prior will, withdrew his objections.

The accounts of John H. VanWinkle and Chas. Place, of North Plainfield, executors of the estate of Eleanor Roome, were passed.

Stephen Badgley, of Martinsville, executor of the estate of Mary Badgley, was cited to show cause why he had not accounted.

SLIPPED ON ICE.

Mrs. Ann Casey Met Serious Injury in Fall Last Night.

Mrs. Ann Casey, of East Second street, who is nearly seventy years of age, slipped on the ice in front of W. A. Coddington's residence, at 11 o'clock last night. Her left leg was badly fractured near the thigh and she was also painfully bruised. She was found by two men who removed her to her home, but it was impossible to procure a doctor.

At the request of Sergeant Frederickson, the ambulance was summoned and she was removed to Muhlenberg hospital.

Passing of an Old Resident.

(Special to The Daily Press.)

Scotch Plains, Feb. 24—Thomas Reynolds, an old resident of this place, died at his home on Jerusalem road, yesterday, of pneumonia. He was sixty-eight years old and leaves two sons and two daughters. The funeral services will be held from his late residence tomorrow morning at 10:30 o'clock. Interment will be made at New Providence.

Dumped Into Snow.

John Jenkins, of Warrenville, was unceremoniously thrown in the snow in front of William G. Debele's store, on Somerset street, this morning. The sleigh was completely upturned, but Mr. Jenkins escaped with slight bruises.

Trouble With Electric Wires.

Chief Doane, of the fire department, was summoned to Pythian Hall Friday night and found that the electric wiring was smoking. He ordered the current shut off until the trouble should be rectified.

Operation at Hospital.

George Lindabury, of this city, who recently returned from High Bridge, underwent an operation at Muhlenberg hospital, Saturday, at the hands of Dr. Clawson. Today he was reported as doing very nicely.

Announcement of Engagement.

Announcement is made of the engagement of Miss Florence Perrine and Elias Pangborn, both of this city. The wedding will take place some time during the latter part of March.

BOTH LICENSES WERE DENIED

Thus Ended Fight for Place on North Ave. Between A. B. Rosell and J. H. McVey.

ALL OTHERS GRANTED.

Common Council Acted on License Applications at Its Meeting Last Night and Granted Fourteen, All But Two of the Applications—Pray Opposed Retailers.

The much-discussed and important question of liquor licenses was settled for the present at the adjourned meeting of the Common Council last evening. The lobby was filled with friends of the various hotels and saloons, who waited anxiously for the decision. There was doubt in the minds of many as to whether J. H. McVey or A. B. Rosell would get a license for a saloon on North avenue, or whether neither would get it. They were the last applications to be cosidered. When Chairman Gloak, of the license committee, reported adversely on both applications and recommended that neither one be granted, there was a quiet spell. Then the crowd filed out. Every license application was granted, except those of Mr. McVey and Mr. Rosell, making fourteen in all, one less than last year.

All of the Councilmen were present except Mr. vanHerwerden and Mr. Daniel. After the meeting was called to order and the minutes were read, the first business was the reception of communications and petitions. These consisted chiefly of petitions remonstrating against the granting of license applications. Those who protested were Mrs. Mary L. Winter, Mrs. Voorhees W. Laing, Stephen Cahoone, president of the Y. M. C. A.; F. E. Smith, Robert Love, James Love, George Kirch, Russell O. Howell, Geo. Cook, Frederick Westphal, Mrs. Elizabeth Brand, S. A. Bryon, Miss J. H. Pessinger and William Hewson These protests were all referred to the license committee for consideration.

Among the other petitions was one from F. I. Smith and others asking that Berkley avenue and Park terrace be macadamized and graded and agreeing to pay the proportionate share of the expense. Another petition was received from James Huntington, informing the Council that he had been assessed for a wrong property on East Third street and requesting an adjustment.

The bond of Constable Peter V. Weaver was reported correct and ordered placed on file and the bond of Constable John Gjettlesen was referred to the corporation counsel for approval. Mr. Tolles offered a resolution authorizing the street committee to get bids for the furnishing of crushed stone, culverts and crosswalks.

Mr. Gloak was asked at this time if he was ready to report on the liquor license applications. He asked the Council to take a recess for fifteen minutes to consider the licenses and remonstrances. The members retired to the ante-room and it was forty minutes later when the session was resumed. In the meantime those in the lobby had also retired, but the audience returned promptly at the end of the executive session.

Mr. Gloak then presented the applications one at a time. Messrs. Coriell, Randolph, Mellick, Tolles, Buckle, Gloak, Lee and Murphy voted for every licenes except the two refused applications, while Mr. Pray stood alone in his opposition to all except the two wholesale applications, Frank Linke and the Eastern Bottling Association. He also voted in favor of an inn and tavern license for Henry Haurand. It was afterward explained that Mr. Pray favors the wholesale license, but not a retail business.

Licenses were granted to the following applicants: Charles L. Strong, Hotel Plainfield; Henry Haurand, 115 East Front street; J. A. Staats, Hotel Kensington; Jacob Blimm, Farmer's Hotel, Somerset street; Henry Windham, Waldorf Hotel; Bernard Clark, Liberty and West Third streets; Charles Schantz, Park avenue; A. D. Findlay, 120 East Second street; John Rafferty, Park avenue; Daniel Galbraith, West Third street; J. A. Blatz, Front and Somerset streets; Michael Watson, Grant avenue; Frank Linke, West Front street; Eastern Bottling Association, West Second

MEETING OF BOARD.

Governors of Muhlenberg Hospital Hold an Unimportant Session.

A regular meeting of the Board of Governors of Muhlenberg Hospital was held last evening, with eleven of the nineteen members present. There was very little of importance considered.

The plans for the new hospital, now in the hands of the architect, Evarts Tracy, are not quite ready, and until they are the Board cannot advertise for bids. Everything will be in readiness for the breaking of ground for the new hospital this spring and the main part of the new building should be completed by next fall. The other matters considered were of a routine nature.

WANT ANOTHER STORM SEWER

COUNCILMANIC STREET COMMITTEE IS CONSIDERING IT.

Would Drain Arlington Avenue Into Cedar Brook—The Plans for the Year.

When the Councilmanic street committee met a few days ago the question of a storm sewer through Arlington avenue to Cedar brook was discussed. This is an old question and the committee talked it over with the idea that if possible such an improvement could be made during the coming year. It was not definitely decided to build the sewer, however.

The committee has in mind several improvements during the coming year, providing the appropriation granted last year is duplicated. Last year the committee got $24,000. The same amount will be asked for this year. The sewer would no doubt be a grand thing and help largely to carry off surface water from intersecting streets. At the same time the committee believe that the improvement will cost all its worth to build it.

Out of last year's appropriation a new steam roller was purchased and considerable work done that cost large sums of money. This year there is an excellent chance to progress in the matter of street work and make up for what has been lost in the past, provided the $24,000 is granted. There seems to be good reasons to believe that the street committee will get the appropriation they ask for. If this sum is allowed it is possible that the Arlington avenue sewer will be built, otherwise it will not.

LOVE AND SORROW.

Subject of Lecture Given Last Evening by Captain of Salvation Army.

Disappointment was in store for the audience which gathered in Y. M. C. A. Hall, last evening, with the expectation of hearing Commander Booth-Tucker, of the Salvation Army, deliver his famous lecture, "Love and Sorrow." Owing to the serious illness of his child he was compelled at the last moment to abandon his trip to this city. In order to prevent the postponement he sent a substitute, Captain Miles, who talked on the same subject.

The lecture was an all absorbing one and in reality was an outline of the work and objects of the Salvation Army. Life in the largest cities of the world was vividly portrayed, illustrations being used to enhance the effect. The personal experiences of the captain among the unfortunates of New York was very pathetic. Previous to the lecture musical selections were rendered by the staff band and solos by Staff Captain Kenzie and Bremer.

Rector-Elect Coming.

Rev. William Vincent Dawson, rector-elect of St. Stephen's church, Netherwood, has notified the vestry that he will officiate here for the first time on Passion Sunday, March 16. He will arrive in Plainfield Monday, March 10, provided he is able to relinquish his work at Christ church parish, Elizabeth, by that time.

SLOWLY RECOVERING FROM STORM'S EFFECT

The Local Telephone Service is Still Badly Crippled by the Storm.

A WIRE TO NEW YORK

THE TELEGRAPHIC SYSTEM GREATLY IMPROVED NOW.

Electric Lights to be in Working Order Tomorrow—Trolleys Running—Gangs at Work on the Streets.

Slowly the city and borough and the whole country in general are recovering from the awful effects of the storm, which has caused untold damage. The amount of the loss in this vicinity has not been estimated, but the two municipalities, and the telephone, electric light and trolley companies as well as much private property have suffered considerably.

Gradually the Western Union Telegraph Company is getting back to its former condition of affairs. The wreck caused by the storm is being repaired steadily and within a few days it is believed that all lines will be in good shape. Up to 9 o'clock this morning business is accepted subject to delay to points on Long Island, outside of Brooklyn, and in New Jersey, except Jersey City, Newark, Elizabeth, New Brunswick and the Oranges.

In Pennsylvania and all southwestern states some delay is expected. In all the western states west of New York State and New England, Canada, the Provinces and New York State, except those mentioned, business is being transacted on time. The railroad wires between this city and New York are now in good order, as are the commercial wires. A line was cleared as far as Whitehouse yesterday and today it is expected that communication will be had with High Bridge. Large gangs of men are still working, particularly along the southern coast line, where there is no communication at present.

The local management of the New York and New Jersey Telephone Company reported today that 463 of 700 telephones are out of order. There are now in operation three trunk lines to New York by the way of Newark, and this morning one trunk wire direct to New York was opened. There are three trunk wires opened to Elizabeth. Communication can be had with Somerville through Bound Brook, there being one trunk wire to the latter place. There is no communication at all with New Brunswick.

In Westfield there are sixty-one telephones out of order, eighteen in Somerville and two in Bound Brook. Under the direction of Manager C. W. Runyon, large gangs of men are working constantly repairing the damage to the wires. Nearly fifty instruments were put in operation yesterday, and it is believed that by the last of the week nearly all of the Plainfield trouble will be over.

Although still far from being completely restored, the service of the local trolley company is gradually approaching its original stage. The past week's stormy weather and water covered tracks has left it with a lot of crippled cars in the barns which must be carefully repaired before being placed on the lines. Ice and slush on the tracks retard the progress of cars being operated and once these difficulties are removed a respectable schedule is assured. Gangs of repair men have been busy since Saturday overhauling the wires and as soon as possible they will be transferred to the emergency gangs placing tracks in a better condition.

Parts of the city were still in darkness last night, owing to the electric light service not having been entirely repaired. Linemen have been working day and night since Saturday but several circuits are still entirely out. It is thought that these will be in a safe enough condition by tomorrow evening to allow the current to be turned on. This will complete the company's repairs and every part of the city will then be lifted from the gloom which has prevailed since Friday night.

Work in the street department for the purpose of ridding the thoroughfares of slush and snow, is still being pushed vigorously. Gangs of men are operating in different sections of the city.

—Extensive alterations are being made to the chancel of St. Stephen's church, Netherwood, the idea being to improve its appearance.

WATER SUPPLY NEGOTIATIONS

Report of Councilmanic Committee Explains Efforts for Concessions.

COMPANY IS OBDURATE.

The Concern Wants Benefits in Exchange for Those Desired by City—Council Passes Resolution Authorizing the Signing of Contract for One Year.

Much interest was shown at the Common Council meeting last evening in the thorough report presented by the committee entrusted to conclude the unfinished negotiations with the local water company. Efforts had been put forth to have the existing contract so changed as to make it more favorable to the people of the city, but such endeavors proved fruitless. The committee, in its report, made no recommendations, and after a good deal of discussion by the councilmen, a resolution was passed, authorizing the mayor and city clerk to renew the present agreement for one year, with the privilege of nine years if so desired.

In full the report is as follows:

Plainfield, N. J., Feb. 14, 1902.

To the Honorable Common Council of the City of Plainfield.

Gentlemen — Your committee on streets and sewers to whom were referred the unfinished negotiations between the city and the Plainfield Water Supply Company begun during the year 1901, hereby submit their report.

When the matter was first taken up last year, the committee submitted to the representative of the water company the several particulars which it desired incorporated in any renewal of the existing contract. Among these changes so desired were: Lower rates for private consumers; the securing of an option for private consumers to have water meters installed; the insertion of a clause giving the city the right to purchase the plant of the water company at a fixed sum to be named in the contract; the reservation to the city of the option to purchase such plant at a valuation to be determined by disinterested appraisers to be mutually agreed upon by the parties or appointed by a supreme court justice; and some other minor changes.

The president of the water company met the committee on several occasions and the committee had the benefit of investigations of water contracts in other cities made by Mr. Gavett and Mr. Osgood. The corporation counsel attended the conferences and advised the committee respecting the legal rights of the city and the several methods available for the introduction of water works to be owned by the city or to be conducted by private corporations. Your committee submitted the substance of all the complaints made by private consumers which had been brought to their knowledge and urged all the considerations which occurred to them as sound reasons for inducing the water company to make the several concessions demanded. The president of the water company contended that the contract with this city was more favorable to the city than any similar contract of which he had any knowledge, and furnished what purported to be accurate data in proof of his assertion. The company, he said, was content to let the matter stand without any action on either side. This your committee was unwilling to assent to.

As a result of the protracted negotiations, it at length became apparent that the water company would not consent to reduce the price to private consumers or to give them the option of having meters introduced unless the city would consent to increase the annual rental for each hydrant and that the water company would not agree to insert in any contract any provision whatever looking to the right of the city to purchase the water company's plant.

When the negotiations had reached this stage, the committee being satisfied that it would not be practicable for the city to construct its own water works, or to secure a water supply from any other source in less than one year's time, accordingly instructed the corporation counsel to communicate with the president of the water company and inquire whether the

CONSOLIDATION BILL IN THE LEGISLATURE

Assemblyman Hall Introduces Measure at Session of Body.

REFERENDUM PROVISO.

THE GENERAL BILL PAVES THE WAY FOR ANNEXATION.

Brief Outline of Three Proposed Acts—Special Election in City and Borough Will be Held to Decide Question.

The first definite step towards the consolidation of the city and borough was taken at the session of the Legislature, at Trenton, last evening, when Assemblyman Hall, of Union county, presented three bills bearing on the subject. The initial move having been made the advocates of the proposition declare that no time will be lost in procuring legislative action. An important feature of the proposition is the referendum clause in the consolidation bill.

Provision is made by the first and general bill for the annexation of part of one county to another county. It provides for the extension of all laws affecting the county to which a part of another be annexed to the part added and for the citizenship in the county of all persons living in the section annexed. Arrangement is also made for the payment of the proportionate part of the indebtedness of the county from which annexed territory may be taken by the county to which the section is added and for an equitable divison of the indebtedness and assets between the counties.

All taxes already levied in the annexed territory are to be paid over when collected to the county from which a part is taken. All county officers in the annexed section are to fill out their full term. Legal proceedings pending will not be affected by the change.

As for the county bill, it arranges for the annexation of the territory within the boundaries of North Plainfield in Somerset county with Plainfield in Union county. The consolidation bill sets forth in detail the course to be pursued in conducting the special elections in both the city and borough to settle the question, and for the publication of the result, if favorable. A majority of the voters in each municipality must vote for the consolidation before it can be brought to pass.

OFFICERS CHOSEN.

Two Plainfielders Hold Prominent Places in State Conference of Charities.

The great success and large attendance at the first New Jersey Conference of Charities and Corrections, held at Trenton last week, insures the permanency of the organization for good in this State, as similar organizations have proven themselves to be in other states.

At the last session held Friday the officers for the ensuing year were chosen. Mrs. Emily E. Williamson, of Elizabeth, was chosen president. Miss Zadie VanBoskerck, of this city, who is the local agent for the Charity Organized Aid Association, was elected as one of the assistant secretaries, while President H. M. Maxson, of the same association, was elected chairman of the committee on juvenile delinquency.

The conference was considered to be one of the best ever held and it is predicted that great results for good will follow.

Married Fifty Years.

Mr. and Mrs. Hobart Peck, of Crescent avenue, celebrated their golden wedding anniversary last evening. Seventy-five guests were in attendance. The celebrants were the recipients of many beautiful and uniqe presents, among them being a coat of arms of the Peck family, designed and painted by William B. Gilbert, who made the gift.

Surprise to Mr. Hall.

The teachers and pupils of the Park Avenue Baptist church Snnday-school tendered a surprise party to their superintendent, George Hall, of Belvidere avenue, last evening. Games were the feature of the evening

SUCCESSFUL AFFAIR.

Martha Washington Supper Was a Drawing Card at Hope Chapel.

The Martha Washington supper, continued from Saturday evening in Hope chapel, met with much success last evening. It was the opinion of the members of the Ladies' Aid Society that Saturday's inclemency was responsible for the slim attendance on the opening night, and if another opportunity were offered it would be taken advantage of.

Their hopes were verified, for nearly three times as many suppers were sold. During the evening musical selections were rendered by the members, adding greatly to the enjoyment of the occasion. The proceeds of the affair will be added to the treasury.

AUTOMATIC FIRE SPRINKLERS

ONLY ONE PLACE IN TOWN IS NOW EQUIPPED WITH THEM.

Some Agitation in Favor of Their General Use in This City—Have Been Effective.

There has been some agitation recently in favor of the general use of automatic fire sprinklers, especially in the business quarter. With the single exception of the postoffice there is not a office or store in the central part of the city equipped with this system of protection against the spread of fire.

The system is so arranged in the ceiling of a room that within a few seconds after flames breaks out sprays of water come from the jets and the scene is like a mild rain storm. At the same time an alarm is turned in automatically. It is not intended that the sprinklers will quench the flames but they are rather for the purpoes of holding them in check until the firemen arrive.

In Schenectady, N. Y., this system is in general use and it is claimed that thousands of dollars have thus been saved. Those in a position to know declare that the cost of the introduction of the system may be made up in a few years by the reduction made in the insurance rates by the companies. At a recent National convention of the fire chiefs of this country, the matter was thoroughly discussed and there appeared to be an almost unanimous opinion in favor of the plan.

PEACH CROP INJURED.

Storm Played Havoc in the Orchards of Hunterdon County and Some are Entirely Ruined.

(Special to The Daily Press.)

Whitehouse, Feb. 25—Old Hunterdon, the mainstay of Plainfield's peach supply, has suffered terribly from the effects of the recent storm of sleet and ice. Nearly every orchard has been more or less damaged and there are those that are almost ruined.

The young orchards have suffered particularly. The rain and snow congealed on the branches of the trees bearing them to the ground and finally causing them to split from the trunks. It is estimated that hundreds of dollars of damage has been done to the peach-growing industry of the county.

It is not thought that the buds were injured by the ice, as they were not out far enough to be affected.

BAXTER REAPPOINTED.

Plainfielder Again Named by Governor as Superintendent of Instruction.

(Special to The Daily Press.)

Trenton, Feb. 25—Governor Murphy sent to the Senate last evening the nomination of Charles J. Baxter, of Plainfield, as State superintendent of public instruction. This action was taken in response to the attitude of leading educators all over the State requesting his re-appointment.

The Governor's action has been warmly commended. Mr. Baxter was first appointed to his present position by Governor Griggs in 1896, he being re-appointed three years later. He has been a resident of Plainfield for the past ten years.

Postponed Lecture.

Rev. Dr. W. C. Snodgrass will deliver his postponed lecture Thursday evening, Feb. 27. The subject is "A Summer Ramble in Europe." Miss Etta Raybert will sing a number of solos. A feature of the talk will be the stereopticon views. Tickets issued for February 17 will be good on this occasion.

Straw Ride.

A sleighing party of twenty, arranged by David Mack and John Carty, made a trip to South Plainfield, last evening, where a supper was served and the return trip was made at an early hour this morning.

WATER WORKS PUT TO VOTE

Boroughites Will Decide the Question of Municipal Ownership of Water Works.

THE TAX BUDGET FIXED.

Lots of Important Business Done at Last Night's Meeting of the Borough Council—Annual Reports Were Received—No Change in Size of Appropriations.

As predicted exclusively by The Daily Press, the Borough Council has placed the responsibility of disposing of the proposition of the municipal ownership of water works directly upon the citizens. A resolution to that effect was introduced at the adjourned special meeting of the body, held last evening, and it was passed without a dissenting vote. The matter will come before the people at the coming election.

Other matters of importance which occupied the attention of the borough fathers were the making up of the annual budget and the question of consolidation of the borough and city. Councilman Northrup offered a resolution which in effect requests the representatives of Somerset county in the State Legislature to vote and work against any bill relating to the proposition which does not provide for a referendum. The idea of the councilman is that before the Legislature makes final disposition of the matter the people of the borough should have the right to vote upon the proposition. There was little debate in this connection and it was passed unanimously.

In regard to the report of the committee on municipal ownership suggesting that the water question be left to the wishes of the people, the reasons stated for the action were that there is much agitation of the question of consolidation and also that it was such a matter of importance that the advisability of the establishment of a plant should rightfully be decided by the voters.

The total amount of the budget as settled upon is $19,600. Subdivided it is as follows: Police department, $3,000; fire department, $1,800; street department, $5,000; lights, $5,000; water, $1,300; poor, $1,500; incidentals, $1,000; Watchung avenue certificates, $1,000. These figures tally very closely with those of last year's budget. It was the effort of Mayor Smalley to keep down the estimates as much as possible and he was successful in doing so.

Tax Collector George F. Brown presented the following report covering the period between February 1 and February 15, the close of the fiscal year: Taxes and interest, $208.93; board of health, $2.10; special school tax, $86.90; clerk, fines, $5; Somerset street certificates, $3,000; balance in road fund, $25.35; bills payable, note, $32.80; balance, February 1, $3,023.06; total receipts, $9,631.34. Disbursements, $9,378.02. Cash on hand at close of fiscal year, $253.32.

The susbtance of the annual report presented by Recorder Thomas Doud is that approximately 120 arrests were made during the year. The disposition of these cases was as follows: Sent to county jail, none; discharged, 10; sentence suspended, 43; confined in lockup, 11; fined and locked up, 9; fined, 37; persuaded to leave the borough, 2. The total amount of fines collected by the recorder was $299.45.

The report of Overseer of the Poor William G. Debele, for the year, showed that the total receipts was $1,787.35 and the disbursements, $1,487.12. The balance in his hands at the close of the fiscal year amounted to $300.23. The new year begins with ten charges to be looked after by the borough.

The annual report of Borough Clerk Frank Rowley was read and approved. Summarized it is as follows: Receipts—Cash on hand, borough account, $34.07; cash on hand, Watchung avenue, $610.25; borough taxes, 1898, $162.40; borough taxes, 1899, $1,635.85; borough taxes, 1900, $2,044.19; borough taxes, 1901, $34,570.52; interest on taxes, $650.61; board of health tax, $472.04; special school tax, $18,099.24; liquor licenses, $1,852.50; licenses from clerk, $150.50; dog register and tags, $5.80; discount on State tax, $24.41; rents, borough property, $88; street improvement, $1,047.43; sidewalk assessments, $168.07; court fines,

SOME OF ATTRACTIONS TO BE FOUND AT LOCAL STORES.

A Few Interesting Items Concerning Greater Plainfield's Merchants

Bonn, the West Front street milliner, always carries seasonable goods and he invites an inspection. He can also give you an idea as to spring millinery in the very latest styles and shapes.

Have you noticed what a complete stock of goods is to be found at the Paris Cloak Company's store on West Front street? In the new quarters the showing is equal to any in this vicinity.

There's no need of staying in doors these days because the pavements and streets are slushy. Ring up Love's livery stable, on East Second street, and any style of conveyance you desire will be at your door in a few minutes.

Taking advantage of the market and shrewd buying has enabled R. H. Keenan to offer his patrons some excellent bargains in groceries this week. Consult his list of prices and compare them with those of other firms in the city.

When a business stand has a reputation there is some cause for it. That's the case with Thomas S. Armstrong's Plainfield Pharmacy. The proprietor and his predecessor have gained a name for putting up prescriptions accurately and with dispatch. That's the cause of success.

Nothing but the best, is one of the mottoes which Neuman Brothers, the Watchung avenue grocers, always adhere to. That is why they import their own olive oil direct from the makers in France. It is of the highest quality and can be had in bottles from half pints to gallons.

CITY JOTTINGS.

ANNUAL BUDGET.

Councilmanic Committees Are Completing Figures to Go to Council.

Nearly all the Councilmanic committees have about completed an estimate of moneys needed in each department for the coming year. The annul budget will be made up at the March meeting of the Common Council. It is not believed that there will be any large increases in any department. It is the purpose of the Council to keep the expenses down as much as possible consistent with good government.

Real Estate Transfers.

The following transfers of real estate in North Plainfield have been recorded in the county clerk's office at Somerville: Elizabeth Maher and husband to Mary E. Daley and others, $1; Carrie E. Boice to David T. Kenney, $5,750; John D. Kirch and wife to Elizabeth A. Kirch, $800; Morris Abrams and wife to Charles B. Pope, $2,000.

Custom Tailoring Establishment.

LITERARY.

Among the most intimate of the poet Tennyson's American friends was Captain W. Gordon McCabe, of Virginia, who visited him both at Farringford and Aldworth, at various times from 1884 to 1892. Captain McCabe, with the consent of the present Lord Tennyson, has contributed to The Century an article of personal recollections of the laureate, which sets forth in a variety of aspects his intellectual and domestic life. Some interesting autographs accompany the article, and a portrait from a photograph by Barrad. Among the topics treated of are Tennyson as a host, as a reader of his own poems, and as a smoker, his table talk about Thackeray and Shakspere, his methods of work, etc.; and there is a very curious story concerning his father's escape from an embarrassing and dangerous position at the Russian court.

The distinction of the March number of McClure's Magazine lies no less in the remarkably well considered variety of its contents than in the excellence of individual articles. Three very timely articles are Carl Snyder's account of the wonderful medical discoveries of Professor Loeb of Chicago University, which two months ago startled the whole scientific world, and which are now first clearly and soundly treated in popular form; Julian Ralph's concise review of Conan Doyle's great book on the Boer War, just published; and a character sketch by Maurice Sherman Porter of "Denis Mulvihill, Stoker and Mayor," the new mayor of Bridgeport, Conn., and one of the most picturseque figures in American political life today.

Norman Duncan's "The Raging of the Sea," is a moving story of a battle with the storm in a cranky Newfoundland fisherman's punt. In "Mrs. Atwood's Outer Raiment," Mary Stewart Cutting tells with delightfully quiet humor a little story of a new dress for the mother of a family. Chauncy Thomas contributees "Kiowa's Revival," a rattling tale of the trick that the cowmen of Kiowa played on the eastern parson who came to live among them. "Barndoor's Romance," by Carrie Hunt Lotta, is a homely little idyll of farm life. Miss Daskam's "Verses for a Child" are simple and quaint and childlike, and are beautifully illustrated with decorative borders by Ethel Franklin Betts.

In accordance with a resolution of the councilmanic body the books of Mr. Brown as treasurer were examined and the result reported that they were correct in every detail.

Chief of the Fire Department J. J. Stahl's annual report contained a number of recommendations for the betterment of the department. He suggested that a fire alarm box be placed at the corner of Duer street and Lincoln place and another be placed at the corner of Fairview and Watchung avenues. The purchase of an insulated handle wire cutter and also a door opener were among other suggestions as was also the recommendation for the introduction of 2,000 additional feet of hose and four nozzles. During the year just closed there were ten fires in the borough and the aggregate loss by these amounted to $3,300.

Chairman Harrison Coddington, of the stationary and supplies committee, offered a resolution awarding the contract for printing and distributing the annual report to Webb & Brown, publishers of the Weekly Review, a paper in North Plainfield. According to the agreement the statement will be published in full in the paper and delivered to every house in the borough limits. For this they asked $37, and their bid being the lowest the matter was quickly disposed of.

MISSION OF GREAT MEN.

Subject of Sermon Preached by Rev. Dr. D. J. Yerkes at First Baptist Church Sunday Morning.

Appropriately to the time, the birthdays of two American heroes having been observed this month, Rev. Dr. D. J. Yerkes, of the First Baptist church, preached Sunday morning on "The Mission of Great Men."

As leaders of nations and moulders of moral influence he briefly considered some of the men who in great crises have shown themselves worthy to grapple with the issue at stake. Such men were Noah, Abraham, Moses and Joshua among Biblical characters, Cyrus and Alexander from ancient history, Alfred the Great, the patriot and lawgiver of England, and George Washington and Abraham Linclon in American history. The goodness that is the basis of true greatness belonged to Washington who made possible the establishment of a government like this and Abraham Lincoln who, standing for Liberty, piloted the ship of state through the stormy breakers of war into a haven of peace.

Dr. Yerkes considered the observance of these memorial days most important, for the people who were indifferent to the great achievements of their ancestors would never perform great deeds calling forth the admiration of posterity. In conclusion he reasoned that the love of truth and right at the foundation of every great man's character, was possible to every man and woman in limited spheres of usefulness.

—A meeting of the Warren chapel Christian Endeavor Society will be held this evening.

—The subject of the prayer meeting at the Crescent Avenue church, Wednesday evening, will be "God's Faithfulness," 1 Cor. x, 13.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. L. W. Randolph.

METEOR LAUNCHED.

Roosevelt's Daughter Christens Kaiser's New Boat.

PRINCE AND PRESIDENT SIDE BY SIDE

Three Thousand People Witness the Most Interesting Ceremony of Recent Times at Shooter's Island.

NEW YORK, Feb. 25.—The emperor of Germany's new yacht Meteor was launched this morning at 10:30 in the presence of President Roosevelt, Prince Henry and a large company of distinguished men, both Germans and Americans.

Directly under the cutwater of the yacht in a bunting decked stand Miss Alice Roosevelt, Prince Henry and President Roosevelt and two or three others stood. In the center of this little platform was a box about three feet high. Into this box there had been let the steel wire ropes holding the weights leading to the beams on either side of the keel and about five feet aft of the bow which when released cast loose the cradle in which the yacht rested and in which she glided into the water. These were caught by a line which Miss Roosevelt cut with a special made sterling silver hatchet. The cutting of this king rope released the weights, and the yacht gracefully and immediately started down the ways. At the same time Miss Roosevelt broke a bottle of German wine over the bow of the vessel and named her Meteor.

ALICE ROOSEVELT.

At once the German and American bands struck up, and a shout from the throats of the 3,000 people assembled announced the success of the ceremony.

The entire body of the yacht was painted white except below the water line, to which a coat of green was given. The decks were cleaned and polished, and the woodwork was all placed in the best of condition. The yacht was also decorated handsomely. On the bow floated the union jack, and from a small temporary staff amidships floated the imperial German standard. Over the taffrail floated the American flag, and strung from the bow up to and over the temporary staff and down to the taffrail ran a string of the international signal code flags.

The president and his party and the prince and his suit reached Shooter's island by the Pennsylvania ferryboat Philadelphia, under command of Captain Carroll. The guests of the builders went by the Staten Island ferryboat Robert Garrett, which left the Whitehall street ferry at 8.50. Both boats landed at the eastern pier of the island. The parties were compelled to walk about 800 feet to the scene of the launching.

A navy tug carried forty men and petty officers from the Hohenzollern and all the officers of the imperial yacht that were not on duty at the time. Another tug took the officers at the Brooklyn navy yard.

Immediately after the launching the prince returned to the Hohenzollern, where luncheon was served at 1 p. m. Later he will be taken to the Battery, where a military escort will receive him at 3:30 p. m., and thence to the city hall, where he will be presented with the freedom of the city. This ceremony is set for 4 p. m. The mayor's dinner will be at 6:30, after which the prince will attend the opera.

Socialism and Anarchy Denounced.

BUFFALO, Feb. 25.—James Edward Quigley, D. D., Roman Catholic bishop of Buffalo, has issued a letter addressed to the priests of his diocese denouncing the teachings of social democracy and anarchy. Catholics are commanded to renounce the doctrines on pain of deprivation of the sacrament. In case of persistence in following their teachings the supreme penalty of excommunication will be inflicted.

Monk Killed by a Bull.

NIAGARA FALLS, N. Y., Feb. 25.—Brother Telephorus, thirty years old, a member of the Order of Carmelite Fathers at the monastery across the river, on the Canadian side, was gored to death by a bull some time Sunday. His body was not found until later. A board tightly grasped in the hands of the dead man showed that he had made a brave effort to defend himself.

PRINCE AT CAPITAL.

Henry of Prussia Presented to the President.

FREEDOM OF WASHINGTON BESTOWED

Our Royal Guest Visits Nation's Legislative Halls and German Embassy and Dines With Notables at the White House.

WASHINGTON, Feb. 25.—In the famous blue room of the White House Prince Henry of Prussia shortly after 11 o'clock was presented to the president, Mrs. Roosevelt and Miss Roosevelt.

He delivered to them the messages of good will of the kaiser and presented to them the gifts sent by the kaiser and kaiserin.

The president and his guest were then joined by the cabinet members and their wives, Secretary and Mrs. Cortelyou, Assistant Secretary and Mrs. Loeb and Surgeon General and Mrs. Rixey.

Prince Henry then went to the German embassy to await the president's call.

Promptly at noon the president arrived, escorted by Rear Admiral Evans. When the official call was ended, the commissioners of the District of Columbia made their appearance, and the freedom of Washington was formally conferred on the prince by Chairman Macfarland.

At 10.30 o'clock his special train rolled into the Pennsylvania station. A cordon of soldiery from Fort Myer surrounded the building. A dense crowd waited without to catch a glimpse of the royal visitor as he rode to the White House.

The decorations of the station were simple, consisting merely of the entwined American and German flags.

Secretary Hay and Secretary Long were at the station to greet the prince. They boarded his special car Columbia and were introduced by Rear Admiral Evans. Later the prince's suit was introduced.

Escorted by Secretary Hay and Rear Admiral Evans, Prince Henry strode quickly across the station to a waiting carriage. He was followed by Admiral von Tirpitz, secretary of state for the German navy, who was escorted by Secretary Long. Assistant Secretary of State Hill was with Admiral Count von Baudissin, and Adjutant General Corbin was the escort of General von Plesson.

Followed by other members of the party, the prince drove from the station through a lane of soldiery. The military guard extended as far as Pennsylvania avenue.

When that thoroughfare was reached, the people caught their first sight of the visitor and set up a great cheer. Prince Henry responded by raising his hat repeatedly. The volley of cheers continued all along his route to the White House.

After the official visits to the White House and the embassy the cabinet officials, other high officers of the government and members of the diplomatic corps began to call.

During the afternoon the adjutant of the prince in the embassy carriage was driven around delivering the cards of the prince at the residences of the members of the diplomatic corps.

At 4 o'clock, accompanied by the German embassador and his suit, the prince drove to the capitol, where he had an opportunity to observe the workings of congress.

Leaving the capitol, Prince Henry visited the Congressional library and then returned to the embassy to rest and prepare for the state dinner at 8 o'clock in the White House.

At the banquet ninety guests sat down. Mrs. and Miss Roosevelt were the only women, and they did not remain for the entire function.

The affair was on an elaborate scale and brought together a distinguished company. It was an assemblage such as has rarely if ever before gathered in the White House. To accommodate the large number of guests the dinner table was set in the east room, the decorations of which were on the most magnificent scale ever attempted. An effective and new feature of the decorations was the electric light illumination. Opposite to the president sat Secretary Hay, while to his right was Dr. von Holleben, the German embassador, and to his left the French embassador. To the right of the German embassador was the Italian embassador, and to the left of the French embassador was Chief Justice Fuller.

Prince Henry gave expression to his deep sense of appreciation of the splendid reception accorded him at the national capital. This was done through the medium of an official very near to his royal highness, who was asked to secure from the prince his impressions of the events of the day. This was communicated to Prince Henry, who replied in terms of the warmest appreciation of the many evidences of official and popular good will he had received since his arrival.

After the dinner the prince returned to the embassy, where he was joined by the members of his suit, and at midnight he went aboard his special train and returned to New York. At about the same hour President Roosevelt, Mrs. and Miss Roosevelt and members of the cabinet left for New York by special train for the launching.

France to Reduce Military Term.

PARIS, Feb. 25.—The chamber of deputies, after a debate lasting several sessions, adopted by a vote of 353 to 2 a motion approved by the government in favor of the principle of the reduction of military service to two years, which will be realized by the suppression of all exemptions and by the re-engagements of noncommissioned officers for short terms.

TO MEET MISS STONE.

Friends Hasten to Greet Released Missionary.

CONSTANTINOPLE, Feb. 25.—A. A. Gargiulo, first dragoman of the United States legation, and Dr. House, one of the missionaries, who have been at Seres, Macedonia, awaiting the release of Miss Ellen M. Stone and Mme. Tsilka, have started for Salonika to meet Miss Stone and her companion, who have been released and who arrived at Strumitza, Macedonia, early Sunday morning.

The United States minister, John G. A. Leishman, is the recipient of congratulations on the success of his action in trusting the brigands with the ransom before the release of the captives. This step was much criticised by Mr. Leishman's colleagues, but the accomplishment of the difficult mission is now considered by the diplomats to be a decided triumph for the American minister and the committee acting under his direction.

According to intelligence received from Bulgaria, the brigands held Miss Stone and Mme. Tsilka secreted in the Koja mountains, near Prilip, Macedonia, whence they conducted the captives through the mountains to Strumitza.

Miss Stone's Release.

LONDON, Feb. 25.—In a dispatch dated Salonika the correspondent of The Daily Graphic says the brigands escorted Miss Stone and Mme. Tsilka to the outskirts of a village called Kharddousur, near Strumitza, and then told them they were free. M. Gargiulo, dragoman of the American legation at Constantinople, has wired the former captives to refrain from any statement regarding their capture or detention until they have seen John G. A. Leishman, the United States minister to Turkey.

REVOLUTIONISTS GAINING.

Venezuelan Government Reports to the Contrary Untrue.

WILLEMSTAD, Island of Curacao, Feb. 25.—In spite of the bulletins of victories over the insurgents published by the Venezuelan government, advices received here from Caracas indicate that the revolution is gaining daily. New uprisings are reported in almost all parts of the country, notably in the Tachira district, on the Colombian frontier and in the vicinity of Barcelona, where the insurgents are concentrating.

It is also asserted that General Matos' revolutionary steamer Libertador, formerly the Ban Righ, having landed arms, ammunition and re-enforcements at Padernales, in the gulf of Paria, the insurgents assembled at Maturin assumed the offensive and defeated the government troops at El Pilar, a village situated fifty kilometers from Carupano, state of Bermudez. The latter place is said to be threatened by the insurgents.

Iron Workers Strike.

NEW YORK, Feb. 25.—About 300 men employed by the Griffin Iron Works company in Jersey City struck because they were not paid Saturday, Washington's birthday. The company posted notices that a pressure of business made it necessary that work be continued on Saturday. All but fourteen men stayed from the works to observe the holiday, but called for their pay in the afternoon. The company decided not to pay until Monday. The men did not appear, and the works were closed. There was no disorder.

RUN ON DETROIT BANK.

Depositors of Dime Savings Institution Needlessly Frightened.

DETROIT, Mich., Feb. 25.—A run was started on the Jefferson avenue branch of the Dime Savings bank about noon yesterday, and two hours later it spread to the bank itself, at the corner of Griswold and Fort streets. Depositors were paid as fast as the accounts could be checked up and the currency could be counted out. At the regular hour for closing the bank it was crowded with anxious depositors, and the line of people who wanted to close their accounts extended through the door and some distance down Fort street. Instead of closing the bank directors decided to hold open until 6 o'clock. The receiving teller and his assistant dropped their usual work and assisted in paying the depositors.

Until 6 o'clock accounts were closed as rapidly as possible. At that hour the line of people waiting for admission to the bank extended down Fort street for almost a block. President Livingston addressed them from the steps of the bank and said that every depositor would be paid in full.

It is impossible to learn what was the direct cause of the run. It is said that a Polish depositor at the Jefferson avenue branch saw a sign on the door Saturday announcing that the bank was closed because of its being Washington's birthday and a legal holiday. He is said to have spread the report that the bank had closed and thereby frightened the depositors at the branch. The news of the run there gradually spread down town and started the run on the bank itself.

Help was immediately offered by the other local banks. It was declined, however, the Dime Savings bank having plenty of funds in its own vaults.

TILLMAN SHUT OUT.

President Withdrew Invitation to White House Dinner.

WASHINGTON, Feb. 25.—There was a sensational sequel to the decision of the president to eliminate Senator Tillman from the list of dinner guests in honor of Prince Henry. The president sent for Senator Cockrell of Missouri and asked him as a friend and Democratic colleague of Mr. Tillman to suggest to the latter the propriety of withdrawing his acceptance of the dinner invitation.

Mr. Cockrell accepted the commission and later telephoned to the president that Mr. Tillman absolutely refused to withdraw his acceptance.

The invitation was then withdrawn in the following letter:

"The president regrets that he is compelled to withdraw the invitation to you to dine tonight at the White House."

The letter was signed by the president's secretary.

Commenting upon the letter, Mr. Tillman said: "The president, of course, has the right to invite any one he chooses to dine with him officially or otherwise and also has the right to withdraw such invitations. As I am not conscious of having done anything personal or official which gives the president the right to insult me, I am surprised at his action.

"The invitation to the dinner came to me unsought and unexpectedly, and, so far as the withdrawal is concerned, it is a matter of absolute indifference to me. It is the motive behind it which seeks to put me in the condition of unworthiness to meet the president and his guests before the final action by the senate."

Senator Martin of Virginia was invited to take Mr. Tillman's place at the dinner as the next ranking Democratic member of the committee on naval affairs.

Large Sale of Alaska Mines.

TACOMA, Wash., Feb. 25.—The largest sale of Alaska mining properties ever made has been consummated. For a consideration, said to be in excess of $2,000,000, eighteen quartz properties situated on Turners bay, Lynn canal, and owned and operated by the Nowells of Boston passed to the ownership of the Mine Securities corporation of New York, composed of capitalists of the Atlantic seaboard. Eighteen of the mines are known as the Northern Belle group. The deal carries with it a transfer to the new company of a reduction works plant, a short railway and a small steamer plying between Juneau and Seward City. The plant's capacity of 200 tons will be increased to 1,000 daily.

Holland's Queen Ill.

LONDON, Feb. 25.—The correspondent of The Daily Telegraph at The Hague says in a dispatch that he understands that the physicians of Queen Wilhelmina have recommended her to take a prolonged rest in the south to restore her health. The correspondent also says that the states general will be convened to appoint a regent during her absence.

Lackawanna Miners Strike.

WILKESBARRE, Pa., Feb. 25.—Over 600 miners employed by the Lackawanna Coal company are on strike. Six firemen who refused to accept the nine hour shift at the Pittston colliery were discharged Saturday. A committee of United Mine Workers asked that they be reinstated, but the officials refused.

Forty-eight Strikes Won.

ALBANY, N. Y., Feb. 25.—Employees won forty-eight strikes of 126 in this state between January and September of last year. Almost 45,000 workers were involved, and every sympathetic strike failed. Twenty-five were compromised.

A New Agricultural Bureau.

WASHINGTON, Feb. 25.—Senator Lodge has introduced a bill creating the bureau of drainage, irrigation and highways in the department of agriculture.

TARIFF BILL PASSED

Vote Taken After Long and Tumultuous Debate.

SOUTH CAROLINA SENATORS BARRED.

The Philippine Measure Carried by a Strict Party Vote—Some of the Provisions Which It Contains.

WASHINGTON, Feb. 25. — After eight hours of tumultuous debate the senate shortly before 7 o'clock last evening passed the Philippine tariff bill by a vote of 46 to 26, a strictly party vote. Mr. Tillman and Mr. McLaurin, the two senators from South Carolina, who on Saturday last were declared by the senate to be in contempt because of their fight in the chamber, were not permitted by voice or by vote to participate in the proceedings.

The question as to their right to vote precipitated a sharp debate lasting nearly two hours. Mr. Turner (Dem., Wash.) contended vigorously for the right of the two senators to cast their votes, and he was sustained by Mr. Patterson (Colo.), Mr. Bailey (Tex.) and other Democrats. They held that even though the two senators actually were under arrest and in the custody of the sergeant at arms they could demand that they be allowed to vote, as the senate had not passed on their case.

Mr. Foraker, Mr. Aldrich and other Republicans held that the senators clearly could not participate in any of the proceedings of the senate until they had purged themselves of contempt and the senate had removed the ban placed on them.

The president pro tem., Mr. Frye, held that the two senators could not vote, and he was sustained by a majority of the senate.

During the debate on the Philippine bill Mr. McComas and Mr. Wellington (Md.) became involved in a controversy, during the course of which the latter declared that if Mr. McComas should make his statements outside of the senate chamber he would brand them as a malicious falsehood. He was called to order promptly and resumed his seat amid considerable excitement.

Many amendments were offered to the Philippine bill, but except those offered by committee only one, an amendment restricting the operation of the sedition laws enacted by the Taft commission, was passed.

As passed the measure provides that articles imported into the Philippine archipelago from the United States shall be required to pay the duties levied against them by the Philippine commission and paid upon like articles imported into the archipelago from foreign countries; that articles imported into the United States from the Philippines shall pay a duty of 75 per cent of the rates fixed by the Dingley law less any export taxes paid upon the articles sent from the Philippine archipelago, as required by the Philippine commission. All articles now imported free into the United States shall be hereafter exempt from export duties imposed in the Philippines.

The bill exempts the commerce passing between the United States and the Philippines from the operation of the navigation laws of the United States until Jan. 1, 1904, and authorizes the Philippine commission to issue licenses to craft now engaged in lighterage or exclusively harbor business, provided such craft are built in the United States or in the Philippines and owned by citizens of the United States or by inhabitants of the Philippine Islands. The duties and taxes collected in pursuance of this act shall be paid into the treasury of the Philippine Islands and used for their benefit.

All articles manufactured in bonded manufacturing houses of imported materials or of materials subject to internal revenue tax when shipped from the United States to the Philippines shall be exempt from the internal revenue tax, and all taxes paid upon such articles shipped to the Philippine Islands since Nov. 15, 1901, shall be refunded.

Big Salt Lands Deal.

MILWAUKEE, Feb. 25.—One of the largest deals in salt properties ever made in this section of the country has been closed by the sale of the L. J. Pettit Salt company's business and equipment to the International Salt company of Illinois, a subsidiary company of the International Salt company of New Jersey. The consideration was not given out.

City Officials Locked Out.

KANSAS CITY, Feb. 25.—Mayor Reed has locked out the newly appointed city assessor and city comptroller, keeping the keys to their offices and stating that he would refuse to let them qualify until the city council shall confirm his appointment of E. E. Yates for city counselor, an appointment that the councilmen have rejected eight times.

Ex-President Cleveland Returns.

PRINCETON, N. J., Feb. 25.—Ex-President Grover Cleveland has returned to Princeton after spending ten days hunting ducks along the coast of Virginia. He appears to be in good health. He said that although the weather was quite unfavorable most of the time he enjoyed the trip and had fairly good success in bagging game.

UNDERGROUND WIRES.

The troubles to the telephone, telegraph and electric light wires in this city, which followed in the wake of last Friday's storm, served to demonstrate very clearly the need of placing more of these wires underground. The falling of the overhead wires not only served to inconvenience the people but it also added a danger to those who were abroad during the storm which might easily have proved fatal here as it did in other places.

The fact that many of the telephone wires were in underground conduits is all that prevented a complete demolition of the local 'phone service. While the storm worked havoc with the wires running from the distributing poles, it will be a comparatively easy matter to repair this damage and have the lines in working order again. It will be weeks before Elizabeth has its service in running order again. The wires there were overhead and are now heaped in confused masses in the streets. It will be necessary to put up entire new lines in most cases. That will require weeks. Had the system in Plainfield been more extended, the damage would have been still less.

The electric light wires run underground only in the business section. There the lights burned steadily while the rest of the city, where the wires were overhead, was in utter darkness. At midnight Friday night, the current was shut off in the outer circuits and the danger from the wires was thus eliminated. Had the conduits extended generally through the city, the lights would have been there at a time when they were most needed and pedestrians would not have been compelled to move with fear and trembling, expecting every moment to encounter a live wire.

Days like those following the storm were just the times when the 'phones were most needed. Of course, the telephone company could not be blamed. Nevertheless, an extension of the underground wires will largely tend to keep the system in working order and have it ready in time of need. Convenience as well as safety demand the extension of the conduits of the Plainfield Electric Light Company. After an experience like that of the last few days, the members of the Common Council will find that the people of Plainfield are almost a unit in advocating such action as will place all the wires where they belong, underground.

There have been words of commendation and of condemnation heard regarding the work done by the city in its attempt to relieve the city from its partial blockade of slush, water and debris. With such wide-spread damage, the force of the city street department was utterly inadequate to meet the situation. It was, however, the most serious storm of its kind that ever visited this section and there can be no justifiable complaint made because it overtaxed the city's resources for such an emergency. Street Commissioner Gavett and his men worked hard and while they left lots undone, it was simply because they did not possess the faculty of being in half a dozen places at the some moment.

When the portraits of the borough mayors, past and present, are unveiled on the Councilmanic chamber walls, a tablet in honor of Mayor Smalley and Councilman Charles A. Lee should be placed on view at the same time. These two officials have never missed a meeting of the body, regular or special, during their terms in office. Whether the weather was stormy or fair or hot or cold both Mayor Smalley and Mr. Lee have attended the meetings. This cannot be said of any other member of the body, though in justice to one at least, that is Robert Clark, Jr., it should be stated that only illness has ever been the cause of his remaining away from a session.

The Philadelphia Record relates that a bankrupt publisher at Cincinnati has told an author that the only reason why the latter's book did not succeed is that there was no money with which to advertise it in the newspapers. The publisher cited an instance where a book which had received favorable notices, but which was not regularly advertised, fell flat; yet later when a new firm advertised it liberally it became one of the best selling books of the day.

It is sorrowful news to learn that there is a prospect of serious injury to the peach crop in Hunterdon county. Seeing the destruction to the trees in this neighborhood, it is not hard to believe that the fruit trees suffered in similar fashion. Otherwise the public would be inclined to look on the report as one of those which come at the close of winter or the beginning of spring every year and announce that the peach crop is practically ruined.

Although the ashes of old Paterson are hardly cold, a new city is rising from them. The wonderful courage, which that city has shown under a weight of troubles sufficient to bury a far more enterprising city than Paterson, has won the admiration of the world. It will, however, require all of Paterson's pluck to overcome the many obstacles which will inevitably follow such a disaster.

Prominent among the leading men in the State Legislature this year is Senator Charles A. Reed. It is his last term as a member of the upper house and he occupies the prominent position which his years of service entitle him to. There are few of the legislators who make a better appearance on the Senate floor than does the "Tall Sycamore of Somerset."

When President Baer and J. P. Morgan made their record breaking trip through Plainfild, they went so fast that they could not see whether the fence between the tracks at the North Avenue station was painted white or not. What a pity somebody in authority does not see the fence and give the necessary orders so that it may be painted a proper color to be seen.

It is welcome news that the spring promises a decided building boom in Plainfield. If the reports of the local real estate agents are to be believed, there is a big demand for homes at moderate rentals. It is to be hoped that a number of houses suitable for this trade will spring up at the earliest opportunity and result in an increase in Plainfield's population.

The Common Council will have to act before long on the contract with the Plainfield Water Supply Company. How about the water meters?

TEA TABLE TALK.

Short Sketches That Are Not Always News, But Just as Interesting.

In comparing attendances at the various churches last Sunday, it is noted that at the First Presbyterian church there were one hundred and fifty persons present in the morning and just twice that number in the evening.

Progressive Euchre.

Mr. and Mrs. W. W. Warnock, of West Front street, entertained a dozen friends at a progressive euchre party at their home last evening. At intervals musical selections were given which added greatly to the enjoyment of the occasion. A delightful feature was a bountiful collation, which was served at midnight.

Delegate to Great Council.

Past Sachem Robert E. Humphrey, of Wetumpkah Tribe, No. 229, representative to the Great Council, will leave Wednesday for the annual session to be held at Trenton. It will be held Thursday and Friday. Mr. Humphrey will be accompanied by Past Sachem John Green, of Miantonomo Tribe.

DUNELLEN.

Funeral services over the late Henry C. Vail were held at 2 o'clock this afternoon from his former residence on Front street. Rev. S. K. Doolittle, of the Methodist church, was in charge of the ceremonies, and he addressed consoling words to the bereaved ones. The large number of friends and relatives present attested the high esteem in which the deceased was held. Interment was in Hillside cemetery.

The borough scraper was put to good use yesterday in clearing out the gutters of snow. Many of the gutters were banked high with snow from the sidewalks, but now the drifts have been leveled off.

The turkey supper held last evening by the women of the Presbyterian church was more successful than the one last week. A large number took supper and the turkey was all disposed of.

WATER SUPPLY NEGOTIATIONS

[CONTINUED FROM PAGE 1.]

company would be willing to offer to renew the existing contract for one year, with the option to the city for farther annual rentals for a series of years.

Thereupon ensured the correspondence copied below:

December 26, 1901.

Ralph I. Tolles, Esq., Chairman, Committee on Streets and Sewers,
Plainfield, N. J.

Dear Sir—I was informed by Mr. Marsh this afternoon that your committee desires the Plainfield Water Supply Company to make a proposition to the city for a contract in place of the contract now in force and which will expire on the second day of May next. Accordingly, I enclose a proposition to renew the contract for a period of ten years from the date of its expiration, on the same terms.

The contract, as you are aware, is not satisfactory to this company, nor in all respects to the city. I think the hydrant rentals should be raised to a sum that would be a source of some profit, instead of an annual loss to the company, and in that event a revision of the rates for domestic use might be made that would perhaps eliminate some of the causes of complaint that now exist. From our conference and correspondence I am convinced that the city would not be willing to pay additional rental for hydrants and, consequently, I do not see any better course than to renew the contract as it is, although I think the contract never should have been made.

As to the suggestion that the contract be renewed for a period of one year upon terms stated therein, subject to a renewal annually for nine succeeding years at the option of the city, I do not think it would be advisable to make such a proposition. The contract is not valuable enough to warrant an annual repetition of negotiations to obtain it.

Very truly yours,
(Signed) Frank Bergen.

Elizabeth, N. J., December 26, 1901.

To the Common Council of the City of Plainfield.

Plainfield, N. J.

Gentlemen—The Plainfield Water Supply Company hereby proposes to renew its contract with the city of Plainfield for a period of ten years from the second day of May next, the date when said contract will expire, on the terms stated in that contract.

Respectfully,
Plainfield Water Supply Company
by (Signed)
Frank Bergen, President.

Plainfield, N. J., Dec. 30, 1901.

Frank Bergen, Esq., President Plainfield Water Supply Company,
Plainfield, N. J.

Dear Sir—I am in receipt of your letter of December 26.

Public sentiment in Plainfield would not sanction the acceptance of your proposition to renew your contract with the city of Plainfield for a period of ten years, and I am satisfied that the Common Council would be governed by that fact. If, as you say, the contract is not valuable enough to induce the company to offer to renew it for one year subject to a renewal annually thereafter for nine year at the option of the city, perhaps the company would be willing to renew the contract for one or two years, with the option to the city to renew for a period of eight years thereafter. This was the plan of the original contract, and such a provision might be accepted by the Common Council of 1902.

I trust that the company does not mean to say to the city that the city must either bind itself for ten years to a contract which is condemned by public opinion or else have no contract at all for the protection of property against fire. Yours very truly,
(Signed) Ralph I. Tolles.

February 11, 1902.

R. I. Tolles, Esq., Chairman, etc.,
Plainfield, N. J.

Dear Sir—The matter of renewing the contract between the city of Plainfield and this company was considered by the Board of Directors at a meeting held this forenoon, and I was authorized to say that the company is willing to renew the contract for a period of one year from the second day of May next, when I believe the present contract will expire, and for a further period of nine years thereafter at the option of the city provided it is agreed that unless the city gives notice to the company on or before the first day of April, 1903, of its intention not to renew the said contract for the said period of nine years from and after the second day of May, 1903, the same shall be considered as renewed for that period.

Very truly yours,
(Signed) Frank Bergen,
President, P. W. S. Co.

Your committee report, without any recommendation one way or the other, the affair of the water company contained in the foregoing letter from the president of said company, dated February 11, 1902, for such action as your Honorable Body shall deem proper.

WEDDED IN NEW YORK.

Miss Helen E. Warman, Formerly of the Borough, a Bride.

Announcement is made of the marriage of Miss Helen E. Warman, daughter of Thomas E. Warman, to Davison Brown, Jr., which took place Friday, Feb. 7, in New York.

The bride formerly resided in Grove street, North Plainfield, and she has a host of friends here. The couple are residing at 75 West Ninety-fourth street, New York.

JUBILEE OF FORESTERS.

Affair to be Held in Reform Hall Tomorrow Evening.

There will be class initiation and a jubilee of the members of the Independent Order of Foresters in Reform Hall tomorrow evening.

All the members of Plainfield and Watchung Courts, 325 of them, and large delegations from all the courts from Raritan to Roselle, together with High Court officers, will attend.

On Exhibition.

The goods that are to be sold in packages by Asa Collier, the Park avenue jeweler, are now on exhibition at his store. The sale will commence Thursday afternoon at 2 o'clock and will continue for a week. Fifty cents will be asked for every package and the purchaser will be sure of getting their money's worth, while some packages will be worth many times the price asked. This is the most unique sale ever advertised and will undoubtedly be a success.

Been in a Hospital.

"Jumbo" Lewis, colored, of the borough, who was discharged from State Prison in January, having completed a term of nine months, has just returned from Philadelphia, where he was a patient in a hospital under treatment for paralysis.

Term Expires in April.

John Blackford, who is serving a term in State Prison for bigamy, will be released during April, his time being out in that month. He is now in charge of one of the gangs that work in the prison yard.

Preparatory Service.

A preparatory service will be held in the Crescent Avenue church Friday evening at 8 o'clock. A meeting of the Session will follow. The sacrament of the Lord's Supper will be held Sunday.

Number Will Join Church.

The Sacrament of the Lord's Supper will be observed Sunday morning at the Crescent Avenue church, at which time it is expected that a number will unite with the church.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." There were a large number of applications for truck, hack and junk licenses, and Mr. Gloak moved that they be granted after the fee is paid as provided by the ordinance.

Mr. Lee informed the Council that the fire committee had purchased 1,000 feet of new hose for the fire department and he asked the Council to confirm the action by adopting a resolution authorizing the committee to make such purchase. This was done. This concluded the business and the Council adjourned.

COAL SCARCE.

Compelled Potter Press Works to Discontinue Overtime.

The Potter Press Works has been greatly hampered for the past week by a scarcity of coal. When the storm arrived last Monday only a limited supply of fuel for the engines was on hand, owing to the non-arrival of a number of ordered cars from the mines. It was found necessary to discontinue working evenings in order to make the little on hand last until more came. The cars did not reach here until Friday and overtime was resumed last night.

Planning Celebration.

Bishop O'Connor, of the diocese of Newark, has issued a letter to the priests within his jurisdiction regarding the coming celebration of the accession of the Pontiff, Leo XIII. Due recognition of the event will be taken at St. Mary's church, where a grand celebration is planned.

At Mt. Olive Church.

HAD LONG STRUGGLE

Miss Julia Marlowe Chats About Her Career on the Stage.

Worked Hard and Faithfully for Years Before Obtaining Recognition—Won Her Way Surely, But Slowly.

Miss Julia Marlowe, in an interesting article in the Philharmonic magazine, relates the details of the long struggle which led to her recognition. After reading her story it is not difficult to understand why she writes: "I feel I could not go through it again."

Born in England, her parents came to this country when she was a little girl, and chose Kansas, not altogether fortunately for themselves, for their abode. But the need which was the chief reason for the commencement of the stage career of their daughter cannot now be viewed other than as a happy circumstance. Those were the days of the juvenile opera troupes, and of one of them the child became a member. Her pretty talent attracted the attention of the manageress of the company, and to that woman, whom Miss Marlowe does not name, she gives the credit for her after rigorous training.

The manageress adopted the girl, who then was 13 years old, and took her to New York to begin her actual stage education. For three years it lasted, with intermissions only of two weeks each summer and holidays on the Fourth of July, Christmas and New Year's day.

"My mornings," Miss Marlowe writes, "were devoted to reading aloud and to going over plays with my instructress. Whole dramas were acted out, my adopted aunt my only audience, holding the book and reading the other parts. In the majority of them I have never appeared, nor was it intended that I should. The aim was that I should build up an extensive repertory and familiarize myself with the conceptions of the world's

MISS JULIA MARLOWE.
(She Ascribes Her Stage Success to Magic of Hard Work.)

great dramatists. Tables and chairs served to indicate the scenery and the positions of other players in the act. In the balcony scene of 'Romeo and Juliet' the back of the sofa was the balcony rail, and over it, with my eyes fixed tenderly upon a worn place in the carpet, I first delivered Juliet's good-night to her lover!

"After three or four hours in the morning came luncheon, a simple, hearty meal. Then the morning's routine was repeated throughout the afternoon.

"Such severe physical exercise as fencing and gymnastics were an important feature of my training. Standing six feet from the wall with a rapier in my hand I would lunge for a hundred times successively at a tiny wafer—perhaps a quarter of an inch in diameter—pasted to the wall. It came to be considered not extraordinary when I pierced the wafer 99 out of 100 times.

"But the most essential of all was the cultivation of my voice. That part of my training was entirely musical, the purpose being to give me such an experience as every singer intended for the opera undergoes, to render my voice an instrument which could be played upon in all its parts and instantly made to respond to any emotion without any evidence of effort. To this day I take two vocal lessons a week, like any beginner. I never had any so-called elocutionary training."

The strife for recognition itself came after the three years of study were over. The 16-year-old girl was determined upon an independent career, and to every one of New York's chief managers she went resolutely asking not for a place in their company, but for their sponsorship. In telling the experience she gives no names, but it is not difficult to pick out the managers upon whom she called. Most of them still live. Their reception was alike in the particular that they refused to assist her. Two of them gave her advice in the manner of her readings—bad advice, she was sure—and two others offered her a position in their stock companies. One laughed at her pretensions, and him she hated.

Not discouraged by defeat and more than ever resolved to accept the domination of no manager, she at last determined to give a special performance on her own account. In October, 1887, she and her instructress raised sufficient money to enable her to appear as Parthenia at an experimental matinee at the Bijou theater. The fruit of her daring was honest critical praise and the attention of persons interested in theatrical art and in theatrical business. From that time on she won her way, not rapidly, but surely. Work, she says in conclusion, has been the only magic in her achievements.

Prof. Edmund James James was born on May 21, 1855, at Jacksonville, Ill. He prepared for college in the classical school connected with the state normal school at Bloomington, from which he graduated in 1873. He then entered the Northwestern university, remaining only one year. In 1875 he entered Harvard and from there went to Berlin, Leipsic and Halle, receiving his master's and doctor's degrees in 1877.

When he returned to America in 1878 he became principal of the Evans-

ton high school, where he remained for two years. He then became principal of the state high school at Normal, Ill., and remained in that position for four years. In 1883 he was called to the university of Pennsylvania.

It was in the University of Pennsylvania that Prof. James' work in economics first attracted attention. He was made professor of public administration, and soon he organized the graduate school of the university. He also was director of the Wharton school of finance and economy—the first school of finance and commerce and industry in America. He was editor of the Political Economy and Public Law Studies, issued by the university.

For 13 years Prof. James remained at the head of the University of Pennsylvania public administration department, until it became one of the strongest of any American university. In February, 1896, he was called to the University of Chicago.

Prof. James is known outside of university life for his active interest in public affairs, as a writer and speaker. He was one of the organizers of the American Economic association, and the organizer of the American academy of political and social science. He was president of the society and editor of its publication for 11 years.

One of Prof. James' educational hobbies has been the extension of commercial education in American colleges and universities. He was sent to Europe by the American Bankers' association in 1892 to report on the education of business men in Europe.

tect of his own fortunes. He is rated as a millionaire and is known throughout the country as the founder and president of the Prudential Life Insurance company of Newark, N. J., but his wealth and prominence were attained solely through his own efforts and by dint of extraordinary energy, persistence and hard work, not by speculation. Born on a farm near Farmington, Me., August 7, 1839, his life has been as rugged as the mountains of his native state. His first essay for himself was at Yale, whither he went to fit himself for the bar, but his health gave way under close study and he turned his attention to life insurance, a subject in which he had become greatly interested while at college. He began active operations 27 years ago, with an office staff numbering only three persons and an outfit costing not more than $200. To-day he has under him more than 30,000 persons in all parts of the country. Besides being a man of rare executive ability, Mr. Dryden is a good talker. He lives in a modest way, and it is doubtful if one in ten of his Newark neighbors knew until recently what political party he supports.

KEEP OFF THE EARTH
During the cold and wet weather as much as possible—that is, keep as much shoe leather between the soles of your feet and Mother Earth as you can conveniently carry. It's wisest in the beginning and cheaper in the end to provide yourself with shoes having good solid soles—cold-proof and water-proof, if possible.
We are selling exceptionally good shoes of just this sort for men and women; children, too.
Well built, with broad, heavy soles and with stout uppers.
They're a very paradise of rest for weary feet, and a paradise of economy for weary purses.

OUTDOOR GARMENTS.

Long Coats of Cloth and Silk Are Being Much Worn.

Long coats are much in favor at this time of the year and all through the early spring. Some striking new models are being shown in the shops. One of pearl gray cloth has a cape held in at the collar with pin tucks. The front

BLACK MOUSSELINE AND VELVET.

edge is held down by means of a stitched strap which fastens with a large pearl button. The flaring collar and revers are of fur. Another model formed of black silk is made with herring-boned tucks and a bolero ornamented with a conventional figure made of narrow black velvet ribbons appliqued flat. A winter long coat may be made suitable for spring by substituting for the fur collar and lapels shirred chiffon or embroidery.

Very smart short capes for evening wear or to throw about the shoulders at a dance are made of all over lace brocade and even of accordion plaited chiffon. These capes are made with a high standing collar and revers or a full ruching and rounded corners.

Fichu capes harmonizing in color with the gown will be one of the summer novelties.

A striking evening gown of black mousseline de soie over white is shown in the illustration. The waist is cut decollete and is outlined with a twist of pale blue panne. The waist is softly draped into a black velvet belt. There is a bolero effect of narrow black chantilly and velvet. The skirt is entirely trimmed with perpendicular bands of black velvet or crossed with wavy bands of the black chantilly. It is finished with three fluffy ruffles.

JUDIC CHOLLET.

THE REIGN OF THE TUCK.

Many Dresses Are All Stitched In Folds—Moire Trimmings.

Tucks are being more used than ever. A recent gown of pale green rough goods was tucked, both jacket and skirt, in pin tucks and trimmed with bands of pale green moire. Moire is taking the place of taffeta for bands and trimmings.

Nearly all the new coats are continued below the waist line, showing that the popularity of the Eton is on the wane. The blouse style is considered

PARISIAN STREET TOILET.

the most fashionable, and Louis Quinze effects will be much worn this spring.

Many of the coat collars are made standing and do not quite meet in front, in order to allow a soft jabot of rich lace to be seen. In many cases these collars are made of embroidery and match the belt with which they are worn. Dressy costumes are trimmed and appliqued with coarse lace.

A thoroughly French costume is shown in the sketch. It is made of brown novelty goods. The waist is made to blouse over a deep corselet band of the lace. There is a front of the lace, and both the wide and the standing up collars are made of it. The sleeves have full puffs reaching to the elbow over a tight fitting undersleeve of the lace. The skirt has five scalloped ruffles. The hat which goes with this is of ecru chiffon and tobacco brown velvet. JUDIC CHOLLET.

CHAPTER II.

Richard Somers reentered the office of Dr. Brodnar as the clock was striking ten. He was in full evening dress and wore a white rose, a Lamarque, upon his lapel. As he stood drawing on his gloves Brodnar regarded him with silent admiration. The straight military figure of good height looked taller than it had. There was no suggestion of heaviness at any point, but behind the perfect lines lay, as he knew, an amount of strength and nervous force that would with restraining rank their owner among the athletes. But fine as was the framework of the man and his physical development, there was in the face, shadowed at the moment by broad, down-drooping lashes and mustache, patrician elegance, native refinement and innate nobility that commanded undivided attention. The slightly aquiline features were softened by arched and evenly matched brows and an expression indescribable by any other term than that invented by a Paris friend —"the Somers smile." One never appreciated the value of that smile until in some moment of emotion the face which wore it grew white and straight, and the level gaze of the man was encountered. Above a white, inclined forehead hair almost black lay in waves, but so closely as to leave visible the outlines of the splendid head. Such was Richard Somers at 28, a man raved over by women, envied by men, known to but few.

"It is better this way," he was saying of himself; "a man owes something to his family and his bride in the matter of dress, even though he is not to see or be seen. And he owes a great deal to himself. By the way, I assumed that I am not to be seen—however, is that one of the questions I must not ask?"

"Your face is not to be seen, Dick, except in the dark—dimly. But I am glad, nevertheless, that you selected your dress suit; it does seem more in taste. By the way—speaking of Raymond Holbin—Dick, have you forgotten that he dated from this state in the army? —God knows where he was born. I see him occasionally in Richmond, and"—Brodnar paused and looked curiously on his companion—"have you ever been told that there is something not unlike in your personal appearance? Don't be offended, old fellow, but, between you and me, there isn't a more unprincipled rascal unhung." Somer's face flushed once and the smile left it. He replied with some constraint:

"I did not know that he ever favored Richmond with his presence. I did know, however, that he once lived in this state. His was a presidential appointment. His mother years ago wielded considerable influence around Washington, especially among senators. As to the likeness, it has been commented on before, and I once fought a boy at school for discovering the fact. Does he make Richmond his home?"

"Of late, yes. But I see that you are annoyed. My dear fellow, very ugly people may resemble very handsome ones. Shall we start?"

"I am ready."

"This bandage," said Brodnar, "seems to imply a doubt of you, Dick, but believe me it has its proper use. In the future, if accident should confront you with the woman, neither of you will be embarrassed. She will, it is true, know your name, but unless she should look you up in days to come she will never see your face. Is that comfortable?—yes? Well, a moment and we are gone. Your hand, my friend, now, and your word of honor. You will not look on this woman's face, nor seek in any way to discover from her, from me, or from anyone aught that I am seeking to conceal; under all circumstances you will yourself conceal from everyone the facts of this night's business; and you accept the woman to whom we go as your wife with all the limitations I have outlined. I know that in your own heart you are resolved, but the honor of a woman is at stake, and you must promise me as man to man."

"As man to man, then, and upon the honor of Richard Somers, I promise. Lead on!" The chance passer-by who saw a blindfolded man led from the elegant apartments of Dr. Francis Brodnar was not surprised. The explanation was easy. But Somers himself was distinctly surprised at the length of the ride and the number of corners turned. It seemed to him that the carriage traversed more than once the same road, for in spite of himself he could not but take notice of such things. Dr. Brodnar descried the drift of his thoughts.

"For a man to note the direction of a journey," he said, "is a natural, an almost automatic, action of the brain-cells—an inheritance from both animal and human ancestry. Therefore, Dick, if I have sought to confuse you by my queer route, it is only through distrust of the original and savage Somers, and to save all parties embarrassment. I trust few people. Here we are at last." Dismounting, he led his companion on a pavement, through a narrow gateway, the gate of which he unlocked, along a gravel walk with shrubbery on both sides for about 60 feet, to two stone steps to a door that neither bell nor knocker, and into a woman's room.

How weak is human invention. Richard Somers gathered these facts without mental effort from small signs. The footfall upon the pavement, the search for the key, the clicking lock, the crowding, the gravel under foot, the touch of shrubbery, two steps at the door, and the indefinable air of every lady's room—the faint, blended odor of powders, toilet waters and pressed flowers. That it was the room of a refined woman he was sure in advance. Had he not been, there was the deep carpet into which his feet sank noiselessly.

And it was plain that he had come into a garden from a side street, since no residence would have opened from a woman's room into a walk that led directly to a main street.

Here, then, was a woman who lived upon a first floor with a private garden at her disposal. He had heard the gentle plashing of water outside; there was a fountain in this garden. On the morrow he had but to walk the city until he found the premises, if he would. So much for the secrecy of his friend Brodnar!

By this time Richard Somers was a deeply interested man. Despite his resolution to carry off the affair lightly, he began to feel the presence of something like a tragedy. Where was the woman who was to make use of him blindly and go through the form of a marriage? Dimly at first, perhaps as a matter of logic, he was conscious that she was in the room and near him. Then without more reason he became certain of it. The room was not dark, for he felt light upon his bandaged eyes. Instinctively he stretched out his hand.

Then there was laid within it another as soft as silken velvet and small and tremulous. The touch thrilled him from head to foot: it was the hand of a young woman—the timidity belonged to girlhood—and instantly a deep sympathy moved him. It was indeed an urgent cause that forced her into this situation—forced her, because now she was softly crying, and her emotion shook the little hand. Instantly his own hand closed above hers.

"Be not afraid, my child," he said; "all will be well." His voice, low and sympathetic, was the first to break the silence of that room. The girl ceased crying and her hand lay quiet within his own. Then the doctor spoke in a whisper:

"We are ready," he said to a third person; "make the ceremony as brief as possible." The other began:

"Richard Somers, do you take this woman to be thy wedded wife, to live together after God's holy ordinance in the holy state of matrimony? Wilt thou love her, comfort her, honor and keep her in sickness and in health, and, forsaking all others, keep thee only unto her, so long as ye both shall live?"

THEY ALL SAY SO.

Not Only in Plainfield, But in Every City and Town in the Union.

If the reader took the time and trouble to ask his fellow residents of Plainfield, the simple question given below, he would obtain the one answer. If he would read the statements now being published in Plainfield which refer to this answer, it would surprise him to note that they number so many. As many more could be, and may be published, but in the meantime ask the first person you meet what cures backache? The answer will be, Doan's Kidney Pills. Here is a citizen who endorses our claim:

Mrs. Wm H. Ludlow, of 88 Jackson avenue, says: "I had backache and a sort of dull pain cross my loins for several years. If I sat for any length of time and tried to rise I had a sharp pain in my kidneys. Walking any distance or standing aggravated the difficulty. I could not rest well at night from the fact that I had to be constantly changing about from one position to another trying to free myself from pain. I used quite a number of remedies but got no permanent relief. I was prevailed upon to get Doan's Kidney Pills from L. W. Randolph's drug store. I must say they did me a great deal of good. It is seldom that I feel any pain in my back and when I do a few doses of this remedy never fails to relieve me. I know others who have used Doan's Kidney Pills with good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

FAR WESTERN WOOING.

How Bill Barbour, a Colorado Miner, Won the Love of a Pampered Maid from New York.

Mrs. William McKay Barbour was born in the luxury surrounding all rich New York families, and was brought up in a refinement which might be called effete west of the Alleghanies. At the home of her millionaire father, Hartford B. Kirk, in her childhood, she was brought up as fairy book princess, who learns nothing of the selfishness, sordidness and sin of the world without.

Yet this girl, so delicately reared that she never felt the breath of the world's wind in all her life, among all the men she knew selected as her hus-

BATS FLAPPED THEIR FACES.

band "Bill" Barbour, a westerner who had fought his way against the good, bad and indifferent to a top place in Colorado by sheer relentlessness.

With a feeling that she was starting for Lhassa, Miss Kirk left for Colorado ten weeks ago to visit Mrs. Margaret Timmerman, a school friend. When she got there she met a good-looking fellow, "but so hearty." He was Barbour, and he immediately got up a coyote hunt. Miss Kirk was in at the death, and Barbour, smitten by her grace and pluck, proposed. She wonderingly refused.

Then he took her down into his coal mine, 700 feet below ground. Bats flapped their faces and water lapped their shoes. He proposed again. She hesitated—and refused.

He took her out hunting, and their party regretfully aroused a snarling mountain lion. The lion charged, but Miss Kirk and Barbour raised their rifles at the same time, aimed at the same time and fired at the same time. The lion dropped dead, both his foreshoulders broken. Then Bill was accepted.

BURGLAR IN BEDQUILT.

Chicago Man Repels Intruder by Presence of Mind and Saves Lots of Cash by the Act.

John O'Neil, 426 Johnson, street, Chicago, saved $200 the other afternoon by the novel experiment of throwing a heavy bed quilt over the head of a burglar who was searching the bureau of the room in which he was sleeping.

The burglar fired two shots through the quilt, neither of which injured O'Neil, and escaped by way of the rear door of the house, while O'Neil, in scanty garments, ran down the front steps in search of a policeman.

When the policeman and O'Neil returned to the house the burglar had escaped. In the drawer of the bureau,

THREW QUILT OVER HIS HEAD.

which had been open, was $200 left by the man. O'Neil is night manager of the Monarch bathrooms at 200 West Madison street. He was sleeping in his room early in the afternoon. His sister-in-law, Mrs. David O'Neil, had gone out shopping.

O'Neil was awakened by the noise made by the burglar, who had entered the house by a rear window. He saw the man standing by the bureau, and, jumping quickly from the bed, threw the covering over the intruder's head.

While O'Neil and the policeman were examining the traces left by the burglar Mrs. David O'Neil returned. She soon discovered that the man had taken $26 which was in a bureau in her room. Besides the money she missed three diamond rings.

SPORTING NEWS

ON THE DIAMOND.

Manager R. Hude Neilson, of the Rutgers College baseball team, has made public the schedule of games. The schedule contains eighteen games, eight of which are to be played in New Brunswick. The opening game will as usual be played with Princeton University at Princeton. The list is as follows:

March 22—Princeton, at Princeton.
April 9—Fordham, at Fordham.
April 12—Lafayette, at Easton.
April 16—Columbia, at New Brunswick.
April 23—Manhattan, at New Brunswick.
April 26—West Point, at West Point.
April 30—C. C. N. Y., at New Brunswick.

June 7—Manhattan, at New York.
June 14—Alumni, at New Brunswick.

WHIST.

The Metropolitan challenge trophy is now in possession of the Cosmopolitan Whist Club, they having won it from the Newark Bay Boat Club. The score was twenty-three tricks to five, and, as the score indicates, the match was very one-sided throughout. The Jersey City Club is next on the list of challengers, and the match is expected to be an interesting one. The last time these teams met Jersey City won, and the Cosmopolitan Club intends to make every effort to get satisfaction.

GOLF.

L. H. Graham, of Bostusrol, president of the New Jersey State Golf Association, has completed his executive committee, the last two to be added being Robert Bage Kerr, of Lakewood, and C. F. Watson, of Essex county. There seems no reason for doubting that the dates early in June the association has asked for will not be sanctioned by the Metropolitan Association, as there is no club or organization known of at present that would be likely to conflict with a counter attraction.

President Graham is of the opinion that it might be a good plan for the New Jersey association to make out an official handicap rating very much on the plan of the system employed by the M. G. A. Such a step would, of course, prove a help to the Metropolitan Golf Association, and with the ever increasing number of clubs and players in this State, might eventually prove of great advantage to the New Jersey golfers in general.

AT THE TRAPS.

"Spiel" Walsh and Albert Galloway, of this city, have been matched for a crow shoot to take place Thursday afternoon. The match will be for $25 a side.

More Juniors.

Benevolent Council, Jr. O. U. A. M., will hold an important meeting Friday evening. Four candidates for membership will be initiated and a progress report will be received from the excursion committee.

Another Handsome House.

Building Inspector Doane has granted a permit to A. D. Thompson for the erection of a dwelling on Belvidere avenue, near Charlotte road, which will cost $12,000.

—The improvements being made to Druggist Shaw's new store on West Front street are about completed and he expects to take possession soon.

The Last Heard Of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure Very pleasant to take. MR. M'CUTCHEN RESIGNS

THE BOROUGH SCHOOL BOARD LOSES ITS CHIEF.

Vacancy Filled by Election of A. V. D. Honeyman—Other Interesting Matters.

Samuel St. John McCutchen has resigned as president of the North Plainfield Board of Education and his place has been filled by the selection of A. V. D. Honeyman, one of the directors.

The resignation was received at the meeting of the board held last evening and considerable regret was expressed. Mr. McCutchen has left for a trip to South America, where he expects to remain three months. It was on this account that he gave up the office.

After the report of the buildings committee had been fully considered, especially the part bearing on the proposed purchase of Warren chapel, it was decided to defer the matter until after the school district meeting in March. Chief Marshal Campbell, the truant officer, reported the work he has accomplished recently.

Incorrect Report.

The statement of another newspaper that Edwin S. Hooley, of Rockview avenue, had paid fifty dollars to settle the case brought against him by George Baker, because of the former's dog biting the latter's cow, is untrue. The settlement that was made was a voluntary one without prejudice to either side.

Record Broken.

After two years of good behavior, John Crawford, a former periodical offender, fell into the hands of the police, yesterday. Patrolman Saffron found him helplessly drunk on Watchung avenue. This morning Judge Runyon gave him a suspended fine of $10.

To Visit Jerusalem.

President Davis, of Alfred University, and President Gardner, of Salem College, who are now traveling abroad, will be in Jerusalem next week. They are both reported as being in excellent health and fully enjoying the trip.

Funeral Tomorrow.

The funeral services of the late William Betts will be held tomorrow afternoon at 2:30 o'clock from the undertaking parlors of A. M. Runyon & Son, 402 Park avenue. Interment at Hillside cemetery.

File Bills Early.

All bills against the city must be in the hands of the city clerk before Thursday night to insure payment at the next meeting of the Common Council.

Bock Won.

In the case in tort of Bock against Upson, judgment was entered for the plaintiff in Justice Hand's court this morning.

The Merger Wins a Point.

WASHINGTON, Feb. 25.—The United States supreme court has just delivered its opinion in the case of Minnesota versus the Northern Securities company in application of the state to file a bill of complaint in that court. The opinion was read by Justice Shiras, and the motion for leave to file the bill was denied on the ground that this court is without jurisdiction.

Fifty-six Were Killed.

BARCELONA, Spain, Feb. 25.—The alcalde in a statement just made public fixes the number of persons killed during the rioting since Feb. 17 at fifty-six. The number of wounded cannot be estimated. The ironmasters have compromised with their employees on the basis of nine and a half hours work per day. There are fifty-seven undischarged vessels in the harbor.

Saratoga County's New Clerk.

ALBANY, N. Y., Feb. 25.—Governor Odell has appointed former Assemblyman George H. West county clerk of Saratoga county to succeed Edward F. Grose, who resigned while charges preferred against him by the district attorney of the county were pending.

CONDENSED DISPATCHES.

The Churchill hotel, Brant Rock, Mass., was burned.

Six assay offices in the Cripple Creek district, Colorado, were blown up.

General Pressley N. Guthrie, former adjutant general of Pennsylvania, died at Pittsburg.

Severe fighting was reported on the Montenegrin frontier between Albanians and Turkish troops.

Telegraph and telephone services were still suffering from the effects of the sleetstorm along the seaboard.

St. Gaudens' equestrian statue of General W. T. Sherman, ordered eleven years ago by a New York citizens' committee, arrived.

WHAT OTHERS SAY.

Clippings From Other Newspapers Which May be of Interest to Plainfield and Its Citizens.

"The man who struck and then abused a clergyman on a Jersey Central train because that person kept a woman out of an empty seat on the ground that he was holding it for a friend, found to his cost that he had to do with a muscular Christian. But the fact remains that the cleric was something of a 'hog.' He would have done better if he had allowed the woman to sit down anyhow. The most unpleasant feature of the affair was that the 'friend' did not put in an appearance. If the church does not set an example in politeness how is the laity to be expected to do better."—Evening Sun.

TRAGEDY REPEATED.

Miss Adele T. von Ohl Appeared Again in Performance Last Night.

Another fair sized but highly appreciative audience greeted the Californian tragedian, Richard Foote, and his company in "The Sculptor's Daughter" at Reform Hall, last evening.

The work of the entire cast was excellent while the interpretation of the title role by Miss Adele T. vonOhl, was faultless. She delivered her lines in a manner which eliminated all doubts as to the talent which she possesses. A successful career is predicted for her by the large number of friends who witnessed her acting and the second performance.

Sub-Station Convenience.

Arrangements have just been completed by the local postoffice officials whereby Postal Sub-Station No. 1, located on Somerset street, has been supplied with blanks and forms for registered mail.

Lenten Services.

Father Boyle, of Jersey City, will make an address at the regular Lenten service tomorrow evening at St. Mary's church.

Proposals for Furnishing Crushed Stone and Material for Culverts and Crosswalks:

Pursuant to a resolution adopted by the Common Council of the City of Plainfield, at the regular adjourned meeting held February 24, 1902, notice is hereby given that the Committee on Streets and Sewers will meet at the office of the Committee, No. 109 Park avenue, in the City of Plainfield, on Thursday, March 13, 1902, at 8 o'clock p. m., at which time and place said Committee on Streets and Sewers will receive sealed proposals for furnishing crushed stone, and for furnishing material for culverts and crosswalks as follows:

For crushed stone for the remainder of the year 1902, the bids to state the price per ton of 2,000 lbs, for furnishing the following sizes, viz: Fine screenings, ½ inch clean stone, 1½ inch stone and 2½ inch stone, in such quantities, and delivered at such places in the City as the Street Commissioner may direct

The above must be of the very best quality of trap rock, free from weathered stone, dirt, clay or other foreign matter, and in every way acceptable to the said Street Commissioner.

The stone must be weighed on such scales as the Street Commissioner may direct, and a voucher or weigh-bill must be delivered with every load to the said Street Commissioner or his authorized representative.

Also for furnishing the following materials for culverts and crosswalks:

Cover stone for culverts not larger than 4 ft. by 3 ft by not less than 3½ inches in thickness, per square foot.

Curbing for side walls 16 inches by 4 inches, 3 to 6 ft. long, per lineal foot.

Curbing for side walls 20 inches by 4 inches, 3 to 6 feet long, per lineal foot.

Crosswalk 24 inches by not less than 4 inches, 3 to 4½ feet long, Belgian edge, per lineal foot.

Crosswalk stone 24 inches by not less than 4 inches, 3 to 4½ feet long, flag edge, per lineal foot.

All to be of the best quality hard blue stone and subject to the approval of the Street Commissioner.

Upon receipt of the bids or proposals the Committee on Streets and Sewers will immediately proceed to unseal the same and publicly announce the contents in the presence of the parties bidding or their agents, provided said parties or their agents choose to be then and there present, and also make proper record of the prices and terms.

The right to reject any or all bids is expressly reserved.

By order of the Common Council and the Committee on Streets and Sewers.

COMPLETE TEXT OF BILLS TO MAKE GREATER PLAINFIELD

General Act and Two Special Ones Introduced Into Legislature Monday By Assemblyman Hall.

AND THEIR AIM IS CONSOLIDATION.

GIVES IN DETAIL ARRANGEMENTS FOR PUTTING QUESTION TO THE PEOPLE.

The First Bill Is General In Scope and Provides For The Annexation of Part of One County to Another and Sundry Details Thereof—Second Bill Changes the County Line—Third Provides For The Consolidation of City of Plainfield and the Borough of North Plainfield.

Since the introduction of the consolidation bills in the Legislature, Monday evening, by Assemblyman Hall, of this county, many inquiries have been made not merely as to the purport, but concerning the precise language of the measures. Through the courtesy of Former Mayor William L. Saunders, of Washington Park, The Daily Press is able to print the three proposed measures in detail.

The first bill is general in nature and provides for the annexation of a part of the territory within one county to another county. It is as follows:

An act to provide for and facilitate the annexation of part of one county to another.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, that whenever part of one county shall be annexed to or consolidated with any other county of this State by or pursuant to any general, local or special law all general, local and special laws affecting the county to which part of another county shall be so annexed shall extend to and have the same force and effect within the annexed territory as the same have elsewhere within such county, and all special and local laws applicable to the county from which such part is taken shall be deemed and are hereby declared to be repealed in so far as applicable to said annexed territory; provided that such repeal shall not operate to affect or impair any right which any person or corporation may have acquired under and by virtue of any such local or special law.

2. That any or all persons who shall reside within the territory annexed shall immediately become citizens and residents of the county to which such territory shall be annexed and shall be entitled to all rights, privileges and benefits of citizenship in that county.

3. That any county to which part of the territory of any other county may be annexed shall be liable to pay such proportionate part of the indebtedness of the county from which such annexed territory may be taken, as the value of the property assessed for the purpose of taxation in the annexed territory bears to the entire amount of property assessed for such purpose in the county according to the assessments for the purpose of taxation made by the appropriate taxing officers of the several taxing districts of the county in the year preceding such annexation.

4. On the third Monday after such annexation or consolidation shall take effect a committee consisting of three members of the Board of Chosen Freeholders of the county from which such annexed territory is taken and three members of the Board of Chosen Freeholders of the county to which such territory shall be annexed shall be appointed by the directors of the respective Boards of Chosen Freeholders of each county and such committee shall meet at the court house of the county from which such territory is taken, at ten o'clock in the forenoon of the Monday following their appointment, and shall then and there proceed to ascertain (1) the entire amount of the indebtedness of the county from which such annexed territory is taken; (2) the amount of money in the treasury of the county applicable to the payment thereof, if any; (3) the amount of uncollected taxes and other claims due such county which are deemed to be collectible; (4) such other information as shall be necessary to enable said committee to make just and equitable division of such indebtedness and assets between the counties, and they shall thereupon ascertain the amount of the indebtedness of the county from which the annexed territory is taken that should be paid by the county to which such territory is annexed, and how much of the taxes and claims due the county from which the territory is taken should be paid over or delivered to the county to which the territory is annexed, and the time or times when such payment or delivery should be made and shall make a report of their determinations in duplicate, one duplicate shall be filed in the clerk's office of the county from which such annexed territory is taken and the other in the clerk's office of the county with which said territory is annexed, and the county to which such territory is annexed shall thereupon become liable for the payment of such portion of such debt and interest thereon as shown by said report when the same becomes due or payable, and the county from which the territory is taken shall thereupon become liable to the county to which the territory is annexed, according to the determinations and provisions of said report. In ascertaining the facts aforesaid and in making such report the decision of a majority of the committees shall be final and conclusive; if any member or members of such committee shall refuse or neglect to attend the meeting aforesaid, or any adjournment thereof, those assembled shall act; provided it shall be lawful to adjourn such meeting from time to time not beyond one month in all as a majority of said committee or of those attending the meetings may decide.

5. All officers of any county living in any territory that may be annexed to another county shall continue in office until the expiration of their respective terms, and all commissioners of deeds, justices of the peace and constables resident within such annexed territory shall continue to hold their respective officers until the expiration of their respective terms.

6. All taxes for county purposes levied or assessed and uncollected in such annexed territory prior to the time when annexation shall take effect shall be collected by the officer or officers thereafter charged with the duty of collecting taxes in such territory and paid over to the collector of the county from which such territory was taken, and shall be divided according to the report hereinbefore mentioned.

7. All actions, suits, appeals, prosecutions and other legal proceedings pending in any court or before any tribunal having jurisdiction within the county from which such annexed territory shall be taken shall not be affected by such annexation, but the same may be prosecuted in the county from which such territory is taken to the end thereof in the same manner and before the same courts and tribunals as if such annexation had not occurred, provided that in all actions and proceedings pending in the supreme court when the defendant in any transaction shall at the time such annexation takes effect reside within the territory annexed, or when in any local action the cause of action arose in the territory annexed, either party may, at his election, on application to the said court for that purpose, have the venue in said actions or proceedings changed to the said county to which such territory shall be annexed, and the same tried or continued therein as if the said action had originally been commenced in the county to which such territory shall have been annexed, and all judgments obtained or that may be obtained in such action, suits or proceedings in the supreme court or in any court in the county from which such territory may be taken shall have the same force and effect within the annexed territory as if such annexation had not occurred and all writs of execution and other legal process may be issued thereon and directed to the sheriff or other appropriate official of the county from which such territory was taken, who is hereby authorized and directed to execute the same, and upon any such judgment a writ of error and other legal proceedings may issue or be had and taken as if said annexation had not taken place.

8. And be it enacted, that this act shall take effect immediately.

The second bill as framed provides for the annexation of that part of Somerset county known as North Plainfield to Union county. Its language is as follows:

An act to annex the territory within the boundaries of the Mayor and Council of the Borough of North Plainfield, in the county of Somerset, to the county of Union.

Be it enacted, by the Senate and General Assembly:

First.—That all that part of the county of Somerset known as the Mayor and Council of the Borough of North Plainfield, bounded as follows:

Beginning at a point in the center line of Rock avenue, formerly old Rock road, where the same is intersected by the center line of Green brook; thence, first, running in a general northwesterly direction along said center line of Rock avenue to a point where the center line thereof is intersected by the center line of Blue Ridge avenue; thence, second, running northeasterly in a straight line to a point in the center line of Prospect avenue, said point being the intersection of said line of Prospect avenue with the center line of Washington avenue, sometimes called Wilson avenue; thence, third, running in a northeasterly direction along the center line of Prospect avenue to a point where the same is intersected by the center line of Somerset street; thence, fourth, running in a magnetic course of north sixty-six degrees, thirty-one minutes east, a distance of eight thousand, six hundred and thirty-three feet, more or less, to a point, being the intersection of the center line of Raymond avenue and Mountain avenue; thence, fifth, running in a southeasterly direction along said center line of Raymond avenue to a point where said center line is intersected by the center line of Green brook; thence., sixth, running in a general southwesterly direction along said center line of Green brook to a point in the center line of old Rock road being the point or place of beginning,

shall be, and the same is hereby set over, annexed to and made part of the county of Union.

Second.—That this act shall take effect on the tenth day of April next.

The third bill, which is strictly the consolidation bill, provides for the uniting of the municipal governments of the borough and city. Its phraseology is as follows:

An act to unite and consolidate the municipal corporations known as Inhabitants of the City of Plainfield, in the county of Union, and the Mayor and Council of the Borough of North Plainfield.

1. Be it enacted by the Senate and General Assembly of the State of New Jersey, That inhabitants of the city of Plainfield and the Mayor and Council of the Borough of North Plainfield, and the territory embraced within the boundaries of said municipal corporations shall be and the same are hereby united and consolidated and made one body politic and corporate and shall be known as "Inhabitants of the city of Plainfield."

2. This act shall take effect immediately, provided it shall not operate to effect a consolidation of the said municipal corporation until it shall have been accepted by each municipality by a majority of the qualified voters thereof voting thereon at a special election to be held in the said city at a time to be fixed by the Common Council thereof; the clerk of said city shall cause public notice of the time and place of holding said election to be given by advertisements signed by himself and set up in at least ten public places in said city, and published in one or more newspapers printed and circulating therein,

HOW THINGS STAND IN FANWOOD TOWNSHIP

Annual Township Reports, Just Issued, Show a Satisfactory Condition of Affairs.

DETAILS OF FINANCES.

QUIET YEAR REPORTED FOR THE FIRE AND POLICE DEPARTMENTS.

Recommendations Made for New Year's Appropriations — Reports on Collections and Delinquent Taxes.

The annual financial report of Fanwood township, including the reports of the collector and treasurer, which has just been issued by the township committee, shows a most satisfactory condition of affairs in that thriving municipality. In the report of the board of police, it is shown that during the past year there has been little disorder. It is recommended that $100 be appropriated for the department during the coming year.

There were only two fires in the township during the past year. The fire department is in good condition, although 150 feet of new hose is needed. It is believed that $200 will be needed for the coming year's expenses.

The collector's report shows the receipts to be $20,783.13 and the expenditures the same. There is due schools from the State $1,254.22. The treasurer's report shows receipts to be $8,355.26, with a balance of $1,099.21. The township's expenses amounted to $2,539.68, including a temporary loan account, transferred from general balance, amounting to $995.

The report of the special constable for the collection of delinquent taxes shows uncollected taxes of $1,671.44 for 1900-1901, while there was $1,258.14 returned by the collector of uncollected taxes for 1901. The total uncollected taxes amount to $1,952.97.

The township committee includes T. J. Nicholl, William H. Terry and Theodore Bruchmann, while Edward L. Hand is the efficient clerk. John L. Darby is collector, while Mr. Bruchmann is the treasurer. Henry Cook is the special constable. The officers of the fire department include W. B. Noble, chief; W. H. Lake, first assistant, and Philip Blank, second assistant. Mr. Nicholl is chairman of the police board.

The report comprises sixteen pages and is prepared and arranged in a concise, yet complete form. The report also contains a complete list of delinquent taxpayers for 1900-1901.

MAYORS' FACES ON THE WALL

COLLECTION OF PICTURES FOR THE BOROUGH COUNCIL CHAMBERS.

A Complete Collection of Likenesses Will Soon be Placed in Proper Position.

A complete collection of the likenesses of the chief executives of North Plainfield, past and presen, will be placed on the walls of the councilmanic chambers before the next regular meeting of the body, which is scheduled for Friday evening, March 7. Horace A. Woodward, of Central avenue, is the artist, who has prepared the pictures and they are very creditable.

The boroughites, who will be honored in this way, are John H. Van Winkle, Dr. J H. Cooley, Henry M. Needham, B. A. Hegeman, Jr., William L. Saunders, Charles Place, John F. Wilson and Newton B. Smalley. In each case the likeness is an enlargement from a cabinet photograph, and the work has been skillfully done. The pictures are three quarters life size.

The photographs are mounted on white mats and have been framed in ebony. At the base of each picture is inscribed, on a neat plate, the name and the term of office. As a whole the pictures, it is believed, will add greatly to the appearance of the chamber.

Several Adoptions.

It is expected that there will be several adoptions at the meeting of Miantonomo Tribe, No. 118, Improved Order Red Men, Friday evening, and it's possible that there may be a report from the Great Council session being held at Trenton, this week.

—Communion services will be held in Trinity Reformed church Sunday morning. The regular preparatory services will be held Friday evening.

TALK ABOUT WATER CONTRACT

COUNCILMEN HAD SOMETHING TO SAY ON THE SUBJECT.

President Coriell Against Municipal Ownership—The Other Councilmen's Opinions.

President B. Frank Coriell, of the Common Council, in speaking of the proposition made by the Plainfield Water Supply Company to the city as regards the renewing of a contract, said Monday evening that he was convinced that the city was getting water service on a fair basis.

As for the hydrant rental, $15 each per year, Mr. Coriell said that the price was lower than most cities pay, and while the water company had offered to consider the proposition of reducing the rates to private consumers if the hydrant rentals could be raised, he did not favor such a move. This he declared would put more expense on the fire department.

Mr. Coriell added that if the people of Plainfield show by an overwhelming expression of opinion their desire for municipal water works, the Council would feel duty-bound to order a special election whereby a vote on the matter could be secured. However, Mr. Coriell said that he did not think it would be a paying investment, one in which the taxpayers would like to engage. He said that the Councilmanic committee had endeavored to get better rates and that the committee was convinced that the water company would make no reduction.

Mr. Buckle supplimented Mr. Coriell's remarks by saying that when President Bergen, of the Plainfield Water Supply Company, stated the company's position in the Plainfield papers several months ago, he failed to notice any logical or intelligent refutation of the statements made in that letter. He believed that Plainfield is getting good, pure wholesome water at rates that are fair. Mr. Tolles believed likewise.

After these expressions of opinion were given, Mr. Buckle introduced the resolution which called for the renewing of the old contract. It was the general opinion of the members who spoke that Plainfield could do no better than renew the contract. However, if the city is not satisfied, an opportunity will be given before April, 1903, to discontinue the service with the company.

IN THE NAVY.

Secret of Disappearance of George Welsh From Millstone Last September.

(Special to The Daily Press.)

East Millstone, Feb. 26—Geo. Welsh, son of Benjamin Welsh, of this place, suddenly disappeared from his home last September and for many months not a single trace of him could be found. His folks were nearly distracted with grief over his protracted stay. Every effort was made to learn his whereabouts, but this proved fruitless.

The young man's folks and friends were overjoyed this week when they received letters from him. The letters stated that he was in Norfolk, Va., and that he had enlisted in the U. S. Navy for four years and was about to sail on the ship to which he had been assigned. He said that he was well and had enjoyed excellent health. He promised to write frequently.

SLEIGHING PARTY.

Young Folks Went to Westfield and Return Monday Afternoon.

A jolly crowd of young folks enjoyed a sleigh ride to Westfield Monday afternoon. When the destination was reached the crowd adjourned to a local pharmacy, where refreshments were served. The party was chaperoned by Mrs. Lawrence, and those in the party included the Misses Gladys Peck, Marion Overton, Madeline Reed, and Clarence Lawrence, Russell Lawrence, Alden Miller, Clyde Doane, Ralph Hallock, Jack Swentzel and Graff Simmonds. It was 5:30 o'clock when Plainfield was reached on the return journey.

Pictures of Primary Department.

Rev. R. D. Schoonmaker, of Central avenue, has had a group picture taken of the pupils of the primary department of the Warren chapel Sunday-school. He has been the superintendent of this branch of the church work for some time past and desires to take with him to Africa a picture of the little ones for whom he has labored.

MUNICIPAL BUILDING FOR THE BOROUGH

Such is the Plan of Mayor Smalley as Expressed at Recent Council Meeting.

PLAN IN ITS INFANCY.

GROWING NEED OF ADDITIONAL ROOM FOR FIRE DEPARTMENT.

Would Convert Old Enginehouse Into Municipal Building, and Build New Fire Department Headquarters.

Sooner or later North Plainfield will have a municipal building as well as additional fire headquarters, according to some remarks made by Mayor Newton B. Smalley at the adjourned special meeting of the Borough Council Monday evening. The plans are still in their infancy as yet, but the prospects are that they will mature before fall.

The growing need of Warren Engine Company for larger quarters and the disinclination of the borough authorities to be continually paying rent for councilmanic chambers has given rise to the proposition. In effect the proposed arrangement is to build a new engine house and to use the abandoned structure for councilmanic and police purposes.

It would be necessary to remodel the fire headquarters to some extent if the idea is carried out. The intention is that the lower floor could be fitted up as a lockup, with the necessary cells and an office for the chief marshal. As for the upper floor the partition would be removed and the entire second story used as a Council chamber. It is estimated that the expenses of remodelling would be slight.

Concerning the proposed new headquarters for the engine company the plan is to erect a suitable building at some desirable spot on the same thoroughfare, Somerset street. Approximately it is estimated that the cost of the new building would not exceed $12,000. At the present time the borough government pays $325 annually for the rental of the present Council chamber at the corner of Somerset street and Craig place. The interest on the cost of construction of the proposed building it is believed would not greatly exceed the amount now paid as rent for councilmanic purposes.

The trouble with the present fire headquarters is that there is not sufficient room for the apparatus. Particularly the width of the building is a hindrance, and it is impossible to make any alterations to overecome this difficulty. Expressions from the firemen is the borough show the approval of the Mayor's suggestion and the chances are that it will be adopted at an early date.

CALLED IN POLICE.

Richmond Street Neighbors Stopped War of Words Just in Time.

Two female residents of Richmond street, in the vicinity of East Third, engaged in a war of words, Monday afternoon, which may yet result in both appearing in the police court. The women enchanged compliments of a shady nature across yards until the neighbors could stand it no longer and sent for the police. A patrolman arrived just a few minutes after the principals had concluded to withdraw. Complaints have been entered and there is a possibility that warrants will be issued.

PRIZE IN DEBATE.

Henry A. Pierce Won First Honors at Union College.

At a recent debate between students of Williams College, and Union College, of Schenectady, N. Y., Henry A. Pierce, of this city, in his second year at the latter, was awarded a prize of $100 for proficiency. As there were many competitors, the honor is a very high one. Mr. Pierce is a graduate of the Plainfield High School of the class of '98. He secured a number of prizes at his graduation and his course at college has since been marked by a list of brilliant achievements.

Postponed Dance.

The dance of the S. A. C. which was to have been given in Washington Hall, Friday evening, and which was postponed on account of the weather, will be held in Saengerbund Hall, Thursday evening, March 6.

Purim Ball.

A Purim ball will be given by the Young Woman's Hebrew Association, Monday evening, March 24. The affair will be held in Red Men's Hall.

DEPARTING SNOW MAY CAUSE HEAVY FLOODS

Water Very High in All the Brooks and Some of the Streets Are Now Canals.

CLEARING CONDITIONS.

CITY EMPLOYES ARE BUSY KEEPING OPEN CULVERTS AND GUTTERS.

In Outlying Parts of City the Water is in Possession and Boating is Reported Good—Prospects of a Flood.

In its hurried departure, the heavy snow fall of last week's blizzard promises to furnish a new excitement for the people of central New Jersey. The rain of yesterday and today, together with the rapidly melting snow, has swollen the neighboring streams far beyond their usual size and a brisk little flood seems likely, especially through Somerset county. In the outlying portions of the city, where the arrangements to carry off the surface water are not of the best, the streets have become canals. Pedestrians, not provided with boots or rafts, are enjoying a rather moist time of it.

The snow is disappearing rapidly under the combined influences of the rain and a moderate temperature. On the streets where the water has had a chance to run off, most of the ice and slush has disappeared from the middle of the roadway. The heavy rain of last evening was instrumental in carrying off a good deal of it.

If the stories of the weather bureau men are to be believed, the rain is to turn to snow this afternoon and clearing conditions will follow tonight. While there will be a slight fall of temperature attendant on the departure of the storm, the next two days will see the mercury up again.

Surmising that yesterday's rain storm would result in flooded streets unless the gutters and culverts were cleared, Street Commissioner Gavett had gangs of men at this work all day. The result was plainly apparent this morning, when it could be seen that most of the streets in the more thickly populated parts of the city were clear and the water was running freely.

A number of streets which drain into Cedar brook are flooded owing to that usually diminutive stream being phenomenally high. Putnam avenue is full of running water from side to side, North avenue beyond Berckman street is under water and other streets in that section are almost as bad. Clinton avenue beneath the railroad bridge is under water several feet deep and Front street from DeKalb to Rock avenues is blockaded. Everything possible is being done to alleviate the condition and this may be acomplished by nightfall.

Last night's storm again left the local trolley company in a condition unfit for operating cars. This time it is the blockading of tracks by water. In the eastern section of the city the tracks in some places are covered to a depth of several feet and beneath Richmond street bridge, the water reached the floors.

No cars are being operated on the Elizabeth-Plainfield line as it would mean nothing else but burned out motors. At Cranford and Garwood, the water is even higher than in this city.

On the Front street line, the cars have difficulty in getting beyond DeKalb avenue, in the dip which extends to Rock avenue. On the other lines there is no delay although late last night the cars were running on the ragged schedule which has predominated for the past week or more.

The heavy rain greatly interfered with the linemen in the employ of the local electriic light company and as a result a large number of circuits were unfit for use. At times the entire city was in darkness owing to crossed wires, making the walk home of late pedestrians anything but an enjoyable one. The repair work is being pushed vigorously and the management promises a complete restoration of service this evening.

Broke Leg in Fall.

Frank Cawley, aged thirty-nine years, who gave his residence as Oswego, N. Y., was taken to the hospital this morning at 3:30 o'clock suffering with a fractured leg. He said that he fell while walking home. The leg is broken near the knee. Mr. Cawley is a moulder and works in one of the local shops.

POLICE ON WARPATH AFTER "SPEAK EASIES"

Arrest of Mrs. Burns Was the First Step in an Active Campaign Against Them.

MORE ARRESTS PLANNED

POLICE CLAIM TO HAVE EVIDENCE SUFFICENT TO CONVICT OTHERS.

Cases Will be Taken Before Grand Jury and an Effort Made to Send the Offenders to State Prison.

The arrest and immediate fining of Mrs. Catherine Burns in the city court, Monday, is promised by Chief Kiely to be the forerunner of a number of similar cases which will eventually rid the city of illicit liquor sellers.

There have been spasmodic attempts to bring about the desired end in the past few years but all have come to naught. A mere arrest and fine has been no check to other persons engaged in the same trade or even to the convicted party. In fact from the sales that some of them enjoy a nominal fine is but a drop from the bucket. When it is taken into consideration that legitimate dealers are handicapped at the start by a $700 license fee it will be seen plainly this is no exaggeration. The police are authority for the statement that one persistent violator declared openly that he didn't care to apply for a saloon license as he made more money without it.

This would at first appear to be an acknowledgement that the police are lax in their duty but when it is known to what extent they must go to convict a violator, the situation assumes a different aspect. Under the rules laid down by Corporation Counsel Marsh, the liquor must be bought by an attache of the police department, seen delivered by the party arrested and must be kept as evidence in the case. No purchased testimony will be accepetd, that is, persons hired by the police to buy liquor and remove it from the premises. As the sellers are generally up to all the ruses of the police and just as crafty, it is a case of brains against brains.

After much careful study and forethought, Chief Kiely has mapped out a mode of procedure, which will greatly assist his men in acting. When enough evidence is secured the same will be presented to the Grand Jury and indictments will be asked for. By this means a heavier punishment can be meted out to the violators than if they were haled before the city judge. The city court's jurisdiction does not extend beyond imposing a sentence of six months, less one day, in the county jail and $100 fine. By the new plan persistent law breakers can be sent to the State prison and this is what Chief Kiely purposes doing. He had adopted this course as a last extremity and it will be continued in as long as the practice continues.

There are at least one dozen places which have been under surveillance for a long time and against which the efforts of the police will be devoted from now on. All of them were watched last Sunday and, in several cases, sufficient evidence was procured to warrant this method being carried out. The Burns case was but a beginning and as the offender is a widow woman, the authorities were not disposed to be severe. Mrs. Burns paid her fine but she was warned by the court that a prison cell awaited her at the next conviction.

Real Estate News.

The following spring rentals have just been made through Mulford's real estate agency: Mrs. A. A. Mack, of Elizabeth, has rented 683 West Seventh street; John W. Connors, of Bound Brook, has rented 453 West Sixth street; Adam C. Hill, of New York, has rented 451 Kensington avenue; Mrs. H. W. Mr. and Mrs. Harry Squires, of Arlington avenue, have returned from a stay at Atlantic City.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. L. W. Randolph.

WHAT OTHERS SAY.

Clippings From Other Newspapers Which May be of Interest to Plainfield and Its Citizens.

Those members of the Legislature who have failed to introduce a bill at this session will find an opportunity to father some measure by taking advantage of the hints thrown out at the first annual conference of charities and corrections. Enough legislation was proposed at the gathering to keep the lawmakers busy until after the usual time for adjournment.—Newark News.

Rev. Ralph D. Schoonmaker, of Plainfield, is evidently the right sort of a missionary to send to Africa, though perhaps he is a little too vigorous to fill a local pulpit. In spite of the fact that he did not turn the other cheek when he was publicly slapped in a railroad train, but proceeded to pummel the man who assailed him without sufficient provocation, it is to be hoped that he will not be found guilty of heresy, and thus be prevented from engaging in the work of vigorously Christianizing the dusky natives of the Dark Continent.—Newark News.

Our annual State appropriation for State aid in improved road building is less than one-half the amount allowed for that purpose in Massachusetts, which can thus build in one year as many miles of new road as New Jersey builds in two years.

In the New York Legislature this year a bill provides for an appropriation of $600,000, which is declared to be too small. As New York only recently began State aid, the belated appropriation should be large. The substantial results of improved roads in New Jersey and Massachusetts are certainly of a character to impress the New York legislator. The roads constructed have more than paid for themselves.

Whether the New Jersey annual appropriation shall be increased is for the Legislature to say. It would obviously be a better investment to put the State surplus into one-third the cost of improved roads than to deposit it in banks at 2 per cent. A complete system of improved roads in New Jersey will be worth as much to the State as all its great railroad systems.—New Brunswick Times.

Rutgers College wants State aid to establish a course in ceramics, the idea being to give practical instruction in identifying, experimenting with and utilizing the non-metallic natural products of the State. New Jersey is one of the first States in the production of raw clay and should be first instead of third in its utilization in manufactures.

The pottery interest of the State is a very important one, with investments of millions of dollars and affording employment to thousands of hands. But the skilled workmen of the potteries are largely foreigners. In order to take a course in practical ceramics, as part of his education or to fit himself for the higher branches of manufacturing, the American youth has to go abroad. There are only three institutions on this continent which pretend to give a course in ceramics. It is high time we were affording ambitious youth an opportunity to get this instruction at home.

Nowhere is there better opportunity or greater need for such instruction than in New Jersey. If we can at small expense to the State impart to ambitious young men the necessary knowledge to become expert judges of and workers in the clays which form a great part of the underlying strata of the State, we may count on that knowledge inurring to the benefit of the State in the varied enterprise which will utilize it. We may expect enlargement of the pottery interest and further development of brick and cement manufacturing.

The proposal of the trustees of the State Agricultural College is worthy of serious consideration. At first blush it seems deserving of the desired State aid.—Camden Post-Telegram.

TEA TABLE TALK.

Short Sketches That Are Not Always News, But Just as Interesting.

The school boy who was asked by his teacher to write a long sentence and then penned the words "Life imprisonment," was a resident of New Jersey. It is predicted that some day he may be heard in Congress.

There is no class of people that has suffered more as a result of the recent storm than the letter-carriers. One has but a faint idea of the difficulties experienced by them in making their rounds through snow, slush, mud and water. That they have performed their work quite satisfactorily is the praise that is justly due them.

COLUMN FOR THE SHOPPERS

SOME OF ATTRACTIONS TO BE FOUND AT LOCAL STORES.

A Few Interesting Items Concerning Greater Plainfield's Merchants

Fresh fish, oysters and clams, during the Lenten season, may be had at W. W. Wilson's store on West Third street. Don't forget he gives trading stamps.

A dainty bunch of flowers may be procured at Stanley's, on North avenue, by stopping at the store. There's no better form of remembrance than a handsome bouquet.

Don't forget the rare birds. They are still on exhibition at M. C. Dobbins' model cigar store on North avenue. Drop in and see how the cigars are made at this establishment.

There's no remedy for curing colds so popular as the preparation of honey, coltsfoot and tar made by John P. Powers, the progressive and prompt Somerset street druggist.

Harry Werner is still continuing his mid-winter sale of overcoats and suitings. Hundreds of Plainfielders have grasped the opportunity to secure fine clothing at a moderate price and why not you?

Have you seen the display of fine confections at Fowler's candy kitchen? It is the most complete in the city and the most attractive. Everything is made on the premises and the condiments used are absolutely pure.

This weather is an absorbing topic for discussion, likewise the substantial foot-wear sold by John H. Doane, of West Front street. He is well supplied with stout winter shoes, rubbers and rubber boots, which are just the thing to wear now. The prices will also appeal to your judgment.

The ever-changing winds of winter are not to be depended upon, but that staunch firm of Crosby & Hill, dry goods merchants, is always reliable. Special values this week are attracting many customers to the big store. A perusal of the firm's advertisement will convince one of the many bargains offered.

Furniture that lasts and furniture that attracts, is the kind seen at the store of Powlison & Jones. They have the most complete furniture emporium in the city and their display equals that seen in most Metropolitan stores. A recent shipment of goods is now being placed on sale and there are some excellent opportunities to purchase home furnishings.

BLONDIN A PRISONER.

Clever Capture of Alleged Wife Slayer In New York.

NEW YORK, Feb. 26.—After dodging the police of the United States for eight months Joseph Wilfred Blondin, who murdered his wife in Boston last April, has been captured in police headquarters in this city. In the records of the capture of criminals there is nothing so strange as this.

Blondin has been in this city ever since the 20th of last June. He has been living under the name of Joseph Bernard at Eighty-ninth street and Madison avenue. Late Tuesday afternoon he appeared at the bureau of inspection of steam boilers in the police headquarters and applied for a license to run a steam engine.

Hanging on the wall was a circular describing him sent out by the Boston police at the time of the discovery of the murder. Blondin coolly stood in front of the circular and read it through. Roundsman Lessler, who was in charge of the bureau at the time, noticed the resemblance between the pictured face and that of the man who was reading the bulletin. He told Blondin to call again.

Captain Titus was notified and telegraphed to Boston. Inspector Watts of the Boston police, with a man of the name of Patterson, who knew Blondin, arrived in New York during the morning. They were in the hallway in police headquarters at 11 o'clock when Blondin sauntered in.

They recognized him instantly. Blondin went to the bureau of inspection of steam boilers to get his license and was asked to step down stairs, where the papers would be made out. He was ushered into Captain Titus' office, where he was arrested by Detective Sergeants Hughes, Oppenheim, McCarthy and Coyle.

NEW JERSEY LEGISLATURE.

A Bill to Punish Anarchy Before the Assembly.

TRENTON, N. J., Feb. 26.—In the New Jersey legislature Assemblyman Lord's bill to punish anarchy was the subject of a debate yesterday between the introducer and Assemblyman Waite. The latter thought the bill had been badly drawn and that under a strict interpretation of its provisions it was made a crime for any man to criticise any administration that might be in power in this state. Mr. Waite pointed out that the bill classed as an anarchist any person "opposed to any and all governments." This, he said, was, in his opinion, a designation that might be held to apply to a person opposed to a particular government or administration. Mr. Lord insisted that the designation meant only those who were opposed to every form of government.

The house after a humorous debate passed the bill appropriating $10,000 to enable Professor Smith to make experiments in the direction of ridding New Jersey of mosquitoes. Professor Smith is confident that he can reduce the mosquito evil very materially by drainage of marshy places that are breeding spots for the pest.

It was finally agreed that the bill should lie over.

A joint session of the two houses of the legislature was held at 3 o'clock to give an audience to the committee from the Louisiana Purchase Exposition commission of St. Louis, who have come east to urge upon the different legislatures the wisdom of making appropriations for state buildings and state exhibits at the big St. Louis exposition next year.

THE FIRST MESSAGE.

Miss Stone Reports Freedom to Anxious Friends.

WARMLY WELCOMED AT STRUMITZA.

Released Captors Closely Questioned by Turkish Officials—Thanksgiving Services Held by Bulgarian Followers.

BOSTON, Feb. 26.—The first message from Miss Ellen M. Stone, the missionary, to her family and friends has just been received by her brother, Mr. Charles A. Stone, of Chelsea. The cablegram told of her release by the brigands and her warm welcome by Bulgarian friends in the village of Strumitza. Prior to the receipt of this message Mr. Stone received a dispatch from Salonika from M. Gargiulo, first dragoman of the American legation, as follows:

"Liberated Saturday night village Gradishar, near Strumitza, where village mayor led them 9 o'clock Sunday. Coming Salonika tonight with House."

Then came the long looked for message from the absent daughter and sister, dated Ristovatz, Feb. 25. It read as follows:

"Freed, thank God, and well after our captivity of nearly six months. Yesterday, Sabbath morning, Mrs. Tsilka and her seven weeks old daughter Elena and I found ourselves left by our abductors near a village an hour distant from Strumitza. For three hours we waited for dawn, then secured horses and came to this city. Kind hearted Bulgarian friends rushed from their house as soon as they caught a glimpse of the strange appearing travelers, took us in their arms from our horses, with tears and smiles and words of welcome, and led us into their house.

"Word was quickly sent to the friends engaged in their morning service at church, and they came, old and young, to greet us. What thanksgiving to God for this proof of his faithfulness to answer their prayers, for all—even the little children—had never ceased to pray for us, their lost friends. Since that time our waking time has been crowded with friends from the city and surrounding villages, who have brought us their heartfelt congratulations for our deliverance.

"The Turkish government did not fail to question us as to our experiences. The governor of the city, with his suit, called this morning and again this afternoon after the arrival of Dr. House and his son from Salonika, accompanied by M. Gargiulo, the first dragoman of the American embassy at Constantinople. The last three have come to accompany us to Salonika tomorrow, where M. Tsilka awaits his long lost wife and their baby. They have brought me a bundle of letters, from mother and my brothers and dearest friends. Thus, with unspeakable gratitude to God and to all friends who, by prayers and gifts, have helped to free us, we begin our life of freedom."

General Hughes Testifies.

WASHINGTON, Feb. 26.—The senate committee on the Philippines resumed its sittings, with General Robert P. Hughes as a witness. General Hughes went to the islands in August, 1898, and has been there ever since until within the past few weeks. He said that soon after his arrival he had been appointed provost marshal general of Manila. At that time the insurrecto forces were quartered in the city, and there was free communication between them and the Americans. When later Aguinaldo was directed to move out, he objected strenuously, but went. At first, the witness said, the people of the city were quite friendly, but by the 1st of January, 1899, there was a change in their bearing. This change he attributed to Aguinaldo's influence and advice. General Hughes then described the condition of affairs in Manila which led up to the outbreak of Feb. 4, 1899.

Wreck on the Lehigh.

WILKESBARRE, Pa., Feb. 26.—The New York and Philadelphia express on the Lehigh Valley leaving here at 3:05 in the afternoon had a narrow escape from destruction. The train was made up of two engines, express, baggage, three day coaches and three Pullman cars. The train failed to make its time climbing the steep mountain grade, and on a sharp curve at Newport it was run into by a local passenger train which left Wilkesbarre ten minutes after the departure of the express. The engine of the local plowed into the Pullman car on the rear end of the express and partly telescoped it. Fortunately there were only a few passengers in the car, and they all escaped with the exception of J. H. Hill, a traveling man of this city, and Engineer James McCarthy, who was badly scalded by steam.

Just Why We Should Have It.

LIVERPOOL, Feb. 26.—The merchants here who trade with Cuba are agitating against the suggested treaty of reciprocity between the United States and Cuba because they believe such a treaty is likely to be prejudicial to British trade, which has hitherto enjoyed a favored nation treaty with Cuba. The Liverpool chamber of commerce received a deputation of merchants who urged the necessity of prompt action in order to protect British commercial interests.

AUBURN, N. Y., Feb. 26.—The annual grand encampment of the I. O. O. F., with over 200 delegates from all parts of the state in attendance, closed a two days' meeting today at noon. Poughkeepsie was chosen for the next grand encampment in 1903.

PRINCE IN NEW YORK

Visit to Grant's Tomb and Luncheon at Sherry's.

GALA NIGHT AT THE GRAND OPERA.

Henry of Prussia Presented With City's Freedom and Dined by Mayor Low—Distinguished Guests at the Banquet.

NEW YORK, Feb. 26.—Prince Henry has enjoyed some leisure today. Following, as it did, one of extreme tension, it afforded our royal visitor a chance to rest and prepare for the tour of sightseeing that awaits him.

At 11 o'clock in the morning the prince was driven through Central park and up Riverside drive to Grant's tomb. He carried with him two large wreaths of American Beauty roses, which were placed upon the sarcophagus of the silent soldier. One of the wreaths was on behalf of Kaiser Wilhelm, who wished to show the high esteem and respect in which he holds the memory of General Grant.

A vast crowd of people had gathered about the tomb to catch a glimpse of the distinguished German, but were kept in check by a small army of bluecoats. The expected visit to Columbia university was postponed.

At 1 o'clock luncheon was served at Sherry's, at which Prince Henry met about a hundred representative Americans, captains of industry and leading minds in the arts and sciences. The evening programme is as follows:

At 7 o'clock, review of torchlight procession of German societies from the Arion club house.

At 8 o'clock, dinner at the Waldorf-Astoria in the prince's honor under the auspices of the Staats-Zeitung, to be attended by nearly 1,200 representatives of the newspaper press of America.

At 11 o'clock, return to the imperial yacht Hohenzollern.

At 12 o'clock, departure by boat for Pennsylvania railroad station in Jersey City to take train for Washington.

A day full of incident was completed by Prince Henry by attending the gala opera performance at the Metropolitan Opera House after being the guest of honor at the dinner given earlier in the evening by Mayor Low at the Metropolitan club.

From the time he arrived at Jersey City early in the day with President Roosevelt and his party from Washington he was received enthusiastically. He expressed his delight.

Hurrying from Jersey City, he went to Shooter's island, in Newark bay, by ferry to be present at the launching of his royal brother's yacht, the Meteor. Again a hurried trip took him to the imperial yacht Hohenzollern, at the pier at the foot of West Thirty-fourth street, where he gave a luncheon to more than fifty prominent Americans and Germans.

From there he was escorted to the city hall, where the freedom of the city was conferred upon him. Again he returned to the Hohenzollern, and from there he went direct to the Metropolitan club. There, as guests of Mayor Low, he met men prominent in American life.

AT THE GRAND OPERA.

The crowd around the Metropolitan Opera House to see Prince Henry enter the house to attend the gala performance began to form early in the evening, and by 7 o'clock the sidewalks opposite were thronged with sightseers eager for a glimpse of the prince and his party.

A cordon of policemen stretched from the lower side of Thirty-ninth street to midway between Fortieth and Forty-first streets on the side of Broadway opposite to the opera house, and no one who did not show a ticket for the performance was admitted within the lines.

About 8 o'clock the carriages of the prince and his party drove rapidly up Thirty-ninth street from Fifth avenue.

His arrival was greeted by a murmur from the gathered thousands, which broke into a cheer as the carriage of the prince came into the open space in front of the opera house.

The carriage stopped in front of the main entrance, and the prince and his party alighted and passed rapidly into the lobby, on either side of which was a solid line of bluecoats extending up the stairs to the entrance to the royal box. The prince and his party passed quickly up the stairs and entered the royal box.

The decorations were planned by Stanford White. No such display in point of beauty and magnitude has been seen before in a public place in this city.

A first view of the auditorium was electrifying. It was like a vast bower in a fairyland of smilax, roses and flowers. Not a vestige of woodwork was to be seen. Every inch of available space had been covered with creeping vines. Creeping vines of smilax covered the ceiling. Suspended from the middle of the dome of evergreen was an immense chandelier entwined with smilax, lighted by alternate white and green electric bulbs. Similar bulbs were strung along each of the streamers which covered the ceiling.

The drop curtain was a solid mass of smilax and rows of white and green electric lights.

The proscenium arch was covered completely with Cape smilax. Far up in the center, directly over the stage, was a trophy shield of eleven American and German flags, with the national emblems of America and Germany in relief. Each of the five tiers of boxes that form the horseshoe were rich in smilax and festoons of azalias, roses and daisies.

The five boxes on the first tier directly facing the stage were thrown into one for the royal box. Above the center box, where Prince Henry sat, was a throne canopy of white satin, with white satin drapery extending to each end of the royal box. The interior of the royal box was dressed in scarlet satin and furnished with gilt chairs. The facade of the box was a mass of American Beauty roses.

The antechamber extended the full width of the foyer and was partitioned off. It was hung with handsome goblin tapestry. Entrance was obtained through a door to the left on the corridor.

The programme was carried out under the direction of Maurice Grau and presented the greatest array of talent ever included in a single performance.

DINED BY MAYOR LOW.

Prince Henry, accompanied by Rear Admiral Evans and his suit, went to the Metropolitan club early in the evening as guests of Mayor Seth Low. He was escorted by Troop C. At the luncheon the prince met men chosen as guests because they are representative of America and particularly New York. The affair was informal and proved a relief after the strenuous day spent by the royal visitor.

There was no speechmaking, but the following toasts were proposed and drunk: To the president of the United States, to the emperor of Germany and to his royal highness Prince Henry of Prussia.

FREEDOM OF CITY PRESENTED.

The freedom of the city of New York, the metropolis of the western hemisphere, was presented to Prince Henry of Prussia by Mayor Low in the presence of the principal city officials and the 235 members of the mayor's reception committee.

The ceremony took place in the aldermanic chamber, whence he had been escorted from the historic governor's room of the city hall.

The second titled foreigner to whom this honor has been accorded since the birth of the republic rode up Broadway in an open barouche, braving the rain that he might see the people of the city, of whom he has said:

"They are of more importance than your tall buildings or your institutions. It is the people that I want to know."

Prince Henry and his suit arrived at the city hall at 4:15 o'clock and were conducted at once to the governor's room, where they were met by Mayor Low, President Cantor, 100 members of the citizens' committee, the committee of the board of aldermen, General Daniel Sickles and many others. When introduced to General Sickles, Prince Henry said he was glad to meet a hero of Gettysburg, which apparently greatly pleased the old soldier.

President Cantor delivered a brief address of welcome to the prince and then led him into the aldermanic chamber. There President Cantor delivered an address of welcome, at the same time presenting the prince with the aldermanic resolutions giving him the freedom of the city. The prince in accepting the honor said:

"Mr. Mayor and President and Gentlemen of the Board of Aldermen—I am most grateful for the kind reception I find in this house today, as well as for the kind words you have expressed on this occasion. I am fully aware of the fact that a member, certainly of our family, has not had the honor of the freedom of your city. I may add I am proud of it. It is the first city in the new world, gone over from the old world, a city which, as you have rightly said, is a vast center of commerce and industry. I was deeply touched with the reception I found on the day of my arrival and also when I rode up to your city hall today. I am deeply thankful for all of your kindnesses. All of you know I am not here in my own behalf, but in behalf of my beloved brother, the German emperor.

"I am very sorry I cannot repay you for all that you have done for me, but I am safe in saying I can promise you his sincere friendship, and my mission is not to create friendship, but I only hope to see continued the old friendship, which I trust may remain the same. I wish to thank you again. I wish the city of New York everything that is good. I wish it a most prosperous and happy future."

These few words were cheered to the echo by the aldermen and others who were present. The prince then shook hands with Mayor Low and with Borough President Cantor and left the room, after bowing to the assemblage.

An Ohio Tax Bill.

COLUMBUS, O., Feb. 26.—The Cole excise bill has passed the lower house of the legislature, and favorable action is expected in the senate. The bill provides for the levying of a tax of 1 per cent upon the gross annual receipts of electric light, gas, natural gas, pipe line, waterworks, street railroad, messenger or signal, telegraph, telephone, express or union depot companies doing business in Ohio. A tax of one-half of 1 per cent is now imposed upon the gross receipts of all except the last four named classes of corporations.

Advance For Cotton Workers.

FALL RIVER, Mass., Feb. 26.—The movement among cotton manufacturers to voluntarily increase wages has assumed definite form, and an agreement has been placed in circulation among mill men binding them to make a general advance beginning April 1 of between 6 and 7 per cent. It is believed that the agreement will be generally signed by nearly all manufacturers.

A $20,000,000 Steel Company.

TRENTON, N. J., Feb. 26.—The Railway Steel Spring company, with an authorized capital of $20,000,000, has been incorporated here. The object of the company is the manufacture of iron and steel products, including railway springs and castings.

SENATORS RESTORED.

McLaurin and Tillman Have Their Names Again on Roll.

WASHINGTON, Feb. 26.—The names of Senators Tillman and McLaurin of South Carolina have been restored to the roll of the senate.

The names of the senators were dropped as a result of a fist fight between them on Saturday following McLaurin's vigorous denial of charges made against him by Tillman. Neither senator was permitted to vote on the Philippine tariff bill, which was passed Monday.

The house passed the diplomatic and consular appropriation bill. It was the fifth of the regular annual supply measures to be sent to the senate. No amendments of importance were adopted. The feature of the day was the speech of Mr. Richardson (Ala.) in reply to Mr. Corliss' speech a few days ago in favor of the construction of a Pacific cable by the government. The question of reforming the consular service was debated at some length, but no amendments on that subject were offered.

Cuban Reciprocity.

WASHINGTON, Feb. 26.—The Republican members of the house of representatives met in conference late last night to consider the question of Cuban reciprocity, the Republican members of the ways and means committee having reached an agreement to grant reciprocity concessions of about 20 per cent. There was an unusually large attendance, about 125 Republican members being present. Representative Cannon (Ill.) acted as chairman and Mr. Loudenslager (N. J.) as secretary. Chairman Payne of the ways and means committee presented a bill on the lines authorized by the Republican members of the committee.

UNDER CROSSFIRE.

Valet Jones Tells Some Interesting Stories at Patrick Trial.

NEW YORK, Feb. 26.—Charles F. Jones, the valet who has been on the stand in the trial of Albert T. Patrick for several days testifying for the prosecution, was turned over to Mr. Moore, counsel for the defense, a few minutes before the adjournment of the court.

Although he was cross examined for only a few minutes, he told more interesting tales than he had told during the entire course of his direct examination.

He said that during the eight months he had lived at the house in Forty-fourth street he had been having a most enjoyable time, wining and dining and having a "royal good time." He admitted, under rigid questioning, that he had visited the district attorney's office every day for three months and had repeatedly read over his testimony and conversed about the case.

"How many stories of this murder mystery have you told?" Mr. Moore asked him.

Jones hemmed and hawed and finally admitted that he had told four different stories at different times. He refused to admit that the knife with which he had attempted to commit suicide had been given to him by anybody but Patrick and stuck to this testimony.

Adjournment was taken with Jones still on the stand.

Four Killed at a Fire.

SPOKANE, Wash., Feb. 26.—Four men lost their lives and a dozen others were injured, three probably fatally, in a fire of unknown origin which destroyed the boarding and bunk houses of the Standard mine, at Mace, Ida., early yesterday. Sixty men were asleep in the two buildings when the fire was discovered. The alarm was quickly given, but the flames spread with such rapidity that all escape was cut off except through the windows. Most of the injured were hurt while making their escape in this manner, though several were badly burned.

President Returns Safely.

WASHINGTON, Feb. 26.—The special train bearing President and Mrs. Roosevelt and some of those who went to New York to witness the launching of the emperor's yacht returned to Washington at 8:47 last night. Secretary Root, Senator Lodge and Miss Alice Roosevelt did not come back with the party, the latter remaining with Mrs. Cowles, the president's sister, for a few days' stay in New York city.

KRUM BILL CHANGED

Practically a New Corporation Tax Measure.

RAINES LAW AMENDMENT LIKELY.

Committee of New York Senate Decides to Report Favorably the "Antisham Hotel" Bill—A Good Roads Hearing.

ALBANY, N. Y., Feb. 26.—The senate taxation committee has directed its chairman, Senator Hobart Krum, to amend the Krum corporation tax bill now on order of third reading in the senate. So many and so radical are the amendments but little remains of the original measure, which will now undergo its second transformation.

The transportation, mining and manufacturing corporations are not affected by the measure, and the tax on them will remain as at present. As to business corporations, domestic or foreign, one-twentieth or more of whose assets are employed or invested in this state, it is provided that they shall pay a tax upon the same proportion of issued capital stock at a rate of a mill on each dollar where the dividend is 4 per cent or less than 4 per cent. Where the dividend of a corporation is more than 4 per cent, it shall pay one-fourth of a mill on each dollar of such portion of capital stock for each 1 per cent of dividend.

Where 20 per cent of assets is not employed or invested in this state, it shall pay a tax of one-tenth of 1 per cent on the first $3,000,000 of its issued capital stock, one-twentieth of 1 per cent on the next $2,000,000 of issued capital stock and $50 on each additional million of capital stock above $5,000,000.

The senate taxation committee has decided to report favorably the Raines bill amending the liquor tax law, known as the antisham hotel bill. It provides that hotels applying for licenses under the liquor tax law shall comply with all the ordinances of the city or locality in which they are located and makes it mandatory for local authorities to enforce all ordinances, etc.

Representatives of boards of supervisors of a score of counties, officers of the Good Roads league and the committee appointed by the recent good roads convention appeared before the senate finance committee in support of an appropriation of $1,000,000 for the improvements of good roads. It is claimed that forty-one counties have arranged for the improvement of roads to the extent of $960,000, and it is desired that the state should appropriate an equal amount under the Higbie-Armstrong law.

Heavy Storm on Pacific Coast.

SAN FRANCISCO, Feb. 26.—One of the heaviest southwest storms that has been experienced in many years struck this city yesterday. The wind attained great velocity, blowing forty-five miles an hour in the city, while at Point Reyes it reached sixty miles. Ships dragged their anchors or broke their moorings at their docks, a fishing boat was capsized, the telephone and electric wires were down and awnings, shade trees and fences were wrecked and pedestrians were greatly inconvenienced. Telegraphic communication with the outside world was cut off. The full force of the storm was felt on the bay.

The Island Transfer.

WASHINGTON, Feb. 26.—It has been practically decided that the formal ceremonies incident to the taking over of the Danish West Indies by the United States shall be performed by the army, and it is probable that a detachment of troops from Porto Rico will be sent to the islands soon after the exchange of ratifications of the treaty to raise the flag and formally take possession of the new territory. While not definitely determined, it is stated here that the islands will be placed, with Porto Rico, under the control of Governor Hunt.

A Chicago Mystery Cleared Up.

CHICAGO, Feb. 26.—The mysterious woman inmate of the Kankakee Insane asylum, who gave her name as Frances Agnes Ross when she arrived in Chicago from Portland, Or., and who was adjudged insane last Christmas, has been identified as Miss Rosa McDonald, a member of a prominent Boston family. A letter written by her to a sister in Boston was opened before it was mailed and resulted in the discovery of her identity.

Mob Assails Roumanian Deputies.

BUCHAREST, Roumania, Feb. 26.—Several hundred workmen attempted to invade the chamber of deputies here with the purpose of demonstrating in favor of the modification of a bill then under discussion by the chamber dealing with the trades unions. The workmen attacked the police who barred the entrance to the chamber with sticks and stones. Several policemen were injured, and 130 of the demonstrators were arrested.

Corbett and McGovern Matched.

CINCINNATI, Feb. 26.—Young Corbett (William H. Rothwell) and Terry McGovern have been matched here for a twenty-five round boxing contest to take place before the club offering the best inducements on or before Oct. 15, 1902. Both men agreed to weigh not more than 127 pounds at 4 o'clock on the afternoon of the contest.

Six Trainmen Killed.

ROCHESTER, N. Y., Feb. 26.—As the result of a collision on the Auburn branch of the New York Central seven miles west of Auburn between westbound passenger train No. 211 and a steam derrick six trainmen are dead and two others missing.

GET PUBLIC OPINION.

It has never been the intention of the advocates of Greater Plainfield to cram their scheme of consolidation down the throats of the people of Plainfield and North Plainfield without giving them a chance to express their opinion as to the desirability of the plan. Although the public expression of opinion in the borough was once against the idea of a united municipality, there have been many who have since announced a change of heart. Former Mayor W. L. Saunders and P. V. R. VanWyck, who have taken the initiative at this time, believe with other advocates of the scheme that a majority of the residents of the two places are now inclined to view a "Greater Plainfield" with favor. It is aimed to secure a definite knowledge of the subject.

According to the published announcements made by these two well-known citizens, the subject was formally introduced before the State Legislature Monday night. Three bills were introduced by Assemblyman Hall. One is of a general nature and provides for the annexation of a part of one county to another. The other two bills are special legislation, one changing the county line so that North Plainfield shall become a part of Union county and the other uniting them. The latter contains a referendum provision which makes it necessary to first put the question to vote and requires the approval of at least a majority of the voters in each municipality affected before it can be put into effect.

The bills are now before the Legislature. It is impossible as yet to say what will be their fate. The general act will so far affect the other two that the latter will not go into effect until the provisions of the first have been fully carried out, that is, providing the general act is passed. No one can complain that the scheme is not put fairly to the people. Friends and enemies of the measure should be in favor of the principal bill as it will settle definitely just what is to be done. If it is the will of a majority of the voters of Plainfield and North Plainfield, who is there who can deny that the will of the people be obeyed? The only question at present seems to be as to whether or not the people do approve of the Greater Plainfield plan. And the only way to settle it is to pass this general bill and allow the subject to come to vote.

The action of the Borough Council in putting to vote the question of the advisibility of municipal water works for the borough was wise. There have been certain influences at work in the borough which have prevented many borough officials from seconding Mayor Smalley's efforts in that direction. These influences will not figure in a secret ballot. If the decision at the polls is in favor of a municipal water plant, then the Borough Council can act in the matter with the full confidence that the action has the support of a majority of the people of North Plainfield.

While it was a trifle damp, perhaps, the welcome to Prince Henry and the ceremonies attendant on the launching of the yacht showed the heartiest of feeling toward the young German prince. It is the personality of the man himself and not his rank has won for him this spontaneous outburst on the part of the American people. The people know a man and a gentleman when they meet him.

THOSE WHO COME AND GO

NOTES CONCERNING PLAINFIELDERS AND THEIR MANY GUESTS.

Clearing the Road.

A gang of twenty men is now busily at work clearing the county road between this city and Metuchen. For a number of days this road has been impassable on account of the snow, water and broken tree limbs. As the road is under the supervision of the county the Middlesex county officials are obliged to clear it.

Gone to Canada.

Jose A. Machado, of Kensington avenue, who is associated with the American Bank Note Company, has gone to Montreal, Can., to take charge charge of the company's interests there. He expects to move his family there in the near future and permanently make his home in Montreal.

Hearing Adjourned Again.

Owing to the absence of the State's witnesses, the case against John Huff was again postponed in Justice Nash's court, yesterday afternoon, for ten days. A certificate was exhibited from the physician in charge of Arthur Upson, in which it was stated that he was still unable to appear.

Cornet Band Proposed.

H. G. Wentrick is taking steps to organize a cornet band. He has already signed six members and there a number of other applicants. It is hoped twenty-one members can be secured. Mr. Wentrick recently ordered a number of instruments from a western firm.

At Americus Club.

James E. Martine returned home yesterday from Camden, where he was a guest Monday evening of the Americus Club. The toast assigned to him was "The American Nation," and he took the place of George B. McClellan, who could not be present.

Great Council in Session.

The Great Council, Improved Order Red Men, of this State, opened its annual session in Trenton, today, and will continue it until Friday. Among those present from this city is Great Prophet William Newcorn, also the past sachems of the various tribes.

Business, Then Pleasure.

Mrs. Herbert L. Pierce, of Somerset street, will entertain the Friendship Sewing Circle, of the New Market Baptist church, this afternoon. The members will engage in the usual business, after which a social time will be held.

Storm Changed Plans.

The members of the Plainfield Primary and Junior Teachers' Union expected to visit the New Brunswick Union last Monday. The severe storm made a change in the plans and another date will be set in the near future.

A Department Devoted to the Minor Events in Greater Plainfield's Suburbs by Our Own Correspondents.

DUNELLEN.

The death of J. F. Randolph Clawson, an aged and respected citizen of this place, occurred at his home on Dunellen avenue yesterday. Mr. Clawson had been ill for a long time with a complication of troubles and the end was momentarily expected. The deceased had reached the great age of seventy-seven years. He leaves five children, Cortez and Walter Clawson and the Misses Loretta, Alice and Jennie Clawson.

The entertainment to be given by the members of the ninth and tenth grades of the Whittier school to the Board of Education and the parents will be held tomorrow night. The programme will consist of the following numbers: Violin solo, Frank Gurder; piano duet, Irene Ayres and Edna Baldwin. Several essays will be read and in addition several musical numbers and recitations will be given.

A number of the members of the local court of Foresters will attend the celebration and initiation of the Plainfield Court in Reform Hall this evening.

The Board of Registry will sit in the town hall March 4 to revise the registry list. Everybody who wishes to vote will have to register or get left.

Barney Siriski has purchased a considerable amount of shop fittings and intends to fix up his barber shop in this place.

The Willing Workers of the Presbyterian church will meet with Mrs. Garretson Friday.

The checker club held an interesting meeting last night in the North avenue clubroom.

Garretson & Gray's sawmill has been set up on the mountain and will be started soon.

Wm. G. Holton Council, Jr. O. U. A. M., held its regular weekly meeting last night.

Charles Vliet is recovering the use of his finger, which was hurt some time ago.

Green brook is unusually high and the fields along the border are flooded.

The cornet band will meet for regular practice in Apgar Hall, tonight.

Prayer meeting will be held in both the local churches this evening.

Services were held in St. John's Catholic church last evening.

Paul Kretzel, Jr., visited in Plainfield on business yesterday.

NEW MARKET.

New Market pond is unusually high as the result of the recent rains, and a repetition of the flood of several years ago, when the railroad tracks were flooded over, is feared.

Henry Williams, of Rahway, spent a short time in town on business yesterday.

Election affairs are beginning to liven up as election day approaches.

Chas. Mane, of High Bridge, is visiting friends in Piscataway.

Dr. M. J. Whitford has returned from a trip to Trenton.

PLAINS AND FANWOOD.

The management of the baseball club have called a meeting for tonight, for the purpose of arranging a schedule of games for the season and to transact any other business that may come up for consideration.

The members of Fanwood Council, R. A., met and transacted routine business in its rooms last night. Owing to the weather, the attendance was small.

The condition of Noah Terry, who has been seriously ill for several months, remains about the same, but little hopes are entertained of his recovery.

Miss Ethel Marsh has returned from a pleasant visit with friends in Brooklyn.

SOUTH PLAINFIELD.

T. C. Laing and Wm. Hamilton, the local blacksmiths, did a rushing business, yesterday, on account of the icy condition of the roads.

The water in the mill pond is so high that the pond overflows the dam and floods the road.

No prayer meeting was held last night, the storm preventing a large attendance.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. L. W. Randolph.

PRIMARIES AT WESTFIELD

REPUBLICANS AND DEMOCRATS SELECTED TICKETS FOR ELECTION.

Appropriations Were the Same on Both Tickets—The Candidates That Were Chosen.

(Special to The Daily Press.)

Westfield, Feb. 26—Despite the storm there was a good attendance at both the Republican and Democratic primaries held last evening. There was considerable interest and both parties believe that strong tickets have been nominated.

The Republican primary was held in the town hall. Wellington Moorehouse was chairman. The following ticket was nominated: Freeholder, W. W. Connolly; township committeeman, George L. DeLatour; township clerk, Charles D. Reese; justice of the peace, W. B. Toucey; constable, George W. Peck, Jr.

The Democratic primary was held in the Standard building. W. E Tuttle, Jr., was the chairman. The following was chosen: Freeholder, M. M. Scudder: township committeeman, W. E. Tuttle, Jr.; township clerk, Charles D. Reese; justice of the peace, S. T. Ball. There was no nomination for constable.

The appropriations amounting in all to $15,150, were the same on both tickets, as follows: Roads, $5,000; poor, $1,000; fire department, $800; hydrants, $850; sewer maintenance and interest, $2,500; police, $2,500; township expenses, $2,500.

FATAL FALL.

G. W. Bowne, of Cranford, Died as Result of Injuries Received in a Fall From New Building.

George Wesley Bowne, aged fifty-four years, of Cranford, but formerly a resident of Plainfield, and a carpenter associated with Fred Parker, of Cranford, fell from the second story of a new building on which he was working, last Wednesday. He struck on a picket fence, fracturing three ribs and severely bruising himself about the body. These injuries resulted in his death, yesterday morning, at the home of Mr. Parker, where he was removed after the accident.

Mr. Bowne was a member of Orpheus Lodge, No. 137, F. and A. M., and the Independent Order Foresters, of Cranford. The funeral services services will be held from the residence of Mr. Parker, tomorrow morning at 9 o'clock and from the Sandy Ridge church at 11 o'clock. The interment will take place at Sandy Ridge.

AT THE LAUNCH.

Delegation of Plainfielders Was at Shooter's Island, Yesterday.

Out in the rain, standing in slush and mud, nearly three thousand people assembled on Shooter's Island, at the head of Newark a mile from Elizabeth, to witness the launching of the Meteor, the German Emperor's schooner yacht, which was built at the shipyard of the Townsend-Downey Shipbuilding Company.

There was a delegation of Plainfielders among the invited guests which included Former Mayor B. A. Hegeman, Jr., Corporation Counsel and Mrs. Craig A. Marsh, George D. Hallock and son, Albert L. Force, Joseph E. Morse, R. F. R. Huntsman, Charles B. Morse, Willard M. Miner, Sydney R. Titsworth, Rev. Charles L. Goodrich, Charles W. Burton and several others.

The Thirty-Sixth Time.

A large number of his friends gathered at the home of Silas Clark Mundy, of Stone street, last evening, to help him celebrate his thirty-sixth birthday. Among those present were guests from Dunellen, Bound Brook, Somerville, Stirling and other points. Dancing was a feature of the evening. Mr. Mundy received a number of handsome presents. Hereafter the party will be an annual affair.

Funeral of Samuel Kline.

The funeral of Samuel Kline, of West Third street, was held this morning. Rev. Scott Wallace officiated at the services. The remains were taken to Readington, N. J., for interment. Those who acted as pallbearers were James Scott, James Harris, Frank Nelson and Wm. Randolph.

Two Good Lectures.

Attention is called to the advertisement of the Y. M. C. A. which tells of the attraction in the supplemental course for Tuesday, March 4. Dr. Snodgrass will deliver his lecture in the same course tomorrow evening.

Miss Mabel A. Woodruff, of East Second street, is visiting friends in Harlem, N. Y.

at least ten days prior to such election; and said clerk shall provide for each elector voting at such election ballots to be printed or written, or partly printed and partly written, on which shall be printed the word "for" and the word "against" above and immediately preceding the title of this act, and if the word "for" be marked off or defaced upon the ballot it shall be counted as vote against the acceptance of said act; if the word "against" is marked off or defaced upon the ballot it shall be counted as a vote in favor of the acceptance thereof; and, in case neither the word "for" or the word "against" be marked off or defaced upon the ballot it shall not be counted either as a vote for or against such acceptance. Such election shall be held at the time, place or places so appointed, and be conducted by the officers of such city provided by law for the time being to conduct elections therein, except that no special form of ballot or envelope need be used. The officers holding such election shall make return to the Common Council of the said city of the result thereof by a statement in writing under their hands, and the same shall be entered at length on the minutes of said Council. And at a special election to be held in the said borough at a time to be fixed by the Council thereof; the clerk of said borough shall cause public notice of the time and place of holding said election to be given by advertisements signed by himself and set up in at least ten public places in said borough, and published in one or more newspapers printed or circulating therein, at least ten days prior to such election; and said clerk shall provide for each elector voting at such election ballots to be printed or written, or partly printed and partly written, on which shall be printed the word "for" and the word "against" above and immediately preceding the title of this act, and if the word "for" be marked off or defaced upon the ballot it shall be counted as a vote against the acceptance of said act; if the word "against" is marked off or defaced upon the ballot it shall be counted as a vote in favor of the acceptance thereof; and, in case neither the word "for" or the word "against" be marked off or defaced upon the ballot it shall not be counted either as a vote for or against such acceptance. Such election shall be held at the time, place or places so appointed, and be conducted by the officers of such borough provided by law for the time being to conduct elections therein, except that no special form of ballot or envelope need be used. The officers holding such election shall make return to the Council of the said borough of the result thereof by a statement in writing under their hands, and the same shall be entered at length on the minutes of said Council, and thereupon and upon such adoption, but not otherwise, this act shall in all respects be operative.

3. That the register of voters used at the general election next preceding the holding of such special elections shall be used for the purpose of conducting such special election. It shall not be necessary for the Boards of Registry and Elections in said city and borough to make a new register of voters for such special election but only to revise and correct the register made for the last general election, and for that purpose the said boards shall meet at such places, in their respective election districts, as shall be designated by the clerks of said city and borough, respectively, one week next preceding the election in each of said municipalities, respectively, said meetings to begin at one o'clock in the afternoon and to continue until nine o'clock in the evening of that day for the purpose of revising and correcting the register and of adding thereto the names of all persons entitled to vote in the respective election districts at said special election, who shall appear in person before them and establish to the satisfaction of the majority of the board that they are entitled to vote in that election district at said election, or who shall be shown by written affidavit of a voter residing in the same election district to be entitled so to vote; a separate affidavit shall be required for each person so registered which shall contain the address of the affiant, and shall be signed by him; and on the following day one copy thereof shall be delivered to the chairman of the County Board of Elections to be filed by them and one copy shall be retained by him for use by the District Board of Election at such special election.

4. Immediately after the statement of the result of such election shall be made to the Council of said city a copy thereof certified by its clerk shall be forthwith served upon the clerk of said borough, and immediately after the statement of the result of such election shall be made to the Council of the said borough a copy thereof certified by its clerk shall be forthwith served upon the clerk of the said city, provided the result of said election shall be in favor of the acceptance of this act.

BULLDOGS AND CATS.

Fellow Pets That Have Their Individual Antipathies Yet Live Together in Peace.

Milady is very fond of her two French bulldogs and her big Maltese cat, named Paddy. But the bulldogs are not fond of the cat, and vice versa. Still, they live in comparative peace, though Paddy's back humps and her tail grows as large as milady's fur boa when he sees those French bulldogs, says the St. Louis Republic.

Paddy has no high pedigree, but he is perhaps as high in the favor of milady as the two canines, due in a measure to the old love which milady bore to Paddy's grandmother, who loved to romp and play when she was a kitten.

Paddy and the French bulldogs have peculiarities, and that is the reason this story is written.

Paddy does not encroach upon the territory of the bulldogs, and the latter do not invade Paddy's bailiwick, but there is neutral ground. The neutral ground is the first floor of milady's home. Paddy rules the basement and the subcellar; the dogs have the bedrooms. They sleep on the beds and sofas and chairs in the daytime, much to the disgust of the chambermaid.

The interesting time comes when milady sits down at the piano and plays selections from the masters. The lively melodies set the tails of the French bulldogs in a whirl. The tails spin numerous circles as the music rolls forth. The dogs are in ecstacy.

But with Paddy it is a different tale. The most beautiful opera will cause him to hump his back and jump around in great annoyance. He rushes down into the basement, and then into the subcellar, where he offers thanks for the relief from what seems to his cat soul the worst kind of discord. Better far is the wailing of himself and the others of his ilk on the back fences o' nights.

All of which proves the old, old story that what is food for some is poison for others.

Snubbing a Would-Be M. P.

An English firm of solicitors, who recently wrote to the president of the University of Idaho offering to purchase an LL. D. degree for a young client who was thinking of entering parliament, received the following very caustic reply: "The principal whom you represent has disgraced his nationality, the bar and himself. I hope that when he attempts to enter parliament he will learn that a cad's ambitions, unless carefully limited, are unrealizable."—Literature.

WELSHMEN ARE GLAD

Red Dragon to Have a Place Once More in Heraldry.

In Accordance with King's Orders Badge of Wales Now Appears on the Royal Banner of England's Heir Apparent.

There will be rejoicing in Wales, and among loyal Welshmen the world over, now that the Red Dragon of Cadwallader is to find his due place in the heraldic achievement of the prince of Wales by order of the king in council "that there be added to the achievement of the prince of Wales the badge of the Red Dragon." This ancient badge is to be borne—as a badge, of course, and not quartered in the shield of the prince—on the sinister side (the spectator's right, that is) of the royal crest as heir apparent, while the ancient badge of the ostrich feathers is on the other side, the crest and the two badges appearing thus in line over the shield. The badge of Wales, as defined in the king's order, is: "On a mount vert a dragon passant gules, differenced as is the royal crest with a label of three points argent." The duke of Norfolk, the earl marshal of England, is charged to see that the necessary directions be given. The accompanying picture is a careful drawing of the Red Dragon of Cadwallader of Wales, made from a painting in one of the heraldic manuscripts in the British museum, a manuscript which contains colored drawings of the royal badges from Edward III. down to King Edward VI., and it was presumably written in the days of Edward VI.

A reproduction is also given of the banner of King Henry VII., taken from the Vincent MS., No. 152, in the College of Arms, from which it will be seen that that king quartered the red dragon in a banner with his other badges. Henry also used the dragon as a supporter, and it can be seen with the white greyhound in the chapel at

Windsor supporting a portcullis ensigned with a rose. From his time the Tudor monarch used the dragon as one of the supporters of the royal arms. Henry VII. descended from Owen Tudor, thus proclaimed his Welsh ancestry, but the dragon dropped out when the Stuart dynasty succeeded, and has not reappeared until now, at last, the king, with his usual gracious sympathy with national aspirations, has restored it to the achievement of arms of the heir apparent, who takes his title from the principality. In 1893 the complaint was that Wales was not represented on the coinage, and as Wales claims to possess a shield of arms as well as a badge, it was then said that these arms (quarterly or and gules for lions passant guardant counterchanged) ought to be quartered with England, Scotland and Ireland in the royal banner, while another suggestion was that the red dragon should be made a charge and quartered on the banner.

From the quartered banner of King Henry VII. it will be seen that the red dragon was actually so quartered, but it was quartered with other badges of the king, and not with the royal arms. It is as a badge, and correctly so, that the red dragon now reappears in the achievement of the heir apparent. This drawing of the red dragon from the British museum is reproduced from the original manuscript just as it there appears, without the mount vert—the green mound—and without the silver label of three points at the animal's neck. The drawing has been specially chosen to illustrate the subject, because it is a good heraldic design, and dates from the Tudor period.

Hubby Made a Hasty Exit.

A Philadelphia man thought he would be more successful than his wife in securing servants. So he cut out a number of advertisements from the "situation wanted" column of a newspaper, and started out in a cab to visit the various addresses. The first place he stopped at was in front of a little house in a narrow street, from which a cook had advertised. He saw her and was favorably impressed. "I am looking for a good cook," he said. "Sure, an' don't Oi know it!" exclaimed the cook. "Oi only left your house yestidday!" He made a hasty and undignified retreat, and decided to allow his wife to continue in her direction of the household affairs.

HE HAD HIS SUSPICION.

The Colored Southern Minister Looked Askance at Andrew Carnegie's $50 Bill.

It is related that on the last tour of President McKinley in the south, Andrew Carnegie was in the party, and all were asked to attend a negro church in Thomasville, Ga., where a very fervid colored minister officiated, says the Des Moines Leader.

It is said that whenever a lull came in the services the deacons took up a collection, but through hospitable motives avoided passing the box to the white visitors. The old pastor rose at last and preached a sermon that was at the same time eloquent, earnest and ridiculous—preaching right at the white folks—and his description of the poverty of the church was so impressive that when the deacons passed the contribution boxes around for the third time Mr. Carnegie intercepted one and dropped a $50 bill in the box.

The old preacher counted their contents. When he had finished he placed a handful of small change on one side and a crisp greenback on the other. Clearing his throat he said:

"Breddern, we has been greatly blessed by dish yer contebution. We has heah fo' dollahs an' fo'ty cents dat is good, an' if de $50 bill put in by de white gemman wid de gray whiskers is also good we is blessed a whole lot moah." And he looked suspiciously at the giver of libraries and campaign funds.

ST. PAUL'S ARMLESS MAN.

Though Unfortunate, He Has More Attention Paid Him Than Many Who Have Two Arms.

A man without arms is not to be envied, although in some respects he receives more attention than one would at first suppose. The old man who sits under the shadow of St. Paul's is an example, says the New York Sun.

He has been there day after day for two years, some say longer. He is there to sell his little wares.

He is fond of his pipe. There is always some one around who fills the bowl, puts the stem between his lips, lights a match and fires the tobacco.

All the armless man has to do is to draw and puff. Many a man with two arms has greater difficulty in getting his pipe to work.

If a storm breaks upon the curb dealer suddenly some one volunteers to bundle up his goods and carry them to shelter. Occasionally a man with an umbrella offers the armless man protection.

He also has some one to feed him. He does not have the trouble of cutting a beefsteak. To him knives and forks and spoons are superfluous.

At least this is the supposition of a man who has two arms, and who stood looking at the armless man at St. Pauls.

POLICY PLAYING IN GOTHAM.

The Infamous Gambling Scheme Is Extensively Worked in the New York Metropolis.

By the arrest recently of one of the gamblers of New York city, known as the policy king, the extent to which policy playing has been carried on in the metropolis was brought to light. Papers in the place searched by the police show that the receipts in 120 shops owned by the policy king amounted to $12,000 a day on the average, and of this $7,000 a day was profit. About $5,000 a day was paid for expenses of running the business, including $1,000 a day for police protection. An insignificant amount was paid out in the shape of winnings, care being taken by the manipulation of the figures that these should not amount to much. The profits were so great that after paying all the expenses there was a fortune left of $2,000,000, and some of those engaged as assistants were paid as high as $1,000 a month for their work. These enormous amounts came chiefly in small sums from people little able to afford it, and who did not realize that they were being robbed by the most infamous system of gambling ever devised. The fact that the play can be made for a few cents makes it very tempting to the poor and credulous.

Causes of Cancer.

Under the heading, "The Pre-cancerous Stage of Cancer," a recent medical journal cites the following conditions which predispose to the disease: Fissure of the lip, abrasion of the tongue from a rough or broken tooth, biting the tongue, cutting a wart while shaving, wound of the skin from the tooth of a comb, chronic eczema. The constant pressure and irritation from a pipe or cigar is supposed to be a causative factor in the cancer of the lip in men, a condition which is very rare in women.

French Bird Stories.

Two bird stories come from France. According to Le Figaro a canary breeder named Bourez is going to raise red canaries by feeding the parent birds on cayenne pepper of an orange-red tint. French poachers are making big hauls of partridges and other game by using automobiles with nets and a bright light. They run the automobiles at a swift pace along the public roads, and the birds, attracted by the light, fly into the nets. There seems to be no violation of existing game laws in the practice.

HOUSE GOWNS.

They Follow the Empire, Louis XV. and Princess Styles.

House gowns more or less follow the lines of historical garments. For instance, the empire and Louis XV. vandyke collars are being revived with the big sleeves, together with bands of lace appliqued on the puffs of the sleeves and toothed frills around the bottom of the skirts.

Princess effects with soft draped fronts are always in good taste when they are made over a properly fitted lining. Bengaline silk, poplin, liberty satin and brocaded taffetas are favorite materials. Tucked crepes de chine, pongees and figured foulards are cool and pretty for summer wear.

The V shaped neck is the prettiest as well as the most comfortable for a

PRINCESS TEA GOWN.

house gown. The degree of lowness depends on whether the gown is for day or evening wear.

An attractive house gown is the subject of the sketch. It is made of old rose bengaline and pale green chiffon. The neck is cut V shaped and trimmed with a jeweled band of lace. The gown is tight fitting in the back and falls in straight lines over a front of green chiffon over white silk. The sleeves reach to the elbows, where they are caught up with jeweled bands. They have a full lining of the pale green chiffon.

JUDIC CHOLLET.

CHILDREN'S CLOTHES.

Brown Silk Coats and Accordion Plaited Dresses.

Children's gowns are models of grace this year. Take, for instance, the little coats. The prettiest of them are made with wide flaring collars covered with coarse lace and edged with fur. A strip of this fur also runs down the front. The sleeves flare below the elbow and have underpuffs of lace quite like those of "grownups." Charming

OF PLAITED BRILLIANTINE.

little coats of brown silk are being shown for the summer months. Brown is the fashionable color, and even the children are going to wear it during the coming reason. These silk coats are mostly of peau de soie, and they are lined with flowered silks and trimmed with lace.

Accordion plaiting plays a large part in the spring and summer frocks. It is combined with bands of fine embroidery and velvet ribbon. Brilliantine and crepe de chine are excellent materials for a dress of this description.

The pretty child's gown here shown is made of cream brilliantine accordion plaited. The waist has a deep yoke of guipure, which is collarless. The sleeves are composed of two ruffles which end at the elbow. The belt and ribbon bows are of pale blue louisine.

JUDIC CHOLLET.

Petticoats.

Petticoats are quite a feature of the season's wardrobe, the present make of skirt allowing us almost a peep at them. The colors chosen for them are of the lightest, pale mauve and pale blue being the favorites, and they are usually made with flounces striped with velvet ribbons, but others show little gathered frills bordered with lace. On the whole, though, we have grown wise in our generation and realize that a lace frill on the hem of a petticoat has a habit of entangling itself to its destruction in the heel of the boot.—Pittsburg Dispatch.

LOVE ACROSS THE LINES

BY HARRY STILLWELL EDWARDS

Copyright, 1899, by J. B. Lippincott Company. All rights reserved.

There was silence, and then Charles Somers said gravely: "I take this woman to be my lawful wedded wife; and I shall comfort her, honor and keep her in sickness and in health, to the best of my ability, as long as I shall continue to be her wedded husband. Is that sufficient, sir, to answer all legal requirements?"

"That is sufficient," said the unknown speaker. "Frances, wilt thou have this man to be thy wedded husband—"

"To honor him at all times and in all hours while life shall last?" said Somers, interrupting. "I ask no more, no less."

Then upon his hearing fell a clear, musical voice, flawless as the note of a dove, plaintive as the wind-harp of the pines:

"Yes," it said, "to honor him at all times and in all hours while life shall last, whether in the days to come we meet again or we meet no more." He lifted his head quickly, his hand closed impulsively over hers, and a cry trembled upon his lips.

"That voice!" he said, deeply affected. "I have heard—but no!"—his chin sank upon his breast; "it cannot be."

SHE BENT FORWARD SUDDENLY, AND, HIDING HER FACE IN HER HANDS, RESTED THEM ON HIS KNEES.

He caught the words of the unknown speaker beginning the invocation.

"No! no!" he cried, almost fiercely, "it is a sacrilege!"

"Then," said the speaker, "it is sufficient to say that under authority vested in me by the state of Virginia I pronounce you man and wife." Somers stood silent and depressed. There was a whispered consultation; the inner door opened softly and some one passed out.

The scene and circumstances had powerfully affected the doctor.

"There were difficulties I had not foreseen," he said, gravely, "but you have safely passed them, my friends. And now I must leave you. Dick, I have placed in your hands the honor of a woman—and my own. I will return for you before it is light. Remember! The gas is now extinguished and you may remove the bandage." He drew the girl towards him tenderly. "You may trust him implicitly. For the rest, all is now safe. Good night, and God bless you both." He laid his hand reverently upon the girl's head, clasped his friend's hand and would have passed out, but the hand he clasped r trained him, and Somers spoke feelingly as he drew him aside:

"Is this necessary—this remaining? Think how—"

"Absolutely! I read a decision last week, and I must have a marriage that will stand the test of the highest court."

"You read a decision? Are you not acting under the advice of your lawyers?"

"Lawyers be hanged! I know Virginia law. A simple acknowledgment before a witness with this addition, fixes everything. Don't sulk now, Dick; it won't be long."

"I was not thinking of myself," said Somers. "Good night." He stood a moment in thought, then turned to his companion. In the darkened but not dark room he saw a slender, girlish figure near him, the face bent forward and hidden in her hands. "Come," he said, cheerfully, "let us sit down and talk it all over. It is true we are married, but that is no reason why we shouldn't be friends, I suppose. If you will find me a chair, I am sure you will confer a great favor. By the way, what shall I call you? 'Madam' or 'Mrs. Somers' sounds too awfully formal. Shall I say—"

"Call me Frances," she said, simply. She understood without analyzing that he was trying to make it easier for her, and was grateful.

"Frances! What a beautiful name! I like it already because it is the feminine of Francis. Yes, the armchair will do, and I shall sit here by the table. And you? Oh, I seem to see you snug in the rocker in front. This, I suppose, is the proper arrangement for a family party when the meter isn't working; but I know very little about it. I never was married before, and I suppose you are equally in the dark." It made him happy to hear her friendly little laugh, even though it was instantly checked.

"By the way," he continued, "do you know anything of me? I am to ask no questions concerning you, but I suppose we may talk about me, may we not?"

"I know that you are a friend of Dr. Brodnar, and what he has told me. You are a stranger in Richmond and a gentleman. But I would have known that you are a gentleman anyway."

"Thank you, Miss Frances; that was nicely said."

"Frances!"

"Miss Frances!" he insisted.

"I am sorry," said the girl, after a moment's silence, "but if you wish, let it remain that way."

"But I am curious to know how it was that you so quickly decided in my favor the question of gentility."

"My mother told me, when I was little, that any man in whose presence a girl or child feels at ease is a gentleman at heart, and somehow I trusted in you from the moment you spoke. But Dr. Brodnar told me—"

"Well?"

"Told me such beautiful things—stories of your life; I seemed to feel, sir, that I had known you always."

"And what has Brodnar been saying of me?—I can blush unseen."

"He told me you were brave—"

"Most men are. And at times all animals."

"That you loved flowers, birds, horses, children and old people—"

"Objects that can't get away from me. Go on."

"That you are generous to a fault—"

"Especially my own—or his."

"And that no woman on God's green earth, those were his words, ever appealed to you for help in vain. He told me once he saw you get out of your carriage in Paris in your evening suit, pick up a drunken old woman who had fallen, and carry her to a house of refuge—and, oh, sir, you did it because you said the noblest, the most sacred image on earth to a man should be a woman's form, the form like unto that of his mother—too sacred for the laughter and jeers of a city's idlers—"

"I indorse the sentiment, whosesoever it is. But what a sad gossip Brodnar is!"

"But you did do this, didn't you?"

"Would it please you to think that I did?"

"Would it! Why, sir, it was that that made me trust you!"

"Trust me? You were crying!"

"Because—because—this is a most strange position for you to find me in, Mr. Somers. I thought that I wouldn't care; and I did not, until you came. But I did then. And that is why I cried. Somehow, I felt that in spite of all at stake, it ought not to have happened this way."

"I understand. But in my estimation, my child, you have sacrificed nothing."

"You did not think so—but—but—" He took up the thought.

"But you are grieved because you are saying: 'Now here is a gentleman who, I have suddenly discovered, I wish to respect me for myself, and as a refined, modest girl; and what must he think of one who is willing to be locked up here in a room with him all night!'"—the girl caught her breath and half rose from her chair—"'and for what? I cannot even tell him. I am bound not to tell him. I must sit by and see him sacrifice himself to friendship!'"

"Oh, sir, do you think—" She bent forward suddenly and, hiding her face in her hands, rested them upon his knees. He placed his own hand lightly upon her head and wondered if it were treason to have discovered that her hair was a mass of curls and clustering ringlets.

"That is only what you were saying to yourself, not what I am thinking. When I called you 'child' I absolved you from all the crimes of womanhood. There are many actions that flow naturally from childish hearts which carry not the slightest flavor of immodesty; and yet a woman may not copy them. So in this, my young friend."

Teaching by Phonograph.

A system of teaching the French language by phonograph is to be tried in England. Several prominent French professors are devoting their energies to preparing phonograph cylinders, and each lesson is ingeniously illustrated. All that the student has to do is to set the phonograph in motion and the book will explain what the instrument is saying. The object of this system is to give the French accent correctly.—Chicago Chronicle.

THE MENTAL BATTLE.
Which will you do? Have good teeth, good digestion, good health and comfort,—and spend a few dollars each year,
OR
save the dentist's bill, lose your teeth, your digestion, your health and pay ten times the amount to the physician—for what? Better call and get some advice.

CRESCEUS, THE DOG.

Champion Trotter Is Much Attached to the Bull Pup.

How Ketcham's Canine Guards His Master's Diamonds — Carried Away $30,000 Worth After Maiming a Burglar.

According to the Denver correspondent of the Cincinnati Commercial Tribune George Ketcham and Cresceus came near having a disagreement the other day. Not the famous racing stallion, but the $3,000 Boston bull pup which Mr. Ketcham has named after the champion trotter. The pup meant well enough, but it almost cost his master $30,000.

"It happened like this," said Ketcham, after the stallion had given an exhibition at the Overland track and was cooled out. "We were in the sleeper Sunday night coming toward Denver, the men and horses in the private car head. Tim Murnan came back to ask me a question after I had retired. The pup sleeps with Tim when he isn't with me, and, of course, upon entering my stateroom Cresceus felt at home.

"Now, for certain private reasons, I carry with me a bag of stones that cost me $30,000. One of them was a gift to my father, many years ago, from Prince Edward, now king of England, and, while it is worth but a few thousand dollars intrinsically, ten times its value would not get it from me.

"When I went to bed I put the bag of diamonds under my pillow, just as I have done many times while on the road. The pup knew this, for not three months ago he woke me up when a burglar was trying to get into my room in a Boston hotel, and while I was struggling with the intruder the dog got the bag and crept under the bed. After he had hidden it well he came out and, incidentally, took a chunk out of the burglar's leg.

"But Sunday night the pup made a mistake. When he came in with Murnan I sat up in bed and paid no attention to him. He nosed about my pillow, as I supposed, to see that the bag was safe. He seems to have the

CRESCEUS, THE BULL PUP.

idea that he is the custodian of the gems, for when he went out he had the bag in his jaws. His lips hung down like lambrequins, and I did not notice anything wrong.

"I slept very well and did not miss the bag until Monday morning. You can imagine how I felt when I discovered the stones were gone. Tim and Ed Green came in and we all searched high and low, but found no gems. In desperation I said: 'I'll give $5,000 for that bag of diamonds,' when, lo, and behold, Cresceus, the dog, pricked up his ears and seemed to understand. He has been taught to understand a good many things, and, naturally, knew what those words meant, 'bag of diamonds,' so often has he heard of them and guarded the stones.

"The dog jumped up, barked and ran out of the car. We followed him to the car of the stallion, where one of the boys was about to throw out a fork of straw. The dog made a bound and grabbed the fork handle. Then he dug into the straw and pretty soon came out wagging his tail and carrying the bag in his mouth.

"When that dog grows old I am going to have a diamond collar made for him to wear around home. In fact, I'll not wait until age stiffens his joints, for he is certainly a jewel, even if his face is on crooked.

"Would you believe me, that dog is the only animal, human or beast, that can go into Cresceus' stall without being kicked or bitten at. Their friendship is the most remarkable thing I have ever known. Why, it was only last week that Mike the Tramp induced the dog to come into his stall, and Cresceus raised such a fuss, kicking and trying to break his halter, that the pup was glad to get back with his old friend. Then, for a whole day, the horse rubbed his nose over the pup and kept him from leaving the stall. That's what I call plain love in animals, and it is a pleasure to see it."

Goats Which Climb Trees.

In the Atlas mountains of northern Africa there are goats which climb trees to browse on the foliage. Some of them have been seen standing erect on the branches 30 feet from the ground, while others were lazily reclining on the boughs gently rocked by the wind.

The Almanach de Botha.

A publisher in Amsterdam, Holland, is getting out a book which contains in alphabetical order the names of many aristocratic Englishmen who have been killed or wounded in the Transvaal. He calls the work "The Almanach de Botha."

BASKET BALL.

The basket ball game scheduled for this afternoon between the Westerleigh Collegiate Institute and the Plainfield High School has been cancelled.

AFTER TROLLEY.

Mayor Ryan, of Elizabeth, Has Notified Trolley Company Its Service is Unsatisfactory.

(Special to The Daily Press.)

Elizabeth, Feb. 26—Mayor Rankin notified the Elizabeth, Plainfield and Central Jersey Railway Company, Monday, that its service in this city is very unsatisfactory. The mayor informed the company that it must take some immediate action to improve the service or the city will take action against it.

The particular objection the mayor makes is the service within the city from the depot to the city line. The cars are running not more frequently than once an hour, the mayor contends, whereas they should be every ten minutes. The mayor will demand that extra cars be put on to run from the terminus in this city to the city limit so that persons desiring to get about the city will not have to wait for through cars.

ONE YEAR OLD.

Freedom Castle, Knights of the Golden Eagle, Celebrated Its First Anniversary.

The first anniversary of Freedom Castle, No. 42, Knights of the Golden Eagle, was appropriately observed last evening in Washington Hall. In spite of the storm there were fully one hundred people present. The programme consisted of an opening address by Noble Chief C. E. Hepburn, also addresses by Past Grand Chief Arthur Hope and Miss Lizzie Taylor, a grand lodge officer, both of Asbury Park.

There were also phonograph selections by David Laramour, a tumbling act by Clarence Pope, juggling by Harry Boyd, slack wire performance by Frank Sheppard, piano selections by Dr. J. Hervey Buchanan, and a farce entitled "Troublesome Servants," by C. E. and W. H. Hepburn.

After the entertainment refreshments were served and a social time enjoyed. The committee in charge of the affair consisted of C. E. Hepburn, A. C. Hoagland and Percy S. Arnold. Freedom Castle now has a membership of over one hundred and two applications were received last evening.

Assisted the Tie-Up.

Car No. 6, of the Front street line, assisted the rain storm in tieing up the trolley road, by jumping the switch near Somerset street, this morning. Four other cars helped and nearly an hour's time was consumed in getting it back in place.

Automatic Sprinklers.

The automatic sprinklers, a sketch of which appeared in last evening's Daily Press, are in use in Woodhull & Martin's department store as well as the postoffice.

GIVEN PRIZE HE DIDN'T WIN

ANOTHER SURPRISE AT SURPRISE PARTY GIVEN G. E. HALL.

Tendered by Officers and Teachers of Park Avenue Baptist Sunday-School.

The officers and teachers of the Park Avenue Baptist church Sunday-school gave their superintendent, George E. Hall, a surprise, Monday evening, in honor of the celebration of his birthday anniversary, which came on February 22.

There were nearly fifty guests, including the officers, teachers and older members of the school, who journeyed to Mr. Hall's residence at Netherwood in two trolley cars, whence the pastor, Rev. J. W. Richardson and his wife had already gone by appiontment to make a social call. When the fifty unexpected callers had gathered on the spacious veranda, Mr. Hall was called to the door, where he was completely surprised.

A most enjoyable evening was spent, several new games being introduced, which proved interesting and combined merriment and sociability. A prize was offered for the highest average of correct answers to certain question games, and this was awarded to Mr. Hall, in spite of his protest that he had not handed in enough answers to win. Then the secretary, T. A. Cuming, on behalf of the school, presented Mr. Hall with a handsome gold-headed cane, not only as winner of the game, but in token of the school's appreciation of his successful work. Music and refreshments added to the evening's enjoyment.

WEDDED AT WESTFIELD.

Marriage of Miss May Taylor and P. J. Windfeldt Took Place Last Evening.

(Special to The Daily Press.)

Westfield, Feb. 26—The marriage of Miss May L. Taylor, daughter of Mr. and Mrs. C. F. Taylor, and P. J. Windfeldt took place last evening at "Oakland," the home of the bride's parents, in the presence of a large number of guests from this place and vicinity. Rev. N. W. Cadwell, of the Presbyterian church, officiated.

The bride was gowned in white crepe de chine, trimmed with white chiffon and pearls, and she carried a bouquet of bride roses. She was attended by her sister, Miss Harriet D. Taylor, as maid-of-honor, while John Fenner, of Dunellen, was best man. The ushers were W. J. Taylor and W. F. Taylor, brothers of the bride. The "Lohengrin" and Mendelssohn wedding marches were played by Mrs. H. N. Taylor.

After congratulations, supper was served and the bride and groom left for the south on a wedding trip. They will reside in Westfield upon their return. The groom is one of the prosperous and popular merchants of this place.

DEATH OF MRS. WINCKLER.

Passed Away Yesterday After Illness of Six Weeks.

Mrs. Louise Winckler, of Westervelt avenue, died yesterday afternoon after an illness of six weeks. The cause of death was gastritis.

She was an active member of Grace M. E. church. At the time of her death she was thirty-five years of age. The husband and Elmer E. Winckler and one daughter, Miss Sadie Winckler, survive her. The funeral services will be held from the house, Friday afteroon, at 3 o'clock.

Flooded Through Roof.

In the recent storm Gayle's hardware store, on West Front street, suffered considerably, the damage being caused by a leaky roof. On opening the place of business Saturday morning two inches of water were found on the floor. After this had been removed it was necessary to put in extra stoves to dry out the store. The building is three stories high and the water had leaked into the store from the roof.

Visitors Expected.

Central Lodge, No. 48, Ancient Order United Workmen, will meet tomorrow night, when it is expected that several visitors will be present and make short addresses.

Bail Reduced.

Before Justice Nash, yesterday, the bail in the case of John Huff, charged with assaulting Arthur Upson, was reduced from $5,000 to $200.

The Last Heard Of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure Very pleasant to take. The little ones like it. L. W. Randolph.

MANGLED BY CAR WHEELS

WM. CORCARAN WAS KILLED ON THE TRACKS AT CRANFORD.

His Body Was Found on the Rails This Morning—No One Knows How It Happened.

(Special to The Daily Press.)

Cranford, Feb. 26—The badly mangled body of William Corcaran, of Plainfield, was found on the tracks of the New Jersey Central, 200 yards west of the Cranford station, at 6 o'clock, this morning. He had evidently fallen from a freight train some time during the night and was ground to pieces beneath the wheels.

No one noticed him about this place yesterday and it is thought he was on the train on his way home when he met his death. The proper authorities were notified and the body was removed to Cole's undertaking parlors at Plainfield.

Corcaran was about forty years old and unmarried. He was a blacksmith by trade and worked at various times for nearly all the Plainfield horseshoers. For many years he was employed by John Stevens, but his last position was with J. G. Bicknell, on South avenue.

He leaves two brothers, one in New York city and another a well-to-do citizen of Easton, Pa. The latter has been communicated with in regard to funeral arrangements.

SERVED SUPPER.

Many Were Served by King's Daughters Despite Last Evening's Heavy Rain.

It was rather unfortunate that last evening's storm and the oyster supper of the Advance Circle of King's Daughters came together. It no doubt lessened the attendance, but, despite the unfavorable elements, over 100 suppers were served in the Y. M. C. A. small hall.

In addition to the supper, there was a candy table where confections were disposed of under the care of Mrs. John Beekman. Tea was poured by Mrs. D. N. Groendyke and Mrs. Herbert Langford. The waitresses were Mrs. Beekman, Miss Lillian Remsen, Mrs. L. H. Hummer, Miss Grace Clark, Miss Annie Littell, and the Misses Kathryn and Lillian Glen. Mrs. Smalley, assisted by Miss Louise Boss, had charge of the kitchen. The proceeds will be used for the support of the city nurse.

STRICKEN ON STREET.

Colored Woman Fell Ill on Watchung Avenue Early This Afternoon.

Some excitement was caused shortly after 1 o'clock this afternoon on Watchung avenue, near East Fifth street, by the sudden illness of a colored woman. She fell to the ground and was quickly lifted up by some pedestrians and removed to a vacant house in the neighborhood.

Dr. Rolland Tomlinson furnished temporary medical aid. Subsequently she was removed in the ambulance to the home of James Carter, of Richmond street. Dr. Tomlinson did not desire to diagnose her case at the time, but stated that she was rallying and would recover. The woman is a domestic in the household for a East Ninth street family.

FINED $25 EACH.

Gulick, Keefe, Newman and Lawler Sentenced at Elizabeth Today.

(Special to The Daily Press.)

Elizabeth, Feb. 26—Judge Vail, this morning, imposed a fine of $25 on each of the four Plainfielders who pleaded non vult to assaulting and robbing Jacob Goodmeyer in that city some time ago. The defendants are Austin Gulick, Thomas Keefe, John Newman and Patrick Lawler. Sentence in the case against William Sweeney, convicted of embezzlement, was again postponed for one week.

WATER PIPE BURST.

And Flooded Sebring Flats on North Avenue This Morning.

The bursting of a water pipe in the Sebring flat on North avenue, occupied by Mr. Waldrod, caused a flood this morning in Lewis T. Apgar's store on the first floor. The rooms used for the pool and billiard tables in the rear was thoroughly soaked and two of the tables were damaged. After a little trouble the water was shut off. Mrs. Waldrod had been away and just returned this morning.

Make Purchases Promptly.

Considerable interest is being manifested in the unique sale which commences at Asa Collier's jewelry store tomorrow afternoon at 2 o'clock. It is important that persons desiring to make purchases be present promptly at 2 o'clock. Eack package will be sold for fifty cents and great values are to be offered. The goods are now on exhibition in the window. No doubt there will be more people present than packages to go around and prompt attendance is essential.

Coachmen In Court.

James McCauley was fined $10 in police court this morning for causing a racket in VanNess' restaurant, on Park avenue, yesterday noon. The defendant and another coachman were engaged in a hot argument at the time and McCauley brought the talk to a climax by administering an uppercut.

A Scientific Discovery.

A new method for the use of detectives and antiquaries is suggested in a recent report on the magnetic survey. One of its exploring parties was able to tell about what year an old town had been laid out by the amount of deflection of its street lines from the true north and south; they knew at what time in the past that had been the variation of the compass in that part of the country, and their surmise as to the age of the town proved correct.—Youth's Companion.

ROSELLE OR WESTFIELD WHICH WILL IT BE?

Deciding Series in Daily Press Bowling League Will be Rolled This Evening.

ON CRANFORD'S ALLEYS.

TONIGHT'S GAMES WILL DECIDE TIE BETWEEN ROSELLLE AND WESTFIELD.

Both Clubs Will Take Throngs of Rooters to Witness the Games Which Will be Hottest of the Season—Usual Teams to Roll.

Roselle or Westfield, which will it be? That is the question which is being asked over and over again by the members of the four clubs which compose The Daily Press Bowling League. Tonight, the series of three games, which will decide season's championship of the league, will be rolled on neutral grounds, the alleys of the Cranford Casino.

When the season's schedule of the league ended Thursday, February 13, the Roselle Casino and the Westfield Club had each won the same number of games. An extra series was decided on to decide the tie. The alleys of the Cranford Casino and the Park Club, of this city, were both offered for the match but the Cranford alleys were chosen as being the most convenient for the two teams. For some unexplainable reason, the Roselle bowlers are never able to do well on the Park Club alleys so they were particularly anxious to have the deciding games in Cranford.

The result of this evening's games means more than just the victory for this season. Roselle has captured the trophy for two seasons already and a third victory will mean that the handsome silver cup, offered three years ago by The Daily Press, will become the permanent property of the Roselle Casino. Naturally, the Westfield bowlers are particularly anxious to get another chance at it and so tonight's battle of the pins promises to be the hottest yet seen in the league.

The alleys at the Cranford Casino are arranged to accommodate quite a number of visitors but every inch of it will be occupied as both teams are preparing to bring along their respective bands of rooters and friends. Then the Cranford people will turn out to see the game. A number from the Park Club, of this city, are planning to attend the game for while the result will make no difference to the Park Club, the local bowlers are interested in the final result and will await it with eagerness.

The two contesting teams will probably be the same that have rolled throughout the season. The time intervening between the conclusion of the regular schedule and tonight's games has been well utilized by both sides to get in the best of form. As the Cranford alleys are very true, some high scores will undoubtedly be made.

Last season, there was a tie between the same clubs at the end of the season and an extra series was rolled on the Cranford Casino alleys in which Roselle won two out of three games.

MUSICAL COMEDY COMING.

"My Girl" Is to be Given at the Casino Monday Night.

The new musical farce comedy, "My Girl," comes to the Casino Monday evening, introducing George W. Wills, James Johnson and a good supporting company.

Geo. Wills, the principal comedian, hardly needs any introducing as his eccentric comicalities are known to the average theatre goer and Mr. Johnson is an operatic comedian of long experience with Francis Wilson, Frank Daniels, Castle Square Opera Company, etc. The voices of the company are without exception really fine.

The specialties introduced during the action of the piece are of a refined nature calculated to appeal to a fastidious public. The Broadway trio, Wills and Barron, the Hope comedy quartette, Miss Marlow and Marion and Tom McMahon are all well-known to the patrons of popular vaudeville houses. The company is far above the average and well deserving of the hearty support of the Plainfield public.

Prizes at Dog Show.

Two valuable dogs, owned by John D. James, of Sycamore avenue, have been taking some of the first prizes at the dog show being held in New York. These dogs have appeared in a number of shows, and they always capture some of the valuable prizes.

REPUBLICAN PRIMARIES.

They Are Called in North Plainfield for Tomorrow Evening.

A call has been issued by the Republican borough executive committee for a primary to be held tomorrow evening. The place for the meeting is Saengerbund Hall and the time is 8 o'clock.

It will be the duty of the Republicans to select two nominees for Council. In all probability some action will be taken regarding the policy of the party respecting the question of municipal ownership of the water works. Mayor Newton B. Smalley, Senator Charles A. Reed and John G. McLaughlin, member of the borough Board of Health, have signed the call.

DANGER OF FLOOD IS OVER

BUT HIGH WATER SENT LOCAL BROOKS OVER THEIR BANKS.

Today the Streams Are Returning to Normal Proportions—Lots of Water Yesterday.

The high water, which so generally prevailed in the streams through central New Jersey, is reported to be slowly decreasing. All danger of floods is believed to be over. The water has been very high and considerable damage is reported, particularly through the rural districts of Somerset county. Plainfield, however, escaped with only a partial flooding of the lowlands brodering the banks of its two brooks.

Green brook roared with much vigor all yesterday but this moring is falling back to normal proportions. The lowlands above and below the city were flooded and some of the smaller bridges were threatened with destruction. Driftwood and debris was carried into the fields bordering the stream.

The large volume of water which has been rushing through Cedar brook from the past two days is gradually subsiding and residents along its banks are beginning to breathe easily. Early yesterday morning it looked as if the originally little stream was about to exceed its highest high water mark with subsequent serious damage. As it was the money loss will amount to many dollars.

The usually heavy flow is supposed to be due to the large area which the stream has to drain. A number of streets were recently re-graded in order to allow the water to run to the brook and the sudden precipitation of rain and snow was too much for it.

Many of the streets leading to the brook were under two feet of water yesterday and in a number of places sidewalks were washed out. In the vicinity of South and LaGrande avenues two feet of water flooded into cellars and it is possible some foundations have been weakened.

FUMIGATE CARS.

Westfield's Health Board is After the Trolley Company Now.

(Special to The Daily Press.)

Westfield, Feb. 27—The Elizabeth, Plainfield and Central Jersey Street Railway Company has been notified by the local board of health to fumigate and disinfect all trolley cars, passing through this place, at least once a week. This action is taken because in two different instances small-pox patients have been passengers on the cars.

A request has been made to the State board of health that the proper authorities in other places along the trolley company's lines deal similarly with the latter.

To Settle at Morristown.

Manager S. B. Carson, of Crosby & Hill's store, who has resigned his position, expects to leave Plainfield within a few days for Morristown, where he will take charge of the Crosby & Hill store in that place. Mr. Carson has a large interest in the business at Morristown and he will give his entire attention to it.

Put Pipe Through Window.

While removing some heavy pipes to the basement of the building, a workman in the employ of George F. Tobin, the plumber, accidentally put a pipe through the large plate glass window of Elston M. French's office on North avenue. The entire piece of plate glass is destroyed.

Fell From Sofa.

Roy, the four-year-old son John C. Hafner, of Center street, broke his right arm, last night, by falling from a sofa. The little fellow is doing nicely today under the care of the Drs. Hedges.

After the Delinquents.

Marshal William Campbell, of the borough, is engaged in serving notices of delinquent taxes. The list of names of those who have failed to pay will be published.

G. O. P. POSSIBILITIES IN UNION COUNTY

Ellis R. Meeker is Latest to to Spring a Boom for a County Office.

WANTS TO BE SHERIFF.

RUMOR PREDICTS COMPLETE CHANGE IN ASSEMBLY SLATE.

Senator Cross and Surrogate Parrott Will Both be in Line for Renomination—E. R. Ackerman is Mentioned for Senator.

From Trenton comes the rumor that Former Assemblyman Ellis R. Meeker is a candidate for the Republican nomination for sheriff next fall. While the time when the choice will be made is still many months away, Mr. Meeker is by no means the first one who has been spoken of as a possible candidate for the shrievalty or some of the other county offices which will have to be filled at that time.

The election in Union county next November promises to be of unusual interest owing to the fact that a number of important offices are to be filled at that time. A new senator, surrogate, sheriff and three assemblymen will be chosen. Out of that bunch of political plums, Plainfield is going to have something and already the stories are beginning to fly about concerning the possible candidates and the combinations which may result therefrom. Most presistent has been the rumor that Andrew McCardell, of this city, would be a candidate for sheriff. While prominent Republicans admit that Mr. Cardell has ben considering the place, they say that he has not yet decided to try for it and it is quite likely to stay out of the fight as far as he is personally concerned. If he does enter the political arena, then he is going to make a formidable candidate at the convention. There is said to be a whole army of embryo booms for the shrievalty among the Elizabeth politicans but none has yet assumed size enough to deserve special recognition.

For senator, the present incumbent, Joseph Cross, of Elizabeth, will undoubtedly be a candidate for renomination. He may be confronted by the same man who contested the nomination with him last time, Ernest R. Ackerman, of this city. Mr. Ackerman's friends are very anxious to present his name again but he has not yet made public his course in the matter.

George T. Parrot, the present surrogate, of Elizabeth, is going to be in line for another term. It is a question whether he can land it, however. The name of City Judge William N. Runyon has been mentioned as a Plainfield possibility for the place.

Rumor has it that an entire new slate of assemblymen is going to be made up at the county convention. While some of the most prominent Republican leaders refuse to confirm or deny the report, some of the lesser lights are more free to talk and confidently state that the Republicans will have three new men on the Assembly ticket. One is given to Elizabeth, Summit has a chance for a second while the third will go to one of the townships if Plaineld succeeds in landing one of the more important offices. It is generally the custom to send back the assemblymen for a second year but the feeling over the stand taken by some of the Union county representatives in the Senatorial and State treasurership caucuses may result in the overturning of the customary practice.

MR. HERRING EXPLAINS.

Had Waited for More Definite Information—He Hopes It Will be Held.

Rev. Charles E. Herring, who was to have made an address at the anniversary exercises at the Mary E. Wilson Memorial chapel Sunday, informs The Daily Press that he received an invitation to speak at the chapel but waited for more definite information as to the time, the character of the service and the means of getting there. He regrets that the congregation was disappointed and trusts that the service may be held at a later date.

Change of Ball Date.

The first grand ball of the S. A. C., which was postponed last Friday night on account of the storm, will be held March 6 in Saengerbund Hall, instead of Washington Hall, which has been leased.

New Auction Rooms.

P. H. LaTourette has leased the store property at 33 Somerset street, and will use the premises as an auction place after March 13.

DUG A GRAVE FOR THE LIVING

Wm. Corcoran Was Making Horseshoes While Brothers Arranged for His Funeral.

STOPPED JUST IN TIME.

Body of Man Killed at Cranford Had Been Identified as Corcoran and Was Being Prepared for the Grave When Corcoran's Employer Explained Matters.

Like the rumor of Mark Twain's sudden demise, the report of William Corcoran's death, yesterday, was "greatly exaggerated." While railroad detectives were scurrying about trying to locate his relatives and make arrangements for interring his supposed mangled remains found on the tracks at Cranford, Corcoran was knocking horse shoes into shape at the shop of John Bicknell on South avenue. Even when last evening's papers appeared with the harrowing details of his death on the rail, his serenity was not disturbed.

The railroad sleuths found two of his brothers, Michael, of Jersey City, and James, of Philipsburg. Both hurried to this city, this morning, and without looking at the remains, began making preparations for the funeral and interment. Father Egan, of St. Mary's church, was consulted with and appointed an hour for mass. The caretaker at the St. Mary's cemetery was paid for a grave and told to begin excavating at once.

This completed, the sorrowing brothers visited the undertaker's establishment, where they supposed William was cold in death, for the purpose of completing the funeral arrangements. The style of coffin and the plate inscription had been decided upon when John Bicknell, the blacksmith, appeared and half apologetically exclaimed, "Gentlemen, I'm sorry to tell you, but the body you have here isn't that of William Corcoran. He ate breakfast with me this morning and he is now at work in my shop."

If a bombshell had exploded in the midst of the group, men could not have been more startled. They questioned Bicknell but he reiterated his statement and offered to bring more substantial proof by inviting Corcoran down town. The brothers then looked at the body being held and declared it was not that of William.

A general scurrying followed for the purpose of undoing the morning's work and this was done satisfactorily and without inconvenience to anyone. Word came too late to head off the grave digger as he had obeyed orders and had plied his spade with such industry that the hole was nearly completed. As he had been paid in advance it didn't make much difference to him, anyway.

An investigation was immediately ordered to learn who it was had identified the remains. It was found that Albert Brown, the Richmond street blacksmith, was the first to declare they were those of Corcoran. After him, John H. Stevens, another former employer, unhesitatingly declared them to be those of Corcoran. These were followed by several more, all of whom said the same thing. Each thought he was right until Bicknell appeared.

It is now supposed the body is that of a tramp and that his identity will never be known, as there was nothing in the pockets of the clothing. It will be buried at the county's expense this afternoon.

Brought Here for Interment.

The body of Andrew Corcoran, of Bayonne, was brought to this city, yesterday afternoon, for interment in St. Mary's cemetery. The young man's father, Patrick Corcoran, formerly resided in this city and is quite well known here.

At Great Council.

Among the local Red Men attending the session of the Great Council, at Trenton, are William A. Westphal, C. L. Holstein, John Green and Robert Humphrey.

Invited to Remain.

Rev. John MacMurray, pastor of the Monroe Avenue church, has been invited by his people to return to the church for another year.

Getting Beef Once More.

BOROUGH YOUNG FOLK JOINED IN WEDLOCK

Miss Lillian M. Mirax and Harry Winn Were Married at the Bride's Home.

TOOK PLACE LAST NIGHT

THREE SCORE FRIENDS WERE PRESENT AT THE NUPTIAL CEREMONY.

Rev. J. O. McKelvey Performed the Ceremony — Those Who Comprised the Bridal Party—Pretty Gowns—Will Reside Here.

In the presence of three score friends, Miss Lillian May Mirax, of Steiner place, and Harry Winn, of Manning avenue, were married at the home of the bride, last evening. The young couple are well-known in the city and borough and much interest was taken in the event.

The parlor, where the ceremony was performed, had been neatly adorned with ferns, palms and potted plants. Rev. Joseph O. McKelvey, pastor of Warren chapel, was the officiating minister. Precisely at 8 o'clock the nuptial event took place. Attending the bride was Miss Annie Cogan, of Brooklyn, a niece of the bride's foster-father. Fred Winn, a younger brother of the groom, acted as best man. Miss Doretta L. Winn, a little sister of the groom, served as flower girl, while Francis L. Whitely, a foster-brother of the bride, was the page.

At the wedding ceremony the bride was gowned in cream colored silk, trimmed with white satin, and she carried a bouquet of white roses. The bridemaid's gown was of colored Henrietta, trimmed with white satin. Her bouquet was of pink carnations. Roses and carnations filled the basket carried by the flower girl. Master Whitely carried a silver tray upon which rested the wedding ring.

The ceremony occupied but a few minutes and when it was concluded a reception followed. Refreshments were served and the remainder of the evening was passed in social enjoyment by the young couple and the assembled guests.

The bride is a daughter of Mrs. Francis M. Whitely, and has been connected with Woodhull & Martin's department store for some time past. Mr. Winn is employed by A. M. Griffen. Among the numerous presents received by the bride, which included cut glass, silverware, china, bric-a-brac and household furniture, was a handsome oak stand the gift of the associated clerks of Woodhull & Martin. Among the guests present were friends from Brooklyn, Philadelphia, Newark, Lambertville, Millington and Cranford. Mr. and Mrs. Winn will reside in this city.

GYMNASIUM CONTESTS.

Will be Conducted at Y. M. C. A. Every Saturday Evening.

A meeting of the leaders of the gymnasium department of the Y. M. C. A. was held last evening and arrangements were made for some interesting contests. A series of events will take place on each succeeding Saturday evening, with the exception of March 8. One gymnastic and two athletic events will take place on each occasion and a bronze button will be awarded to each winner, while for capturing two events on one night a silver button will be given. The contestant scoring the largest number of points will be awarded the medal.

(Special to The Daily Press.)

Westfield, Feb. 27—The Westfield Baseball Association promises some good games for the coming season. The schedule for the first month is as follows: May 3, Cuban Giants; May 10, O. N. T.; May 17, St. Xavier's College; May 24, N. Y. A. C.; May 30, morning, Carterets, afternoon, Manjer A. C., of Brooklyn.

The Recreation Park diamond will not be fenced in this season. One hundred and nineteen of the two hundred members desired by the association to assure the success of the sport have been secured.

HEAVENLY REST'S NEW RECTOR

REV. HARRIS C. RUSH, OF WESTFIELD, HAS BEEN CHOSEN.

Will Officiate at Little Church on Clinton Avenue. Beginning There Next Sunday.

A new epoch in its existence will be commenced Sunday by the parish of the Church of the Heavenly Rest, when for the first time a rector will officiate. The newly selected clergyman is Rev. Harris C. Rush, of Westfield. It was stated sometime ago that Rev. Thomas Beach, of Trenton, would take charge of the parish but for some reason Bishop Scarborough has made a change.

Coupled with this announcement is the welcome news to all members of the parish that William Winans Moore, of West Seventh street, to whom credit is due for bringing the parish to its present excellent state, will continue in the capacity of lay reader. He will also act as superintendent of the Sunday-school as he has done in the past.

Rev. Mr. Harris visited the parish Tuesday and yesterday conferred with Mr. Moore. It was at this meeting that the lay reader was urgently requested to continue his duties acting as assistant to the new rector.

For over twelve years Rev. Mr. Harris was rector of St. Paul's church, Salem, N. Y. That parish is in the vicinity of Albany and it is one of the finest in Bishop Doane's diocese. At one time he was rector of the church at Westfield. For some months past he has been residing in the latter place with his two sons, who are engaged in business in New York.

WANT NEW SCHOOL.

The Old Question Will Come Before the People of Somerville Once More.

(Special to The Daily Press.)

Somerville, Feb. 27—At the annual meeting of the Somerville Board of Education, which will soon be held, the question of a new schoolhouse will again be vigorously agitated.

Many there are who think the old structure inadequate to the needs and unsafe to accommodate the large number of pupils. Others are of the opinion that it should be used and a branch schoolhouse constructed in East Somerville. Some people think there should be a new building in town and one in East Somerville also. Others say the old one is enough and plenty good.

No doubt there will be a very spirited time when the question is publicly voted on.

Service for Knights Templar.

Rev. Erskine M. Rodman, rector of Grace Episcopal church, has tendered an invitation to Trinity Commandery, Knights Templar, to attend service at the church on the evening of Ascension Day, May 8. The invitation was transmitted through Eminent Commander Harry W. Marshall, and the knights will attend in a body.

Lenten Services Tonight.

Lenten services will be held in Grace Episcopal and the Church of the Holy Cross this evening. At the former the hour is 8 o'clock, while at the latter the service will commence at 7:45. Rev. H. E. Gilchrist is announced to make an address at Grace church and Rev. J. H. Wilson at the Church of the Holy Cross.

New Rooms Soon Ready.

The work of preparing the new Common Council chambers in the Smalley building is progressing favorably. Within two weeks this work will be completed. In a short time work will be commenced arranging the room on the ground floor for the city offices.

Juniors' Meeting Postponed.

The meeting of the Congregational Juniors announced for Friday afternoon will be postponed one week, because the Juniors are invited to meet with the Woman's Association in the evening.

UNION COUNTY WANTS TO SEE ANNEXATION

Elizabeth Journal Sums Up Situation As Viewed From the County Seat.

FAVORS THE SCHEME.

POINTS OUT REASONS WHY SOMERSET COUNTY WILL OBJECT.

Political Aspect of the Change—Says Bills May Be Modified so as to Consolidate, and Yet Not Change the County Lines.

The prospect of having the borough of North Plainfield added to Union county has naturally found much favor with most of the people through this county. While North Plainfield has officially been part of Somerset county, it has always looked naturally to Union county in a business and social way and its annexation to that county will naturally strengthen the bond.

Elizabeth quite likes the idea of a prosperous Republican borough being tacked on the north-west corner of the county. The feeling in the county seat is probably well expressed by the Elizabeth Journal in an editorial, published last evening.

The Journal says:

"Three bills have been introduced in the Legislature, providing for the consolidation of the city of Plainfield and the borough of North Plainfield, the whole, when thus consolidated, to be within the extended lines of the county of Union. Three years ago the borough citizens decided by vote that they did not wish to consolidate, but since then there has been a decided change in sentiment, and it is now said that a majority of the borough voters wish to be annexed to and become a part of the city of Plainfield.

"The people of Plainfield—and also the people of Union county—are pleased at the prospect of annexing North Plainfield; for it is a fine, thriving borough. But Somerset county—outside of North Plainfield—is opposed to the annexation scheme. For, as already stated in the Journal, the borough gives from fifty to one hundred and fifty Republican plurality, and without this assistance Somerset county would become debatable ground, instead of reliably Republican, as it now is Senator Charles A. Reed resides in the borough and so does Henry N. Spencer, who is now the surrogate of Somerset county. The proposed consolidation would throw both out of office. So Senator Reed and Assemblyman Hoagland will oppose the consolidation.

"But the bills already introduced may be modified before they are passed; for while the sentiment is strong for consolidation, it is not so strong for annexation to Union county. It is argued that there would be no more difficulty in including the city and borough in one municipality and yet leaving each in a different county, than there was in consolidating Greater New York and leaving it in the counties of New York, Kings, Queens and Richmond. There will be a good deal of discussion over the matter, no doubt, but consolidation will come sooner or later.

MISSIONARY CAMP-FIRE.

Attractive Programme Arranged by the Women's Association.

An attractive programme has been arranged for the "Home Missionary Camp-fire," at the Congregational church Friday evening at 8 o'clock. Violin solos and music by a male quartette will be rendered. John M. Whiton will give an illustrated talk upon "The Flag." An offering for home missions will be received. A social hour will follow and refreshments will be served.

All members of the congregation and their friends are cordially invited to this patriotic rally. The Juniors are especially invited, so thier afternoon's meeting will be omitted.

Exempts to Nominate.

The regular monthly meeting of the Exempt Firemen's Association will be held Monday night, at which time there will be nomination of officers, also an amendment to the by-laws to be acted upon and business regarding delinquents. Every member is urged to be present.

Not Settled Yet.

As yet Postmaster Bird has received no word from the postal authorities at Washington regarding the bids for carrying the mail between the post-office and the railroad station. It is possible that other bids will be asked for.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. L. W. Randolph.

LACKAWANNA ROAD TO PENSION ITS EMPLOYES

The System Will Go Into Effect March 1, it is Announced—How It Works.

DETAILS OF THE SYSTEM

MUST BE IN COMPANY'S SERVICE FOR TWENTY-FIVE YEARS.

Amount of Pension Will Depend Upon Actual Time of Service and Regular Average Pay for Last Ten Years of Service.

The management of the Lackawanna Railroad has announced that a pension system for the benefit of employes of the road would go into effect March 1. The adoption of such a system has been urged by President Truesdale since 1899, and the plan accepted by the board of managers has been the subject of careful study on his part, in order to assure the inclusion of the best features of the systems in use by other large corporations.

Under the system adopted, any employe engaged for twenty-five years in any capacity in the operation of the railroad proper, who has faithfully performed his duties, is to be retired at the age of sixty-five and to receive thereafter a monthly allowance dependent on his pay and length of service. The amount of penison will depend upon the actual time of service and the employe's average regular monthly pay for the ten years next preceding his retirement.

Thus, if the monthly pay has equalled $60 a month and the time of service thirty years the pension will be $18 a month, equal to one per cent. a year for thirty years of an average monthly wage of $60.

Retirements under the system will be voluntary. All employes sixty-five years old and over will be considered as having attained the maximum age limit for active service and will be retired on pension if they have served twenty-five years or more, while those whose ages range from sixty to sixty-four years, inclusive, and who, in the opinion of the pension board have become physically or otherwise permanently incapacitated after twenty-five years of service, may be either voluntarily or by decision of the board retired and pensioned. In case of injuries to employes the board has power to consider the cases, award pensions, if merited, and fix the period of payment.

The fund from which payments will be made will be appropriated each year by the company. Employes are not required to contribute to it. For the remainder of 1902 an appropriation of $50,000 has been made.

"This sytem has been adopted by the road," said one of the officals. "In the interests of both the men and the service. To the service there will be added increased efficiency through the employment of young men, and to the employes there will be the satisfaction of knowing that their old age is to be comfortable. The pension is not a favor, but a permanent annuity earned by faithful and loyal service."

The board of officers selected to administer the affairs of the pension department, under the direction of the president of the company, are General Superintendent T. E. Clarke, General Auditor O. C. Post, Chief Engineer W. K. McFarlin, Superintendent of Motive Power and Machinery T. S. Lloyd and Traffic Manager B. D. Caldwell. At the organization of the board Traffic Manager Caldwell was elected chairman and General Auditor Post secretary.

WHAT OTHERS SAY.

Clippings From Other Newspapers Which May be of Interest to Plainfield and Its Citizens.

Austin F. Knowles, of this city, is very favorably mentioned as a possible successor to Mr. Heg, as superintendent of the Rahway reformatory. Mr. Knowles is assuredly a man of great executive ability. He has been for the most of his life a manager of men, and his ability in establishing system and managing details is certainly extraordinary. Moreover, he is a man of even temperament, and in this respect remarkably well qualified to deal with refractory boys. He is, further, of kindly disposition, of good example, and, altogether, the best man thus far named for the position. New Jersey will search long before finding a man better qualified than Mr. Knowles to superintend the Rahway reformatory. — Elizabeth Journal.

To Entertain Class.

Miss Grace Overton, of Rockview avenue, will entertain her Sunday-school class in Hope chapel, this evening.

Sixth Birthday.

HONORS TO HUGO.

President and People of France at the Pantheon.

PARIS, Feb. 27.—The series of festivities to celebrate the centenary of the birth of Victor Hugo, which will last until Sunday next, have opened with a grand ceremony within the Pantheon under the auspices of the government.

President Loubet, M. Waldeck-Rousseau, the premier, and other members of the cabinet, the members of the senate and the chamber of deputies, representative delegations from the institute and other state bodies, including the leading lights of art, science and literature in France, and deputations from the various educational institutions were present.

Exactly beneath the center of the dome rose from out of a cluster of palms and flowers the bust of Victor Hugo by the celebrated sculptor David d'Angers, and this was the symbol to which the eyes of thousands of spectators assembled within the vast hall was directed.

The programme included eulogistic orations, recitals of several of Victor Hugo's poems and the rendering of hymns based on Hugo's works. The band of the Republican guards and an orchestra numbering 100 persons performed the instrumental part of the exercises.

The Theatre Francais had a gala appearance last night upon the revival, in honor of the centenary, of Hugo's drama, "Les Burgraves," which was played for the first time since 1843. The leading notable personages in Paris were present at the performance, which was reserved to invited guests.

Dispatches received here say that the centenary was suitably celebrated in most of the towns of France as well as in the capitals of Europe.

STORY OF THE RELEASE.

Bandits Swore Miss Stone and Companion to Absolute Secrecy.

SALONIKA, Roumelia, Feb. 27.—Miss Stone says the brigands swore both of their captives to absolute secrecy regarding any information calculated to establish the identity of the brigands, the location of the places where they were concealed or other facts likely to compromise their captors. As a matter of fact the prisoners themselves are very uncertain regarding many details of their wanderings. They did not know when they were released in what section of the country they were.

An arrangement had been made to release Miss Stone and her companion near Seres, Macedonia, where Dragoman Gargiulo and Mr. House were waiting for them, but the brigands, owing to timidity or otherwise, declared it was too difficult to carry out the plan and brought their captives, after a hard night march, within one and a half hours of Strumitza. The two women were left under the shelter of a tree at 3:30 in the morning of Feb. 23. The bandits pointed out the direction of the village and ordered the captives to report themselves to the village elder, who, on learning their identity, would provide for them. The brigands then turned back and disappeared among the hills.

Miss Stone also says that the brigands always treated them well. They built a hut for the prisoners on the mountain, provided horses for them when they traveled and carried Mme. Tsilka's baby whenever they were allowed to do so.

The brigands especially asked the ladies to convey their congratulations to M. Gargiulo, Mr. Peet and others for the ingenuity displayed in the payment of the ransom.

Taylor Found Guilty.

GRAND RAPIDS, Mich., Feb. 27.—The jury in the case of Henry A. Taylor, charged with conspiracy to bribe in connection with the water scandal, has reached an agreement after deliberating thirty-two hours, returning a verdict of guilty as charged. Taylor furnished the money with which it was proposed to saddle upon the city a water supply contract of several million dollars. His home is in Milford, Conn. This is the second conviction as the result of the recent grand jury investigation of the waterworks scandal. Ex-City Attorney L. J. Salsbury was recently found guilty of an attempt to bribe city officials while he was in office.

Historic House Burned.

ASHLAND, Mass., Feb. 27.—Fire has destroyed the historic Franklin house on Franklin farm, together with many valuable paintings and imported rugs and curios, causing a total loss of $25,000. The house was occupied and owned by William Brocklesey and was fully insured. The house was erected in 1730 by Sir Henry Franklin, then prominent in the colony.

New York City's Debt.

NEW YORK, Feb. 27.—The annual report of the department of finance for 1901 as published in The City Record shows the net bonded debt of the city to be $308,776,343.85.

Coming Home Next Summer.

LONDON, Feb. 27.—A dispatch to The Daily Express from Vienna says that Miss Stone will go to the United States next summer.

CONDENSED DISPATCHES.

King Edward attended the races for the first time since Queen Victoria's death.

Henry Gurden Marquand, president of the Metropolitan Museum of Art, died in New York city.

Princess Radziwill was arrested at Cape Town for forging the name of Cecil Rhodes.

THREATENING FLOOD

Breaking Dam In Schuylkill River Causes Alarm.

HIGH WATER ABOUT QUAKER CITY.

An Ice Gorge In the Susquehanna Breaks Near Harrisburg, but Moves Out Quietly—Danger at Other Points.

PHILADELPHIA, Feb. 27.—Information is received here that the flood in the Schuylkill river has broken the dam at Pottstown, a town forty miles above this city, resulting in an immense rush of water toward Philadelphia. At Norristown much damage is apprehended from the steadily increasing volume of water. Officials of the Philadelphia and Reading railway at that point are preparing for the probable inundation of the tracks between that borough and this city. The twelve foot ice gorge at the head of Barbados island, near Norristown, has broken, and the ice which had been held there for more than a week swept down the river, playing havoc with the property along the banks. Many mills are idle because of the flood.

The Plymouth railroad bridge at Flourtown, a short distance from Norristown, has been weakened by the high water and pounding of the ice and is considered unsafe.

Many of the residents along the Schuylkill have been compelled to vacate their houses.

The ice has broken in the Susquehanna opposite Harrisburg. There was a slight accompanying rise in the river, but the ice is moving very nicely. The river has been covered with a thick coat of ice for three weeks. No danger of damage from a flood in that city is anticipated except along the Paxton creek district, the banks of which stream have overflowed.

The Pennsylvania railroad officials do not anticipate any danger from an ice gorge at Rockville. If there is danger, a corps of men will be sent there to dynamite the ice for some distance above the piers of the old and new bridges.

On the Mount Alto branch of the Cumberland Valley road a bridge was washed away at Fayetteville, and all traffic is suspended between Chambersburg and Waynesboro and Mount Alto for the present.

High Water In New Jersey.

NEW YORK, Feb. 27.—The rain of the last few days has so melted the snow in the eastern and northern districts of New Jersey that serious floods are imminent. At New Brunswick the ice in the Raritan river has broken, and the streets along the water front are flooded, the lower floors of the factories near the river being submerged. Many of the mills have been compelled to close.

Prisoners to Be Sent to Atlanta.

PHILADELPHIA, Feb. 27.—United States Marshal John B. Robinson has received orders from Washington to remove all federal prisoners now in the Eastern penitentiary here to the government prison at Atlanta, Ga. Among the convicts who will be affected by this order the most prominent are probably William L. Kendig and William M. Jacobs, the Lancaster (Pa.) counterfeiters, who were convicted June 5, 1900, and are serving a sentence of twelve years. The general rate of board per day for government prisoners is about 30 cents. It is considered by the authorities at Washington to be more satisfactory and cheaper for the government to care for its long term prisoners at the Atlanta prison.

Stole From His Father.

HOOSICK FALLS, N. Y., Feb. 27.—Mark Brennand, a youth, was taken to the state industrial school at Rochester yesterday by Deputy Sheriff Van Hyning, having been found guilty of the larceny of $200. His father was the complainant. When the boy was arrested, several revolvers, a Winchester rifle, a quantity of ammunition and other paraphernalia were found at the house. He had been stealing from his father for a long time in order to fully equip some companions, of whom he was the leader. The lad will spend six years at the Rochester institution.

City Officials Indicted.

NEW ROCHELLE, N. Y., Feb. 27.—Former Mayor Dillon and seven of the aldermen who served when he was mayor of this city, but who were defeated last November, have been placed under $2,000 bonds each to answer to indictments found against them by the Westchester county grand jury. They are accused of improper expenditures and a too lavish voting away of the city's bonds.

No More Live Bird Shooting.

ALBANY, N. Y., Feb. 27.—Governor Odell has signed the bill prohibiting pigeon shooting in this state. He presented the pen with which he affixed his signature to the measure to John D. Haines, president of the State Society For the Prevention of Cruelty to Animals.

Crew Nearly Starved.

SEATTLE, Wash., Feb. 27.—A special to The Times says the French bark Les Adelphes, 162 days from Madagascar for Portland, has put into Port Angeles with the entire crew down with scurvy and nearly starved.

License For New Industry.

PEORIA, Ill., Feb. 27.—A government license to operate a distillery has been issued to the Sereal Sugar company, which will now develop its new industry of making alcohol from hydrol.

Weather Probabilities.

Increasing cloudiness; light northwest winds, becoming variable.

PRINCE IN NEW YORK

Press Banquet at the Waldorf-Astoria.

GRAND PARADE OF GERMAN SOCIETIES

Royal Visitor Leaves For Washington and Thence on His Western Trip—A Return Visit March 7.

NEW YORK, Feb. 27.—The nation's guest, Prince Henry, left for Washington late last night after a day during which he had ample opportunity to observe Americans from several interesting viewpoints. He lunched, dined, spoke and reviewed a parade, and in each instance he was pleased and pleasing. He will return to this city on Friday, March 7.

THE STAATS ZEITUNG DINNER.

Twelve hundred guests greeted Prince Henry at the dinner given by the Staats Zeitung in the large ballroom of the Waldorf-Astoria last evening.

Publishers and editors of newspapers of most of the important cities of the United States were present to join in extending to the visiting prince the welcome of the press of the country.

The immense number of acceptances for the dinner made it necessary to throw open the Astor gallery, adjoining the ballroom, to accommodate the guests.

The music in the dining room began at 8 o'clock, and the first course of the dinner was served at half past 8. The menu cards were bound in satin and bore a portrait in colors of Prince Henry.

The toasts were given in the ballroom, and those guests who dined in the Astor gallery changed their seats when the speaking began. Herman Ridder presided.

The fixed toasts were as follows:

"Welcome to Prince Henry and the Guests," by Herman Ridder. Responded to by Prince Henry.

"The President of the United States and the German Emperor," by Whitelaw Reid.

"The Press, the Tie That Binds," by St. Clair McKelway.

"Saxon Blood; What We Owe to Germany In Literature, Art, Science and Music," by Charles Emory Smith.

"International Amity," by Charles W. Knapp.

Prince Henry's response was as follows:

"Mr. Toastmaster and Gentlemen—I am fully aware of the fact that I am the guest and in the presence of representatives of the press of the United States and in particular the guest of the New York Staats Zeitung, both of which I wish to thank for the kind invitation and reception I have met with tonight.

"Before entering into details I should like all of you to understand that I consider this meeting, though it may be looked upon as official, as a private one and that it is my wish that none of you will take advantage of what is said or spoken after leaving this table.

"Undoubtedly the press of our day is a factor if not a power which may not be neglected and which I should like to compare with ever so many submarine mines which blow up in many cases in the most unexpected manner, but your own naval history teaches us not to mind mines should they ever be in our way. The language used on this memorable occasion was stronger than ever I would venture to reproduce here tonight. I need only mention the name of Farragut.

"Another comparison might be more to your taste, gentlemen, and is, in fact, more complimentary. It is one which his majesty the emperor used before I left. He said, 'You will meet many members of the press, and I wish you therefore to keep in mind that the press men in the United States rank almost with my generals in command.' It will interest you, I know, to learn something about the nature of my mission to this country. The facts are as follows: His majesty the emperor has minutely studied the recent rapid development of the United States, and his majesty is well aware of the fact that your is a fast moving nation. His sending me to this country may therefore be looked upon as an act of friendship and courtesy with the one desire of promoting friendlier relations between Germany and the United States. Should you be willing to grasp a proffered hand you will find such a one on the other side of the Atlantic ocean."

The souvenir menu was printed on a broad strip of satin ribbon, with a photoengravure of Prince Henry at the top in colors. He is represented in the full uniform of an admiral, with plenty of gold braid and many decorations.

In the boxes were many women in evening dress, who viewed the dinner and listened to the toasts.

PARADE OF GERMAN SOCIETIES.

Prince Henry was in an American edition of the fatherland for an hour and a half. During that time he was presented with an address by a committee at the Arion club, met the club's committee of fifty and then reviewed the giant parade of the German societies of New York and vicinity, more than 10,000 strong.

At half past 6 o'clock the prince and his suit arrived at the gayly decorated clubhouse under military and police escort. He was met by Dr. Weyland and a committee of nine men. Dr. Weyland read to the royal visitor an address which was engrossed in German text on parchment and inclosed in a silver case.

Then the prince met the club's committee of fifty and later went to a balcony on the Park avenue front of the clubhouse.

From this airy perch the prince reviewed the monster parade of all the German societies of the city and vicinity. More than 10,000 men were in line, representing 320 organizations. Music was furnished for the paraders by twenty-four bands.

Arion hall was beautifully decorated with evergreens and United States and German flags. The United States shield and the German arms were hung over the balcony. Holly branches, pines and evergreens decorated the windows, giving the building a bright and cheerful appearance.

Colonel Richard Muller, as grand marshal, aided by Chief Adjutant Adam Boetz, led the head of the line at Seventy-second street and Park avenue.

The parade moved to Fifty-seventh street, along Fifty-seventh street to Fifth avenue, along Fifth avenue to Twenty-sixth street, where the men dispersed.

Colonel Muller had requested the various societies not to cheer while passing the reviewing stand, and this was strictly complied with.

TO VISIT CANADA.

Prince Henry So Ordered by Kaiser. Clever Diplomacy.

LONDON, Feb. 27.—Prince Henry will visit Canada after touring the United States.

The kaiser reached this decision out of deference to the feelings of the English people, who had expressed great dissatisfaction at the kaiser's bold bid for American friendship.

The kaiser first cabled to King Edward, asking if such a visit from Prince Henry would be agreeable to the British government. King Edward in reply said that it would and assured the kaiser that the Canadians would heartily welcome Prince Henry.

Thereupon the kaiser sent by cable to Prince Henry in New York his imperial command to visit the cities of Canada.

This action of the kaiser is considered here as another clever diplomatic coup by the kaiser—first to win the friendship of the American people and then to offset the soreness of the English thereat by sending his royal brother to visit Canada.

A German-American League.

BERLIN, Feb. 27.—Prominent merchants, sociologists and educators of Germany will be among the members of the proposed American-German league for the preservation and promotion of mutual understanding and friendly relations between Germany and the United States, for the formation of which steps have already been taken. The principal mission of the association will be to foster the expansion of commercial relations between Germany and the United States and thus to counteract the existing misunderstandings between the two countries.

BOUND TO GET EVEN.

Tillman's Relative Asks President to Withdraw an Acceptance.

AUGUSTA, Ga., Feb. 27.—Lieutenant Governor James H. Tillman, who is in this city, in reference to requests by wire from the subscribers to the fund for the sword alluded to, has telegraphed as follows to President Roosevelt:

"A short while ago I had the honor to address your excellency a letter requesting that on the occasion of your visit to Charleston you present a sword to Major Micah Jenkins of the First United States volunteer cavalry, of whose gallant services you spoke so highly, your words being engraved on the scabbard. You accepted the invitation, for which we thank you. I am now requested by contributors to the sword fund to ask that you withdraw said acceptance."

In explaining the sending of the telegram Lieutenant Governor Tillman said:

"It is with much regret that I was directed or, rather, required to send the telegram I did, especially in view of the fact that I am so closely related to one who but a few days ago was subjected to an affront which was seemingly, or at least people who contributed to the purchase of the sword think, unwarranted."

The McKinley Memorial.

WASHINGTON, Feb. 27.—There was a meeting here of the trustees of the McKinley National Memorial association, which is engaged in raising a fund for the construction of a memorial to the late president at Canton, O. Treasurer Herrick and Secretary Ritchie made reports, and returns were received from state and territorial auxiliaries. While reports from some sections were not encouraging, the trustees on the whole are much pleased with the results thus far obtained in the effort to raise the amount needed—namely, $650,000.

Twenty British Soldiers Killed.

PRETORIA, Feb. 27.—In an attempt made by 600 Boers to break north through the Vrede blockhouse line, held by the columns under Byng and Remington, the brunt of the fighting fell on the New Zealanders. The British losses were two officers and eighteen men killed and five officers and thirty-three men wounded.

Troops Leave Cuba.

WASHINGTON, Feb. 27.—The war department has received a telegram announcing the departure of the Third squadron of the Eighth cavalry from Nuevitas, Cuba, with 17 officers and 297 enlisted men, for Fort Riley, Kan. There are at present on the island about 4,000 men.

A Carnegie Medal For Telegraphers.

ATLANTA, Ga., Feb. 27.—Andrew Carnegie has wired the secretary of the American Telegraphers' tournament to offer a gold medal in his name for the speediest work at the coming contest in Atlanta. The convention is to be held Saturday.

SAMAR LEADER CAUGHT.

General Lucban a Prisoner—Another Important Capture.

WASHINGTON, Feb. 27.—General Chaffee has notified the war department that Lieutenant Stribler of the Philippine scouts has captured General Lucban. The prisoner is confined at Laguan.

Another capture is recorded in the same dispatch—namely, that of William Dunston, said to be a deserter from Company C, Eighth infantry, who had in his possession a lot of arms and ammunition and all the tools necessary for the making of ammunition.

He was captured by Second Lieutenant Pratt, First infantry, at Caghayan, on the island of Samar. The lieutenant also destroyed the cuartel and the factory and killed eleven soldiers, besides capturing all of Dunston's correspondence.

The officials of the war department regard the capture of Lucban as the most important military event since Aguinaldo's capture. He was run down on the island of Samar. The place of his confinement is a tiny island in a bay on the north coast of Samar.

General Chaffee has ordered that Lucban be treated as a prisoner of war of officer's rank.

Lucban is one of the most energetic and ferocious of the insurgents. He is a half breed, a mixture of Chinese and Filipino stock, and he has been an irreconcilable from the first. He had various fastnesses in the mountains of Samar, from which he would descend upon the coast towns, and his reign of terror was so complete that the entire population of the island paid tribute to him as the price of freedom from attack.

Ordinary campaign methods failed in his case, and his capture now is believed to be the natural working out of the system of dividing the island into small squares by military garrisons and making it impossible for the insurgents to obtain food or shelter.

Snake Indians Sentenced.

MUSKOGEE, I. T., Feb. 27.—Chitto Hargo, or Crazy Snake, and nine of his followers were sentenced in the court here to the United States penitentiary at Fort Leavenworth, Kan., for two years, and each was fined $5,000 on a charge of conspiring against the government. They constitute the leaders of what is known as the Snake gang of Indians, who have sought to resist the allotment of lands by the Dawes commission in the Creek Nation and prevent the settlement of affairs by the government in the Indian Territory. Crazy Snake more than a year ago started an uprising that made it necessary to call out troops from Fort Sill, and he and his followers were arrested last week for again inciting the Indians to violence.

Wakeman Found Guilty.

CAMBRIDGE, Mass., Feb. 27.—William Curtis Wakefield, promoter of several copper companies, was found guilty of perjury by a jury with little delay after the case closed. Wakefield was as self possessed on hearing the verdict as he has been during the trial. Wakefield was arrested in New York on his return from England about Chrismas, where he had interested people in his big copper companies. The state of Massachusetts claimed he made false returns on the certificates of incorporation of the companies. Wakefield's wife, who is only nineteen years old, took the verdict with much grief. A second indictment charges larceny in ten counts of money from South Framingham people who bought stock in the companies.

Hugo Day at Rome.

ROME, Feb. 27.—The presentation of a bust of Victor Hugo to the city of Rome by the Franco-Italian league was made the occasion for a great Francophile demonstration. The rotunda of the capitol, where the ceremony occurred, was brilliantly decorated, and the distinguished audience present included the minister of foreign affairs, Signor Prinetti; the French embassador, M. Barrero; the senators, deputies, municipal authorities and other notable persons. Prince Colonna, the mayor of Rome, received the bust on behalf of the city. Numerous addresses were made, emphasizing the growing friendship between France and Italy.

Another Noyes.

BARABOO, Wis., Feb. 27.—D. W. K. Noyes has been arrested here, charged with forging his mother's name to a note for $500 and getting it cashed at the First National bank. He was formerly a justice of the peace and is a brother to Arthur B. Noyes, who yesterday lost his position as judge in Alaska.

CONFERENCE ON BILL

House Nonconcurs In Philippine Tariff Amendments.

EMPLOYERS OPPOSE EIGHT HOUR DAY

Proposed Limitation on Government Work Meets With Disapproval. An Agreement on Permanent Census Measure Reached.

WASHINGTON, Feb. 27.—The house yesterday sent the Philippine tariff bill to conference, nonconcurring in all the senate amendments. The Democrats sought to amend the amendments by reducing the rate of duty and declaring the United States should relinquish all claim to the archipelago, but all propositions were defeated. Mr. Tawney (Minn.) made a personal explanation regarding Governor Toole of Montana, saying that in formerly classing the governor as an opponent of Governor Van Sant in the railroad merger case he had been under a misapprehension.

The proposed limitation of work to eight hours a day on government work was again before the labor committee of the house, with representatives of several large concerns doing government work appearing in opposition. A. G. Dinkey, general superintendent of the Homestead Steel works, argued that the eight hour limitation would be objectionable to employees and employer and would seriously interfere with government work if not make it impossible to do it. He contended that the success of some of the large armor plates depended upon longer shifts than eight hours. Mr. Dinkey also set forth the satisfactory conditions of labor at Homestead under the present system.

The conferences of the two houses of congress on the bill creating a permanent census bureau have reached an agreement. The bill as agreed upon embodies most of the amendments made in the senate, though some of them are retained in modified forms. The senate provision concerning the civil service is retained. All the employees of the office at the time of the signing of the bill except unskilled laborers are to come under the provisions of the civil service law. The provision requiring future appointments to be made under the civil service law was modified by the conference so as to make the requirement applicable only to permanent appointments. The director's salary is fixed at $6,000 per annum instead of $5,000 as suggested by the house and $7,500 as named by the senate. The senate provision for an assistant director is stricken out, and a provision is inserted requiring the chief clerk to act as director in the absence of that official. The chief clerk's salary is fixed at $2,500. The clause limiting the director's appointment to four years' time is eliminated.

Slow Watch Caused Wreck.

AUBURN, N. Y., Feb. 27.—The blame for the wreck on the New York Central and Hudson River railroad near Aurelius Station Monday night is laid by Conductor George W. Butler of East Syracuse to his watch. Butler was the chief witness at the coroner's inquest. He was in charge of the wrecking train which is held accountable for the tragedy. Butler declares that his train barely came to a stop at Cayuga and that Engineer Durand continued without any order from him. By his watch the train had eleven minutes, ample time to reach Aurelius before the passenger train left. After the collision, he said, he compared his watch with others and found that he was twenty minutes behind.

Indiana Day at Charleston.

CHARLESTON, S. C., Feb. 27.—Governor Durbin and staff of Indiana observed Indiana day in the Pennsylvania building at the exposition yesterday and were entertained at luncheon in the woman's building. The party were enthusiastic in their comments on the exposition. A visit to Fort Sumter and other historic points in the harbor followed. At night they left here for home by way of Asheville, where they will spend a day.

A Big Street Cleaning Job.

NEW YORK, Feb. 27.—The street cleaning department has finished the work of removing the snow, as the heavy rain has greatly aided them. Since a week ago Sunday, when the first of the three storms struck the city, there have been 1,000,000 cubic yards of snow removed, according to the reports. This has been done at a cost of $300,000, of which $175,000 was for Manhattan and the Bronx.

Floods In Portugal.

LISBON, Portugal, Feb. 27.—The heavy rains have resulted in the flooding of a number of villages on the banks of the river Tagus. The river Liz has burst its banks, and the entire town of Leira is inundated to a depth of six feet. Many buildings in the town have collapsed, and all traffic is carried on in boats.

Standard Oil Raises Wages.

LIMA, O., Feb. 27.—The Standard Oil company has voluntarily increased the wages of 500 employees in Ohio and Indiana 10 per cent. Office employees are included. The advance is effective from Jan. 1. Those whose salaries were increased last year do not share in the present advance.

Washington Calls on President.

WASHINGTON, Feb. 27.—Booker T. Washington, president of the Tuskegee institute, Tuskegee, Ala., was at the White House yesterday and had a conference with President Roosevelt lasting fifteen minutes. It is stated that political matters were not touched on.

THE WIRES.

Plainfield is by no means the only city which has had the need of doing away entirely with the overhead wires emphasized by the storm of last Friday. Elizabeth's experience will undoubtedly result in actively forwarding the movement for underground conduits in that city. Newark needs the underground system of telephone and electric light wires much more than does Plainfield on account of the fact that they are so much more numerous there.

The Newark News appears to realize the situation and strongly advocates the underground wires in an editorial of some length. While it applies particularly to Newark, yet much that is said therein is of equal importance to Plainfield and every other city of the land. It will therefore be read with interest.

The editorial follows:

"The storm of Saturday gave emphasis to the danger of overhead wires in a way that will not soon be forgotten. The sleet fastened to them and bore them down or snapped them, not only impeding traffic, hindering communication and preventing lighting, but dealing death as well. At least three persons perished from electric shocks through contact with broken wires in Philadelphia, and casualties were numerous in other cities devastated by the tempest. Storms of equal severity are infrequent, to be sure, but wires suspended from poles are easily broken by a multitude of accidents, and every such breach is full of peril to both the public convenience and the individual safety, as anyone who reads the newspapers has reason to know.

"The present system is unsightly, an eyesore to the community and a blotch upon the beauty of any municipality. The network of wires in the downtown streets proves a grave, sometimes an insuperable, difficulty in the case of a fire; for instance, preventing, as they do, unrestricted communication between the street and the exterior of the building; but, after all, the chief objection to be urged against it lies in its continual menace to the convenience and lives of the people.

"There was a time when the overhead wire was a necessity, but that time has passed. Inventive genius has provided for burying wires underground, and wherever the experiment has been tried, as in the City of New York, for instance, its success has been pronounced. It is feasible, economical, convenient and absolutely free from all the objections urged against the present method of transmitting electrical power.

"There is but one objection against its general adoption in all the larger cities, and that is the matter of immediate expense to the corporations involved in making the change. Our municipalities are therefore confronted once again by the old, old corporate eagerness to save the dollar at the expense of public convenience and safety, and, as usual, most of them are either powerless or averse to act in the premises, although in many instances the right to act is specifically reserved in the franchises granted. Such tragedies as those enacted in Philadelphia, however, are calculated to arouse municipal authorities to a sense of their responsibilities and duty. Let us hope that few more such reminders will be needed to inaugurate a general movement for the burying of the electric wires."

Doesn't it seem strange that the committee from the Common Council was unable to improve its terms of contract with the Plainfield Water Supply Company, even to the extent of granting the very reasonable request that meters be installed where desired by patrons? Of course, it was not to be expected that the company would grant any additional privileges unless compelled to. One would think, however, that common fairness would urge the company to adopt some method of charging its patrons that was not so manifestly unfair as the present one.

The Daily Press printed in yesterday's issue the full text of the three bills which contain the principal features of the Greater Plainfield scheme. They were read with much interest by those who have taken any interest in the Greater Plainfield agitation. As long as the subject must first be submitted to a vote of the people, even the enemies of the measure should not throw any obstacles in the way of the bills but allow them to go through and let the people decide the question for themselves.

An English soap-making establishment intends to reverse things, and will head an English invasion of America, relates the Philadelphia Record. It has appointed an American manager, and has made an enormous appropriation for "a remarkable advertising campaign." It asserts that advertising placed its product in the homes of England, and it will depend on the same means to achieve success here.

The practical educators of the State have won a victory and the "wire-pullers" have lost. Governor Murphy has sent the nomination of Charles J. Baxter, of this city, to the Senate for the position of State superintendent of schools. The nomination was referred to the proper committee. There should be no unnecessary delay on the part of the Senate in approving of the Governor's action.

There are many who consider Fanwood township, of which Scotch Plains is the chief part, as possessing little or no government of its own. As a matter of fact, however, that municipality is really in a flourishing condition. The annual reports of the township officials show how well the work of governing the place has been done.

The bill providing funds to fight the mosquito has passed the Assembly. The legislators pursued a very proper course when they voted for it. Anything, which will rid the State of mosquitoes will be worth many thousands of dollars to the people of New Jersey. The Senate should take similar action.

Plainfielders have often complained that the street lights were so unsatisfactory but the recent experience without them has demontrated that they are wonderfully effective after all. The lights in use here give more light than most people give them credit for.

A Department Devoted to the Minor Events in Greater Plainfield's Suburbs by Our Own Correspondents.

DUNELLEN.

J. F. Randolph Clawson, aged seventy-seven years, who died a his home in Dunellen avenue, last Tuesday, was a life-long resident of this place. He was the son of Levi and Eliza Clawson. He was a Civil War veteran and served during the entire time of the war. The funeral services will be held tomorrow afternoon at 2 o'clock from the late residence. Interment will be in the Seventh-Day Baptist cemetery at New Market. Rev. L. E. Livermore, of the Seventh-Day Baptist church, will officiate.

Some enterprising persons reaped a harvest of small coins by using wagons to take people from the Bound Brook trolley through the pond, where the road is flooded at the first switch, to where the Plainfield trolleys stop. The water was over two feet deep and many exciting rides were had.

William G. Holton Council, Jr. O. U. A. M., will attend special services in the Methodist church, Sunday evening. The members will meet at Apgar Hall and go to the church in a body.

Peter Windfeldt, of Westfield, whose marriage took place Tuesday, formerly resided here and is well-known among a large number. John Fenner, of Dunellen avenue, was best man.

An entertainment and social will be held in the Y. M. C., at the Presbyterian parsonage, this evening. Refreshments will be served.

A number of local Foresters attended the jubilee of the Plainfield Foresters in Reform Hall, last evening.

The entertainment by the members of the ninth and tenth classes will be held in Whittier School, this evening.

Candidates for membership in the Presbyterian church will be examined tomorrow evening.

Cortez Chawson, of Salem, West Virginia, is spending several days in town.

Adam Dealaman, who has been severely ill, still continues to improve.

The local W. C. T. U. will hold its regular weekly meeting today.

Mrs. L. W. Laing is spending several weeks in Brooklyn.

Wesley Blaine is confined to his home by a severe cold.

Only one session was held in the local schools yesterday.

The band met for practice in Apgar's Hall last night.

Regular weekly prayer meeting was held last night.

NEW MARKET.

Friendship Social Circle, an organization composed of a number of women from here, held a very pleasant meeting yesterday afternoon at the home of Miss Herbert S. Pierce, of Somerset street, North Plainfield. A pleasant feature of the meeting was the serving of refreshments.

The brass band will hold its regular weekly practice in Recreation Hall this evening.

William Foster, of Bound Brook, spent yesterday in town on business.

Miss Mary Glen, of Plainfield, has returned after a visit in town.

Traffic has again become possible over the country roads.

PLAINS AND FANWOOD.

Judge Clark has issued the annual batch of delinquent tax warrants, which have been given to Special Collector Henry Guenier for collection. In the case of delinquent taxes due on personal property, the goods will be sold while the delinquent po'l taxes must be paid or the delinquent will be taken to the county jail.

The heavy rain of Tuesday and Wednesday, together with the fast melting snow, has raised peaceful Green brook from a small stream to a raging torrent. Yesterday the lowlands along the brook were completely submerged.

The members of the Young People's Literary Society, of the Methodist church, held an enjoyable reading and study in the class rooms of the church last night.

The annual township report is in the hands of Township Clerk Edw. L. Hand, ready for distribution among the taxpayers.

Owing to the heavy floods caused by the snow and rain the trolley schedule was a very uncertain thing again yesterday.

Twilight Council, Jr. O. U. A. M., will hold its regular weekly meeting in the Library Rooms this evening.

Abram Wade, who has been seriously ill for the past two weeks, continues to improve very nicely.

SOUTH PLAINFIELD.

Already, the baseball element of the town has put in its appearance. The boys are planning for the coming season, which they look forward to with pleasant anticipation. They expect to organize a team from the same material which constituted last year's team. As soon as the ground is in the proper condition for baseball, the diamond will be put in shape.

A very pleasant surprise was tendered to Miss Emma Faulks, last evening, by the girls of her Sunday-school class, on the occasion of her birthday. The evening was spent in an enjoyable manner, after which refreshments were served.

Charles Manning is convalescent, after an attack of appendicitis which lasted about a month. He is now at the home of his father, Samuel Manning, of Piscataway township.

Mrs. R. B. Manning is suffering from a severe attack of pneumonia.

WATER COMPANY INCORPORATED.

Watchung Spring Water Company Going Into Business Extensively.

Articles of incorporation was filed in the county clerk's office yesterday by the Watchung Spring Water Company, of this city. The capital stock is $125,000 and the incorporators include Dr. Zeglio, S. B. Wheeler, Clarence Teel, Warren H. Marsh, J. A. Staats and Fred Sandford. The business of the company has increased to such proportions that plans are being laid to enlarge the plant and increase the daily supply. There will be an exhibition of the water at the Sportsmen's Show which opens in New York next week.

GOING SOUTH.

Rev. Dr. Yerkes Will Take Trip to Florida for His Health.

Rev. Dr. and Mrs. David J. Yerkes, of West Seventh street, will leave Plainfield during the forepart of next week for Florida, where they will remain for an indefinite time. During the past winter Dr. Yerkes has not enjoyed the best of health and his parishoners believe that a complete rest from his labors as pastor of the First Baptist church will greatly benefit him. During his absence his pulpit will be supplied by various divines as selected by a committee from the church.

Dr. Snodgrass' Lecture.

The next of the Y. M. C. A. supplemental course of entertainments will be given this evening when Rev. Dr. W. C. Snodgrass will lecture on "A Summer Ramble in Europe." The lecture will be illustrated with many stereopticon views. A vocal selection will be rendered by Miss Etta Raybert.

Two Fines Remitted.

The fines of $25 each imposed by Judge Vail yesterday on John Newman, Thomas Keefe, Patrick Lawler and Austin Gulick, were afterward remitted in the case of the latter two. Those of Newman and Keefe were paid immediately.

G. S. Avery to Speak.

Geo. S. Avery, of Mount Vernon, N. Y., will address the Y. M. C. A. meeting, Sunday afternoon at 4 o'clock. Musical selections on hand bells will be rendered by Geo. E. Garretson, of New York.

—Neuman Brothers have remaining twelve cases of Cairn's celebrated Scotch raspberry and strawberry jam and marmalade, which they are disposing of at very low prices.

NUPTIAL KNOT TIED UNDER FLORAL ARCH

Marriage of Miss Scudder, of Westfield, and Jonathan Payne, of Jersey City.

AT THE BRIDE'S HOME.

PLAINFIELDERS ATTENDED THE PRETTY CEREMONY LAST EVENING.

Mr. and Mrs. Payne Were Unattended—Have Gone South on Wedding Trip—Will Make Their Home at Jersey City.

(Special to The Daily Press.)

Westfield, Feb. 27—The marriage of Miss Tessie Ludlow Scudder, daughter of Mr. and Mrs. Isaac Scudder, of 590 North Broad street, and Jonathan Payne, of Jersey City, took place last evening at the home of the bride's parents, in the presence of a large number of guests from New York, Newark, Elizabeth, Cranford, Roselle, Flushing, L. I., Buffalo and Plainfield.

The ceremony was performed by Rev. N. W. Cadwell, pastor of the Presbyterian church. The home was prettily decorated with ferns and palms, and in the parlor where the marriage took place, the decorations were very attractive.

The bride was gowned in white point d 'esprit over white silk and she wore a wreath and veil. She carried a lace handkerchief, which was used by her mother when she was married. The bride and groom were unattended.

The couple stood beneath an arch of smilax and lilies, when the nuptial knot was tied. They entered the parlor while the "Lohengrin" wedding march was being played by Mrs. Lettie Hart. After the congratulations, supper was served, and during the social time which followed delightful tenor solos were rendered by A. W. Cathcart, of Jersey City.

Mr. and Mrs. Payne left during the evening for a wedding trip in the south. Upon their return they will reside at 811 Ocean avenue, Jersey City. They received a wealth of presents from their many relatives and friends.

Among the guests present from Plainfield were Mr. and Mrs. R. G. Silvers, Mr. and Mrs. John Clawson, Miss May Clawson, W. Payne, uncle of the groom, Mrs. Aretta H. Manning, Miss Emeline Manning and Miss Althea Vail

'PLAINS' PROSPECTS.

Meeting in Interest of the Scotch Plains Baseball Team Held Last Night.

(Special to The Daily Press.)

Scotch Plains, Feb. 27—A meeting of those interested in the organizing of a baseball team to represent Scotch Plains on the diamond the coming season was held at the home of Edward L. Hand, last night. Business relating to arranging schedule and leasing of grounds was transacted.

The same management that made the season of 1901 such a successful one will be at the head of the team, George H. Johnston acting as manager and Arthur Haskard as secretary and treasurer. The balance in the treasury left over from last season was very encouraging to the club has added a number of dollars, the proceeds of the drawing for a gold watch several weeks ago. Besides this there will be a drawing in the near future for a diamond pin. So altogether the financial side of the club is very encouraging.

The season will open during the early part of April and the management hopes to be able to schedule games with some of the best clubs through this section.

'PLAINS ELECTION.

Gossip About Party Nominations is Already Beginning to be Heard.

(Special to The Daily Press.)

Scotch Plains, Feb. 27—With the annual spring election only three weeks off, election whispers are beginning to be heard. The principal offices to be filled are those of freeholder and one town committeeman for three years.

The Republican party will no doubt nominate John Robison, the present representative of the township in the Board of Freeholders. Mr. Robison has served the township faithfully for several terms, and it is hardly probable that anyone else's name will be presented at the primary.

No opposition has shown itself yet to another nomination for William H. Terry, the present member of the Township Committee, and from present indications a very harmonious primary will be held by the Republicans.

There is said to be several out for the nomination of freeholder on the Democratic ticket, but no open campaign has begun yet among any of the candidates.

NESHANIC DAM BURST.

But the Flood That Followed Did Not Enter Bound Brook as Was Feared.

(Special to The Daily Press.)

Bound Brook, Feb. 27—A great deal of excitement was caused in this place yesterday by the receipt of a despatch stating that the Neshanic dam had burst and a large volume of water was heading down the Raritan. Visions of a repetition of the '96 flood came to nearly every citizen and there was a hurried move on the part of merchants and residents likely to be affected to get perishable goods out of the way.

The water appeared soon after the despatch came but it had spread itself along the lowlands above Bound Brook and did no great damage. It was some time, however, before the citizens breathed freely again.

Illustrated Lecture.

The first of a series of illustrated lecture on "A Trip to the Orient" will be given by Miss Julia Carman in the Camera Club rooms Thursday evening, March 6.

The Last Heard Of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure Very pleasant to take. The little ones like it. L. W. Randolph.

HOOLEY IS PRESIDENT.

Plainfielder Named for Head of the Evansville and Terre Haute Railroad.

A conference held yesterday between the interests in Evansville and Terre Haute; represented by Edwin S. Hooley and Chairman Porter, of the Chicago and Eastern Illinois, and an arrangement was made for the latter to secure representation on the Evansville board.

Last October Edwin S. Hooley was one of three men who won control of the Evansville and Terre Haute Railroad. At a meeting of the directors today Mr. Hooley was elected president of the road. His selection for the position as the head of the company is a recognition of his unqualified ability to fill it.

THE MODERNIZED MIKADO.

Japanese Sovereign Has Abandoned the Ultra Exclusiveness of His Ancestors.

The mikado is the first Japanese sovereign to emerge from the dignified retirement in which his predecessors lived. This step has only increased the passionate loyalty of his subjects toward him, and people are already comparing him with the kaiser as regards the prominent role he seems disposed to play, says a Yokohama correspondence of the London Mail.

During the army maneuvers his majesty, who followed events with the greatest interest and enthusiasm, ordered two privates to be brought before him, and questioned them through the medium of his chief aide-de-camp. His questions were of the paternal kind, such as the following:

How did they get on with the hardships of barrack life? Did they long to go home whenever they thought of their nearest relatives? Did they not think their lot a hard one each time their thoughts wandered back to the ease and joys of their home? Were they not feeling the effects of their daily exertions in the maneuvers? Did not the exactions of the military service sometimes make them cry in secret?

The young soldiers answered that they were quite happy in the army, and that their only desire was to do their duty toward their beloved sovereign.

A few days before the mikado, while traveling by rail, was cheered by a number of very old people at Shiralshi station. He sent them all presents through the local government, an act of kindness which moved the old people to tears of gratitude.

BALL SLANG AT WEDDING.

Odd But Appropriate Nuptial Speech of an Athletic Priest Who Loves the Game of Baseball.

The nuptial speech of Rev. C. F. Thomas, made at the altar of St. Ann's church one recent evening when John J. McGraw, Baltimore baseball team manager, and May Blanche Sindall appeared to pledge their troth, has caused much amusement in Baltimore, says the Chicago American.

Father Thomas is a great lover of the ball game. This was his speech:

"You have come to this altar to ask the blessing of God and His church on the love of your hearts, to utter before Him your vows of fidelity and to receive from Him assurances of His paternal regard and affection.

"You know it is the sacrifice hit that adds to the number of runs and wins the game. Fear not the adversaries that are many and strong, and who will seek to rob you of the result of this union.

"The game will not be lost as long as you work together. Bunch your hits and the victory is yours. This young lady will fulfill the fondest hopes reposed in her. She will share in your triumphs and participate in your defeats. The church signs her over to you. You will not have trouble to manage her. She will keep in spirit and letter the terms of this holy contract. Lead her around the hard bases of life. Make her steal her way under the watchful eye of the enemy until she reaches the home plate of happiness. Make her score many bright and happy days, that the pennant of prosperity may continually wave over your heads.

PLAYED ON BROTHER OFFICER

A Joking Letter That Followed a Young Soldier Around the World for Many Months.

An officer in the marine corps, whose duty has shifted him from one station to another, so that in the past year and a half he has completely circled the globe, returned to New York several months ago, and since then his mail has been overtaking him. This officer is a bachelor, states the Sun.

There happens to be in this city a second cousin of his with the same initials, who is married and the head of a growing family. One day lately a belated letter that had followed the officer from post to post without overtaking him was delivered to him here with arrears of postage charged. It bore many postmarks and numerous forwarding addresses. It looked interesting. When he opened it in the presence of several fellow-officers he found that it was from a certain Jersey City firm urging him to use their particular kind of baby food. They said that a "friend" had called their attention to the fact that he might be in need of such an article. It cost the officer many times the postage to square the letter with his friends. The more he explained about his cousin with the same initials the more they insisted that it was "on him." Simply as an evidence of good faith he forwarded the letter to his cousin and received in reply a brief telegram which read: "Too late. Baby is weaned."

The Diver's Limit of Depth.

Submarine divers have not yet succeeded in reaching 200 feet below the surface with all the advantages of armor, air supply and weights to sink them. The effort has been made to reach a wreck in 240 feet of water. The accounts state that at 130 feet the diver began to experience serious trouble. At 200 feet, after suffering terribly he lost consciousness and was hauled up. Divers cannot work much below 160 feet.

Few Pneumatic Tubes.

Pneumatic postal tubes make slow progress in this country. In London there are 81 pneumatic tubes for the dispatch of postal packets, and their aggregate length is 34 miles.

SPIRITUAL WEDDING.

Buxom Widow of Middle Age Becomes the Devoted Wife of a Ghostly Bridegroom.

Detroit, Mich., has been greatly stirred up in spiritualistic circles by the recent solemnization of a wedding ceremony which is one of the most remarkable and unique of modern times. It was the marriage of Mrs. Sarah Williams, a middle-aged and attractive widow, to the spirit of Theodore Comstock, a Michigan miller, who has been dead a number of years. The courtship and wedding has been conducted under the direction of a band of guardian spirits numbering ten, and the ceremony was performed at the same time

JUST AFTER THE CEREMONY.

in the spirit world, the duties of a clergyman being assumed by the spirit of a Mrs. Wilson, who officiated through the organism of a medium, she conducting the ceremony as a minister would, only in different words.

Mr. Comstock is now engaged in the work of materialization and trumpet bearing around the room and singing hymns by a concentration of spirit forces.

"Nearer, My God, to Thee," was sung at the ceremony, while the medium was entranced. Mr. Comstock was an Englishman by birth, and a chemist, and his spirit bride says that this is why he is a fine subject for materialization, chemists being particularly susceptible to that work through good mediums. The band of spirits that guard the bride have taken Mr. Comstock in and will form a spirit lodge, controlling the movements of the newly wedded pair. In her picture Mrs. Comstock wears her bridal gown.

LIVES IN A HENHOUSE.

Husband Quits His Home Because He Was Angered by Sight of a Whisky Flask.

A correspondent of the Chicago Inter Ocean writes that William H. Pugsley, a contractor of Mount Vernon, N. Y., had his sister-in-law, Mrs. Allie Brown, in the police court the other morning on the charges of disorderly conduct and trespassing.

The trouble began Thanksgiving day, when Mrs. Brown, who is Mrs. Pugsley's younger sister, came to live with the Pugsley's. A few days later Pugsley, who is a prohibitionist, declares that he came home and found a half empty whisky flask on the table.

That night Pugsley went to sleep in the chicken-coop and has since made it his home, leaving his house to his wife and sister. He cooked his meals, made his bed, and lived like a hermit in the

ORDERED HER OFF.

coop. Then the contractor hired a boy to do the cooking.

Monday Mrs. Brown went to the chicken-coop and began to order the boy about. Pugsley ordered her off the premises. When she refused to go he hastened to the police court and obtained a summons for her appearance. Pugsley interrupted the proceedings in court by jumping to his feet and pulling a ten-foot rope from his pocket.

"Say, judge," he said, "please hang me. I would rather die now than to think of intoxicating liquors being in my house."

Judge Bennet suspended sentence on Mrs. Brown, after warning her to keep away from Pugsley's home.

Planting Seed in Eggshells.

A French gardener has adopted a new idea with regard to the transplanting of small shrubs. He sets the seed in some earth laid in half an eggshell instead of a little pot; the shell, which has a small hole in it to permit of draining, is placed in a box of damp mold. When the time arrives for transplanting all that need to be done is to lift out, and break the shell.

KEEP OFF THE EARTH
During the cold and wet weather as much as possible—that is, keep as much shoe leather between the soles of your feet and Mother Earth as you can conveniently carry. It's wisest in the beginning and cheaper in the end to provide yourself with shoes having good solid soles—cold-proof and water-proof, if possible.
We are selling exceptionally good shoes of just this sort for men and women; children, too.
Well built, with broad, heavy soles and with stout uppers.
They're a very paradise of rest for weary feet, and a paradise of economy for weary purses.

The Benumbing, Deadening Club Paper Habit

AT a recent meeting of the New York Women Lawyers' club Mrs. Cora Wells Trow earnestly advised the young women attorneys never to read a paper, but to look their audience in the eyes, whether it was judge, jury or mere outsiders, and say what they had to say face to face.

It is time to inaugurate a crusade against the benumbing, deadening paper reading habit so universal in women's clubs. Since the first club was organized forty years ago clubwomen have papered their way down the corridors of time. They have read long, dull essays enough, if pasted together, to paper a circle around the globe at the equator.

Now, clubs cannot stand that forever. The ideal woman's society would be one that imposed a fine on every member who read an essay, long winded or short winded, instead of standing up straight and shooting what she had to say like arrows at her audience and making it remember.

Think of the same old scene that transpires week after week, year after year, at the club meeting. The president announces that Mrs. Popley will address us on the subject of pure milk for city children. Mrs. Popley rises, is applauded, adjusts her eyeglasses or her lorgnette and opens fire, her obscuring and oftentimes disfiguring hat still upon her head. She has not inspected the stables of the cows supplying city milk. She has probably gone to the library and copied off learned information on the shape of milk bottles B. C. She buries her nose in her paper and begins to read. If she should look up at her audience, she would lose her place. While she drones on the audience begins to whisper. Ladies take that opportunity to impart confidential information to their neighbors.

Presently the whispering becomes so loud as to be obtrusive. The president pounds with her gavel and demands order in her most commanding tone. For two minutes there is silence; then the whispering begins anew. The president pounds and shouts again; same result. The late Mrs. Jennie June Croly once pounded her gavel so hard that it flew to pieces in the impossible attempt to make the women keep silent.

"There, now," said she, "I have broken my gavel trying to make you keep order, and yet you won't keep order."

Meantime the fair reader grinds on, page after page of canned witticisms and philosophical observations on which the copyright ran out before America was discovered. When she stops, the lady auditors are suddenly roused as by the cessation of a soothing noise. They awake to the proprieties of the occasion. They clap their

MRS. POPLEY READS A CLUB PAPER.

pretty gloved hands and applaud heartily their fellow member's "paper," though they do not recollect a word of it. After the meeting they clasp her hand and tell her how they enjoyed her charming "paper." So they did.

A spoken speech, though no more than three minutes long, is better than the most learned essay. It requires more careful preparation, too, than a written speech, but it is worth the trouble, for its wakening, electric effect can never be produced by the written document. If you wish to be a live speaker instead of a half alive reader, jot down in their order upon paper the headings of your address. That much you may commit to paper, also to memory. Then preach over to yourself what you have to say under each heading. Just talking it off silently in plain language. Do this over and again till you are familiar with it as with the multiplication table. Then when you are called on at the club rise bravely, look at the faces of your audience, talk so as to be heard by the back seat people and note the effect. No matter if you forget half of it the first or second time, you try this. The time will come when you will not forget.

"Ah, you do not say 'my child' now!"

"No, you have passed into womanhood with the consciousness of this error. I say error, because it is a situation that you should not have been placed in—no, not to save human life—not even to save your own; for the unscarred whiteness of a woman's soul is the priceless pearl of eternity, and not to be staked on earth. But the thought behind it all was not your own. You yielded under the pressure of fear and advice. Your objections were overcome, and you obeyed an elder person in whom you had implicit confidence. That is all, and I understand."

"Then they did not tell you about me!" she whispered, breathlessly.

"No; you have told me all that I know of you, here in the dark. You are tender, modest, true and pure; and were you my wife in truth, I would not be ashamed to tell this story to the world myself and own you as such after." The words fell from his lips so tenderly, so kindly, she took his hand in both of hers, and laid her face upon it, crying silently.

"The blame of it all is on our friend, the doctor," he continued, deeply touched, and his voice a little unsteady. "What a tumultuous, headlong, hurricane sort of fellow he is! There is no blame for you; for ook, if I am here, how could you have resisted him? And it is only his judgment that was at fault, after all—only his judgment. Why, a truer heart never beat than Brodnar's."

"Would it offend you if I ask a question?" She had waited for composure, and now did not lift her head.

"Why, no, of course."

"You are right sure?"

"Right sure."

"Then, how could any gentleman consent to be placed in such a position as yours? You must have known how embarrassing it was to be for me." His first inclination was to whistle out his astonishment, but he restrained himself.

"You forget, my child—I see you have backslided into childhood—you forget that in the first place I was appealed to in behalf of a woman and no gentleman may resist that. And then I had no reason to suspect that I was to marry a girl. I might have been an experienced widow. Indeed—"

"But you are glad it wasn't, are you not?" she asked, anxiously.

"Yes, my child."

"Does my question then indicate that I am a child?"

"Yes, my child."

"I do not see why."

"Because you are still—a child." She was not satisfied.

Mr. Somers, I want you to think well of me always, and the thought that I may meet you sometime doesn't embarrass me now. It would not embarrass me if I did meet you—even if I should meet you to-morrow. But I wish you to know all about me, and I am going to tell you everything from the beginning."

"No, indeed, you shall not," he said, quickly. She lifted her head, startled.

"Why not—if I choose? I am not afraid to trust you."

"No! no! Miss Frances."

"Ah, I am a woman again!"

"Yes, a woman of a charm so sweet and a heart so true that Richard Somers must arm himself. Not your honor, but mine, the honor of your husband, is at stake, and you promised to regard that always."

"And I shall, sir; only tell me how."

"Why, I have promised my friend not to seek to find out, or permit anyone to tell me anything about you. I may not let even you inform me. You must not."

She was silent, disturbed, and wondering at his intense earnestness.

Then she said, in awe at the mystery of it all: "When we part to-night we are to meet as friends no more? You may never take my hand in yours and speak kindly to me again? Oh, sir, you do not know, you do not know what your tenderness has done for the girl—no, the woman you call a child. You do not know what it is to have missed a father's care, a mother's—"

"Hush!" he cried, "not one word more. You are making it hard—hard for me to keep faith with my friend. You are betraying his secret." She threw off his hand and arose suddenly, with an abandon of passion that overwhelmed him.

"What a mockery! what a mockery! I am ashamed—ashamed! It is I who am betrayed!" He had arisen also, full of emotion and almost unmanned.

"Never—at my hands. I chose the words deliberately. I will honor and protect you—to the best of my ability; but my ability ends where my promise began. All is based upon my contract with Francis Brodnar, my friend."

"Friend—friend!" she said, bitterly; "in God's name, sir, what am I to you?" He was too deeply affected to answer at once. When he did his voice was unsteady.

"This: In the hour I have been here you have found an untrodden way to the heart of Richard Somers. I know now that no woman was ever there before you; none will ever follow you. I may not be here to give you my hand—I do not know the circumstances that surround you, or even if in winning your sympathy I am playing false—but wherever you are, remember that my shadows, and I would keep guard over you if I might." He spoke with an earnestness and passion that disturbed and alarmed himself. Something like a groan burst from his lips when he realized how far he had committed himself, and he sank back in his chair. There presently she found him, and resting her hand timidly upon his arm, she said, gently:

"What would you have me answer you?" She was calm and confident now. At first she had shrunk a little from him. Her simple, confiding action restored to him his calmness.

"I would have you say at what hour it is you are accustomed to close the eyes which look down upon without seeing mine."

"At nine. But what is this upon your lapel—a flower?"

"A white rose for our wedding."

With pretty show of authority she drew it from its resting place and fixed it in her hair.

"Do not flowers belong to the bride?"

"Wear it in memory of me," he said, gently. "But now I am going to insist that you take steps to preserve those other roses which I am sure have bloomed for you. Have you a dressing-room?"

"Yes, but I am not sleepy and I shall not desert you. Wait. Speaking of the rose, I shall sing you a song I love very much—that is, if I can find my guitar. Ah, here it is! Now I'll sit here—and you right there—but I wonder if I can ever play in the dark? May I not have just a little light? I won't mind—"

"How easily you forget! It is impossible. Sing as you are; I shall not hear any discord." He was astonished at her swift change of mood and a new, glad note in her voice. She sang low and sweetly, with perfect control of her tones, the "Last Rose of Summer." And then he understood better. For in her voice he read that the soul and spirit of an impassioned woman dwelt in the slender frame veiled by the shadows of the room. He was silent. Every heartache that had been crushed out of his manhood seemed to have revived under the magic of a subtle tone, an indescribable, indefinable echo. It was a resurrection of something that had died hard within him.

"You do not like my singing," she said, disappointed, when, waiting for his praise, she found him silent and thoughtful.

"Your singing? Yes. But a memory! Go to sleep now. Make yourself comfortable and leave me to keep watch. Yet stay; will you not sing over those lines again? To me they are inexpressibly beautiful."

Standing in the doorway of her dressing-room, she sang the verse through again softly without accompaniment, waited until she was assured that he would not speak, and then paused thoughtfully within. When she came forth, arrayed in her wrapper, she paused beside him, puzzled over his change of mood.

"I am afraid you are going to be lonely," she said.

"Sleep, my child, sleep; I shall not be lonely—knowing you are there."

"Perhaps I am keeping you awake?"

"Yes. That is it; you are keeping me awake!"

"Well, I am holding out my hands and saying 'good night,'" she said. He found and pressed his lips upon them. He held them so tightly and trembled so violently she bent down over him confused. One of her curls, loosened, dropped upon his neck, and another across his cheek. The mingled odor of her hair and the rose filled him with a strange intoxication.

"I am sorry if I have distressed you in any way," she said; "you have been kind, oh, so kind to me. Good night." He still held her hands, his face bowed upon them, his form shaking with a strange emotion. "Good night," she said again. "If I do fall asleep and you are lonely—oh, sir, you hurt me beside."

The Best Telephoned City.

What is the best telephoned city in the world? The question is interesting in view of the coming developments in London. San Francisco seems to be the answer. In that glorious city, with a population of 342,782, there are 21,324 telephones, or 62 per 1,000. In Europe, Copenhagen is probably the best telephoned city, with 15,311 telephones to its 312,859 of population, equal to 49 per 1,000. In Copenhagen, too, the best conditions for the public exist, although the rates are relatively as high as those in American cities. London compares very unfavorably with these figures. At the beginning of this year there were 41,111 telephones to a population of more than 5,500,000, or a proportion of 7 to every 1,000 people. New York, with a population of 2,350,000, had 54,647 instruments, or 26 to 1,000.—London Chronicle.

THEY ALL SAY SO.

Not Only in Plainfield, But in Every City and Town in the Union.

If the reader took the time and trouble to ask his fellow residents of Plainfield, the simple question given below, he would obtain the one answer. If he would read the statements now being published in Plainfield which refer to this answer, it would surprise him to note that they number so many. As many more could be, and may be published, but in the meantime ask the first person you meet what cures backache? The answer will be, Doan's Kidney Pills. Here is a citizen who endorses our claim:

Mrs. Wm. H. Ludlow, of 88 Jackson avenue, says: "I had backache and a sort of dull pain cross my loins for several years. If I sat for any length of time and tried to rise I had a sharp pain in my kidneys. Walking any distance or standing aggravated the difficulty. I could not rest well at night from the fact that I had to be constantly changing about from one position to another trying to free myself from pain. I used quite a number of remedies but got no permanent relief. I was prevailed upon to get Doan's Kidney Pills from L. W. Randolph's drug store. I must say they did me a great deal of good. It is seldom that I feel any pain in my back and when I do a few doses of this remedy never fails to relieve me. I know others who have used Doan's Kidney Pills with good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

LEADS LABOR HOSTS.

Gompers Reelected President of the American Federation.

Not Known Whether He Favors the Chicago Memorial Asking Congress to Put a Curb on the "Injunction Evil."

Samuel Gompers, reelected president of the American Federation of Labor at Scranton, Pa., has won his present eminent position as a labor leader by many years of active work and close study in his special sphere of life. Himself a laborer—he went to work when ten in an English factory—his sympathies have been direct and practical. In 1863, at the age of 13, he came to the United States, and one year later he joined the cigarmakers' union, then forming, and has been an active member of that organization ever since. From his first election as president of the federation he has assisted in almost every big reform in the laws affecting labor and has appeared before commissions, national and state, which from time to time have investigated industrial conditions. The leading trait of Mr. Gompers' character is his intense practicalism. He entertains no hobbies or theories whatever.

It is not known whether Mr. Gompers is in favor of the petition adopted by the Chicago Federation of Labor, which is to be sent to the president, United States senators and members of the house of representatives, praying that such legislation be passed as will tend to curb the power of federal judges to issue injunctions during labor disputes.

The memorial speaks in the name of 115,000 organized workmen in Chicago, and says that government by injunction has reached a stage where it has become intolerable. "Lese majeste" in Germany is declared to be preferable, inasmuch as the kaiser does not sit in judgment in such cases, while the federal judge in America is judge, jury and executioner.

The petition is as follows: "Our fathers in their wisdom provided for three distinct co-ordinate parts of government, the legislative, the judicial, the executive, and it was certainly their intention that these should be independent of each other, and of exclusive jurisdiction in their respective spheres, but steadily and persistently the judiciary has proceeded in its usurpation of the functions of the other departments, so that to-day 'court made' law is the rule, and 'statute' law is the exception.

SAMUEL GOMPERS.
(Reelected President of American Federation of Labor.)

"The courts of this country, and more particularly the federal courts, have assumed all the powers of the government; have declared unlawful many things never before suspected of being illegal; within the past year blanket injunctions have been issued preventing anybody and everybody to whom notice should in any way come from *contributing money or food to persons* who were the victims of manufacturers' lockouts—this in New York and Kentucky—but it remained for a federal court, the United States circuit court, Northern district of Illinois, to enjoin the members of a labor union *from mentioning to each other or to* anybody the fact that a concern in Cincinnati was nonunion. These courts make the laws, construe the laws, and through their marshals enforce them.

"Any person charged with a violation of any of these special court-made laws, promulgated as an injunction, is brought before the judge that issued it, before the person whose dignity is claimed to have been insulted; no jury is called; no change of venue provided for; there is no limit to the punishment. This judge made the law, he, himself, is judge of what constitutes a violation of it; prejudiced as he must be against a person whom he has already declared a lawbreaker, he still sits in judgment upon this claimed offense against his own law and his own dignity.

"Under the present system no workman can ever learn what rights, if any, he has. These rights, if any exist, depend entirely upon the individual point of view of the judge who happens to preside over the court before whom the workman is brought. The punishment for every criminal offense is prescribed and limited by statute. Yet a federal judge may by injunction forbid the same offense, and then the person charged therewith is brought into the federal court for punishment—his constitutional right is gone and the limit of his punishment is removed."

Kites for Towing Boats.

Malay kites are being used on the French river Moselle for towing boats. An experiment was tried with a kite six and a half feet long, which towed a boat containing six persons and made good headway against a strong current.

SPORTING NEWS

STRIKES AND SPARES.

The old Crescent bowling team captained by J. Hervey Doane, will roll the Y. M. C. A. team on the latter's alleys, Monday evening. The old Crescents have been practicing regularly for the past few weeks and some very high scores are predicted.

ON THE DIAMOND.

William Keeler, the star player on the Brooklyn National League team, has been appointed captain of the team for the coming season. "Billy" at one time played in this city, in fact the commencement of his brilliant career was in Plainfield.

BASKET BALL.

A basket ball game will take place at the Y. M. C. A. Monday evening between the Leal s school team and the first team of the association. Both teams are in fine shape and an exciting contest is looked for.

CITY JOTTINGS.

—Charles E. Meyer, Jr., of South Second street, has taken a position as traveling salesman for a New York house.

—Have you tried the celebrated Cairn's Scotch jams and marmalade sold by Neuman Brothers? They are simply delicious.

—The topic for the Christian Endeavor Society meeting at the First Baptist church tomorrow evening will be "Heaven for All."

—Mrs. Mary E. Miller, of 19 Craig place, has removed to Summit avenue, and Mrs. Ida A. Luckey, of Central avenue, has taken possession of the house vacated by Mrs. Miller.

HAS NO FOUNDATION.

Wild Tale in The World About Hope Chapel Was a Fake.

A lengthy article appeared in this morning's New York World from Plainfield, to the effect that a riot was nearly precipitated at Hope chapel, Saturday evening, through the intermingling of American and British flags in the decorations for the Martha Washington supper. The story is absolutely without foundation and the chapel members are greatly indignant over its spread.

Went to See the Prince.

A delegation of the members of the Gesang and Turn Verein went to New York yesterday to see Prince Henry, of Prussia. Some of the members have seen him in the Fatherland and were doubly anxious to get another sight of America's guest. Before returning the Plainfielders viewed the torchlight procession given by the German-Americans in honor of the Prince.

Taken to Higher Court.

The contract case of Bock against Upson, which went to the plaintiff by default in Justice Hand's court, Tuesday, has been appealed. The necessary $200 bond was filed yesterday. The defendant preferred to have the case tried before the higher court at Elizabeth.

Two Sessions Again.

During the present week there has been but one session daily in the primary department of the Plainfield public schools. This change was made because of the inclement conditions. Commencing with today the regular sessions will be resumed.

Retail Clerks to Meet.

There will be a meeting of the Retail Clerks' Association this evening for the last time in the Building Trades' Council Hall, on West Front street. The next meeting will be held in the new quarters in G. A. R. Hall on East Front street.

Change in Hour of Service.

Hereafter the Sunday-school of the Church of the Heavenly Rest will meet at 9:15 o'clock instead of at 9:45. The hour for the morning service has been changed from 11 o'clock to 10:30.

THE MOST RECRUITS FROM LOCAL COURTS

Prizes Won for Largest Number of Applicants at the Foresters' Night.

10 COURTS REPRESENTED

MANY OF THE HIGH COURT OFFICIALS WERE ALSO PRESENT.

Big Time Held at Reform Hall Last Evening Under the Auspices of Courts Plainfield and Watchung—The Programme.

Last evening was Forestor's night in this city. Delegations numbering from ten to thirty from ten courts of the I. O. F., assembled in Reform Hall under the auspices of Courts Plainfield and Watchung. The gathering was one of a series of affairs which are being held about the State for the purpose of increasing the membership of the order. They are styled High Court class initiations.

Representatives were present, last evening, from courts at South Plainfield, New Providence, Cranford, Dunellen, Somerville, Bound Brook and Raritan. There were also present the High Court officers as follows: High Chief Ranger H. H. Lowrie, of this city; High Secretary F. Mackenzie, High Treasurer W. J. Norman and Deputy Chief Ranger R. Bingham, all of Elizabeth; Past High Chief Ranger L. T. Titsworth and District Deputy S. O. Sutton, of Dunellen. The programme was carried out under the supervision of the latter.

The principal event of the evening was the class initiation, as two prizes had been offered by the High Court for the local court presenting the greatest number of candidates for entrance to the lodge. Both prizes were taken by the Plainfield courts. In all there were forty-five candidates initiated and of these Court Plainfield presented thirteen and Court Watchung ten. The prizes were bowling and euchre sets and are intended to be for amusement in the court rooms.

An informal programme was rendered which consisted of vocal selections by Frank McCabe, of this city, recitations by Morris J. Higgins, of South Plainfield, fancy dancing by William Monsell, of this city, piano selections by Frank Humpston, of Dunellen, and vocal and piano selections by Charles Howell, of Somerville. Addresses were made by the High Court officers, all of which had bearing on the aims and work of the Forestor's organization.

The High officers were greatly pleased with the showing made by Plainfield and the members of both courts were highly complimented for their efforts in winning the prizes.

Plainfielder Reported Killed.

While coupling cars Peter J. Beers, a brakeman in the employ of the New Jersey Central Railroad, was instantly killed at Jersey City, yesterday. The man was twenty-four years of age and is reported to be a resident of this city, according to The New York World, of yesterday. No such name appears in the local directory.

Funeral of Wm. Betts.

Funeral services over the remains of William Betts were held yesterday afternoon from the undertaking parlors of A. M. Runyon & Son. There were many relatives present. Rev. A. F. Tildon, pastor of Bethel chapel, was the officiating clergymen. Interment was made in Hillside cemetery.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. L. W. Randolph.

PICKED TEAM FROM Y. M. C. A.

WILL REPRESENT ASSOCIATION IN STATE MEET AT NEWARK.

Four Men Chosen For Gymnastic and Four More For Athletic Contests—Baseball Talk.

At a meeting of the physical department members of the Y. M. C. A., last evening, final selections were made of the athletes who are to represent the local association at the State meet to be held in Newark, March 8.

Those to take part in the gymnastic events are Walter Cahoone, Arthur Denton, Fred Cranston, and Walter McNaughton; athletic events, Donald A. McGee, William Heineke and Elias Giles. As substitutes in case of accident, Percy Hand was selected for the athletics and Edward Neal for the gymnastics. These names have been forwarded to headquarters in New York and will be officially recorded.

Following the meeting there was an interesting discussion in regard to an association baseball team during the coming season. Most of the members are in favor of it and more so since the Leal School team has proposed a merger of the two nines. They have some excellent available material for the entire summer and coupled with the association s best athletes a strong team could be organized. The matter will be fully discussed at a later meeting.

SECOND DEGREE.

How Justice is Administered in North Plainfield These Days —By Degrees.

The second degree in the borough policy of good order was administered to John Lannon, charged with drunkenness, last evening, by Recorder Doud. He had taken the first degree several times, but it proved quite ineffectual. This initial part of the policy generally consists of allowing the offender to sober up in the lockup or, if a married man, in some cases taking him to his home.

Lannon had not taken the Recorder's friendly lectures to heart and yesterday it became necessary for Chief Marshal Campbell to lock him up again. The borough's magistrate sentenced him to pay a fine of $10 and spend seven days in the municipal jail. The fine was paid and the term is being served by the offender.

WILL BE LENIENT.

Such Will be Court's Conduct In Case of Wm. Sweeney.

There is a well defined rumor afloat that William Sweeney, the young law student awaiting sentence for embezzlement, will not be severely dealt with. Persons in a position to know declare it is the intention of the court when he appears next Wednesday, to parole him in the custody of a prominent Plainfielder. Several persons have been in conference with Judge Vail and the conclusions are drawn from this fact.

WILL PAY DAMAGES.

Trolley Company Has Reached Settlement in Case of Miss Hart.

The Elizabeth, Plainfield and Central Jersey Street Railway Company, through its counsel, Frank Bergen, has signified its willingness to pay $5,000 damages in the case of Miss Edna Hart, of Cranford, against the company. Robert M. Clark represents Miss Hart. The company attempted to get a new trial. This was refused, hence the settlement. $10,000 was the amount asked, but the court granted $5,000.

PERSONAL.

E. Victor Lorton, of Plainfield avenue, is ill with an attack of the grip.

Miss Anna Kelly, of Woodhull & Martin's store, is spending a week with friends in Jersey City.

NEW SCHOOL LAW TO VALIDATE STOKES ACT

Bill Has Been Introduced in the Legislature by Senator McKee, of Passaic.

SOME OF ITS PROVISIONS.

RE-ENACTS MOST OF THE ESSENTIAL FEATURES OF THE STOKES LAW.

Understood That Bill Has Approval of Judges Regarding the Points on Which Stokes Act Was Declared Unconstitutional.

A new school law, with a few changes, intended to validate the Stokes act of 1900, declared unconstitutional by the courts, was among the batch of new bills introduced before the State Legislature adjourned Wednesday. Senator McKee, of Passaic, stands sponsor for the new school act.

The proposed new school law re-enacts most of the essential features of the Stokes act, including the provision for an optional appointive or elective local Board of Education of nine members in cities that vote to adopt the provision.

The vital failure of the Stokes act was in the classification of municipalities, they being divided for the purposes of the act into municipalities divide into wards and those not so divided.

The new bill puts cities of all kinds in one class and all towns, boroughs and townships in another class. It is understood that this classification has the approval of the Justices that found grounds for unconstitutionality in the original classification.

The new bill has the same provisions for a board of school estimate, gives Common Councils, on recommendation of the Board of Education and the Board of Estimate, the power to make appropriations for school maintenance, and to issue bonds for new schoolhouses or repairs; re-enacts the 1901 law establishing the basis of apportionment of school money on the average attendance instead of the results shown by a school census; gives Boards of Education in one class the power to condemn lands for school purposes; adds the Farnum Preparatory School to the list of educational institutions under the management of the State Board of Education, and among other things gives Boards of Education the power to exclude teachers who have not been vaccinated from the schools.

TIRED OF LIFE.

So Darcy Brown Hanged Himself in His Barn, Near Pluckemin, Wednesday Morning.

(Special to The Daily Press.)

Somerville, Feb. 28—Tired of this life Darcy Brown, of Pluckamin, a well-known farmer, committed suicide, Wednesday morning, by hanging himself in his barn. He had been acting strangely for some time and when he went out to the barn his sister followed him shortly afterward. She was shocked to see him hanging with his feet but a few inches from the floor.

Brown had fastened an old rope to a beam, put it about his neck and slid from a pile of hay. It is thought possible that he may still have been alive when his sister first saw him hanging. She was so overcome that instead of cutting him down she ran to a neighbor's for help. Brown was a son of the late John N. Brown.

WHY HE WROTE IT.

Author of "My Girl" Wanted to Make People Laugh.

The farce "My Girl" that is to be at the Casino Monday night is the lightest of light comedy. The author had but one thought in view when he wrote it, and that was to make people laugh, and he has accomplished his end.

Wills and Johnson, clever performers that they are, have grasped it out to the letter. Their support is the best in the pure comedy line, the songs are bright, the girls are pretty, and the men are comedians, all that is needed to make up a good evening's laugh.

Talked of Great Composers.

The Ensemble Club met at Miss Anna O. Marsh's yesterday afternoon to discuss the lives of Beethoven and Mendelssohn. Papers were read and selections from the works of these great composers were rendered.

Lenten Services.

Lenten services will be held at St. Stephen's church, Netherwood, at 5 o'clock this afternoon. Tomorrow afternoon at 4:30 o'clock services will be held at Grace church.

AVOIDED DRIFTS.

Cole's Hill, Badly Cut Up by Teamsters, is Being Repaired.

Cole's hill has been badly torn up during the past few days by teamsters turning out of the way to avoid huge drifts. Residents in the vicinity entered complaints to the street department and yesterday a gang of men was placed at work, levelling the snow. The road was also put in fairly good shape and will be further improved as soon as the weather permits.

FAREWELL TO MISS WHITNEY

PLEASANT AFFAIR GIVEN BY THIRD YEAR PUPILS OF HIGH SCHOOL.

Reception Held at the Franklin Building—She Leaves to be Married.

A pleasant affair in the nature of a farewell reception was tendered to Miss Alice M. Whitney, one of the popular teachers in the Plainfield High School, last evening, in the Franklin School building. Miss Whitney relinquishes her position in the school today, to be married, and it was to show their appreciation of her services that the young people of the third year class in the school arranged this reception.

Tasteful decorations in red and white effect, the colors of the class, adorned the assembly hall. Throughout the affair was purely informal. Towards the latter part of the evening dancing was a feature enjoyed by a number of the guests. The members of the senior and the officers of the other classes had received special invitations and they joined in the spirit of the occasion. All the members of the school faculty, including Principal Ira W. Travell, were in attendance.

Assisting Miss Whitney in receiving were Mrs. Lindley Best, Miss Prescott and Miss Katherine Ball. Those who poured were the Misses Stevens, Martha Robert, Lillian Snodgrass, Mae Batchelor.

PACKAGE SALE BEGUN.

Asa Collier's Novel Plan Tried With Much Success—To be Continued.

The package sale, which commenced at Asa Collier's jewelry store in Park avenue, yesterday afternoon, at 2 o'clock, was a great success from the start. Fully two hundred people assembled and nearly as many packages were sold.

There are a hundred packages left, including the ones with the diamond ring, tea set, men's umbrella, butter dish and a number of gold rings. The sale will be continued every afternoon for a week.

At yesterday's sale, Mrs. George Bremmer, of 58 Harrison street, received the women's umbrella; Miss Hyler, of West Front street, a butter dish, and Alex. D. Findlay, of East Second street, a parlor clock.

ALMOST IMPASSABLE.

Horrid Condition of Some of the Streets in the West End.

The floods of the past few days have left West End streets in an almost impassable condition, especially in the vicinity of the machine shops. In some places the sidewalks were badly washed out and will need many loads of filling to put them in proper condition for travel. The lane leading from West Fourth street to West Third street, opposite Muhlenberg hospital, is still under water, causing a great deal of inconvenience to persons passing to and from the institution.

Interesting Lecture.

"With the Macabebe Scouts in Gen. Lawton's Campaign After Aguinaldo," is the subject of the illustrated lecture in the Y. M. C. A. supplemental course by Dr. M. S. Simpson, Tuesday evening, March 4. Tickets for this lecture can be obtained free at the drug stores.

Free Day.

This is free day in the North Plainfield public schools and consequently the regular daily course of study is temporarily suspended. The proficient pupils are rewarded with a holiday, while those deficient in any branch are receiving special attention.

Women Bowled.

The Ladies' Bowling Club of the Gesang and Turn Verein held its regular meeting, yesterday afternoon. Some interesting bowling matches took place during the afternoon. Refreshments were served before adjournment.

For Machinists.

A fine social entertainment will be provided by the Y. M. C. A. for the employes of the machine shops of the city Saturday evening of this week.

PREPARING FOR ASSESSORS

COLLECTOR SMITH HAS TROUBLE LOCATING RIGHTFUL OWNERS.

Some of the Things Which Make Trouble for the Collector—Transfers of Property.

Collector F. H. Smith and his assistant, David Pope, are busily engaged preparing the books for the assessors prior to their making their annual rounds of the city. Considerable difficulty is experienced in locating the rightful owners of some properties. This trouble arises from a habit which certain persons have of transferring property any number of times during a year.

Oftentimes a tax bill will be sent to a person supposed to own a property and it will eventually be discovered that that person does not hold the deed, but is simply paying on the property with the understanding that the person from whom it was purchased is to pay the tax until the deed is transferred. This sort of work has occasioned no end of trouble.

In order to get the most accurate information regarding transfers the collector is obliged to go to the county clerk's office. This is the "court of last resort," and there is no other way of gaining information. In the meantime the property in question may be transferred several times.

In recording the transfer of a deed, the consideration is placed at $1, whereas in the deed it reads "for $1 and other considerations." The other considerations are only known to the parties making the deal and it is puzzling for assessors to rightly and equitably assess these kinds of properties. These are only a few of the many things which make work hard for the collector of taxes and assessors. Yet if a slight mistake it made there is no end to the complaints heard.

ALMOST INTO STREET.

Drill Engine on the Central Came Near Dropping Into Central Avenue From Trestle.

Drill Engine No. 30, of the New Jersey Central, narrowly escaped being precipitated into Central avenue, Wednesday afternoon, while pushing a coal car along the McDonough Brothers' chutes. A number of covers had been left off the openings to the coal bins and the forward trucks of the car struck them.

As it is necessary to climb the chutes very fast to get up the grade, the car left the track and the engine sped toward the end overlooking Central avenue. It struck with a crash that could be heard several blocks but the supports held firm. The fireman jumped but the engineer stuck to his post and reversed the engine.

NEW SCHOOLHOUSE.

Somerville Will Vote on Question of Building One.

(Special to The Daily Press.)

Somerville, Feb. 28—A special meeting of the legal voters of the school district of Somerville will be held in the schoolhouse, Monday evening, March 10, at 7:30 o'clock, for the purpose of voting on the proposition of authorizing the board of education to borrow a sum not exceeding $60,000 to erect a new schoolhouse here, and buy a plot of ground and put up a new schoolhouse in East Somerville.

This move has aroused interest in the town, and everybody is discussing the subject.

SCHOOL MEETING.

Will be Held in North Plainfield, Tuesday, March 18.

The borough district school meeting will be held Tuesday evening, March 18, and at that time the proposition concerning a new school building will be definitely outlined for the benefit of the citizens. At the present time the committee is actively engaged securing estimates on the cost of a suitable site, the expense of improving a present building and of erecting a new structure. In all probability the committee will settle upon some definite arrangement or will lay the proposition before the boroughites at that time.

Preparing Annual Report.

Superintendent Wightman, of the borough public schools, is engaged in preparing his annual report. The need for additional school accommodations will be detailed in his yearly statement.

—At Neuman Brothers tomorrow; fresh table celery, fine tomatoes, radishes, cucumbers, water cress, spinach, rhubarb, green beans, cauliflower and new potatoes.

WESTFIELD IS THE WINNER

Defeated Roselle Casino for Championship of Daily Press Bowling League.

TWO EXCITING GAMES.

Tie Between Westfield Club and the Roselle Casino Rolled Off on the Cranford Alleys Last Night—First Game Won by Six Pins—Then Roselle Succumbed.

The Daily Press trophy has passed into the keeping of the Westfield Club for the next twelve months. Steady nerve and accurate bowling gave that club victory over the Roselle Casino in the deciding series in The Daily Press Bowling League, rolled on the alleys of the Cranford Casino last evening. Westfield won in two straight games of a sensational order. Throughout both of them, the excitiment rose to a very high pitch.

The first game was the most remarkable ever rolled since the league began. Victory remained in doubt until the last ball was rolled. The strain of the battle told on both teams in the second but Westfield was the first to recover and won out by nearly a hundred pins. The alleys were crowded with the friends of the two teams and a number of spectators from Plainfield and Cranford.

Roselle took the lead by five pins at the start of the first game. A clean frame from Westfield sent that club ahead at the third. The teams rolled evenly up to the eighth when they were side by side. The ninth frame was silghtly in favor of Westfield. Then came the windup.

Forster and Graves both made strikes, Bogert and Kenney scored spares. Voehl made his spare with ten on the windup while Gardner Miller kissed his spare. Hegeman and C. A. Smith were both good for spares. Mulford cleared the alley on his first ball making a double-header while Chauncey Smith, of Westfield, drew a split. The Westfield rooters groaned. A cleverly rolled ball gave Smith his spare and a great shout went up. He made a strike rolling off the spare while Mulford score ten on his roll off for the strike. Then came a mighty yell for the scorekeepers announced the Westfield had won by just six pins.

Westfield opened the second game in fine form but speedily followed Roselle's example and went to pieces. The strain was evidently telling on both sides for easy spares were missed and strikes were almost unknown except to Voehl and Chauncey Smith who went steadily on. Then the other Westfield men picked up and Roselle was left hopelessly in the rear. After the fourth frame, it was evident that only a landslide could change the result. Roselle did finally wake to the occasion and made a game effort to recover the lost laurels but it was too late. Westfield's lead was reduced somewhat but that team won out by eigthy-six pins.

With two victories, a third game was not necessary and so the championship of The Daily Press League was won by Westfield. This series of games was required owing to the fact that Westfield and Roselle were tied when the regular schedule was completed. Roselle has now two wins for the trophy and Westfield one. Three wins gives permanent possession. The individual prize winners will be announced next week.

The scores of last night were:

Westfield Club.	1st game.	2d game.
Forster	147	150
Bogert	171	153
Voehl	186	189
Hegeman	145	156
C. D. Smith	155	216
	804	864

Roselle	1st game.	2d game.
Greves	164	160
Kenney	198	127
G. Miller	123	181
C. A. Smith	175	158
Mulford	178	152
	798	778

Only Routine Business.

A meeting of the consistory of the German Reformed church was held last evening in the church edifice. Little was done beyond routine business.

Board of Health Meeting.

The regular meeting of the Board of Health will be held Tuesday, March 4, at the rooms on North avenue.

DINED AND TOLD STORIES

GERMAN BENEFICIAL SOCIETY CELEBRATED ITS ANNIVERSARY.

Informal Banquet at Saengerbund Hall Was Chief Feature of Celebration

A jolly good time was enjoyed by the members of the German Beneficial Society and their wives and friends, last evening, in Saengerbund Hall. The occasion was the sixth anniversary of the organization, and the feature of the affair was a banquet of the informal order.

In all about forty persons gathered about the festive board and participated in the merriment. Jokes and good stories, at the expense of a number of the diners, were conspicuous features of the evening. All the dishes dear to the heart of one that hails from the Fatherland were to be found upon the long table. Some speeches, mainly on the organization and its benefits, were made by several of the prominent members. The committee having the affair in charge were Henry Bergen, chairman, Henry Rummel, Vincent Wisniewski, August Wolff and John Wirth.

Towards the latter part of the evening a prize drawing afforded much amusement. Each member brought some little package which was numbered and in turn each member drew a number and the package corresponding was awarded to him. A hearty laugh was caused by the opening of these presents.

This organization is now in a prosperous condition and is doing a good work. Its officers are: President, William Gardner; vice president, Henry Bergen; corresponding secretary, Vincent Wisniewksi; financial secretary, August Wolff; treasurer, John Wirth. When the organization started there were but six members, while now the roll of the society includes thirty-four.

Snowball Fight at Raritan Ended in Sibilia Sticking Knife Into Another Lad.

(Special to The Daily Press.)

Somerville, Feb. 28—A snowball battle between Rocco Sibila and Rocco DiPaolo, two Raritan school boys, which began in a friendly manner, resulted in what may prove a fatal injury to young DiPaolo Tuesday.

Thinking he was getting the worst of the encounter with the frozen missiles DiPaolo became enraged and began using his fists on Sibilia, who drew a knife and stabbed his antagonist in the back. DiPaolo fell bleeding.

After a physician has dressed the wound DiPaolo's father called on Prosecutor Briggs, who ordered Sibilia arrested. Officer Conboy took the lad before Justice Kitchen, who held him for the Grand Jury. Later Sibilia was released in $500 bail.

ADDITION TO COUNTY JAIL.

Builders of Union County Will Have an Opportunity to Submit Bids.

Builders of Union county will have a opportunity next week to submit estimates for the erection of a building which will ultimately become an addition to the county jail at Elizabeth. The purpose of its immediate construction is to provide storage room for the records of the county, while the work of building the new court house is in progress.

The building will be erected on the Union street side of the county's property north of and adjoining the present county jail. It will be constructed of brick and stone, and of sufficient capacity to provide temporary offices for the county clerk, surrogate, safety storage rooms, a prison cookhouse and laundry. The building will be in readiness when the progress of the work will necessitate a removal from the old building.

NEW CULVERT.

Has Been Found Necessary at Leland and South Avenues.

In opening culverts about town yesterday to allow the water a clear run, men in the street department found the one at Leland and South avenues in very bad shape. It will have to be rebuilt and enlarged as soon as the frost is out of the ground. A great volume of water passes at this point during the storms and the new culvert will, no doubt, alleviate the flooded condition which generally exists.

Death of Michael Murphy.

Michael Murphy, a laborer, living at 215 Stebbins place, died last night at his home. He had been sick for a long time and his death was not unexpected. Arrangements have not yet been make for the funeral.

DOGS KILLED CHICKENS.

Two Canines Carried Death Into Frank Hedden's Hennery.

Two stray dogs wandered into Frank Hedden's hennery on East Fourth street, yesterday morning, and slaughtered thirty of his choice fowls. Eight more were bitten so badly that they had to be killed. The dogs were seen by Mr. Hedden's employes but they were unable to catch them. Among the fowls killed were some prize winners which have been exhibited at numerous poultry shows.

FIRST FATAL CASE HERE

RICHARD M'CULLOUGH DIED FROM SMALL-POX YESTERDAY.

Contracted the Disease in Newark—Prompt Measures by Health Board Will Prevent Spread.

Robert McCullough, aged forty-eight years, a journeyman moulder, died yesterday forenoon at the isolation hospital, the result of a malignant attack of small-pox. The case developed Wednesday, when he was first seen by Dr. Marcus L. Clawson. McCullough was removed at once from his boarding-house at 216 Pond place, to the isolation hospital, where he died as stated. The body was buried last night in Hillside cemetery by a local undertaker.

McCullough, whose home was in New York State, where he has a family, has been travelling about from place to place working at his trade. For several days prior to last Friday he had been stopping at a cheap boarding-house in Newark. There had been a case of small-pox at the boarding-house and there is no doubt among the local members of the Board of Health, but that McCullough got the disease there.

Last Friday McCullough came to Plainfield and stopped at 216 Pond place. The same day he secured employment in the Pond Machine Tool Works, where he continued to work until Saturday. Between that day and Wednesday the disease developed in a severe form. After McCullough was taken to the isolation hospital, the boarding-house, as well as everybody who had come in contact with the man, was thoroughly fumigated by Health Inspector Addis, while the Board of Health resumed the work of vaccination among those who had been close to the man. The board does not apprehend any serious results, as prompt measures were taken to prevent the spread of the disease.

McCullough had irregular habits and it is said that he was a person that did not take the best of care of himself. He roamed about the country, working at odd times as he felt disposed and when he could get employment. The local Machinists' Association will notify the dead man's family.

All of the moulders in the Pond Machine Tool Works, who were not previously treated, were vaccinated by the Board of Health as soon as the case was discovered.

HALL WAS PACKED.

Many Heard Dr. Snodgrass' Lecture on "A Summer Ramble in Europe."

"A Summer Ramble in Europe," was the subject of an interesting illustrated lecture given last evening by Rev. Dr. W. C. Snodgrass in the supplemental course of entertainments at the Y. M. C. A. The hall was packed to the very doors and it was simply impossible to accommodate all those who wanted to attend. Many went away not willing to stand.

Dr. Snodgrass had forty-five views depicting life in Ireland and various parts of Europe, where he has travelled on two occasions. The pictures were excellent and the personal experience of the lecturer was given in an entertaining way. Everyone present received a better idea of the foreign countries than in some instances they had before. At the close of the lecture a collection was received to defray expenses.

WERE NOT EXPECTED.

Forty Friends Dropped in and Surprised Mr. and Mrs. VanNatta.

Under the guidance of Hiram Humes and Ray King, forty friends called unexpectedly at the home of Mr. and Mrs. I. C. VanNatta, of La Grande avenue, last evening. It was a call in the nature of a surprise party and lasted until after midnight. Musical features and dancing whiled the hours away all too quickly, but to the enjoyment of everyone. Refreshments were served at the close of the evening.

—A preparatory service will be held in Trinity Reformed church tonight at 8 o'clock and the Lord's Supper will be celebrated on Sunday morning.

TEARS FLOWED FREELY IN CITY COURT TODAY

Fumigation of Police Headquarters Was Responsible for the Tearful Time.

EVERYBODY WEEPING.

COMPANIONS OF SMALL-POX VICTIM HAD BEEN TAKEN THERE.

Put in Safe Keeping Until They Could be Vaccinated and Fumigated—Prisoners in Cells Had to be Vaccinated Too.

There was not a dry eye to be seen in the city court, this morning, during a number of trials. The sudden overflow of tear ducts wasn't due to the pathos of the scenes, for the court attaches are used to that, but to a visit from Inspector Addis of the health board. He came armed with his disinfecting apparatus and the can seemed to work overtime soon after it was started.

A drunk and disorderly case was on when the first pungent fumes struck the court room and in a few minutes, City Judge Runyon, Chief Kiely, court officers and witnesses were crying. The lachrymal exhibition reached such bounds that for a while it resembled a miniature Niagara. All sorts of expedients were tried to head it off but there as no help for it until the proceedings were over and everybody made a rush for the open air. The reason for the fumigation was due to the fact that William Stewart and Robert White, two men who had been living with Richard McCullough, the small-pox victim, had spent part of last night in cells. They disappeared soon after McCullough was taken to the isolation hospital and the police had orders to arrest them. They were taken into custody, last evening, and, after being vaccinated and fumigated, were released. This made it necessary for headquarters to be treated also to destroy all chances of contagion.

Two prisoners, John Lannon and Adam Smith, were vaccinated by Dr. Probasco, this morning, despite strenuous objections on the part of both. Officer Cash as also vaccinated having been near the cells on several occasions.

MUST LIVE APART.

Thus Judge Runyon Settled a Quarrel Between Smith and His Mother-in-Law.

Mrs. Bridget Monks, of West Second street, a feeble old woman who from appearance has passed the three score and ten mark, was complainant in the city court, this morning, against her son-in-law, Adam Smith, who she charged with striking her on the head with a piece of crockery and calling her vile names.

Smith entered a general denial and offered in rebuttal a series of indignities offered him by Mrs. Monks which extended over a period of fourteen years, the time he has been married. City Judge Runyon observed that it was an exaggerated case of son-in-law and mother-in-law. He advised a separation to which both eagerly agreed, but with the understanding that Smith is to be arrested if he hovers about Mrs. Monk's home.

POPE'S ANNIVERSARY.

To be Commemorated at St. Joseph's Church Sunday Morning.

Jubilee services in commemoration of Pope Leo's ninety-second anniversary will be held in St. Joseph's church, Sunday morning. The hour of the service is 10:30 o'clock.

The impressive mass written by Father Gans, one of the leading composers in the Roman Catholic church in this country, will be sung by the choir. Before the close of the service the entire congregation will unite in singing the TeDeum.

At the evening service, Rev. Father Miller, the rector, will deliver a sermon on "The Papacy and the Present Pope." Prior to this discourse, Millard's musical vespers will be sung by the quartette of the choir.

The concluding service of the jubilee will be held Monday morning, when high mass will take place. This will be in celebration of the commencement of the Pope's silver jubilee, it having been twenty-five years since his accession as head of the church.

Two Entertainments.

The members of Bethel chapel are planning for two entertainments, one to be given next week and the other the last of March.

THOSE WHO COME AND GO

NOTES CONCERNING PLAINFIELDERS AND THEIR MANY GUESTS.

Some of Those That Go to Make Up the Day's Budget of Arrivals and Departures.

Mr. and Mrs. William N. Tier, of Bank place, are visiting friends in Brooklyn.

Jeremiah Burke, of Raritan, has been visiting Plainfield friends for a short time.

Miss Ella Fenner, who has been visting Plainfield relatives, has gone to Raritan.

Mrs. John Hoffman, of West Third street, is slowly recovering from a severe illness.

Joseph B. Miller, formerly of this city but now of Elizabeth, is visiting friends in town.

Christopher Heckman, of Freehold, has returned home after a visit with Plainfield friends.

Howard Warnock, of Arlington avenue, is recovering rapidly from an attack of scarlet fever.

Mrs. Harned, formerly of Craig place, but now of Harlem, has been visiting Plainfield friends.

Randolph Marsh, of Plainfield avenue, is entertaining his son, Vincent Marsh, of Hartford, Conn.

Alfred Aitken, of West Third street, attended the funeral of a near relative at Neshanic, yesterday.

Harry Lister, of Willow avenue, who has been ill for some time past, is reported as being much worse.

Mrs. William A. Freeman, of Sandford avenue, has returned from a week's stay with friends in Brooklyn.

Mrs. Valentine Utzinger, of Grandview avenue, has returned from a visit with Freehold friends and relatives.

Henry Wolfson, of East Sixth street, is home from Buffalo, where he has been visiting relatives for the past few weeks.

George Wieda, formerly engaged in the confectionery business in this city, but now of Jersey City, was in Plainfield yesterday calling on friends.

Mr. and Mrs. William Johnson, of East Fourth street, are receiving congratulations over the arrival of a young son who came to their home, Wednesday night.

Mrs. Dow, of Elizabeth, sister of Mrs. Amos Gray, of Elmwood place, returned a few days ago from Seattle, where she visited her sisters for three weeks. This was the first visit in several years.

THEATRICAL.

There is continued evidence of the increasing popularity of F. F. Proctor's new theatre in Newark. In spite of Lent and bad weather the attendance continues to be on the capacity order. Next week another long and strong bill of polite and artistic entertainers has been secured. The Beaux and Belles Octette will be the feature. Flo Irwin and Walter Hawley furnish the customary dramatic sketch in "3:33 in the Morn." Of special interest will be Clay M. Greene's travesty, "Surelock Holmes," as presented by the Columbia Comedy Co. and "Locked Out," a twenty-minute curtain raiser to be introduced by the Fifth Avenue Sketch Club.

The Fifth Avenue will have "Mistakes Will Happen" as the Proctor Stock Company offering. "A Duel by Proxy," an original little sketch, will be used as a curtain raiser. Up in Harlem the Proctor Stock Company will present one of the late Roland Reed's most successful starring plays, "His Father's Boy," as the feature of the bill at the One Hundred and Twenty-fifth Street with "A Woman's Won't" as the curtain raiser.

The marvelous Svengalis, in a European sensational novelty, are the top-sawyers in the Twenty-third Street big bill of continuous vaudeville. F. F. Proctor's photographers had the exclusive privilege of taking motion photographs of the launching of the Meteor at Downey & Townsend's Ship Yard. The photographs show Prince Henry, the Presidential party and other distinguished persons in attendance. Miss Alice Roosevelt is clearly pictured in the act of breaking the bottle of wine and the launch is splendidly reproduced upon the kalatechnoscope slides.

Clerk's Wise Suggestion.

"I have lately been much troubled with dyspepsia, belching and sour stomach," writes M. S. Mead, leading pharmacist of Attleboro, Mass. "I could eat hardly anything without suffering several hours. My clerk suggested I try Kodol Dyspepsia Cure which I did with most happy results. I have had no more trouble and when one can go to eating mince pie, cheese, candy and nuts after such a time, their digestion must be pretty good. I endorse Kodol Dyspepsia Cure heartily." You don't have to diet. Eat all the good food you want but don't overload the stomach. Kodol Dyspepsia Cure digests your food. L. W. Randolph.

TEA TABLE TALK.

Short Sketches That Are Not Always News, But Just as Interesting.

Thomas Morcomb, caretaker of the Plainfield avenue cemetery, has just received some very fine photographs of the town of Plymouth, Eng. He was formerly a frequent visitor to the place and he prizes the pictures very much. It is now twenty years since Mr. Morcomb came to this country from his native place, Cornwall, and he expects in the not very distant future to make visit to his old home.

When the streets and gutters were so badly flooded last Sunday that many people were prevented from attending church service, there was one resident of the Second ward who won the thanks of hundreds of his fellow townsmen. Not caring to wade himself, he sallied forth from home armed with a board ten feet long. Using it to bridge over gutters, he managed to make his way to church with dry feet. En route, he helped scores of people to do the same. Returning, he carried his portable bridge along and was again the means of saving many of his friends from wading through the slush and water.

A borough physician, in speaking of the proposed consolidation of borough and city, said the other day that for some reason alone he favors such a plan. This reason is that the borough is in urgent need of a proper sewage system the present sanitary arrangements being injurious to health. The increase in population to a great extent is retarded because people will not live in a place where there is no sewage system. North Plainfield cannot afford to establish and maintain an independent system and the only thing to be done, says he, is to join the two municipalities in order to obtain this needed improvement.

ABRAHAM LINCOLN.

By M. S. A., Jr.

On the 12th of February, year 1809,
A dear little baby was born near the pine.
It was Abraham Lincoln, of course you know:
And his mother sang to him softly and low.

Abraham Lincoln was brave and true,
Braver and truer than any of you;
He could bury the axe in the maple tree,
And that a very strong man has to be.

He went to the war and had to fight,
And he fought for the north with all his might.
In the year of 1863
All the slaves were to be let free.

In the year of 1865
Abraham Lincoln was no more alive.
Born in a log-cabin in the State of Kentucky,
Grown to be President, was not that lucky?

A beneficient result of consolidation was suggested by a prominent Councilman of the borough the other evening. The trouble now is, he claimed, that when a prospective resident arrives, he is importuned at once to make his home in the city on the ground that the borough is without a sewage system, and on the other hand he is advised to locate in the borough because the city is in debt and the tax rate is higher than in the borough. Were the two municipalities united such rivalry would be a thing of the past and all that would be heard would be "Come to Plainfield, it's the finest and healthiest city in the State."

There is a young man, who occasionally visits Plainfield, who now has a wonderful opinion of the goodness of the people of this city. Last Saturday, he came to town to spend the day with friends. On his way to the house, he encountered a young river where the road had been. As rubbers were his only protection from the wet, he hesitated about crossing. A man came by. "Here, young man," he said. "My feet are wet now. You just get on my back and I will take you across." The young men demurred but the Plainfielder insisted and soon the other was across the way still dryshod. Thanking his benefactor, he continued on his way with a decided increase in his good opinion of humanity.

The rare beauty of some expressions from the Bible is sometimes more appreciated when found in unexpected places, the new setting bringing out the exquisite beauty of thought as an unfamiliar setting will show the rare tints of a brilliant gem. Such is the following: A woman read in a story, a description of the heroine's eyes in which the author compared their light to the clear shining after rain. The reader remarked that nothing could be more beautiful, for in absolute clearness nothing could rival the light on earth and sky when rain had ceased. To her surprise, a short time after she read in II Samuel, of the "clear shining after rain." The writer's thought was not original but was borrowed from that store house of poetical beauty and highest wisdom, the English Bible, in which "the richness, power and grandeur of our native tongue has been enshrined forever."

Gathered about the stove in the rear part of a Somerset street store the other evening was a party of boroughites discussing municipal affairs. A live topic was touched upon when the proposition of a new fire headquarters was brought up for consideration and disposition. Recorder Doud handed down a decision approving the Mayor's attitude in the matter. It was finally agreed that in order to save as much expense as possible every member of the Warren Engine Company should assist in making the excavations for the cellar. It should not be forgotten that the site for the proposed structure had been selected. According to the plan determined upon each fireman should spend a given number of hours digging the cellar. Former Chief Fairchild lent his sanction to the idea, after selecting the position of timekeeper as his task, while John Carney proposed to watch the tools and implements to be borrowed from Recorder Doud.

WHAT OTHERS SAY.

Clippings From Other Newspapers Which May be of Interest to Plainfield and Its Citizens.

The Plainfield justice of the peace who decided that a dog is entitled to one bite before it can be declared vicious, but who held that the owner must pay for the damage inflicted by that bite, is another Daniel come to judgment.—Newark News.

There was a time when it wasn't difficult to become a lawyer in New Jersey, but litigants will feel safer when retaining an attorney after learning that only twenty-two out of forty-five students were able to successfully pass the examination for admission to the bar, even though the raising of the standard results in increasing the size of the fee.—Newark News.

A new electric road is to be laid down in New Jersey, not through pleasure drives and busy thoroughfares, but over farms and private property, for the use of which fair compensation is to be paid. Upon this line electric cars are to be sent spinning at the rate of sixty miles an hour or more. Well and good! We can hardly have too many smartly managed electric railroads, provided they do not encroach upon public or private rights and do not ruin our highways.—New York Tribune.

What a strange political act it would be for the Legislature to convert Somerset county into a Democratic stronghold, and at the same time reduce the chances of electing a Republican Congressman in the new Fourth District. This would be the result of passing the three measures which have been introduced from Plainfield. Such a foolish political move will not be made. Aside from the fact that Senator Reed and Assemblyman Hoagland will both train their guns on the scheme, the results would be too serious from a political point of view for the Legislature to consider it. Plainfield people must curb their avariciousness this year for their fight to gobble up a portion of Somerset is hopeless. — Somerville Unionist-Gazette.

The Altantic seaboard is infested with mosquitoes, the worst spots being at Fresh Pond in Staten Island, and in Jamaica Bay on Long Island. Sporadic efforts have been made to mitigate the nuisance, but it is only within a very few years that it has been a certainty that there was a remedy for the evil.

The work carried on by Italian military men in the Pontine marshes; by British, French and German officials in Africa, and the work done by medical men and scientists in Cuba has demonstrated the fact that mosquitoes are responsible for the propogation of disease, has demonstrated the possibility of reducing, if not in eliminating the nuisance.

Some of the more progressive States have taken action to reduce, if not to eliminate, the pest of mosquitoes, and it is a pleasure to announce the fact that something definite has been done by New Jersey to get rid of mosquitoes.

There was something like a debate in the Assembly yesterday on the merits of a bill providing a $10,000 appropriation to provide for the preliminary work of extermination. It would be ridiculous to describe as a debate the attempts made to be humorous in treating the bill, and it is kind to forget them.

The Assembly passed the bill yesterday providing for an appropriation of $10,000 for the preliminary raid against the nuisance.—Jersey City Journal.

A Few Interesting Items Concerning Greater Plainfield's Merchants

A woman with a small foot gets a pair of shoes this week at VanArsdale's at a small price. This is clearing up month with VanArsdale. Read his advertisement.

If you have thoughts of housekeeping, this spring, just inspect the very complete line of goods to be found at the Gayle Hardware Company store. There are many bargains offered at low prices.

It makes no special difference as to the season of the year regarding the value of jewelry. An inspection of the goods at J. Hervey Doane's store in Park avenue, will reveal a wealth of pretty things in the jeweler's art.

These gentle spring-like zephyrs are declared by many to be only a weather-breeder. However, it makes one feel like laying aside winter clothing and putting on some of the spring and summer weight such as M. Weinberger, of West Front street, is prepared to sell.

P. B. Hodge, the Y. M. C. A. druggist, still continues to be deluged with calls for his famous White Pine cough syrup. It is put up by Mr. Hodge expressly for his trade and nothing yet has been found to equal it. Colds disappear before it in an incredibly short time.

Expansion of values and the condensation of prices is the constant aim of Fred Endress, the West Front street meat dealer. He has succeeded to such an extent that other dealers have long been persistent but stupid imitators. Visit his sea food department and note the bargains.

LITERARY.

The Outlook in its March magazine number has no less than ten illustrated special features—certainly a good showing as to quantity in a magazine which is also a weekly newspaper and devotes even in its "magazine numbers" large space to current topics, editorials, and book reviews. Among the illustrated articles of this month are: "Two College Presidents" (Mar and Henry Hopkins); Edward Everett Hale's "Memories of a Hundred Years;" E. A. Steiner's "Crackow and Polish Patriotism;" Poultney Bigelow's "Henry the Sailor Prince;" W. A. Brown's "Some Rare Musical Instruments" and Clifton Johnson's "When the White Mountains are White."

The Constitution of the United States of America has put a new meaning into the word citizenship. The high ideas of the fathers of the country have laid the foundations of good citizenship in such a way that the industrious, high-minded, ambitious men and women of all nations have flocked to these shores. The present prominence of the Nation among the nations of the world and its new fields of usefulness and power have given to America citizenship a fresh inspiration toward true living and great accomplishment.

The high sentiments of the Chief Eexecutive in his address, "The New Citizen," printed in The Youth's Companion, are fittingly published in the Washington Birthday number. George Washington, by his pure life and wise conservatism and ambition for the new country, fairly won his title of Father of his Country. Theodore Roosevelt, the best exponent of the twentieth century activity, has equally high ideas for the Nation; and in this address and in his life he lays particular stress on the individual, his stewardship, his usefulness in home and public life.

Washington and Lincoln led the Nation over its most difficult paths. It has been left in recent years for such men as Theodore Roosevelt to embody the highest ideals of private and public citizenship.

FLOODS IN THE SOUTH

Heavy Downpour of Rain In Georgia and Alabama.

WASHOUTS ON RAILWAY LINES.

Nearly Five Inches of Water Fell In Montgomery — A City's Light and Water Plant Put Out of Business.

ATLANTA, Ga., Feb. 28.—The southeastern gulf states have been deluged by rain. The precipitation was very heavy, and at Columbus, Ga., a bridge was swept away. The rainfall there was almost a cloudburst, the Chattahoochee river rising at the rate of two feet an hour. Several washouts are reported on a number of roads, and trains out of Columbus were annulled. There has been no loss of life.

The Columbus bridge broke in two a hundred feet from the Georgia shore and went sweeping down stream at a frightful pace. Just four and a half blocks below it is the other bridge, which crosses to Girard, Ala., and it also would have been carried away had not the fall over the Eagle and Phœnix dam demolished the floating bridge before it reached it.

The electric light and telephone wires running over to Phœnix City and Girard went across on the bridge, and they were snapped like threads. The water pipes which supplied the city with water also were on this bridge and were broken like sticks and carried away, leaving the city without water for a time.

The water company has an old submerged main across the river, and this was placed in commission, saving the city from a water famine. The rain fell in torrents all day.

No trains except the Central of Georgia from Macon have reached Columbus for twenty-four hours. There are several washouts on the Seaboard Air Line between here and Albany, Ga., which stops traffic on that line. Several washouts are reported on the Southern between here and Shiloh. There is a large washout on the Southern railway in Columbus city limits. No trains were run yesterday, and there is little hope of any today. There is only one wire in operation to the north.

At Birmingham there was a deluge. The rain flooded the streets, and many awnings and street signs were torn away. Flooded tracks are interfering seriously with street railway traffic. All streams are swollen and rapidly rising.

The total rainfall in Montgomery, Ala., up to 7 p. m. was 4.50 inches, and a heavy downpour is reported in other points of Alabama. The barometer recorded 29.23, the lowest reading on record in that city.

The excessive rainfall has caused a rapid rise in the Coosa and Alabama rivers. The director of the weather bureau has issued warnings for points below Wetumpka and advised that stock be removed from lands subject to overflow.

Pennsylvania Floods.

LANCASTER, Pa., Feb. 28.—After having risen nineteen feet and breaking the high water record established in 1889 during the Johnstown flood, the Susquehanna began to fall and last night was five feet lower at Columbia than yesterday. The feeling of alarm has passed, and it is believed that the worst is over. The big gorge in the vicinity of Washington borough and Turkey Hill, however, is still a menace, but the channel that has opened through it along the York county side is thought to be large enough to carry off the flood water. It is being constantly widened by the grinding of the ice passing down and by the mud and sand in the water. Advices from McCall's Ferry, which is along the gorged section, state that the ice is fifty feet high in many places in that vicinity. The tracks of the Columbia and Port Deposit railroad for two miles above McCall's Ferry are covered with water and ice. The electric plant at Slackwater, which lights Lancaster city, was so badly damaged by the flood in the Conestaga that the city streets were again in darkness.

One Life Lost.

NEW YORK, Feb. 28.—The floods which prevail in Long Island, due to the quick melting of the snow, are responsible for the loss of at least one life. Philip Steinhauser, a Hicksville farmer, was found drowned in a hollow through which the water poured. The body was tangled in fallen telephone wires.

SARATOGA, N. Y., Feb. 28.—Melting snow along the upper Hudson, the Sacandaga and other rivers in the Adirondacks threaten heavy freshets.

PRESIDENT AND PRINCE ATTEND.

Memorial Exercises Held on Twentieth Anniversary of Garfield Service Witnessed by a Large Assemblage.

WASHINGTON, Feb. 28.—The German emperor, through the presence of his brother, Prince Henry, joined in the nation's tribute of honor to the memory of William McKinley.

Escorted by a squadron of cavalry and attended by the German embassador and the members of his suit, Prince Henry drove to the capitol to attend the McKinley memorial service.

Congress had convened in joint session in the chamber of the house of representatives.

The scene was a brilliant one, the diplomatic representatives of all nations being present in all the splendor of gorgeous uniforms.

The justices of the supreme court of the United States, attired in their robes, entered and took seats in the front row on the right.

There were also present officers of the army and navy who have received the thanks of congress and a large number of distinguished guests.

Hours before the time announced for the opening ceremonies the crowds had flocked to the capitol. The seating accommodations of the house had been doubled by the addition of hundreds of chairs. The right, or Democratic, side

SECRETARY HAY.

was reserved for the senate and diplomatic corps, the members of the house crowding into the Republican division.

When his royal highness Prince Henry of Prussia was announced by the clerk, the speaker and house rose as one man, and the royal visitor came down the center aisle escorted by Representative Grosvenor and Senator Foraker. He was followed by Embassador von Holleben. Simultaneously with the prince's arrival the Marine band struck up "Heil dir Im Siegerkranz."

Until the last strains of the national air died away prince, statesmen, officers and "plain people" remained standing. As the music swelled through the great room the prince bowed to several members of the diplomatic corps, receiving lower obeisances in return.

President Roosevelt and his cabinet then appeared, every one rising as the chief executive, escorted by Senator Foraker and General Grosvenor of Ohio, came down the aisle, and remaining thus until "My Country" had been rendered by the Marine band.

The president took a chair beside the prince, directly in front of the speaker.

Senator Frye announced the purpose of the gathering and introduced Secretary of State John Hay, who delivered the eulogy.

HAY'S EULOGY.

In his address Secretary Hay coupled the names of our three murdered presidents. He added:

"If ever men walked before God and man without blame, it was these three rulers of our people. The only temptation to attack their lives offered was their gentle radiance—to eyes hating the light that was offense enough.

"Our beloved and revered leader is gone, but the natural process of our laws provides us a successor identical in purpose and ideals, nourished by the same teachings, inspired by the same principles, pledged by tender affection as well as by high loyalty to carry to completion the immense task committed to his hands and to smite with iron severity every manifestation of that hideous crime which his mild predecessor with his dying breath forgave."

Secretary Hay's eulogy was a masterful and exhaustive tribute. In closing he said:

"The obvious elements which enter into the fame of a public man are few and by no means recondite. The man who fills a great station in a period of change, who leads his country successfully through a time of crisis, who by his power of persuading and controlling others has been able to command the best thought of his age so as to leave his country in a moral or material condition in advance of where he found it, such a man's position in history is secure. If in addition to this his written or spoken words possess the subtle quality which carry them far and lodge them in men's hearts and, more than all, if his utterances and actions, while informed with a lofty morality, are yet tinged with the glow of human sympathy, the fame of such a man will shine like a beacon through the mists of ages, an object of reverence, of imitation and of love. It should be to us an occasion of solemn pride that in the three crises of our history such a man was not denied us.

"The moral value to a nation of a renown such as Washington's and Lincoln's and McKinley's is beyond all computation. No loftier ideal can be held up to the emulation of ingenuous youth. With such examples we cannot be wholly ignoble. Grateful as we may be for what we did, let us still be more grateful for what they were. While our daily being, our public policies, still feel the influence of their work let us pray that in our spirits their lives may be voluble, calling us upward and onward.

"There is not one of us but feels prouder of his native land because the august figure of Washington presided over its beginnings, no one but vows it a tenderer love because Lincoln poured out his blood for it, no one but must feel his devotion for his country renewed and kindled when he remembers how McKinley loved, revered and served it, showed in his life how a citizen should live and in his last hour taught us how a gentleman could die."

Just twenty years ago the congress of the United States and prominent officers of the government, of the army and navy and members of the diplomatic corps listened to an oration upon the life and services of the late James A. Garfield, president of the United States, delivered in the hall of the house of representatives by the Hon. James G. Blaine, secretary of state in Mr. Garfield's cabinet.

The only other previous service of the kind was that over President Lincoln, which was held in the hall of the house on the anniversary of his birthday, Feb. 12, 1866, ten months after his death in this city.

The committee on that occasion invited Secretary Edwin M. Stanton to deliver the oration, but he declined, and the Hon. George Bancroft was chosen and accepted. A letter was received and read on that occasion from Lincoln's secretary of state, William H. Seward, regretting his inability, owing to ill health, to be present.

CENSURE FOR FIGHTERS.

Committee Decides Form of Punishment For Tillman and McLaurin.

WASHINGTON, Feb. 28.—The subcommittee of the senate committee on privileges and elections which was appointed to formulate a proposition for the proper punishment of Senators Tillman and McLaurin of South Carolina for their offense to the senate last Saturday has practically concluded to recommend that the two senators be severely censured for their conduct and to limit the punishment to censure. The subcommittee consists of Senators Burrows, Hoar and Foraker, Republicans, and Senators Pettus and Bailey, Democrats. All were present at the early part of the meeting, but Senator Bailey was compelled by indisposition to leave the conference before its close.

The meeting was very harmonious, and little difference of opinion developed. The Republican members of the subcommittee did not themselves contend for a resolution suspending the two senators, but represented that there were some Republican members of the full committee who adhere to the opinion that through suspension only can adequate punishment be meted out to the offending members.

On the other hand, some of the Democratic members made it very plain that they not only would not agree in committee to the reporting of a resolution of suspension, but that if such a resolution should be presented to the senate by a majority of the committee they would resist its adoption by the senate to the extent of insisting upon prolonged debate.

The Democratic members of the committee have suggested that the censure should be in very severe language and if anything have been inclined to be more caustic than their Republican colleagues.

Bank Robber Quickly Caught.

GLENCOE, Minn., Feb. 28.—William Matthews, a Hamilton and Dayton railroad fireman, put on a mask, entered the bank of Plato, overpowered and locked the cashier in a back room and took $1,500 from the safe. He caught a freight train for Glencoe and was arrested here, confessing the crime. All the money but $10 has been restored.

Dynamite Magazine Explodes.

WILKESBARRE, Pa., Feb. 28.—One of the magazines attached to Oliver's powder mill plant at Laurel Run, wherein was stored half a ton of dynamite, exploded late yesterday afternoon, and two employees of the place, John Smith and James Gregory, were instantly killed. It was not known what caused the explosion.

Miners' Bodies Recovered.

SHAMOKIN, Pa., Feb. 28.—The bodies of Frank and George Stankanus, brothers, have been found by a rescuing party in the Cameron mines. The brothers were imprisoned by a fall of coal Monday evening, and from the condition of their bodies it is thought the men smothered soon after they were entombed.

A New Carpet Factory.

AMSTERDAM, N. Y., Feb. 28.—It is announced that W. & J. Sloane of New York are interested in the Shuttleworth Bros. company, recently incorporated, with a capital of $100,000, to manufacture carpets and rugs. A mill capable of employing 250 hands is to be erected at once.

To Paint Queen Alexandra.

ST. LOUIS, Feb. 28.—Miss Anna West Shaw, a St. Louis artist, has been given a commission to paint a portrait of Queen Alexandra and will soon depart for London. Miss Shaw is a grandniece of Benjamin West, one of the leading painters of early America.

CONSPIRACY DENIED.

Flour Pool Case, Involving Millions, Now In Courts.

NEWARK, N. J., Feb. 28.—On the return of an order to show cause why the fifteen million dollar foreclosure sale of the fourteen mills of the United States Flour Milling company should not be enjoined the Central Trust company of New York has filed its answer before Vice Chancellor Pitney in the court of chancery here.

The sale was to have taken place Feb. 14 in Jersey City, but was temporarily enjoined when former United States Attorney General John W. Griggs filed a bill in behalf of Mrs. Caroline T. Locke of Orange, Mrs. Anna W. Hecker and Henry Winslow White of New York, C. S. Wilson of Great Barrington, Mass., charging the Central Trust company, holder of the fifteen million dollar mortgage, with having entered into a conspiracy to defraud.

Such prominent New York men as Brayton Ives, Edwin Gould, J. Edward Simmons, George William Ballou, Warner Van Norden, Thomas A. McIntyre, William L. Bull and the Produce Exchange Trust company were named as parties to the conspiracy.

The complainants averred that the foreclosure sale ought to be permanently enjoined on their allegation that it is a mere subterfuge on the part of the reorganization committee to obtain the property for the flour trust at a nominal price.

Following the answer are affidavits signed by E. Francis Hyde, second vice president of the Central Trust company; Frederick C. Randall, Albert Rathbone of counsel for the Central Trust company, Frank B. Kellog of St. Paul, Minn.; Joseph A. Knox, secretary and treasurer of the United States Flour Milling company; Charles E. Kimball, one of the receivers, and Brayton Ives, chairman of the reorganization committee and chairman of the board of directors of the Standard Milling company. All denied the charges of conspiracy, collusion or attempt to defraud.

A STORMY HEARING.

Railroad Employees Oppose Each Other on Payment Bill.

ALBANY, N. Y., Feb. 28.—Angry locomotive engineers yesterday afternoon hurled defiance at angry locomotive firemen, trainmen, car builders, boiler makers and machinists at the hearing given by the assembly labor and industries committee on Assemblyman Bourke's bill providing for semi-monthly payment of salaries on all railroads. The engineers generally contended that pay once a month was a matter that should be left to the railroad without interference by the legislature. They also contended that a man who had money in his pocket too often was tempted to spend. The firemen and other railroad employees who advocated the bill contended that the man who paid cash got better results for his money than the man who had to be trusted a month. It was also maintained that the higher salaried men, such as engineers, could afford to wait a month, where the poorer paid employee needed money in between.

Accusations were made by the advocates of the bill that the officials of the various railroads of the state had compelled their employees under pain of dismissal to sign a protest against the bill. This protest contained several thousand names and was filed with the committee. The locomotive engineers contended that they had circulated the protest of their own accord.

After a lively contention over what organization the representative on either side could rightfully be accredited to the hearing ended.

McKinley Memorial Services.

ALBANY, N. Y., Feb. 28.—Arrangements for the McKinley memorial services which are to be held by the legislature in the assembly chamber next Tuesday night have been completed. The only speaker will be former Postmaster General Charles Emory Smith. The opening prayer will be offered by Bishop William Croswell Doane, and the closing benediction will be by Bishop T. M. A. Burke. Special music will be rendered by the choir of All Saints' Protestant Episcopal cathedral. Senators Platt and Depew and a large number of New York state congressmen have signified their intention of being present.

Suits Against California Trusts.

LOS ANGELES, Cal., Feb. 28.—The Express says that corporations in California whose combined capital is close to the billion dollar mark which are alleged to be operating in restraint of trade contrary to the terms of the Sherman antitrust law are to be proceeded against by the government. Rumors to this effect that have been in local circulation for several days are confirmed.

Miss Stone Is Coming Home.

SALONIKA, Turkey, Feb. 28.—Miss Stone, in company with M. Gargiulo, the dragoman of the American embassy at Constantinople, has left here for Constantinople. She intends to remain several weeks in Turkey and will then proceed to the United States to visit her mother.

CONDENSED DISPATCHES.

Castro's election as president of Venezuela was ratified by congress.

Four hundred of the New York and New Jersey Telephone company's linemen struck.

It is understood that the United States will demand a reimbursement of the Stone ransom, holding Turkey responsible.

Eleven persons were chloroformed and $1,300 worth of jewelry taken from a house in East Fifty-seventh street, New York.

AT MOUNT VERNON.

Prince Henry Places Wreaths on Washington's Tomb.

A LINDEN TREE IS ALSO PLANTED.

After the Visit the Prince Rested at the German Embassy and Later Dined Informally With President Roosevelt.

WASHINGTON, Feb. 28.—Prince Henry journeyed to Mount Vernon yesterday afternoon and placed two wreaths in the tomb of Washington. He approached the grave of the first president with bared head, and that there might be nothing irreverent in the ceremony he asked the holders of a dozen cameras who stood round to refrain from photographing him.

The royal visitor and his party were taken to Mount Vernon by special train over the Washington, Arlington and Mount Vernon Electric railway. The prince at the conclusion of the memorial service at the capitol drove directly to the special train. Two large observation cars were provided, and from them the prince saw the Long bridge and the headlands of northern Virginia, historic to Americans since colonial days.

It was 2:30 o'clock when the special departed, and the run to Mount Vernon occupied fifty-five minutes. Prince Henry walked to the Washington home and was driven from there down over the slope of the hill to the tomb. When the iron gate of the tomb was opened, he removed his cap and entered. Two large wreaths made at Washington by his order already had been sent to the tomb, and, taking them up, he formally set them in place. A group of more than a hundred men that stood in the approach to the grave uncovered, and that, with their silence, added to the spirit of solemnity.

Fifty feet down the sward that falls away from the tomb Prince Henry planted a linden tree. The tree had been set in place prior to his arrival, and, taking a spade, the prince filled the earth in around its roots. The prince was taken to the old Washington house by Superintendent H. H. Dodge and there met a delegation of the Mount Vernon Ladies' association headed by Mrs. Justine Van Rensselaer Townsend of New York. He spent a few minutes in looking at the Washington relics and then departed for Washington. Large crowds watched his arrival and departure, and his course through historic old Alexandria was lined with people, who cheered him cordially.

It was 4:30 o'clock when Washington was reached on the return trip, and the prince was driven at once to the German embassy.

Prince Henry, accompanied by Embassador von Holleben, dined at the White House last night with President and Mrs. Roosevelt. The dinner was entirely unofficial and of a personal family character, and, owing to McKinley exercises making this day one of mourning, there were no formal toasts or exchanges, the purpose being to permit a more intimate personal exchange than was possible during the formalities of official interchange last Monday. Others present at the dinner were General von Plessen of the prince's staff, Miss Roosevelt, Miss Carew and Senator and Mrs. Lodge.

Desperate Break For Liberty.

MILES CITY, Mon., Feb. 28.—Three soldiers—Watson, Sample and Ferris—serving sentences at Fort Keogh made a desperate attempt to escape. They were working under guard of Privates Osborne and Miller at the pumphouse, a mile from the post. As Osborne's back was turned Watson knocked him senseless with a bar of iron. Sample overpowered Miller and took his gun away. Ferris, the third prisoner, attempted to help the guard, but was cowed with a gun. The three then hurried to some timber two miles distant. An alarm was given at the fort, and the culprits were captured. It is feared that Osborne will die.

Fenian Agitator Dying.

COLORADO SPRINGS, Colo., Feb. 28.—O'Donovan Rossa, the celebrated Fenian agitator, is dying at St. Francis hospital of blood poisoning. An operation has been performed, taking off the large toe of the left foot. The only hope for Rossa now lies in amputating the entire foot, and the patient is too weak to permit this. His friends have been notified, and the doctors announce that there is little chance for his recovery.

Kaiser's Silver Wedding.

BERLIN, Feb. 28.—Emperor William and the empress celebrated the twenty-fifth anniversary of their wedding yesterday with a large dinner at the Schloss, at which Count von Bulow, the imperial chancellor, and other members of the cabinet were present. Arthur Van Eweyk of Milwaukee, the barytone singer, sang American songs after the dinner.

Poisoned Her Children.

HARLAN, Ia., Feb. 28.—Mrs. Anna Rasch, wife of Andrew Rasch, administered morphine pills to two of her children, causing their death. She then attempted suicide by taking a large dose of the drug. Physicians were secured in time to save the mother, but the children were beyond help.

TWO CAPABLE OFFICIALS.

In the resignation of Samuel St. John McCutchen as president of the North Plainfield Board of Education, the borough has lost one of its most faithful and efficient officials. Mr. McCutchen has long taken a deep interest in educational problems and is considered one of the most capable men in the educational circles of the State. As a member of the State Board of Education he has been in close touch with the school affairs of New Jersey and thus has been able to give North Plainfield the benefit of knowledge which it otherwise could not have obtained.

Although a Democrat, Mr. McCutchen has been appointed by a Republican administration to serve on the State board and was elected to the borough board in a municipality which is normally Republican. His valuable services were well recognized in both cases and politics took a secondary place to the desire to secure such ability.

Mr. McCutchen has been at the head of the borough educational board for a number of years. During his term of service, the schools have made marked progress. He has always taken an active interest in the work and much of the success can be traced back to him.

Although not so prominent in school work outside of North Plainfield, A. V. D. Honeyman, who has been selected to succeed Mr. McCutchen, has been a very active co-worker with the retiring president. The fact that much of his time has been spent in Plainfield has allowed him to exercise a personal supervision over the schools which has not been possible for the other members of the board to do. Mr. Honeyman has taken a deep interest in the work and has labored zealously and with success. As secretary of the board, he was a very important factor in borough school affairs. When it came to chose a successor for Mr. McCutchen he was the only logical choice.

North Plainfield has been very fortunate in possessing men of the ability of Mr. McCutchen and Mr. Honeyman, who are willing to devote their time to the interests of the borough. It is greatly to be regretted that Mr. McCutchen has felt it necessary to resign but it is a subject for congratulation that there is another man as well equipped as Mr. Honeyman to step into the place. There can be no doubt that the schools of the borough will maintain their present high standard under the direction of Mr. Honeyman.

What is to be the fate of the "Greater Plainfield bills now before the State Legislature? They will be referred to committees, of course, and it may be that that will be the last that is ever heard of them. The defeat of these measures, however, does not mean the defeat of the consolidation scheme. It is too deeply rooted to be killed by such a blow as that. If it is not successful this time, it will rise up anew, year after year, until it becomes a reality and there is no longer any artificial barrier between the parts of the community known as the city and borough.

It is not surprising that the members of Hope chapel are very indignant over the report published in the New York World, concerning an alleged riot that took place at that chapel. People in Plainfield do not give credence to the story recognizing the fact that it is a fake, pure and simple, but the rest of the world is likely to take it as the truth, which is by no means desirable or pleasant.

The Elizabeth Journal takes the proper view of the Greater Plainfield question. It recognizes the value of the change for Union county. If only the people of Somerset county would take a similar view of the situation. It is conceded, however, that North Plainfield is the only part of that county which will be the gainer by the change.

Another attempt is being made by certain merchants of the State to wipe out the trading stamp companies which have done such a large business through New Jersey. President Francis and Senator Hutchinson have each introduced a bill into the upper house which aims to put this class of companies out of business in New Jersey.

There is every indication that baseball is going to be wonderfully popular in Plainfield and vicinity this coming spring and summer. Already there is talk of the various teams on every side. Old teams are to be strengthened and new ones formed. The national game is certainly on the boom once more.

The legislators at Trenton do not appear wonderfully anxious to pass the bill doing away with the spring elections in boroughs and townships. The success of the Meeker act, which consolidated the elections in the cities, was marked and ought to bring about the same change in the boroughs and townships.

The Republicans of North Plainfield will hold their primaries this evening to select candidates for the coming spring election. For some reason, little interest seems to be taken in the coming election.

SNAPPED OFF POLES.

Electric Light Company Suffered in That Way From the Storm.

The heavy storm of last Saturday which caused so much damage to trees, played havoc with the poles of the local electric light company. A number were snapped off short by the heavy strain while many of the small iron poles on LaGrande avenue and Franklin place were broken or rendered useless. These have since been replaced with wooden supports and the company proposes discounting the use of the iron poles.

IMPROVING CHURCH.

Some of the Changes Being Made at St. Stephen's Church.

Many improvements are being made to the interior of St. Stephen's church, Netherwood. The chancel and nave are being repainted in a rich effect and a handsome carpet is being laid. Some alterations are being made in the sanctuary and when finished this part of the edifice will be greatly improved. The funds were raised by private subscription among the active members of the church. It is now twenty years since the interior of the structure was overhauled.

Badly Hurt at Football.

Charles O'Brien, a former well-known resident of this city, met with a severe accident while playing association football in Long Island City, a few days ago. He was caught in a mass play and, besides being crushed nearly to death, had his shoulder blade badly broken. He is now in St. John's Hospital, Brooklyn, where it is said he will be confined for some time.

Used Fences for Telegraph Poles.

The Western Union Telegraph Company has forty-five poles down within a mile of Whitehouse. At present there are two wires in operation to New York, and these will be made to suffice until the line is repaired. In some places the company was obliged to fasten wires to fences in order to get them through.

DUNELLEN.

Charles Hack, a brakeman on the Central Railroad, met with an accident, yesterday afternoon, which might well have proved fatal. As it was the man escaped with only some severe contusions. He was on top of a loaded flat car when a sudden jolt of the train threw him upon the ground. He struck a pipe a long side of the track on his side. He was able to get home when Dr. Brakeley was called and it as found he was only badly bruised. He will be laid up several days.

The pupils of the ninth and tenth grade of Whittier School presented and elaborate and excellent programme, last evening, at an entertainment given in the Assembly Hall of the school. A number of invited guests were present including members of the Board of Education, local clergymen and friends and parents of the pupils. The way in which the various numbers of the programme was presented showed the result of much careful training.

Dunellen was represented at the jubilee of the Plainfield Court of I. O. F. Wednesday night, a delegation of twenty-five from the local court being present. Dunellenites also took an active part, District Deputy Sutton being in charge of the installation and others performing at the musical entertainment afterwards.

CAMPAIGN TO PRESERVE STATE'S FOREST LANDS

Series of Bulletins on the Subject Authorized by State Geological Survey.

PREPARING NEW MAPS.

NEW MAPS WILL CONTAIN ALL THE TROLLEY LINES RECENTLY BUILT.

Scheme to Establish a Vast State Forest Reservation Which Will Yield State An Income—Other Details.

The State Geological Survey has authorized the publication of a series of bulletins on forestry for general distribution throughout the State. These are a part of the campaign of education arranged looking forward to the utilization of the forest land of New Jersey, by State reservation, manufacturing and colonization. The survey will continue its study for clays in the upper part of the State, continue observations on surface geology and produce more maps on the new scale of two miles to the inch, showing all the trolley lines that have been recently built.

The greatest stress is laid on the forestry bulletins, because there were recommended by Former Governor Voorhees and Former Senator E. C. Stokes, both members of the Board of Survey, and who were responsible for the agitation to save the forest lands of the State and make them a source of income, because the forest lands cover over two millions and a half acres.

The scheme comprehends a wide plan for State ownership of considerable land, and the formation of a vast State forest reservation, similar to those in Germany, which can be handled under State supervision to yield $50,000 a year, which money could be applied to a reduction of the school tax. The other comprehends colonization, by individuals and corporations, both industrial and agricultural, so that what is now a wild wilderness can be made to blossom into farms and thrifty communities.

All the experts who have been consulted think the scheme feasible. Dr. John Gifford, professor in the New York College of Forestry at Cornell University, urges State ownership on purely sentimental grounds.

Former Senator Edward C. Stokes says: "It may take some time to get action on the lines, as contemplated by schemes of forestration, but if the people will study the subject carefully, and do a little figuring on their own account they will find that it is a progressive twentieth century proposition. Germany derives an immense income from its forests. Other States have gone into State ownership, and why not New Jersey, when it has so much at stake. The people can directly benefit themselves by a revenue that, roughly figured, would amount to about $50,000. It will also increase the value of much land that is now unproductive, and take in South Jersey the vast area that is unproductive, on which little or no taxes are collected."

The product of the New Jersey forest is over $4,000,000, and it is bound to increase. This includes the calculation on the value on railroad ties, telegraph, telephone and trolley poles, fuel of all kind, fencing and logs. It is estimated that the total value of the forests of the State is $41,259,190, an average of over $20 an acre.

The facts just stated have been in connection with State ownership of forest lands and the formation of State preserves. The new plan for colonization, which has just been presented, contemplates the construction of communities and industries along the lines of railroads, hard stone roads that are to be constructed and an establishment of free rural mail deliveries, will be expected to assist the scheme.

To Build at Westfield.

Mrs. Mary Perrine, of the West End, will shortly let the contract for a house to be erected for herself on Prospect street, Westfield. The plans are now being drawn by her son, Wm. Perrine. The building will cost a trifle over $2,000.

A Veteran Typesetter.

David Rockafellow, one of the oldest typesetters in New Jersey, was among the Foresters from Somerville that were in Plainfield Wednesday evening. Recently, Mr. Rockafellow suffered from a stroke of paralysis.

Organizing Fire Department.

To further the project of organizing a fire department in South Bound Brook a committee, consisting of R. A. Ross, B. S. Teeter and J. H. Staats, has been appointed to take the initiative in the matter.

WHAT PEOPLE ARE DOING

SOME BRIEF PARAGRAPHS OF A PERSONAL NATURE.

Many Folk of Greater Plainfield Are Entertaining or Being Entertained.

Fred Williams, of East Fourth street, is severely ill with pneumonia.

Mr. Bowman, of Hillside avenue, has gone to Europe on a business trip.

Mrs. Emily Giles, of Manning avenue, is visiting with relatives at Metuchen.

Mrs. George F. Odiorne, of West Fourth street, is detained at home by a severe illness.

Mrs. Bridget Burke, of West Fourth street, is confined to her home with pneumonia.

Mrs. J. C. Blimm, of East Third street, has returned from a visit with her mother in New York.

Thomas Kenney, of East Fourth street, was out yesterday for the first after a several weeks' illness.

E. D. Barrett, of West Fifth street, who has been quite ill with pneumonia, is very much better today.

Mr. and Mrs Wallace Guilford have returned to their home on Mercer avenue after a prolonged stay at Seabreeze, Florida.

Mrs. A. Stuart Patterson and her daughter, Miss Florence Patterson, of New York, formerly of Franklin place, are visiting friends in town.

Mrs. Lee and her children, of Havana, are en route to Plainfield to visit her sisters, Mrs. Robert Lowry, of Webster place, and Mrs. Charles Stover, of East Ninth street.

Mrs. Josephine Herrity, of New Haven, Conn., and Miss Mary McCaffery, of Jersey City, are visiting at the home of Mr. and Mrs. John A. O'Keefe, of 652 South avenue.

New Teacher on Duty.

Miss Grace E. Burroughs, who succeeds Miss Alice Whitney as a teacher in the Plainfield High School, assumed her duties this morning. She comes from the High School at Berlin, N. H., and is a graduate of Radcliffe College. When she arrived at the school this morning Miss Whitney, the retiring teacher, found reposing on her desk a beautiful bouquet of roses. These were the gift of her colleagues of the school faculty.

New Choir to Practice.

The newly-organized Sunday-school choir at the First Baptist church will meet tomorrow afternoon in the Sunday-school room at 3 o'clock for rehearsal. It is proposed to render an oratorio during the Lenten season with a large choir. E. J. Fitzhugh will train the choir, assisted by Howard Case, organist of the church.

Allowance for Supervisor.

A bill introduced by Assemblyman Newcorn at Trenton, Wednesday, allows the State commissioner of public roads in addition to present salary, $500 for travelling expenses of supervisor, $500 for salary of supervisor and $500 for postage and expressage on reports and communication and general expenses of his office.

Its First Reception.

The Plainfield Dancing Class will give its first reception to friends in Red Men's Hall, this evening. A large number of invitations have been sent out and a successful time is anticipated.

The Last Heard Of It.

"My little boy took the croup one night and soon grew so bad you could hear him breathe all over the house," says F. D. Reynolds, Mansfield, O. "We feared he would die, but a few doses of One Minute Cough Cure quickly relieved him and he went to sleep. That's the last we heard of the croup. Now isn't a cough cure like that valuable?" One Minute Cough Cure is absolutely safe and acts immediately. For coughs, colds, croup, grip, bronchitis and all other throat and lung troubles it is a certain cure Very pleasant to take. The little ones like it. L. W. Randolph.

Why Grace Was Omitted.

A tiny girl of seven gave a dinner party the other day, for which 12 covers were laid, and that number of small maidens sat down to dine. It was a real little girls' dinner, and the little hostess herself presided, sitting at the head of the table. She had been very anxious, in looking forward to it, to do everything as it should be done.

"Mamma," she asked, "shall we say grace?"

"No," said mamma; "it will be a very informal dinner, and I think you need not do that."

That meant one ceremony the less to be gone through and was a relief. But the little lady was anxious to have all her guests understand it. So, as they gathered about the table, she explained:

"Mamma says that this is such an infernal dinner that we need not have grace to-day!"—Baltimore Sun.

Barbers in India.

The barbers of India rank with the washerwomen. The son of a barber must be a barber all his life, and his wife must be a barber's daughter. The Hindoo shaver travels about in search of customers, and the barbering is done in the street. But there are no stools, both barber and customer squatting on their heels while the operation is performed. The Hindoo barber is a manicure and a chiropodist as well, and his pay is wretchedly small. Barbers in India, working as servants for a swell native family, or for a European, receive from $1.25 to two dollars a month. They often act as surgeons, and they make a specialty of piercing the ears of young girls for earrings, while barbers' wives are almost always hairdressers.—Detroit Free Press.

That Woke Him Up.

"William, dear," exclaimed a Washington woman, whose husband is prone to oversleep himself, "it is time to get up."

The only response was a yawn.

"William, dear, you'll have to get up if you don't want to be late in getting down-town."

"Yes."

She left him a little while, and, coming back, found that he had relapsed into slumber again. Shaking him, she said:

"William!"

"What is it?"

"If you don't get up this minute you'll be so rushed getting away that you won't have time to find fault with the breakfast."—Stray Stories.

Big Trees in the Philippines.

An idea of the size of the trees in the Philippines is obtainable from the dimensions of Gov. Taft's round table, the top of which is a solid section of a native tree eight feet in diameter. Throughout the islands one frequently sees in the better class of houses dining tables that are seven, eight and nine feet wide, the tops in every case being made of a single section. These are not so large as the southern California table tops, but they will do.—Kansas City Journal.

Want a Rainy Wedding Day.

"Happy the bride the sun shines on" is an Anglo-Saxon superstition in which the Swedes do not share. After a fat dowry and a handsome bridegroom a rainy wedding day is that for which a Scandinavian girl most ardently longs, for the Scandinavians not only have a saying: "Wealthy will be the wife upon whose bridal crown the rain falls," but they also believe it.—Woman's Home Companion.

A Subtle Difference.

Sharpe—Oh, you're too pugnacious! You've always got a chip on your shoulder for some one to knock off.

Carpe—That's the difference between you and me. You've got a block on your shoulders that some one ought to knock off.—Philadelphia Press.

Enthusiasts.

Bessie—Oh, Mabel, isn't this a lovely game? See! they're carrying the center rush off the field on a stretcher.

Mabel—That is the third man injured, and they have hardly begun yet. It's just too delightfully brutal for anything, isn't it?—Judge.

Had Two Foggy Arguments.

Said an Irish lawyer in addressing the court: "If this argument is not clear, your honor, I have another that is equally conclusive."—Chicago Daily News.

Sure.

"He is a man who always stands by his convictions."

"Indeed! Who is he?"

"A police judge!"—San Francisco Bulletin.

EPWORTH LEAGUE.

Topic For the Week Beginning March 2. "The Joy of Service." Text, Ps. cxxvi, 5, 6; Matt. xxv. 19-23.

"Enter thou into the joy of thy lord." The gladness spoken of is the joy of accomplishment, for surely

No ill can fret the soul with discontent
Like consciousness of powers unused.

To see all efforts end in failure is misery indeed. To be ever rolling the load up hill and yet to never gain a foot advance is death to all courage and interest.

In active use of our powers we find life's deepest pleasure. We must be doing. Thought must reappear in things. We must form and shape things to correspond to ideas within. We must compel things to unite, to increase, to do our bidding. We not only discover what is; we invent and create what never before was. We received talents—one, two, five. We return with added capital. We have discovered the secret of the Lord's riches. We have shared in His power. Unconsciously to ourselves we have grown into His way of doing and being. In our intentness to be faithful to His interests and be able to give Him on his return His own goods with rightful increase we have developed and expanded our own natures and become capable of companionship and partnership.

It requires "nerve" to do this—something more than nerves. It is the feeling power held firmly by will power to the course approved by reason power. There may be weeping at planting time, sorrow at loss of good seed buried in the earth when we may be pinched with hunger and crave it for food, but whatever the call of appetite we go forth with that precious seed and sow it instead of eating it. Is there any joy in that? Perhaps there is a kind of grim satisfaction in the self mastery. We pull the belt a hole tighter in the buckle to still the gnawings of hunger and swing the hands in wider circle as we scatter the grain. We can sing, we will sing in hope of harvest, in triumph of right doing, in consciousness of right use of the Master's goods.

"Come again, rejoicing, bringing sheaves." Harvest is the singing time. Not yet can we swell the full chorus of redemption because some is in the blade only, some is earing, and we must patiently wait the filled out corn, ripe and beautiful.

We catch glimpses of what the future joy will be as we see some specimens of the work advancing, but, oh, what glory will it be when, soul and body purified, glorified, we see the Christ face to face and find ourselves appearing like Him! What rapture too deep for words if He shall say to us, "Well done!"

These are days of toilsome planting and tending, times of careful investing and accumulating treasure. Keep up good heart; we are increasing just as truly and more valuably than the corn or the cash.

The future joy will not be so much because we bring added talents and gathered sheaves as because we are admitted to Christ's companionship.

A Substitute For Trouble.

The Christian has, of all men, abundant reason for trusting. Surely God is to be trusted. If He had cared nothing about us, He would not have redeemed us at such a great cost. If He had been indifferent to our fate, He would not have sent Christ as the pledge of His love. If He had care enough and love enough and power enough to open a way to our salvation, we may certainly trust Him with all we have. And what kind of a trust is it that is always doubtful? If we ask Him to forgive our sins and blot them out of His book of remembrance, why worry about it and wonder if He has done it? If we commit our ways to Him, why disturb ourselves with fear lest He forget His charge? He says to us, "Sufficient unto the day is the evil thereof." Why load ourselves down with anxiety about the possible evils of tomorrow? If He has power over the future and we have not, why waste our time, strength and courage in fretfulness?—Independent.

The Scriptural Idea.

Any unperverted mind will conceive of the Scriptural idea of prayer as that of one of the most downright, sturdy realities in the universe. Right in the heart of God's plan of government it is lodged as a power. Amid the conflicts which are going on in the evolution of that plan it stands as a power. Into all the intricacies of divine working and the mysteries of divine decree it reaches out silently as a power. In the mind of God, we may be assured, the conception of prayer is no fiction, whatever man may think of it. "More things are wrought by prayer than this world dreams of."—Austin Phelps.

By Praise We Give.

By prayer we ask, by faith we take, but by praise we give. In heaven blessing God will be our constant employment, and if we would have a portion of the happiness of heaven upon earth, in the enjoyment of divine peace, while seeking to be free from all undue care, while committing all anxieties to Him in prayer and supplication, we must also cultivate the important grace of continual thanksgiving.—Freeman.

In His Keeping.

Softly, softly in the dawning
Came God's message unto me,
"Serve Me, child, from early morning;
I each day thy strength will be."
* * * * * * *
Now that sunset hours are nearing,
When night dews fall chillingly,
Comes the whisper, "Leave all, fearing
Child, and simply trust in Me."
So I lay me down a-sleeping,
Night of life or night of death;
I am ever in His keeping,
And He knoweth what He saith.
—Hannah Coddington.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning March 2—Comment by Rev. S. H. Doyle.

Topic.—The joy of service.—Ps. cxxvi, 5, 6; Matt. xxv. 19-23.

The springs of the Christian's joy are many. He may rejoice that he has been redeemed and saved by Jesus Christ. "We joy in God through our Lord Jesus Christ, by whom we have now received the atonement." He may rejoice in the salvation of others. "There is joy among the angels of God over one sinner that repenteth." If the angels rejoice for such a cause, may the redeemed do so! He may rejoice in his assurance of an inheritance in heaven. "In thy presence is fullness of joy. At thy right hand are pleasures forevermore." But one of the chief sources of the Christian's joy is in service. The child of God who has never learned to serve Him has not tasted of the sweetest of the Christian joys. Service and happiness go hand in hand in the Christian's life, and we are missing much in life if we have not learned this secret of happiness.

The joy of service is not inconsistent with hardships in service. This is taught in the One Hundred and Twenty-sixth Psalm: "They that sow in tears shall reap in joy. He that goeth forth and, weeping, bearing precious seed shall doubtless come again with rejoicing, bringing his sheaves with him." Sowing is a difficulty, a hardship. How much more so in case of famine, when every seed may be of great value! But reaping follows sowing, and reaping is joyous. When the sown seeds have become sheaves, what cause for rejoicing! Who thinks then of the hardships of sowing? Those very hardships only make the joy of reaping surer and sweeter. Service without hardship is not near so joy producing as service that has been accomplished amid tears and sorrow. Sowing in sorrow produces reaping in joy. Let us not expect the joy before it is due, and then we will not be disappointed and discouraged.

The joy of service is not limited to the present life. The joy of the Jesus in returning to Palestine from Babylon is typical of the Christian joy in heaven. What a rapturous joy it was! It seemed too good to be true. They "were like them that dream." They laughed, they sang, they shouted for joy. Such will be our joy if we are saved, and it will be greatly increased if we have spent a life in service. Christ Himself teaches this doctrine. To the faithful servant He said, "Well done, enter thou into the joy of thy Lord." The entrance into joy was the fruit of well doing. And how much sweeter that joy will be if the well doing has resulted in the salvation of others! If we not only enter into the joy of the Lord, but cause others to enter in, if we come bringing as our sheaves the saved souls of others, how great indeed our joy! Child of God, have you ever led a lost soul to the Lord Jesus Christ? If not, will you not begin this service for the Lord at once? It will mean joy here and joy hereafter. "They that turn many to righteousness shall shine as the stars forever and forever."

The temptation to sacrifice the Christian's joy for the joy of the world is sometimes very great. But we should not yield to it. "The joy of the world worketh death, and death ends all its joy, but the Christian's joy only really begins when death comes. Some one has compared the joy of the sinner to lightning—a flash and it is gone—and the joy of the saint to light, lasting, healthful, healing and beautiful." Which we should chose is self evident.

Neh. viii, 10; Ps. xvi, 11; xxx, 5; li, 12; Eccl. ii, 1-11; Isa. xxxv, 1-10; Matt. xiii, 44-46; Luke xv, 1-7; Acts viii, 5-8; Heb. xii, 1, 2; Jas. i, 1-4; I Pet. i, 1-9.

The Best Spiritual Guest.

Among all the spiritual guests that cross our threshold Jesus is not only incomparably the best by the excellence of His divinity, but also the most intimate by the presence of the same divinity. If any one receive Him into his soul, Jesus comes to have a place of His own that has no parallel in life and which has no proof save in experience. While the public come and go through the house in the busy daytime, this guest keeps His room, but in the quiet hours He sits with us. We make Him the confidant of our secrets, but in the end He tells us things about ourselves we have not known. We turn to Him for help, but find He has promised what we were about to ask. We declare a good intention, only to remember that it was His suggestion. His presence is an irresistible condemnation of wrongdoing, a perpetual inspiration of well doing.—Churchman.

Living For Self Alone.

The man who lives to himself bequeaths his own folly and poverty and meanness for his monument. He has benefited nobody, while he has dwarfed and warped his own powers, and senseless stone or marble, however lavishly supplied to mark his resting place, does him no honor. He has lived in himself, he has died in himself, and all that he leaves in memory of himself speaks no word of praise in his behalf, no word of justification. This is no true life. It is the worst of failures. There are glorious opportunities in this world for service. He who wisely uses them enriches both his race and himself and, dying, leaves a monument which outlasts granite and is brighter than polished brass.—Independent.

THE KITCHENLESS HOUSE.

Does the Evolution of Woman Imply Co-operative Housekeeping?

It is a notable sign that while all the feminine world is buzzing with agitation for the release of woman from the legal and civil disabilities at this very time indications multiply that through the advance of the co-operative movement she is also in a great degree to be emancipated from domestic servitude.

A man, William M. Salter, writing in The Atlantic Monthly, takes up the demand for the release of wives and mothers from so much domestic care and burden. Since spinning, weaving, tailoring and in cities breadmaking and largely also laundry work have been put out of the home, why not make a break and have the rest of the domestic work done by outsiders, too? says Mr. Salter. Along this line, in his judgment, lies the real emancipation of woman. He pictures a home for the future in which all cooking is done outside and where men and women from outside also enter at stated times and do the cleaning and other housework. Mr. Salter says:

"I cannot resist the feeling that there is emancipation for woman and no

FREED FROM COOK STOVE AND WASHTUB.

harm for man and in the long run real gain for him in the line of these possibilities. They do not mean breaking up the home or making it any less sweet a place. The comradeship of thought and affection would be as real as ever—yes, I suspect, more real. The fellowship of old and young, the sense of family unity, would not be in the slightest abated. The mournful fact now is not only that many women can do little outside the home, but that in the home they have so little time for real companionship with their husbands, being too anxious and careful about many things."

In direct connection with the above, almost as if indeed Mr. Salter's paper might have been written to supplement it, may be mentioned a book by a German woman student of household economy, Lily Braun. She calls her book "Woman's Work and Domestic Economy," and her argument from start to finish is that the small individual kitchen must go.

She considers the family kitchen at present woman's Old Man of the Sea, that rides upon her neck and holds her down and back from achieving the best and highest both in her own individuality and in her family. Out with the family cook stove, out with the kitchen, therefore, sings Frau Lily Braun, and all the women in all the worlds shall say amen! The disappearance of the small kitchen means by no means the disappearance of family privacy.

For remedy against domestic woes she sings the old sweet song, co-operation. In towns and cities she would have a block of homes or an apartment house with a common kitchen, dining room and laundry. The food cooked in the common kitchen could be eaten either in the home or in the common dining room, according as a family were exclusive or otherwise. Frau Braun would go further. Besides perfectly trained cooks to prepare the food she would have perfectly trained nurses to care for the children in a common nursery and playgrounds—yes, and care for them better than their now overburdened mothers can do too. Then women will have time to charm their husbands, take care of their own bodies and cultivate their own minds.

Frau Braun quotes Kropotkin's utterances that the emancipation of woman means much more than the opening to her of universities, courts and parliaments. It means, in short, "the freeing of woman from cook stove and washtub and the establishing of a system which will allow her to educate her children and take part in the social life." Speed the day!

Meantime in Brooklyn a beginning of co-operative householding has been made which is a departure from the huge tenement building. Out some distance from the crowded part of the city a block of small residences, thirty-seven in all, is being constructed around a central court. In the court is a plant of boilers and piping that supplies steam heat and hot water day and night to all the thirty-seven homes. Thus each family will have a separate home without the bother of coal and ashes. One more convenience would be a common laundry, but doubtless that, too, will come. The houses are being leased before they are built. This is only the beginning of what is to come. ALICE HART STONE.

Good night," he whispered, unsteadily, recovering himself and releasing them. She crossed the room, and he saw her, dimly, standing by the bed, as though in doubt. And then she sank softly to her knees and laid her head upon her arms, child-wise, in prayer. He arose and stood until he saw her head lifted.

"Wait," he said, earnestly; "will you not pray also for me?"

"I have prayed for you already," she answered.

"Will you tell me the prayer?"

"Some time, perhaps, when it has been answered."

He thought then that she had fallen asleep, but after awhile she spoke again.

"Will you let me ask you a question—of yourself again?"

"Yes, if you wish."

"Dr. Brodnar said that you had never had but one ambition in life, and that you had been disappointed. What did he mean?"

"I once had ambition to be a great soldier. That is all."

"Were you ever a soldier?"

"Yes, an officer in the regular army."

"And now?"

"I am a wanderer. A gentleman only."

"Why did you leave the army?"

"I struck my superior officer. They heard my defense and let me resign."

"And the other—what became of him?"

"He cheated at cards, was publicly insulted—and cashiered."

"Why did you strike him?"

"Is this asking 'a' question?"

"Oh, forgive me! Good night."

"It is very short," he said, repentantly. "There was a woman in the case; the card incident was but a pretext." A low cry escaped the girl. Then she said, half rising:

"You loved her?"

"Yes." He heard her sink slowly back upon her pillow. "I thought so, at least—until now. I was mistaken in her; my pride was wounded." He arose and paced the room.

"Tell me of her, please?"

"She lived not far from Washington with a relative, her parents both dead. She had some means of her own and frequently came into the city, where she had friends. We met, and I believed in her; but this officer, came between us. She thought him rich, and I was deserted for him. She belonged to that class of women who esteem wealth the foremost object of life, women who go deliberately to men they do not, cannot love, or even respect, and say in effect: 'Here, we have beauty, youth, freshness, for sale. Take us, dress us, give us jewels and fine clothes to wear, carriages to ride in; give us a chance to command the homage of men, and all that we have is yours.' Watch for them upon your streets; all men know them at sight. God, but they pay at last! Look in when the excitement has passed and see upon their faces the frozen despair; see in the heaviness of their step the weight of a dead youth, and in their eyes eternal hopelessness. Child, child, be not deceived; love is the only gold that pays a woman. Shun them, these wretched advertisements of dishonor. Let no man come into the holiness of your life until love has sanctified the sacrifice." He ceased abruptly, and the next instant was kneeling by her side. "Forgive me!" he cried. "Have I not told you I hold you blameless?" Suddenly he felt her arms about his neck, drawing his face to hers. Her hair enveloped and almost smothered him in a sudden storm. Holding him thus, she broke into such an agony of grief and tears as to render him speechless and helpless. She held him in such frantic embrace that each effort he made to free himself was defeated. When her strength was exhausted she sank back among the pillows, breathless. He bent above her unnerved.

"How lonely, how barren must have been your life, that a little kindness—another's sorrows—should touch you so deeply!"

"Lonely! Speak of the persecution, the brutality, the infamy—!"

"Hush," he whispered. "No more—to me. Come, you must sleep." Rising abruptly, he left her side. When it was that she fell asleep he could not discover, but presently he seemed to hear her deep, regular breathing, and was thankful.

And so the moments passed. The girl started up once or twice and spoke his name; but always at sound of his calm, reassuring voice sank back again upon her pillow. From time to time he went and stood above her—a spell upon him new and strange, a spell that filled him with uneasiness and vague alarm. He was no longer lonely. In some mysterious way a burden seemed to be slipping away from him, and in its place came a sense of companionship sweet and comforting. Most men discount married life in their dreams, and few ever realize the fullness of those dreams; but with him it had been different. This strange experience preceded the dreams. Without a day's warning he had been plunged into the privacy of a young and modest woman's life, had become the guardian of her honor and in a measure of her future and in a mysterious way the divine sweetness of her soul had issued forth and enveloped him. In the chiaroscuro of the still room he could just determine the outlines of her bed and upon its whiteness the outlines of her slender figure. He was glad that she slept; in that quiet falling asleep was for him the finest tribute ever paid to his manhood. A glad, quick pulse leaped from his heart as he realized this truth, and the words of the girl's mother, so artlessly repeated, came back to him.

Then in the desert of his life a stranger came before his tent and asked for shelter. He bade him enter. Why should not this scene be fixed and real and lasting? Would it be possible? Would the girl some day accept it as such, yielding still the trust and tenderness she had brought to the counterfeit? Was she trusting Brodnar? Or was she trusting him? The trust was in him. He felt it instinctively; and her little white hand seemed to steal forth to his again, her arms to enfold him. What a child she was! And yet—and yet—An irresistible impulse seized him to be near her, to touch her hand, her hair, and to pass within the electric radius of her presence again, if but for a moment. He was her guardian whether she slept or awoke.

A strange curiosity to be near a sleeping girl, to enter further into her life and absorb the sweetness of its innocence, possessed him. She would not know, she would never know, perhaps; and why should he not snatch from fate this one brief moment of happiness? A doubt assailed him and brought hesitation; but with an impatient gesture he threw aside the hesitation. He would not let even himself doubt himself.

And so he came and stood above the sleeper, and presently, entranced, he kneeled and saw her lying there, vague, dim and unrecognizable, but a girl asleep. Her face was towards him upon the pillow and one hand lay upon the edge of her bed. So quietly did she sleep she seemed not to breathe. He watched her until a tremor shook him from head to foot, and a never before experienced confusion seized upon his mind. Instinctively he leaned above her hand and touched it with his lips—lightly, reverently. She sighed and spoke his name, and, overwhelmed with sudden dismay, he would have withdrawn, but she seized his arms and cried out:

"Light! light!" And then, brokenly: "Oh, sir, for the first time—I am—I am—frightened!" He sank his face beside her, overwhelmed with shame.

"It is half-past three," he said, brokenly; "I must soon say farewell to you—"

"Oh, sir, will you not light the gas?" Seeing that she still trembled, he arose and went to his chair.

"No," he said, calmly. "But sleep on. I shall not disturb you again." And then presently she came, and, kneeling in sudden abandon before him, placed her hands upon his shoulders, her face close into his.

"I shall not let you leave me thinking that I do not trust you," she said. "Oh, sir, kiss me now, my hands, my hair, my lips if you will. I trust implicitly! I trust you—yes, and more; I—"

"Child, child, you do not know what you are saying!" He covered his face with his hand.

"Child! No, woman! You do not understand; it is you who are the child. Listen. I was not asleep when you struck a match and, turning your face from me, looked at your watch. I was awake, and I saw your face in the glass across the room."

"You should not—"

"It was an accident, and I thanked God, for it has given me a living memory of the kindest friend since mother died. It is not the first time, for your picture is in the doctor's office." He did not know that I have hung over it—fixing it in my mind—many—many times—oh, will you, will you say that you wish to see me? Have you no wish to remember me?"

"Remember you? I shall carry with me forever the sound of your voice, the touch of your hand, the perfume of every curl upon your head—"

"But my face! Will you look upon that? I release you from all your promises."

"I cannot! I cannot!"

"Oh, sir, think what it will mean to me in all the lonely days to come, the memory of you and the consciousness that you carry in your heart sometime the face of the girl who—!"

"It must not be. Remember your husband's honor! You promised to honor him. Is this the way?"

"My husband! my husband!" she cried, half rising. "you have said it!"

"Frances! Frances!"

Frozen Sheep.

A miner who has just returned from a six months' tour in North Alaska states that while in the mountains some distance from Dawson City he and his servants found a flock of mountain sheep frozen in the ice. This was at a height of 8,000 feet above sea level. The explanation given is that the flock was caught by a particularly severe winter blizzard while crossing over the dome. On the appearance of the snow the sheep must have huddled together and perished, the sleet forming an icy coat around them. Those portions of the bodies which projected above the ice were devoured by bears and wolves.—Cincinnati Enquirer.

The Shah Almost Omnipotent.

The shah is absolutely ruler within his own dominions and master of the lives and goods of his subjects. The whole revenue of the country being at their disposal, recent shahs have been able to amass large private fortunes. That of the present occupant of the throne is reported to amount to £5,000,000 or £6,000,000, most of it represented by diamonds.—Chicago Record-Herald.

Deplorable.

Mrs. Naggs—I grow to believe more and more in the saying: "The way to a man's heart is through his stomach."

Mrs. Chatterton (wearily)—So do I! About the only bargains Henry takes any interest in in the department store advertisements are those in the grocery department.—Brooklyn Eagle.

His Fault.

Mrs. Gaddie—My husband's so slipshod. His buttons are forever coming off.

Mrs. Goode (severely)—Perhaps they are not sewed on properly.

"That's just it. He's awfully careless about his sewing."—Philadelphia Press.

Going Too Far.

Managing Editor—Why did you throw that visitor down stairs?

Answer to Inquiries Editor—He came up here and asked me if duck pants were made of feathers.—Baltimore American.

The Age of Realization.

A man may not thoroughly realize what a small figure he cuts in the world, but when he is 50 or 60 years old, he begins to have suspicions that are very near the truth.—Atchison Globe.

"FLORODORA" IN WRECK.

A Rear End Collision Causes Severe Injuries to Several Members.

WILMINGTON, Del., Feb. 28.—A special train carrying the "Florodora" theatrical company from Norfolk, Va., to Wilmington on the New York, Philadelphia and Norfolk railroad has been wrecked at Eastville, Va., and several members of the company were seriously injured. A heavy fog prevented the engineer from observing a freight train ahead, and a rear end collision occurred.

The engine, baggage car and two forward cars of the special train were completely wrecked. W. C. Carleton of the "Florodora" company sustained serious injuries. He is paralyzed from the waist down and may not recover. E. C. Herr, manager of the company, and Charles H. Powers are also badly injured. The fireman of the special, name not ascertained, was badly scalded and will die.

There were eighty-seven members in the theatrical company. The wreckage caught fire after the collision, and a bucket brigade formed by the uninjured members of the company succeeded in extinguishing the flames.

The scenery and nearly all the baggage was destroyed by the fire. The injured were brought here and cared for.

TWELVE SUICIDAL ATTEMPTS.

Valet Jones Has Been Bound to Kill Himself From the First.

NEW YORK, Feb. 28.—"Charles F. Jones has tried to kill himself at least a dozen times since he has been a prisoner in our hands."

This startling statement was made at the close of yesterday's session of the Patrick trial by Assistant District Attorney James W. Osborne after he had made a vain effort to lay before the jury all the details of Jones' efforts to end his life.

Filled with remorse for the murder of his benefactor and employer and afraid to face the ordeal of a trial, Jones resolved to die despite every effort of the state to keep him alive.

This revelation of Jones' many attempts at self murder was a surprise to every one but a few of the district attorney's staff and the detectives guarding Jones. It astonished Patrick and his counsel.

It was almost at the very close of the day's session of the court that Mr. Osborne revealed it. He was trying to explain to the jury the reason why Jones had been so well treated by the district attorney and had been so carefully guarded since he first confessed.

An American Hospital In Paris.

PARIS, Feb. 28.—A splendid gift has been made for the benefit of the American colony here and American visitors to Paris by Edward Tuck, a wealthy Bostonian, who for many years past has resided in this city. Mr. Tuck has decided to defray the entire expense of establishing the free American hospital in Paris, announcement of which has already been made and the ground for which has already been bought in the Passy quarter. The hospital is to be named Franklin hospital, and besides being built on the latest American model it will be managed entirely by American physicians and nurses. Mr. Tuck will not only defray the expense of installing the institution, but he will also donate a sufficient fund to maintain it permanently without outside help.

D. A. R. Day at Charleston.

CHARLESTON, S. C., Feb. 28.—Yesterday was a great day for the Daughters of the American Revolution at the exposition. Overwhelming plaudits greeted Admiral Schley and Captain Hobson, the chief speakers at the auditorium. Both naval heroes are the special guests of the Daughters of the American Revolution. The services at the auditorium were long, but inspiring, the main features being the address of Mrs. Charles W. Fairbanks, president general of the national organization, on "The Inspiration of Revolutionary Memories" and the addresses of Admiral Schley and Captain Hobson. The enthusiasm knew no bounds when the hero of Santiago rose to speak.

Secretary Shaw In Chicago.

CHICAGO, Feb. 28.—Secretary of the Treasury Shaw was the principal speaker at the banquet of the National Business league held at the Auditorium. His subject was "Commerce and Industries of the West," and his utterances were received with much attention, it being one of the first public speeches made by him since his appointment to his present office.

SPORTING NEWS

WHIST.

The final round in the Intercity whist tournament was played at Jersey City on Saturday. The Brooklyn Whist Club's team finished first and captured all the trophies. The Elizabeth Chess and Whist Club, Cosmopolitan and New York Whist Clubs were all tie for second place in match score, but the trick score changed the order a little. This will probably be the last tournament of the kind. Although it has been a very interesting one, the distance the teams have to travel makes the same objectionable. The Elizabeth team was composed of Messrs. Morey, Lane, Freeman and Woltman.

Among the number who received special mention for having the best individual scores was Mahlon Morey of the Elizabeth Chess and Whist Club.

The Knickerbocker Athletic Club team defeated the Jersey City Club on Saturday for the Metropolitan trophy by the score of 14 to 6. The Elizabeth Chess and Whist Club is the next challenger, and the contest between the latter and the Knickerbockers will take place in New York on Saturday. Messrs. Morey, Lane, Freeman and Woltman will comprise the Elizabeth team.

GIVEN A RECEPTION.

At Home of John W. Utzinger, of Grandview Avenue, Last Night.

A reception was held by Mr. and Mrs. John W. Utzinger at their home on Grandview avenue, last evening, and for several hours at least 100 of their friends spent a happy time.

Vocal and instrumental music were features of the affair, although dancing was not lost sight of. During the evening some parlor games were played and these were enjoyed by those who cared not for the merry waltz.

A number of friends from out of town, particulary from Brooklyn, Jersey City, Elizabeth and Somerville, attended the affair. A bountiful repast was served at a late hour.

WORKED HARD.

Regular Street Department Force Labored Faithfully on the Streets.

The work performed in the past week by David Bowden and his men has won the hearty commendation of the street department. They have been working early and late keeping the gutters clear, and last Tuesday they continued through all the heavy rain.

It was impossible with the force at hand to reach all the points needing ice and snow cleared away, and a gang of men hired for the occasion, deserted after a few hours' work. The regular men, many of them without storm coats, kept at work faithfully until night.

MUST REFORM.

Otherwise John Lannon Will be Dealt With by City.

Apparently having lost all control of himself, John Lannon continues to get intoxicated and appear in the police courts. He has appeared in the city court on four occasions within a very short time. Yesterday he was arrested again.

This morning City Judge Runyon pictured to him the distress he is causing his family and the misery he has brought upon himself. He concluded to let him go but declared if Lannon appeared in court within two months, steps would be taken to have him put away.

Saved Him From Torture.

There is no more agonizing trouble than piles. The constant itching and burning make life intolerable. No position is comfortable. The torture is unceasing. DeWitt's Witch Hazel Salve cures piles at once. For skin diseases, cuts, burns, bruises, all kinds of wounds it is unequalled. J. S. Gerall, St. Paul, Ark., says: "From 1865 I suffered with the protruding, bleeding piles and could find nothing to help me until I used DeWitt's Witch Hazel Salve. A few boxes completely cured me." Beware of counterfeits. L. W. Randolph.

FAIRCHILD FOR COUNCILMAN

FORMER FIRE CHIEF'S NAME WILL BE PRESENTED AT PRIMARY.

Considered Good Candidate for Republican Nomination to be Made Tonight.

Although the Republican primary in the borough will be held this evening there is not much activity among the politicians. It will be the duty of those who vote the majority party's ticket to select two men to fill the expired term of councilmen.

Announcement was made today that the friends of George H. Fairchild, of Grandview avenue, would present his name at the meeting for one of these nominations. Mr. Fairchild is a former chief of the fire department and his friends are sure that his supporters at the election will not be confined to those in the party ranks. He is connected with the establishment of C. Frank French, on Somerset street, and has a sound reputation personally.

There will no doubt be an effort on the part of some opposed to the proposition regarding the municipal ownership of a water plant to get the party to declare itself in this matter. Should this take place an interesting meeting is promised as those favoring the proposition are determined that the party voters shall exercise their personal judgment at the polls.

SECOND YEAR COMPLETE

Plainfield and New Jersey Beneficial Society Held Anniversary Exercises at Mt. Olive Church.

The second anniversary of the organization of the Plainfield and New Jersey Beneficial Society was celebrated in an appropriate manner at the Mount Olive Baptist church, last evening.

Under the direction of Rev. E. E. Jackson, who acted as master of ceremonies, a varied programme consisting of recitations and musical selections was rendered by the pupils of the Mount Olive Sunday-school. By special request Mrs. Hall Smith, of Norfolk, Va., recited "Hagar." A feature of the evening was an address by Rev. A. Ramsay, of Richmond, Va., on "How To Succeed as a Race."

At the close of the exercises a supper was served by the women members of the organization.

RED MEN'S CHIEFS.

Chosen at Meeting of the Great Council Held at Trenton.

(Special to The Daily Press.)

Trenton, Feb. 28.—At the session of the Great Council of the Improved Order Red Men, which was held this week, the following officers were elected: Great Prophet, James E. Nowrey, of Camden; great sachem, Blanchard White, of Pemberton; great senior sagamore, Dr. Whittmore, of Red Bank; great senior sagamore, Fred P. Rees, of Trenton; great keeper of wampum, William J. Smyth, of Long Branch; great chief of records, Daniel M. Stevens, of Camden.

One important matter adopted at the session was that admitting members at the age of eighteen years.

ENTERTAINED HER CLASS.

Miss Grace E. Overton Was Hostess at Her Home Last Evening.

Miss Grace E. Overton, one of the valued teachers in the Hope chapel Sunday-school, entertained her class of twelve boys at her home on Rockview avenue, last evening. A pleasant evening was spent by the pupils. Miss Eleanor T. VanDeventer assisted in the affair. Owing to the fact that her time will largely be taken up by a course of study which she proposes to pursue in a New York training school, Miss Overton has reluctantly relinquished her duties in the Sunday-school.

Going Underground.

(Special to The Daily Press.)

Elizabeth, Feb. 28—The Pennsylvania Railroad Company, with the experience of the last great storm and others which were particularly severe on wires and poles, has decided to place all of its wires between New York and Philadelphia under ground. The work of burying the wires will be begun at once.

Arrested for Throwing Snowballs.

William Connett, a small colored boy, was arrested at the entrance to Washington Hall, last evening, for throwing snowballs. He was given a severe reprimand by City Judge Runyon this morning, after which sentence was suspended.

Pastor Will be Absent.

During the absence of Pastor O. G. Norseen in Philadelphia, Sunday, the evening service of the Swedish Pilgrim church, in the Y. M. C. A., will be led by Rev. G. J. Vahlstrom, of Hoboken. The service will begin at 8 o'clock.

Missionary Meeting.

A missionary meeting will be held at Warren chapel this evening. Rev. J. O. McKelvey will conduct the service.
